Title: Regarding setting up of a coach factory and upgradation of Kazipet Railway Junction -laid.

SHRI DAYAKAR PASUNOORI (WARANGAL): I would like to put forward before the House that Kazipet Junction which is within my parliamentary constituency Warangal having greater significance is main corridor connecting North & South of Railways. This Station established during Nizam"s period later on developed with full infrastructure with Steam Loco Shed (Abandoned), present Diesel Loco Shed, Electric Loco Shed and Loading points for Granite and Food Grains , Coach Maintenance Depot, Periodical Overhauling Centre and Major Crew Depot. It has every possible eligibility for upgradation to Division Level. For Decades, this demand is before the Central Govt, and Railways which is still pending, and there is greater demand for Establishment of Coach Factory which has full fledge availability land and water resources. Therefore, I would request the government to examine the matter and sanction the Division and Coach Factory to Kazipet Junction.
