Title: Need to take steps to construct a flyover at Champahati Railway Station in Baruipur East in Jadavpur Parliamentary Constituency, West Bengal.

SUSHRI MIMI CHAKRABORTY (JADAVPUR): Thank you so much, hon. Speaker, Sir, for giving me an opportunity to speak. This is my first speech, so I would like to seek blessings from all of you.

The construction of a flyover at Champahati Railway Station, which is in Baruipur East, has been a long demand of the people of my constituency, Jadavpur. In the past years, no initiative has been taken on the said project. Lakhs of people are still facing unusual traffic congestion because of existing railway level crossings. It is more painful to see when a patient suffers because there is a delay in getting treatment and when students reach their schools late. There is also a similar problem in Sonarpur and Bidyadharpur. Both are under Sealdah Division of Eastern Railway. I am sorry to inform the august House that there is no railway level crossing in Bidyadharpur also, which is one of the prime demands to stop any unwanted accident there.

I, therefore, urge upon the Government to take immediate steps and start the project urgently without any further delay. Thank you so much, Sir.
