Title: Need to tackle trafficking of women and children in the country -
laid.

SHRIMATI APARUPA PODDAR (ARAMBAGH): Child trafficking is a serious problem that is prevalent especially in India. Children are exposed to multiple vulnerabilities, poor and marginalized communities who are often trafficked are forced to work on brick kilns, construction sites and agricultural land. There is a great need for convergence and implementation of comprehensive protection mechanisms. I urge the government to tackle the growing incidence of child abuse and trafficking of women and children in the country.
