

District he keeps an eye on all the parts of the district, including Sohrab and Saugor?

Shri S. K. Dey: We keep an eye on the whole project wherever it is.

Shri Thimmaiah: Is there any proposal to introduce the community project schemes in the new Mysore State in the Second Five Year Plan, and if so, what is the number of such schemes?

Shri S. K. Dey: According to the decision taken, the whole country is expected to be covered by the National Extension Services, and 40 per cent. by the community development projects by the end of the Second Plan.

Tube-Well

*23. **Shri Krishnacharya Joshi:** Will the Minister of Food and Agriculture be pleased to state whether the construction of the additional 700 tubewells in the States of Punjab and Uttar Pradesh started in the year 1954-55 under the G.M.F. assistance has been completed?

The Deputy Minister of Food (Shri M. V. Krishnappa): Not yet. In all 555 tubewells have been constructed. Out of these 417 are in U.P. and 138 in Punjab.

Shri Krishnacharya Joshi: May I know the total acreage which can be irrigated by a tubewell as contemplated by the scheme and how far it is expected to materialise?

Shri M. V. Krishnappa: About 300 to 400 acres. It depends upon the capacity of the tubewell and the amount of underground water.

Shri Krishnacharya Joshi: May I know the acreage of land under irrigation now in U.P.?

Shri M. V. Krishnappa: That is a totally separate question.

Shrimati Renu Chakravartty: May I know if tubewells under the G.M.F. assistance have been sanctioned for all States in India or only specifically for Punjab and U.P.?

The Minister of Food and Agriculture (Shri A. P. Jain): These tubewells are sanctioned for what are known as "proved stations", that is, where they are likely to be successful. And experience has shown that they will be successful.

Shrimati Renu Chakravartty: May I know if such tubewells have been found to be unsuccessful in the State of West Bengal?

Shri A. P. Jain: That is not one of the proved areas.

राजमाता कमलेन्दुमति शाह : क्या मैं जान सकती हूँ कि जहाँ पर ट्यूबवेल नहीं बन सकते ऐसे पहाड़ी स्थानों के वास्ते इस सम्बन्ध में क्या किया जाने वाला है ?

श्री प्र० जैन : वहाँ पर रिजर्वॉयर बन सकते हैं, कोई गूल बन सकता है और सिंचाई के जो बहुत से दूसरे तरीके हो सकते हैं वह किये जा सकते हैं ।

Shri Thimmaiah: What are the States where these tubewells are not possible to be constructed?

Shri M. V. Krishnappa: At present it is said that in Mysore and Hyderabad in the Deccan Plateau, geological survey shows that tubewells are not successful.

श्री ए० ला० बाबूपाल : क्या मैं जान सकता हूँ कि राजस्थान में, जहाँ खारी पानी है, लोगों को मीठा पानी देने के लिये सरकार की क्या योजना है ?

श्री मा० बें० कृष्णप्पा : यह सवाल पीने के पानी का नहीं है, इरिगेशन का है ।
