Title: Regarding establishment of a central university for sports in Tirupati.

SHRI BALLI DURGA PRASAD RAO (TIRUPATI): Sir, thank you for the opportunity given to me to raise an important issue. My Parliamentary constituency Tirupati is an education hub. So many educational institutions are located at the foothills of Lord Venkateswara Balaji. I request the Government authorities to establish one Central university for sports in Tirupati. There is also sufficient land available to construct a Central university for sports. I request the Sports Minister to allocate sufficient funds for construction of a Central university for sports in Tirupati. Tirupati is a smart city having international airport and all other prerequisites of being a suitable and the fittest place for setting up the Central Sports University.
