Title: Request the government to give cultivable lands on a long-term lease basis to unemployed agricultural graduates in the country.

SHRI DHANUSH M. KUMAR (TENKASI): Thank you, hon. Chairperson, Sir.

There are a lot of unemployed agricultural graduates in Tamil Nadu and in the entire country. At the same time, there is a large amount of unused Government land which can be used for agricultural purposes and can be cultivated using modern agricultural techniques.

I would request the Government to give those cultivable lands on a long-term lease basis to unemployed agricultural graduates. If implemented, this scheme will give job opportunities to thousands of unemployed agricultural graduates and it will also increase the agricultural productivity in our country.

HON. CHAIRPERSON: Shri DNV. Senthilkumar S. is permitted to associate with the issue raised by Shri Dhanush M. Kumar.
