की मुख्य मांग क्या है और उस मांग पर सरकार विचार कर सकती है या नही ?

श्री अ० प्र० जैन : मुख्य माग यह थी कि १ रुपये ५ आने या १ रुपये ७ आने जो गन्ने का दाम था उसको बढ़ा कर १ रुपये १२ आने कर दिया जाय। उस के बारे मे यहा पर काफी बहस हो चुकी है और उसके बारे में गवर्नमेंट ने अपनी नीति स्पष्ट कर दी है।

श्री विभूति मिश्र : मै जानना चाहता हू कि क्या सरकार उसके लिये कोई एक मशीनरी सैट अप करना चाहती है जिसमे केनग्रोअर्स से रिप्रेजेंटेटिव्स् रहे ताकि आगे कोई झगडा पैदा न हो ?

श्री अ० प्र० जैन : ऐसी बात तो मानने का हमारा कोई इरादा नही है। अलबत्ता केनग्रोअर्स के जो रिप्रेजेंटेटिव्स् है उनकी भी राय ली जाती है, कज्यूमर्स का भी ध्यान रक्खा जाता है और इडस्ट्री का भी ध्यान रक्खा जाता है। इन सब बातो को ध्यान मे रखने के बाद ही यह चीज तय की जाती है।

Shri Thirumala Rao The Deputy Minister has given two percentage figures, 5 02 and 4 88 May I know whether they relate to the percentages of recovery sugar?

Shri A. M Thomas: They are the total production upto 7th February, 5 02 lakh tons and 4 88 lakh tons

Mr Speaker: The question was, what was the loss Compared to last year the production might not have gone down But every strike must involve some loss

Shri A P Jain: Of course there is loss, both a psychological upset and also a physical upset But it has not been appreciable

Shri Braj Raj Singh: The Minister has been pleased to say that there has been a suggestion from the Chief Minister of Uttar Pradesh with regard to a certain formula about the sharing of profits of the sugar industry. What is the reaction of the Central Government to this formula of the U P Government?

Shri A. P. Jain: I very clearly stated that the U P Government have not suggested any alternative formula What they have suggested is the finding out of the possibility of having an alternative formula

Shri P. C Bose: May I know whether a number of cane growers suffered any loss on account of the fact that they are not allowed to supply cane to the sugar factories?

Shri A P. Jain: Yes Many cane growers suffered loss because they had brought their cane to the mills but were not allowed to take it inside the mill by the picketers Therefore, they had to take it either to the gur manufacturers or the khandsari manufacturers, who bought this *ginna* at a very low price

डाक विभाग के परिमण्डलों का पुनर्गठन

\+

*२६७ { श्री भक्त दर्शन :
श्री वाजपेयी :

क्या परिवहन तथा संचार मन्त्री ६ दिसम्बर, १९५८ के तारांकित प्रश्न सख्या ७६७ के उत्तर के सम्बन्ध में यह बताने की कृपा करेंगे कि डाक विभाग के परिमण्डलो को पुनर्गठित करने के प्रश्न के बारे में क्या निर्णय किया गया है ?

परिवहन तथा संचार मंत्री (श्री स० का० पाटिल) : मैसूर परिमण्डल के निर्माण करने की योजना का ब्यौरा इसके सस्पर्शी (contiguous) परिमण्डलो में अदल-बदल किये जाने के साथ साथ तैयार किया जा रहा है।

An Hon. Member: In English also

Shri S. K Patil: The details of the scheme pertaining to the creation of the Mysore Circle with its attendant re-adjustment in contiguous Circles are being worked out

श्री भक्त दर्शन श्रीमन् क्या माननीय मंत्री जी यह बतलाने की कृपा करेंगे कि केवल मैसूर के लिये ही नये पोस्टल सर्किल का निर्माण हो रहा है या भारत मे इस समय जितने भी डाक विभाग के परिमडल है पोस्टल सर्किल्स है, उन सबको रैशनल बेसिस पर रखने की क्या कोई व्यवस्था की जा रही है ?

श्री स० का० पाटिल इसकी व्यवस्था रैशनल बेसिस पर की जा रही है इसके माने यह नही है कि एक प्रान्त के लिये एक परिमण्डल हो जायेगा ।

श्री भक्त दर्शन जहा तक मुझे जानकारी है हमारे देश मे १३ डाक परिमडल हैं जिनमे से ७ को मेजर सर्किल माना जाता है और ६ को माइनर सर्किलस्, तो मै जानना चाहता हू कि इन परिमण्डलो का अदल बदल करते समय यह जो मैसूर को मेजर परिमडल और राजस्थान जो कि उससे बडा प्रान्त है और जहा के कि राज्य मत्री जी भी हैं उसको एक माइनर परिमडल माना गया तो क्या पुनर्गठित करते समय कम से कम यह अन्तर तो हटा दिया जायेगा?

श्री स० का० पाटिल उसका ही विचार हो रहा है लेकिन इसके माने यही नही हो जाते कि किसी स्टेट का चूकि साइज बडा है इसलिये उसका परिमडल मेजर होना चाहिये। जहा तक मैसूर के परिमडल का सवाल है वह खाली मैसूर के लिये ही नही है बल्कि सब काटिगुएस सर्किल्स् का उससे सम्बन्ध आता है ताकि इन सर्किल्स् का रैशनल डिस्ट्रिब्यूशन हो सके । अब राजस्थान में क्या होगा मुझे मालूम नही है ।

श्री वाजपेयी यह जो परिमडल बनाये जा रहे है, इनकी सीमाये राज्यो के पुनर्गठन के बाद जो राज्य बनेंगे, उनके साथ एकाकार करने में सरकार को क्या कठिनाइया है ?

श्री स० का० पाटिल वहा पर इसके यह मानी नही कि मैसूर का परिमडल बनाना हा तो वह केवल मैसूर के लिये ही नही होता है बल्कि दो एक सस्पर्शी (कोटिगुएस) स्टेट्स का उसके साथ सम्बन्ध आता है जैसे थाडा विभाग तो बम्बई में गया और थोडा दूसरे प्रान्त मे गया है, जितने कोटिगुएस सर्किल्स् हैं उनका सम्बन्ध आता है और इसलिये उसके करने में टाइम लगता है ।

Shri Dasappa: Let the answer be given in English also

Shri S. K. Patil. As I was saying, it is not a question of creating a Circle in Mysore alone, but all contiguous Circles, where some portion has gone out of or come into the new State have got to be changed, in order that there should be a rational distribution of these Circles That is why delay is caused But the policy decision is that for Mysore a special Circle should be created

Shri T. B Vittal Rao When the Mysore Circle is created, a portion of the Hyderabad Circle will go into that Circle, with the result that the Hyderabad Circle will be small Do Government also take into consideration the amalgamation of Andhra Circle with the Hyderabad Circle?

Shri S. K. Patil Therefore, as I said, this is all a matter which is so complex that the whole question is under consideration, as to what should be the rational basis for the redistribution of these Circles, in order, if possible, to eliminate those differences also between the major and the minor ones

Shri M. S. Aney: Is linguistic basis going to be one of the factors taken into consideration in arranging these Circles?

Shri S. K. Patil: The existence of the present State is going to be the basis. If it is on a linguistic basis, surely I cannot help it.

Shri Mohammed Imam: What are the areas included in the Mysore Circle? Will this be given effect to before the close of this year, because representations are being made for a very long time?

Shri S. K. Patil: There are 19 districts, which I may not read here, which make the present Mysore State If a Mysore Circle is to be formed separately, its area will be those 19 districts.

Designs for Gates

+

*268. { Shrimati Parvathi Krishnan:
Shri Nagi Reddy:

Will the Minister of **Irrigation and Power** be pleased to state:

(a) whether there is any proposal to set up a net work of designs organisations to prepare designs of gates required for irrigation projects in India,

(b) whether any plan has been prepared in this regard, and

(c) if so, the places of their location?

The Minister of Irrigation and Power (Hafiz Mohammad Ibrahim): (a) and (b). No, Sir

(c). Does not arise

Shri S. M. Banerjee: What are the reasons for not having any designs of gates?

Hafiz Mohammad Ibrahim: At present the Central Water and Power Commission is fully equipped to prepare designs of gates required in India

Water Supply in Calcutta

+

*270. { Shri H. N. Mukerjee:
Shri Muhammed Elias:

Will the Minister of **Health** be pleased to refer to the reply given to Starred Question No. 48 on the 18th November, 1958 and state whether any preparatory work has been done for the formulation of a scheme for the improvement of water supply in Greater Calcutta?

The Minister of Health (Shri Karmarkar): The question of undertaking any preparatory work at this stage does not arise, as the W.H.O. survey team will only be posted to West Bengal during 1960.

Shri H. N. Mukerjee: In view of certain reports appearing from time to time that the water supply system in this area might even collapse on account of the distressing state of affairs in that system, may I know if the Government of India is worrying about it or leaving it to the local authorities to have their own headache?

Shri Karmarkar: We are worried about it, and we are doing all that is possible in that regard

Mr. Speaker: The hon Member wants to know whether the Government is prepared to take that headache

Shri Karmarkar: Yes, we are sharing that headache

Shrimati Renu Chakravartty: In view of the fact that only 25 per cent. of the requirements of water of the people of this area is met and also that there is very large-scale cholera and other epidemic diseases due to lack of purified water, could I know whether Government proposes to do anything before the W.H.O. team comes in 1960, because by the time they submit their report it will be very far off?
