**Title: Regarding fencing of the International border with Bangladesh in Jalpaiguri Parliamentary Constituency- Laid.**

**DR. JAYANTA KUMAR ROY (JALPAIGURI):** My constituency Jalpaiguri shares a long boundary with Bangladesh which is around 32 KM of the border area of Dahagram-Angrapota enclave among others are still to be fenced. This unfenced region is highly sensitive and prone to transborder crimes specially cattle smuggling, infiltration and other illegal activities.

Keeping in view the sensitive nature of the area, I would request the Government to take urgent necessary action for expeditious construction of fence along the border to curb all these cross border activities.
