Title: Regarding rising price of Essential Commodities -laid.

SHRI BENNY BEHANAN (CHALAKUDY): The life of ordinary people has become a nightmare. Daily hike in the cost of petrol and diesel has completely affected family budget. The cost of essential provisions is becoming beyond reach of ordinary people. Plus, the frequent hike in the price of cooking gas. During the last week, the price of tomatoes in Kerala has reached Rs. 100 per kilo from Rs. 25 to Rs. 30 a few days ago. The affluent who can afford may be least bothered about such hikes, and the style of the function of the Government says explicitly that they are concerned only about the welfare of the rich.

Why is the cost of fuel too not included in the GST? It will be a great relief to the ordinary people earning their daily bread and as it will reduce the cost of essential commodities.
