Title: Regarding construction of National highways in Karimganj Parliamentary Constituency.

SHRI KRIPANATH MALLAH (KARIMGANJ): I would like to state that in my Parliamentary Constituency, Karimganj, already two National Highways have been declared in South Assam. National Institute of Technology (NIT) has been engaged for consultancy services for feasibility study and preparation of DPR. I demand the construction of two new National Highways in South Assam which are very old. NHIDCL had also invited tender for preparation of DPR in the year 2017. But even after the lapse of about five years, no tangible action is seen towards materialisation of the following two proposed projects. One, Badarpurghat- Dullavcherra-Mamit Road, Length - 150 Km (Assam-Mizoram). Two, Silchar- Ainakhal Tinmukha-Achimganj, Length - 90.00 Km (Shorter Link between NH-8 and NH-154) Therefore, I earnestly request for early commencement of work pertaining to the above two National Highways in the interest of the electorates of my Parliamentary Constituency. I shall be very much glad if you direct your good office to initiate actions in this regard on priority basis.

HON. CHAIRPERSON: Shri Santosh Kumar Gangwar – Not present.
