

Dr. Katju: My hon. friend is, if I may say so, in the words of Sherlock Holmes, drawing inferences from certain facts. The first is that it is a Pakistani flag. The second question is that it is genuine Pakistani people who are doing this mischief. The other inference which has been sought to be raised is that it is some other people who want to disturb the communal harmony in Hyderabad, who are putting up this show so that there might be tension. There are so many inferences which may be drawn. As to which particular inference is the right inference, that is a matter of investigation. Investigation is going on.

...Several Hon. Members rose—

Mr. Speaker: I think we better go to the next question.
