Title: Regarding repeal of farm laws -laid.

**PROF. SOUGATA RAY (DUM DUM):** The Central Government is allegedly repressing the farmers agitating for the last eight months at the border of Delhi and have now shifted to Jantar Mantar. The real reason for this apparent dichotomy is that Union government is being seen as arrogant and contemptuous. Three farm laws were only to help a handful corporate groups. When the farmers began their siege on Delhi's borders, the first reaction of senior ministers was to charge them with being Khalistanis and 'anti-national'. The budgetary allocation to agriculture sector has been reduced. I urge upon the government to stop repressive measures including creation of barricades and start a dialogue with the farmers for repeal of three farm laws.
