Title: Regarding gratuity payment to LIC agents-laid.

**SHRIMATI SUPRIYA SADANAND SULE (BARAMATI):** Life Insurance Corporation of India plays a vital role in the Indian Economy and is responsible for generating a large amount of funds consistently. In this regard, LIC agents are extremely crucial for ensuring that the Life Insurance Corporation of India remains a high functioning entity. Despite the importance of the role they play, it is quite disappointing to note that LIC agents are often deprived of certain basic employment guarantees like the payment of gratuities, even after having provided their services to LIC for over 25 years. They are getting only basic monetary safety which is not sufficient enough after retirement as such. I urge the Central Government to take cognizance of this and resolve it with respect to gratuity payment to LIC Agents at the earliest.
