Title: Regarding enhancing minimum of 200 working days under MGNREGA for rural people.

SHRI V.K. SREEKANDAN (PALAKKAD): Respected Sir. I wish to express my views in respect of a very important matter. The rural people are not getting work for guaranteed number of days under Mahatma Gandhi National Rural Employment Guarantee Scheme. The Government has to understand that the rural economy has a bearing or an impact on the national economy and the growth of our GDP. Having this realization and vision in mind, the UPA Government had brought this wonderful scheme. There are reports that villages are now weakening and facing starvation. Therefore, I urge upon the Government to provide employment for guaranteed number of days. I would also request the Government to consider enhancing the number of days of work to at least 200 days under MGNREGA scheme. Thank you.
