Title: Regarding Sub-standard and quality of construction of new National Highway No. 584 A connecting Shahapur Murbad-Karjat-Khopoli in Bhiwandi Parliamentary Constituency.

**\*SHRI KAPIL MORESHWAR PATIL (BHIWANDI)** : Hon'ble Speaker Sir, thank you very much for giving me an opportunity to raise an issue in this Zero Hour. In my Bhiwandi Lok Sabha constituency, a new national highway number 548 A connecting Shahapur Murbad-Karjat-Khopoli was sanctioned by Ministry of Road Highways Transport and its construction work is going on for the last two years.

But, I am sorry to say that its construction is of very poor quality. This ministry is overburdened with work and that is why this project is handed over to MSRDC and Rs.850 crore have been sanctioned for it. But, the original contractor handed over this work to sub-contractor and now that sub-contrator has also sub-letted the work to another one after taking premium commission. Around 3 Talukas have been affected due to this substandard quality of construction.

In this regard, I would like to request the Ministry of Highways and Transport, to take this contract back and recall this work / project from MSRDC. A Fresh tender should be floated for this road project. Current contractor should be blacklisted.

Thank you.

माननीय मंत्री स्मृति ईरानी जी का आग्रह आया है कि सबसे पहले महिला माननीय सदस्य को बुलाया जाए । लेकिन, उन्होंने यह भी कहा है कि मैं आज अंतिम समय तक यहां पर रुकूंगी ।
