Title: Regarding unemployment issues in India.

SHRIMATI MALA ROY (KOLKATA DAKSHIN): Thank you, Speaker, Sir, for giving me this opportunity. ...(*Interruptions*)

India's rate of unemployment doubled in the past two years, according to the *State of India's Environment (SoE) In Figures, 2019*. ... (*Interruptions*) This has particularly affected the young graduates. ... (*Interruptions*)

While unemployment remains high in both urban and rural India, job hunting is a bigger challenge for the young and educated youth. According to the report, the unemployment rate has gone up from 4 per cent to 7.6 per cent in the last two years. ...(*Interruptions*) The World Bank says that India needs to create around 81,00,000 jobs per year to solve the problem of unemployment. ...(*Interruptions*)

However, standing in 2019, India could definitely achieve the honour of 'unemployment capital' of the world. ...(*Interruptions*) The common people of the country wants an account of Rs.3400 crore budget allocated to the Skill India Mission in the Union Budget 2018-2019.....(*Interruptions*)

Through you, Sir, I request the Government of India to solve the issue of unemployment in India. ...(*Interruptions*)

Thank you, Sir.
