**Title: Regarding construction of a concrete bridge over Mundasari river in Arambagh Parliamentary Constituency.**

**SHRIMATI APARUPA PODDAR (ARAMBAGH):** Khanakul of Arambagh sub-division in my Parliamentary Constituency is a flood prone area. During rainy season it remains under water. The area has an overwhelmingly 94.77% rural population and 5.23% urban population.

Mundasari river flows along Khanakul which causes flood every year. There is a communication problem being faced by the people living there. Hence, I urge upon the Government to construct a concrete bridge urgently over Mundasari river. The Ganeshpur Bridge in Natibpur G.P. which is of bamboo be constructed into a concrete bridge so that the movement of common people of Howrah, Hooghly and Medinipur district becomes smooth & life becomes easier for the common man.
