Title : Regarding new railway line project from Kaliaganj to Buniadpur in West Bengal - laid

**DR. SUKANTA MAJUMDAR (BALURGHAT):** A project of rail connectivity between Kaliaganj and Buniadpur was announced and approved in 2010-11. So many years have passed but due to shortage of funds no concrete development has taken place. Even land acquisition process has not been completed due to paucity of funds. Poor people who are solely dependent on public transport are forced to travel by bus or jeeps due to non-availability of train on this route.

I request Hon'ble Railway Minister to look into this matter and release funds and issue necessary instructions to expedite the railway project between Kaliaganj and Buniadpur so that by 2020, lakhs of people of my constituency may get benefitted.
