Title: Request to expedite the construction work of ROBs at Thiruththangal and Satchiyapuram.

***SHRI B. MANICKAM TAGORE (VIRUDHUNAGAR):** Hon. Speaker Sir, Vanakkam. Sivakasi called as “Small Japan” is known for Match box and firework industries. There is a long pending demand for construction of Railway Over bridges at Thiruththangal and Satchiyapuram areas of Sivakasi town. Railway Ministry has time again rejected this proposal for construction of Overbridges at Thiruththangal and Satchiyapuram of Sivakasi town. Hon Minister while replying to my question said that there is no cooperation from the State Government of Tamil Nadu. A team led a State Minister of Tamil Nadu who is also a Member of State Assembly is engaged in halting the work relating to Over bridge in these places. I urge the Railway Ministry to take up the proposal seriously and ensure that Railway Over bridges are constructed in Thiruththangal and Satchiyapuram areas of Sivakasi town. The State Minister whom I am referring to is not concerned about solving the issues of the people. That is why he is halting the developmental work particularly these two ROBs. He is interested in helping the rich persons of the Constituency. I therefore urge upon the Union Government to take up proposal of ROBs and expedite the construction work of ROBs at Thiruththangal and Satchiyapuram areas of Sivakasi town. Thank you
