Title: Request to increase Coronavirus / COVID-19 vaccination centre in Pune Parliamentary Constituency.

**\*SHRI GIRISH BHALCHANDRA BAPAT (PUNE):** Hon. Chairman Sir, thank you very much for giving me this opportunity to speak in the Zero Hour. I would like to speak in my mother tongue Marathi.

Sir, the entire world has been affected by this Corona virus. During this Corona pandemic, lacs of people have died. In my Constituency Pune, people are scared as 20% of total cases in Maharashtra are found in Pune which forms 10% of total number of cases in the country. Now, the Government of India has developed vaccine for Corona and Vaccination Programme has also been launched throughout the country. Hence, I would like to thank Central Government, but considering the increasing cases of Covid patients in Pune, there is an urgent need to open more vaccination centres in my constituency. People are giving a positive response to this vaccination drive and it would definitely help to control Corona pandemic.

So, through you, I would like to request the Central Government to open maximum number of Corona vaccination centres in my constituency Pune. Thank you very much for giving me this opportunity to speak. Jai Hind, Jai Maharashtra.
