Title: Regarding construction of flyover between Thengapattinam Fishing Harbour and Erayumanthurai in Kanyakumar, Tamil Nadu.

SHRI H. VASANTHAKUMAR (KANYAKUMARI): Sir, in Kanyakumari constituency 20 per cent community is of fishermen. They need a bridge between Erayumanthurai and Thengapattinam so that they can escape from that place in case of sea erosion or any calamity. Everyday they are living in a fear of being trapped if any calamity happens.

Sir, the people of this community are working throughout the world. I urge upon the Government to take necessary action to construct this small bridge, which is nearly about 1000 feet only. I also urge upon the Government to construct a road between Arockiyapuram to Erayumanthurai and Neerodi to provide safety as well as a source of livelihood to the people of my constituency.

Sir, through you, I request the Government to take immediate steps in this regard and help the poor people. Thank you.
