

what is the common ground on which the two parties can now negotiate except submitting to the fact that there is a desire . . .

Mr. Speaker: The same question was put in a different form.

श्री प्रकाशवीर शास्त्री : काश्मीर की बहुत सी समस्याओं के समाधान के सम्बन्ध में संयुक्त राष्ट्र संघ भी मध्य में आ जाता है क्योंकि अब तक हमारा केंस वहां है। क्या हमने चीन और पाकिस्तान के इस करार के सम्बन्ध में विरोध-पत्र भेजे जाने के साथ-साथ संयुक्त राष्ट्र संघ को भी कुछ लिखा है, यदि लिखा है, तो उस पर उनको क्या प्रतिक्रिया है ?

श्री विनेश सिंह : इस सम्बन्ध में हमारे जो नुमाइन्दे हैं, उन्होंने सुरक्षा परिषद् के सामने ४ मई को और २२ जून १९६२ को हमारे जो इस बारे में खयालात हैं, वे रखे थे।

Civil Administration in NEFA

Dr. L. M. Singhvi:

Will the **Prime Minister** be pleased to state:

(a) the areas in NEFA since vacated by the Chinese where civil administration has been set up;

(b) whether there has been any obstruction from the Chinese; and

(c) whether any spies have been planted by the Chinese in the areas vacated by the Chinese in NEFA?

The Minister of State in the Ministry of External Affairs (Shrimati Lakshmi Menon): (a) After the Chinese withdrawal from NEFA, civil administration has been restored in;

Bomdi La
Tawang
Nacho
Mechukha
Manigong
Gelling
Wallong
Kibithoo areas.

(b) The Government has received no report of obstruction from the Chinese to the restoration of civil administration in NEFA.

(c) The Government has received no definite information to indicate the planting of spies by the Chinese in areas vacated by them in NEFA.

Shri P. K. Deo: From the reply we find that we established our civil administration only at the mercy of the aggressor. May I know....

Shrimati Lakshmi Menon: There is no such thing in the reply, Sir.

Shri P. K. Deo: It can be easily inferred that when we established our civil administration....

Mr. Speaker: Let him put the question straight.

Shri P. K. Deo: May I know whether, the establishment of civil administration—we have started the usual functioning of the civil administration—means that the realisation of rent and the maintenance of law and order have started?

Shrimati Lakshmi Menon: Yes, Sir. The normal civil administration as was prevailing before the 8th September will function.

Shri Hem Barua: In view of the fact that we are debarred from sending our military personnel even into an inch of NEFA, may I know what steps Government propose to take or have taken to ensure security to the civil administrators as well as the civil population there in the case of the Chinese come back? All subversive activities are located there.

Shrimati Lakshmi Menon: It is a hypothetical question—in the case of Chinese aggression, what steps should we take and so on.

Shri Hem Barua: It was very clear. In view of the fact that we have extended our civil administration to NEFA and also in view of the fact that we are not sending our army personnel into NEFA, what guarantee is afforded to the civil administrators as well as the civil population there in case the Chinese step on them, and since there are subversive activities by guerillas, saboteurs and spies who have been stationed there by the Chinese?

Shri Jawaharlal Nehru: The hon. Member has referred to various views and facts,—what may happen and what we may do. The civil administration means civil administration with the police and armed police etc. They are all functioning there; there is no difficulty, but he asks, in case the Chinese attack again, what is there to protect, how they can be protected. That is a question for the military etc., to consider. He is wrong in saying that we are debarred from sending troops there.

Shri Hem Barua: We are not sending.

Shri Jawaharlal Nehru: We are taking step by step. We are taking possession of those civil places. We are now sending our patrols all over and we may, whenever we choose send some forces, troops right up there. It is entirely up to us.

Shri Hem Barua: The Chinese agreeing to it! (*Interruption*).

Mr. Speaker: Order, order. **Shri Tyagi.**

2755 (A) L.S.D.—2

Shri Tyagi: May I take it that according to the Colombo proposals, there are no restrictions on our armed forces moving right up to the MacMahon line? May I also take it that if we are not moving up to that line, it is only on strategic grounds or on account of our voluntary restraint that we have applied on us, or, is it on account of any other pressure from outside that we are restricting our forces?

Shri Jawaharlal Nehru: The hon. Member is completely right; according to the Colombo proposals we can move our troops right up to the frontier except to a little area—Dhola area and Longju.

श्री जगदेव सिंह सिद्धान्ती : श्रौतिक प्रशासित ने का क्षेत्र में क्या कुछ उन भारतीय सैनिकों का पता मिला है जिन को आक्रमण के समय कहा गया था कि वह गुप्त हैं ?

श्री जवाहरलाल नेहरू : मालम नहीं आप किस वक्त से हिमाचल लगते हैं। बड़तों का पता लगा है। लेकिन मेरा खयाल है कि अभी तक सबों का पता नहीं लगा है।

Shri Surendranath Dwivedy: Am I to understand that with the return of our civil administration we are also sending our military police and not the army to the area under our occupation now, where our civil administration is functioning, to give protection to the civilian population?

Shri Jawaharlal Nehru: I do not know whom he refers to as military police. Armed police is one thing. They go. Military police looks after the military. They do not go to look after others. Where the army goes, the military police goes. The military police does not go by itself anywhere.

Shri Surendranath Dwivedy: There are military police forces in the States which look after and come to the aid whenever there is any civilian difficulty anywhere. That is part of the police force; not part of the military, armed force.

Shri Jawaharlal Nehru: I do not think that is a quite correct statement. The military police has to keep order in the military regularly. The armed police is another thing which is part of the civil administration.

Shri Surendranath Dwivedy: So we are sending armed police to those areas?

Shri Jawaharlal Nehru: Yes, Sir; the armed police are there.

Shri Ranga: On the one side, we understood that the Colombo proposals are as good as dead. On the other side, from the answer given by the Prime Minister, it looks as if our activity in NEFA is being inhibited by what we consider to be the Colombo proposals and therefore our military is not going into the vacated area.

Shri Tyagi: He has made it clear.

श्री यशपाल सिंह : जैसा दो बार भ्राल इंडियारेडियो से कहा गया कि अब भी चीनी सैनिक नेफा के बार्डर के ऊपर दिखाई देते हैं, क्या मैं जान सकता हूँ कि आज उन की क्या पोजीशन है ?

श्री जवाहरलाल नेहरू : मैं नहीं समझ सकता कि माननीय सदस्य किस बार्डर की चर्चा करते हैं। बार्डर के कि.मी दूर के ऊपर, बार्डर के एक मील इधर या दसमील उधर।

Shri Tyagi: May I appeal to you not to permit questions which seek information about the army movements on the border side?

Shri Ranga: We want to know whether we are going to occupy that area.

Mr. Speaker: I have allowed those questions.

Shri Ranga: He is objecting, while I was submitting to you. (*Interruptions*).

Mr. Speaker: Order, order. Shrimati Renuka Ray.

Shrimati Renuka Ray: In answer to part (c), the Minister stated that Government have no definite information

regarding the spies in NEFA. May I know, in view of the fact that so many persons have come back, telling us that these activities are taking place and evidence is available what steps will be taken to see that such activities are stopped?

Mr. Speaker: That is a suggestion for action. Next question.

क्या प्ररिक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या देश की वर्तमान स्थिति और आवश्यकताओं को ध्यान में रखते हुए सरकार कुछ और सैनिक स्कूल खोलने का विचार कर रही है;

(ख) यदि हां, तो क्या उसकी कोई योजना बना ली गई है;

(ग) क्या उनकी स्थापना के स्थान और राज्यों का भी निश्चय कर लिया गया है और यदि हां, तो वे कहां कहां होंगे; और

(घ) इन सैनिक स्कूलों में कितने छात्रों को दाखिल करने का विचार है ?
