**Shri A. C. Guha:** In view of the fact that there is hardly any usual means of communication between Calcutta or any place this side of India and Imphal, may I know whether Government have made any arrangement for concessional air rates for letters and postal parcels?

**Shri Raj Bahadur:** I can only say that at the moment the whole future of air transport is in the melting pot.

**Shri A. C. Guha:** I want to know whether they have made any concessional rate.

**Mr. Deputy-Speaker:** I need not have allowed this question. It is a suggestion for action. The Minister must take time to consider it.

**Shri A. C. Guha:** Even then the Minister might have said that this suggestion will be taken into consideration.

**Mr. Deputy-Speaker:** It is for me to say that it is a suggestion.

**Shri L. J. Singh:** May I know whether it is a fact that the present fare for passengers, Rs. 95 from Calcutta to Imphal, is disproportionately high and if so, whether the fares will be reasonably reduced when the Air Corporation comes into existence?

**Shri Raj Bahadur:** The main question does not relate to passenger fares. I may however, state that the passenger fare is determined by many factors. I cannot say that it is very high.
