Title: Regarding setting up of internet facilities in Kalvarayan Hills and Yercaud Hills.-laid

DR. PON GAUTHAM SIGAMANI (KALLAKURICHI): I wish to bring an important issue being faced by students in my Kallakurichi Parliamentary Constituency. Education is an essential aspect for any nation or society that is looking towards progress. Internet has made it possible to make education reach every corner of the world, providing different content which the student can use to learn and develop their skills. These contents get updated every day thereby, increasing more learning opportunities. Whole of India was forced to give online classes for the students, during Covid-19 pandemic. The use of internet for education helps to streamline the sharing of information and communication. It helps students access lectures online and refer to relevant study material in various multimedia formats. Yercaud Hills Camp, Kalvarayan Hills in my Kallakurichi Parliamentary Constituency consists of huge number of Tribal (Professional and Arts College) students who still don't have internet connection. These students are facing huge difficulty in undergoing projects and researches.

Hence I request the Hon'ble Minister of Electronics and IT to do the needful in setting up of internet facilities to Kalvarayan Hills and Yercaud Hills.
