Title: Regarding Installation of BSNL towers in Nandurbar Parliamentary Constituency of Maharashtra- Laid

**DR. HEENA VIJAYKUMAR GAVIT (NANDURBAR):** There is urgent necessity of installation of BSNL Towers in my Parliamentary Constituency Nandurbar in Maharashtra. According to State run Telecom Company Bharat Sanchar Nigam Limited, they have installed 54,00 towers during 2018-19. But in Nandurbar almost no tower has been installed. As my constituency is tribal-dominated and BSNL offers services at affordable price, the BSNL towers should be installed here in large number for better coverage and connectivity.

I request the Union Minister of Communications to take necessary action in this regard and direct the concerned to do the needful immediately. Necessary financial grant should be sanctioned for this important work.
