Title: Regarding construction of bridges in Nellore district, Andhra Pradesh -laid.

SHRI BALLI DURGA PRASAD RAO (TIRUPATI): 5 years back two bridges near Adishankara Engineering College in Nellore district, Andhra Pradesh were sanctioned but these two bridges have not yet been completed so far. It is surprising that Toll is being collected from people for the last five years. There are three toll plazas on NH-5 at Venkatachalam, Bhudanam and near Kotapolu in Nellore district, Andhra Pradesh. What is the distance between the above-mentioned toll plazas? I would also like to know the standard distance between two toll plazas and the NHAI guidelines in this regard.
