*1317. { **Shri B. S. Murthy:**
Shri Sanganna:

Will the Minister of Community Development be pleased to state:

(a) whether universities have been requested to provide chairs for Community Development and adopt suitable curricula for teaching of the same; and

(b) if so, the reaction of the universities?

The Minister of Community Development (Shri S. K. Dey): (a) The Universities were only requested to include Community Development as a course of study for the degree and the Post Graduate courses.

(b) Some of the Universities, i.e. Agra, Nagpur, Utkal and Delhi, have already introduced the subject in the graduate and the post-graduate courses while some others have intimated that the matter is under consideration.

Shri B. S. Murthy: May I know whether any financial contribution is requested by these universities in this connection?

Shri S. K. Dey: We have received requests from some universities for financial assistance based presumably on some misunderstanding. We do not believe that our suggestion to them involves any extra expenditure.

Shri B. S. Murthy: May I know whether a note has been circulated to the universities as to what are the subjects to be taught under Community Development?

Shri S. K. Dey: A note is under issue.

Shri Sanganna: May I know whether there is a proposal for the integration of the Gramdan Movement with the Community Development Administration and whether that proposal has materialised?

Shri S. K. Dey: I thought that would be a totally different question, not quite connected with the universities.

Shri Sanganna: It has connection with the Community Development projects.

Mr. Speaker: Shri Sonavane.
