Title: Regarding Uttarandhra Sujala Sravanthi irrigation project of Andhra Pradesh-Laid

DR. BEESETTI VENKATA SATYAVATHI (ANAKAPALLE):

Uttarandhra Sujala Sravanthi is a major irrigation system of Uttarandhra covering three major districts namely Visakhapatnam, Vizianagaram, and Sreekakulam. The State Government had given administrative sanction for Rs.7,214/- crores. However, now the project cost has increased to almost Rs.16,586/- crores.

My request to Hon'ble Jal Shakti Minister is that as Andhra Pradesh is in financial crisis, please allot central funds to complete the project as it fulfills the irrigation as well as water supply demands of three major districts of North Andhra Pradesh.
