Title: Request the selling of e-pharmacies without due certification and checks.

SHRI BELLANA CHANDRA SEKHAR (VIZIANAGARAM): Sir, this is regarding selling medicines online. There is no doubt, medicines are essential not only to human beings but also animals and other species. I would like to stress upon the hazardous and potent drugs that fall under Schedule H, H1, narcotics & Psychotropic steroids generally used in the treatment of menstrual cycle of women which are prescribed by the specialist doctors after physical diagnosis of patients are being sold by e-pharmacies. In addition to this, spurious sexual drugs and abortion pills are also being sold by e-pharmacies without due certification and checks. It needs to be looked into and regulated. I, therefore, request the hon. Minister of Health & Family Welfare through you, Sir, to look into this serious matter and take necessary steps.
