Title: Regarding the measures taken by the Central Government to protect people from Omicron (new variant of COVID-19).

**SHRI KALYAN BANERJEE (SREERAMPUR):** Sir, it is reported today that, in UK, one person has expired due to Omicron. I just want to know the measures taken by the Central Government to protect people from this disease, see to it that people come out of this disease, and that it does not spread at all. This is my only submission which I want to make.
