Title: Request the Central Government to develop Hogenakkal Waterfalls in Dharmapuri into an international tourist centre to generate employment.

SHRI DNV. SENTHILKUMAR S. (DHARMAPURI): Hogenakkal Waterfalls in Dharmapuri is a very beautiful natural tourist spot. It is an unorganised tourist spot. I request the Central Government to convert it into a standard international tourist centre which would help generate employment. There are three types of workers – the coracle riders, the cooks and the traditional masseurs. I request the Central Government to form a Committee with the local administration to sort out issues and provide for employment for these people during the lean season.
