Title: Need to start an additional batch in Kendriya Vidyalaya, Kollam in Kerala from the next academic year- Laid

SHRI N. K. PREMACHANDRAN (KOLLAM): Kendriya Vidyalaya at Kollam is the only Kendriya Vidyalaya in Kollam District. The present system is not able to meet the admission requirement. Hundreds of eligible students belonging to the priority category are not able to get admission in Kendriya Vidyalaya Kollam. Infrastructure facilities are available to start second batch in Kendriya Vidyalaya, Kollam. Government spend huge amount for providing infrastructure facilities such as building, furniture, Laboratory etc. But the same is not being utilized fully. The request to start an additional batch in Kendriya Vidyalaya, Kollam is pending. Starting an additional batch from standard one to twelve is beneficial to both Kendriya Vidyalaya Sangathan, parents and students.

Hence, I urge upon the Government to initiate immediate action for starting additional batch from standard one to twelve in Kendriya Vidyalaya, Kollam during the academic year 2020-2021.
