Title: Issue regarding anti national and terrorist activities in Madrasas at Indo-Bangladesh border area.

SHRIMATI LOCKET CHATTERJEE (HOOGHLY): Thank you, Sir. I would like to raise the matter of urgent importance for the public. Recently, the NIA submitted a report regarding the breeding of anti-national and terrorist activities of Madrasas present in Indo-Bangla border area, especially in the districts of Malda, Murshidabad and Nadia in West Bengal.

The Jamaat-ul-Mujahideen Bangladesh, the terrorist organisation, is using these ill-famed Madrasas for their notorious terrorist activities.

*In West Bengal, the madrasas have become the factories of terror and we all know who the owner of this factory is. Few days back, we have seen that Trinamool supremo was asking for proof of the Balakot air strike. She also blamed intelligence failure. I want to clearly point out that the TMC Government has adopted the dangerous policy of minority appeasement.

We cannot let this happen. Late Shri Atal Bihari Vajpayee Ji said that “Terrorism has become a festering wound. It is an enemy of humanity.” Most of the Madrasas in West Bengal is illegal, which is funded by Bangladeshi and supported by ...* We cannot even allow the Syama Prasad Mukherjee’s Bengal to be the breeding ground of anti-national activities.

I wish to say, “my mother earth, I bow down before you, in you rests the universe, on you is spread the love of the universal mother”*.
