Commerce is virtually a European concern, in which Indians have no equal opportunity?

Shri Karmarkar: I think the European interest predominates in that organisation.

Shri Joachim Alva: May I know whether in giving representation to the Associated Chamber of Commerce, and the Federation of Indian Chambers of Commerce and Industry, the representatives of the two bodies are taken into confidence?

Shri Karmarkar: We do not take the Chambers into confidence, for nominating as such.

- (c) The recommendations are under the consideration of Government.

- Shri D. C. Sharma: May I know the recommendations they have made to complete the interim compensation scheme in due time?
- Shri A. P. The Minister of Commerce (Shri Karmarkar): (a) We have not entered into such agreements with either Burma or Finland.

I should like to add, however, under part (a), that though the agreements were not for export of soap as such, soap has been mentioned as an item in the export schedules to these countries.

Shri Sanganna: May I know whether India is surplus in soap?

Shri Karmarkar: Yes, I should think so.

The Deputy Minister of Irrigation and Power (Shri Hathi): The people of Harahi have been paid cash compensation for trees, wells, tanks, Abars, standing crops etc. While for the houses and lands, as they had expressed their option in writing to have land

WORK-CHARGED STAFF OF C.P.W.D.

*1740. Shrimati Renu Chakravartty: Will the Minister of Works, Housing and Supply be pleased to state:

- (a) whether it is a fact that special pay is being given to Central Government employees working at Bagdogra and Siliguri under Fundamental Rule 9(25)C;
- (b) whether it is a fact that the work-charged staff at Central P.W.D. are not being paid this special pay; and
 - (c) if so, the reasons therefor?

The Minister of Works, Housing and Supply (Sardar Swaran Singh): (a) Yes, sir, but only to non-gazetted superior staff.

- (b) Yes, Sir.
- (c) The special pay at Bagdogra and Silliguri was sanctioned to compensate the staff for the unhealthiness of the localities, particularly as such staff who were generally posted there from other stations could not readily acclimatise themselves to the unhealthy conditions. This consideration does not exist in the case of work-charged staff as they are mostly recruited locally, but I am reviewing the position.
