Title: Regarding operationalisation of AIIMS in Madurai.

SHRI S. VENKATESAN (MADURAI): In Jan 2019 Hon'ble PM laid the foundation stone of AIIMS, in my Madurai Constituency TN. Now, the Hon. Health Minister has said that it is going to be completed in 2026, and the ministry is going to take temporary accommodation of Government colleges to teach the students. It is very unfortunate to hear that the building would be completed only in 2026.

I would request the Hon'ble Minister to kindly share the following details;-

When do you propose to start the construction work of AIIMS in Madurai and by when is it likely to be completed?

When is the admission process likely to start in AIIMS Madurai along with the proposed date of opening of the prestigious institution in Madurai, Tamil Nadu?
