Title: Regarding clearance of land patta of homes cultivation fields and the overall development of tribal population of Jawadhu Hill in Tiruvannamalai Consitutency.

SHRI C.N. ANNADURAI (TIRUVANNAMALAI): Hon. Speaker, Sir, I am thankful to you for giving me this opportunity. Tribal inhabitants on Jawadhu Hill in Tiruvannamalai Constituency of Tamil Nadu have been waiting for many years to get land *patta* of their homes and cultivation fields. There is an inordinate delay in getting clearance from forest authorities to build roads to their villages in most of the areas. They are also deprived of health, sanitation, education and piped drinking water benefits.

Therefore, attention of the Government, through this House, is urgently drawn for an overall development of around one lakh tribal population of Jawadhu Hill.
