Title : Issues regarding transfer of Defence Land in 10 locations of Bengaluru City.

SHRI P.C. MOHAN (BANGALORE CENTRAL): Hon. Chairman, Sir, thank you very much for giving me an opportunity to speak on an important issue relating to my city. Bengaluru city has been expanding very fast and infrastructure has to keep pace with the rapid development of the city. The Government of Karnataka along with BBMP has been working to improve the infrastructure but certain important pockets of land continue to remain with the Defence units. Despite the fact that the Armed Forces authorities agreeing to transfer the Defence land for infrastructure projects in 2018-19 and the then Defence Minister looked into the issue and agreed to exchange the Defence land in 10 locations of Bengaluru city, except in three locations, local authorities have not given permission for any work. Due to these issues, the citizens of Bengaluru are suffering from increased traffic.

So, I request the hon. Raksha Mantri Shri Rajnath Singh Ji to urge the Defence officials to address the issue at the earliest.

Thank you very much, Sir.
