

कर चुके हैं, उन में अब कोई नया परिवर्तन न किया जाय, क्योंकि उन का व्यावहार सभी जगह होने लगा है ?

Dr. M. M. Das : I want notice.

श्री एम० एल० द्विवेदी : मैं यह जानना चाहता हूँ कि जैसेकि जो शब्द तैयार होते हैं और फाइनलाइज होने लगते हैं तो स्वीकृत होने के पूर्व उन का कुछ प्रचार किया जाता है, क्या उस तरह से यह शब्द प्रचार के लिये या राय जानने के लिये संसद के सदस्यों तक भी नहीं भेजे जाते ?

Dr. M. M. Das : They are not sent to the Members of Parliament.

But the newly coined words go through an elaborate process. I may describe it to the hon. Member.....

Mr. Speaker : Not necessary.

Shri S. C. Samanta: May I know whether this Expert Committee is the same as the Committee on Hindi Terminology, or it is a different one, and if it is a different one, what connection it has with the other committee?

Dr. M. M. Das: There is a Board of Scientific Terminology, which was set up in 1950 for the preparation of these Hindi terms. This Board set up 19 expert committees on different subjects, and one of these expert committees is on law.

Territorial Army

*834. **Shri D. C. Sharma :** Will the Minister of Defence be pleased to state:

(a) the number of Central Government employees in Delhi and New Delhi who have joined the Territorial Army; and

(b) the number of training centres opened in Delhi and New Delhi for them?

The Minister of Defence Organisation (Shri Tyagi) : (a) 591.

(b) All Territorial Army personnel receive training in their own units. No special training centres have therefore been opened for the Central Government employees.

Shri D. C. Sharma: May I know what is the proportion of the number of Government employees in Delhi and New Delhi to the total strength of the Territorial Army?

Shri Tyagi: I am sorry that has not been calculated, but I might inform the Hon. Member that the percentage is very small.

Shri D. C. Sharma: May I know whether Government have considered why it is that there are not a large number of persons coming forth to join the Territorial Army?

Shri Tyagi: It is not the policy of Government to encourage recruitment on a large scale from government offices for this Territorial Army. They may be required in time of need and may have to be deployed elsewhere. Then the government offices will suffer by their absence. Therefore, it is not the policy to encourage such recruitment on a large scale.

Shri D. C. Sharma: May I know whether the hon. Minister has with him the break up of figures with regards to technical and other units in the Territorial Army?

Shri Tyagi: I require notice.

Recruitment to the Armed Forces

*835. **Sardar Hukam Singh:** Will the Minister of Defence be pleased to state:

(a) whether qualifications as to size, chest measurements and expansion; and other physical fitness requirements are uniform for recruitment to the Armed Forces throughout India;

(b) if not, what are the variations; and

(c) whether any particular community is debarred, temporarily or permanently, from being recruited for any particular Services or branch of Service (e.g., Parachute Battalions)?

The Minister of Defence Organisation (Shri Tyagi): (a) to (c). A statement is laid on the Table of the House. [See Appendix V, annexure No. 20].

Sardar Hukam Singh: May I know whether Government at any time got this constitutional aspect examined by its experts because apparently there seems to be a conflict with the provisions of the Constitution in that this variation constitutes discrimination between citizen and citizen?

Shri Tyagi: The measurement of the chest always depends upon the height of the person and the size of the body. For example, the chest measurement of a Gurkha differs from that of a Sikh. So it is all because of physical stature.

Sadar Hukam Singh: May I know whether any community has been kept out of recruitment in the parachute battalion since 1952 when it was known that certain sections had a larger number of recruits in that particular department?

Shri Tyagi: Upto 1952, recruitment to the parachute battalion was confined to Sikhs, Dogras, Marathas, Kaumanis and Ahirs only, but since then deficiencies in them are being made up by transfer of soldiers belonging to other units.
