Title: Regarding setting up of AIIMS at Sambalpur, Odisha - Laid

**SHRI NITESH GANGA DEB (SAMBALPUR):** VSS hospital is the only state Government hospital located at Burla, Sambalpur providing medical facilities and treatment not only to the patients of my Parliamentary Constituency but also to other adjoining districts of western Odisha. Patients of my Parliamentary Constituency are facing lots of difficulties of getting affordable medical facilities, as most of the doctors' posts are lying vacant and some departments of this hospital are also without H.O.Ds. As there is an urgent need to set up AIIMS at Sambalpur in order to provide better medical treatment & facilities to the people of my Parliamentary Constituency as well as the entire Western Odisha region, I request the Government of India to set up AIIMS at Sambalpur during the year 2019-20.
