Title: Need to establish a unit of ITDC for development of tourism in Kanniya Kumari Parliamentary Constituency, Tamil Nadu.

SHRI H. VASANTHAKUMAR (KANYAKUMARI): Sir, I have got elected from Kanyakumari which is at the tip of India. Crores of people are visiting my constituency but there is no infrastructure available. Adequate trains are not available. Airport is not there. Fishermen community is suffering due to sea erosion. We also want a unit of ITDC to be established so that there will be development of tourism. This will also help the people to visit the pilgrim spots at Kanyakumari including Gandhi Mandapam, Kamaraj Mandapam and Vivekananda Rock. As we are at the tip of India, please consider our demands.

I would request the Government to make arrangements to give more facilities to the tourists. Only then India will earn more foreign exchange. It is because foreign tourists are visiting the place. So, we want an airport, a helipad, more trains, steps to safeguard our fishermen from sea erosion.
