### LOK SABHA

Tuesday, April 18, 1978/Chaitra 28,  
1900 (Saka)

The Lok Sabha met at Eleven of the  
Clock

[MR SPEAKER in the Chair]

#### ORAL ANSWERS TO QUESTIONS

##### Appointment of Chairman and Mem- bers of Law Commission

+

\*760 SHRI G M BANATWALLA  
SHRI MUKHTIAR SINGH  
MALIK

Will the Minister of LAW JUSTICE  
AND COMPANY AFFAIRS be pleased  
to state

(a) whether Government have since  
appointed the new Chairman and  
other members of the reconstituted  
Law Commission, and

(b) if so the details thereof?

THE MINISTER OF LAW JUSTICE  
AND COMPANY AFFAIRS  
(SHRI SHANTI BHUSHAN) (a)  
and (b) Shri Hans Raj Khanna, a  
former Judge of the Supreme Court  
has been appointed as Chairman and  
Shri P M Bakshi a member of the  
Central Legal Service has been ap-  
pointed as Member-Secretary of the  
reconstituted Law Commission

The question of appointing the other  
two Members of the Commission is  
under consideration

SHRI G M BANATWALLA This  
government has appointed a record  
512 LS-1

2

number of Commissions but it is un-  
decided about the composition of the  
Law Commission It is rather an  
unfortunate factor that it is a prison-  
er of indecision here in this matter

May I know, therefore, from the  
government when the Chairman and  
the Secretary were appointed and  
what are the formidable reasons for  
the delay in the appointment of the  
other Members of the Commission?

SHRI SHANTI BHUSHAN So far  
as the Chairman and the Member-  
Secretary were concerned, they were  
appointed a few months ago I in-  
tended that the Law Commission  
should consist of four members in-  
cluding the Chairman The Chair-  
man and the Member-Secretary have  
already been appointed The appoint-  
ment of another Member has already  
been processed and approved by the  
Appointments Committee so that it  
will be announced within a few days

So far as the fourth Member is  
concerned what I wish to say is that  
it is extremely important that a per-  
son who would really fill the role with  
distinction has to be appointed There-  
fore consultation with the Chair-  
man of the Law Commission is going  
on The Chairman of the Law Com-  
mission is trying to find out who  
would be the most suitable person  
for the fourth membership of the  
Commission As soon as that is com-  
pleted the appointment would be  
announced

SHRI G M BANATWALLA It is  
very obvious that there is no satis-  
factory reply to this particular point  
Since a few months the consultations  
are going on and this government is  
not in a position to appoint even four  
members of the Law Commission  
This is a very unsatisfactory state of  
affairs We can understand that very

outstanding persons are to be appointed. That does not, however, mean that the constitution of the commission should go on in an unsatisfactory and piecemeal manner. May I know in what time would this entire Commission be reconstituted? May I know what was the occasion for the re-constitution of the Law Commission?

**SHRI SHANTI BHUSHAN:** The occasion for the re-constitution of the Law Commission was that a Law Commission is appointed for a term of three years. When the term of the three years of the previous Law Commission expired, then the Law Commission was re-constituted. We, at that time, decided that the Law Commission should not be too large a body. We, therefore, reduced the membership to four including the Chairman and the Member Secretary. As I informed the hon. member just now one more Member's name has been finalised. It has been processed. Because the person was over 60 years of age, therefore, some formalities had to be complied with. The appointment has been approved by the Appointment Committee. Therefore, very soon, it will be announced.

So far as fourth Member is concerned, the Chairman of the Law Commission had, after some enquiries, suggested a distinguished name. Shortly, thereafter, he informed the Government that that distinguished person for some reasons, individual and personal reasons, was not willing to come for the Law Commission. Therefore, the Chairman is looking out for another person because the Chairman is anxious that a really distinguished person who can really perform an important function in the Law Commission should be selected. Therefore, he is in the process, he has not yet been able to select that fourth person, after he selects, and suggest to us, then we will process the matter.

**SHRI MUKHTIAR SINGH MALIK:** I fully support the observations made

by my learned colleague. But this long reply by the hon. Minister to the question does not satisfy the House. However, I would like to know from the hon. Minister whether for constituting such an important body, the Bar Council of India has been consulted in the matter or not.

**SHRI SHANTI BHUSHAN:** No, Sir.

**SHRI K. MAYATHEVAR:** Law Commission may be dealing with the law questions including the amendment to the Indian Constitution. Therefore, what is the special qualification for the appointment as a Member or the Chairman of this Commission? Is it the High Court Judge or the working judge or the Supreme Court judge or retired judge of the High Court or the Supreme Court.

**SHRI SHANTI BHUSHAN:** The Chairman and the Members could either be serving judges or retired judges of the Supreme Court or the High Court or he could be a legal expert, a jurist, a professor of Law in a University of India. This is the field from which a person can be taken.

#### Case regarding Swadeshi Cotton Mills Ltd.

\*761. **SHRI MOHAN LAL PIPIL:** Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to refer to reply to Unstarred Question No. 2853 on 14th March 1978 regarding Delhi High Court orders on Appointment of New Directors of Swadeshi Cotton Mills and state:

(a) the outcome of the Petition for Special Leave to Appeal under Article 136 of Constitution along with Application for stay of operation of the order of High Court filed in the Swadeshi Cotton Mills Co. Limited case; and

(b) what interim measures Government propose to take to ensure stoppage of further deterioration of the working of the company under the continued mismanagement of the present Managing Director?

THE MINISTER OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI SHANTI BHUSHAN) (a) Petition for Special Leave of Appeal came up for hearing before the Hon'ble Supreme Court on Monday, the 10th April, 1978. After hearing the parties for sometime the Court adjourned the matter to 24th April, 1978.

(b) The matter is sub-judice and no further action can be taken under the Companies Act 1956. However, as per the Notification No SO 265/(E)/18AA/IDRA/78 dated the 13th April, 1978 the Ministry of Industry Department of Industrial Development have in exercise of powers conferred by clause (a) of sub-section (1) of Section 18AA of the Industries (Development and Regulation) Act 1951 (85 of 1951) authorised the National Textile Corporation Limited to take over the management of whole of the said Industrial undertakings namely (i) M/s Swadeshi Cotton Mills Kanpur (ii) M/s Swadeshi Cotton Mills Pondichery (iii) M/s Swadeshi Cotton Mills Naini (iv) M/s Swadeshi Cotton Mills Maunath Bhanjan (v) M/s Udaipur Cotton Mills Limited, Udaipur, and (vi) M/s Rae Bareilly Textile Mills Limited Rae Bareilly of M/s Swadeshi Cotton Mills Company Limited Kanpur.

श्री मोहन लाल पिपिल : सब से पहले मैं जनता सरकार को धन्यवाद दूंगा कि उसने स्वदेशी बाटन मिल्स के 6 यूनिट्स को टेक ओवर कर लिया है। आज हमने टाइम्स ऑफ इंडिया के पेज 2 पर यह समाचार पढ़ा है कि इंडस्ट्रीज मिनिस्टर ने कहा है कि स्वदेशी बाटन मिल्स के जितने शेयरजर्ज होंगे, उन्हें सरकार ल लेगी। मैं यह

जानना चाहता हू कि वे शेयरजर्ज कब तक ले लिए जायेंगे। 6 दिसम्बर, 1977 को वहा पर अनेक व्यक्तियों की मृत्यु हुई। तब से वह मिल बन्द पडी है। मैं यह जानना चाहता हू कि अब वह मिल कब तक चालू हा जायेगी।

श्री शान्ति भूषण : माननीय सदस्य ने पूछा है कि इस मिल क शेयरजर्ज का कब तक टेक ओवर कर लिया जायगा। मैं इसका उत्तर देने में असमर्थ हू। जब तक सरकार इस बारे में निणय न ले ले तब तक मैं किस तरह बता सकता हू कि वे शेयरजर्ज कब तक ले लिए जायेंगे। मास्त्रीय सदस्य न यह भी पूछा है कि कानपुर की वह मिल कब तक चाल होगी। अभी हाल ही में नेशनल टैक्सटाइल कॉर्पोरेशन को उस का एग्रीज्ड कंट्रोलर नियुक्त किया गया है। उन्होंने उस का टेक ओवर कर लिया है। वे इस बारे में इन्जाम करेंगे और जल्दी से जल्दी इस मिल का चालू करने की काशिश करेंगे।

श्री मोहन लाल पिपिल : वहा की लेबर प्राब्लम का हल करने के लिए क्या क्या कदम उठाये जायेंगे ताकि वहा पर आइदा ऐसी घटना न हा ?

श्री शान्ति भूषण : एन० टी० सी० ने उसके मीनेजमेंट का टेक ओवर कर लिया है। परिस्थिति को देख कर जो भी कदम आवश्यक होंगे वे उन को उठायेगे।

SHRI K LAKKAPPA Mr Speaker, Sir, I welcome the taking-over of the Swadeshi Cotton Mills regarding which a statement has been made by the Industries Minister. Here is a case of the Swadeshi Cotton Mills

Ltd. Swadeshi Polytex is run by Jaipuria Brothers. I say the money from Swadeshi Cotton Mills Ltd. has been diverted by Shri Sitaram Jaipuria.

**MR. SPEAKER:** Please come to the question.

**SHRI K. LAKKAPPA:** Sir, this is a very important question. There has been allegation against Shri Sitaram Jaipuria.

**MR. SPEAKER:** We had a discussion on this even earlier.

**SHRI K. LAKKAPPA:** I want to know from him what prevented the Government from taking over the Swadeshi Polytex Ltd. run by Shri Sitaram Jaipuria. What are the reasons for that?

I would like to put a straight question. The Law Ministry specially, the Law Minister, was engaged by Shri Sitaram Jaipuria in two cases namely under company petition No. 20 of 1977—Swadeshi Polytex Ltd. as also under company Petition No. 21 of 1977.\*\*

(Interruptions)

**MR. SPEAKER:** I am not allowing that unless you give *prima facie* proof.

**SHRI K. LAKKAPPA:** I would now put a categorical question. (Interruptions). In view of that, will the Minister kindly consider the taking over of the Swadeshi Polytex Ltd. run by Shri Sitaram Jaipuria as there are large-scale mismanagement and other things and there is influence of this Government there?

**MR. SPEAKER:** It is open to you to answer or not to answer because this question does not arise from it.

(Interruptions)

**SHRI SHANTI BHUSHAN:** In view of this ruling, I cannot answer that. But, if you give me the option, I can answer.

**MR. SPEAKER:** You may answer that.

**SHRI SHANTI BHUSHAN:** So far as the taking over of the management under the Industries Development and Regulation Act is concerned, it is just like the taking over of the Swadeshi Cotton Mills and that is within the purview of the Industries Ministry. That does not concern the Law Ministry.

So far as the appointment of Government directors under Sec. 408 of the Indian Companies Act is concerned, for instance, in Swadeshi Cotton Mills Ltd., Government directors had been appointed under Sec. 408. But, the operation of that order was stayed by the Delhi High Court. I had had an occasion to inform this House earlier that so far as Swadeshi Polytex Ltd. is concerned, there were certain allegations which were being enquired into. Inspection of the accounts had been ordered. As a result of the inspection of the accounts, that question would be examined as to whether there is a case for appointment of Government directors under Sec. 408.

श्री हुकम चन्द कछवाय : सरकार ने स्वदेशी काटन मिल्स के छः यूनिट्स को अपने हाथ में लिया है, इस का मुख्य कारण यह है कि उसके मनेजमेंट के द्वारा लगातार बड़े पैमाने पर कानून का उल्लंघन किया जाता रहा है। इस पर जो लायबिलिटी हैं, जो लोगों का पैसा देना है, मजदूरों का प्राविडेंट फंड और ग्रेज्युइटी का पैसा देना है और जिन लोगों ने माल सप्लाई किया है, छोटे छोटे व्यापारियों ने, क्या वह सारा पैसा सरकार उन्हें लौटाएगी ताकि जिन्होंने

इस में पैसा लगाया है उन का पैसा और मजदूरी का पैसा ठीक प्रकार से मिले ? इसकी कोई व्यवस्था सखी महोदय करेंगे ? अगर हा, तो वह कब तक पैसा लौटा देगे ?

श्री शान्ति भूषण मैं समझता हू कि जब एन० टी० सी० ने इस अडरटेकिंग को टेक छोड़ दिया है तो भवश्य उनका यह कर्तव्य होगा कि जो मजदूरी का पैसा बाकी है जिसके कारण मजदूरी में असतौष या और जिसके कारण एक बड़ा गभीर मामला बहा हुआ था उसका भी वे समाधान निकाले और उन का पैसा देने का बन्दाबस्तु बन्दे। जहां तक और लोगों ने कोई रुपया कम्पनी का दिया है

श्री हुकम चन्द कछवाय जिन्होंने मान मप्लाई किया है।

श्री शान्ति भूषण जरूर जो कुछ भी धार्मिक स्थिति उस कम्पनी की होगी उसका देखने हुए कोई न कोई स्कीम ऐसी बनायी जायगी कि किम तरह से उन का रुपया दिया जा सकता है।

SHRI SAUGATA ROY Sir, in May 1977, the Company Law Board had to undertake inspection under Section 209(a) of the Companies Act and a notice was issued to this company under Section 408 of the Companies Act I do not know why Directors could not be appointed in the company to prevent the affairs of the company from being conducted in a manner detrimental to public interest My question is in regard to the backlog of the wages Let the UP Government appoint a receiver who in the exercise of his rights attach shares worth Rs 10 crore of the Swadeshi Polytext invested in the Swadeshi Cotton Mills I would like to know from the hon Minister whether he would place a report of the investigation carried out by the Company Law Board on the Table of the House because whatever has been

stated up till now has been a sort of eye-wash What will be the position vis-a-vis the Company Law Board regarding the Swadeshi Polytext shares which are already invested in Swadeshi Cotton Mills?

SHRI SHANTI BHUSHAN So far as the first part of the question is concerned in regard to proceedings relating to the investigation under Section 408 of the Companies Act against Swadeshi Cotton Mills Limited, as I have stated earlier, as a result of the investigation, the Government had decided, in fact appointed Government Directors under Section 408 But in respect of (Interruptions) Now, even before the Government made that order, a writ petition had been filed in the Delhi High Court The Delhi High Court had made an order saying that the proceedings may go on and the Government could proceed with the consideration of the matters under Section 408 and may also make an order, if necessary But the order shall not be given effect to till the High Court permitted the same to be done Therefore an order under Section 408 was made appointing the Government Directors but which had not been given effect to Thereafter the writ petition was heard in the Delhi High Court It was admitted and a stay order was made staying the operation of the Department of Company Directors under Section 408 since the matter is still *sub judice*, because the writ petition is still pending Therefore it will not be possible to go into this matter namely as to what proceedings had been done because the matter is still pending (Interruptions)

MR SPEAKER He wants to know whether you will place the report on the Table of the House

SHRI SHANTI BHUSHAN I would consider that after taking into consideration The matter is pending in the Court of Law I will consider as to whether it would be proper to lay any such document

**SHRI SAUGATA ROY:** What about my second part of the question regarding Swadeshi Polytex...?

**SHRI SHANTI BHUSHAN:** So far as the other part of the question is concerned, perhaps the hon. Member has got a little mixed up because it is not that Swadeshi Polytex has got shares in Swadeshi Cotton Mills Ltd. On the other hand, Swadeshi Cotton Mills Limited has got certain shares in Swadeshi Polytex. So far as those shares are concerned, as I had said on an earlier occasion, the receiver appointed by the State Government for the purpose of collection of electricity dues which was due to the U.P. State Electricity Board had been appointed and then these shares were attached. The delivery of these shares, according to my information, has not been procured by the receiver but the receiver had advertised and invited offers for the purchase of these. There have been certain offers and one of them had been accepted, namely, a large industrial house. I had occasion to inform the House that no application for approval of the Law Ministry, namely, Company Affairs department under section 372 of the Companies Act or under the MRTP Act had been received so far. *(Interruptions)*

**SHRI SAUGATA ROY:** I am reading from the statement of the Industries Minister and what I said was correct. The hon. Law Minister says that what I said was the wrong thing.

*(Interruptions)\*\**

**MR. SPEAKER:** Don't record. All that the hon. Minister said was that there was a little confusion because the shares were not taken by Polytex... *(Interruptions)* For every small matter should people get up like this?

**THE PRIME MINISTER (SHRI MORARJI DESAI):** May I ask my hon. friends, why can they not speak more politely? Why do they always want to have a quarrel, I cannot understand it. *(Interruptions)* It is not the way to do it. *(Interruptions)*

**MR. SPEAKER:** What is most disturbing is, when one man gets up and speaks, I can understand it, but does he require the support of another half a dozen people to shout together? I think the voice of Mr. Saugata Roy is loud enough to be heard by everybody. Is Mr. Lakkappa's assistance necessary? Mr. Saugata Roy is on his legs—I can understand that. If there is any error that can be corrected. But I cannot understand half a dozen people getting up and saying "No, No". What the Minister said was that there was a mixing of thought and it is a polite expression.

*(Interruptions)*

**SHRI SHANTI BHUSHAN:** May I clarify? Perhaps, the hon. Member would appreciate that the Swadeshi Cotton Mills Limited, which is one company, owned shares in the other company viz, Swadeshi Polytex Limited. Now the sentence to which my attention has been drawn by the hon. Member, the relevant portion reads like this "Let UP Government appoint a receiver who in exercise of his rights attach shares worth Rs. 1 crore of the Swadeshi Polytex"—of course, it can refer to the shares of Swadeshi Polytex Limited—"Invested in the Swadeshi Cotton Mills." Perhaps, the happier expression should have been "invested by the Swadeshi Cotton Mills". 'In' or 'by', in a complex sentence many people use a particular word. Invested in the Swadeshi Cotton Mills—that is money invested in the Swadeshi Cotton Mills in the sense that Swadeshi Cotton Mills holds those shares in another company. So it can in one sense be regarded as investment in the Swadeshi Cotton Mills. This is also one of the

**\*\*Not recorded.**

investments. But this is merely a matter of language. Language is a vehicle of thought. Many people speak in different ways. But both mean the same.

#### Relaxation of Restrictions on Season Ticket Holders on Paschim Express

\*762 SHRI SOMJIBHAI DAMOR. Will the Minister of RAILWAYS be pleased to state

(a) whether the additional restriction was relaxed for season ticket holders for travel by Air Conditioned express (Deluxe) Paschim Express during August 1975 till further notice, and

(b) if so the reasons for not relaxing the present between Vadodara and Dohad?

THE MINISTER OF RAILWAYS (PROF. MADHU DANDAVATE)

(a) and (b) A statement is laid on the Table of the House

#### Statement

(a) Season ticket holders are not permitted to travel by 25 Dn/26 UP A C Express (Deluxe)/Paschim Express trains. Due to extensive breaches train services were drastically curtailed during August/September, 1976. Season ticket holders were temporarily permitted to travel by these trains between Godhra and Vadodara upto 30-9-1976. This was done only as a temporary measure to alleviate the difficulties of daily passengers till normalcy was restored.

(b) These trains cater for long distance passengers and the occupation being heavy, season ticket holders cannot be permitted between Dohad and Vadodara.

श्री सोमजी भाई डामोर : माननीय अध्यक्ष जी, पहले रेलों में छप्पाचार चलता था, अब रेलों में व्यभिचार दाखिल कर दिया गया है। यह गाड़ी सुबह 7 बजे दोहद जाती है, वहाँ पर पैसेन्जरों का लालच

में और दूसरी जगहों पर बुरी तरह से भर जात है। मे यह पूछना चाहता हूँ—जिस तरह से फस्ट क्लास में पैसेन्जर दिन में बैठ सकता है, क्या उन्ही तरह की सुविधा स्लीपर काच में बैठने के लिए घाट घाना कर देंगे ?

श्री० मधु दण्डवते : मान्यवर, जो मूल प्रश्न पूछा गया है, उस से यह प्रश्न विपरीत है। फिर भी मैं माननीय सदस्य को बतलाना चाहता हूँ—दमन गया का पुल टूट जाने के बाद जब उस की रिपेअर का काम शुरू हुआ उस समय लोगों को ट्रांशिप-मेण्ट की सुविधा दान के लिए हम लगा ने इजाजत दी थी। उन्होंने प्रश्न प्रश्न में जो डेट्स दी है, वह गलत है। उन्होंने अगस्त 1975 का जिक्र किया है वे एक माल पीछे है। अगस्त 1976 से सितम्बर 1976 के बीच सीजन टिकट हार्ल्डर्स को यह सुविधा दी गई थी। उस समय वहाँ पर डीलवरा और पश्चिम एक्सप्रेस—दा गाडिया चलती थी। दूसरी गाडिया रद्द कर दी गई थी, फण्टीयर मेल का मेण्टल रलवे से डायक्ट कर दिया गया था। इस लिए सीजन टिकट हार्ल्डर्स को इन गाडियों से जान की इजाजत दी गई थी। लेकिन जैसे ही बिजरीकस्ट्रकट हा गया यह ट्रांशिप-मेण्ट की सुविधा रद्द कर दी गई और पुरानी स्थिति का रेस्टोर कर दिया गया। इस लिए इस में किसी पुरानी सुविधा को रद्द करने का सवाल नहीं है।

श्री सोमजी भाई डामोर : मैंने यह पूछा था कि आप सीजन टिकट वाले को इस में एलाऊ नहीं करते हैं। जब फर्स्ट क्लास में पैसेन्जर दिन में भी उन गाडियों से ट्रेवल कर सकता है तो आप इन लोगों को भी स्लीपर काच में एलाऊ कीजिये। इस समय 15 या 20 रुपये देकर जगह मिल जाती है। अगर आप एलाऊ कर देंगे तो जो करप्शन वहाँ चल रही है, वह बन्द हो जायगी। क्या ऐसी सुविधा देंगे ?

प्रो० मधु इच्छते : आप ने डीलक्स और परिषद एकसत्रेस गाड़ियों का जिक्र किया, ये दोनों गाड़ियां लम्बे सफर की गाड़ियां हैं। हमारे पास लगातार यह मांग आती रही है कि जब हम दिल्ली से बम्बई के लिए सफर करते हैं और इतना पैसा खर्च करते हैं, अगर दूसरे यात्रियों को इन में आने की इजाजत देंगे तो हमें बहुत तकलीफ होगी। यदि आप इन दोनों गाड़ियों की आक्यूपेशन की फिगर्स को देखें तो आपको मालूम होगा कि इन में आक्यूपेशन 139 परसेंट है। रिजर्व और अन-रिजर्व दोनों की हर महीने की फिगर्स मेरे पास है, लेकिन मैं मदन का ज्यादा समय नहीं लेना चाहता हूँ, एग्जेक्यूटिव 139 परसेंट है, 100 की जगह है लेकिन 139 लोग आते हैं। ऐसी हालत में लॉग डिस्टेंस पैसेजर्स जब अपना रिजर्वेशन करा करते हैं, अगर सीजन परम-होल्डर्स को उन कम्पटमेंट में जाने की इजाजत दे दें, तो लॉग डिस्टेंस पैसेजर्स को काफी तकलीफ होगी और इस मदन में भी यह कहा जाता रहा है कि लॉग डिस्टेंस ट्रेन्स में अग्रेजर्व्ड लॉगों को रिजर्व्ड कम्पटमेंट में सफर करने की इजाजत न दी जाए क्योंकि इस में उन को तकलीफ होती है।

#### Recommendations of Law Commission

†

\*763. SHRI MANORANJAN BHAKTA:

SHRI PRADYUMNA BAL:

Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state the action taken by Government on the recommendations contained in the 58th Report of the Law Commission on structure and jurisdiction of the higher judiciary in respect of the following matters:

(1) appeals in criminal cases;

(2) retirement age; and

(3) grant of other benefits to judges of High Courts and Supreme Court?

THE MINISTER OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI SHANTI BHUSHAN): A statement containing the requisite information is laid on the Table of the House. [Placed in Library. See No. LT-2127/78].

SHRI MANORANJAN BHAKTA: The Law Commission suggested that the Constitution should be amended to restrict the criminal appeals to the Supreme Court and therefore in the statement laid by the hon. Minister, it is stated that article 134 (1) (c) of the Constitution would be amended along with articles 132 and 133 which is under consideration of the Government. May I know what will be the salient features of the amendment?

MR. SPEAKER: It is under consideration.

SHRI SHANTI BHUSHAN: The matter is still under consideration. So long as the matter is still under consideration and a decision has not been taken, obviously I would not be in a position to say what will be the shape of the final amending bill.

SHRI MANORANJAN BHAKTA: The High Court Judges (Conditions of Service) Act, 1954 and the Supreme Court Judges (Conditions of Service) Act, 1958 were amended in 1976. Considering the suggestions made by the Law Commission, sometimes it appears much more benefits have been provided by the amendments of 1976. That was the time of the emergency and there was very often criticism in this House and outside regarding committed judges, etc. In view of the changed political situation, I want to know whether the government is thinking of re-examining the whole amendment made during that period?

**SHRI SHANTI BHUSHAN:** What-  
ever improvements were made in the  
conditions of service of the judges of  
the High Courts and Supreme Court  
by the amending Act of 1976, there is  
no proposal under the consideration of  
the government to withdraw any of  
them.

**SHRI SOMNATH CHATTERJEE:**  
May I know whether the government  
is considering raising the retirement  
age of Supreme Court Judges and con-  
sequently the retirement age of High  
Court Judges because they want to  
keep a distinction between the Sup-  
reme Court Judges and High Court  
Judges? May I know whether the  
State Governments in regard to  
providing proper facilities with regard  
to dispensation of criminal justice? So  
far as I know, a representation has  
been made by the West Bengal Gov-  
ernment for financial assistance May  
I know whether the Government is  
considering it?

**SHRI SHANTI BHUSHAN:** So far  
as the age of retirement is concerned,  
the suggestion made in the report of  
the Law Commission was that the age  
of retirement of High Court Judges  
should be raised from 62 to 65. At  
that stage it was decided by the gov-  
ernment not to accept that recom-  
mendation of the Law Commission  
because the government felt that there  
should be a difference in the retire-  
ment ages of High Court Judges and  
Supreme Court Judges, one of the  
reasons being obvious, i.e., some at-  
traction for going to the Supreme  
Court is provided even by the differ-  
ence in the two ages.

Now, so far the Government has  
not applied its mind to the question  
of making a general raise in the age  
of retirement of the Supreme Court  
Judges also except the fact that the  
former Chief Justice of India had sent  
a suggestion some time back that the  
age of retirement of the Supreme Court  
Judges should also increase, but no  
consideration has been given to that  
proposal.

About the other part of the question  
relating to facilities for providing  
better criminal justice, it is true that  
I had written a letter some time back  
to the Chief Ministers of all the States  
in the country drawing their attention  
to the fact that even criminal justice  
was too much delayed and pointed out  
the various serious consequences  
which arose on account of delays not  
only in the administration of criminal  
justice, but also in the administration  
of justice by itself and I had suggested  
that perhaps they might consider the  
question of constituting more courts  
and taking other steps also, whatever  
might be feasible, to rectify the situa-  
tion. In that connection, many of the  
State Governments have already in-  
creased the number of courts and  
various other things are being done  
and the Chief Minister of West Bengal  
also wrote to me saying "Yes, we are  
trying to increase the number of  
courts, providing more court rooms,  
buildings and so on but then there  
are financial implications". He wrote  
that special assistance to the West  
Bengal Government might be provid-  
ed by from the Central financial assis-  
tance in that connection. Now, it is  
obvious that this is not a problem  
special to the West Bengal Govern-  
ment, this is a problem which occurs  
in almost all the States of the country  
so that the question of providing any  
special assistance only to the West  
Bengal Government and not to other  
Governments obviously does not arise.  
But so far as general assistance to  
State Governments etc, is concerned,  
that is a general question and obvious-  
ly everything, allocation of funds etc.,  
is taken into consideration.

#### **New Direct Train from Ahmedabad to Madras**

\*764 **PROF. P. G. MAVALANKAR:**  
Will the Minister of RAILWAYS be  
pleased to state.

(a) whether Government have  
started a new direct train between  
Ahmedabad and Madras;

(b) if so, when and with what periodicity;

(c) is it an all second-class train; and

(d) if so, what are the special and additional passenger amenities provided on the said train?

**THE MINISTER OF RAILWAYS (PROF. MADHU DANDAVATE):** (a) to (c). Yes Sir, 145/146 Madras Beach-Ahmedabad weekly Navajivan Express has been introduced with effect from 6th April, 1978. It is a classless train having only IInd class accommodation.

(d) It is a fully reserved fast train with Second Class cushioned sleepers. Janata Bed rolls are supplied on demand on payment of prescribed charges. Water containers have also been provided in the coaches to provide cold water. A pantry car has been provided on this train to supply hot food. A lending library has also been introduced on the train.

**PROF. P. G. MAVALANKAR:** Sir, I do wish to congratulate my friend, the Railway Minister for starting this new train which has been a great help and it was welcomed by many people. 'Classless society' is all right. But I do not know why he calls it a 'classless train'. What he means is a single class train—only the second class. I would like to ask him, apart from congratulating him on this and also congratulating him on the name given 'Navajivan Express', a very significant and good name, and it is his choice I understand—I congratulate him for that also—just as he has given the name 'Gitanjali Express' to the train from Calcutta to Bombay, which is also his choice, whether the Government will eventually consider increasing the periodicity of the Navajivan Express between Ahmedabad and Madras. Today it is a weekly train. But I would like to know whether it can be made more than weekly—twice or thrice a week. Secondly, I would like to know whether this train—I do not want to take the time by going into the whole route—will also be rout-

ed in such a way so as to enable hundreds of thousands of people of Andhra Pradesh who live in Ahmedabad, Baroda and other places in Gujarat to catch this train and get down at a particular station to go on their onward journey to Hyderabad and other places.

**PROF. MADHU DANDAVATE:** He has congratulated me, but during the Question Hour he must only say "Whether I can congratulate." Anyway, he has congratulated me. I am thankful to him. As for the suggestions which he has made, we have already made the announcement. Firstly, as far as the frequency of the train is concerned, the occupation of train goes on increasing as the frequency increases. It is directly proportionate to the occupation and therefore, we are watching the occupation of the train. Secondly, we quite see the difficulties of people coming from other regions of South like Andhra, Mangalore, and Kerala. I have already announced while introducing the train that within a few days we are going to have some additional bogies for people travelling to Kerala and other parts so that they should be able to get full advantage. In addition to that ...

**SHRIMATI PARVATHI KRISHNAN:** At least you give South Indian names to the additional bogies.

**PROF. MADHU DANDAVATE:** Yes, we will give. For that I will consult Shrimati Parvathi Krishnan and I am sure that she will give a good suggestion. Then there was also a suggestion from the passengers from Ahmedabad, that till the new bogies are introduced, some re-adjustment of the time-table can be made for the people in the South, so that when they reach Madras, if they have to get connecting trains for the southern region, adequate connections should be available. We are examining that problem.

As far as the third question is concerned, we are trying to give more

facilities, and you will be happy to know that our idea is to give more connections between Ahmedabad and Madras, not only in terms of carrying passengers, we have also tried to depict, in this very train, the saga of Indian freedom movement, in which the important events in the life of Gandhiji when he led the struggle, have been pictorially inscribed, and important quotations have also been inscribed. We have received very good response to it.

PROF. P. G. MAVALANKAR: Music is also very important. Music is soothing.

PROF. MADHU DANDAVATE: If he travels by this train, he will find that the entire music of the wheels is also very pleasant.

PROF. P. G. MAVALANKAR: He said in his answer that it was a fully reserved train. I want to know whether reservations are also possible for the passengers to Madras or vice-versa at the intermediate stations, and whether the janata bed rolls which are provided are really of good quality or they are only of janata quality. (Interruptions) When we give things free or at low cost, we don't look at the quality. I want that quality things should also be given. We should not look merely at the price. I did not mean Janata Party quality! I said janata quality. I want to know whether the quality of the thing will be looked after, and what is the fee charged for the bed roll? Finally, the Railway Minister has already started this train. There is also a train from Ahmedabad to Calcutta. Will he also think of having a train by name 'Young India'—a name also given by Gandhiji—between Ahmedabad and Delhi via Jaipur, so that these States can also be connected?

MR. SPEAKER: The last question does not arise.

PROF. MADHU DANDAVATE: As far as part A of the question is concerned, the entire train is so devised

that it starts from Ahmedabad, goes to Baroda, then to Surat, Nandurbar, Jalgaon, Manmad, Dhond, Sholapur, Guntakkal, Gooty, Renigunta and then to Madras. The tickets for all the stations are available. Reservations for the intermediate stations are available. And since the train does not stop in between these stations, the question of reservation does not arise, for others.

Secondly as regards the janata bed rolls, if the hon. Member travels by this train, he will find that we have taken proper precaution to provide clean janata bed rolls, so that passengers should have sound sleep and not be disturbed by the bad smell of the janata bed roll. That precaution has been taken.

As regards the extension of the train, Members will be very happy to know that we want such facilities to be extended to different regions. And, therefore, we are already examining the starting of such classless trains, with all these facilities. We are examining the problem of starting them between Bhubaneswar-Secunderabad; Secunderabad-Bombay and similarly between Ahmedabad-Bhavnagar-Porbandar and also between Bhubaneswar and Delhi via Asansol.

MR. SPEAKER: Mr. Minister, you are extending the scope of the question.

PROF. MADHU DANDAVATE: He has asked the question.

MR. SPEAKER: That is why I said that the last question need not be answered. Once you extend the scope of the question, the supplementaries will also be extended.

PROF. MADHU DANDAVATE: Now about the last train. I have mentioned these trains. There is also one train in the northern region, I must mention it. Otherwise I will be guilty of regionalism. There is the Howrah-Jammu train which will pass through Patna, Lucknow and Ludhiana. We are also trying to examine it.

**SHRI VIJAYKUMAR N. PATIL:** Will the Minister consider the possibility of linking Nardana and Dhule line, a distance of 20 miles with this train? It is lying in the region between Ahmedabad and Madras. This Nardana-Dhule-Chalisgaon line will reduce the distance between Ahmedabad and Madras by this train by 60 miles. There is already a demand placed on the Government by the people of Dhule district, for the provision of this 20-mile link between Nardana and Dhule.

**PROF. MADHU DANDAVATE:** That is altogether a different question.

**MR. SPEAKER,** Mr. Minister, You have opened the topic. That is the difficulty. Anyway, the Minister will consider that.

**SHRI VIJAYKUMAR N. PATIL:** Will the Government agree to this at least?

**PROF. MADHU DANDAVATE:** I am saying that already we have received a memorandum on those lines. We will take it into account. I am not going to give a firm commitment. Unless we examine the problem, it is not proper to give a reply.

**MR. SPEAKER:** May I suggest that the Minister may kindly reply to the question? Do not enlarge the scope. Then it will enlarge the scope of the supplementaries. That is my request to all of you.

#### Train Accidents

\*765. **SHRIMATI BIBHA GHOSH GOSWAMI:** Will the Minister of RAILWAYS be pleased to lay a statement showing

(a) total number of train accidents during the last six months;

(b) total number of people died in these accidents;

(c) details zone-wise; and

(d) total amount paid as compensation?

**THE MINISTER OF RAILWAYS (PROF. MADHU DANDAVATE):** (a) to (d). A statement is laid on the Table of the Sabha.

#### Statement

The number of train accidents in the categories of collisions, derailments, level crossing accidents and fires in trains which occurred on the different Railways during the period 1-10-1977 to 31-3-78 and the number of persons killed therein is given below:—

Railway	No of train accidents	No. of persons killed
1. Central . . .	67	8
2. Eastern . . .	26	8
3. Northern . . .	62	77
4. North Eastern . . .	35	4
5. Northeast Frontier	29	..
6. Southern . . .	43	8
7. South Central . . .	32	12
8. South Eastern . . .	59	..
9. Western . . .	59	22
TOTAL . . .	412	139

(d) A sum of Rs. 2 51 lakhs approximately has been paid as compensation under the Indian Railways Act, 1890 to the victims or their dependents involved in train accidents during the period from 1st October, 1977 to 31st March, 1978. The other claims are pending in the courts of the Ad-hoc Claims Commissioners/Ex-officio Claims Commissioners and the payment will be made to the claimants on the basis of the verdicts of the courts.

Out of 16 Railway employees who were killed on duty in these accidents, a sum of Rs. 3,32,100 has been paid as compensation due under the Workmen's Compensation Act 1923 in the case of 14 deceased employees.

**SHRIMATI BIBHA GHOSH GO-SWAMI:** The Minister must be aware that there is a widespread feeling that the maintenance of the railways is not up to the mark, especially, in regard to gangmen etc the accepted formula for appointment or maintenance of manpower, what is called the Muffin formula, that formula has been given up in many of the sections. The result is that vacancies caused by death or retirement are never filled up. Considering also the fact that the volume of traffic has gone up several times, this is a real danger for the safe running of trains. I want to know whether the Minister has gone through all these questions and whether he is considering the replacement of those vacancies caused by death and retirement by appointing more gangmen and other manpower necessary for fulfilling the Muffin formula at least, if not more staff.

**PROF MADHU DANDAVATE:** There are two aspects of the problem. One is maintenance. The second is the question of allotment of work to gangmen and judicious implementation of the formula that has been observed so far. I am very happy to inform the House that recently we had tried to strengthen and to reinforce all our maintenance arrangements and a number of mechanical devices are also being introduced. As far as the problem of gangmen is concerned, I have said it in this very House, that for a variety of reasons we would prefer to introduce the concrete sleepers, instead of the wooden sleepers, because the durability of the concrete sleepers in the long run will be very high, about 50 years instead of the usual 12 to 15 years for wooden sleepers. When we are introducing the concrete sleepers, in that new arrangement, gangmen are not able to do it manually and, therefore the job has to be done mechanically. But even with this mechanisation, we will see that the gangmen will

not be shifted. As regards the initial complaint that she has mentioned, we will see to it that when vacancies of gangmen occur, we will not allow those vacancies to go uncovered or unfilled. Injustice to gangmen will always be avoided.

**SHRIMATI BIBHA GHOSH GO-SWAMI:** There have been 412 train accidents causing 129 deaths. I want to know in how many cases sabotage was the cause of the accident.

**PROF MADHU DANDAVATE:** I have already informed the House a number of times that from 1st April 1977 to 31st March 1978 we detected 127 obstructions in the path. Some of them were by way of removal of fish-plates, in some places the rails were cut. Even though 127 attempts were made, 8 of them resulted in accidents due to sabotage. In addition to other steps, in November we set up a patrolling agency of 25,000 men—14,000 gangmen and 11,000 RPF men—and I am very happy to say that after starting the practice of patrolling from 23rd December 1977 not a single accident due to sabotage has taken place, and that is a tribute to our gangmen and RPF men.

**SHRI T A PAI:** May we know whether the Minister has raised the quantum of compensation in the case of deaths from Rs 50,000 to Rs 1 lakh because the cess collected is leaving an insufficient balance every year and it would be fair that the travellers by trains are treated on a par with travellers by planes?

**PROF MADHU DANDAVATE:** The hon Member, who is also an ex-Railway Minister, is aware of the fact that even this particular quantum of compensation of Rs 50,000 was introduced after considerable discussion. Normally, there is some sort of link between the compensation paid to the victims by the railways and the compensation paid by

the railways. In air, the risk is supposed to be enormously large and, therefore, to that extent the compensation quantum has always been more there. There is a certain international concept that has been accepted, and it has always been accepted that whenever there is an upward revision of the one, there is an upward revision of the other. In fact, I myself had suggested that this should be examined. We have examined this and come to the conclusion that the maximum compensation should be Rs. 50,000 and that if we revise it upwards, the compensation to the air victims will have also to be raised. At present we are confining ourselves to Rs. 50,000. Let there be no incentive for accidents.

**SHRI SHAMBU NATH CHATURVEDI:** May I know how the accident figures of the current year compare with the figures of the previous years?

**PROF. MADHU DANDAVATE:** In 1974-75 for this period the number of accidents was 479. They are 412 for this year. In 1975-76 it was 428, in 1976-77 it was 368 and in 1977-78 it is 412.

**SHRI BEDABRATA BARUA:** May I know from the hon. Minister what has happened to the theory of sabotage? Has it remained only a theory or has there been any finding also that many of these accidents took place due to sabotage resulting in loss of life and property? I would like to know whether, after six months or one year of propounding this theory, Government has come to any conclusion as to who indulged in this sabotage. It is no use saying there is sabotage, but we do not know who did it. We should be told if they suspected certain elements and have made certain findings about the matter.

**PROF. MADHU DANDAVATE:** There is no question of a theory of sabotage. If sabotage were to re-

main in theory, I would have been extremely happy. Then there would have been no danger at all. But it has been put into practice.

There were 127 obstructions to the railway track in the form of removal of fish plates, tampering with the track cutting of the rails etc. They resulted ultimately in eight accidents. Even after introducing patrol, we find that 27 attempts at sabotage were there, but they were detected by our patrolmen well in time before the trains could pass. In the case of these eight accidents which were due to sabotage, there is no clear-cut indication. The final report has yet to come.

In one case, 13 men at Murtajapur have been arrested, but I wish to make it clear that they do not happen to be railway employees, because a theory is sought to be built that because bonus has not been given there is discontent and the workers are indulging in it. In 1974, there was the maximum discontent and a 20 days strike, but not a single act of sabotage took place even during that struggle. Therefore, I do not want to allege that the railway workers are indulging in this. No railway worker has committed any act of sabotage.

**SHRI BEDABRATA BARUA:** Are political elements involved in it?

**PROF. MADHU DANDAVATE:** The enquiry is going on. No political identity has been established, but it has been established that they are not railway workers. That much I can say.

उत्तर प्रदेश में तेल और गैस की खोज

\*766. श्री रामधारी शास्त्री : क्या पेट्रोलियम तथा रसायन और उर्ध्वक मंत्री यह बताने की कृपा करेंगे कि :

(क) उत्तर प्रदेश के किन किन स्थानों पर तेल और गैस की खोज की जा रही है और इसमें कितनी प्रगति हुई है; और

(ख) क्या देवरिया जिले में भी ऐसी खोज की जा रही है और यदि हा, तो तत्सम्बन्धी ब्यौरा क्या है ?

पेट्रोलियम तथा रसायन और उर्बरक मंत्रालय में राज्य मंत्री (श्री जनेश्वर मिश्र) : (क) इस समय श्री० एन० जी० सी० उत्तर प्रदेश के पीलीभीत जिले में पूरनपुर के पास एक कुए की खुदाई कर रहा है। अभी तक 402 मीटर गहराई तक कुए की खदाई की जा चुकी है।

(ख) जी नहीं। परन्तु देवरिया जिले में भूकम्पीय सर्वेक्षण का काम चल रहा है।

श्री रामधारी शास्त्री उत्तर प्रदेश में किन किन स्थानों पर इस तरह का सर्वेक्षण चल रहा है ? क्या उत्तर प्रदेश में पीलीभीत के अलावा और कहीं भी इस तरह का सर्वेक्षण चल रहा है ?

श्री जनेश्वर मिश्र इस समय पीलीभीत के अलावा और कहीं सर्वेक्षण नहीं चल रहा है।

श्री रामधारी शास्त्री • देवरिया जिले में जा काम चल रहा है वह किन किन स्थानों पर चल रहा है ? और वह काम कब तक पूरा हो जायेगा ?

श्री जनेश्वर मिश्र एक सिम्मेक पार्टी गोरखपुर और देवरिया जिलों में काम कर रही है। उस के सर्वेक्षण के आकड़ों का इस्टीमेट आक पेट्रोलियम एक्सप्लोरेशन आयोग कर रहा है। इस बारे में और कोई ब्यौरा अभी देना मुश्किल है।

श्री राम बिलास पासवान : मैं जानना चाहता हूँ कि अभी तक किन किन स्थानों पर तेल और गैस की खोज की गई है और वहाँ से कितना तेल और गैस निकल रही है। उत्तर प्रदेश के अतिरिक्त किन किन राज्यों में

MR SPEAKER This question is related only to Uttar Pradesh

श्री जनेश्वर मिश्र : उत्तर प्रदेश में चार जगहों—उझानी, कासगज, निसहर और मोहद में पहले तेल की खोज का प्रयास किया गया था। लेकिन वहाँ जो कुए खोदे गये, उनसे कोई सफलता नहीं मिली।

श्री ब्रजलूचन तिवारी : क्या उत्तर प्रदेश में और जगहों पर सर्वेक्षण कराने का कोई प्रस्ताव सरकार के सामने है ?

श्री जनेश्वर मिश्र : जिन जगहों के बारे में मैंने बताया है उन के अलावा केवल गोरखपुर के पूर्व में गडक की तलहटी में एक मिस्मिक दल भेजने के लिए श्री० एन० जी० सी० विचार कर रहा है।

गया में उपरि पुल

769. श्री ईश्वर चौधरी क्या रेल मंत्री यह बताने की कृपा करेंगे कि।

(क) क्या मन्त्रालय ने गया (बिहार) जंक्शन पर उपरि पुल बनाने और उसे अप्रैल 1974 तक पूरा करने का आश्वासन दिया था,

(ख) यदि हा, तो उसे अब तक पूरा न करने के क्या कारण है और

(ग) यह उपरि पुल सम्भाव्यतया कब तक पूरा हो जायेगा ?

रेल मन्त्रालय में राज्य मंत्री (श्री शिव नारायण) : (क) से (ग). एक बिबरण सभा पटल पर रख दिया गया है

बिबरण

(क) से (ग) यात्री यातायात के लिए गया जंक्शन पर एक ऊपरी पुल पैदल पहले से है। गया रेलवे स्टेशन पर एक दूसरे पैदल पुल के निर्माण का काम 1973-74 के रेलवे निर्माण कार्यक्रम में शामिल किया गया था।

पुल की नींव और इस्पात के काम की विरचना सम्बन्धी कार्य पूरे हो गये हैं तथा संरचनाओं के निर्माण का काम शुरू कर दिया गया है।

गया स्टेशन एक व्यस्त बिद्युती कृत खण्ड पर स्थित है, अतः पुल का निर्माण बहुत ही सावधानी से करना होगा क्योंकि बिजली के ऊपर तार आदि हटाने पड़ेंगे। अतः यह काम ऐसे चरण बढ तरीके से करना होगा जिससे यातायात में कोई बाधा न पड़े। आशा है कि यह काम 1979 के अन्त तक पूरा हो जायेगा।

श्री ईश्वर चौधरी : पिछली सरकार ने यह वचन दिया था कि इस पुल के सम्बन्ध में सब काम अप्रैल, 1974 तक पूरा कर दिया जायेगा। अब सरकार ने वचन दिया है कि यह काम 1979 तक पूरा कर दिया जायेगा। इस के लिए मैं मंत्री महोदय को धन्यवाद देना चाहता हूँ। जैसा कि मैंने कहा है, पिछली सरकार ने इस काम को अप्रैल, 1974 में पूरा करने का वचन दिया था। उसके कितने बरस बाद मैं यह प्रश्न कर रहा हूँ। मैं यह जनना चाहता हूँ कि क्या मंत्री महोदय इस कार्य में तेजी लाने के लिए कोई व्यवस्था करेंगे। जहाँ तक मुझे जानकारी है वह काम अभी शुरू नहीं हुआ है। पुल के फाउंडेशन का काम पूरा हो गया है। यह काम बहुत धीमी गति से चल रहा है। क्या मंत्री महोदय इस में तेजी लाने के लिए कोई योजना बना रहे हैं ?

श्री शिव नारायण : पिछली सरकार की जिम्मेदारी तो हमारी नहीं है। जनता सरकार ने जिम्मेदारी ली है और हम बहुत तेज चल रहे हैं।

श्री ईश्वर चौधरी : क्या मंत्री महोदय बतायेंगे कि इस पुल की लंबाई और चौड़ाई कितनी है ? इस पुल पर आवागमन की

क्षमता कितनी है ? यह पुल 1974 में बन जाना चाहिए था, लेकिन वह 1976 और 1977 में भी नहीं बन पाया। अब 1978 हो गया है। क्या जनता पार्टी के मिनिस्टर महोदय अपनी इस गलती को स्वीकार करेंगे कि यह पुल इस बरस बन जाना चाहिए था जब कि वह नहीं बना है ? क्या उन की तेजी का यही लक्षण है ?

श्री शिव नारायण : इस की लंबाई 109 मीटर और चौड़ाई 2.44 मीटर होगी :

श्री मोहम्मद शकी कुरैशी : आप की लंबाई कितनी है ?

شہو محمد قریشی : آپ کی

لمبائی کتنی ہے

श्री शिव नारायण : 5 फुट 6 इंच।

#### WRITTEN ANSWERS TO QUESTIONS

##### Rajdhani Express

\*766. SHRI A. K. ROY: Will the Minister of RAILWAYS be pleased to state:

(a) what is the per cent occupancy, punctuality and economy (with break up details) of Rajdhani Express;

(b) whether it is a fact that this Express is a big white elephant on the Railways enjoyed only by the upper strata of the society; and

(c) whether the Government proposes to substitute it by a Janata Rajdhani Express in near future?

THE MINISTER OF RAILWAYS (PROF. MADHU DANDAVATE): (a) to (c). The occupation of Howrah—New Delhi Rajdhani Express ranges between 63 and 100 per cent in IAC and 87 to 100 per cent in A.C. Chair Car and that of Bombay Central—New Delhi Rajdhani Express ranges between 70 and 100 per cent in IAC and 83 to 100 per cent in A.C. Chair Car. Out of 51

trips run during January to March, 1978, New Delhi—Howrah and New Delhi—Bombay Central Rajdhani Express trains ran to time on 43 and 44 occasions respectively. The comparative earnings of Rajdhani Express with other trains running on these routes show that it is economical. In order to avoid dust nuisance at the high speeds of these trains, air-conditioning is essential. This train is highly appreciated especially by tourists coming from foreign countries. Ordinary coaches cannot be attached to these high speed trains.

(ख) यह लेखापरीक्षा कब आरम्भ की गई और इसके क्या परिणाम निकले ?

The matter was taken up with the company. The company explained that due to continuous flow of company's goods to the redistribution stockists and the adverse experience the company had in the matter of bouncing of cheques, it was decided to cover a part of its risk of bad debts by taking from the distribution stockists an advance to cover partly the price of goods continuously being sold and supplied to them. The company explained that taking such advances to cover the risk of bad debts was prudent business practice and any supplier of goods cannot be compelled to extend credits or to supply the goods otherwise than on cash payment, simultaneously, with the delivery of goods to the purchaser. It was also explained that since these were in the nature of security advances for price of goods continuously supplied to the distribution stockists, the question of payment of interest did not arise. The company contended that at any given time the value of goods sold including those in transit

to the distribution stockists in which the company had already transferred ownership to them was far more than the security advance standing to their credit. The company also added that it was not correct that these advances were not disclosed in the Balance Sheets.

In this connection, it is seen that the following amounts have been stated in the company's balance sheets under the head 'Security Advances.'

Financial year	Amount of Security Advance (Rs. in lakhs)
31-12-1974 . . . . .	224'37
31-12-1975 . . . . .	188'54
31-12-1976 . . . . .	270'73
31-12-1977 . . . . .	300'29

Under the Companies Act, no permission is required to be taken from Government to accept such Deposits.

### मनसाई स्टेशन का विकास

7141. श्री युवराज : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या पूर्वोत्तर सीमा रेलवे के कटिहार डिबीजन के मनसाई, महिमपुर और तेजनारायणपुर रेलवे स्टेशनों के विकास के लिए समुचित प्रबंध है।

(ख) क्या उपरोक्त सभी क्रासिंग स्टेशन 'ख' श्रेणी के स्टेशन थे लेकिन अब उन्हें 'घ' श्रेणी के स्टेशनों में बदल दिया गया है; और

(ग) यदि हाँ, तो सिगनल लगाने, चतुर्थ श्रेणी के कर्मचारियों को वापस लेने, रेल गाड़ियों के लिए क्रासिंग सुविधाओं की व्यवस्था करने और उपरोक्त स्टेशनों को पुनः 'ख' श्रेणी में बदलने के लिए कब तक प्रबंध कर लिए जाएंगे।

रेल मंत्रालय में राज्य मंत्री (श्री शिव नारायण) : (क) से (ग). फरक्का और कुमेदपुर होकर बड़े धामान की लाइन खोलने के पश्चात् कटिहार-मनिहारीघाट पर चलने वाली गाड़ियों की संख्या में बहुत कमी हो गई थी और इन तीन स्टेशनों को 'बी' श्रेणी के लाइन क्लियर स्टेशनों के रूप में बनाये रखने का कोई भी चिन्तन नहीं था। इसलिए वर्ष 1969 में मनसाई को 'डी' श्रेणी में और महियारपुर और तेजनारायणपुर को 'डी' के श्रेणी में बदल दिया गया था तथा इन स्टेशनों पर सभी यात्री सुविधाओं तथा अन्य सुविधाओं को बरकरार रहने दिया गया था। इन स्टेशनों पर कार्य-भार के अनुसार श्रेणी 4 के कर्मचारियों को तैनात किया गया है। इन स्टेशनों को फिर 'बी' श्रेणी में बदलने का न तो कोई भी चिन्तन है और न ही आवश्यकता।

be pleased to state:

(a) the number of unlicenced producers of lubricants and greases in the country;

(b) whether it has been established that the sub-standard and spurious products marketed by these producers are playing havoc with the sophisticated machinery and equipment; and

(c) the firm step taken by Government to curb the activities of these unlicenced producers of lubricants and greases?

THE MINISTER OF STATE IN  
THE MINISTRY OF PETROLEUM  
AND CHEMICALS AND FERTILI-  
ZERS (SHRI JANESHWAR MISH-  
RA): (a) The information is not  
available with the Government.

(b) and (c). Substandard and spurious lubricants if used in sophisticated machinery and equipment will cause damage but the extent to which this is taking place is not known. However, to prevent this and ensure proper quality of the lubricants the following steps are taken/contemplated.

2. The State Governments/U.T. Administrations have been advised to invoke the powers available with them under the Indian Penal Code and deal severely with adulterators of petroleum products.

3. Apart from initiating follow-up action on the measures suggested by an expert panel set up by the Government to look into the problem of adulteration/misuse of lubricants Government have prescribed a scheme of discipline in regard to distribution of lubricants which is required to be implemented by all the major oil companies. The oil companies have

been conducting surprise checks on their retail outlets/agents with a view to ensuring that there are no malpractices in distribution of lubricants through their outlets. The oil companies have also been asked to increasingly take up direct sales to all the major consumers. Some of the further steps being contemplated with the objective of minimising the circulation of spurious lubricants are set out below:

- (i) Government propose to make use of the ISI mark mandatory for all manufacturers of automotive oils, industrial oils and greases. The details in this regard are being worked out in consultation with the ISI and other concerned organisations.
- (ii) stricter control has been prescribed over allocation of feedstocks for the purpose of lube manufacture. The idea is to ensure proper accountal of feedstock releases as related to the output of the end-product.
- (iii) The oil companies have been asked to eliminate intermediaries and prevent multiplication of agencies engaged in lube distribution so as not to weaken effective control by the oil companies over their operations.
- (iv) The oil companies have been asked to launch a major publicity drive to bring about greater consumer awareness and involvement.
- (v) Specifically in regard to the activity of re-refining of used lubricants which is potentially a major source for adulteration of lubricants decisions have recently been taken to introduce a scheme for voluntary registration of re-refiners who fulfil the basic quality

criteria and possess the requisite facilities including in-process quality controls.

4. An Industry Group is presently engaged in the task of evaluating in depth the problems in this field including the specific aspects of the adequacy of the existing laws for curbing the activities of manufacturers of spurious lubricants. They have been asked to come up to the Ministry with definite and concrete suggestions for implementation.

(c) how many new licences would be given for producing Industrial Alcohol and whether such industries would be set up in rural areas near sugarcane producing zones?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND CHEMICALS AND FERTILIZERS (SHRI JANESHWAR MISHRA): (a) The current availability of molasses in the country is of the order of approximately 22 lakh tonnes per annum. About one lakh tonnes of molasses is utilised for cattle feed and fodder and other miscellaneous uses like tobacco curing. The remaining quantity of molasses is used in the distilleries for the production of ethyl alcohol (rectified spirit). About 70 per cent of the rectified spirit is

utilised for industrial purposes and the remaining 30 per cent is used for manufacturing potable liquors.

### बरेली स्टेशन

7226. श्री सुरेन्द्र बिक्रम . क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या उन्हें पता है कि उत्तर रेलवे में बरेली स्टेशन के प्लेटफार्म संख्या 4 के पानी के नल सांय पांच बजे से दस बजे तक सूखे रहते हैं जिसके परिणामस्वरूप यात्रियों की भारी कठिनाई होती है; और

(ख) यदि हां. तो क्या इस बारे में बहुत सी शिकायत भी शिकायत पुस्तिका में दर्ज की गई हैं और यदि हां. तो लोक महत्त्व के इस मामले पर कोई कार्यवाही न करने के क्या कारण हैं और क्या डिविजनल सुपरिन्टेन्डेंट मुराबाबाब ने इस बारे में कोई ध्यान नहीं दिया था ?

रेल मंत्रालय में राज्य मंत्री (श्री शिव नारायण) : (क) और (ख) उत्तर रेलवे बरेली स्टेशन के सभी प्लेटफार्मों पर पानी की सप्लाई 24 घंटे रहती है, लेकिन एक नलकूप के चितरण पाइप के फट जाने के कारण, पानी

का दबाव 31-3-78 से 2-4-78 तक पर्याप्त नहीं था और इसके फलस्वरूप इन तीनों दिन व्यस्ततम भ्रमण के दौरान प्लेटफार्म नं० 4 के नलों में पानी नहीं था। पाइप लाइन की 2-4-78 को मरम्मत की गयी थी और तब से प्लेटफार्म नं० 4 पर नलों में पर्याप्त पानी है।

पानी की अपर्याप्त सप्लाई के संबंध में कुल मिलाकर 4 शिकायत प्राप्त हुई थीं जिनमें से एक 31-3-78 और दूसरी 2-4-78 को प्राप्त हुई थी। अन्य दो शिकायतें बहुत पुरानी, बिना तारीख और बिना हस्ताक्षर की हैं।

रेल मंत्रालय में राज्य मंत्री (श्री शिव नारायण) : (क) प्रसोधित मैफलिन फार्मूला स्थगित कर दिया गया है।

(ख) प्रश्न नहीं उठता।

(ग) यह रिक्त स्थानों और उन प्रत्याशियों की उपयुक्ता पर निर्भर करता है जिनका स्थायी संवर्धन में गैंगमैनों के रिक्त स्थानों पर भर्ती के लिए चयन किया जाना होता है।

### Ticketless Travel

7231 PROF. P. G. MAVALANKAR: Will the Minister of RAILWAYS be pleased to state

(a) whether ticketless travel is still largely prevalent in the country;

(b) if so, its magnitude, usual regions wherein it is noticed more and the overall loss of revenues to the Railways on this count; and

(c) steps being taken to effectively check the said evil and with what concrete results?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN): (a) to (c). To combat the evil of ticketless travel on the Indian Railways, apart from normal ticket checking arrangements, vigorous ticket checking drives are undertaken. During the period 1-4-1977 to 28-2-1978, 99,442 special checks were conducted as against 88,737 during the corresponding period of last year. As a result of these concentrated drives, the sale of tickets and earnings realised therefrom during the period 1-4-1977 to 28-2-1978 have shown considerable increase over the figures for the corresponding period of last year. The extent of ticketless travel tends to vary from area to area and in each area from train to train. On the basis

of sample checks conducted on all Indian Railways during the year 1976-77, the loss on account of ticketless travel was estimated at about Rs 18 crores per annum.

There has been no let-up in the drive against ticketless travel. The ticket checking activities have been further intensified.

**Movement of Coal by Railways to Gujarat**

7233. PROF. P. G. MAVALANKAR: Will the Minister of RAILWAYS be pleased to state:

(a) whether Government are aware that the movement of sponsored quota coal in South Gujarat is seriously affected because of the recent abrupt 35 per cent cut imposed by the Railway Board;

(b) if so, reasons for effecting such a cut; and

(c) what steps Government are taking to improve and augment the movement of coal by the railway efficiently and speedily?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN): (a) No such cut has been imposed by the Railway Board.

(b) Does not arise.

(c) All efforts are being made by the Railways to maintain the loading of coal to the maximum extent possible.

**Project Rates to Casual Gangmen**

7234. SHRI A. K. ROY: Will the Minister of RAILWAYS be pleased to state:

(a) the policy and principle adopted by the Ministry in the matter of giving Project Rates to the casual Gangmen working in Open Line and depriving them of the project rates again in case of their absence for more than 20 days in subsequent 6 months due to illness or other genuine reasons;

(b) justification for introducing project Rates and C.P.C. Scales partially to casual Gangmen for the same nature and specification of work in open line;

(c) total numbers of Casual Gangmen, given C.P.C. Scales and Project Rates in Dhanbad Division since 1976; and

(d) reasons for giving Project Rates, mentioning the date of introduction

of this new system in open line of Dhanbad Division?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN): (a) and (b). On the open line Casual labourers are on daily wages for the first 120 days. On completion of 120 days continuous service they are granted temporary status with monthly rates of pay and are eligible for almost all the benefits given to temporary Railway servants. On projects, on completion of 6 months they are given the scale rate of pay. These are in accordance with the recommendations made by the Miabhoj Tribunal. Project casual labourers cannot be allowed to abstain from work for long periods. Hence they have been given 20 days authorised absence for contingencies like illness, etc. Any absence beyond this limit is treated as a break in the continuity of employment and they have to complete another six months of continuous service before being entitled to scale rate of pay.

(c) and (d). Information is being collected and will be laid on the Table of the House.

**Strike by Technical Supervisors of Sindi Unit of F.C.I.**

7235. SHRI A. K. ROY: Will the Minister of PETROLEUM, CHEMICALS AND FERTILIZERS be pleased to state:

(a) whether it is a fact that the Technical Supervisors of Sindi Unit of the Fertilizers Corporation of India are on hunger strike since 20th March, 1978 if so, details of their demands;

(b) whether it is a fact that the demand of the technical supervisors are pending before his Ministry since long and the matter is still under consideration; and

(c) if so, how long the matter will remain under consideration and what steps Government will take to end the strike of the Technical Supervisors?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND CHEMICALS AND FERTILIZERS (SHRI JANESHWAR MISHRA): (a) and (b). The Technical Supervisors of the Sindri Unit resorted to hunger strike to press their demand for introduction of single channel of promotion for degree and non-degree holder engineers in the F.C.I. The agitation was withdrawn consequent on the decision of the F.C.I. to introduce single channel of promotion.

(c) Does not arise.

#### Award of Mjabbey Tribunal

7236. SHRI A. K. ROY: Will the Minister of RAILWAYS be pleased to state:

(a) whether it is a fact that 180 gang men of Barakar and Kalvobathen PWI of Asansol division have been stopped from duty since 18th March, 1978 as they refused to accept artificial break in service to remain deprived of the CPC for ever;

(b) whether it is a fact that the system of artificial break in service is not in the spirit of the Award of Mjabbey Tribunal; and

(c) if so, whether the Government would give instructions to stop such practice?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN): (a) No. They, in fact, refused to accept appointment on 16-3-1978 against a new sanction after the expiry of the temporary sanction for the earlier work. They have, however, resumed working from 28-3-1978.

(b) and (c). The existing rules provide that casual labour should not deliberately be discharged with a view to causing an artificial break in their service. These instructions have been reiterated from time to time.

#### बम्बई हाई में तेल का उत्पादन

7237. श्री कुबेन्द्र सिंह: क्या पेट्रोलियम, रसायन और उर्वरक मंत्री यह बताने की कृपा करेंगे कि:

(क) इस समय बम्बई हाई से प्रति महीने/प्रति वर्ष कितनी मात्रा में तेल निकाला जा रहा है;

(ख) इसमें कितनी मात्रा में पेट्रोल का उत्पादन होता है और देश में कुल पेट्रोल उत्पादन में इसकी प्रतिशतता क्या है, और

(ग) बम्बई हाई से प्रति वर्ष अधिकतम कितना तेल निकाले जाने की सम्भावना है तथा यह लक्ष्य कब तक प्राप्त किया जायेगा?

पेट्रोलियम तथा रसायन और उर्वरक मंत्रालय में राज्य मंत्री (श्री जतिनवर मिश्र)

(क) 18-1-1978 में बम्बई हाई से उत्पादन की दर 80,000 बैरल प्रतिदिन तक हो गया है जो कि 4 मि० मी० टन प्रतिवर्ष के बराबर है। 5-4-1978 में प्लेटफार्मे 'एफ' का निर्माण करने और अतः सागरीय पाइपलाइन बिछाने के कारण उत्पादन रोक दिया गया है। इनके आगमन हुआ जाने के बाद रोजाना की उत्पादन दर लगभग 100,000 बैरल प्रतिदिन अर्थात् 5 मि० मी० टन प्रति वर्ष के बराबर बढ़ाया जा सकता है।

(ख) सूचना एकत्र की जा रही है और मन्षा पटल पर रख दी जायेगी।

(ग) मार्च 1980 में बम्बई हाई के विकास चरण III पूर्ण होने पर बम्बई हाई से संभाव्य उत्पादन प्रतिवर्ष 6 मि० मी० टन होने की आशा है और 1981-82 तक चरण I के पूर्ण होने पर उत्पादन क्षमता 10 मि० मी० टन प्रति वर्ष हो जायेगी।

**Heavy Repair Shop Electrical,  
Kharagpur**

7238 SHRI DINEN BHATTACHARYA Will the Minister of RAILWAYS be pleased to state

(a) is it correct that the Heavy Repair Shop, Electrical at Kharagpur is not being put to full use and there is idle capacity while the work is being transferred elsewhere,

(b) is it correct that after such transfer of work the same is being entrusted to private firms which costs nearly double than Kharagpur estimated cost,

(c) whether the Government has received any representation on the subject,

(d) if so, what are the facts and demands, and

(e) what steps the Government propose to take to do away with the idle capacity?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN) (a) and (b) No

(c) to (e) Yes Representation from the Working President and Secretary on behalf of Heavy Repair Shop Electrical Staff Council Kharagpur addressed to the Honble Railway Minister has been received The issues raised and the actual facts are indicated below

(1) Shifting of the work from Heavy Repair Shop at Kharagpur to Tatanagar

Repair facilities were set up at Tatanagar as approved by the Board to take care of the additional workload on account of increase in electrical assets The work between the two repair shops has been rationalised Kharagpur shops repair machines of General Services and Train Lighting while Traction Repair shop Tatanagar, repairs traction motors, transformers etc of Electric locomotives The rationalisation has been done to avoid infructuous expenditure due to haulage of defective and repaired equipment

(u) Entrusting of the work to the private firms at higher costs

The repair work has been off loaded to the trade only after utilising the full capacity of Kharagpur and Tatanagar Shops and only to the extent these shops were not able to undertake repairs of defective equipment thereby leading to heavy loss Works Contracts were placed after due process of tendering and observance of all laid down procedures with due finance concurrence The cost of the work by trade for such works for which facilities exist at Kharagpur Shop is not higher than the estimated cost of the same at Kharagpur shop

(iii) Surrendering of the staff sanctioned for repair of traction motor armatures at Kharagpur

The total workload at Kharagpur has not come down No staff at Kharagpur Workshop has been rendered surplus There is no idle capacity

**Micro-wave section of S & T Department in S.E Railway**

7239 SHRI DINEN BHATTACHARYA Will the Minister of RAILWAYS be pleased to state

(a) whether the Government have received any representation against curtailment of posts and reversion of staff in the Micro-wave, section of Signal and Telecommunication Department in S E Railway,

(b) if so, the details thereof, and

(c) the decision of the Government on the same?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN) (a) to (c) Norms for providing maintenance staff for multi-channel radio relay systems (Micro-wave, UHF and VHF) have been evolved by the Ministry after a detailed investigation of the maintenance workload at different types of repeater stations and having due regard

to the pattern of staffing followed by the Zonal Railways and the Posts & Telegraphs. With the implementation of the new norms the maintenance staff strength is to be augmented on some of the Railways, while on South Eastern Railway it is to be somewhat scaled down. Staff rendered surplus on the South Eastern Railway will be utilised for the maintenance of new Micro-wave installations on that Railway itself and there will be no retrenchment, whatsoever, on this account.

#### Higher skill for Micro-wave work

7240. SHRI DINEN BHATTACHARYA. Will the Minister of RAILWAYS be pleased to state:

(a) whether it is a fact that the work in Micro-wave section is of higher skill and the staff had to be specially trained to tackle the work;

(b) whether initially certain rules were laid down not to entrust certain work to staff of lower category;

(c) whether an attempt is now being made to lower down the highly technical posts and increase work load on staff; and

(d) what is the policy of the Government in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN). (a) It is a fact that the work in micro-wave maintenance is of higher skill and the staff are given special training both on job and in the Railway Training Institutions.

(b) When initially Railways provided micro-wave networks they had no experience of the requirement of maintenance set up. Each Railway was, therefore, following its own standards. In 1975 the Efficiency Bureau of the Ministry of Railways conducted a study and, after taking into account the practices obtaining in some other organisations and the special requirements of the Railways, formulated norms to be followed for the maintenance of the micro-wave equipment.

(c) No.

(d) The policy of the Government is now to follow the norms as referred to in answer to question (b) above.

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN): (a) Yes.

(b) A statement is attached.

**Estimators of Civil Engineering Department of South Eastern Railway**

(a) why the Estimators of Civil Engineering Department of South Eastern Railway are not yet confirmed even after rendering twelve to fourteen years service and availability of permanent posts

(b) why the posts of estimatory draftsmen and tracers in civil engineering department of South Eastern Railway are lying vacant since long thereby increasing workload on the existing staff, and

(c) when the posts are expected to be filled up?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN) (a) Confirmation of staff depends on a number of factors. Confirmation against available vacancies was last made in March 1977. Due to non-availability of lien-free posts all the staff at present working as Estimators could not be confirmed as yet even though they have rendered a long period of service

(b) and (c) No posts of Junior Draftsmen, Junior Estimators and Tracers of Civil Engg Department of the South Eastern Railway are lying vacant. As regards the higher grade posts, the same could not be filled as the Drawing Offices of the Civil Engineering Department on the Railway are already over staffed. An overall review of the cadre has since been conducted and the matter is now under review by the Railway. Meanwhile selections and suitability tests for filling up the posts earmarked for promotion are under process and the same are expected to be finalised shortly.

7253. SHRI KANWAR LAL GUP-TA: Will the Minister of RAILWAYS be pleased to state:

(a) is it a fact that Government has been supplying very shabby uniforms to Class III Staff;

(b) is it a fact that they have been agitating since long for provision of cloth and stitching charges; and

(c) if so, why Government have not met their demands?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN): (a) No.

(b) and (c). There has been demand from some staff for supply of cloth and stitching charges for uniforms but it has not been possible to accept the demand mainly on account of the following reasons:

(1) With a view to saving money, some employees might sell the cloth and continue to use the old uniform thus appearing on duty in shabby dress;

(2) Some staff may not be able to arrange stitching of uniforms themselves by paying higher tailoring charges prevailing in the market;

(3) Staff at road side stations might not be able to have their uniforms stitched for want of tailoring facilities at or near their places of work;

(4) At present uniforms are cut by the Railways in their centres/factories and are got stitched through Mahila Samitis, Handicraft Centres, Ordnance Factories, etc. In the process, considerable saving of cloth is effected because of bulk manufacture and low stitching charges. This procedure is also considered advantageous as it ensures additional income to dependents of Railway employees working in Handicraft Centres, etc.

However, the procedure for manufacture and supply of uniforms has since been streamlined with a view to avoiding any complaints from the staff and ensuring individual measurements being taken.

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND CHEMICALS AND FERTILIZERS (SHRI JANESHWAR MISHRA): (a) to (c). The specification for high speed diesel oil prescribed by the Indian Standards Institution stipulates that the sulphur content should be 1 (one) per cent maximum by weight. As per the contract entered into by the Indian Oil Corporation with the Soviet suppliers, the sulphur content of high speed diesel oil is required to be between 0.2 per cent and 1.0 per cent. The parcels of diesel oil recently imported from the USSR had a sulphur content ranging between 0.09 per cent and 0.26 per cent which is within the limits prescribed by the I.S.I. (घ) क्या पदों में की गयी यह वृद्धि रेलवे राजस्व में वृद्धि के अनुरूप है और यदि नहीं, तो इसके क्या कारण हैं ?

रेल नगरालय में राज्य मंत्री (श्री शिव नारायण) : (क) अधिकारियों के पदों की संख्या 466 से बढ़कर 597 हो गयी है।

(ख) लेखा अधिकारियों के पदों की संख्या 24 से बढ़कर 41 हो गयी है।

(ग) और (घ). श्रेणी III और IV के पदों की संख्या 94,674 से बढ़कर 1,00,020 हो गयी। प्रतिरिक्त पदों की स्वीकृति रेलवे राजस्व में वृद्धि से प्रत्यक्ष रूप से संबंधित नहीं है, बल्कि काम की मात्रा और महत्व तथा उत्तरदायित्व पर आधारित हैं। फिर भी, उक्त प्रश्न में यातायात से कुल प्राप्ति 37.67 करोड़ रु० से बढ़कर 88.54 करोड़ रु० हो गयी।

### इण्डियन रेलवे मैन फैंडरेशन के साथ बातचीत

7269. श्री हुकम चन्द कछवाय :  
क्या रेल मंत्री यह बताने की कृपा करेंगे  
कि

(क) क्या उन्होंने इण्डियन रेलवे मैनज  
फैंडरेशन (भारतीय मजदूर सघ) के सभी  
प्रतिनिधियों के साथ 28 अक्टूबर, 1977  
को बातचीत की थी और यदि हा, तो बातचीत  
के दौरान वह किन बातों के बारे में सहमति  
हुए थे और उनका ब्यौरा क्या है। और

(ख) क्या इण्डियन रेलवे मैनज फैंडरेशन  
के प्रधान तथा अन्य पदाधिकारियों ने कोई  
मांग-पत्र पेश किया था और यदि हा, तो  
उसका ब्यौरा क्या है और उस पर अब तक  
किस प्रकार की कार्यवाही की गई है और  
यदि कोई कार्यवाही नहीं की गई है तो उसके  
क्या कारण है ?

रेल मंत्रालय में राज्य मंत्री (श्री शिव  
नारायण) (क) और (ख) रेल मंत्री  
द्वारा सदन में दिये गये इस बयान के अनुसार  
कि वह रेल कर्मचारियों की समस्याओं पर  
श्रम मण्डलों के साथ विचार-विमर्श करेंगे,  
रेल मजदूरों में सम्बद्ध कुछ सदन सदस्यों  
तथा माघ ही ट्रेड यूनियनों के प्रतिनिधियों  
के साथ यह पता लगाने के लिए अनौपचारिक  
विचार-विमर्श किया गया था कि रेलों पर  
उचित औद्योगिक सम्बन्धों का वातावरण  
नाने की दिशा में क्या ठोस कदम उठाये जा  
सकते हैं। इसी प्रकार की एक बैठक श्री  
हुकम चन्द कछवाय और श्री सुब्रमणियम  
स्वामी के साथ 28-10-77 को हुई थी  
जिसमें ट्रेड यूनियनों के कुछ प्रतिनिधि भी  
शामिल हुए थे।

जिन विषयों पर विचार-विमर्श हुआ  
था, वे हैं :

मई 1974 की रेलवे हड़ताल से सम्बन्धित  
कुछ बची-खुची समस्याएं, रेल कर्मचारियों  
के लिए बोनस, 15 करोड़ रुपये के विशेष  
अनुदान का रेल कर्मचारियों की सुविधाओं  
और कल्याण के लिए इस्तेमाल, प्रतिवार्य  
जमा योजना के अन्तर्गत जमा राशि की वापसी  
कर्मचारियों को नियमित करना तथा सेवा  
आचार नियम और भारतीय रेल मजदूर  
सघ तथा इससे सम्बद्ध यूनियनों को मान्यता  
प्रदान करना। इन मांगों के सम्बन्ध में  
स्थिति बैठक में ही स्पष्ट कर दी गयी थी।

कुछ मांगों पर सक्रिय रूप से विचार  
किया जा रहा है जबकि अन्य मांगों पर, जिनका  
उत्तर, प्रायः अब मन्त्रों से महंगा सम्बन्ध  
है, विचार अभी किया जायेगा जबकि  
सरकार द्वारा हाल ही नियुक्त की गयी  
भूतलिंगम, ममिति द्वारा इन समस्याओं  
का गहराई में अध्ययन कर लिया जायेगा।

मांग-पत्र में उठायी गयी कुछ समस्याओं,  
जैसे प्रतिवार्य जमा योजना के अन्तर्गत जमा  
राशि का भुगतान, महंगाई भत्ते को बेतन में  
मिलाना, आदि पर अकेले रेलों द्वारा विचार  
नहीं किया जा सकता क्योंकि ये व्यापक  
समस्याएं हैं जिन पर सरकार को समग्र  
रूप में कोई फैसला करना है।

मई 1974 की हड़ताल के फलस्वरूप  
उत्पन्न समस्याओं तथा मांग-पत्र में उल्लिखित  
अन्य प्रश्नों पर विचार किया जा रहा है।  
मई 1974 की हड़ताल में सम्बन्धित एक  
समस्या पर फैसला कर लिया गया है और  
1-3-78 को ये आदेश जारी कर दिये  
गये हैं कि उक्त हड़ताल के दौरान रेल  
कर्मचारियों की अनुपस्थिति की अक्षयि  
को उन्हें देय छुट्टी में समायाजित कर दिया  
जाये और यदि कोई छुट्टी देय न हो ता बिना-  
बेतन की असाधारण छुट्टी की स्वीकृति देकर  
उक्त अक्षयि को समायोजित कर दिया जाये।

**खान-पान के पांच स्टालों वाले ठेकेदारों की संख्या**

7270. श्री हुकम चन्द कछवाय : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) सभी रेलवे में खान-पान के पांच स्टालों वाले कितने ठेकेदार हैं और खान-पान के एक ठेकेदार के अधीन कितनी ट्रालिया तथा अन्य स्टाल हैं और उनमें हरिजनों तथा आदिवासियों के कितने ठेकेदार हैं ,

(ख) क्या सरकार का विचार भविष्य में एक परिवार को केवल एक खान-पान का स्टाल तथा एक ट्राली आवंटित करने का है और यदि हा तो इस बारे में ब्यौरा क्या है और यदि नहीं, तो ऐसी कोई योजना कब लागू की जायेगी; और

(ग) क्या ऐसी योजना देश में बेरोजगारों को काम करने में सहायता देगी और यह देश में बेरोजगारी को दूर करने में जनता सरकार के आस्थासन के अनुरूप होगी ?

**रेल मंत्रालय में राज्य मंत्री (श्री शिव नारायण) .** (क) सूचना इकट्ठी की जा रही है और सभापटल पर रख दी जायेगी ।

(ख) और (ग) वर्तमान नियमों के अनुसार जो रेलवे खान-पान और रेल यात्री सुविधा समिति की सिफारिश पर आधारित है एक ठेकेदार रेलवे स्टेशनों पर खान-पान ब्रेडिंग के अधिक से अधिक 6 ठेके ले सकता है । एक परिवार को खान-पान के ठेके का केवल एक स्टाल और एक ट्राली रखने तक सीमित करने का फिलहाल कोई प्रस्ताव नहीं है ।

**लूनर इंजीनियरिंग तथा अन्य कर्मों द्वारा कम्पनी अधिनियम का उल्लंघन**

7271. श्री हुकम चन्द कछवाय : क्या विधि, न्याय और कम्पनी कार्य मंत्री यह बताने की कृपा करेंगे कि

(क) लूनर इंजीनियरिंग, शोहान इंजीनियरिंग वर्क्स, मिराज सन्स और हेमिल्टन इंस्टीट्यूट प्राइवेट लिमिटेड, 10 सी-नुलसी पाइप रोड, महालक्ष्मी, बम्बई-13 कब स्थापित की गई थी और उनके निदेशक मडलों में कितने-कितने लोग हैं और उनके क्या नाम हैं,

(ख) क्या यह सच है कि उनके निदेशकों ने हमेशा कम्पनी कानून का उल्लंघन किया है, और यदि हा तो सरकार ने समय-समय पर उनके विरुद्ध क्या कार्यवाही की है, और

(ग) क्या सरकार को पता है कि उनके निदेशक मडल नियमों का उल्लंघन करके किसी भी व्यक्ति का निदेशक पद पर नियुक्त कर लेते हैं और अपने उत्पादों को सप्लाय के लिए अपने एजेंटों से लाखों रूपयों की राशि जमा कराते हैं और यदि हा, तो अब तक उनके पास एजेंटों ने कितनी राशि जमा की है और कम्पनी में निदेशकों ने कितनी पूंजी लगाई है और यह पूंजी किम-किसने कब-कब लगाई है ?

**विधि न्याय, और कम्पनी कार्य मंत्री (श्री शान्ति भूषण) .** (क) सर्वाधिकार नामों में से केवल दो कम्पनियों अर्थात् पेट सीराज सन्स प्राइवेट लि० तथा मै० हेमिल्टन इंस्टीट्यूट प्राइवेट लि० ही अपनी अधिनियम के अन्तर्गत पंजीकृत हैं । ये दोनों कम्पनिया, कम्पनी रजिस्ट्रार, महाराष्ट्र, बम्बई के पास क्रमश. दिनांक 12-8-1977 तथा 25-11-1958 को पंजीकृत हुई थी । इन कम्पनियों के निदेशकों के नाम

(2) मैं हेमिल्टन इण्डस्ट्रीज प्राइवेट लि० के निर्देशकों ने गत कई वर्षों से, कम्पनी की साधारण बैठक के समक्ष तुलन पत्र प्रस्तुत न करने तथा उन्हें विहित अवधि के अन्दर कम्पनी रजिस्ट्रार के पास प्रस्तुत न करने, कम्पनी अधिनियम 1956 की धारा 210 व 220 का उल्लंघन किया है। निर्देशकों पर

इन चुको के लिए मुकदमा चलाया गया था, एक दोष सिद्ध होने पर जुर्माना किया गया था। उन्होंने वार्षिक विवरणी विशेषसंकल्प तथा जमा धन की विवरणी को प्रस्तुत करने में देरी करके अधिनियम की धारा 159 व 192 तथा कम्पनी (जमा धन की स्वीकारोक्ति) नियम, 1975 के उपबन्धों का उल्लंघन किया है। इस देरी के लिए, कम्पनी रजिस्ट्रार द्वारा प्रतिरिक्त शुल्क लगाया गया था।

**T.T.E.'s and Conductors as Running Staff**

7272 SHRI R P DAS Will the Minister of RAILWAYS be pleased to state,

(a) whether it is not a fact that the T.T.E.'s and conductors were classified as running staff in most of the zones of the Indian Railways till 1931,

(b) despite the recommendations of the Corruption Enquiry Committee headed by Shri J B Kripalani, these T.T.E.'s and conductors have so far been debarred from being classified as running staff, and

(c) the reasons thereof?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN). (a) No, only on a few ex-State and ex-Company Railways Ticket Checking staff were treated as running staff.

(b) and (c) The Corruption Enquiry Committee did not make any

specific recommendation in this regard. However, only such staff as are directly in charge of, and responsible for the movement of trains are classified as Running Staff. Since the T.T.E.'s and Conductors are in no way directly connected with the movement of trains, they have not been classified as Running Staff. They draw Travelling Allowance like other non-running staff while on tour. Further, the issue went before the Board of Arbitration under the Joint Consultative Machinery and the Board gave its award on 30th June 1972 rejecting the demand for treating the T.T.E.'s as running staff.

**Appointment of Chairman and Members of O.N.G.C**

7273 SHRI SUKHDEO PRASAD VERMA  
SHRI C K CHANDRAPPAN

Will the Minister of PETROLEUM, CHEMICALS AND FERTILIZERS be pleased to state:

(a) whether Government's attention has been drawn to the news-item

appearing in the Times of India, Delhi dated the 27th March, 1978 under the caption 'ONGC officials against Bahuguna scheme';

(b) if so, the facts thereof and reaction thereto;

(c) whether the selection for the post of Chairman of the Commission has since been done from outside the ONGC;

(d) if so, the details thereof and how Government propose to minimise dissatisfaction arising out of such outsiders selection amongst the senior officials and members of the Commission in its larger interest; and

(e) why outsiders are being brought in when capable people are available within the ONGC?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND CHEMICALS AND FERTILIZERS (SHRI JANESHWAR MISHRA): (a) to (e). Yes, Sir. The following are briefly the main points mentioned in the said news item:

(i) A large section of officials of the ONGC is in favour of scrapping the 'restructuring' scheme announced in Parliament last year.

(ii) The implementation of the scheme will lead to dominance of "generalists" in what is basically a technological organisation.

(iii) The status of the ONGC has been downgraded by proposing to induct as part-time members relatively less senior officials of the concerned Ministries of the Central Government. As a result the Secretaries of the Ministries of Finance and Petroleum will have the power to 'veto' decisions of the Commission when these are finally referred to the respective Ministries for their approval.

(iv) Apprehension that the three newly created posts of Executive Directors, Onshore, Offshore and Over-

seas Operations, may go to some influential outsiders instead of to senior officials in the organisation itself.

(v) Likelihood of the successor to Shri N. B. Prasad, Chairman, ONGC not being from the organisation.

The various reasons based on which the final decisions of Government on the future organisational set-up of the ONGC were announced, have already been enumerated in the statement made by Shri H. N. Bahuguna, Minister for Petroleum, Chemicals and Fertilizers, in the Lok Sabha on 6-12-1977.

It is not correct to say that by nominating Additional Secretary/Joint Secretary as Members of the Commission, instead of the Secretary, the status of the ONGC has been downgraded.

All top level and second level appointments in the public sector enterprises of the Central Government are made in accordance with the instructions contained in the Ministry of Finance (Bureau of Public Enterprises) Resolution No. 5 (1)/74/BPE (PESB) dated the 30th August, 1974. Action for the appointment of Chairman and Executive Directors for Onshore, Offshore and Overseas Operations, is being taken as per these instructions.

न्यायालयों में हिन्दी में छपे कार्यों की उपलब्धता

7274. श्री धराराम शर्मा शर्मा :  
बिधि, न्याय और कम्पनी कार्य मंत्री यह बताने की कृपा करें कि :

(क) क्या यह सच है कि कुछ न्यायालयों में अभी भी अंग्रेजी और उर्दू के ही काम मिलते हैं और हिन्दी में नहीं ;

(ख) यदि हाँ, तो सरकार इस सम्बन्ध में क्या कार्यवाही कर रही है ; और

(ग) कौन-कौन से राज्यों के न्यायालयों में हिन्दी में फार्मों की व्यवस्था की गई है ?

विधि, न्याय और कम्पनी कार्य मंत्री (श्री शान्ति भूषण) : (क) से (ग). जानकारी इकट्ठी की जा रही है और सदन के पटल पर रख दी जाएगी।

#### Accommodation for Passengers at Pathankot

7275. SHRI DURGA CHAND: Will the Minister of RAILWAYS be pleased to state:

(a) whether it is a fact that passengers coming from Kangra-Chamba-Kullu side find great difficulties in getting accommodation in trains at Pathankot bound for Delhi-Bombay-Howrah and Madras;

(b) if so, whether Government have looked into the difficulties experienced by these passengers at Pathankot;

(c) if so, what are the details thereof; and

(d) what remedial measures are proposed to be taken in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN): (a) to (d). Representations have been received for running a new train and to augment the loads of existing trains from Pathankot to Delhi side. For the facility of passengers entraining at Pathankot, the following sectional coaches are at present provided:—

(i) One II class coach ex-Pathankot to Sealdah by 52 Dn. Jammu Tawi-Sealdah Express.

(ii) One II class 3-tier sleeper coach and one II class coach ex-Pathankot to New Delhi by 60 Dn. Srinagar Express.

(iii) One II class coach ex-Pathankot to Delhi by 34Dn Jammu Tawi-Delhi Mail.

Introduction of a new train from Pathankot to Delhi/Bombay/Madras Howrah is at present operationally not feasible for lack of line capacity on sections *en route* and of requisite terminal facilities at the terminals. Augmentation of loads of existing trains is also not feasible for want of room on these trains to haul an extra coach on a regular basis.

(c) what is the purpose for which grant is sanctioned for each such Institution;

(d) what is the criteria for sanctioning the grant; and

(e) in what way the Ministry of Law, exercise control over these Institutions in their functioning?

(d) The grants-in-aid are given to the institutions in accordance with the principles laid down and the instructions issued by the Ministry of Finance from time to time in this behalf.

7277. श्री नरमदा प्रसाद राय :  
रेल मंत्री यह बताने की कृपा करेंगे कि :  
(क) क्या सरकार ने यह घोषणा की थी कि पिछड़े क्षेत्रों में नई रेल लाइने बिछाई जायेगी ;

(ख) क्या मध्य प्रदेश के सागर और जबलपुर डिवीजनों में महोबा में करेली तक रेल लाइन बिछाने का प्रस्ताव है ,

(ग) यदि नहीं, तो इन डिवीजनों के पिछड़ेपन को दूर करने और व्यापार के संवर्धन हेतु उक्त रेल लाइन कब बिछाई जायेगी तथा क्या इस सम्बन्ध में सर्वेक्षण किया गया है ,

(घ) क्या इस प्रस्तावित रेल लाइन में महोबा, जबलपुर, नवगांव, टीकमगढ़, बरगापुर, मल्हारा हीरापुर, शाहगढ़, बण्डा मकरोनियां, ठाना—मिलेट्री कैंप, सुरखी, गोरसामर, बेचरी, छिवली रसना, डोमी, तेंदू खेडा, बरमान और करेली को सम्मिलित किया गया है; और

(ङ) क्या इस नई रेल लाइन को बिछाने से सागर डिवीजन में डाकुओं का भ्रष्टाचार कम होगा ?

रेल मंत्रालय में राज्य मंत्री (श्री शिव नारायण) (क) देश के पिछड़े इलाकों में रेलवे लाइनों के निर्माण की एक नया नीति सरकार को विचाराधीन है। इस पर अंतिम निर्णय होने पर पार्लियामेंट में नीति की घोषणा कर दी जायेगी।

(ख) से (ङ)। महोबा से करेली तक लाइन के निर्माण का कोई प्रस्ताव इस समय विचाराधीन नहीं है। समाधानों की स्थिति में ठोस सुधार होने पर देश के पिछड़े इलाकों में नयी लाइनों के निर्माण के प्रश्न पर विचार किया जायेगा।

**Amount spent by ONGC on Exploration in Iraq**

7278. SHRI M. RAM GOPAL REDDY: Will the Minister of PETROLEUM, CHEMICALS AND FERTILIZERS be pleased to state:

(a) whether it is a fact that huge amount has been spent by O.N.G.C. on exploration in Iraq without any success; and

(b) if so, loss incurred on this account?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND CHEMICALS AND FERTILIZERS (SHRI JANESHWAR MISHRA): (a) and (b). The ONGC had signed a contract in August 1973 with the Iraq National Oil Company for exploration and exploitation of oil. On the basis of the results of the geophysical surveys, the ONGC drilled one well where oil was discovered but the rate of flow of oil was not sufficient to declare it a commercial discovery in terms of the provisions of the contract. The total expenditure incurred on this venture till March 1977 was approximately Rs. 9.68 crores including Rs. 1.29 crores as depreciation.

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND CHEMICALS AND FERTILIZERS (SHRI JANESHWAR MISHRA): (a) and (b). In addition to the continuing programmes of the Indian Petrochemicals Corporation Ltd (IPCL) and the Bongaigaon Refinery & Petrochemicals Ltd. (BRPL), investment approval has recently been issued for setting up of the following new plants by the IPCL, work on which is expected to commence in 1978-79:

(1) A plant for the manufacture of 55,000 tonnes/annum of PVC

(2) A plant for the manufacture of 10,000 tonnes/ annum of Acrylates

(3) Expansion of the capacity of the existing DMT plant from

24,000 tonnes/annum to 30,000 tonnes/annum.

**कटिहार और गौशाला के बीच उपरिपुल**

7282. श्री सुबराज : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या यह कटिहार गौशाला और झार० बी० एच० एम० जूट मिल के बीच याई के रेल फाटक पर लकड़ी का उपरिपुल न होने के कारण लगभग 5 हजार व्यक्तियों को घाने-जाने में कठिनाइयां होती है,

(ख) क्या मडलीय अधीक्षक श्री सरकार स्वयं व्यक्तिगत रूप से मौके पर गये हैं, और

(ग) यदि हा, तो रेल फाटक पर उपरिपुल का निर्माण कब किया जायेगा और यदि नहीं, तो उसके क्या कारण है ?

रेल मंत्रालय में राज्य मंत्री (श्री शिव नारायण ) (क) स्टेशन के मनिहारीघाट दिशा की ओर के नये स्थान के समपार का जनता उपयोग कर सकती है। इस समपार के उपयोग करने में कुछ अधिक रास्ता तय करना पड़ता है जिसके कारण थोड़ी असुविधा होती है।

(ख) जी हा, फरवरी, 1978 में।

(ग) समपार के पुराने स्थल पर रेलब लाइन के ऊपर एक ऊपरी पैदल पुल की व्यवस्था करने के प्रश्न पर यह मंत्रालय सक्रिय रूप से विचार कर रहा है और जब अन्तिम निर्णय लिया जायेगा, इस सम्बन्ध में पूर्वोक्त रेलब को उपयुक्त अनुदेश दे दिए जायेंगे।

7283. SHRI PRASANNBHAI MEHTA:

(c) the total number of wagons provided by the Government for transporting the coal to the steel plants during 1977 and up to March, 1978;

(d) whether in view of the serious crisis to the steel plants the Railways have decided to provide more wagons to these plants for transporting coal to them; and

(e) if so, to what extent the wagons will be provided?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN): (a) No.

(b) Does not arise.

**Resolutions passed by States regarding abolition of Legislative Councils**

7284. SHRI PRASANNBHAI MEHTA: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) whether it is a fact that some of the States had passed resolutions regarding abolition of the Legislative Councils in the States;

(b) if so, the names of the States;

(c) whether no action has been taken on these resolutions by the Centre;

(d) whether all these resolutions adopted by respective legislatures of the States have lapsed;

(e) if so, whether some of the States have referred the matter to the Law Ministry for clarification; and

(f) if so, the reaction of Government thereto?

**THE MINISTER OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI SHANTI BHUSHAN):** (a) Yes, Sir.

(b) and (c). The Legislative Council of the State of Punjab was abolished by the Punjab Legislative Council (Abolition) Act, 1969, in pursuance of a resolution passed by the Legislative Assembly of the State of Punjab. The West Bengal Legislative Council was abolished by the West Bengal Legislative Council (Abolition) Act, 1969, in pursuance of a resolution passed by the West Bengal Legislative Assembly.

At its sitting held on 3rd April, 1970, the Legislative Assembly of Bihar adopted a resolution that the Legislative Council of the State be abolished. On December 4, 1970, that Assembly passed another resolution that the resolution for the abolition of the Bihar Legislative Council passed on 3rd April, 1970, may not be implemented before 7th May, 1974. In view thereof, no action was taken on the resolution.

There were newspaper reports and some communications in May, 1970, to the effect that a resolution had been adopted by the Legislative Assembly of Uttar Pradesh recommending the abolition of the Legislative Council of that State. No intimation was, however, received in this Ministry either from the Secretariat of the Uttar Pradesh Legislative Assembly or from the Government of Uttar Pradesh about such a resolution having been passed by the State Legislative Assembly. In the circumstances, no action was taken by this Ministry in the matter.

**Decision to set up a new Fertilizer Plant at Sindri**

**7285. SHRI PRASANNBHAI MEHTA:**

**SHRI R. V. SWAMINATHAN:**

Will the Minister of PETROLEUM, CHEMICALS AND FERTILIZERS be pleased to state:

(a) whether it is a fact that Union Government have taken the decision for setting up of a new fertilizer plant at Sindri, in place of the existing one;

(b) if so, the main reasons for the same;

(c) whether the new fertilizer plant will be equipped fully with modern techniques and know how;

(d) the cost of expenditure involved and time the plant to start production; and

(e) the details of the same?

**THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND CHEMICALS AND FERTILIZERS (SHRI JANESHWAR MISHRA):** (a) to (e). Yes, Sir. The existing plant at Sindri which is based on coke and coke oven gas as feedstock and on technology which is now obsolete, has outlived its useful economic life. To improve ammonia availability and thereby overcome the principal limitation to production at the existing plant a scheme of modernisation is being implemented there. This project envisages the setting up of a 900 tonnes per day ammonia plant based on partial oxidation of fuel oil. Six hundred tonnes per day of ammonia from this plant will be used in the manufacture of 1000 tonnes per day of urea in a new plant and the balance of ammonia will be used in the existing facilities for the production of ammonium sulphate.

The present estimated cost of the Sindri Modernisation project is Rs. 152.04 crores. The project which was originally expected to be mechanically completed by November 1977 is now expected to be completed in May 1978. The Modernisation scheme will not only maintain the supply of ammonia for the manufacture of ammonium sulphate in the existing facilities but will result in an additional fertilizer capacity of 129,000 tonnes per annum of nitrogen in the form of urea

(a) the item-wise details of facilities provided by the Fertilizer Corporation of India to the members of its Board of Directors and its top officers during each of the last 3 years and the expenditure incurred on each of the items; and

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND CHEMICALS AND FERTILIZERS (SHRI JANESHWAR MISHRA): (a) and (b) The information is being collected and will be laid on the Table of the House.

**Members of Superior Judicial Service of States Appointed as Judges**

7292. SHRI D. B. CHANDRE GOWDA: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) how many persons who were members of Superior Judicial Service

of State were appointed as Judges of the High Court of another State after the (Fifteenth) Amendment to the Constitution of India;

(b) whether the Law Commission in its Fourteenth report has made any recommendations about such appointments; and

(c) what is the number of persons so appointed, the service to which they belonged and the High Courts to which the appointments were made?

THE MINISTER OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI SHANTI BHUSHAN): (a) and (c) The information regarding the number of Members of Superior Judicial Service of one State appointed as Judges of the High Court of another State after the Fifteenth Amendment to the Constitution of India, the service to which they belonged and the High Courts to which the appointments were made, is being collected and will be laid on the Table of the House.

(b) In its 14th Report, the Law Commission observed as follows:—

"59 Further the whole country must be treated as a single unit for the purpose of selection as it is vitally important that the best available talent which the country is capable of providing be mobilized for the task of meeting a situation which has undoubtedly assumed the proportions of an emergency. If suitable persons of the necessary merit and character are, in the opinion of the appointing authority, not available in the State, the authority should not hesitate to draw upon persons available in other States. Selections from the Bar must necessarily be of persons of outstanding merit commanding a large practice who may well be willing to make a pecuniary sacrifice and render public service by accepting these judgeships. An effort should be made to persuade suitable senior practitioners to accept these judge-

ships at least for a short period as a public duty. Their position at the Bar must be of such eminence that it could not be suggested that acceptance by them of judgeships was likely to increase their earnings on their reverting to the Bar

60 We envisage that in some States persons of the required standing and competence may not be available and the State Chief Justice may not have information as to the talent available elsewhere in the country. Our further proposal, therefore, is for the creation of an *ad hoc* body presided over by the Chief Justice of India to draw up a panel of names of suitable persons both from the Bar and the Service in each State

We have already stated that in appointing these additional judges due regard will have to be had to the availability of suitable persons both from the Bar and the services. It may be that the senior members of the Bar may not be willing to accept a position which would involve a considerable sacrifice on their part. It may further happen that one may not find suitable persons at the next lower levels of the Bar. In such cases, suitable talent will have to be looked for in the services. In short, both these sources of recruitment should be treated as one field of selection with an eye solely to appointing the fittest men available from the entire field. During our tour of the country we have observed that the judicial services in certain States do not yet possess men of the calibre needed to make competent High Court Judges. In some States, even the Bar suffers from want of the necessary talent. It is in view of these deficiencies that we recommend that the country as a whole be treated as one single field of selection."

सिन्धेटिक एण्ड कैमिकल् लिमिटेड,  
बरेली को झल्कोहल की सल्लाह

7293. श्री सुरेन्द्र विक्रम : क्या पेट्रो-

बनाने की वृत्ता करेगे कि

(क) मैसर्ज सिन्धेटिक एण्ड कैमिकल्  
लिमिटेड, बरेली का उनके मन्त्रालय द्वारा  
प्रति माह कितनी मात्रा में झल्कोहल दिया  
जाता है, और

(ख) सिन्धेटिक एण्ड कैमिकल्  
लिमिटेड, बरेली द्वारा बनाये गये सिन्धेटिक  
रब के मूल्या का नियंत्रित न करके तथा  
रबा का मनमाने दामों पर बेचने की  
अनुमति देने के क्या कण है।

पेट्रोलीयम तथा रसायन और उर्वरक  
मन्त्रालय से राज्य मंत्री (श्री जनेश्वर मिश्र) :

(क) पेट्रोलीयम रसायन और उर्वरक मन्त्रा-

बरेली जैसे पृथक पृथक औद्योगिक सयत्तों

(ख) क्योंकि एम० बी० आर० का  
उत्पादन करने वाले उत्पादों पर मूल्य नियंत्रण  
नहीं था और केवल एम० बी० आर० का  
उत्पादन करने के लिए केवल मात्र कच्चा माल  
अर्थात् झल्कोहल मूल्य नियंत्रण के अन्तर्गत  
था जा एम० बी० आर० के उत्पादन की  
कुल लागत का लगभग 15 से 20 प्रतिशत  
था, अतः दस वर्ष पूर्व सिन्धेटिक रबड (एस०  
बी० आर०) पर से मूल्य नियंत्रण हटाने  
का निश्चय किया गया था। क्योंकि  
प्राकृतिक रबड और एस० बी० आर० के  
मूल्यों के बीच बहुत विषमता थी अतः ऐसा  
विचार किया गया कि मूल्य उपयुक्त दर पर  
बन ए रखने के लिए बाजार स्वयं ही  
पर्याप्त होगा।

सोमनाथ मेल का ग्रहमदाबाद साप्ताहिक गाड़ी के साथ मेल के बारे में मिकायत ।

7294. श्री धर्मसिंहभाई पटेल : क्या रेल मंत्री यह बताने को तैयार करेंगे कि

(क) क्या सरकार का गुजरात में राजकोट जिले के उपलेटा सिटी में सामनाथ मेल के ग्रहमदाबाद साप्ताहिक गाड़ी के मेल न होने के बारे में मिकायते मिली हैं और यदि हाँ, तो कब प्रारंभ करना बयौर क्या है,

(ख) उन पर सरकार द्वारा क्या कार्यवाही की है अथवा कि जाने का विचार है,

(ग) इन दोनों गाड़ियों के बीच एक घंटे का अन्तर रखने के लिये सरकार ने क्या कार्यवाही की है ताकि सोमनाथ मेल का ग्रहमदाबाद साप्ताहिक गाड़ी से प्रतिदिन नियमित रूप से मिलना हा सके, और

(घ) सोमनाथ मेल के साथ ग्रहमदाबाद प्रतिदिन चलने वाली साप्ताहिक गाड़ी का नियमित रूप से मेल कराने के लिए सरकार का विचार क्या कार्यवाही करने का है ताकि सोमनाथ मेल गाड़ी के यात्रियों का सुविधा मिले ?

रेल मंत्रालय में राज्य मंत्री (श्री शिव नारायण) : (क) जी हाँ। ग्रहमदाबाद में 23 अप्रैल बेरावल—ग्रहमदाबाद सोमनाथ मेल और 133 अप्रैल ग्रहमदाबाद—हवाडा एक्सप्रेस के बीच मेल लेने के लिए एक घंटे के अन्तराल की व्यवस्था करने के लिए एक सुझाव प्राप्त हुआ है ।

(ख) से (घ) समय सारणी के अनुसार इस समय 23 अप्रैल सामनाथ मेल 6 25 बजे ग्रहमदाबाद पहुंचती है और 133 अप्रैल ग्रहमदाबाद—हवाडा एक्सप्रेस ग्रहमदाबाद से 6 40 बजे रवाना होती है, इस प्रकार मेल लेने के लिए 15 मिनट का समय

रहता है । मेल लेने के समय के अन्तर में वृद्धि के लिए ग्रहमदाबाद में 23 अप्रैल सोमनाथ मेल की समय भूखी को जल्दी करने के परिणाम स्वरूप भापुर, जेतनगर, खिजाडिया ड्रासा और डोला पर इस गाड़ी के कुछ महत्वपूर्ण मेल समाप्त हो जायेंगे । ग्रहमदाबाद स्टेशन पर प्लेटफार्म सम्बन्धी कठिनाइयों के कारण भी इस समय ग्रहमदाबाद से 133 अप्रैल एक्सप्रेस का और बाद में चलाना परिचालनिक दृष्टि से व्यावहारिक नहीं है ।

धोराजी के रेल कर्मचारियों के लिए क्वार्टर

7295. श्री धर्मसिंहभाई पटेल : क्या रेल मंत्री यह बताने की कृपा करेंगे कि

(क) गुजरात में साराष्ट्र क्षेत्र के जिला राजकोट में धोराजी के रेल कर्मचारियों के लिए कितने क्वार्टर हैं और उनमें से कितने क्वार्टरों में कब से बिजली नहीं है और उसके क्या कारण हैं,

(ख) क्या उन क्वार्टरों में पहले बिजली थी और यदि हाँ, तो किस अवधि के लिए थी और अब वहाँ पर बिजली क्यों नहीं है, और

(ग) इन क्वार्टरों में बिजली कब तक लगाई जायेगी ?

रेल मंत्रालय में राज्य मंत्री (श्री शिव नारायण) : (क) गुजरात राज्य के साराष्ट्र क्षेत्र में राजकोट जिले के धोराजी रेलवे स्टेशन पर टाइप-I के 20 और टाइप-II के 11 क्वार्टर हैं । इन सभी क्वार्टरों में बिजली लगी हुई है । बिजली के बिना कोई क्वार्टर नहीं है ।

(ख) और (ग) प्रश्न नहीं उठता ।

**Theft of Crude Oil from the Pipelines of ONGC**

7296. SHRI FAQUIR ALI ANSARI: Will the Minister of PETROLEUM, CHEMICALS AND FERTILIZERS be pleased to state:

(a) whether it is a fact that some persons had been chargesheeted in Ahmedabad for involvement in the theft of crude oil from the pipelines of Oil and Natural Gas Commission;

(b) whether it is also a fact that this stolen oil was being sold to some mills;

(c) steps taken to ensure safeguards against future thefts from the pipelines of ONGC; and

(d) the names of those mills who used to purchase this stolen oil and the action taken against them?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND CHEMICALS AND FERTILIZERS (SHRI JANESHWAR MISHRA): (a) to (d). There had been a case of theft of crude oil from a Well of Mehsana Project which was detected by police authorities. Six persons were arrested including one driver of ONGC Mehsana presently under suspension and chargesheeted in the court of Judicial Magistrate First Class, Kadi.

It was alleged that stolen crude was sold to two rice mills, namely, Patel Rice Mill and Bhavani Rice Mill of Bawala. The case against the six accused persons for the theft of crude oil is presently pending in the court. The question of taking action against the two mills who are alleged to have purchased this stolen crude oil would depend upon the outcome of the cases pending in the court. Intensive patrolling is being done to guard against such thefts in future.

**Recognition of Trade Union in C.L.W**

7297. SHRI ROBIN SEN: Will the Minister of RAILWAYS be pleased to state:

(a) whether it is a policy decision of the Railway authorities not to recognise Trade Union in C.L.W.;

(b) whether it is a fact that C.L.W. Employees have been pressing for recognition of Union for the last twenty years;

(c) whether the present Government are thinking to recognise the Union at C.L.W.;

(d) if so, when; and

(e) if not, the reasons thereof?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN): (a) to (e). Government did not consider it necessary to have any unions recognised in the Production Units on Indian Railways including C.L.W., as the grievances of staff of these organizations are taken up by the elected Staff Councils functioning in these Administrations, unlike the Zonal Railways, where there are no staff councils.

Following a Tripartite Labour Conference held in May 1977, a Tripartite Committee was set up by the Labour Ministry to make recommendations *inter alia* regarding norms for recognition of Unions. Government is considering their report and the question of recognition of unions in the Production Units including C.L.W. would be examined on merits in the light of the decision that may be taken by the Government on the report of the Committee.

**Drilling in Kutch District**

7298. SHRI ANANT DAVE: Will the Minister of PETROLEUM, CHEMICALS AND FERTILIZERS be pleased to state:

(a) whether it was decided to start drilling work for oil after August, 1977 in Kutch district;

(b) if so, whether any work of drilling has been started; and

(c) if so, the result thereof?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND CHEMICALS AND FERTILIZERS (SHRI JANESHWAR MISHRA): (a) No, Sir

(b) and (c). Do not arise.

#### Gandhidham-Lakhpat Railway Line

7299. SHRI ANANT DAVE: Will the Minister of RAILWAYS be pleased to state:

(a) whether the new Railway line from Gandhidham to Lakhpat is under consideration; and

(b) whether Government propose to give priority to this new Railway line as this line is in backward district and crores of rupees of minerals have been found out after commercial survey and it is in border area?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN): (a) and (b). The question of gauge conversion of the existing metre gauge line between Gandhidham and Bhuj and construction of a broad gauge line from Gandhidham to Lakhpat via Mandvi were examined during the course of surveys carried out in 1971-72. The projects were not found to be viable on account of very limited prospects of traffic and were not, therefore, taken up. It will be possible to consider this project afresh when there is substantial improvement in the availability of resources.

#### Conversion of B. G. line between Gandhidham and Bhuj

7300. SHRI ANANT DAVE: Will the Minister of RAILWAYS be pleased to state:

(a) whether the work of converting metre gauge line from Gandhidham to

Bhuj into broad gauge line is under consideration as Kutch District is quite backward district and Government have accepted in principle that backward District would get priority; and

(b) if so, the present progress of work and time by which it was to be completed in accordance with the plan?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN): (a) and (b). A survey was carried out for the conversion of Gandhidham-Bhuj metre gauge line into broad gauge in 1971-72. The project was not found to be viable on account of very limited prospects of traffic and was not, therefore, taken up. It will be possible to consider this project afresh when there is substantial improvement in the availability of resources.

#### पुराने अधिनियमों के स्थान पर नये अधिनियम लाना

7301. डा० लक्ष्मीनारायण पंडेय : क्या विधि, न्याय और कम्पनी कार्य मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या यह सच है कि इस समय अनेक ऐसे अधिनियम लागू हैं जो 50 से 80 वर्ष पूर्व बनाये गये थे और आज के सदर्भ में उन्हें पूरी तरह सशोधित करने की जरूरत है तथा उनके स्थान पर नये अधिनियम लाये जाने चाहियें ;

(ख) यदि हां, तो उन अधिनियमों के नाम क्या हैं; और

(ग) क्या सरकार का विचार उन अधिनियमों का प्राथमिकीकरण अथवा जन्में संशोधन करने का है ताकि वे आज की सामाजिक परिस्थितियों के अनुकूल हों ?

विधि, न्याय और कम्पनी कार्य मंत्री (श्री शान्ति भूषण) : (क) से (ग) . कुछ ऐसे अधिनियमों में जो 50

से 80 वर्ष पहले कानून बने थे, संशोधन की धीर कुछ मामलों में उनके स्थान पर नए अधिनियम बनाने की आवश्यकता है।

ऐसे सभी अधिनियमों के व्यापक पुनर्विलोकन का प्रयत्न नहीं किया गया है किन्तु अलग-अलग अधिनियमों की समय-समय पर संशोधित किया जा रहा है या उनके स्थान पर नए अधिनियम बनाए जा रहे हैं। यह कार्य प्रशासनिक मंत्रालय से प्राप्त सुझावों के आधार पर या किसी अधिनियम को लागू करने में अनुभव की गई व्यावहारिक कठिनाइयों के आधार पर अथवा विधि आयोग की सिफारिशों के आधार पर किया जाता है। अप्रचलित अधिनियमों को भी समय-समय पर निरसन अधिनियमों द्वारा निरसित किया जा रहा है।

#### रेलवे में प्रशिक्षण

7302. डा० लक्ष्मी नारायण पांडेय : क्या रेल मंत्री यह बताने का कृपा करेंगे कि :

(क) क्या यह सच है कि विभिन्न रेलवे डिविजनों में प्रशिक्षुओं के रूप में नियुक्त किये गये व्यक्तियों को रेलवे वर्क पर प्रशिक्षण दिया जाता है ;

(ख) क्या यह भी सच है कि रेलवे के वर्क पर दिये गये प्रशिक्षण को ध्यान में रखते हुए ऐसे लोगों को नियुक्ति के मामले में प्राथमिकता दी जानी चाहिए ; और

(ग) यदि हां, तो पश्चिम रेलवे के रतलाम डिवीजन में ऐसे लोगों की संख्या क्या है जिन्हें ऐसा प्रशिक्षण दिया गया था परन्तु जिन्हें नियुक्ति नहीं दी गई ?

रेल मंत्रालय में राज्य मंत्री (श्री शिव नारायण) : (क) जी हां, प्रशिक्षु अधिनियम, 1961 के अधीन।

(ख) प्रशिक्षु अधिनियम के अधीन प्रशिक्षुओं को प्रशिक्षण देने की बाध्यता है ताकि देश के उद्योगों के लिए कुशल जनशक्ति की व्यवस्था की जा सके। लेकिन प्रशिक्षण देने वाले संगठन का नौकरी की व्यवस्था करने का कोई दायित्व नहीं है। रेलों द्वारा नौकरी प्रदान करने की क्षमता सीमित है, और यह रिक्तियों व दूसरों के पदों पर भी निर्भर करती है।

(ग) रतलाम मंडल में 127 प्रशिक्षु हैं लेकिन वे अभी प्रशिक्षण प्राप्त कर रहे हैं।

बीस उर्वरक संवर्धनों के प्रबन्ध की जांच करने के लिए विशेष समिति

7303. डा० लक्ष्मी नारायण पांडेय : क्या पेट्रोलियम, रसायन और उर्वरक मंत्रा यह बताने की कृपा करेंगे कि :

(क) क्या यह सच है कि देश के 20 उर्वरक संवर्धनों के प्रबन्ध की जांच करने तथा उनमें किस प्रकार का प्रबन्ध होना चाहिए इसकी सिफारिश करने के लिए भारत सरकार के संयुक्त सचिव श्री राम कृष्णैया की अध्यक्षता में एक विशेष समिति बनाई गई थी ;

(ख) यदि हां, तो क्या यह भी सच है कि सभी बीस संवर्धनों को एक नियम के अधीन लाया गया था : और

(ग) क्या उपरोक्त भाग (ख) में उल्लिखित सिफारिश को सरकार ने क्रियान्वित किया था ; और यदि नहीं, तो इसके क्या कारण हैं ?

पेट्रोलियम तथा रसायन और उर्वरक मंत्रालय में राज्य मंत्री (श्री जनेश्वर सिन्हा) : (क) स (ग) . वर्ष 1967 में दो सरकारी उपक्रमों, अर्थात् फर्टिलाइजर कारपोरेशन ऑफ इंडिया और फर्टिलाइजर

एन्ड मैनिफेस्ट ड्राइवमकोर लि० के संगठनात्मक ढाँचे का अध्ययन करने के लिए एक अध्ययन दल नियुक्त किया गया था, पेट्रोलियम और रसायन मंत्रालय के तत्कालीन संयुक्त सचिव श्री एम० रामाकृष्णैया इस दल के संयोजक थे। अध्ययन दल ने ग्रन्थ जारों के साथ-साथ यह भी सुझाव दिया था कि सरकारी क्षेत्र में एक ही उर्बरक निगम होना चाहिए। सरकार ने इस सिफारिश को स्वीकार नहीं किया क्योंकि इससे निर्णायक अधिभार एकीकृत हो जाते थे जो संयंत्र की कार्य-कुशलता के हित में नहीं होते।

**समस्तीपुर-दरभंगा लाइन का बदला जाना**

7304. श्री सुरेन्द्र झा सुमन : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या समस्तीपुर-दरभंगा मीटर गेज लाइन को बड़ी लाइन में बदलने के सम्बन्ध में सर्वेक्षण कार्य पूरा कर लिया गया है ;

(ख) किये गये सर्वेक्षण कार्य के तथ्य क्या हैं; और

(ग) इसको बदलने का काम कब तक पूरा हो जायेगा ?

रेल मंत्रालय में राज्य मंत्री (श्री विद्युत नारसिंह) : (क) से (ग) . समस्तीपुर और दरभंगा के बीच मीटर लाइन को बड़ी लाइन में बदलने के लिए अन्तिम मार्ग निर्धारण इंजीनियरी सर्वेक्षण एवं आतायात पुर्नमूल्यांकन का काम पूरा हो चुका है। पुर्नमूल्यांकन के अनुसार इस परियोजना पर 8.73 करोड़ रुपये खर्च होने का अनुमान है। यह एक अनुमोदित परियोजना है जिसे 1974-75 के बजट में शामिल कर ली गई थी। संसाधनों की भारी तंगी के कारण वर्तमान वित्तीय वर्ष में इसके लिए केवल 1,000 रुपये की सांकेतिक

व्यवस्था की गई है। इस परियोजना के निर्माण की कार्यक्रम सूची बनना वन की सुलभता पर निर्भर करेगा।

**Recruitment of 10,000 Additional Staff**

7305. SHRI SAMAR MUKHERJEE: Will the Minister of RAILWAYS be pleased to state:

(a) whether recruitment of 10,000 additional staff for implementation of RLT Award as announced on 19th December, 1977 has been completed;

(b) if so, has the Award been implemented; and

(c) if not, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN) : (a) to (c). Recruitment of these 10,000 posts belonging to various class III and class IV categories will take some time as the process involves recruitment and training of staff. Railways are making all efforts to complete the work as early as possible. The accepted recommendations of the Railway Labour Tribunal, 1969 on Hours of Employment Regulations are in the process of implementation. Since these recommendations take effect from 1-8-74, the time taken in implementing them will not go against the existing staff who are getting overtime wherever due.

**Violation of Rules in regard to Employment**

7306. SHRI SAMAR MUKHERJEE: Will the Minister of RAILWAYS be pleased to state:

(a) whether Government have received any complaint about violation of the rules in force in the matter of employment, retrenchment, artificial breaks, grant of temporary status, absorption in permanent departments:

(b) if so, their numbers, zone-wise; and

(e) what steps the Government propose to take for disposal of these complaints?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN): (a) Some complaints in this regard have been received from time to time.

(b) Statistical information in this regard is not being maintained.

(c) These are looked into and remedial action taken wherever warranted. Instructions have been issued to the Railway Administrations to avoid artificial breaks and to gear up the personnel department to ensure proper redressal of grievances.

#### 1974 Strike

7307. SHRI SAMAR MUKHERJEE: Will the Minister of RAILWAYS be pleased to state:

(b) if so, their number;

(c) whether Government had received any representation for their reinstatement; and

(d) what is the decision of the Government?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN): (a) to (d). Only two such persons remain out of service. They are undergoing life imprisonment and the question of their reinstatement does not arise.

#### Railway Concession to Blind Men

7308. SHRI R. K. MHALGI: Will the Minister of RAILWAYS be pleased to state:

(a) whether it is a fact that the Government have received a repre-

sentation from Blind people of Pune (Maharashtra) dated 3rd December, 1977 suggesting a change of procedure in utilizing effectively and conveniently the concession offered by Railways to Blind men;

(b) if so, what action have Government taken or propose to take; and

(c) the reasons for delay?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN): (a) to (c). A representation was received from the Poona Blind Men's Association in May, 1977, and not in December, 1977, suggesting the issue of concession tickets to Blind persons on production of identity cards instead of the requisite medical certificate as prescribed under the extant rules. The request could not be agreed to and the Association was replied accordingly in May, 1977 itself.

Under the existing procedure for availing of the concession, Blind persons can have the concession tickets direct from the station concerned on production of a requisite medical certificate, which is maintained as a record by the station staff for internal check and also forms an authority for the issue of a concession ticket. In view of this, it has not been considered possible to have the concession ticket issued on production of identity cards.

#### Proposals from MRTP Commission to amend MRTP Act, 1969

7309. SHRI CHITTA BASU: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to refer to reply given to Starred Question No. 388 on 21st March, 1978 regarding turn over and profits of Industrial Houses and state:

(a) whether the MRTP Commission submitted some proposals for suitable amendments of the MRTP Act, 1969 further expansion of the authority of the commission; and

(b) if so, the nature of the proposals and the reaction of the Government thereto?

THE MINISTER OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI SHANTI BHUSHAN) (a) and (b) Certain proposals have been made by the MRTP Commission They inter-alia include proposals for amendment of the MRTP Act to enable the Commission to exercise its powers of enquiry and investigation more effectively and in particular,—

The Report of the said Committee is expected to be submitted to the Government by the 30th June, 1978 and thereafter, the Government would consider it and formulate its views on the recommendations made by the Committee

राजनीतिक दलों और नेताओं को कम्पनियों द्वारा बन्दे

7310. श्री हुकम देव नारायण बाबू : क्या बिधि, न्याय और कम्पनी कार्य मंत्री यह बताने की कृपा करेंगे कि :

(क) वर्ष 1970 से 1977 तक कितनी कम्पनियों ने जिन राजनीतिक दलों तथा नेताओं को पृथक-पृथक कितना-कितना चन्दा दिया, और

(ख) क्या चन्दा देना कानूनी दृष्टि से उचित था ?

बिधि, न्याय और कम्पनी कार्य मंत्री (श्री ज्ञान्ति भूषण) : (क) तथा (ख). कम्पनियों द्वारा सम्बन्धित अर्थवि के मध्य राजनीतिक दलों तथा राजनीतिक नेताओं को दिये गये चन्दों की बाबत कम्पनी कार्य विभाग के पास कोई सूचना नहीं है। कम्पनी अधिनियम, 1956 की धारा 293 क की उपधारा (1), जो 28 मई, 1969 से परिचालित है, में, एक कम्पनी के लिए, किसी राजनीतिक दल अथवा किसी राजनीतिक उद्देश्य के लिए चन्दे देने का निषेध है। अतः कोई कम्पनी, उक्त धारा की उपधारा (2) के अन्तर्गत अपने आप पर मुकदमा चलाये जाने का उत्तरदायित्व बहन किये बिना, इस प्रकार के चन्दे नहीं दे सकती।

तथापि, 1-1-74 से 31-3-77 तक की अर्थवि के मध्य, अपने अनेक संगठनों समेत, राजनीतिक दलों द्वारा प्रकाशित/प्रकाशित की जाने वाली स्मारिकाओं में विज्ञापनों के लिए 1013 कम्पनियों में 10.13 करोड़ रुपये के लगभग धन राजी दी है। यह प्रश्न कि क्या इन प्रदायिनी में से किन्हीं का कम्पनी अधिनियम 1956 की धारा 293 क के अन्तर्गत चन्दे देने का दाव होता है की, बाँच/परीक्षा, की जा रही है।

**बल्लियारपुर-राजगिर बड़ी लाइन का विस्तार**

7311. श्री श्रीराम प्रसाद : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बल्लियारपुर-राजगिर बड़ी लाइन का बिहार में गया तक विस्तार करने के लिए सर्वेक्षण कार्य पूरा हो गया है; और

(ख) यदि हाँ, तो इस लाइन के विस्तार कार्य को पूरा करने के लिए कार्य कब आरम्भ किया जायेगा ?

रेल मंत्रालय में राज्य मंत्री (श्री शिव नारायण) : (क) और (ख). बल्लियारपुर-राजगिर बड़ी लाइन को गया तक बढ़ाने के लिए सर्वेक्षण का काम पूरा होने वाला है। सर्वेक्षण का काम पूरा हो जाने के बाद और संसाधनों की उपलब्धता के अनुसार इस लाइन के निर्माण के सम्बन्ध में विनिश्चय किया जायेगा।

**Proposal to appoint Representatives in the Boards of Management Multi-national Drug Companies**

7312. SHRIMATI PARVATHI KRISHNAN. Will the Minister of PETROLEUM, CHEMICALS AND FERTILIZERS be pleased to state:

(a) whether Government propose to appoint its representatives in the boards of management of multi-national drug companies operating in the country; and

(b) if so, the details and objectives thereof and the steps being taken in this direction?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND CHEMICALS AND FERTILIZERS (SHRI JANESHWAR MISHRA): (a) and (b). There is no such proposal at present. However, paras 15 and 19 of the Statement containing Gov-

ernment decisions on the (Hathi) Committee on Drugs and Pharmaceuticals Industry, a copy of which has been laid on the Table of the House on 29-3-1978, provide for acquiring of disinvested shares of foreign companies by Government financial and public sector institutions. (b) if so, what action has been taken to redress the legitimate grievances of Senior Stenographers;

(c) whether it is a fact that prior to revision of their grade, maximum of their grade and that of Chief Clerks was the same i.e. Rs. 425 but whereas the maximum of the grade of Chief Clerks has been raised to Rs. 750/- in the revised scale of pay, maximum of Stenographers have been fixed at lower level Rs. 700/- only; when both the posts of Chief Clerk and Senior Stenographer carry equal importance and responsibility;

(d) if so, why this discrimination in fixing the revised scale of both of these categories has been done; and

(e) what steps Government propose to take in the matter to remove this disparity in pay?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI SHEO NARAIN): (a) to (e). Representations for improvement in pay scales have been received from

the category of Stenographers from time to time.

In accordance with the recommendations of the Third Pay Commission,

the following scales of pay have been allotted to the category of Stenographers and Chief Clerks on Railways:

Category	Authorised scale	Revised Scale
	Rs.	Rs.
(i) Stenographers	(i) 210—425	425—700
	(ii) 210—425 plus Spl. Pay Rs. 30/50.	550—750
(ii) Chief Clerks	335—425	(i) 425—700 (1/3rd of posts)
		(ii) 550—750] (2/3rd of posts)

It has not been found feasible to make any deviation from the recommendation of the Third Pay Commission. Since the scales of pay recommended by the Pay Commission have been implemented, it is not considered that this constitutes an anomaly.

### मेरठ जिले में रेल लाइन

7319. श्री ब्याराम झाब्य : क्या रेल मंत्री यह बताने की कृपा करेंगे कि

(क) क्या सरकार ने मेरठ जिले में एक नई रेल लाइन बिछाने हेतु कोई सर्वेक्षण किया है, और यदि हा, तो तत्सम्बन्धी व्यौरा क्या है, और

(ख) इस रेल लाइन को बिछाने का कार्य कब तक पूरा कर लिया जायेगा और इस पर अनुमानित कितनी राशि खर्च होगी ?

रेल मंत्रालय में राज्य मंत्री (श्री शिव नारायण) : (क). और (ख). भूतपूर्व माहदरा-सहारनपुर लाइट रेलवे जिसका कुछ भाग मेरठ जिले में पड़ता है, द्वारा सेवित क्षेत्र में बड़ी लाइन बिछाने के काम पर 22.53 करोड़ रुपये खर्च होने का अनुमान है। यह काम चल रहा है और आशा है कि वर्ष 1980 तक पूरा हो जायेगा।

(1) मबाना के रास्ते दीराला से हस्तिनापुर और (2) बड़ील से छपरीली के बीच बड़ी रेल लाइन बिछाने के लिए प्रारम्भिक इजीनियरी एवं यातायात सर्वेक्षण क्रमशः 1963-64 और 1974-75 में किये गये थे। लेकिन, इन परियोजनाओं को अर्थक्षम नहीं पाया गया। संसाधनों पर भारी तपी और पहले से की गई भारी बचनबद्धता के कारण इस समय इन रेल लाइनों के निर्माण का काम शुरू करना सम्भव नहीं है।

### MATTERS UNDER RULE 377

(i) REPORTED WITHDRAWAL OF CONSENT BY CHIEF MINISTER OF KARNATAKA TO THE EXERCISE OF POWERS BY C.B.I. IN THE STATE

**SHRI KANWAR LAL GUPTA** (Delhi Sadar): With your permission, Sir, I want to make a statement under rule 377.

The Chief Minister of Karnataka, Mr. Devraj Urs, has withdrawn the

State Government's consent to the exercise of powers by the Central Bureau of Investigation for criminal offences in that State. The consent was given many years back by the State Government. Thus, the Chief Minister has opened up possibility of a potentially explosive conflict with the Centre in another sensitive areas. There are reports that some other State Governments will follow in his foot steps. The Andhra Government has also withdrawn its consent. Thus, the CBI will not be able to operate in many parts of the country and thus it may pose a serious problem for the Centre.

The background for the withdrawal of the consent by the Chief Minister is that the Central Government in exercise of its powers appointed the Grover Commission last year to look into the charges of corruption and nepotism against Mr. Devraj Urs. The Commission found him guilty on four counts. It is stated that another list of charges of corruption etc. was submitted to the Grover Commission after the dismissal of the Karnataka Ministry headed by Mr Urs. The Commission is supposed to look into all these charges. By withdrawing the consent, the Chief Minister wanted the Centre to drop further proceedings against him on the plea that the people of Karnataka had given him a fresh mandate. But the Central Government has refused to agree with him. The Central Government rightly feels that any person, whosoever he may be small or big, must be punished if he has indulged in corrupt practices as everybody is equal in the eye of the law.

The Karnataka Chief Minister has refused to accept this principle and he has now retaliated by striking at the C.B.I. operation at Karnataka. The news that the Commission has been facing hostile demonstrations have also appeared in the press. This action of the Chief Minister is a crude attempt to save himself from the clutches of the Commission. If he is

innocent, he should be ready to face the Commission boldly. It happened many times in the past that many State Governments had requested the Central Government to give the help of the C.B.I. to investigate serious cases of corruption, bribery, atrocities etc. The withdrawal of the consent will amount to the destruction of a useful instrument like C.B.I. It will also disturb the Centre-State relations. It will create many complicated problems because there are many enemy agents, saboteurs and anti-social elements in all parts of the country and the Central Government is supposed to keep a watch on them. If the Central agencies like C.B.I. are checked by the State Government in this way, a peculiar situation can develop, which may pose a threat to the security of the country. It should also be presumed that the Central agencies like C.B.I. should work in the States, independent of any political influence. The withdrawal of the consent has made the conditions from bad to worse.

I demand that the Home Minister should make a statement on this issue. If the Home Minister wants to say something on this, let him say.

(11) REPORTED DELAY IN SUPPLY OF ENRICHED URANIUM BY U.S.A. FOR ATOMIC POWER PLANT AT TARAPUR

SHRI HARI VISHNU KAMATH (Hoshangabad): By your leave, I proceed under rule 377 to make the following statement: There has apparently been inordinate delay on the part of the Government of the United States in arranging for the shipment of enriched uranium needed for our Atomic Power Plant at Tarapur. There are also two statements made by the Minister of External Affairs in Lok Sabha, one on 23rd of February, 1978 that "President Carter in one of his communications to our Prime Minister, has reiterated his hope that India would see its way to accepting the comprehensive international safeguards on all of its nuclear activities," and secondly by the Minister of State in the Ministry of External Affairs on

the 2nd of March, 1978 that "Government are at present studying the legislation, meaning, Nuclear Non-Proliferation Bill passed by the U. S. Senate, the legislation in the context of its implications of Indo-US Nuclear cooperation."

The Government would do well to take the House into confidence with regard to the exact position today on this matter.

(iii) REPORTED DROUGHT CONDITIONS IN MANIPUR

SHRI N. TOMBI SINGH (Inner Manipur): Mr. Speaker, under rule 377, I would like to raise a matter of public importance. Severe draught condition all over the State of Manipur has caused indescribable hardship to the people of Manipur. Rains are late this year. Usually the monsoon starts in March. This year upto this time of April, there is no rain. In that region, there is no big river. All the small rivers originate in the hills surrounding the Manipur Valley. They are all rainfed. Dry season started from the month of December. Owing to the unique topographic condition of the region flood and drought follow each other quickly. Every day is precious. All the sources of water in the hill areas well as in the Valley have dried up. The State Government, the Municipal Board and all such bodies are addressing themselves to the task of emergency water supply spending huge amounts of money every day. May I request the Government of India and Agriculture Minister to rush to the rescue of the people in this plight? It is time that permanent measures be taken to avoid such situations in the future by digging sufficient number of tanks in the Valley and by creating more catchment areas near foothills in the northern portion of the Valley from which the Valley acutely slopes down towards the south. The forest department also should see that indiscriminate destruction of forests for firewood or shifting cultivation be stopped to ensure rainfall throughout the year.

(iv) REPORTED THREAT TO RESORT TO STRIKE BY OFFICERS OF NATIONALISED BANKS

**SHRI VINODBHAI B SHETH** (Jamnagar) Mr Speaker, Sir, with your permission, I would like to raise the following matter under Rule 377 —

The reported threat to resort to strike by 38,000 officers of 14 nationalised banks, the State Bank of India and its subsidiaries throughout the country, against the unilateral decision of Government to implement the Pillai Committee's recommendations from May 1, 1978, has created widespread discontent in business circles

The Finance Ministry is requested to discuss this matter with the All India Confederation of Bank Officers' Organization immediately to avert this impending strike, which will otherwise paralyse the entire economy of the nation

(v) REPORTED FIRE IN INDIAN EMBASSY AT MANILA

**श्री श्यामसुन्दर लाल** (बयाना)

अध्यक्ष जी, मैं आप के माध्यम से पहल भी एक बार इस समस्या की तरफ सरकार का ध्यान दिला चुका हूँ। पिछले 25 मार्च को सिडनी में बम फटा और 29 मार्च को हमारे विदेश मंत्री जी ने एक वक्तव्य दिया कि हम जानकारी प्राप्त कर रहे हैं। अभी हाल में मनीला में हमारी एम्बेसी में आग लगी, पूरी बिल्डिंग नष्ट हो गई, तमाम फाइलें, फर्नीचर, सब चीजें जल कर नष्ट हो गईं। जो लोग वहाँ पर काम करते हैं, उनकी क्या हालत हुई होगी, हम उस का प्रत्याज्ञा लगा सकते हैं। ये जो घाये-दिन इस तरह की घटनाएँ घट रही हैं, ये बहुत चिन्ता का विषय हैं। मैं सरकार से माँग करता हूँ . . . . .

**MR SPEAKER** Mr Lal, I would like to point out one thing. The rule is that you have to give a written statement and stick to that. You have given something, but are making another point. If you depart a little,

I do not mind. But the rule is that you have to stick to your written statement.

**श्री श्यामसुन्दर लाल :** मैं अध्यक्ष महोदय, नहीं बतला रहा हूँ। आज दुनिया भर में हमारी एम्बेसीज के साथ जो लोग काम कर रहे हैं, कहीं पर छुरेबाजी हो रहा है, कहीं बम फटते हैं, कहीं भय लगी है। मैंने पहल भी सुझाव दिया था कि कोई ऐसी एजन्सी बनाई जाय, जिसके द्वारा उन की सुरक्षा के लिए कुछ ठोस कदम उठाये जाय। हमारी एम्बेसीज से काम करने वालों के मन में जो असुरक्षा की भावना पैदा हो गई है, उसको दूर करने के लिए हमें कुछ कुछ उपाय करना चाहिए। यदि समय रहते इन का नहीं रोका गया, तो ईसाई मैंने पहले भी कहा था - अभी तो पत्तों और शाखा पर बात हो रही है, भागे चल कर जिस पेड़ की छाया में छुम बैठे हुए हैं, उस को जड़ कर चोट होनी और वह पेड़ गिर जायगा और हम सब उस को चपेट में आ जायेंगे।

**SHRI KANWAR LAL GUPTA** The Home Minister may like to say something on the matter that I have raised

**MR SPEAKER** It is upto the Minister, if he wants to make a statement, I do not object

**SHRI K LAKKAPPA** (Tumkur) When matters are raised under Rule 377, statements should come from Ministers

**MR SPEAKER** I have requested them to do it

Mr Stephen has given a notice

**SHRI C M STEPHEN** (Idukki) There is a small matter which I want to raise on which, I am sure, all Members of this House will be united in supporting me. The point is what was raised here yesterday, though off the

record, about the law and order situation in the country. Enough has been said—and enough has happened—in the House and outside, by high and low, to give the impression, the feeling, that the situation in the country is grave. You were pleased enough to announce yesterday that there will be a discussion. I expected it would be scheduled for today at least and I was disappointed when I found it was not there. I am not making any accusation or any such thing, but the matter is very, very urgent. I do not want to use the name of the President—it should not be used—but when a certain announcement has come, it behoves us that the Parliament does take note of it with a sense of urgency, with the highest priority; and I urge upon you to allow a discussion in this matter, with sufficient time, on a very early date if possible, today or tomorrow it must take place; it is a matter of very, very urgent importance which I am submitting for your consideration.

MR. SPEAKER: Now we go to Legislative work.

SHRI HARI VISHNU KAMATH: Before we take up the Demand, may I make a request that, firstly the time allotted for this Ministry's Demand be extended by one hour and, secondly, in order to ensure that the Home Minister's Demands are also not guillotined after only a partial discussion, the House, if it is so agreeable, may sit till 7 o'clock today, tomorrow, and next Monday and Tuesday too. Otherwise, because Thursday will be only half-a-day—as there will be Private Members' Business. . .

MR. SPEAKER: Friday is a holiday.

SHRI HARI VISHNU KAMATH: Thursday is half-day and Friday is a holiday. So I would only request that, if the House so agrees,—since the Home Ministry, which is the key Ministry, has been put last, I am sure there is the danger of your lethal weapon, the guillotine. . .

MR. SPEAKER: Not mine, it is that of the House.

SHRI HARI VISHNU KAMATH: Yes, ours, but you wield it. Therefore, I am anxious that it would not descend on the Home Ministry by any means. (If the Steel Ministry goes scot-free and if the Energy Ministry goes scot-free, I don't mind.) Therefore, the only way out is for the House to sit till 7 o'clock today, tomorrow, next Monday and Tuesday, Yesterday the Minister of External Affairs took about 40 minutes. He is a young bachelor Minister who was making his maiden speech, and we didn't want to upset him . . .

MR. SPEAKER: All bachelors should not speak about maidens.

AN HON. MEMBER: All—young or old!

SHRI HARI VISHNU KAMATH: The time allotted which is five hours, is far too inadequate. Already, I think one hour and forty minutes has been taken. . .

MR. SPEAKER: I shall place your suggestion. . .

SHRI HARI VISHNU KAMATH: How much time has been taken so far.

MR. SPEAKER: Out of the (five hours, one hour and forty minutes has been taken up and the time remaining is three hours and twenty minutes.

As for your other suggestion, whether today it should be extended or not the House can decide. For other days I will place it before the Business Advisory Committee which is meeting today in the evening at 4.30, for sitting beyond six o'clock upto seven. Thereafter, it will come before the House. That is the normal procedure. But so far as today is concerned, the House will decide whether it will be extended or not.

SHRI HARI VISHNU KAMATH: The House is supreme.

**MR. SPEAKER:** That is why I have said that the House will consider it. We will consider it at the appropriate stage.

**SHRI KANWAR LAL GUPTA:** May I make a submission with your kind permission? Today we received List II of 'No-Day-Yet Named Motions.' This List has been approved by you. The last is 252 which is regarding the law and order situation. You mentioned it yesterday also, that Mr. Stephen has sent a motion. In this connection I want to make a submission. This very motion is already there in the first List which you accepted and circulated, and that is in my name. So, I think, those who have given the notice first should be given the first priority and those who have given the notice later should be given the second priority. If my name is first, I should be given the first chance; if some other hon. Member's name is first, he should be given the first priority. That is my submission.

**MR. SPEAKER:** Business Advisory Committee will consider that.

12:21 hrs.

**DEMANDS FOR GRANTS, 1978-79—**  
Contd

**MINISTRY OF EXTERNAL AFFAIRS—**  
Contd.

**MR. SPEAKER:** The House will now take up further discussion on the Demands for Grant under the control of the Ministry of External Affairs.

Shri Somnath Chatterjee.

**SHRI SOMNATH CHATTERJEE** (Jadavpur): Mr. Speaker, Sir, in the field of external affairs I feel that the present Government can claim to have made some achievements and Shri Atal Bihari Vajpayee has, to some extent, redeemed himself. The greatest task of this Government was to restore, amongst the nations of the

world the faith that ours was a democratic country and that our people believed in democratic principles and civil liberties and were against authoritarianism and that this country meant what it said in severe contrast to what the people had experienced during the last regime. There are still various distortions in the world politics and our foreign policy should be based upon the realization that the days of colonialism and imperialism have not yet come to an end and the stronghold of the colonial and imperialist powers has not been loosened. We realise that the direct colonial political rule has ended in majority of the countries, but still the people of Zimbabwe, Namibia and South Africa are groaning under the worst types of repression, misrule and colonial hegemony. Still, in South Africa a large number of people are victims of the vicious policy of apartheid which is the very negation of a civilised system of Government. Still millions of people have been denied their right of self-determination and are held as hostages of a repressive white minority rule.

Sir, as I was saying, although direct and over political rule in many countries by colonial powers has ended, yet the imperialist forces are still operating in multitudinal forms. We have seen the neo-colonial exploitation of the under-developed and developing countries by the developed and imperialist countries. We find that in the fields of monetary reforms and economic fields like procurement and supply of raw materials, adequate prices of finished goods and in sharing of profits by multi-pronged activities of the imperialist countries through their agencies including multi-national corporations. These are the various facets of colonial and imperialist strategy that has been taken by the developed countries in the world to exploit the poor and developing countries. In South Africa, where Mahatma Gandhi had started his struggle against colo-

nialism and imperialism, the people are still fighting for their emancipation, political and economic. They are fighting against the inhuman policy of apartheid and it is our solemn responsibility that we should pledge our total support by all means political, diplomatic and economic to those people in Africa who are fighting for their political liberation and against exploitation of all types and forms. We should see that the imperialist and the colonial powers do not get any foothold and do not get any opportunity to create divisions amongst the people who are fighting for their liberation. One of the methods of entrenching the minority rules in these countries like Namibia and Zimbabwe is to try to create divisions among the people of the country. As we have seen the recent Anglo-US proposal with regard to Zimbabwe is directed towards creating a division among the black majority there and I find there is some anomaly in our foreign policy with regard to Zimbabwe because in the annual report of this Ministry we find that our government has welcomed the so-called positive elements in the Anglo-US proposals which are supposed to be directed towards achieving independence for them, but we find these Anglo-US proposals are nothing but an attempt to create divisions amongst the majority people. We have expressed our strong support for democratic rights of the people of Zimbabwe and in their struggle against the white-dominated minority regime. At the same time, when we are supporting their fight for liberation and freedom from the white-dominated minority regime, and I request this anomaly to be removed, we also welcome the Anglo-US proposals and there are supposed to be some positive elements in these proposals which are nothing but an attempt to create divisions as we have seen, amongst the majority people and which will seriously affect their united struggle for emancipation and for political and economic freedom.

We must thank our Foreign Minister for the policy which he has taken in forging good neighbourly relations with the countries surrounding us and we particularly welcome the steps taken in that regard and the visits which the hon. Foreign Minister had undertaken to different countries like Pakistan, Bhutan, Burma, etc. It is essential that we should have the best of relations with them. The relations have improved. We should have better trade relations. We should have better travel facilities. We should have more and more cultural exchanges and this is a welcome change we find from the policies that had been followed by the last regime.

Many apprehensions had been expressed by some of the Members on the Congress side of both houses but it appears that Mr. Atal Bihari Vajpayee has taken to this Department as a fish takes to water and we very much welcome and I must thank him for the way he has tried to cement better and better relations with our neighbours.

With regard to China we also welcome the Government's decision to improve the relationship with China. One aspect I want to make it clear. The Communist Party of India (Marxist) was the subject matter of various types of a slander campaign. What was advocated by them? They had advocated that all outstanding problems should be solved by mutual negotiations and that is precisely what the Foreign Minister has said in respect of our relations with China. We find after a long time positive steps are being taken to improve the relationship with China and I must welcome this approach of the present government. It is essential that we really reciprocate all attempts to improve the relationship with China and we hope that greater and greater co-operation will be there and with greater and greater understanding bet-

[Shri Somnath Chatterjee]

ween these two countries we shall have the best of relations between us.

So far as West Asia is concerned we must protest against the attempt of the U.S. Government to divide the Arab world. We have accepted as the basis of our policy that the occupied territories must be returned to Egypt and that the representative character of P.L.O. has to be acknowledged. But the recent attempt by President Sadat who has really played the role of the U.S. imperialists has been directed towards creating a division in the Arab worlds which the United States Government is encouraging.

We are supporting the PLO but, on the other hand, the Government has been looking upto President Sadat's visit to Israel to bring about a real change in the situation in West Asia. These types of anomalies are creating little distortions in our foreign policy.

So far as the policy of non-alignment is concerned, we feel that we should continue with this policy of non-alignment. We should follow the Colombo Resolution of the non-aligned countries and we want that India should be in the fore-front in the fight against imperialism and neo-colonialism and we should vigorously pursue this policy of non-alignment.

With regard to South Korea, I have something to say. This is a country with which our relations should have been on the basis of our own experience. We should have remembered our own experience in our country. This is the regime which has been propped up by U.S. Armed Forces and specially after the defeat of the U.S. imperialist forces in Vietnam, the U.S. and Japan are holding military exercises in this area and, unfortunately, I find there is no mention in the Annual Report of this Ministry to the proposal for unification of the two Koreas and what this Government is going to do and what is its policy with regard to unification.

With regard to the Indian ocean we want that this should be a zone of peace and there should be abolition of bases. I find there is no mention about Diego Garcia and our attitude towards that and it has been referred to us if there is a major power rivalry and that is creating difficulties in the situation.

It seems that the U.S. imperialist forces have been equated with the socialist forces and as if we are trying to minimise the danger which Diego Garcia poses for us.

We want that in the field of economic co-operation there should be greater and greater participation by this country. We should not only help in the struggle for liberation, both political and economic of all the countries but we should do our best to have better and better economic relations as well.

SHRI HARI VISHNU KAMATH (Hoshangabad) Mr Speaker, Sir, when we lift our anxious minds from the somewhat disconcerting, if not dismal domestic scene to the global scene our hearts do warm up somewhat. But, Sir, that scene, that landscape is also over-shadowed by some misgivings, some doubts. There are trouble spots; there are difficult spots and there are many areas of conflict where we can play a useful role.

I will come to that presently. Racing against time, I will not indulge in a long speech. I think you will permit me to make my few points.

MR. SPEAKER: That is true. You are right.

SHRI HARI VISHNU KAMATH: But, Sir, I should have been given more time. The two Ministers will take one and half hours between themselves and out of what is left, at least twenty minutes should have been given to me.

**SHRI ATAL BIHARI VAJPAYEE:**  
I am prepared to forego my speech.

**SHRI HARI VISHNU KAMATH:**  
Give me twenty minutes.

**MR. SPEAKER:** Only ten minutes for you

**SHRI HARI VISHNU KAMATH:**  
I would rather not speak.

**MR. SPEAKER:** I hope you will make a very useful contribution and, in ten minutes, you know how to summarise. I know he can compress that.

**SHRI HARI VISHNU KAMATH:**  
Before I come to the main issues. I will have just for a few seconds a glance at the Demands of the Ministry of External Affairs. On pages 5 and 15, in the printed booklet I find there are two curious items—first is the entertainment charge Under that, there is an item—entertainment of the dignitaries.

**SHRI ATAL BIHARI VAJPAYEE:**  
Including those of the United Nations.

**SHRI HARI VISHNU KAMATH:**  
I am glad that you have raised this point. But, Sir, this is blank. Nothing is shown against it. Under Entertainment charges and Entertainment of dignitaries that is blank. Nothing is shown.

**SHRI JYOTIRMOY BOSU** (Diamond Harbour): They do not want to tell us about others.

**SHRI HARI VISHNU KAMATH:**  
Fortunately, the expenditure is shown on page 15: there is an item called—'entertainment of foreign dignitaries!' That means to say, does it include Indian dignitaries as well? I do not know. That should be made clear. I am glad to find that the budget estimate is now reduced from the last year's estimate of Rs. 104 lakhs. This year's estimate will be only Rs. 63 lakhs. That, I suppose is due to the policy of prohibition. I think it is a welcome reduction in our budget for entertainment.

512 LS—3.

**SHRI JYOTIRMOY BOSU:** Prohibition could not make such a puny reduction.

**SHRI HARI VISHNU KAMATH:**  
Now I will come to the other issues which are very important from the point of view of our policy. It is a truism to say that a nation's foreign policy should conduce to and promote its national interests in conformity with its basic domestic policy.

**MR. SPEAKER:** It is an extension of the domestic policy.

**SHRI HARI VISHNU KAMATH:**  
Thank you very much, Sir. It is in conformity with the basic principles of peace, friendship and cooperation with all nations and here we have to see and show that our national interests are promoted. All the while, while we are promoted. All the while, while we to the basic principles.

The main trouble spots are in Asia and Africa. As a matter of fact, the entire world, all the countries of the world, are now free except, as far as I can see—or as far as I am aware, some countries of Southern Africa and certain Islands in the Pacific, and the Atlantic. The other countries are nationally liberated. Whatever their internal systems are, we do not bother about.

Now, we are mending our fences very well with many countries, with our neighbours, particularly due to the personal relations, personal contacts of the External Affairs Minister who in his amiable flexible style has managed to shed many of his former Jan Sangh predilections and adopted himself very well to the Janata Party and Janata Government's foreign policy. That shows his resilience and flexibility and adaptability and thereby it has promoted the country's interests very well indeed. But Sir, even then with regard to China, with regard to Pakistan, with regard to Kashmir—I mean—in answering a question of mine in the Lok Sabha recently—he said that so

[Shri Hari Vishnu Kamath]

far as Kashmir is concerned he has had so many talks with the Pakistan representatives here recently; he has been to Pakistan also and I do not know what detailed talks he had there. It has been a sort of top secret. I do not think he has told us all about it so far. The latest statement made by him in regard to a question of mine on the 6th of April, with regard to Kashmir, was that the Government of India's position on Kashmir is well-known. The whole of Jammu and Kashmir is constitutionally and legally an integral part of India, that is to say, it is only a *de jure* part of India not yet *de facto*, because a part of Kashmir is still in Pakistan's possession and perhaps a little part is also in Chinese possession in Pakistan....(Interruptions)

MR. SPEAKER: He will be disturbed.

SHRI HARI VISHNU KAMATH: I think the Minister should make the Government's position clear on this subject as to what exactly the Government proposes to do with regard to the Kashmir issue whether it is by peaceful negotiations, whether there is any prospect of a successful outcome of peaceful negotiations. So also with regard to China, the Prime Minister made a statement recently in regard to a Call Attention by me last month, I believe saying that we would certainly settle border disputes by peaceful negotiations and he suggested that it would be done on the basis of the five principles of Panch Sheel. Now, unfortunately, Pandit Jawaharlal Nehru, as Prime Minister, who was shocked and dismayed and who finally internally collapsed after the Chinese aggression at the beginning was insistent that China should withdraw from the occupied territories. But then China unilaterally withdrew not from those territories, withdrew from India, and then threatened to come again. That was the statement which was made by one of the Chinese Generals; "we have come to India once, if need be we will come again." That is what

one of the Generals was reported to have said. At that time, Six Colombo Powers, Six non-aligned Nations, met at Colombo and decided on a plan. Pandit Jawaharlal Nehru, the then Prime Minister, accepted the plan with alacrity though it fell far short of the original proposal made by him for the vacation of aggression by China of Indian territory. The Prime Minister Shri Morarji Desai, wants a change; the only change in the resolution which Parliament passed in 1962, the historic resolution passed by the Lok Sabha in 1962, the only change that the Prime Minister made was that the words 'drive the aggressor from the sacred soil of India' should be changed to 'vacation of aggression'. Even in the time of Pandit Nehru a special session was called in January 1963, one-week-session, in the history of free India there was no other special session in January for a special purpose; it was called to endorse the proposals made by the 6 Powers which had met in Colombo, and Parliament also endorsed the proposals made by the Colombo Powers and accepted by the Prime Minister at that time. I should like to know whether any communication has been received by the government from the Chinese government from any Chinese authority, the Chinese President or the Chinese Prime Minister with regard to this subject after the Prime Minister made the statement in the House, whether they are willing to enter into negotiations and if so on what basis.

Then there is the question of genuine non-alignment. Non-alignment is a much bandied word, sometimes misused also. Genuine non-alignment real non-alignment. Can we at all say, so far as West Asia is concerned, can we place our hand on our hearts and say that India is genuinely non-aligned so far as West Asia is concerned?

MR. SPEAKER: It depends upon the nature of the heart.

SHRI HARI VISHNU KAMATH: While in the Opposition, he was as

vehement also or even more vehement than some of us used to be with regard to government's West Asia policy, at that time Congress Government's West Asian policy and now of course the Janata government's policy which he has to follow. Look at the preposterousness of this policy. It is only a hangover of the moronic policy initiated by Jawaharlal Nehru and carried on for 25 years and pursued with even greater vigour by his daughter Shrimati Indira Gandhi. The hangover is still there, it is difficult to shake off 30 years policy hangover. But some beginning should be made. I should like to suggest that in the world there are countries even small countries like Nepal and Burma who are our neighbours who have got full diplomatic relations with Israel as well as Arab States. I have got a list here. I do not have the time to read the whole list.

MR SPEAKER Your time is up.

SHRI HARI VISHNU KAMATH I have got two or three points to make and I hope they are not unimportant ones you will appreciate. There are European countries, African countries, Asian countries—there are about 48 countries that have got full diplomatic relations with Arab States as well as Israel. Among them are States like Nepal, Burma, Turkey among the Muslim States, Iran also. But we are not having even bilateral consular relations. I do not ask for more at present. What is this if not pusillanimity?

क्षत्र हृदयदोष-य त्योक्त्वा सिष्ट परतप ।

They have got a consul here, but we have no consul in Israel.

SHRI JYOTIRMOY BOSU We can ask this consul to go away.

SHRI HARI VISHNU KAMATH That is alright. If we can do that, it is alright. But look at the absurdity. The British Embassy in Israel is supposed to look after our interests in Israel, used to, I do not know what the position is today. That is the absurdity of the whole position. The

Government should look into this and rectify the position. Then two more points.

MR SPEAKER You have already taken fifteen minutes.

SHRI HARI VISHNU KAMATH I will take another five minutes. This is what the first Speaker used to say: fifteen minutes and if the Member is making substantial points, five minutes more.

MR SPEAKER At that time you were lucky because there were very few speakers.

SHRI HARI VISHNU KAMATH Time can be extended by one hour.

There is a conflict going on between Vietnam and Cambodia in Asia, both are communist countries. But the Minister for External Affairs was reported by the Samachar Correspondent on the 3rd of January to have observed that the conflict was unfortunate, especially as both Vietnam and Cambodia were non-aligned countries. I do not know where he got this conception from that both Vietnam and Cambodia were non-aligned countries. This was Samachar report. I do not know whether it is wrong report or misreporting.

SHRI ATAL BIHARI VAJPAYEE: Are you objecting to the word 'were' or to the substance of the matter? Both are non-aligned.

SHRI HARI VISHNU KAMATH Both are non-aligned? One is pro-Moscow and the other is pro-China. They are non-aligned? (Interruptions).

Now one last word. Mrs Indira Gandhi, who is taking every opportunity to condemn this Government, in season and out of season, has now come out with a statement preposterous statement, that too many pacts is a sign of weakness. That she herself indulged in too many pacts it does not matter! But our Government should not. Look at this.

DR. SUBRAMANIAM SWAMY (Bombay North-East): She is jealous.

SHRI HARI VISHNU KAMATH: Of course. Lastly, she says: "who was it that brought Kashmir within the folds of India?"

Look at this.

"...those very Janata people were opposed to it because Nehru was a Kashmiri". What is this? If people go about saying this kind of thing, I think, the sooner they shut up the better.

SHRI ATAL BIHARI VAJPAJEE: There is freedom of speech.

SHRI HARI VISHNU KAMATH It is a licence. One last word about external publicity, External publicity is so badly arranged, particularly public relations in our Embassies abroad, that the speech made by the External Affairs Minister in United Nations did not get even one word coverage in the American Press, not even one word coverage. I do not know whether it is due to our relations with them. I am afraid that in many of the Embassies abroad, the old toadies and flunkies of the Emergency regime are still ruling the roost, and that should be looked into.

Lastly the question of Hindi in the United Nations. The Minister for the first time made his speech in Hindi and all kudos to him for it, but the difficulty of making it a language among the languages of the United Nations is very great. Hopes have been aroused. But apart from the money that we will have to spend on that—our contribution to the United Nations Budget, is at present only 0.68 per cent of the entire Budget, it is not even 1 per cent; it is just 0.68 per cent of the UN budget.—we have to depend upon the votes in the General Assembly for getting Hindi accepted. We are third in the queue so far as languages are concerned. Japanese and Swahili are already in the queue in the United Nations and

unless the question of Japanese and Swahili is decided, Hindi cannot be taken up at all in the United Nations.

I hope all these questions which I have raised will be looked into by the Minister, and next year we will have a few brighter things to say about the performance of the Ministry in foreign affairs.

श्री राम प्रकाश त्रिपाठी (कन्नौज) :

अध्यक्ष महोदय, मैं विदेश मंत्रालय की प्रस्तावित प्रनुदान की भांगों का समर्थन करने के लिए खड़ा हुआ हूँ। सब से पहले तो मैं माननीय विदेश मंत्री जी और जनता पार्टी की सरकार को बधाई देना चाहता हूँ— उन्होंने वास्तविक और सही अर्थों में तटस्थता की नीति को अक्षितयार किया है। उन हमारें कांग्रेस के एक मित्र ने कहा था कि हमारें नय विदेश मंत्री जी के आने से पहले भी हमारें पड़ोसी देशों के साथ सम्बन्ध बहुत अच्छे थे। मैं ऐसा नहीं मानता। जनता पार्टी की सरकार के आने के बाद हमारें विदेश मंत्री जी ने अपने पड़ोसी देशों के साथ जितने अच्छे सम्बन्ध स्थापित किये, इतने पहले की सरकार ऐसे सम्बन्ध स्थापित नहीं कर पाई थी। उन के साथ हमारें सम्बन्ध खरूर थे, लेकिन एक भय का वातावरण, आशंका का वातावरण, अशांति का वातावरण सभी पड़ोसी के देशों में व्याप्त था। हमारें भूतपूर्व प्रधान मंत्री ने यद्यपि पड़ोस के या दुनिया के अन्य देशों के साथ कुछ समझौते या सम्बन्ध स्थापित किये थे, लेकिन वे सम्बन्ध देश की जनता के साथ सम्बन्ध न हो कर, उन के व्यक्तिगत सम्बन्ध भले ही रहे हों। लेकिन जनता सरकार पहली बार इस बात के लिए बधाई की पात्र है कि उसने विश्वास पर हमारें विदेश नीति को आधारित किया, हमारें पड़ोसी देशों के मन में जो सन्नेह व्याप्त था, उस में पहली बार विश्वास का वातावरण पैदा हुआ है। इस

लिए सब से अधिक बढ़ाई मैं इस लिए देना चाहता हूँ कि स्वतन्त्रता के बाद पहली बार भारत की भारतीय संयुक्त राष्ट्र संघ में फैली। हमारी हिन्दी भाषा में हमारे विदेश मंत्री जी ने संयुक्त राष्ट्र संघ में अपनी बात कहकर भारत की जो प्रतिभा वहाँ प्रस्थापित की है, वह वास्तव में अद्वितीय है।

अब मैं कुछ महत्वपूर्ण बातों की ओर, जिन का संकेत हमारे पूर्व-वक्ताओं ने भी दिया है, भाष का ध्यान आकर्षित करना चाहता हूँ। कंट्रोल चाहे जितना अच्छा हो, लेकिन जब तक दूसरे खिलाड़ी अच्छा खेल नहीं खेलेंगे, तब तक खेल को जीता नहीं जा सकता। विदेश मंत्रालय की सेवा में जो लोग काम कर रहे हैं, जैसा मेरे पूर्व-वक्ता ने संकेत दिया, उस का आभियोग हमें समय-समय पर उठाना पड़ रहा है। मैं तो जानिब्या के प्रधान मंत्री को धन्यवाद देता हूँ। उन्होंने वह पत्र लिख कर स्थिति को साफ़ कर दिया, इस लिये मैं उस अध्याय को खोलना नहीं चाहता, लेकिन उस का कारण क्या था, हमारे मिशन वहाँ पर क्या कर रहे थे। एमर्जेंसी के दिनों में जो लोग हमारे देश की प्रतिभा को बिगाड़ रहे थे, क्या आज भी वही लोग उच्च पदों पर काम नहीं कर रहे हैं। ये वही लोग हैं जो दुनिया में धूम-धूम कर एमर्जेंसी के गीत गाया करते थे, आदरणीय जय प्रकाश जी को देशद्रोही, आज के प्रधान मंत्री को इस देश के लिए खतरा और विदेश मंत्री जी को फासिस्ट, प्रतिनिध्यावादी, देश का दुश्मन कह रहे थे। यही कारण है कि जगह-जगह पर हमारे प्रधान मंत्री जी और विदेश मंत्री जी देश की जिस प्रतिभा को बढ़ा करते हैं और ये लोग देश की उस प्रतिभा को जगह-जगह धूमिल कर रहे हैं। इस सम्बन्ध में माननीय विदेश मंत्री के समक्ष कुछ सुझाव रखना चाहता हूँ। दिल्ली कमेटी का एक सुझाव ज़रूर मैं पढ़ा हुआ है। उन्होंने कहा था कि इस सेवा के पदों पर बाहर के

लोगों को भी लिया जाए। मुझे लोक सभा प्रश्न संख्या 639 के उत्तर पर खुशी है कि अब इस पर कुछ फ़ैसला हुआ है। लेकिन मेरे सुनने में यह भाषा है और मुझे इस बात का पता लगा है कि जो लोग बाहर से लिए गये हैं हमारे विदेश मंत्रालय के अधिकारी उन के साथ सहयोग नहीं कर रहे हैं। श्री पाल्कीवाला, श्री एन० जी० गोरे और दो एक और लोगों को इस सरकार ने इन ऊँचे पदों पर लिया है। एक सुझाव मैं यह देना चाहता हूँ कि बाहर के कुछ और ऐसे अनुभवी लोगों को इस विदेश मंत्रालय की सेवा में लिया जाए जो जनता पार्टी के दृष्टिकोण को, इस देश में हुए परिवर्तनों को और जनमानस की सही अभिव्यक्ति को दुनिया के सामने रख सके।

अब एक बात मैं पालिसी प्लानिंग कमेटी के सम्बन्ध में कहना चाहता हूँ। पालिसी प्लानिंग कमेटी के सम्बन्ध में मैंने एक प्रश्न भी किया था और माननीय विदेश मंत्री जी ने उस का उत्तर भी दिया था। मुझे अपने विदेश सचिव की योग्यता और उन के अनुभव के बारे में किसी प्रकार का कोई सन्देह नहीं है। लेकिन मैं एक छोटा सा सुझाव देना चाहता हूँ कि इस कमेटी की चेयरमैनशिप फारेन सेक्टर की पास नहीं होनी चाहिए। उन के ऊपर और बहुत बड़ी जिम्मेदारियाँ और दायित्व हैं और आज हमारे विदेश मंत्री और प्रधान मंत्री जी हैं, वे समझ हैं और उन्हें देश के किसी अच्छे राजनीतिक को ढुंढ कर इस चेयरमैनशिप के पद पर रखना चाहिए जिससे यह कमेटी जनता पार्टी के दृष्टिकोण को, इस देश के दृष्टिकोण को और इस देश की एक अच्छी प्रतिभा दुनिया के सामने रखें और उसमें अपना पूरा सहयोग दें। इस कमेटी का सचिव भी उन्हीं लोगों को होना चाहिए जिन्हें अपने काम का प्रयोगात्मक अनुभव हो।

[श्री राम प्रकाश त्रिपाठी]

विदेश मन्त्रालय की सेवाओं के बारे में श्रीराम पामपोट के बारे में हमारे दूसरे माननीय सदस्यों ने बताया है और अपने सुझाव दिये हैं। यह ठीक है कि हम लोगों को, इस ससद् के सदस्यों को आप ने जो अधिकार दिया है, उसके कारण लोगों को बहुत सहूलियत हुई है लेकिन फिर भी मैं यह देखना हूँ कि आज भी दफतरो में भीड़ देखने का मिलती है। हमारे हस्ताक्षर करने के बाद भी लोगों को परेशानी उठनी पड़ती है, इस तरफ आप को ध्यान देना चाहिए और हम सम्बन्ध में जो सुझाव दिये गये हैं, उन का ध्यान में रख कर उचित कार्यवाही करनी चाहिए।

मैं एक बात और कहना चाहता हूँ। कांग्रेस के एक माननीय सदस्य ने बल इस बात का सकेत दिया था कि जब हमारे विदेश मंत्री जी विरोधी पक्ष में थे, तब उन्होंने इन्दिरा गांधी की बड़ी प्रशंसा की थी। लेकिन मैं अपने कांग्रेस के मित्रों से कहना चाहता हूँ कि वे इन्दिरा गांधी जी से यह पूछें कि हमारे जो अच्छे काम हैं उन की सराहना करने में उन्हें क्या कष्ट है। लेकिन श्रीमती इन्दिरा गांधी तो आज भी आश्रय बन्द कर के आलोचना में लगी हुई हैं। आज इस बात को सब जानते हैं, देश का कोना-कोना जानता है, श्रीपट्टी से ले कर महल तक, शहरों से लेकर गांवों तक प्रत्येक व्यक्ति यह जानता है कि जनता पार्टी की सरकार आने के बाद यदि कोई ऐसा मन्त्रालय है, यदि कोई ऐसी नीति है, जिस पर गर्व किया जा सकता है तो यह विदेश मन्त्रालय ही है और उम की नीति है। विदेश तक में इस की धूम-धूमि प्रशंसा हो रही है लेकिन हमारी भूतपूर्व प्रधान मंत्री इस के बारे में भी मन्त्री श्रीराम त्रिपाठी को बताना चाहते हैं और श्रीराम त्रिपाठी को बताना चाहते हैं कि हमारे देश का आन्तरिक मामला है और दुनिया के देशों का इस मामले में नहीं बोलना चाहिए। लेकिन आज श्रीमती गांधी चाहती हैं कि जनता पार्टी की सरकार भुट्टो को फासी देने के बारे में अपना री-एक्शन क्यों व्यक्त नहीं करती और दूसरे देश के आन्तरिक मामले में क्यों नहीं बोलती या हस्तक्षेप करती। जहाँ हम यह चाहते हैं कि हमारे घरेलू मामलों में कोई न बोले, वहाँ हम भी किसी दूसरे देश के घरेलू मामलों में नहीं बोलना चाहते हैं।

को लेकर हमारी सरकार बोलती नहीं है। इस सम्बन्ध में मुझे तो कुछ ऐसा लगता है कि हमारी भूतपूर्व प्रधान मंत्री यह कष्ट इसलिए खड़ा कर रही हैं कि जब कभी उनके खिलाफ कोई एक्शन हो, शाह बमीशन उन के खिलाफ कोई कार्यवाही करे, तो जनता सरकार कोई आपत्ति न करे यदि उन को छोड़ देने के लिए भी दुनिया के कुछ देश बोलने लगे। आज वह यह बात चाहती है लेकिन जिस समय हमारे आज फर्मानामें साहब की जज्बों से जकड़ी हुई तस्वीर इमर्जेंसी के दिनों में दुनिया के कुछ देशों में प्रेषण की गई थी, उस समय श्रीमती इन्दिरा गांधी और उसकी सरकार कितनी जोर से चिल्लाई थी कि यह हमारे देश का आन्तरिक मामला है और दुनिया के देशों का इस मामले में नहीं बोलना चाहिए। लेकिन आज श्रीमती गांधी चाहती हैं कि जनता पार्टी की सरकार भुट्टो को फासी देने के बारे में अपना री-एक्शन क्यों व्यक्त नहीं करती और दूसरे देश के आन्तरिक मामले में क्यों नहीं बोलती या हस्तक्षेप करती। जहाँ हम यह चाहते हैं कि हमारे घरेलू मामलों में कोई न बोले, वहाँ हम भी किसी दूसरे देश के घरेलू मामलों में नहीं बोलना चाहते हैं।

अध्यक्ष महोदय इस मन्त्रालय की मांगों पर कोई लम्बा-चौड़ा व्याख्यान देने की आवश्यकता नहीं है। इसलिए मैं अपना भाषण समाप्त करता हूँ और आपकी धन्यवाद देता हूँ कि आपने मुझे इस अवसर पर अपने विचार व्यक्त करने का मौका दिया।

MR SPEAKER Now we go back to the Calling Attention

13 06 hrs.

[MR DEPUTY-SPEAKER in the Chair]

MR DEPUTY-SPEAKER Now Calling Attention Mr Somnath Chatterjee

**CALLING ATTENTION TO MATTER  
OF URGENT PUBLIC IMPORTANCE**

**CYCLONE IN ORISSA**

**SHRI SOMNATH CHATTERJEE** (Jadavpur) I beg to call the attention of the Minister of Agriculture and Irrigation to the following matter of urgent public importance and request that he may make a statement thereon

'the reported death of 150 persons and injury to several hundred others as a result of the freak cyclone which swept five villages in Keonjhar District in Orissa on 16 April 1978

**THE MINISTER OF AGRICULTURE AND IRRIGATION (SHRI SURJIT SINGH BARNALA)** Sir with a sense of great sorrow I have to inform the House that there have been considerable losses to human lives and properties due to a tornado which struck for a few minutes parts of Cuttack and Keonjhar Districts in Orissa. According to the information received from the State Government the devastating tornado lashed parts of these districts at 16-30 hours on the 16th April 1978 with wind speed of 70 kms per hour. We are advised by the India Meteorological Department that it was a localised tornado and not a freak cyclone. Two blocks—namely, Dingadi and Korai of Jajpur Sub-Division in Cuttack district were affected. As per the latest report 9 persons have died, 100 persons injured and 150 houses totally collapsed in Cuttack district. Ghasipura block of Anandapur Sub-Division in Keonjhar District was worse hit where as per the State Government's latest report, 151 persons died and 250 persons injured, 500 houses were wiped off and 1000 houses collapsed. The figure of partly damaged houses is under collection. A large number of cattle, goat, sheep have died. More dead bodies are expected to be salvaged from the debris which is being cleared. It is expected by the State Government that the exact number of deaths would be known by this evening.

Relief operations have been started by the State Government. Special Medical Team has reached the affected areas and the temporary hospital has been opened. Injured persons have been hospitalised and serious cases are being removed to Cuttack Medical College Hospital. Besides normal diet, special nutritive diet like fruits and Horlicks for affected patients have been sanctioned. Gratuitous relief for 7 days has already been started. Water tinkers have been engaged for supply of drinking water. Disinfection of wells and tanks is being done. Tents, tarpauline, bamboo mats are being supplied for temporary shelters. Clothes, medicines and emergent relief in shape of dry food is being distributed. Four companies of Orissa Police have been sent to assist the local authorities in relief and rescue operations. The State Chief Minister, Minister of Revenue, Minister of Irrigation, Minister of State (Tribal Welfare) have already visited the affected tribal area. The Special Relief Commissioner along with the Revenue Divisional Commissioner are camping in the areas for directing relief operations. The concerned collectors are on the spot for personally looking after the working of the relief operations.

Instructions have been issued from the Ministry of Health to the Central Government Medical Store Depot, Calcutta, for meeting the immediate requirements of essential medicines and equipments for relief operations. The Indian Red Cross Society is arranging to send two Medical Units, 200 family tents, 2 tonnes of milk powder, 20 hales of assorted clothes, 500 kgs of biscuits, 500 kgs of baby food, 100 utensil sets and 250 pieces each of Dhotis and Sarees to the affected areas.

Local voluntary organisations are supplying cooked food. A team of veterinary services is also operating in the affected area. Special Control Room has been opened at Ramachandrapur.

The State Government has reported that a number of badly affected vil-

[Shri Surjit Singh Barnala]

lagers are to be shifted to safer sites for rehabilitation and Central assistance for construction of new houses, purchase of bullocks and assistance for agricultural operations is necessary. The requirements of Central assistance are being worked out by the State Government. We are in constant touch with the State Government and I may assure the House that all necessary action is being and will be taken to assist the State Government, in mitigating the distress of the affected population.

The Government of India has decided to provide an interim Advance Plan assistance of Rs 2 crores to assist the State Government to meet their immediate commitments. This will be in addition to the margin money of Rs 358 crores already available with the State Government for relief operations.

An amount of Rs 3 lakhs has been provided to the State Government from the Prime Minister's Relief Fund also. I may also add that the Government of Orissa is doing commendable work and it has taken up relief operations in very quick time.

**SHRI SOMNATH CHATTERJEE:**  
Mr Deputy-Speaker, because of this natural calamity a large number of poor people of our country in the State of Orissa have been affected. We find that what has happened in that State is devastating. It appears from the newspaper reports that hundreds of dwellings, mostly mud huts, collapsed like a house of cards. The report says

"According to an eye-witness, hundreds of trees were uprooted and many cattle lost. Corrugated tin sheets, bamboo poles, doors and windows were seen flying in the air. The impact of the whirlwind was so severe that cattle were lifted high in the air and a building in which 100 people had taken shelter collapsed, trapping almost all of them.

Another eye-witness said that hardly 25 per cent of the inhabitants

of seven villages under Ramachandrapura police station were believed to be alive. Those who have survived are still dazed and unable to give a graphic description of what had happened."

The *Times of India* has given the grim details of the tragedy. It says

"That impact of the cyclone was so great that in one case the head was severed from the body. Some people lost their ears or eyes. A ten year old child was seen crying for his parents who were believed dead."

This is the magnitude or severity of the problem. According to unofficial reports the death toll has almost reached 500. Though the statement says 9 persons in Cuttack district and 151 in the Keonjhar district", according to other reports, the figures are much more. This magnitude of the devastation should be fully appreciated. A large number of persons have been injured. So far as Purnabandhaguda village is concerned, it appears that all the houses have been destroyed and the entire village has been razed to the ground. The difficulty is that most of the houses are mud houses or huts and they could not possibly withstand the violent tornado which hit them. It has very seriously affected the cattle population also of that area.

I am happy to note that the State of Orissa, with its limited economic resources, is trying its best, and the Minister has been good enough to appreciate the commendable effort that has been made. But we want that the Central Government should also play its role. We notice that the assistance which has been given is the very minimum. Only gratuitous relief for seven days has been started. When faced with a calamity of this magnitude, relief for seven days will be hardly adequate. Apart from providing free medical treatment, we think that immediate arrangements should be made for gratuitous relief and supply of food for at least a month, in

view of the situation that has been created.

It is also essential that these poor people in the villages who had only mud huts should be given full rehabilitation grants. Otherwise it is impossible for them to rebuild their houses. It may be necessary to see if they can be shifted to other sites, in which case the land necessary should be provided to them. Otherwise they cannot rehabilitate themselves. For rebuilding their houses and dwellings, full financial assistance should be given

What is indicated in the statement is that the Orissa Government is being given interim advance Plan assistance of Rs. 2 crores. I do not know whether the Central Government should give outright relief or not because it will affect the State of Orissa which is a backward State if Plan expenditure is to be diverted. In the circumstances, we request the hon. Minister to tell us whether the Central Government will undertake to bear—and we demand that it should bear—all expenses that have to be incurred not only for giving them temporary relief, but also for the relief of the affected people in full. For no fault of theirs, they are victims of this calamity, and it is not fair to require that the State Government, which is under financial constraint like all other States, should bear all the expenses or the major part of the expenses for this. Therefore, we want an assurance, and I request the hon. Minister to tell us what the policy of the Central Government is with regard to providing assistance.

Secondly, for the purpose of proper co-ordination, a team should go from the Centre and be there to see that proper co-ordinated relief operation as well as rehabilitation operation is carried on and all necessary facilities are given by the Central Government to the State Government in this connection.

Thirdly, we would like to know whether the Central Government will set up some sort of a permanent

relief body. We find that whenever these calamities take place, non-official bodies go there to help, but their resources are inadequate. To meet calamities like this where the State Government's resources are limited, where the resources of the non-official bodies are limited, there should be, apart from the Prime Minister's Relief Fund, a permanent machinery for giving relief to the people as soon as possible. May I know whether such a proposal is being mooted?

Lastly, as the Plan resources of the State Government are going to be affected by reason of the advance that is being made by the Central Government, we would like to know whether there would be an outright grant.

**SHRI SURJIT SINGH BARNALA:**  
The hon. Member has mentioned that gratuitous relief is initially provided for only seven days and that it is not sufficient. This is just the beginning. Gratuitous relief is being provided for the time being for seven days. It will probably be extended according to the needs of the people there and if any assistance is required from the Central Government in the form of food, we will be very glad to provide it as we have done in the case of other calamities also.

So far as the advance Plan assistance is concerned, as my hon. friend already knows, after the Sixth Finance Commission's recommendations, the earlier method of providing *ad hoc* Central assistance has been stopped. Since 1st April, 1974, the method of providing relief has been through advance plan assistance and some marginal money is provided to various States. As I had mentioned, Rs. 3.58 crores had been provided as marginal money to Orissa Government also. So, that money is available for purposes of relief in these cases. Whenever a calamity like this is faced by a State, the State Government normally asks for relief and the relief is advanced from the advance

[Shri Surjit Singh Barnala]

plan assistance. Previously, during 1977-78 floods also, the Orissa Government had asked for some relief and Rs. 8.52 crores were advanced as advance plan assistance to Orissa Government.

**SHRI JYOTIRMOY BOSU** (Diamond Harbour): Science today has enabled many countries to tackle the fury of the nature. In India although we are independent for 30 good years, we become victims of nature's fury so frequently. We have cyclone, tornado, we have flood, we have drought and we are helpless victims of these furies. I have said it more than once on the floor of this House that certain super powers are experimenting with weather warfare. I am again requesting the Government to enquire into the matter because this is happening much too frequently.

In China, recently they had repeated earthquakes but the suffering compared to the fury of the nature that came on China was negligible. The Government tackled the situation in such a manner that people's suffering was reduced to nothing practically and they refused help from outside countries also.

Here I read a telex from the Chief Secretary of Orissa Government. I talked to him because the Chief Minister was out of Bhubaneswar; he had gone to the affected areas. Here he says: "All houses in these two villages with 900 population have collapsed." This is a very important point. The point is that 900 houses had collapsed at 4.30 p.m. If we take half a person per house as dead because it was total collapse, uprooting, it comes to 450. The news item of the *Times of India* of this morning cannot be scoffed of. Although the Government have said in telexes that the death comes to about 158 or 159, I am afraid, I am not quite able to accept that because, as they say, all the houses in these two villages of 900 population collapsed. This is the most important point. Therefore,

this is a matter where I would like a clarification from the hon. Agriculture Minister.

This is one of the worst tragedies that Orissa has faced. Besides this severe loss of human lives, I am told, property worth about Rs. 2 crores is totally written off. It cannot be used; it cannot be salvaged. Nothing will happen. But the only trouble is—I do not understand—as seen in this case, most of the deaths are due to house collapse. Most of the dead bodies are being pulled out of the debris. This is what the Chief Secretary told me on telephone. The only remedy one can do in that sort of situation is go to the open field, if you had the earlier warning, and lie flat on the ground. That is the only remedy that you can possibly think of. But what is happening to the warning system. Mr. Barnala on 6th December had said about Andhra Pradesh cyclone:

"So, a definite information, a positive information was received by about the mid-night on the 18th and the warnings had been given. But, unfortunately, it appears specific warning regarding evacuation was not given. I do not know why the authorities did not think it proper to give that warning also because that was one of the essential warnings that should have been given at that time. I do not blame anybody for that. There might be a lapse on the part of somebody. But the only thing is that it was not done. Otherwise, possibly some more number of people could have been evacuated from that place and could have been saved. Without entering into any political controversy—etc. etc."

The question, here, that I would like to ask is as to whether any kind of prior warning was given to the people of the affected area.

Only the other day, we had in Delhi a tornado, exactly of this type

and almost of the same duration. How severe was the tornado in Delhi can be gauged from the fact that a double-decker bus, full of passengers, was lifted up and dropped in a ditch. I am again asking, in the context of weather warfare, or weather modification techniques, whether anybody is experimenting on that. Is it an outcome of our own human, economic and scientific activities? Is it due to climatic instability owing to our expelling every day huge quantities of fossil fuel burning and synthetic chemicals into the biosphere? This is what we have to find out. This is not a matter which can be just ruled out like that. The satellites can predict cyclones, etc. It is an expensive method. We may not be able to afford it. But there is the modern Doppler Radar which the Bharat Electronics, a public sector undertaking, can easily undertake to manufacture. That should be tried. The modern Doppler Radar with a real time processor and colour display will do.

I would like to know from the hon. Minister as to what this Government is doing? Are they all the time behind the quacks and generalists of the Indian Administrative Service or do they consider these people as scientists adopting scientific methods? The world is moving ahead fast with weather warfare techniques, change in weather technology and all that. This is a very serious question. I have been saying it repeatedly—it is throwing pearls before swine. This Doppler Radar is an outcome of the study done by Dr. Harold W Bayton of National Centre for Atmospheric Research Boulder.

I am making a concrete suggestion. I would like to have a categorical reply and an assurance from the hon. Minister that they are going to look into the matter. Every time, we cannot sacrifice hundreds of people and end up with a debate in the Lok

Sabha. We cannot do that. I want to know from the hon. Minister whether, as it was indicated earlier, a National Calamity Insurance Fund has been created and, if not, what is the reason for the same. We have repeatedly said, let there be a National Calamity Insurance Fund. Whenever something happens, let the money be taken out from that fund.

No need to beg. I know, my hon. friend from Orissa will say that he needs Rs. 10 crores, and rightly so. You must give a minimum of Rs. 5 crores grant, not less than that. I would like to have a clear and categorical assurance about having a proper "previous warning system" which science has already provided.

Secondly, adequate grant should be given, no loan, no assistance. The whole nation shares the sorrow of Orissa, the poorest State in the country with the richest natural resources exploited by other States which have become richer at the cost of Bihar and Orissa. We know all these things. Therefore, I want to have a clear and categorical assurance from the hon. Minister that at least Rs. 5 crores grant will be rushed to Orissa, You leave it to the State Government to do what they think best. We do not want subedars going from the Centre. I would like to know in concrete terms how much do they propose to give and in what shape and form.

**SHRI SURJIT SINGH BARNALA:** My hon. friend has correctly said that in some villages, there has been a colossal loss. I had also mentioned in my statement that about 500 houses have been wiped off, that they have lost their existence as such and, about 1000 houses have collapsed. I also stated that by this evening, probably, after salvaging from the debris, we will be able to know the exact number of the casualties that have taken place. And we are in constant touch with Orissa Government to know the latest figures, so

[Shri Surjit Singh Barnala]

far as this is concerned. So far as warning is concerned, in case of tornado, the warning is not possible. It is not of cyclone that it can be seen or some advance information can be gathered about that.

**SHRI JYOTIRMOY BOSU:** Timing may not be possible, but the forecast is possible.

**SHRI SURJIT SINGH BARNALA:** As regards tornado, it is not possible, but we did have a warning in this case also. For example, the India Meteorological Department, issued a general bulletin also and issued a warning also on the 16th April, 1978, at 12.30 P.M. The station at Bhubaneswar issued a general bulletin as well as a special weather warning and a bulletin for fishermen. This special weather warning was as follows:

"Isolated thunder squall wind speed reaching 70 km. per hour in individual gusts likely in north Orissa during the next 48 hours."

This is the maximum they could do because it is under that thunder squall that the tornado forms and we do not know until we see actually that it has been formed; we cannot give any warning. In other countries, this is the only system. They keep a watch; they can only see; they can find out that in an area of 100 kms by 200 kms. there will be thunder squalls, etc. So, they give a warning and they keep a watch. Whenever a tornado is seen, a warning is issued that it has occurred at such and such place and now it is travelling in this direction, etc. That warning is issued. That is the only method. There is no other method. That is why in Delhi also, within three minutes, so much damage was caused and nobody knew what was happening.

In Orissa also, Mr. Biju Patnaik was there. He did not know what actually had happened unless he got

the news after a long time. My State Minister was also there. He said: I was about to board a State plane. He said: the pilot told me that Sir the wind velocity is increasing. Probably there might be a thunder storm or something like a cloud burst, so, we must start. So, they immediately started towards Calcutta and reached there safe in time. But on the way also, they found out that there was a formation of thunder storm. Probably there might be a squall, etc. This was what they could get. So, I was submitting that whatever possible could be done was done and information was given.

So far as assistance of Rs. 5 crores as suggested by my hon. friend is concerned, I have already submitted that now the Seventh Finance Commission is sitting. Probably, they may recommend such things. But, so far, we have to go, according to the recommendations of the Sixth Finance Commission and according to that, we have provided assistance that was required for the time being.

**SHRI JYOTIRMOY BOSU:** Seventh Finance Commission is not a tornado commission.

**MR. DEPUTY-SPEAKER:** Don't try to create a tornado in the House.

**SHRI JYOTIRMOY BOSU:** I wanted an assurance that money will be rushed as grant and there will be no reference of this matter to the Finance Commission and all that. Let the Minister give an assurance. Other wise, it is very unfair on their part if they do not do it.

**SHRI SURJIT SINGH BARNALA:** Direct grant cannot be given, according to the recommendations of the Finance Commission. We only advance from the plan assistance whatever amount is required.

**SHRI JYOTIRMOY BOSU:** On a point of order.

MR. DEPUTY-SPEAKER: There is no point of order. Mr. Naik.

SHRI JYOTIRMOY BOSU: On a point of order.

MR. DEPUTY-SPEAKER: There is no point of order. I have called Mr. Naik.

SHRI JYOTIRMOY BOSU: On a point of order. In case of Andhra Pradesh, the State Government had been good enough to pay money as grant. I am a party to that.

MR. DEPUTY-SPEAKER: I know the facts, as far as Andhra is concerned

श्री लक्ष्मी नारायण नायक (खजुराहो):  
उपाध्यक्ष जी, श्रीमान्नीय कृषि मंत्री महोदय ने, उड़ीसा प्रान्त के कटक और ब्यांसर जिलो मे जो चक्रवाल आया उसके कारण जो मृत्यु हुई, उसके आंकडे दिए ? मैं ऐसा मानता हूँ कि जनता पार्टी की सरकार को मही आंकडे देने चाहिए थे। जैसा कि आखबारो मे छपा है, आप सभी ने पढ़ा होगा, पांच सौ के लगभग लोग मरे हैं लेकिन मंत्री महोदय ने बताया केवल 9 कटक जिले मे और 151 ब्यांसर जिले में मारे गये है। इस तरह से जो आंकडे दिये गये है—मैं ऐसा मानता हूँ कि ये बहुत कम है। कम आंकडे देने से जितनी सहायता वहां पहुंचनी चाहिए, उतनी नहीं पहुंच पा रही है।

श्रीमान्नीय मंत्री जी ने कहा कि राज्य शासन से हमें जो सूचना प्राप्त हुई है, मैं वही बतला रहा हूँ। मैं ऐसा महसूस करता हूँ कि केन्द्रीय सरकार का यह फर्ज था कि यहां से तुरन्त एक सरकारी प्रतिनिधि मंडल बहाल जाना चाहिए था और उसकी देखरेख में यह जांच होनी चाहिए थी। तथा तत्काल सहायता पहुंचनी चाहिए थी। केवल प्रान्तीय सरकार ही इस काम को करे, मैं ऐसा नहीं मानता। केन्द्रीय सरकार की

भी यह जिम्मेदारी है कि तत्काल यहां मे प्रतिनिधि मंडल बहाल जाना चाहिए था और उसके आधार पर तत्काल सहायता दी जानी चाहिए थी।

श्रीमान्नीय कहा गया कि हम ने सात दिन के लिए उनको खाना दिया है। लेकिन मुझे जो सूचना मिली है—इन दोनों जिलों के जो गांव प्रभावित हुए हैं—वे सब हरिजन और आदिवासी गांव है, ये पिछड़े और गरीब व्यक्ति असहाय हो चुके हैं, इस लिये बहुत लम्बी सहायता मिलनी चाहिए तथा केन्द्रीय सरकार के पास जी भनाज रखा हुआ है, उस के द्वारा कई महो तक उन की सहायता की जानी चाहिए। उन के मकान कच्चे थे, जो ढह गये हैं, इस लिए तत्काल उनके लिये मकान बनाने चाहिये। यह नहीं होना चाहिए कि आप उन को लकड़ी या मिट्टी की मदद कर दे, बल्कि उनके परिवारों के लिए मकान बना कर देने चाहिये।

जब आन्ध्र में तूफान आया था, उस समय प्रधान मंत्री जी ने सारे देश से श्रीपाल की थी कि वहां पर सहायता पहुंचनी चाहिए। मैं चाहता हूँ कि प्रधान मंत्री जी और कृषि मंत्री जी तुरन्त सारे देश की जनता से श्रीपाल करें, बल्कि मैं तो यहां तक कहूंगा, कि हम संसद सदस्यों से भी श्रीपाल करें, ताकि वहां पर ज्यादा से ज्यादा सहायता पहुंचे और जो गरीब आदमी इस से प्रभावित हुए हैं, उन को कुछ राहत मिल सके।

श्रीमान्नीय कहा गया कि 250 साडियों दी गई हैं। मुझे दुख है कि किस तरह से ऐसी हल्की बात की जाती है। 250 साडियों से क्या हो सकता है ? एक बात यह की गई कि जैसे-जैसे लार्ड निकलती जायेंगी, उन की सारी सूचनायें देते रहेंगे कि कितने आदमी मरे हैं। उपाध्यक्ष महोदय, जो परिवार प्रभावित हुए हैं, उन के बच्चे हुए लोग वहां रह रहे होंगे, वे लोग कलैक्टर या दूसरे अधिकारियों से आ कर कहते होंगे कि हमारा

[श्री लक्ष्मी नारायण नायक]

भ्रादमी नहीं मिल रहा है। वे आकड़े भी इस में शामिल होने चाहिए वे धीर कहना चाहिए था कि इतने भ्रादमी नहीं मिले हैं। शायद नीचे दबे हुए है, ऐसा भ्रन्दाजा है कि वे भी मर चुके हैं। इसलिए मेरा कहना है कि पूरे आकड़े दिये जाने चाहिए वे ताकि उस के आधार पर लोगों को सहायता मिल सके। कपडों की ज्यादा से ज्यादा मदद उन को पहुँचानी चाहिए।

अभी मौसम विभाग के बारे में कहा गया कि उस ने 12 बजे सूचना दी और साढ़े-चार बजे चक्रवात आ गया। ऐसा कैसे हुआ? मैं यह मानता हूँ कि मौसम विभाग के अधिकारी सोते रहते हैं एक तरह से सिर्फ खाना-पूरी की गई है। उनकी सूचना के आधार पर कृपि मंत्री जी ने कहा कह दिया कि 12 बजे सूचना दी गई, हमारे खान मंत्री जी भी वहाँ गये हुए थे, उन का हवाई जहाज नहीं आ सका। इस तरह की बातें कह कर उन की ड्यूटी खत्म नहीं हो जाती है। उपाध्यक्ष महोदय हमारे देश में देहात का एक साधारण विमान भी इस बात की जानकारी दे देता है कि इस तरह की हवा चल रही है इस से पानी आयेगा या नहीं आयेगा। किम तरह में बरमेगा। अगर पुरवैया हवा चलनी है तो कहते हैं कि पानी कम बरमेगा अगर पश्चिमी हवा चलेगी तो पानी ज्यादा बरमेगा—उस तरह का ज्ञान एक साधारण रिमान को भी होता है। लेकिन हमारे मौसम विभाग के अधिकारी, जिन की ड्यूटी है कि इस तरह की सूचना दे, वे सही सूचना न दे कर हमारे देश के साथ खिलवाड़ करते हैं। उन्हें थोड़ा सचेत रहना चाहिए। अगर व समय पर सूचना दे देते तो लोगों की जानें बच सकती थी।

हमने इस सारे काम का प्रान्तीय सरकार पर छोड़ दिया है, प्रान्तीय सरकार के पास जितने माधन हैं, उनको सहायता तो वह करेगी ही, लेकिन केन्द्रीय सरकार की तरफ

से तुरन्त प्रतिनिधि भेजना कहा जाना चाहिये जो स्वयं इस काम को देखे। बिना आप के प्रतिनिधि भेजने के गये, यह काम नहीं होगा, उनको जा कर देखना चाहिये कि जो सहायता दी जा रही है, वह पूरी तरह से बहा पहुँच रही है या नहीं, उनको कितनी धीर ज्यादा सहायता की जरूरत है, उस की व्यवस्था भी आप को करनी चाहिये।

मैं चाहता हूँ कि कृपि मंत्री जी इन बातों के बारे में बतलायें।

श्री सुरजीत सिंह बरनाला : भाननेबिल मेम्बर का गिला है इस बात का कि हम ने फौरन ही यहाँ से मेन्ट्रल टीम क्यों नहीं भेजी और इस बात का भी गिला है कि हम ने नम्बर बहुत ज्यादा नहीं बनाया मरे हुए लोगों का और थाडा ही बनाया है। अब जो वहाँ पर प्रान्तीय सरकार काम कर रही है, उस के द्वारा मैन्वेज का काम हो रहा है और मकानों से मिट्टी टटा कर, लकड़ी और मिट्टी के ढेर उठा कर लोगों का उममें में निकाल रहे है। अब यहाँ में जा मैन्ट्रल टीम जाती तो वह भी देख ही सकती थी कि क्या हा रहा है और कितने भ्रादमी निकाले जा रहे है? और कोई तरीका ता भ्रन्दाजा लगाने का नहीं था। अब इन्होंने यह कहा कि जा लाग बच गये हैं वे कन्कटर के पास जा कर कहते होंगे कि हमारे इतने भ्रादमी मर गये। जा मकान लोगों के ऊपर गिर गये, उनमें ता शायद हा कोई बचा होगा। इसलिए जब सब लाग निकल जायेंगे और सैल्वेज का काम पूरा हो जाएगा तभी बताया जा सकता है कि कितने भ्रादमी मारे गये। इसलिए सैन्टर से अगर कोई टीम जाती ना वह और कोई भ्रन्दाजा नहीं लगा कसती थी। जो आकड़े बताने का तरीका है वह यही है कि स्टेट गवर्नमेन्ट से जो आकड़े मिलते हैं, उन्ही को पार्लियामेन्ट को बताया जाता है और हमें अपनी तरफ से बड़ा कर नहीं बता सकते। उन्होंने 180 भ्रादमियों का आँकड़ा भेजा।

श्रम श्रमर हम इस को बढ़ा कर 1,000 बता देते तो शायद कुछ लोग खुश हो जाते लेकिन हम को बही बनाना पड़ता है, जो स्टेट गवर्नमेंट से हमें मिलता है। लेटैस्ट फीगर्स जो वहां से आए हैं वे हाउस के सामने रख दिए हैं। मैंने श्रम किया था कि शाम तक ठीक भाँकड़े हमारे पास आयेंगे तो उस के बाद हम बता सकेंगे।

एक बात इन्होंने धोतियों के बारे में कही कि वे कम भेजे गईं। जितनी धोतियां जानी चाहिए थी, उतनी नहीं गई, यह इन्होंने कहा लेकिन मैं यह बना रहा था कि श्रमी तो यह काम शुरू हुआ है। एक रोज में 250 धोती और 250 साड़ी भेजी गई है और 20 वेल्स प्रसोर्टेड क्लोथ के भेजे गये हैं। यह काम खत्म नहीं हुआ है। यह श्रमी शुरू हो चुका है और बड़े स्केल पर मदद जाएगी। जितनी मदद की जरूरत होगी, उतनी मदद दी जाएगी।

श्रमाज के बारे में भी माननीय सदस्य ने कहा। उस के बारे में मैं पहले श्रम कर चुका हूँ कि जितने श्रमाज की जरूरत होगी और जितना बड़ा का सरकार चाहेगी, हम देने का तैयार हैं।

**SHRI GOVINDA MUNDA:** Mr. Deputy Speaker, Sir, it is very unfortunate that, on seeing the statement of the Minister for Agriculture and Irrigation we find that it is a totally incomplete report. Of course, the Government's intention is very good but in the figure mentioned in the report there is a difference of Hell and Heaven. I find from the paper Hindustan Times that the Chief Minister of Orissa has stated to the Press that 400 to 500 people have already died. I believe they are poor class people—Harijans and Adivasis. You know that Keonjhar is a District (this is my Constituency also) where there are very, very poor people—Harijans and Adivasis. They are very poor

people who have lost so many lives, along with their cattle and other things.

Any way I am very much grateful to our Hon. Prime Minister. I thank our Hon. Prime Minister who has kindly sanctioned a sum of Rs. 3 lakhs for the relief operations from the Prime Minister's Relief Fund. But, so far as the loss caused to the area is concerned, the amount sanctioned is insufficient. I therefore urge the Prime Minister to kindly look into the matter more sympathetically and graciously, so that these distressed families could find a shelter again.

Again, I beg to draw the kind attention of the Hon. House to the disaster which has occurred due to tornado in the five villages of Keonjhar District of the Orissa State on April 16, 1978. The houses of about 700 families in the five villages have been razed to the ground and 1500 persons are feared to have been dead. Even now dead bodies and injured persons are being taken out of the debris.

Even though some relief work is being done by the District authorities, the Central Government may think very seriously, to give substantial financial help for the relief of those distressed people who have been affected by the tornado. Indian Red Cross may be asked to send the relief supplies immediately. I would request that the Central Government may send a Central team to assess the loss. The Meteorological Department has failed to warn the people of this impending tornado. It came upon them all of a sudden. I would request that the Central Government should strengthen the Meteorological Department to be an effective instrument for the good of the people. Since the area is very fertile and paddy grows in abundance, the Ministry of Agriculture may be asked to give financial help from their funds to the affected farmers in the shape of sheds, fertilizers and other instruments.

[Shri Govinda Munda]

The House may be well aware that all the houses in the villages of Keonjhar district are thatched ones. For the last thirty years after independence not even a single house in any of the villages has been made pucca. May I earnestly request the Government to kindly set apart certain funds from their Rural Upliftment Fund and create an organization which may select certain villages year after year and make them pucca? This will create a sense of confidence amongst the tribal people and Harijans.

May I know whether the Minister for Agriculture will agree to send a team of Members of Parliament to this area to assess the actual position there? Secondly, will he himself kindly agree to visit the area and have a complete picture of the situation there?

**SHRI SURJIT SINGH BARNALA:** Sir, I have all the sympathies with the hon. Member in whose constituency the tornado has caused such a big loss. In fact, he should have been there by now and should have supplied more information to the House. That would have been very good. Whatever information he has got, has been collected by him from newspaper reports. As submitted earlier, we cannot take all these reports as correct. We are submitting only those reports which we are getting from the Government there.

So far as the relief and rehabilitation work is concerned, necessary measures are being taken and as I stated earlier, probably some of the villages will have to be shifted to some other safer places and then the construction of houses will also come in. If they are keen to have pucca houses, they can ask the Government that they want pucca houses. This is a good suggestion that has been made by the hon. Member. However, as the entire villages, as stated by the hon. Member have thatched houses, probably all houses cannot be

pucca also in that area. If one village is made up of pucca houses, it will cause a great heart-burning to the other villages, the neighbouring villages, and it would create difficulties for the hon. Member himself.

DEMANDS FOR GRANTS, 1978-79—  
Contd.

MINISTRY OF EXTERNAL AFFAIRS—contd.

**MR. DEPUTY-SPEAKER:** We will now resume further discussion on the Demands for Grants of the Ministry of External Affairs.

Shri Mayathevar.

**SHRI K. MAYATHEVAR (Dindigul):** Mr. Deputy-Speaker, Sir, I rise to support the Demands for Grants of the Ministry of External Affairs on behalf of All India Anna DMK. It was the late Pandit Jawaharlal Nehru, who, in 1954, propounded the foreign policy of India, which was also styled as non-alignment policy. He taught this country and other countries of the world much about the policy of co-existence and panch sheel. We were able to propound so many non-violent policies and very good policies which are non-violent according to Mahatma Gandhi's principles and policies. In spite of our preachings of non-violence and peaceful co-existence and the Panch Sheel and in spite of the fact that in 1954 we stood shoulder to shoulder with China and declared to the world 'Hindi-Chini Bhai Bhai', the Chinese stabbed us on our back in spite of our sincerity, honesty and straightforwardness in our foreign policy towards the Chinese. Therefore, we must be very careful, very cautious and alert towards China.

We had great respect for Britain. The British Government was responsible for dividing our motherland. Mahatma Gandhi said India is like a cow. The cow is respected by us as it is considered a representative of

God, Gandhiji said 'Cutting India into two amounts to cutting a cow into two'. But the former President of Pakistan said, 'No, I do not want to hear your words. I want India should be divided.' And accordingly it was partitioned and it has created so many troubles. Who is responsible for dividing the country? Is it not the cunning Britishers who are responsible for dividing our motherland into two? Therefore, we must be very careful with the British fox also so far as the foreign policy is concerned.

Then we come to the Commonwealth of Nations. We are not ashamed to say that we are still a member of the Commonwealth of Nations. When there was a tussle between Pakistan and India, the British Government, our old master—I am ashamed to say and we do not admit but some people say they were our masters, the British Dorais—in Tamil we call Dorais but we never accepted them as our masters an actually we are the masters of the Britishers—created another trouble. They not only divided the country but they created Kashmir also with the object and intention that we must have an international trouble throughout our life. That trouble is even now continuing but our hon. External Affairs Minister who is one of the very responsible and senior-most leaders of the country and even at the time of Jawaharlal Nehru he had vast experience so far as Indian politics and foreign affairs are concerned, is making his best efforts to solve our problems.

Then, Sir, we must be very careful about America also, not alone with China and Britain... (*Interruptions*). Anna DMK is very non-violent. It believes in Mahatma Gandhi's policies of nonviolence. Therefore, you need not be careful about us. If you are careful, we will be careful about you...

**MR. DEPUTY-SPEAKER:** Anyway, it does not come under External Affairs.

512 LS—10.

**SHRI K. MAYATHEVAR:** Regarding USA even before 1947 they were not in favour of our Independence but Russia was in favour of our Independence—subject to correction. In the course of our fighting and the international clash with Pakistan the American Government was pouring arms and ammunitions and extending all kinds of military aid to Pakistan but they withdrew their aid to our government. Even the little aid they were giving us was withdrawn by the Americans but they gave double the quantum to Pakistan. At the time of Indo-Pakistan war, it is shameful on the part of the American Government that they sent Seventh Fleet in support of Pakistan. Although I welcome the genuine non-alignment policy of this Government, although I appreciate the genuine foreign affairs policy of non-alignment, I request the hon. Minister of Foreign Affairs of the Government of India to be very careful about the USA Government.

Yesterday, we were discussing about the nuclear powerpack. Hon. Prime Minister made a lengthy statement in this House. I quote:

"The remote sensing device with a nuclear powerpack was installed at the highest point of mountain under an agreement between the Government of India and the United States."

If so, why was it not announced to the people, in this House if this was in the interest of the country to instal such a device at the height of 20,000 feet. If it was in the interest and security of our motherland, why after the Chinese clash, it was not dismantled. Why were the people of India not informed about it? We are highly disappointed about the secrecy. I accuse the former Congress Government also which allowed impliedly, directly or indirectly, this kind of spy system in our mountain. This should not be allowed to continued hereafter. This Government should be very careful towards such kind of spying

[Shri K. Mayathevar]

activities by the American Government. CIA is working, for what? CIA is working to depose certain Government elected by the people. The democratic Government are deposed by the CIA. Therefore, we must be very careful about the CIA and its activities in India

**SHRI K. P. UNNIKRISHNAN** (Badagara): Shri Subramaniam Swamy gets excited when the word 'CIA' is uttered.

**SHRI K. MAYATHEVAR:** I welcome genuine non-alignment on behalf of my party. Do you think that the former Government was following non-genuine or in-genuine non-alignment policy? I do not accept that. You should not, once for all, shift the burden on the Indira Government—that Indira Government was not sincere. I am not going to accept that. That Government was also as sincere as this Government is.

14 hrs.

So far as India is concerned, we are genuine to everybody, even to America or China. But I doubt whether anybody is genuine to our policy, that is my doubt. Is any country genuine to our country? No. Yesterday, the hon. Prime Minister said, we are respecting China and we are going to revive our relations with China, Pakistan, Burma and all the countries including America and British Government. But I doubt very much, very reasonably I am doubting that no Government is following our non-alignment policy which was being followed at the time of Pandit Jawaharlal Nehru when we were stabbed by China and Pakistan twice. We must be very careful. Other countries are behaving as if they are following that non-violent policy taught by us. But nobody is following. They are talking from their lips only. They are stabbing and shooting on our back, on our shoulders, if not on our chest. I request the hon. Minister to be very careful about the policy of genuine non-alignment. Although we appreciate it, we must be very care-

ful about these things because at the time when the Israel Arab war was on, the Americans were supporting Israel. We were supporting the Arab countries. At the time when North Korea and South Korea were fighting, we were supporting North Korea and they were supporting South Korea. Finally Americans beaten to nil in the battlefield of Vietnam. When Vietnam war broke out Americans were supporting South Vietnam and we supported North Vietnam. Therefore I request the hon. Minister to be very careful in regard to our foreign policy towards America and American CIA and American foreign policy.

Then, Sir, we had the highest regard, honour and respect to the present President of the U.S.A. Mr Carter. We accorded him the biggest welcome and reception in our Central Hall when he came and visited our country. But he did nothing. It is love's labour lost! We loved him, we laboured for him, we lost everything finally here in the Central Hall! He did not help our country. He did not support our hon. Prime Minister's policy regarding uranium. In spite of our sincerity and honesty towards America. Therefore, even Carter, I am sorry to say, is not sincere. I am told his mother was working here in India as a nurse. We thought that the American President would have greatest respect and sincerity from the bottom of his heart towards India, not from the lips, just like the other former Presidents of USA like Mr Eisenhower and others. But this man has unfortunately, accidentally and unexpectedly proved that he is also a legal heir of those former Presidents of America. He is only following the old American foreign policy and he is not an exception. Therefore we must be careful about Carter also.

I am coming to the last point. This is regarding your Report for 1977-78, issued by the Ministry of External Affairs. Please see page 56, para 2. It says:

'This Ministry has two specialised fields of work, i.e., protocol mat-

ters and international relations. In these two fields, Hindi was regularly used during the year under review. Documents like 'Letters of Recall', 'Letters of Credence' and 'Commissions of Appointment' as well as other protocol documents, were prepared in Hindi. The Ministry also advised Ambassadors and Heads of Missions that while presenting credentials, they may as far as possible, make their introductory speeches in Hindi.'

My submission on this point is this. I want to know whether the Foreign Affairs Department is a Hindi propagating Department or propagating Indian foreign policy? This is a simple question. On behalf of the non-Hindi speaking people, on behalf of the South Indians, I am asking this question. They are giving special respect to Hindi and Hindi alone in foreign affairs to make the world understand that Hindi alone and Hindi only is the only language available in India in the language market. Are no other languages available here?

Therefore, Sir, I do not oppose this. But, my submission is this. The non-Hindi speaking officials will lose the opportunity in the matter of appointment or selection in different services. Therefore, this discrimination should not be made against the non-Hindi speaking people. You must encourage all the languages of our Indian people. The people who do not know Hindi will not be selected in the I.A.S. I.F.S. etc., services.

The hon. External Affairs Minister made a speech somewhere in Bhopal but he subsequently denied that. That was on the question of the Hindi language being the official language in the Public Service Commissions. The hon. Minister later said that he did not make a mention of it in his

speech. On the first day we were unhappy. The next day we were extremely happy to hear his speech here. You should not take away the opportunity of the non-Hindi speaking educated people in the matter of selection of officials in your ministry for these higher posts on the basis of the language.

I would now quote one sentence from page 58 of this report. See the last sentence of the last paragraph. I quote:

"The Council regularly sent Hindi books for presentation to the cultural institutions and also arranged to project Hindi films in foreign countries".

Why Hindi films alone? It means that it includes, indicates and reveals also that the Hindi pictures alone are despatched to the foreign countries for screening.

Equal opportunity should be given to the Tamil, Bengali, Malayalam, Kannada, Telgu and Marathi pictures also and not only to Hindi pictures. (*Interruptions*). Under Art. 14 of our Constitution there should be equality for all before the law. Under Art. 14 we say we allow equality of opportunity before law. Similarly, there should be equality for every language picture. Equal opportunities should be given to all the language pictures that are produced here. With these few words, I conclude.

MR DEPUTY-SPEAKER: Dr. Subramaniam Swamy.

SHRI HARI VISHNU KAMATH (Hoshangabad): I want to know when the Minister will reply.

MR. DEPUTY-SPEAKER: Well, some time in the evening. We had three hours twenty minutes when we started. So, I have to calculate the time because we have been doing it in blocks.

SHRI HARI VISHNU KAMATH: I think the time may be extended by one hour. The Speaker said that he will consider the matter. ....

MR. DEPUTY-SPEAKER: We shall see at the end of the day.

Now Dr. Subramaniam Sway.

डा० सुब्रह्मण्यम स्वामी (बम्बई उमर पूर्व): उपाध्यक्ष महोदय, मे इस सभा में हिन्दी में अपना वक्तव्य रखना चाहता हूँ। उस का कारण यह है कि हमारे विदेश मंत्री ने मयुक्त राष्ट्र सच में एक ऐतिहासिक भाषण हिन्दी में दिया था। इस कारण से, इस समरण में मैं अपना भाषण हिन्दी में करना चाहता हूँ और कुछ ऐसी बात कह जाऊँ जो विदेश मंत्री को पसन्द न आए तो वह यही समझें कि हिन्दी भाषा मुझ को अच्छी तरह में नहीं आती। इस कारण मैंने ऐसी बात कही है।

मैं पहले यह जरूर कहना चाहूँगा कि हमारी विदेश नीति सफल रही है। बड़ी कुशलता और दीर्घकालीन दृष्टि के साथ बड़े अच्छे ढंग से इस का संचालन किया गया है, इस से कोई इनकार नहीं कर सकता और मैं भी अब सभासदों के साथ यह बात कहना चाहूँगा कि हमारे विदेश मंत्री का इस के लिए बधाई देनी चाहिये।

श्री द्वारिका नाथ तिवारी (गोपालगंज) : यही ख़ुशी है कि आप ने भी इस को स्वीकार किया है।

डा० सुब्रह्मण्यम स्वामी : हाँ, संचालन की दृष्टि से मैंने इस को स्वीकार किया है। परन्तु संचालन एक चीज है और मित्रता दूसरी चीज है। दोनों साथ ही अच्छे गहें तो फिर हमें सी प्रतिभत बधाई देने का मौका मिल सकता है। मैं विदेश मंत्री जी मैं निवेदन करूँगा कि वे इस बात पर विचार करें, जो आज हम सैद्धांतिक रूप से विदेश नीति चला रहे हैं उस पर पुनर्विचार करें। कई बार और बार बार जेन्युइन नान-एलाइनमेंट की बात कही जाती है। मुझे जेन्युइन शब्द से कोई आपत्ति नहीं है। सभी चीजें जेन्युइन होनी चाहिए। जैसा कि प्रधान मंत्री जी कहते रहे हैं Honest trade policy is the best foreign policy इस

प्रकार से कोई जेन्युइन बात ही जाए तो हम उसका विरोध नहीं कर सकते, बल्कि उल्टे उसका स्वागत करते हैं परन्तु नान-एलाइनमेंट क्यों? गुटनिरपेक्षता का विकल्प पक्षता नहीं है, पक्षपात करना नहीं है, इसके और भी विकल्प हो सकते हैं। इसका विकल्प हो सकता है अपने भारत को एक केन्द्र मानना और आराम-निश्चरता। इस संसार में जब नान-एलाइनमेंट की बात की जाती है तो उसका अर्थ है वार्ड पॉलर बलें और वह दो ही देश हैं अमरीका और रूस। कोई कहते थे कि अमरीका के साथ चले जायें और कोई कहते थे कि रूस के साथ चले जायें परन्तु अब वह स्थिति बदल गई है। अब अमरीका और रूस दो ही नहीं हैं, अब मल्टीपॉलर बलें माना जाता है और उसमें भारत भी एक केन्द्र है। भारत को भी नेतृत्व देना चाहिए—उम बाब की कल्पना होनी चाहिए।

हमारे विदेश मंत्री जी जब पहले इस सदन में विरोधी दल के सदस्य के रूप में बैठते थे तो यह बात अपने भाषण में कहते थे और अब वे विदेश मंत्री बन गए तो उन्होंने इस बात को छोड़ दिया। मैं यह बात नहीं कह रहा हूँ कि जो उन्होंने वहाँ पर कहा उसी प्रकार से यहाँ कहना चाहिए। मैं नहीं कहता कि वही बात कहीं परन्तु मसौदा में वे जो बात कहते हैं उसमें भी आश्चर्य होता है। वे कहते हैं कि सरकार बदलने से राष्ट्रहित नहीं बदलता है। National interests do not change with the change in Government ऐसा उन्होंने एक जगह पर कहा। यह बात बिल्कुल कही है। मैं मानता हूँ कि राष्ट्र हित बदलता नहीं है परन्तु जब वे विरोधी दल के सदस्य के रूप में यहाँ बैठते थे उस समय, राष्ट्रहित क्या है, यह नहीं समझते थे? हम तो समझते थे कि जो लोग उस समय यहाँ पर बैठते थे उनकी समझ में कम आता था और हमारी समझ में ज्यादा आता था। (ब्यवधान) मैं यह

कहना चाहता हूँ कि राष्ट्रहित को समझ कर ही हम कहते थे। जब हम अणुबीजकन में थे उस समय, राष्ट्रहित क्या है उसको अध्ययन करने के बाद अपना स्टैंड लिया था और उस समय हमारे विदेश मंत्री भी इसी आधार पर बोलते थे। अब वे कहें कि नयी पार्टी बनी है, उसकी नयी नीति है, उसके अन्तर्गत चलना है, जो बात उस समय रखते थे उनको पार्टी में और कैबिनेट में दोबारा लाना करने का प्रयास करेंगे—यह कहें तो हम ज्यादा धारणा नहीं कर सकते हैं। जहाँ तक जतना पार्टी के मैनिकेस्टो की बात है उसमें माटी मोटी बातें हैं और उसमें कुछ भी फिट बिठाया जा सकता है। इसलिए मैं निवेदन करना कि आज नान-एलाइन्मेंट शब्द को धारण हटा दीजिए। यह जवाहर लाल के नाम से जुड़ा हुआ है और जो भी जवाहर लाल के नाम से जुड़ा हुआ है, वह यहाँ की जनता पार्टी के कई सदस्यों के लिए और आम जनता के लिए प्रिय नहीं हो सकता है। इस लिए देश की विदेश नीति को चाहिये कि इस के लिए कोई नया नाम ढूँढें। मैं एक मुझाब दे सकता हूँ—आप कहिए—आत्मनिर्भरता नीति चाहिये भारत को एक केन्द्र मानना चाहिये। इस प्रकार से यदि आप सोचें तो मैं समझता हूँ कि इस से हमारे लिए भी लाभ होगा और भारत के लिए भी लाभ होगा। मैं यह नहीं कह रहा हूँ कि विदेश मंत्री केवल जनसघ की नीति चलायें। यह बिलकुल नहीं हो सकता है। जनसघ रहे या मर जाए, उस का सवाल नहीं है, सवाल यह है कि वास्तविकता क्या है ?

विदेश मंत्री ने पाकिस्तान में कहा था  
 an singh is dead It is no more Let  
 rest in peace

मैं भी यही कह रहा हूँ लेकिन जो वास्तविकता है, सच है, उस को कहना चाहिए। हमारे प्रधान मंत्री ने पिछले दिनों सिक्किम के बारे

में जो कहा था, मैं उस का स्वागत करता हूँ। उन्होंने कहा था—मैंने उस समय जो कहा था, वह मुझे सच लगा था, इस लिए मैंने कहा था, अब इसको बदलने का कोई सवाल नहीं है। इस लिए जो पुरानी नीति है, जो उस समय तय की गई थी, वह नीति चलाएँगे, ऐसा कहें, अब हम लोगों को सन्तोष होगा और मुझे ऐसा विश्वास है कि विदेश मंत्री जी अपने दिल की बात कहेंगे। उन पर यह आरोप लगाया जा रहा है कि वे जनसघ के मिनिस्टर हैं, इस लिए सब के साथ दुश्मनी हो जायगी। जिस वक्त वे जनसघ के सदस्य थे, उस समय भी सत्ता भर में यह मान्यता थी कि अटल बिहारी वाजपेयी बड़े समझदार हैं, उन की पार्टी के अन्य लोग उतने समझदार नहीं हैं, लेकिन वे बहुत समझदार हैं। हमें तो उस समय भी कोई आशंका नहीं थी और इस समय भी कोई आशंका नहीं है। हम तो ऐसा समझते थे—यदि वे विदेश मंत्री बन जायें तो हो सकता है।

श्रीमती प्रहिल्या पी० रांगनेकर (बम्बई उत्तर मध्य) आप तो कम्युनिस्ट विरोधी हैं

डा० सुब्रह्मण्यम स्वामी मैं कम्युनिस्ट विरोधी हूँ—यह तो आप जानती हैं। आप की पार्टी भी ऐसा ही कहती है। लेकिन मैं स्पष्टबादी हूँ, इस लिए मैं साफ कहना चाहता हूँ—इस देश में कम्युनिस्ट टिक नहीं सकता है और इस हम टिकने भी नहीं देंगे।

श्रीमती प्रहिल्या पी० रांगनेकर दुनिया के और लोग भी ऐसा कहते थे, लेकिन ऐसा हुआ नहीं। आज भी एक तिहाई दुनिया कम्युनिस्ट है।

डा० सुब्रह्मण्यम स्वामी मैं चाहता हूँ कि आप विदेश नीति का नया आधार खड़ा करें। अक्टूबर मास के बाद विदेश नीति में जो परिवर्तन आया है मैं उस का स्वागत करता हूँ।

## (डा० सुब्रह्मण्यम स्वामी)

दूसरी बात मैं यह कहना चाहता हूँ कि हमारे पास-पास के देशों के साथ हमारी दोस्ती हो गई—यह बहुत अच्छी बात है, ऐसा प्रबन्ध होना चाहिए था, किमी भी देश के साथ दुश्मनी रखना ठीक नहीं है, शत्रुता किसी भी देश का आधार पर होना चाहिए। परन्तु आज यह नीति बनाने की भी अन्वयकता है कि पाकिस्तान के साथ हमारी नीति क्या हो? पाकिस्तान के साथ हमारे सम्बन्ध सुधरे, मैं भी इसी पक्ष में हूँ, उसको जितनी मदद चाहिए, वह देनी चाहिए। वह एक छोटा सा देश है, हमें उस में कोई ज्यादा खतरा नहीं है। मर्तबा से अगर वह हमारे देश पर आक्रमण करेगा, तो कितने दिन बचेगा—मैं कह नहीं सकता। लेकिन उन को यह बात समझ में आनी चाहिए कि वह छोटे हैं, हम बड़े हैं, मिश्रयोगिनी की दृष्टि से पाकिस्तान में डरने की आवश्यकता नहीं है। लेकिन यह आवश्यक है कि पाकिस्तान के बारे में कोई पालिसी होनी चाहिए, पाकिस्तान के साथ हम क्या करना चाहते हैं। पाकिस्तान अलग देश क्यों बना? ब्रिटिश साम्राज्य ने इस देश को दो हिस्सों में बाटा था। इस लिए बना। वास्तव में तो एक ही देश होना चाहिए था, लेकिन दो देश बन गये। अब हम का एक बनाने के लिए दोस्ती, मित्रता, प्रेम यह दीर्घकालीन दृष्टि रहे, तो यह एक हो सकते हैं। मेरे ऐसा कहने का यह मतलब नहीं है कि कोई खबरारहत पैदा हो जाए कि यह तो एकीकरण की बात कर रहा है, अखण्ड भारत की बात कर रहा है। मैं अखण्ड भारत की बात नहीं कर रहा हूँ। अखण्ड भारत तो पहले था ही लेकिन उस की अलग अलग हिस्सों में बाटा दिया गया, उन से दुश्मनी पैदा की गई—हमें इस को हटाना चाहिए, जो जहर फैलाया गया था, उस की हटाना चाहिए। पाकिस्तान के लोगों के दिलों में यह बात आनी चाहिए। कि हिन्दुस्तान के लोग दोस्त, हैं, उन के मित्र हैं, यह बात उन के दिल में जगानी चाहिए।

इसके लिए एक पालिसी की आवश्यकता है। इसलिए मैं विदेश मंत्री जी में आग्रह करूँगा—आप ने पाकिस्तान साथ दोस्ती की, सवाल डेम का समझौता किया, इस के लिए आप बधाई के पात्र है। जो काम पुरानी सरकार इतने एपीजेमेट के बाद भी नहीं कर सकी थी, इतनी नाटक-बाजी करने के बाद भी नहीं कर सकी थी, उस को हमारी सरकार ने कर दिखला दिया, परन्तु हम के साथ ही आगे के लिए हमें अपनी एक नीति बनानी होगी, दोनों देशों को जितना निगट लाया जा सकता है, साना चाहिए, जो बार्डर बने हैं, उन का अन्तर्राष्ट्रीय रूप ही न रहे—ऐसा यदि दोनों देश मान ले तो मैं समझता हूँ कि हम हमारे देश के लिए भी अनुकूल होगा और पाकिस्तान के लिए भी अनुकूल होगा।

दूसरी बात मैं यह कहना चाहता हूँ कि जहाँ तक चाइना का सवाल है, इस में जो परिवर्तन हुए हैं और जिस दिशा में हमारी सरकार बड़ी है अक्टूबर मास से उस का मैं बिलकुल स्वागत करता हूँ। बहुत समझदारी के साथ हम आगे बढ़ें हैं और चाइना में भी इस का स्वागत हुआ है परन्तु म दो, तीन बातें उस सम्बन्ध में कहना चाहता हूँ।

जब भी चाइना में भारत क विरोध में कोई भी समाचार छपता है छोटे से छोटे अखबार से छप जाए, उदको यहाँ के विदेश मन्त्रालय के मन्त्रि, विदेश मन्त्रालय के आफिसियल्स यहाँ के पत्रकारों को दे देते हैं और वह समाचार खूब छपता है, फ्लट पेज पर छपता है और मन्त्रालय की ओर से भी बक्तव्य आ जाता है लेकिन जब बड़ा पेपर में कोई अच्छी मान छपती है, तब वह यहाँ के अखबारों में नहीं छपती है। अभी अभी चाइना में "पीपुल्स डेली" जिस को चाइना में अधिकृत रूप से स्थान दिया गया है, एक एडीटोरियल छपा था, जिस में भारत की बड़ी सराहना की गई थी और जो स्वागत यहाँ पर बेंग पिन नेन का हुआ था, इस बात को उन्होंने उठाया था श्री हेडबार्डस्स में हिन्दी चीनी भाई भाई की बात छपी थी। हम ऐसे

स्वीयान को बापस नहीं ले जाना चाहते हैं पर हमारे श्रीर चीन के बीच में जो दोस्ती रहेगी, वह नेशनल इन्स्टिट के आधार पर रहेगी और यह दोस्ती कोई आखे बन्द कर के या एमोशनस के आधार पर नहीं हो सकती, परन्तु मैं यह जरूर कहना चाहता हूँ कि इस का समाचार हमारे पेपर्स में क्यों नहीं आया। जब हागकांग का कोई कम्युनिस्ट पेपर कुछ लिखता है कि

Vajpayee is a reactionary

Morarji bhai is an imperialist

तो वह तो अखबार में आ जाता है लेकिन बिदेश मन्त्रालय द्वारा यह समाचार हमारे यहां के पेपर्स को नहीं दिया गया। छोटे पेपर्स में जो समाचार भारत के खिलाफ होते हैं, वे तो छप जाते हैं लेकिन 'पीपुल्स डेली' जो आफिशियल पेपर माना जाता है और उस ने जो एक एडिटोरियल लिखा है और उसमें भारत की मगहना की गई है, उस के बारे में कुछ नहीं कहा गया। इस का अर्थ मैं क्या खना सकता हूँ ? मेरा कहना यह है कि दोनों का समाचार आप मत दीजिए। हागकांग के पेपर को भी छोड़ दीजिए और चाइना के 'पीपुल्स डेली' में जो लिखा है, उस को भी छोड़ दीजिए। दोनों का मत दीजिए, लेकिन अगर हागकांग के पेपर का समाचार देना है तो दूसरे पेपर का भी रिप्लीज कीजिए।

मैं यह भी कहना चाहता हूँ कि ससार भर में कई देशों में भय है। रूस में भी जरूर भय होगा और अमेरिका में भी भय हो सकता है कि चाइना के साथ हमारे संबंध ठीक हो रहे हैं, भाई भाई के ही नहीं बल्कि जो हमारे ऊपर के साथ संबंध हैं, वे ठीक हो रहे हैं। अंधी-अंधी अखबारों में नन्दा देवी का कहानी निकली है। इस से यह साफ हुआ कि इन्दिरा जी की गवर्नमेंट और प० जवाहरलाल नेहरू की गवर्नमेंट कौसी थी और जवाहरलाल नेहरू

और इन्दिरा गांधी किस प्रकार के लोग थे।\*\* मैं कहता हूँ कि जो यह किया गया ... (अवधान) ...

SHRI K P UNNIKRISHNAN (Bada-gara). How dare you talk\*\*

डा० सुब्रह्मण्य स्वामी : यह प्रधान मंत्री के स्तर पर किया है और मैं कहता हूँ कि आज तक, हमारी सरकार बनने तक, खम्पा को राइफल्स दिये गये, गन्म दिये गये और सी० आई० ए० ने इन का साथ दिया था। 1969 में इसका समाप्त किया गया। इस प्रकार की जो बात बोलने वाले होते हैं, वे सी० आई० ए० की बात करते हैं। मैं तो कहूंगा कि सी० आई० ए० का नया नाम कूलिक्स आर इन्दिरा अम्मा होना चाहिए। जब डमजेंन्सी लगाई गई तब सी० आई० ए० ने इन्दिरा गांधी का साथ दिया। मैं उस टाइम में अमेरिका में था और वहां पर सी० आई० ए० के लोग और ग्राम तौर पर अमेरिका के लोग रहते थे कि डमजेंन्सी अच्छी है और सजय गांधी का प्राइम मिनिस्टर बनना चाहिए।

"Because Sanjay Gandhi is eminently purchasable we have got a lot of money and he is foolish enough to take money"

अमेरिका में ग्राम तौर पर लोग यह कहते थे और डमजेंन्सी का पक्ष अमेरिका की सरकार ने इसीलिए लिया कि इन्दिरा गांधी और उस के सारे परिवार के बड़े नेता तक बिकने वाले लोग थे और जो राष्ट्रीय हित का सवाल था, उस को उन्होंने नहीं देखा। तो मैं यह कहना चाहता हूँ कि इस पर हमें सोचना चाहिए और यह जो दुश्मनी पैदा करने वाली बात है, इस पर हमें सोचना चाहिए। (अवधान)

मैं कहता हूँ कि आप 1966 के स्टेटमेंट्स को देख लीजिए, अब इन्दिरा गांधी जी अमेरिका में गई थी। उस समय के भाषण में

[डा० सुब्रह्मण्यम स्वामी]

क्या था। उस समय उन्होंने कहा था कि अमेरीका जो वीयतनाम में कर रहा है, वह बिल्कुल सही कर रहा है।

"We have sympathy with America about Vietnam"

यह न्यूयार्क टाइम्स में फ्रंट पेज पर छपा था।

श्री बल्लभ साठे (अकोला) प्राप सी० आई० ए० की स्वाक्षरशिप लेकर अमेरीका गये थे या नहीं ?

डा० सुब्रह्मण्यम स्वामी इस प्रकार के लोग यहाँ आचार कर रहे थे। अब सी० आई० ए० को क्या हो गया है। (अव्यवधान)

अन्त में मैं यह कहना चाहता हूँ कि जो सुझाव मैं ने आप के सामने रखे हैं, उन पर आप विचार करें।

श्री बल्लभ साठे सी० आई० ए० की स्वाक्षरशिप पर आप अमेरीका पढ़ने को गये थे, इस बात का आप ने इस सदन में माना था, बोलो ?

डा० सुब्रह्मण्यम स्वामी - अन्त में मैं इतना ही कहना चाहता हूँ कि हमारे देश का यह बड़ा सौभाग्य है कि बड़े ही सन्तुलित, शोध विचार करने वाले, समझदार अन्तर्राष्ट्रीय क्षेत्र में सहयोग में मान्यता रखने वाले श्री अटल बिहारी वाजपेयी हमारे देश के विदेश मंत्री हैं (अव्यवधान) ये लोग हमारी बात से खुश होते हैं इससे मुझे थोड़ा डर भी लगता है। लेकिन मैं जबर कहना चाहता हूँ कि इतने अन्धे विदेश मंत्री हमारे देश में कभी भी नहीं रहे हैं। मुझे पहले से पता था कि ऐसा होने वाला है। इस बास्ते हम जो भी बात रखते हैं वह सही होती है। मैं कहना चाहता हूँ कि एक उच्च पद पर वह पहुँच गए हैं और अब उनको अपनी प्रशंसा करने वालों से सावधान

रहना चाहिए (अव्यवधान) वह और भी ऊँचे पद पर जाने वाले हैं। उस पद पर जाने के लिए समय है। मैं उनको सावधान करना चाहता हूँ कि इन से वह बच रहें। विशेषकर ऐसे लोगों से—(अव्यवधान)

मैंने वास्तविकता आपके सामने रख दी है। मैं इतना ही अन्त में निवेदन करना चाहता हूँ कि जवाहरलाल नेहरू के नाम से हमारी विदेश नीति को आप न जोड़ें। Jawaharlal Nehru was a failure all through उन्होंने सार्वजनिक रूप से जो बात कही और निजी रूप से जो बात की वे भ्रमण-भ्रमण थी। हमें भारत को आत्मनिर्भरता के आधार पर खड़ा करना है।

एक माननीय सख्त : यही जवाहरलाल नेहरू कहते थे।

डा० सुब्रह्मण्यम स्वामी एम० एम० यथाई की पुस्तक पढ़ लें समझ में आ जाएगा। भारत की असली चेतना और जो वास्तविक स्थिति है यह सभी सामने आ सकती है जब आत्म निर्भरता के आधार पर विदेश नीति बनाई जाएगी और उसको चलाया जाएगा।

इतना कह कर मैं अपनी बात को समाप्त करता हूँ।

SHRI L K DOLEY (Lakhmipur)  
We take objection to the allegations made by Dr Subramaniam Swamy against Jawaharlal Nehru and his foreign policy Let it go on record that we take objection to this

MR DEPUTY-SPEAKER No question of objection It is his view and that is your view Mr Chandrappan

SHRI C K CHANDRAPPAN (Cananore) We are discussing about India's foreign policy in the context of very significant developments in the

international field. In the report presented by the Ministry of External Affairs, the very introduction of it begins with a half truth. It says that a consensus on foreign policy had developed within the country cutting across party lines immediately after independence when the process of decolonisation was going on. I am only saying that it is a half truth.

**THE MINISTER OF EXTERNAL AFFAIRS (SHRI ATAL BIHARI VAJPAYEE):** There is some voice of dissent, but there is consensus.

**SHRI C. K. CHANDRAPPAN:** We heard a bit of that dissent. We have seen in the speech of Dr. Subramaniam Swamy, the unashamed manner in which Dr. Subramaniam Swamy tried to denigrate the policy this country had evolved in relation to external affairs at the time of Nehru. We may have had so many differences with Nehru, but the fact of the matter remains and it will be upheld by history that it was he who enunciated a foreign policy which was fully in tune with the national traditions of this country.

The anti-imperialist tradition of this country was upheld by Shri Jawaharlal Nehru in enunciating India's foreign policy. The same forces which are now trying to denigrate Shri Jawaharlal Nehru and India's foreign policy of non-alignment were there even at that time. Dr. Subramaniam Swamy might have been very young. At that time Krishna Menon was the target of attack in the Bombay elections. I do not know whether you were elected from the same place. Some of the present leaders of the Janata Party raised all these issues of relation with China, relation with Soviet Union, non-alignment, India's relation with America, etc. even at that time to oppose Krishna Menon. Today strangely these people are so friendly with China! Dr. Subramaniam Swamy was speaking in the tone of Brzezinski, National Security Adviser to the U.S. President. Mr. Brzezinski was speaking before

Jimmy Carter came to India. Explaining to the press the importance of the visit, he said two things. Firstly, he said that Jimmy Carter was coming to India to change the tilt in India's foreign policy. He said, there was a tilt towards the Soviet Union and the US President wanted to tilt it towards USA. He also advised that India should become friendly with China.

We have always stood for normalisation of relations with China. We want it. But why did China and India become enemies?

There were reasons for that. If China changes those policies, we are for friendly relations with China. But today with Dr. Subramaniam Swamy, there are other gentlemen like the Shah of Iran and Brzezinski who are advising this prescription to India: "You become friendly to China!" It was the same forces of imperialism and their agents—I do not know whether the words 'running dogs' are parliamentary; if it is parliamentary, I would say—these running dogs of imperialism were the forces who were trying to scuttle India-China relations when it was in the interest of world peace, non-alignment and progress of mankind. But today you are speaking like this and the world will understand.

In this report, there are certain other factors missing. I do not know whether it is not for us to say something more positive against the attempt of US imperialism to make bigger defence preparations, and to manufacture the neutron bomb. I am happy the Prime Minister is going to attend the UN disarmament conference, if I am not wrong. Certain questions will come up there in relation to disarmament. There is a very positive proposal for disarmament advanced by the Soviet Union and other socialist countries, but mainly by the Soviet Union. There is no use bracketing both USA and Soviet Union as super powers as your report tries to do. At least

[Shri C K. Chandrappan]

In our interest, it is not good to say that there are two super powers in rivalry and we are non-aligned in between. That is not the fact. Take India's own interest. As Mr Subramaniam Swamy said I agree with him we have to take our own national interests and we have to see which forces are for us and which are against us. Our policy towards the United States Mr Foreign Minister is not an accident you will agree with me. During the last 30 years whenever the interest of India was affected we have seen the US imperialism standing against India in the other camp. On the question of Kashmir on the question of Goa's liberation on the question of Bangladesh and on ever so many questions on all the wars that India had to fight against her aggressors we have seen the US imperialism stand up, on the other side. In the early days of India's Independence there were even attempts made to be friend USA but they did not succeed because the imperialist nation as the USA is it is always against the interests of developing countries. So they will be always against us and today also. So if you take the national interests Mr Subramaniam Swamy you cannot gain anything by making friendship with the United States and this Report is trying to make a white-wash. Our relation with the Shah of Iran your new friend—not yours but his

बोधरी बलबीर सिंह (होशियार पुर)

आप जग विदेश मंत्री जी से बात करते थो सुझावा यम से क्या करते है ?

SHRI C K CHANDRAPPAN Sir the Shah of Iran the first product of US destabilisation policy 35 years ago is the result of that. They killed democracy there butchered thousands of people. He has some petro-dollars and we became so friendly with him. We are bartering our economy to the Shah of Iran. Your Kudremukh is nothing but bartering away India's economy. And what is this Rajasthan Canal? You are becoming share crop-

pers, Indian peasants of Rajasthan will become share-croppers of the Shah of Iran. That is the policy.

AN HON MEMBER How?

SHRI C K CHANDRAPPAN Yes, you will understand if you read it. Then the policy of Iran is presented in this Report. The new traditional historic relation is being revived. They subvert they butcher people and kill them. We have a responsibility to fight these people also.

DR SUBRAMANIAM SWAMY What about Mr Sukharov?

SHRI C K CHANDRAPPAN I don't know who he is.

Sir the point is that the Shah of Iran is playing a sub-imperialist role in this part of the world. (Interruptions) It is again he who played a destructive role in the heart of Africa about which the Government says that we are not concerned. No you should have taken a policy which would have been appreciated by the African people. The OAU. The OAU adopted the policy of supporting Ethiopia. The Soviet Union was on the side of Ethiopia just as it was on the side of India and Bangladesh at the time of the Bangladesh liberation struggle. The Cubans are on the side of the national liberation movements. Strangely, we found that the Shah of Iran going with his arms and everything. And you take the South-East Asian policy. Your Report is trying to depict—my friend Mr Samarendra Kundu was there in Vietnam. He has done some good job there. What is this ASEAN? ASEAN is nothing but the presentation in civilian clothes, of SEATO which is dead and buried. It could not survive with his arms and everything. And if the onslaught inflicted on it by the people of Indo-China—Vietnam Laos and Cambodia. They had to swallow the SEATO and they presented the ASEAN, a colour in civilian dress but the US imperialists are trying to make it a military ground and you say that we are trying to develop very good relations with them.

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SAMARENDRA KUNDU): Ask your friend, Mr. Dong.

SHRI C. K. CHANDRAPPAN: I will ask them. Let us not quarrel. I have no quarrel with you.

These are the developments that are taking place. In my opinion, the Government of India should take more positive and more forthright steps in relation to the coming Disarmament Conference, the North-South dialogue and all that. They have taken some good steps. I welcome them.

The last point is on the question of African liberation struggles, especially in the southern tip of Africa. Your stand is good. I appreciate it. I do not know whether some of your people agree with it. My point is that it is not enough. You will have to be forthright in supporting them, helping them financially in a much bigger way—and not merely in expressing solidarity with them. The time has come for the Foreign Minister Mr. Vajpayee to put it correctly. The last chance, he described it. The Anglo-US plans for Zimbabwe have been rejected by the African people and their representatives; and to-day as Mr. Vajpayee said, the only solution is the armed insurgence there. And there, India should play a more positive role. And about Bangladesh, Sir, it is good that Government are trying for good neighbourly relations, but it should not be at the cost of the democratic elements there. When people are butchered and democracy killed in Bangladesh, I think India has a moral responsibility to come forward in support of the people there. It is not an intervention in the internal affairs of the country.

MR. DEPUTY SPEAKER: You will have to conclude now.

SHRI C. K. CHANDRAPPAN: The really last point is about the CIA. Yesterday, Mr. Swami was very happy. I knew he will be happy. Yesterday

CIA was white-washed here. An innocent, angel-like CIA fluttered in India, with the consent of the Government. It is very good. But let us not forget one fact. I was reading one book. During the last 5 years, CIA had interfered 660 times in the affairs of other countries. In this connection, Mr. Krishan Kant will remember it. I think he also participated in the "Rampart" magazine interview about the revelation made in this House. At that time, the present Prime Minister, Mr. Morarji Desai was one of the trustees of the Indian Assembly of Youth which was involved in receiving CIA money. Mr. Morarji Desai was honest enough to say, "I resign from it." The Indian Assembly of Youth has changed its garb; and to-day with the blessings of the Swamis in this country, it is there—our own Swami.

At that time, is it not a fact that the Indian Government as it was told by the Foreign Minister and the Prime Minister—agreed to the CIA coming and planning that highly sensitive plutonium device with a nuclear explosive there? Is it not a fact that the Government at that time could do it only after butchering Krishna Menon? Yes; there is a story behind it. The whole proposals of the US, including....

MR. DEPUTY SPEAKER: Please conclude. You cannot go on with the story now.

SHRI C. K. CHANDRAPPAN: The whole proposals of the US, including the proposal of nuclear umbrella were stoutly resisted by Krishna Menon; and he was butchered at the altar of US imperialism; and then this concession was made. I hope the Foreign Minister who revealed that bombshell yesterday, will reveal this bombshell also.

SHRI C. M. STEPHEN (Idukki): One year back, when the new Government started functioning, they began with an assertion that they were continu-

[Shri C. M. Stephen]

ing the foreign policy of the former Government. The foreign policy was the one thing on which the present Government asserted that the policy will be one of continuation and continuity, and that there was not going to be any deviation. At that time, this policy statement by the External Affairs Minister of the Government, it was more or less clear, was not the unanimous voice of the Janata Party. We had, for instance, persons like my very beloved friend, Mr. Subramaniam Swamy, coming out openly and strongly against

SHRI ATAL BIHARI VAJPAYEE: Beloved?

SHRI C. M. STEPHEN I said "beloved"; and lovable

SHRI ATAL BIHARI VAJPAYEE: Is he lovable?

SHRI C. M. STEPHEN: He came out strongly against the basic tenets of the foreign policy. He had gone to the extent of demanding the scrapping of the Indo-Soviet Treaty. On the basis of that, news was floating about that, in spite of the identity of their party affiliations within the party, there was much of confrontation between them and there was not much love lost between them. Today we found Mr. Subramaniam Swamy giving very handsome compliments to Shri Atal Bihari Vajpayee. It is a fact that he gave very high compliments to him and there was an appearance of complete friendliness.

Now I am wondering whether there is something which could be read between the lines, whether some change is taking place or not. I do not think that Shri Swami is the type of person who can change that easy, because with respect to these matters what he speaks is not what really is his. He is bound to speak by certain commitments.

AN HON. MEMBER: Indira.

SHRI C. M. STEPHEN: Forget about that.

AN HON. MEMBER. Why?

SHRI C. M. STEPHEN: But then there is a change. I have got before me documents which spell out certain new propositions. Last year, when the 1976-77 report was presented, they said:

"...the substance of the country's foreign policy was not an issue during the elections...the new Government reaffirms its commitment to the policy of non-alignment and affirms that is continuing that policy."

Today also they have said something like that. They have said.

"...during the years immediately before independence and subsequently when India played a dominant role in the political process of decolonisation, a consensus on foreign policy had developed within the country cutting across party lines. Against this background, it was only natural..."

Then they went on to say:

"This did not, however, mean that this major political transformation did not have any influence on the content and style of foreign policy."

Here we get the first indication openly stated, that the foreign policy is not going to be the same as it was. They now say that there is a change in the "content and style" of the foreign policy, new phases are coming in. I am putting these two together—the present attitude of Mr. Subramaniam Swamy on the one side, and the statement in this document of the Government on the other side, where the Government says that the content and style would remain change-

ed. If the content and style, if these two things are removed, what remains in the foreign policy, I do not know. As far as the content and style of the foreign policy are concerned, they are not going to be the same, they are going to be changed, the change is taking place. What exactly the change is what the Minister of External Affairs in truthfulness must explain to the people and explain to the world

Now you have high-lighted certain new points, certain new philosophy and certain new phrases have started coming. In this Report you have talked about "neighbourhood diplomacy" Yesterday, Shri Kundu coined a new phrase "Asian image of India" or something like that

AN HON MEMBER: Asian personality.

SHRI C. M. STEPHEN: Yes, Asian personality of India. as if it was ever in doubt that we are an Asian country that we have got an Asian image or Asian standing. They are going to find a new Asian personality. The question is whether this endeavour to discover a new Asian personality is the same as the personality that we wanted to project.

As far as good neighbourliness is concerned, this is what the document of 1976-77 says:

"India worked for the extension of detente in its own region by trying to normalise and improve relations with all the neighbours. A number of issues were settled through bilateral negotiations. The entire maritime boundary with Sri Lanka was delimited on the basis of agreement signed with that country. An agreement was concluded with the Maldives for delimitation of the maritime boundary between for two countries. Friendly ties were maintained with Afghanistan and Nepal. Exchange of visits with Afghanistan and Nepal, at the ministerial and official levels, and the discussions held during these visits reflected a spirit of

goodwill and understanding. Initiative was taken to normalise relations with China and diplomatic ties were re-established with that country at the level of Ambassador."

The whole chronicle, as far as the neighbouring countries are concerned, is that normalisation took place, that agreements were arrived at, that we were on the path of normalisation and good neighbourliness. It was attempted in 1976-77 itself, and that is acknowledged. Therefore, the question I am now asking is this. Apart from this, what is the new element in the neighbourhood diplomacy that you are evolving, what is the new Asian Personality that you are projecting, that you want to project? I am not saying that you are doing something wrong or anything like that. but tell us, when you use the phrases of "neighbourhood diplomacy" and "Asian Personality", against the background of what was being attempted earlier, what is the new thing that you are attempting? This is a matter which has to be explained.

Somebody said that India must lead the other countries, somebody else said that India must go to the assistance of the other countries. Another Member said that India must give confidence to the neighbouring countries. One Member went to the extent of saying that Morarji Desai's statement on Sikkim sent terror into our neighbouring countries. So, what is the role that we are playing? Are we playing the role of only an Asian country, are we playing the role of leading somebody, are we playing the role of a big brother, giving money and everything to everybody? That was not the role that we were playing We had been playing the plain role of a country which knows its mind, which knows its inherent strength, which has got an economic sub-structure to rely upon with a personality of its own, not limited to Asia or the Southeast Asian area

[Shri C. M. Stephen]

only. but covering the entire world, the non-aligned world, not linked with any particular bloc, not being under the umbrella of any particular bloc, but having its own personality and projecting its domestic policies on the international field. Therefore the sort of thing that we are now finding is rather disturbing.

Mr. Atal Behari Vajpayee does make occasional visits to India, I know! when those occasional visits to India are made, he should make an attempt to understand what exactly the economic policy of this country is or must be. This attempt has got to be made.

There are new phrases coming up like "genuine non-alignment". Is it different from the non-alignment that we had been following so far? Or is it suggested that the non-alignment that Pandit Nehru followed was not genuine non-alignment? If that was not non-alignment and non-alignment characterised by genuineness is now forth coming, then you candidly concede that you are changing the foreign policy. You have got the sanction of the people, you can do it, but do not come out with the statement that this is non-alignment.

India has its own concept of non-alignment from the Power blocs. We are not part of any Power bloc, we are not subject to anybody. Non-alignment means, as far as we are concerned, not neutrality, not inactivity, not just blindness, but a positive policy in the interests of the country, in our self-interest.

Every foreign policy of any country projects its foreign policy from its own interest, its own self-interest. Our internal democracy or our internal economy has got to be developed. For that, we want peace in the world. We want relationship with other developing countries. We want freedom from attack from foreign areas. With this, we project our

foreign policy. On issues, we take a particular stand. We refuse to be tied down to any country at all. On the international field, we have got our preferences. Let us not forget the fact that two forces are operating in the international field. The force of imperialism, colonialism, suppression, exploitation is functioning openly or unopenly. On the other hand, there are forces which are supporting the developing countries and the imperialism and the colonialism. These forces are there. We have got to take our sides with one of these forces. It is natural, therefore, that certain countries which take up our own position come nearer to us. You call it a tilt. Whether we tilt to somebody or somebody else tilts to us is a question. It has been acknowledged in this Report itself that the Soviet Union has felt that non-alignment which was being followed by India, is a bulwark for international peace and international harmony and progress. They acknowledge us as an independent country which takes its own stand. As we think on many lines similarly whether the socialist transformation or economic policy, not everything but many things, they get tilted to us. Nobody need be ashamed of it. Nobody need to take it as a sort of deviation from non-alignment. But you need genuine non-alignment. You say that we would be equi-distant from both. Now, you are going to say that we will be equi-distant between the oppressor and the oppressed. You would say that we would be equi-distant between Israel and the Arabs. You are going to be equi-distant between the African countries and the oppressing nations. You just cannot be. We have to take a position. That is not a deviation from the policy of non-alignment. A new concept is being evolved. I would appeal to the hon. Minister to spell out what exactly he means by the new concept of genuine non-alignment. Whether it is any way different from the non-alignment that we have been pursuing. You kindly explain this matter.

A new discovery has been made. They say because of restoration of democracy in India, the attitude of America has changed, the attitude of different countries has changed towards us. I ask in all humility, before emergency is it your case that there was no democracy? During Pandit Jawaharlal Nehru's time, was there no democracy? During Lal Bahadur Shastri's time, was there no democracy? Before emergency, you say that there was no democracy. There was democracy in the country.

**THE MINISTER OF EXTERNAL AFFAIRS (SHRI ATAL BIHARI VAJPAYEE):** What about emergency?

**SHRI C. M. STEPHEN:** I am speaking of the period before emergency.

Now the question I am putting is: Pakistan and India came to war. Was Pakistan a democrat? Was not India democratic? And what was the attitude of this great democratic country, the United States of America? If they were in love with democracy they should have supported us against Pakistan. Pakistan attacked us during Lal Bahadur Shastri's time. Under Shastri, there was certainly democracy in the country and Ayub Khan's Pakistan was certainly not democratic. What did this great democratic country do during that time? Whom did they support? The point I am making is that no country postulates its attitude to any other country on the basis of its political system. It postulates its attitude on the basis of the basic interests that they have. If they are a capitalist country with a capitalist interest and the other is also a capitalist country, then they will be nearer to them. That was why the USA were nearer to Pakistan. That is why, they are conniving with all sorts of sabotages that are taking place everywhere. They were very much against the

Emergency here. But they had nothing to say about the butchering of Banga Bandhu; they had nothing to say about him; the whole lot of them was murdered, but not a whisper; they were not bothered about that. But about this they were gathered.

15.00 hrs.

The point that I am emphasizing is that, when they project a particular attitude, they know where the bread is buttered, they understand that they have got their own economic philosophy. They want a colonial economy in this country.

You now say, 'Come back to the rural economy'. They are happy about it. They wanted us to suspend the nuclear explosion, and you have agreed to suspend it. They are happy about it. About every step you are taking, they are absolutely happy. Therefore, Mr. Carter comes here, not as a friend but as a victor who has conquered this country, and he addresses us in that particular tone. I do not want to put it in this particular fashion, but this is the picture which you cannot avoid. One after another, a long galaxy of Western bosses are coming to us, the Red Carpet is being thrown out, and we Members of Parliament are being drawn out every alternate day to the Central Hall to hear the speeches that they are delivering. With one or two persons, it was allright; but then the benches were empty; the officers were put in and the whole thing was filled up in order that we might hear those speeches.

Let us not forget that India is a great country, it is self-reliant and completely self-supporting. It did not bend itself to anybody. Let us not be petty-minded in our behaviour, be it with a small country or a big country. Let there be a sense of proportion in our dealings with other countries. Agreements can be evolved. Talks can take place. But forget not that India is India with 60 crores of people. Let that balance be main-

[Shri C. M. Stephen]

tained, and without maintaining the balance, let us not give an impression that we are so anxious to get on with anybody; they get away with what they want and we give away one after another, kindling hopes which cannot be satisfied, ultimately creating hostility all around, promising all sorts of financial support which we will not be able to satisfy, ultimately creating hostility all around. This sort of an attitude is certainly not the one we have got to foster.

What has been stated by the Government when they assumed the administration and the government in this country in the line of the foreign policy? Here is something which was evolved during the years, by a consensus, cutting across party lines, which stood the test of time, which has elevated the position of India in the international arena. If you want to deviate from that, come out with a clear statement giving the points of deviation that you want to inculcate and say where the foreign policy has been drawn, what it is going to be. Tell us clearly rather than play this sort of hide-and-seek game.

Again, political controversies, there can be. When Mr. Atal Bihari Vajpayee was on the Opposition Benches.—I hope, he will acknowledge this—we had the highest of respect for him—even when he was in the Opposition attacking us. There is a level below which we do not expect him to go. One or two of his recent utterances gave a real shock to me. He told about Mrs. Indira Gandhi that there was a secret deal with Kashmir. Come out with the terms of that deal, if it is there. That has been denied by her. That has been denied by Mr. Aga Shahi. That has been denied by everybody. If there is a secret document that you have, then you tell the Parliament—rather than go to the platform and say—what is that secret arrangement. This is a thing which you have to tell us

and prove. Otherwise, you will have to apologise to the nation—if what was said was incorrect.

He said about 'bombshell'. What exactly is the 'bombshell'?....

MR. DEPUTY-SPEAKER: There is something like time .....

SHRI C. M. STEPHEN: One minute more.

SHRI ATAL BIHARI VAJPAYEE  
Here is a time bomb.

SHRI C. M. STEPHEN: Yes; it can be a time bomb. He came out with a 'bomb-shell'. I thought something big was coming and wondered what was that bomb-shell. The bomb-shell was that when in 1960 this plutonium device was planted. Mrs. Indira Gandhi was responsible for that—that she was responsible for that and that she was in league with America. Are you saying that this is something which you are against? What exactly is your attitude? We on these Benches were never against any Government at all: we never wanted to get away from anybody. We made our best efforts to be friendly. But, on the basis of the self-respect of this country, on the basis of the sovereignty of this country, on the basis of the economic interests of this country, on the basis of the personality projected not on the Asian field but on the international field, on the basis of protection of the international personality of this country, its 60 crores of people will be a standing source of strength for the purpose of evolving peace, lasting peace and progress. Let us not ridicule it. International questions are not questions for political parleys on the basis of ridicule. That manner should not be adopted. I would only submit to my friend that he could perform his task fairly well without stooping to this sort of low-level rhetorical performances.

While concluding, I would like him to spell out the deviation that he is attempting. It is clear that deviation is being attempted. Spell out where and to what extent you want to deviate in the different areas. Be honest with us: be honest with Parliament; be honest with the nation, rather than attempt deviation by a revolutionary back-door method.

With these words I conclude.

SHRI KRISHAN KANT (Chandigarh): Mr. Deputy Speaker, Sir, I am happy to speak in support of the Demand of the Ministry of External Affairs. Whatever people may say about the performance of Government in various other fields, this is one field where there is unanimity that it has been successful. The credit goes, by and large, to the Minister of Foreign Affairs Mr. Atal Bihari Vajpayee. I would like to offer my personal congratulations to him for his dynamic stewardship of the External Affairs Ministry. But I would like to say that my compliments are not left-handed or right-handed or many-sided, like my friend Shri Subramaniam Swamy's. My compliments are genuine, because I feel that he has taken the national policy which has been evolved over the last 30 years. And when Mr. Vajpayee says:

सरकार बदलने से राष्ट्र

हिंदू बदलता नहीं है,

he is correct. Subramaniam Swamy has criticised him for that. He may have been saying other things too. Generally, I ignore what my friend Subramaniam Swamy says, but he has said today in Parliament House, in the Lok Sabha, while speaking on the Demand of the Ministry of External Affairs, and people might take it that he speaks the voice of the party and the Election Manifesto of the Party. Our Manifesto has the words 'genuine non-alignment' but he is against the word 'non-alignment'. According to me, as I understand the policy and the Election Manifesto of

the Janata Party, definitely and deliberately the words 'genuine non-alignment' were put in the Election Manifesto knowing fully well the background of the various constituents of the Janata Party and I feel and consider that Mr. Vajpayee represents the majority view of the erstwhile Jana Sangh which has merged with the Janata Party and has the right to say that we believe in 'genuine non-alignment' and to spell out the historical growth of the non-alignment movement.

Mr. Subramaniam Swamy has his own views. He may be representing certain forces which are in a minority, which we had been fighting earlier and which we continue to fight even now. (Interruptions). I do not want to enter into a controversy; but these forces, I can assure the House and the country were never in a majority when Gandhi was leading the freedom struggle. This force was never in majority even for the last thirty years after independence. We thought, these forces have taken new knowledge, new experience and have suffered and changed. Well and good, if they have not changed, then we have to fight those forces again, because they do not represent the integrating forces, they are not the uniting forces.

He says that he does not want to hear the name of Nehru; he wants to completely cut himself off from the foreign policy of thirty years and the foreign policy of Janata Government now. He is making the same mistake which his erstwhile party and the so-called voluntary organization was making. You cannot cut out history; history is a continuity; you cannot cut out the Mughal period; you cannot cut out the Muslim period. They are a part of history, they are our life and blood. We have to learn from them and we have to learn from the experience. If you want to cut off that history, you will not be the India which you are today. I am glad that Mr. Malkani who has written that book about the jail experiences, has

[Shri Krihan Kant]

changed his interpretation of history. He says, now we can say that Muslims and Hindus can live and should live as brothers. Later on in other chapters because of his experience at the feet of RSS, he has not changed that much.

Dr. Subramaniam Swamy wants the Janata Party to cut off from the foreign policy developed by Nehru in the background of freedom struggle of Mahatma Gandhi and others, which is a very valuable asset for us and on the basis of which the Janata Party has built up its foreign policy.

He mentioned about our relations with Pakistan. When Mr. Agha Shahi came here, he said that he has built up more trust not only in the Janata Government, but in the Prime Minister and in the Minister of External Affairs in spite of the background of Shri Atal Bihari Vajpayee. Shri Vajpayee, while speaking at the press conference in Islamabad, when he was asked about his background of Jansangh, said, "I have shed off that". He said, he has become part of the Janata Party which adopted the election manifesto, where we mentioned about genuine non-alignment. If the forces represented by Dr. Subramaniam Swamy want to continue the same approach towards Pakistan, the same approach to non-alignment, I feel, they are heading towards a dismal failure. This country is not going to accept that. He still talks of *Akhand Bharat*. History has changed. He feels like the RSS that the Muslim period, the Mughal period be cut off from history and can be linked to two thousand years back. He feels that we can start from where we started in the beginning and Nehru is no more in history. No history of a nation, no history of a people can be cut off from the people. Whatever mistakes Nehru might have made, it is the duty of the future generations to learn from those mistakes and go forward, but not to decry them. That

is a valuable heritage that Nehru has left. I must say that he talked dangerously, he said, he would like to have a situation where there is no border between India and Pakistan. When the Prime Minister and the Minister for External Affairs are building up bridges of trust, such a speech at this time can be harmful to the foreign relations of India. Mr. Chairman, I would like to dissociate myself from that. He has tried to defend the Prime Minister and criticised the Minister of External Affairs. I think the policy of the Janata Party and the policy of the government are the same. Whether it is Prime Minister or the Minister of External Affairs, it is the Janata Party policy as a whole and there is no division between the two. Assuming division in the basic approach of the Janata Party by those who are representing the minority forces of my friend—I can tell you it will not help them.

He then referred to China. Perhaps he is talking of the new friendship with China as if we were not friends earlier. I think we are more than friends of China. We want that friendship to grow, not at the cost of our self-respect. We want friendship with Soviet Union. We want friendship with America, but with our dignity remaining intact. He says that because we are afraid of Russia so we do not want to become friends with China. Then there are fears in Russia about this country. This is wrong. And we are not guided by these considerations. I can say whether of the previous government or this government, as far as our foreign policy goes there is no difference. What Russia likes or does not like is immaterial to us. What is India's interest, it is on that we decide. He criticised the Nanda Devi expedition and the plutonium device and everybody connected with this. I am sure, in those circumstances, anybody might have reacted in the same way as the three Prime Ministers, Nehru, Lal Bahadur Shastri and Indira Gandhi did. Perhaps as the Prime Minister said he would have

agreed to that. If the forces represented by Dr. Subramaniam Swamy were in power at that time, they would have not merely allowed the expedition but they would have even called the American forces here.

Some of his criticism, I think, was because he does not like the word non-alignment. Other friends also said it. But I would like to say something about that. I have held the view that friendship with the Soviet Union is a geo-political necessity whatever government comes into power, rightist, centrist or leftist. We may not like their method of working in their own country. That is their look-out. When we talk of genuine non-alignment, I would like to clear it very much as to why we call it genuine non-alignment. Genuine non-alignment means that we did not want to become a part of the cold war. Because of our genuine non-alignment we steered through and we became successful. Non-alignment has an element of reciprocity. It does not mean that somebody attacks you and you will be still friendly with him. So we did take side on issues and we will continue to take side on issues. When the United States acted against our national interests in 1971, we went in for the Indo-Soviet Treaty of friendship, but not at the cost of our policy of non-alignment. Even there is an article in that treaty that Russia respects our policy of non-alignment. We said while signing that treaty that we will not participate in the rivalry of the super powers. When we talk of genuine non-alignment, I want to make it very clear what we mean. During the emergency and earlier when certain forces in the Soviet Union tried to criticise JP, Morarji in 1974-75 and also supported the emergency, it was interference in our internal affairs. When Mr. Brezhnev made his speech at a public meeting near the Red Fort supporting the programme of the Congress Party, I objected to it as a member of the Congress Party that he had no business to do that.

What I mean genuine non-alignment is non-alignment on the basis of the five principles and non-interference in each other's affairs. I think Mr. Atal Bihari Vajpayee will make it more clear. We know the Soviet Union has come to our help in every difficult time, whether it was conflict with Pakistan or the question of a steel mill. We know all that. In spite of that, we would not like them to interfere in our internal affairs. Probably they were misled by our friends in the CPI and they have also now changed and they have said that their support to emergency was wrong. When we say genuine non-alignment, it is non-alignment—clear and honest. No friend can interfere in our internal affairs. That is what I would like to say.

I would like to deal with another point. Nobody has dealt with that point and that point is.....

I am glad Mr. Stephen said we have always cared for neighbours. It is true and I think when Mrs. Gandhi was the Prime Minister, I also praised that we were giving more attention to our neighbours. Though Nehru was trying to build up non-alignment, somehow our people bureaucracy in the foreign office in the earlier years were trying to be friendly with the richer people than others. Slowly, the policy was developed and I think what Mr. Vajpayee has done after taking over the Foreign Ministry, is that he has tried to mend fences with the neighbouring countries. Why should we not praise him for that? He has done that. He has done a good thing. To-day in the sub-continent there is greater relaxation than there was at any time in the last 30 years. Because of many historical events Vietnam has changed. So many other things have changed. We are trying to have more moves of friendship with China, but not at the cost of Soviet Union or anybody else. Another important thing that has been done is that the foreign economic policy is slowly becoming an impera-

[Shri Krishan Kant]

tive and important component of our foreign policy. As the Report shows our technical help to Asian African countries, our economic agreement with Vietnam breaks fresh grounds.

SHRI K. LAKKAPPA (Tumkur):  
What about economic policy?

SHRI KRISHAN KANT: We are not discussing on economic policy. Do you want economic agreement with Vietnam or not? Then why do you speak like that.

I would like our food and foreign exchange reserves to be utilised in a way that the new concept of alignment grows, having self reliance, not based on the support of the big powers or industrialised nations, but mutual help of the non-aligned countries. That should be given impetus. I think, in that direction Mr. Vajpayee has gone ahead. I think now initiatives have been taken during the last one year of his stewardship of the Ministry of External Affairs. I think now opportunity has come when a special session of the General Assembly is being called to discuss disarmament. I would like him to take initiatives in that.

One factor—awful and terrible to the whole world—is nuclear power growth all over the world. The nuclear stock piles are growing with two super powers. This has led to rivalry. This has led to intervention in the developing countries. I would like Mr. Vajpayee and the Prime Minister—Mr. Desai—when they go there, take more serious action in this respect. I know he has written letters to his counter-parts in non-aligned countries. But writing letters would not suffice. Just as we did earlier, I think, a resolution must be brought in Parliament and later on in the United Nations saying that these nuclear weapons are a crime against humanity. As we did in Nehru's time in 1961, we must bring in a Resolution. Regional nuclear weapons-free zone idea must

be given up. It must be given the shape of global free zone because any other thing below that is to legitimise nuclear weapons of the big super-powers whether it is NPT, whether it is nuclear power free zone whether it is in South America or Asia or it is the question of taking nuclear protection from big powers. I would like to warn him, the bureaucracies all over the world are the same. They have been influenced by money and propaganda and the media which was to legitimise the super-power hegemony in the nuclear stock piles. Many of you must have read a book by Ashok Kapur on 'India's nuclear option'. He has mentioned the names of two important officials—Shri C. S. Jha and Shri Jagat Mehta, who have been propagating in favour of the N.P.T. and other things. I would like that such things should not be allowed to happen again against our national policy.

I wanted to give lot of points on this. But I would like only in the end to say that this is the time when we should take the initiative. We have lost that initiative after the Chinese aggression. We have lost this for the last 15 years because many other things developed in the world and in the country. I request you to take that initiative which may lead us to a situation where production of nuclear weapons becomes a crime against humanity, against the conscience of the people. And, in the next General Assembly of the UNO, you please try to get a Resolution passed to that effect, so that later on you can go ahead with the idea, so that in the shortest possible time, our real dream when we took to non-alignment is realised. Before conventional disarmament takes place, nuclear weapons disarmament has to be realised. With these words, I would once again request the hon. Minister that he should not lose this opportunity, because, genuine non-alignment policy is the only correct policy and India must play its historic role and we are confident. Because we are powerful in nuclear technology,

we have the credibility and we take our stand on right lines. With these words I conclude my speech.

**MR. CHAIRMAN:** Now, Mr. Unnikrishnan.

**DR. SUBRAMANIAM SWAMY** (Bombay North-East): I have a point of order, Sir. I have to draw your attention to Rule 357. (Interruptions) How can he say that there is no point of order? I draw your attention to Rule 357. It says:

"A member may, with the permission of the Speaker...."

I am asking for your permission, Sir.

**MR. CHAIRMAN:** Mr. Subramaniam Swamy, you are referring to Rule 357. It is very clear that a Member may, with the permission of the Speaker, do so. But, I am sorry, I am not giving you the permission...

**DR. SUBRAMANIAM SWAMY:** My point is a small point only. I don't want to take the time of the House, Sir.

Sir, an allegation has been made against me. Have I not got the right to defend myself?

**MR. CHAIRMAN:** But he has not made any allegation.

**DR. SUBRAMANIAM SWAMY:** I would like to make one point clear. I would request you to give me permission to make a brief personal Explanation.

**SHRI VASANT SATHE** (Akola): What is the use of his Personal Explanation? He uses every kind of word for others. If he is given an opportunity to offer a Personal Explanation, then, we should also be given an opportunity to give a Personal Explanation.

**MR. CHAIRMAN:** Mr. Subramaniam Swamy, you please resume your seat. Your point is not relevant.

**SHRI VASANT SATHE:** Let him write to the Speaker.

**MR. CHAIRMAN:** Mr. Subramaniam Swamy, you also made so many allegations against others. They have not made any allegations against you. As a matter of fact, I have not given you permission, there is nothing now. I am not giving you permission...

**DR. SUBRAMANIAM SWAMY:** I don't understand why you should not allow me to speak. (Interruptions).

**MR. CHAIRMAN:** Mr. Subramaniam Swamy, will you please resume your seat? You please refer to Direction 115 C. It reads as follows:—

"No member shall be permitted to make a statement by way of personal explanation under rule 357 unless a copy thereof has been submitted in writing by the member to the Speaker sufficiently in advance and the Speaker has approved it."

So, that is the Direction of the Speaker. You have not given me in writing and I have not given you the permission.

**DR. SUBRAMANIAM SWAMY:** I will give it, Sir. Let me quote again. This is not a long speech or anything like that. If a member is present he can interrupt. I do not want to go out of the way. If a Member is present, he can interrupt. After all, I have a right to defend myself in this House. If an absurd allegation is made against me, have I not got the right to defend myself? I have got that right here. You just allow me a minute.

**MR. CHAIRMAN:** You are only wasting the time of the House.

**SHRI VASANT SATHE:** It should not go on record. He is speaking without your permission.

**MR. CHAIRMAN:** Now, Mr. Unnikrishnan.

**SHRI K. P. UNNIKRISHNAN** (Badagara): Mr. Chairman, Sir,....

**SHRI K. LAKKAPPA:** He is weeping.

**SHRI B. P. MANDAL** (Madhepura): Sir, I rise on a point of order.

मेरा प्वाइन्ट ऑफ ऑर्डर यह है कि माननीय सदस्यों ने\*\*यह हाउस में नहीं कहा जाना चाहिए, रिकॉर्ड पर नहीं जाना चाहिए। ऐसा कहना इस हाउस की परम्परा को, डिगनीटी को गिराता है।

**MR. CHAIRMAN:** There is no point of order.

**SHRI B. P. MANDAL:** There is my point of order.

**MR. CHAIRMAN:** There is no point of order.

**SHRI B. P. MANDAL:** This is my point of order.

**MR. CHAIRMAN:**

मंडल साहब, आप ने जो कहा है, उस को बैक अप करेंगे। अगर कोई अन-पार्लियामेन्टरी बर्तन है तो उस को देख लेंगे।

There is no point of order. There is no time at all. There are several Members from your side only who want to speak. Why do you waste your time? I will examine if there is anything Unparliamentary. Then, I will expunge it. There is no point of order.

**SHRI GANGA SINGH** (Mandi): The unparliamentary expression must be removed from the records.

श्री एच० एल० पटवारी (मंगलदाई): यह कोई इन्डिस्ट्रियल वायु का जंकल नहीं है। इस बात को विद्वां कराइये।

\*\*Expunged as ordered by the Chair.

**MR. CHAIRMAN:** I will examine it whether it is unparliamentary or not. Now, Mr. Unnikrishnan.

**SHRI K. P. UNNIKRISHNAN:** Mr. Chairman, Sir, I do not want to take away Mr. Krishan Kant ...

श्री एच० एल० पटवारी . आप इसको विद्वां कराइये।

**SHRI K. P. UNNIKRISHNAN:** Mr. Chairman, Sir, I do not want to take off where my friend, Shri Krishan Kant left off. I do not want to go into various things that Dr. Swamy had said because, I know that this House does not share his views and he will not only be isolated but may find himself in microscopic minority in the whole country.

Jawaharlal Nehru stands above all this din of controversy. Jawaharlal Nehru articulated the hopes and aspirations of millions of our people. As a great captain of our national struggle, he moulded the national destiny before Independence and, later, as an architect of our national and international policies, does not need any bouquets or brick-bats here now and, whatever Swamy may have said—one objectionable word which he used in relation to Nehru—I hope, will be expunged. He used the word gaddar. I do not want to go into this controversy. A great contribution of Jawaharlal Nehru was not only in the evolution of the concept of non-alignment, but also associating the House and the people with this concept of non-alignment. We function in a particular milieu, in a particular international environment and our policies at any given time must have relationship with this international environment and forces which operate for the international foreign policies are primarily concerned with the forces that are generated in the international community.

The foreign policy, goals and objectives are sought not in a vacuum but in a broad international environment. This will change obviously when the forces that operate change and when there is any deviation from certain things—I do not take it that there should be no deviation—there can be and there might be deviations. But, we have been hearing for quite some time over the months the Prime Minister and the Minister for External Affairs have been talking about a national consensus around the foreign policy goals. But, how can there be a national consensus is a basic question. Is there one? That is my basic policy question. The question of continuity and national consensus is more important because, over the years, we have changed from a bipolar world into a multi-polar world where the position of India has also changed.

Now, the Report of the Ministry of External Affairs talks about 'Neighbourhood diplomacy' and about 'Genuine non-alignment'. Sir, these years, we have changed from a bipolar world into a multi-polar world. Office, after Mr. Vajpayee has taken over.

Now, I would like to know, what is the content of this term 'Neighbourhood diplomacy'? Sir, neighbourhood issues and our relations with our neighbours are something which is very crucial and which is very important for us and our bilateral relations should undoubtedly improve. But the other point is this: Is it right on our part to prop up unstable regimes with no social base? This is an important question. This question is very relevant when we discuss the question of our relationship with certain neighbours.

Then the next question is this: Is it our objective to enhance the expectations of our neighbours to a level which we can never fulfil? What shall be the consequences of such a policy for our future relations with

the neighbourhood? These are the crucial questions which would come up when we talk about 'Neighbourhood diplomacy'.

Also, there is yet another related question. That question has been raised here earlier in the House, namely, the question of authoritarianism and human rights, an issue over which your party came to power, an issue over which you sent people all around the world, including My friend Mr. Subramaniam Swamy, you tried to show that there was an authoritarian regime here. It is as though Indian History was to be divided between pre-emergency and post-emergency periods, as if this is the great dividing line.

Sir, it would be a great historical fallacy to suggest such a thing. But that does not mean that you defend or condone everything that went on during those 19 unfortunate months.

But the other point is this: What is our attitude towards the aspirations of freedom-fighters in Bangladesh? What is our attitude to the great freedom-fighters like Mr. B. P. Koirala in Nepal? What is again our attitude on the question of human rights and the democratic right of people like Mr. Bhutto with whom we may have disagreed? These are the questions which assume importance when they talk in season and out of season about human rights. And when you want to raise many issues relating to human rights in the United Nations and other forums, the international community can legitimately pose this question: What is your attitude to the question of human rights in your own neighbourhood, with whom you want to improve your relations?

Sir, I am not arguing for any kind of paternalistic approach or that we should dictate to them, nor am I arguing for a policy of benign neglect! But it is very important that we should have a clear conception of what we want to do in the entire South

[Shri K. P. Unnikrishnan]

Asian region. The whole attitude of what U.S. and the West pursued, of building up Pakistan as a countervailing force in South Asia against us has failed since 1971 and this cannot be revived.

I would like to say that in this country we have a stake in human rights. We have a stake in democracy and more so in our neighbourhood. We do not want the dismemberment of Pakistan and we do not contribute to the idea as a nation to 'Akhand Bharat' whatever might have been the views of Mr. Vajpayee ji and many other friends on the other side on this question. People who talked about Akhand Bharat like Shri Aurobindo, who very much disagreed with the partition of India said that 'the unity that will come in future will be different in texture.' And therefore, what we should undoubtedly pursue is a policy of friendship and concern for the democratic rights and help for evolution of democratic regims. We cannot have anything to do with unstable and authoritarian forces operating in our neighbourhood.

MR. CHAIRMAN: Mr Unnikrishnan, may I know this? From your party are you the only last person to speak or you are also given a chance?

SHRI VAYALAR RAVI: He may take as much time as he wants we don't mind.

MR. CHAIRMAN: I am saying this because your party has 84 minutes and 17 minutes are over. Please continue

SHRI K. P. UNNIKRISHNAN: So, Sir, India is a major power between Suez and Singapore. It is not only a regional power but a major power. India's voice counts not in terms of the arsenal it has; but India always had a certain moral authority. I would not like this authority to be diluted by considerations that we are only concerned with our own neighbourhood. That is why it is very impor-

tant that we have an involvement with what goes in Asia or in South East Asia. It is good that Mr. Kundu had gone to Vietnam and, I hope, it will further strengthen our relations. But if you are going all round the world to every country and say that we want to be friendly with you, that means you have no conceptual framework of foreign policy! You have a policy of no thrust by putting your eggs in hundred baskets! While it is important not to put all your eggs in one basket, it is equally important that you do not put your eggs in a hundred different baskets!

Sir, Vietnam is going to be a bulwark of non-alignment. It is going to be a power Centre in Asia and the earlier we realise it the better it will be.

Another related question is the question of the Indian Ocean. The very concept of super-power has to be re-examined in depth. The United States wants stabilisation of existing military situation in the Indian Ocean area. That is very different from what we demand that it should be a zone of peace and that there should be total de-militarisation in the area. There is a distinct difference also in the approach in building up of the Diego Garcia base. It is a military base and you say there is military presence! This subtle distinction can impart a new element to your approach on Diego Garcia and the question of peace in Indian Ocean zone.

Similarly, on the question of West Asia. There were murmurs when certain initiative were taken by Sadat—some officials of Foreign Office started saying that there is a great achievement as though he has already achieved a great deal! I would like to reiterate that the policy that we had even during the Freedom Struggle has been a commitment to the cause of Palestine and Arab nationalism and also we have made it clear; I am glad that the External Affairs Minister did say that the basic question is one of vacation of aggression.

Our concern with problems of Africa is vital. You cannot contribute anything in Africa unless you accept the role of imperialism in Africa and also understand the role of neo-colonialism. If you reject these concepts, you cannot play a positive role in the African developments in Zimbabwe, South Africa and Namibia or help front line states and above all meet the aspirations of African people.

Now, I find that in this Report even the typographic letters have undergone a change when it came to the Soviet Union. When it comes to Western Europe there are bold letters but in the case of USSR and Eastern Europe there are smaller letters which means they have been relegated to background!

**THE MINISTER OF EXTERNAL AFFAIRS (SHRI ATAL BIHARI VAJPAYEE):** It is not deliberate.

**SHRI K. P. UNNIKRISHNAN:** I know the Minister of External Affairs has a correct understanding and perspective. Simultaneously efforts are going on to subvert the Indo-Soviet relations. I will give a small example. There is an Indo-Soviet Commission on Social Sciences. Now, an attempt is being made to propose a man—who is an intellectual undoubtedly and a professor but who is totally anti-Soviet—as Chairman of this Indo-Soviet Commission on Social Sciences. He is totally—unwelcome. He has taken a distinct position of certain things. He is a person whose institute—Centre for Development Studies or so—was financed for years by the Asia Foundation, which was exposed by the New York Times in American Mass Media to be a conduit for CIA funds. He is sought to be imposed by the Ministry of External Affairs and the Ministry of Education as a new Chairman of the Indo-Soviet Commission on Social Sciences. This is how you want to promote cooperation with Soviet Union! Attempts are afoot to

sabotage Indo-Soviet relations though there are public declaration to the contrary.

I would like to say a few words about the bilateral relations between India and United States. Undoubtedly, we on this side want to improve the relations but not at the level that Vajpayee ji would like to have. Once he took a letter of Guru Golwalkar to the President Johnson which said "you are the leader of the Camp of Dharm."

**SHRI ATAL BIHARI VAJPAYEE:**  
Took to whom?

**SHRI K. P. UNNIKRISHNAN:** Took to the President Johnson.

**SHRI ATAL BIHARI VAJPAYEE:**  
No. You are wrong.

**SHRI K. P. UNNIKRISHNAN:** You can correct me. I said you took a letter of Guru Golwalkar.

The most important question is to understand the case that United States has certain global interests. These global interests are dictated by the Military Industrial Complex of the United States and they cannot be changed. It is my friend, Mr. Chandrappan who quoted Brezinski another exponent of the new trilateral view. That is the view which holds good with President Carter—the views of trilateral commission. Harold Brown, the U.S. Defence Secretary, has said recently that the situation in Asia, India and particularly South Asia is better for us. How do they look at the situation! I quote:

"We want to ensure that this environment continues. In the next five years, we will be strengthening our forces in the region by the introduction of several advanced weapon systems, trident nuclear missiles for our submarine fleet, cruiser missiles for B-52B, F-14 fighters for our carriers, F-15B for Air Force squadrons, etc. etc."

[Shri K. P. Unnikrishnan]

This is how Mr. Harold Brown hopes to improve the situation in Asia. So, what the United States want us is to be an honest broker between these people who have these neo-clomal projections and the rest of the third world. Are you prepared to play this role? That is the basic question whether you raise it in connection with Brown's remarks or Brezinski's or the views of the Business International Team which came here and which was given a red carpet treatment.

Now, again you have a threat to cut off uranium supplies by Joseph Nye. Before I conclude I would say we had a disarmament workshop here at a considerable expense—Rs. 30 lakhs or so—to the exchequer. After all the Papers had been prepared and accepted for the UN Special Session on Disarmament! I did not know what was the need for this kind of lavish get-together. Undoubtedly, disarmament is a question with which we should be concerned and we should have taken initiatives in the matter as we had in the earlier past in 1950s. I would like you to revive this interest but the whole question is how you do it. I hope this kind of workshops—expensive workshops—may be good enough for some people who claim to advise the Foreign Office in their non-official capacities; but I do not know whether they can really contribute anything more than that. On disarmament, what is more important is that you seize your opportunities and initiatives and take a more active role in international forums—a decisive role—which you can take only if you are clear in your minds as to what you want.

Before I conclude I would only say one thing. When he assumed office a year ago, we welcomed his assertions of continuity and course of Indian foreign policy. We will continue to do so, despite Dr Subramaniam Swamy, but we would have much to say, as we have pointed out, on these questions, we have quite a few apprehen-

sions because there have been disquieting trends during the last year. I hope he will not allow himself to be a prisoner of this disquieting trends and of the non-official advisers who crowd around him. I hope he will himself clarify the issues to the satisfaction of this House so that a genuine consensus can be built up which is vitally important. But on the basis of what you have shown, there can be no consensus, there can only be disquieting apprehensions and doubts. I hope he will be able to clear it up.

MR CHAIRMAN: Mr. Patil, you have got only three minutes. But I will give you five minutes.

श्री यू० एस० पाटिल (लातूर) :

चेयरमैन साहब, नान-एलाइनमेंट, तटस्थता, इस देश की पिछले तीस साल से नीति रही है। जनता पार्टी ने भी इस नीति को स्वीकार किया है, और उसके साथ "जेनिन" लपक और बढ़ा दिया है। माननीय सदस्य, श्री कृष्ण कात ने अभी "जेनिन" का मतलब समझाने की कोशिश की है। मैं इन दोनों ब्यूज से इखिलाफ रखता हूँ और इस के कारण अभी आप के सामने रखूँगा।

यह नान-एलाइनमेंट की नीति खास तौर पर पूजापतियो और सरमायदारो के लिए बहुत फायदेमंद रही है। इस देश का निजाम सरमायदारो और कैपिटलिस्ट्स का निजाम रहा है। इसलिए नान-एलाइनमेंट पालिसी को अपनाने के पीछे यह मकसद रहा है कि हमे दोनों साहूकारो से—धमरीका से भी और रखा से भी—सस्ता कर्जा, ईन्डी टर्म्स पर लोन और एड, मिल जाये, और उन दोनों के काम्पटीशन की वजह से मिलता भी रहा है। लेकिन इस बात से इन्कार नहीं किया जा सकता है कि हमे ज्यादा कर्जा वेस्टर्न कम्प्रीज से मिलता रहा है। मुझे शक है कि उन देशों के साथ हमारा ऋण देने वाले और ऋण लेने वाले का नाता होने के कारण हम एक धम्राब और साबिरेन क्लारेन पालिसी को किस हद तक चला सकेंगे? इस बारे में दो तीन एम्बाम्प्ले देना चाहता हूँ।

इस मुल्क के सभी लोग जानते हैं कि काश्मीर के मसले पर पश्चिमी देशों ने हमें काफी तकलीफ दी। लेकिन फिर भी हम उन्हें नाराज नहीं करते हैं। रशा ने यू० एन० ब्रो० में बीटो का इस्तेमाल कर के हमें परेशानी से बचा लिया, वर्ना वहाँ प्लेवि-माइट के बारे में रेड्योल्यूशन पाम हो जाता। लेकिन इसके बावजूद हम उन साहूकारों के खिलाफ नहीं बोल सकते हैं।

शास्त्री जी के ज़माने में जब पाकिस्तान के साथ युद्ध हुआ, तो अमरीका ने हमारी प्लानिंग के लिए पैसा देना बन्द कर दिया। हम यह भी जानते थे कि अमरीका से पाकिस्तान का ईरान के द्वार हथियार भेजे जाते हैं। लेकिन फिर भी हम अमरीकी शासकों के खिलाफ नहीं बोल सकते हैं। इसकी वजह एक ही रही है कि प्लानिंग के लिए पैसा बहा से आता है। दिखाने के लिए यह कहा जाता था कि हम सब देशों के साथ दोस्ती रखना चाहते हैं।

हमारी मईशत और इकानोमी मॉनो-पनिस्ट और कैपिटलिस्ट हैं और हम वेस्टर्न न्यूट्रल और अमरीका पर डिपेंड करते हैं। मैं कभी चाहना नहीं गया हूँ। इस लिए किसी को यह शक करने की जरूरत नहीं है कि मेरा रशा, चाइना या अमरीका से सम्बन्ध है। मैं तो इस देश का किमान हूँ और इस देश में ही पैदा हुआ और पला हूँ। मुझे तो सिर्फ अपने मुल्क और ही यहाँ के रहने वाले गरीब अनाम के इंटरेस्ट का ही खयाल है।

जब बंगलादेश का युद्ध हो रहा था, तो अमरीका वा सेबन्थ फ्रन्टीट बंगाल की खाड़ी में भ्रा गया। तब रशा के साथ हमारा एपीमेट हुआ, जिसमें एक प्राटिकल यह था कि अगर दोनों मुल्कों में से किसी पर एक पर हमला हो, तो वे एक दूसरे के साथ कन-सल्टेशन कर के इमदाद करेंगे। इस का नतीजा यह हुआ कि सेबन्थ फ्रन्टीट उसी

वक्त वापस चला गया। लेकिन आज भी हम यह नहीं कह सकते हैं कि अमरीका में उस वक्त गलती की और वह हमारा दुश्मन है। हर मुसीबत के वक्त उस ने हमारी मुखालिफत की है, लेकिन फिर भी हम नहीं कह सकते हैं कि वह हमारा दुश्मन है। वजह एक ही मैं जानता हूँ, मेरी राय में वजह यही है कि वह साहूकार है। आप का नियोजन, आप का निजाम भी उसी तरह से चल रहा है जो अमेरिका में चल रहा है। वहाँ मोनोपॉलीज बढ़ते जा रहे हैं, वह यहाँ भी बढ़ते जा रहे हैं। उन की एक दोस्ती है और वह दोस्त इतने पावरफुल हैं कि एलेक्शन में, मिनिस्ट्रीज के बनाने में और बिगाड़ने में उन का काफी हाथ होता है। लोग बोट दे देते हैं लेकिन हमारा एलेक्शन का जो मेथड है यह वैसे पर और पूजीपतियों पर आधारित नहीं है ऐसा शायद आप अपने दिल पर हाथ रखें तो नहीं कह सकते हैं। मैं उन पर ज्यादा नहीं जा रहा हूँ। मैं यह कह रहा हूँ कि जब तक इस देश का नियोजन नहीं बदलेगा... (व्यवधान)... इंदिरा गांधी का भी वही हाल रहा है, तीस साल का हाल यही है और आज भी वही हाल होने वाला है यदि हम अपना निजाम, अपना नियोजन अपने बलबूते पर खड़ा नहीं करते। हमारे पास मैन पावर काफी है, जमीन है, टेकनॉलाजी है, लेकिन आज तक हम किसी न किसी की तरफ देखते हैं। बहुत से उद्योगपतियों को हम यहाँ लाते हैं। हमारे पास काफी टेक्नीकल लोग हैं, जरा उनको एनकरेज कीजिए। मैं चाहना की मिस्तल इसीलिए देता हूँ कि उन की दोस्ती करने की कोशिश अमेरिका ने भी की इंग्लैंड ने उनको रेकमनाइज किया और रशिया तो है ही। वह गेहूँ खरीदने जाते हैं तो केश डालर दे कर ले आते हैं और हम को तेल भी उधर से लाना पड़ता है, कुदुम्ब नियोजन के सामान भी उधर से लाने पड़ते हैं, पैसा भी उधर से आता है और यहाँ यह बात बोली जाती है कि हमारी फारेन पॉलीसी नान-एलाइनमेंट की

[श्री यू० एम० पाटिल—जारी]

है, हम आजाद हैं, हम अपने ढंग से अपनी नीति तय कर सकते हैं। मैंने इतने इम्बाम्पल दिए हैं और मुझे आज भी यह शक है कि जब तक हमारी सही समाजवादी स्वतन्त्र प्लानिंग यहाँ नहीं होती, जब तक हम अमेरिका और दूसरे वेस्टर्न कप्टूज के पीसे पर यहाँ नियोजन करते रहेगे तब तक इस देश की फारेन पालिसी आजाद नहीं हो सकती। यही एक काइटीरिया है। जो जेनुइन नान-एल अटनमेट की बात बही जाती है वह क्या है? यह टिल्ट टु रशिया या टिल्ट टु अमेरिका बना ही हुआ है। इन दो टुकड़ो मे हमारे देश का नियोजन चल रहा है। एक टुकड़े की तरफ से जरा कच्चे हो जाते हैं ता दूसरे पर ज्यादा बोझ डाल देते हैं, अमेरिका पर डाल देते हैं, अमेरिका मे कच्चे हो गए तो रशिया पर ज्यादा बोझ डाल देते है। तो इन श्रामन से और खास कर जनता पार्टी की सरकार स मेर यह कहना है कि आप अपने प्लानिंग मे जब तक मूलभूत बदल नहीं करते तब तक आप आजाद तरीके से सही नीति अपनी नहीं चला सकते। आज भी मूलभूत प्लानिंग बही चल रही है जो तीस साल की प्लानिंग रही है। उस मे कोई फर्क नहीं आया है। अशोक मेहता जब प्लानिंग मिनिस्टर थे तो उन्होने यह कहा था कि हम ने परदेशी कम्पनियो और मल्टीनेशनलम के लिए अपने देश का बुम्ब खोल कर रखा है और आज भी वही चीज हो रही है। उस मे कोई फर्क नहीं आया है। यह झगडा जो आप का चल रहा है यह कुछ थोडा सा तो एमर्जेन्सी का राग है और थोडा सा कुछ और झगडा है। देश की नीति आजाद सही माने मे तभी हो सकती है जब हम अपने देश का मामरत बदल कर समाजवादी मामरत लाए। जब तक यह हम नहीं करते हैं तब तक यह नहीं होगा।

SHRI RATANSINGH RAJDA  
(Bombay South) I have heard with

rapt attention various speeches by my hon friends with regard to foreign policy. If there is any domain about which 99 or 100 per cent unanimity could be obtained, it is in the domain of the foreign policy of this country. It has been evolved for historical reasons, all these years and there is unanimity, by and large as far as this policy is concerned. I am very much distressed that some voices had been raised not only denouncing this policy of non-alignment but also suggesting that in the Janata Party this policy does not exist or should not exist. I am very much distressed because this statement has come from my friend Dr Subramaniam Swamy. The Janata party manifesto is clear.

"The Janata Party is committed to genuine non-alignment free from attachment to any power bloc, to peaceful settlement of international disputes and to work with the other third-world nations to establish a new and just international economic order."

16.00 hrs.

Anybody who denounces this statement which is enshrined in the manifesto of the Janata Party has no right to remain in the Janata Party and he cannot be the spokesman of Janata Party's foreign policy. I was further shocked to hear when it was said that Jawaharlal Nehru was a traitor. I can have difference of opinion with Jawaharlal Nehru or Atalji or Shri Morarji Desai, but to question the bonafides and to describe Jawaharlal Nehru as the traitor of the country, I say, the man who speaks this, either he must be suffering from bouts of insanity or he must be sent to a lunatic asylum. I am very sorry that my friend happens to be in the Janata Party and he has made this statement. He is not a spokesman of the Janata Party and Janata Party's policies are not clearly enunciated by him. I fully endorse the views expressed by my colleague.

Shri Krishnan Kant on this. What is the foreign policy of a country? It is after all an extension of the national interest and extension of the domestic policy on the international plane. Looking from this view point, any Indian and in fact every Indian would be proud of the record that Jawaharlal has created in the international field. Panditji is not only a deyen of our foreign policy and an architect of our foreign policy, but he has also given a new direction and new thrust to our internationalism in this country. Even the common man in the street became very conscious of the internationalism and he knew what was the foreign policy that was being pursued in the interest of the country. The entire country would be indebted to Jawaharlal Nehru for centuries to come. I am shocked to hear Jawaharlal being described as a traitor and I am ashamed that this was spoken on the floor of this House; this should not have been uttered.

Having said this, as far as this policy is concerned, after the change in the Government, a new wind of change has come in this country and I would like to pay full compliments and congratulation to Vajpayee, who has been pursuing the right foreign policy enunciated in the manifesto of the Janata Party. Yesterday, one of my colleagues in the Congress Bench was telling that Atalji being an erstwhile Jansangh Member would behave like a bull in a China shop. But now they would have known that he is in no mood to oblige them. He is working throughout in the interest of the nation. He is a patriot and if anybody criticises Atalji and finds fault with him, I would say that he is doing great injustice not only to Atalji, but to himself also and to his party and his colleagues. That should not have been uttered on the floor of the House. After all, there were certain deviations. I would say that genuine and proper foreign policy is being pursued by this Government what does it mean? We definitely supported the non-alignment policy of

Jawaharlal Nehru. But at the same time, we believe that there were certain deviations. Some elements were there and they tried to tilt the balance. We wanted to rectify that imbalance which was introduced and if that is so, the entire country would be indebted to our present Prime Minister and External Affairs Minister. Whatever tilt was there, that is being removed and we are not tilting towards Russia or USA. We say that hitherto there was a phenomenon in the name of progressivism and leftism; some people were pro-Russia, some were pro-USA, but there was nobody who was pro-India. This is a real patriotic policy that is being pursued in this country. Now the tilt has been removed and we genuinely say that this is the genuine policy of non-alignment. From this point of view, I would beseech and appeal to all my friends in the Congress Benches to understand the implication of proper and genuine non-alignment. If they understand it in the proper perspective, I think, they would also agree with us and by and large support this foreign policy. Since the time at my disposal is short—I am told that you have warned the Members that the time at our disposal is very short—I would like to make some suggestions to our Foreign Minister.

So far only rhetories and cliches and lobbying was going on in favour of particular interests, but now it is very essential that we must create a non-bureaucratic cadre. I do not criticise or condemn the bureaucratic cadre. We have got fine patriotic youngmen in our External Affairs Ministry. At the same time, it is necessary that we must create a non-bureaucratic cadre comprising of academicians and many other people who seriously study the foreign policy in depth. They must be constantly invited by our Foreign Office and a constant dialogue should be carried on with them so that constructive and refreshing suggestions can come from all these friends. That would go a long way in helping us in our decision-making.

[Shri Ratan Singh Rajda]

We have got our Policy Planning Division It requires revamping I am told that dynamic Atalji has already introduced new changes in the department It must be under a constant revamping process If that is done, our policy would always be dynamic

We are suffering from poor publicity If our publicity is carried on systematic and scientific lines, that would go a long way in creating a good image for our country It must be our duty, and our new government has been doing it,—to mobilise the countries of the third world to resist the pressures, economic and political exerted on them by affluent nations This is very essential from the point of view of our country's policy Economic injustice and exploitation on a world scale is one of the chief destabilising factors in the third world India shall have to continue to play a positive role in fostering unity among third world nations to improve their bargaining strength We shall have to take the lead So far, after 1958 we had lost our moral leadership Now we are going in the direction of gaining that leadership in the third world

Other members have spoken about normalisation of relations with China and I do not want to go into it in detail We want to be friendly with China but not at the cost of the self-respect of this country If we can normalise our relations with China that will go a long way and it would help stabilise us in our foreign policy and stabilise the position of nations in this region After normalisation of relations with China, we shall have a zone of peace from Australia to Iran and beyond, and in Africa, South of Sahara, we shall have to pursue a policy of graduated response, developing closer ties with enlightened governments of Kenya, Tanzania, Zambia and Nigeria

Sir, as the time is short I would conclude with this words. I would

like to congratulate our Foreign Minister who has been pursuing a correct genuine and proper non-alignment policy and the entire country of 850 million people are with him

श्री निर्मल चन्द्र जैन (सिवनी)

श्रम्यक्ष महोदय अन्तराष्ट्रीय विषय ही यह पूरी बहस डा० मुन्नहमम्यम स्वामी पर जा कर केन्द्रित हो गई है। यह एक अजीब सी बात है कि जब हम विरोध पक्ष में यह अपेक्षा करते थे कि वह जनता सरकार और श्री वाजपेयी के द्वारा अपनाई गई नीति पर चर्चा करने के ज्यादा से ज्यादा समय डा० मुन्नहमम्यम स्वामी का दे रहे हैं। यह सही है कि पहले जो हमारी गुट निरपेक्षता की नीति थी आज भी वही जरूर है लेकिन उसका रंग बदल गया है उसकी खजबू बदल गई है। परराष्ट्र नीति का मतलब यह नहीं होता कि हम क्या माचने हैं अपनी नीति के बारे में उसका मतलब यह होता है कि हमारे गुट हमारी नीति के बारे में क्या माचन है। यदि हमारी नीति के बारे में उनका मन में शका उत्पन्न हो जाती है तो हमारी नीति विफल है और इसी विफलता का सामना अभी तक हम का करना पड़ा था जैसा कि हम डिडोरा पीतने थे कि हम गुट निरपेक्ष हैं और लाग कहते थे कि हम कम से पिछनगू हैं। अमरीका हम में अलग था हमारा आम पास के पड़ोसी देशों में रहने वाले लोग हम से अलग थे मुख्य पूर्व एशिया के राष्ट्र हम से अलग थे। अभी मुझे कोरिया और जापान जाने का अवसर मिला था। मैं एक प्रतिनिधि मंडल में वहा गया था। इस सरकार के आने के बाद यह पहला अमरीकी प्रतिनिधि मंडल जापान और साउथ कोरिया गया था। उन्होंने इंडियन पार्लियामेन्टरी डेलीगेशन को बुलाया था। उन से चर्चा के दौरान मुझे बड़े स्पष्ट रूप से यह जानकारी मिली कि वे हम से सम्बन्ध बड़े घनिष्ठ रख सकते हैं क्योंकि वे भी महसूस करते हैं कि हम गुट निरपेक्ष हैं। इसी सर्वम में मैं कहना चाहता

हूँ कि हमारे सम्बन्ध आसपास के लोगों से पड़ोसी राष्ट्रों से बढ़े हैं ...

**SHRI VAYALAR RAVI:** You have got a good certificate from the American colonies. South Korea is an American colony and you are getting a certificate.

**SHRI NIRMAL CHANDRA JAIN I** think I disagree with you.

**SHRI VAYALAR RAVI:** Of course, you disagree with me. But you cannot ignore the fact.

श्री निर्मल चन्द्र जैन : अभी तब हमारी विदेश नीति यह थी कि हम बड़े भाई के ने व्यक्तित्व का निर्माण करना चाहते थे और जब तक हमने यह नीति अपनाई तब तक निश्चित रूप से हमारा विरोध हुआ। एक बहुत छोटी सी बात है। यदि कोई व्यक्ति पहाड़ पर चढ़ा रहता है तो वह जब नीचे वाले को देखता है तो उसको सब लोग छोटे दिखाई देते हैं और जो नीचे वाले लोग हैं वे जब उसको पहाड़ पर चढ़ा हुआ देखते हैं तो वह उनको छटा दिखाई देता है। हम आज तक पहाड़ पर थे। आज हम ने सभ्यता का व्यवहार करना जो शुरू किया है उससे लोगों को यह मालूम हो गया है कि हम वास्तव में बड़े भाई की भूमि का निर्वाह नहीं कर रहे हैं, हम सीधे सीधे उन से मंत्री पूर्ण सम्बन्ध स्थापित करना चाहते हैं।

जब हम इतनी सीधी सी बात करते हैं तो कहीं कहीं से आवाज आती है कि हम देश को बेच रहे हैं। मुझे याद है वह गोर

हम आह भी भरते हैं तो हो जाते हैं बदनाम वे कल भी करते हैं तो चर्चा नहीं होती।

देश को तो उन लोगों ने बेचा था, हम तो सीधे सीधे मध्यम मार्ग पर आए हैं और इसीलिए मैं भी बहुत बिहारी बाजपेयी और जनता पार्टी की सरकार की नीति की सरहाना करता हूँ।

कुछ विषय मैं जरूर आपके सामने रखना चाहता हूँ। 1977-78 की जो रिपोर्ट है इसके पृष्ठ 9 पर सब में नीचे वाले पृष्ठ में एक बात बड़ी स्पष्ट कही गई है :

अन्तर्राष्ट्रीय सम्बन्धों में गुटों की विचारधारा के विरुद्ध सच्चा गुट निरपेक्ष देश होने के नाते भारत इस बात पर विश्वास नहीं करता कि किसी एक देश के साथ मित्रतापूर्ण सम्बन्ध किसी तीसरे देश के साथ इस प्रकार के सम्बन्ध विकसित करने के मार्ग में बाधक बन सकते हैं।

मुझे दुख है कि इजराइल के बारे में अभी तक हमने सही दिशा निर्दिष्ट नहीं की है क्योंकि हम समझते हैं कि शायद इससे अरब देश नाराज हो जायेंगे। जब रिपोर्ट में यह स्पष्ट कह दिया गया तो हमें इस बात को मन से निकाल देना चाहिए कि उसने कुछ देशों की जमीन दबा ली है। हम भी उन से बात कर रहे हैं, चर्चा कर रहे हैं जिन्होंने हमारी जमीन दबा ली है। हम उनसे मित्रतापूर्ण सम्बन्ध स्थापित करना चाहते हैं। हमने वहाँ पर अपना दूतावास भी खोल लिया है, सम्बन्ध साधारण कर लिये हैं। लेकिन हम चर्चा नहीं करना चाहते इजराइल के साथ, पता नहीं क्यों? मैं चाहता कि इजराइल के बारे में पुनर्विचार किया जाय।

प्रचार के बारे में एक चञ्चल सरकार कमेटी बँटायी गयी थी, उसकी एक अन्तरिम रिपोर्ट आयी है, अभी उस पर विचार चल रहा है, मुझे पता नहीं है कि वह क्या है। लेकिन विदेशों ने हमारा प्रचार अब बढ़ता बढ़त आवश्यक है। समाचार के एक सबाद-दाता जापान में हैं, लेकिन जापान के किसी पत्र की प्रभावित करने की उनकी क्षमता नहीं है। इस कारण उस पर भी विचार करना चाहिए। प्रचार बढ़ाने के लिए हमको सांस्कृतिक सम्बन्ध और बढ़ाने चाहिये। और एक बात और कह दूँ कि पत्रकारों के प्रतिनिधि मंडल का प्रवाह भी बढ़ाना चाहिये

[श्री निर्मल चन्द्र जैन]

दूसरे देशों में जाने के लिए। और जब मैं यह बात कह रहा हूँ तो एक चीज और स्पष्ट कर देना चाहता हूँ कि माननीय वाजपेयी जी से कि इसमें रीजनल पेपर्स को भी आप प्रतिनिधित्व दें। सिर्फ बड़े बड़े पेपर्स को ही प्रतिनिधित्व देने से काम नहीं चलेगा। आप जब चाहते हैं कि आपका प्रचार बाहर हो और बाहर का प्रचार यहाँ हो तो आप मध्य प्रदेश, झारखण्ड प्रदेश दक्षिण के पत्रकारों को भी बुलाइएँ, सिर्फ दिल्ली के पत्रकारों को ही अकेले बाहर न भेजें, यह मेरा विनम्र निवेदन है।

जब मैंने यह निवेदन किया कि सांस्कृतिक सम्बन्ध बढ़ाने चाहिये तो अभी उस दिशा में पहल तो की गई है, लेकिन पहल बात कुछ हमारे द्वारा भी की गई है। हमने पाकिस्तान के गायक और गायर भी अपने यहाँ बुलाए, लेकिन हमारा कोई गायक और गायर वहाँ नहीं गया है। इस सम्बन्ध में पहल होनी चाहिये। सांस्कृतिक मन्त्रों की एक बड़ी परम्परा होती है। हम लोग जब कोशिश करते थे, स्पीकर साहब हमारे लीडर थे, वहाँ पर जितने लोग भी मिले, और खामतीर से बुद्धिस्ट प्रीम्स मिनें, उन्होंने इन शब्दों में हमारे स्पीकर साहब का स्वागत किया कि आप बुद्ध के देश में आये हैं इसलिए हम जानते हैं कि भगवान बुद्ध स्वतः हमारे यहाँ आये हैं। इसका एक महत्व है। आप थाइलैंड जाये बुद्ध के नाम पर हम अपने सम्बन्ध ज्यादा से ज्यादा स्थापित कर सकते हैं। अभी अफगानिस्तान में कुछ मूर्तियाँ मिली हैं बुद्ध की, इन सब से ज्ञात होता है कि हमारे सांस्कृतिक सम्बन्ध पहले से उनको और बढ़ाना चाहिये ताकि हमारी मित्रता के सम्बन्ध और भी अच्छे हो सकें।

एक बात की और विशेष गौर चाहूँगा कि अभी विदेश मन्त्रालय में आई०एफ०एस० को जो विशिष्ट स्थान प्राप्त है वैसे स्थान

कुछ और दूसरे विशेषज्ञों को और रिसर्च करने वाले लोगों को भी होना चाहिये। प्रचार के बारे में, अर्थ के बारे में, अलग अलग प्रकार के लोग वहाँ हमारे मन्त्रालय के अंतर्गत रिसर्च करने रहें, और ज्यादा अच्छी तरह से कर सकें, ऐफीशियेंटली कर सकें, इस बात की बहुत आवश्यकता है।

यू० एन० ओ० को हमारा डेलीगेशन गया और मुझे दुब के साथ कहना पड़ता है कि कभी कभी ऐसे लोग भी, डेलीगेशन में चले जाते हैं पता नहीं किस वजह से जो यह कहते हैं कि हिन्दूस्तान में जब यहाँ पर अत्याचार हरिजनों के विरुद्ध हो रहे हैं तो हम सान्ध्य श्रमिका की किस बारे में भ्रंशना कर सकते हैं? हिन्दूस्तान को बदनाम करने के जो बाहर प्रयत्न किये जाते हैं उन सब को बन्द करना चाहिये और इसलिये यू०एन०ओ० को जो डेलीगेशन जाता है और जो बाहर डेलीगेशन जाते हैं उसके बारे में हमें सतर्कता बरतनी चाहिये।

हिन्दी की बात जरूर करना चाहूँगा। बाहर जब हम जायें और बाहर के लोग जब हमारे यहाँ आते हैं तो अंग्रेजी जानते हुए भी वह अपनी भाषा में ही बोलते हैं और हम जब बाहर जाते हैं .

SHRI VAYALAR RAVI: I am speaking a clarification. A very serious allegation has been made, because a member of the U.N. delegation spoke there . .

SHRI NIRMAL CHANDRA JAIN: You know it I have just referred to it

SHRI VAYALAR RAVI: I believe it is only in India Then it is all right I know whom the hon. Member means.

श्री निर्मल चन्द्र जैन: हिन्दी का बढ़ावा होना चाहिये, और मैं साक्ष्य देना चाहता हूँ माननीय वाजपेयी जी को जिन्होंने यू०एन०

श्री० में जा कर हिन्दी में अपना भाषण दिया था। और इसलिये मैं उनसे निवेदन करना चाहता हूँ कि बाहर हिन्दी का प्रसार करें। और उगमें एक विककत घाती है कि हमारे पास इतने इंटरप्रीटर्स नहीं हैं जो विदेशी भाषाओं में हमारी भाषा को इंटरप्रीट कर सकें। कई बार हमको बहुत असुविधा का सामना करना पड़ता है। मैं निवेदन करूंगा कि इस बारे में विशेष ध्यान दिया जाये।

विदेशों में जब दूतावास के लोग सम्पत्ति लेने की बात करते हैं, तो यहां दरब्बास्त देने हैं अनुमति लेने के लिये। लेकिन 6, 6 महीने लग जाते हैं यहां से अनुमति देने में और जब अनुमति दी जाती है तो वहां पता चलता है कि सम्पत्ति की कीमतें बढ़ चुकी हैं और उसके बारे में ऐस्टीमेट से सैंक्शन मांगने है। उसमें भी दोबारा 6 महीने लग जाते हैं और जब सैंक्शन वहां पहुंचती है तो फिर कीमतें बढ़ी हुई मिलती हैं और यहां तक कि कीमतें दुगुनी तक हो जाती हैं, स्वीकृति देते-देते बहुत समय चला जाता है इसीलिये कई जगह सम्पत्ति नहीं खरीदी गई।

हमारे दूतावासों में जो कर्मचारी काम करने हैं, उनके बच्चों को विदेशों में कम सुविधाएं उपलब्ध हैं। कई जगह शिक्षा बहुत महंगी है। जितना शिक्षा पर खर्च होता है, उस अनुगत में तनब्बाहें बहुत कम हैं। इसलिये कर्मचारियों के बच्चों की शिक्षा की ओर भी ध्यान दिया जाये। मैं समझता हूँ कि इन सब बातों की ओर विदेश मंत्री अवश्य ध्यान देंगे।

SHRI RAM JETHMALANI (Bombay North-West): Mr. Chairman, Sir, I rise generally to endorse the foreign policy of my Government and to compliment my distinguished Foreign Minister on the substantially successful conduct of his Ministry. Sir, I must say that in the traditional style of secret and silent diplomacy, without resorting to spectacular public statements, which often land us

in glorious contradictions and notorious embarrassments, he has succeeded in creating a two-fold image of India on the world stage; internally committed to freedom, democracy and the rule of law and externally committed to international decency, world peace and universal friendship for all nations of the world, whether they are our neighbours, or are situated at a great distance from our frontiers. It is gratifying that our Government has not only maintained but strengthened friendly relations, with the Soviet Union, the German Democratic Republic, other countries of the Soviet bloc and the somewhat unique Government of Yugoslavia, because this friendship is vital to world peace and for this country a political and economic necessity. But what is still more gratifying is that the distinguished Foreign Minister has succeeded in reconciling this friendship with our friendship with world democracies.

The democracies of the world, I say, must cultivate a joint commitment to their own peculiar values, namely, the worth and dignity of the individual, his basic human rights and, above all, a dedication to the defence of these values, wherever they are threatened by forces of totalitarianism of all kinds and shades. I hope this friendship shall continue to flourish to the mutual advantage of not only the friends involved, but also of the world in general.

I must advise my Foreign Minister not to be influenced or dismayed by the advice or criticism of those people who continue to use a dictionary, the first and last edition of which appeared in 1844, in which "democracy" is "imperialism" and "imperialism" is "democracy". Let us not forget that this is a country of Gandhiji, and Gandhism is not inconsistent with gratitude. Let us not forget that when the Comrades across the Himalayas attacked us, it was the Americans who brought arms and other supplies and helped us to repel that attack.... (Interruptions).

[Shri Ram Jethmalani]

I must congratulate not only the Foreign Minister but also the distinguished Prime Minister of our country, who have refused to blow their own trumpets, and who have not taken credit for something for which they should be taking credit, namely, a revolutionary breakthrough in the foreign policy which had been practised before.

The previous regime talked of non-alignment and we also talk of non-alignment, but the glaring difference, of which we ought to be proud, is that though Pandit Nehru did start a very sensible policy of non-alignment, and to that extent my hon. friend Shri Rajda was right, equally let us recognise what in his own way the great Subramaniam Swamy told us, namely that in course of time, ultimately, that sensible policy which the great Pandit Nehru started degenerated into an undignified posture of spurious neutrality. But the neutrality of our Prime Minister and Foreign Minister and of the Janata Party Government in general is pregnant with robust manliness and transparent genuineness. Don't be dismayed by the Congressmen thinking of you as a bull in a china shop. Whether you are a bull is a matter of concern only to the Congress cows. It is not that they are happy that you are not acting like a bull. They are disappointed that you are not. My suggestion is that you do occasionally oblige them.

While I have said all this, I do not wish to create an impression on this House or on anybody else nor on your Ministry that everything is perfect and, therefore, incapable of improvement in many spheres. It is in this spirit of constructive suggestion that I have taken upon myself the somewhat irksome task of moving four cut motions, but believe it or not I would not have moved them if our consultative meetings had not been very rare and if our own party meetings in which foreign policy could be discussed continuously were not themselves very rare.

Our record of commendable commitment to the principle of universal friendship for all and genuine non-alignment carries an avoidable black spot, a black spot which has been very ably pinpointed by the distinguished Mr. Kamath and by my young friend, the distinguished Mr. Jain here who spoke a few minutes before.

Our policy in the Middle East presents a look of unforgivable crookedness, which must immediately put an end to. We must polish up and round off the angularities of that policy.

I value our friendship with the Arab countries. I am next to none in believing that we must sympathise with Arab objectives, at least some of them, but the manner in which we have irrationally identified ourselves with some obscurantist elements in the Middle East has robbed our voice, robbed our advice, robbed our counsel, of that moral authority and political effectiveness which are due to the voice of this great country. It is in the interests of our Arab friends that we should have some effective channel of communication with the small but gallant country of Israel. We should be more reasonable in our denunciation of that country... (*Interruptions*)

MR. CHAIRMAN: He has got his own views.

SHRI VAYALAR RAVI: Here is a lobby speaking on behalf of Israel. Is it in the interests of our country, of the Janata Party? They are the ruling party. (*Interruptions*)

SHRI RAM JETHMALANI: I suggest that we should be more reasonable in our denunciation of that country. We should be more conscious of the imperatives of its survival. And above all, we should be more even-handed in the judgments which we pass upon issues which arise in that region. Let me say for the benefit of my learned friends on the other side that Israel is not a western country, it is an

Asian country and when all our comrades and all our Arab friends had deserted us during the Bangladesh war, it was the Foreign Minister of Israel who made a speech which should have been made by the Foreign Minister of India. Let us not forget that and let us not be carried away by our spurious secularism which we have been practising in this country for so long.

I wish to remind this House that our Government welcomes all kinds of people from all countries but it is a matter of some shame that we did not allow the great Zubin Mehta, a world genius in the field of music, and his orchestra to come to this country. Does music become bad because it is produced or played by a Jewish musician? This is not secularism, this is not Gandhism and this is not Indianism. It is something which is destructive and frustrative of the very objectives of helping the Arab cause. We welcome all peoples from Arab countries but why cannot we welcome philosophers, scientists and musicians from that democratic and brave country? The people of this country shall not tolerate it for long. I wish to declare that I deeply deplore the Palestinian raid on the 12th March upon the legitimate territory of Israel, not on disputed territory but on legitimate and lawful soil. The commandoes went on that soil, got hold of a bus, moved down with fire arms innocent men, old men, pregnant women and children in arms. (*Interruptions*)

**SHRI VAYALAR RAVI:** He cannot speak like this. Thousands of Palestinians have been butchered. Thousands have been killed. You cannot speak like that.

**MR. CHAIRMAN:** Mr. Ravi, you have wasted two minutes time unnecessarily. It is for Mr. Vajpayee to see to it why do you bother about it? Mr. Jethmalani, please conclude.

**SHRI RAM JETHMALANI:** I will take five minutes for my cut motions.

**MR. CHAIRMAN:** I know that you can contribute something. You are a good speaker. But what can I do? It is left to your whip. If your name was first, you could have got some time. But always, your name is in the last.

**SHRI RAM JETHMALANI:** While it is true that all violence breeds counter-violence and it did produce massive counter violence from Israel, but I want to ask why you kept your mouth shut when the first act of violence took place and you opened your mouth wide only when retaliation took place. I plead that hereafter at least let this country rise to its full Gandhian statute and let our moral authority be found effective in the world. If we are prepared to throw away crores of rupees for the purpose of prohibition, we can spurn a few petro-dollars if speaking truth in international councils costs us a few petro-dollars.

In our manifesto, we have taken upon ourselves a great obligation—the obligation to denounce the violation of human rights whenever and wherever it occurs. In 1966 when Mrs. Gandhi came into political power, it is precisely at that time that the United Nations brought into existence two of those monumental documents relating to the preservation and support of human rights, the two United Nations Covenants with the Optional Protocol. I have been asking that these should be ratified by the Government. I wish to congratulate the Foreign Minister for having told me that this is going to be done very soon. I want a firm statement of policy from the Foreign Minister because the entire intellectual world, the world not of Mr. Lakkappa but the world of those who are wedded to human rights, is waiting to have that ratification soon. We have already announced it at international Conferences and it is time this country ratified it....

**SHRI SYED KAZIM ALI MEERZA (Murshidabad):** May I put a question

[Shri Syed Kazim Ali Meerza] to my friend Mr. Jethmalani? Whom is he supporting? Is he supporting the aggressor Israel which has been committing brutalities and atrocities against all human rights condemned by all nations of the world.... (Interruptions)

MR. CHAIRMAN: Mr. Jethmalani, please conclude.

SHRI RAM JETHMALANI: A word about the third point which I wanted to mention, which is the subject-matter of the third Cut Motion—the manner in which the provisions of this outdated Emigration Act of 1922 are being enforced in this country....

SHRI VAYALAR RAVI: I support you here

SHRI RAM JETHMALANI: I am glad, sometimes you see light.

That Act embodies the text of 1860. It incorporates the colonial ideas of the last Century when the British wanted to have the monopoly of the use of Indian manpower for the purpose of their being exploited in the British colonies and not in other colonies. That Act today has become the instrument no longer of exploitation by the colonial powers because we are free, but it has become an instrument of corruption and bribery in the hands of a large number of officers who collectively call themselves the Protector of Emigrants. But they are not the protectors of Emigrants they are out to destroy and exploit them for their own profit.

There is an Ambassador of ours living in one of those countries—I do not wish to name him here—who has issued a circular in which he has said that the passport of any Indian who accepts employment for less than the particular figure which he has prescribed shall be impounded. The position in this country is that we cannot give a man Rs. 100 or give him an employment. And if that man

goes and gets Rs. 2,000 there, your Ambassador tells him that unless he gets Rs. 2,500, his passport will be impounded. By this, he is not serving the national interests. He ought to go....

MR. CHAIRMAN: Please conclude.

SHRI RAM JETHMALANI: One more minute Sir.

I admire the efforts of my Government in developing friendly relations with our neighbours, particularly with Pakistan and with Bangladesh. But let me remind the Minister that, in developing this friendship, we should not forget the obligation of our manifesto. The obligation of our manifesto is to denounce violation of human rights wherever and whenever that occurs. That is our Bible. I do not accept the suggestion of Mrs. Gandhi because she never talks on principle, she talks on the basis of personalities. She has said that we must talk about Mr. Bhutto. Mr. Bhutto is not a person who should be very loved in this country because he has been the cause of discord between India and Pakistan and he is the man who, like a common urchin, had presided over the burning of the hijacked Indian plane in Lahore. Therefore, we have no sympathy with him. But we have sympathy with principle, we have sympathy with conscience, we have attachment to human rights. Mr. Bhutto, considered from the point of view of a lawyer has not had a fair trial in Pakistan; he has been denied that human right. We should denounce the verdict on the ground that he has not had a fair trial, a basic right. Even the worst criminal is entitled to a fair trial and that is what he should have. Our stock will rise in the international world if we supported Mr. Bhutto not because he is Mr. Bhutto but because he is the victim of an unfair trial, his conviction is the result of that.

We are today playing host to a Russian Parliamentary Delegation.

While I say, and I have said, that I am next to none in my advocacy of Indo-Soviet friendship, let us din very politely and gently into the ears of our Russian friends that we admire them for the Helsinki Accord which was arrived at in 1975. But the proof of the pudding is in the eating. Today are imprisoned almost without a trial eleven persons who have been telling their Government 'why are you not following the Helsinki Accord'. Read the latest bulletin of the International League for human Rights—a document which my friends across will not touch because for them it is poison; they do not like it. But let us tell our Soviet friends that we do not approve of this.

**SHRIMATI AHILYA P RANGNEKAR** (Bombay North-Central): You were the Chief Guest when the Soviet delegation came.

**SHRI RAM JETHMALANI**: I told them. I had the courage to tell them, which you did not have.

Let us rise to our full stature and talk of human rights. It does not matter if it costs us some inconvenience and loss of fair weather friendships.

**MR. CHAIRMAN**: If Members do not cooperate with me, it will be very difficult; I cannot accommodate the Members. After all, I am trying my best to accommodate everybody, but you don't listen. That is the situation.

Only five minutes please.

**SHRI BALWANT SINGH RAMOWALIA** (Faridkot): First of all, I appreciate the external affairs policy of my Government. But before appreciating the External Affairs Minister Sahib I want to appreciate someone else also. Who is that? Before appreciating the Hon. External Affairs Minister I want to give my thanks and appreciate the great people of this great country who provided enough opportunity to the Hon. Mr.

Vajpayee to do something for non-alignment—the non-alignment policy which got eclipsed during Mrs. Gandhi's regime.

There were some friends from the CPI and others who, with the help of the Russian people, said in this country that if Mr. Vajpayee, Mr. Desai and Mr. Charan Singh come to power, Delhi will be converted into 'Chile'. (*Interruptions*) They said it. Even the CPM said it. But the whole world can see that Delhi has not become 'chile'. (*Interruption*).

Sir, after appreciating the non-alignment policy and foreign affairs policy, I want to bring to your kind notice two or three things which are of utmost importance to the Sikh community. An Arab country—Saudi Arabia—has banned the entry of Sikh people into that country. Shiromani Gurudwara Prabandhak Committee the biggest representative organisation of the Sikhs of the world and the Akali Dal leader and the Punjab Chief Minister had written to Hon. Mr. Vajpayee to take up the matter. Now two and a half years have elapsed and yet nobody has talked about the Sikhs' entry into Saudi Arabia. Sir, a third nation is creating a wedge between citizens of the same country. A third nation is creating a wedge and it is a challenge to the capability of the Hon. External Affairs Minister. (*Interruptions*). Even I had applied for a visa to Saudi Arabia as a Member of Parliament but, because I am a Sikh, I was denied the visa to Saudi Arabia. I hope the Minister will take it up.

Further, I want to say that the Sikh Community lost property, houses etc during Partition and we lost our Gurudwaras also. At that time there was a provision that 25 Sevadars of Sikh community can go to Pakistan and live there to see to the organisation of Gurudwaras. That also has been denied. Now, the Salal Dam has been discussed and other things have been discussed, but I am sorry that the Hon. External Affairs Minister has not

[Shri Balwant Singh Ramoowalia] taken up this issue which is a burning issue for the Sikh Community. I hope he will do justice to that also.

The Foreign Exchange Regulations Act was enacted in the year 1973. There are many Indian who went to some foreign countries ten years back or twenty years back. The Government enacted a law in 1973 which is causing great harassment to such people. A person, some members of whose family went to England, Malaysia or some other country about twenty years back, is now being harassed by the Enforcement authorities and they ask such a person "Where from did you get this property or this house etc?" I would request the Minister of External Affairs to see that at least such people are not harassed under this Act. Such people who went abroad before 1973 should not be harassed.

Then Sir, Uganda expelled Indians and Burma also expelled Indians. When they came to this country, they became a burden for us. Such a situation can be created in certain other countries and thousands of Indians who are there can face the same problem and have the same ill-luck. Countries like Pakistan, Italy and Bangladesh have dual citizenships. When Indians are expelled from any country and they have some money, they would not be a burden on this country. I would humbly request that the Government should think on the lines of dual citizenship for such people.

In the end, I would submit that I have been receiving hundreds of letters. Shriromani Gurudwara Parbandhak Committee as also Gujarat Association of Foreign Persons have been receiving hundreds of letters that when persons of Indian origin came from abroad to see their villages, to meet their friends and kith and kin or their families, they are harassed like dogs by the Customs authorities. I would request the hon. Minister kindly to do something in this regard also.

Mr Chairman, Sir, I have taken the minimum time of the House and I hope the Minister will consider my requests with maximum of a attention.

MR CHAIRMAN The whole House is grateful to you.

चौधरी बलबीर सिंह (होशियारपुर) - सभापति महोदय, मैं फारन अफेयर्स मिनिस्टर का धन्यवाद करता हूँ कि उन्होंने देश की बाहरी नीति को इस ढंग से बनाया कि हमारे देश की उससे इज्जत बढ़ी है। उन्होंने इस बात को गलत साबित कर दिया है कि जो लोग यह समझा करते थे कि इस देश की विदेश नीति जो है वह इस ढंग से चलेगी कि हमें बाहर का मुल्क कोई पछेगा नहीं, साथ के मुल्को में हमारी चलेगी नहीं। उनकी ये सब धाराएँ खत्म हो गयी हैं।

मुझे आज श्री कृष्ण बात जी की कुछ बातें सुन कर बड़ी हैरानी हुई। अगर ऐसी बातें श्री स्टीफन, श्री उषीकृष्णन्, श्री चन्द्रप्यन साहब या कोई और उधर का कहता तो मुझे कोई अफसोस नहीं होता। लेकिन उन्होंने जब ऐसी बातें कही तो अफसोस हुआ। वे तो पंडित नेहरू से भी ज्यादा खुशामद करने में लग गये। पंडित नेहरू की जो फारन पालिसी थी उसके बारे में ही इज मोर लायल देन दि किंग। 1962 में चीन के हमले के बाद पंडित नेहरू ने कहा था कि मैंने जो पंचशील का किला बनाया था वह एक हवाई किला था, अब तक मैं हवाई दुनिया में रहता था, अब मैं धरती दुनिया में आ गया हूँ। उस समय हमने पंचशील की पालिसी को अपनाया था और 'हिन्दी-चीनी जाई जाई', का नारा लगाया था। यह नारा हमने चीन के बारे में किया था जिस चीन को इस अपना जाई कहता था और हिन्दुस्तान को अपना दीस्त कहता था। मैं समझता हूँ कि हमारी विदेश नीति अभी सही ढंग से चल सकती

है जब हम मजबूत हों। भारत 65 करोड़ आबादी का देश है। जब 65 करोड़ आबादी मजबूत होगी तभी हमारी विदेश नीति सही ढंग से चल सकेगी। आज तीस साल तक यही होता रहा है और यही कहा जाता रहा है कि एक आबादी के हाथ मजबूत करो। जब वह एक आबादी नहीं रहा तो हिन्दुस्तान क्या खत्म हो गया? पहले एक आबादी के और उसके बाद एक भारत के हाथ मजबूत करने की बात कही गई। वह भारत भी जब नहीं रही तो क्या हिन्दुस्तान खत्म हो गया? हिन्दुस्तान तो चलेगा। 65 करोड़ आबादी के 130 करोड़ हाथ हमें मजबूत करने होंगे। यदि हमने ऐसा किया तो दुनिया की कोई ताकत हिन्दुस्तान की तरफ बुरी नजर से देखने की हिम्मत नहीं कर सकेगी।

आज हमारी नीति सही लाइन पर चलती शुरू हुई है। पहली सरकार रूस की तरफ झुकी हुई थी, लेकिन अब कोई यह नहीं कह सकता है कि हम अमरीका की तरफ झुक रहे हैं। हमारी इंडिपेंडेंट पालिसी है। जो भी हमारे अपने हिन्दुस्तान के हित में होगा वही हम करेंगे। पहले हम इस हद तक गिर गए थे कि ठिकाना ही नहीं। तेल की कीमतें बढ़ गईं। पेट्रोल की कीमतें बढ़ गईं तो हम ने मुबारिकबाद बी उन पेट्रोल वाले। मुल्कों को जिन्होंने कीमतें बढ़ाई थीं। जब हमें खुद तकलीफ शुरू हुई तो हमने भिक्षा उन से मांगनी शुरू कर दी और कहा कि इसकी माफी हमारे लिए कर दो। हमारी विदेश नीति हिन्दुस्तान के हित में होनी चाहिये। हमें किसी की परवाह नहीं करनी चाहिये। हमें अपने तौर पर चलना चाहिये।

जिस ढंग से जनता पार्टी की सरकार ने : अस्ट्रिया, फारेन तथा दूसरी नीतियां अपनाई हैं उससे यकीनन हिन्दुस्तान को फायदा होगा। जब हर आबादी को काम मिलना, देशांतरों में समते बर्लानी, पानी के सबूत जो तीस साल से तय नहीं हुए हैं वे

तय हो जाएंगे। हर आबादी मजबूत होगा ती लाजिमी तौर पर बाहर के देश हमारी बात को सुनें, हमारी बात की कद्र करेंगे। अगर हम भिक्षा मांगनी शुरू कर देंगे तो हमारी कद्र नहीं रह जाएगी। दुनिया का कोई छोटे से छोटा मुल्क भी नहीं होगा जिससे हमने भिक्षा न मांगी हो। यह नीति तीस साल तक चली। हमारी विदेश नीति इसी बात पर आधारित थी, निर्भर करती थी कि हमारे फारेन मिनिस्टर, हमारे एम्बेसेडर कितना कर्जा हम को ले कर बैठे हैं। हम बड़े फक्र से कहते थे कि हमने फलां छोटे से मुल्क से भी कर्ज ले लिया है। हमारी नीति बड़ी कामयाब है। उन को तब बहुत मुबारिकबाद दी जाती थी।

मैं कहना चाहता हूँ कि हमारे जो सिफारतखाने हैं उन पर भी आपको जरा धन्यवाद रखना है। वहां भी करोड़ों रुपये का गबन हो रहा है। वहां जो लोग हैं अभी भी वे उसी जवान में बोलते हैं जिस में पहले बोला करते थे। उनको नई पालिसी के बारे में आपको बताना होगा। पहले के ढंग से काम करने वालों को वापिस ला कर उनकी जगह हमें उनको भेजना होगा जो हिन्दुस्तान के बारे में सही बात कर सके। हम इन सिफारतखानों पर करोड़ों रुपया खर्च कर रहे हैं। वे हिन्दुस्तान के बारे में उन देशों में सही बात बात कभी नहीं बता सके हैं। पाकिस्तान के सिफारतखाने वहां अपना कैस सही ढंग से पेश कर सके हैं लेकिन हमारे नहीं कर सके हैं। यह सब से बड़ी चीज है। उनको हिन्दुस्तान के इंटरस्ट्स को वाच करना होगा। कोई भी गलत बात वहां अगर होती है तो उसको काटना होगा और सही स्थिति बतानी होगी। जिम्बाबवे के बारे में बात हुई है। हमारे भी खिलाफ वहां के जो प्रेजीडेंट वे उन्होंने कुछ बात कही थी। जब मैं उन्होंने माफी मांगी। हमारे सिफारतखाने को एलर्ट होना चाहिये।

### [बौधरी बलबीर सिंह]

यहा से जिन को वहा भेजा गया है ऐयासी करने के लिए नही भेजा गया है। उनको चाहिये कि वे वहा पर बिदेशों मे अपने देश की मही तसबीर पेज करे, हमारे देश की जो पालिसी है वह सही ढंग से लोगों को बताए, मेवा भाव से काम करे और देश के मान को वहा ऊचा करे।

भ्रत मे मैं इतना ही कहना चाहता हू कि पाकिस्तान के साथ दोस्ती ठी कही, ईरान के साथ ठीक है, चीन के साथ ठीक है। सब के साथ भाई भाई का नारा ठीक है, हिन्दी चीनी भाई भाई, पाकिस्तानी हिन्दी भाई भाई का नारा ठीक है लेकिन जब भी हमें लगे कि हमारे भाई के हाथ म छुग है तो हम म ताकन होनी चाहिये कि हम उस छुरे को छीन सकें।

**समापति महोदय :** मंत्री जी को पाच बजे बुलाना है इसलिये श्री श्रीकृष्ण सिंह जी, आप अपना भाषण जल्दी समाप्त कीजिये।

**श्री श्रीकृष्ण सिंह :** (मुंगेर) समापति महोदय, सबसे पहले मैं विदेश मंत्री जी को धन्यवाद देना चाहता हू कि उन्होंने अपने पड़ोसी देशों के साथ सम्बन्ध सुधारने और बढ़ाने मे पहल की है, जो उनका वाकई मे बडा गौरवशाली अछगय है एक साल का। एक एक करके उसकी चर्चा नही करूंगा क्योंकि समय कम है। लेकिन एक बात ध्यान मे रखनी होगी कि भारतीय राजनीति म जो शक्ति परिवर्तन हुआ है, जो एक नया शक्ति सतुलन हुआ है और जिस अहिंसक तरीके से हुआ है उसका व्यापक प्रभाव हमारे पड़ोसियों पर बडा है, सारी दुनिया पर पडा है, मध्य पूर्व और मध्य पश्चिम पर पडा है, नेपाल पर भी पडा है, और नेपाल की जनता पर और राजमहल बोनो पर पडा है। नेपाल राजशाही मे भी उत्साहवर्धक बदलाव आया है। वह भी कुछ सीमित उदारवादी होती

जा रही है। कोयराला को उन्होने छोडा और सोच रहे हैं कुछ भाग्य की बात। सम्बन्ध भी हमारे अछे हुए है और वहा की जनता मे, नेपाल कांग्रेस मे भी यह भावना फैल रही है कि अब हम अहिंसक तरीके से सत्याग्रह कर के अपने हकों को ले सकते है। कोयराला माहब ने कहा कि महल के तत्वावधान मे भी जनताजिक व्यवस्था सम्भव हो सकती है। उनके सोचने मे फर्क आया है। पिछले एक साल मे भारत मे जो शक्ति सतुलन हुआ अहिंसक तरीके से उसका असर नेपाल पर भी पडा। पिछली सरकार का जो तानाशाही एव दुष्टतापूर्ण रबैया था उसके चलते कोयराला को भाग्न छोड देना पडा और राजशाही से जो दिल्ली सरकार का गठबंधन हो गया था, दिल्ली और काठमान्डू म अपने सकीर्ण राजनीतिक स्वार्थों की पूर्ति के लिये, उससे नेपाल की जनताजिक शक्तियों को ताकत घटी थी। लेकिन अब वह ताकत बढ रही है, और अब जो आज ममला है नेपाल म वहा एक तरफ राजशाही है और दूसरी तरफ जनता है। यह ठीक है कि राजशाही म भी कुछ परिवर्तन आया है और जनता म भी आया है, लोगों को अपने बुनियादी अधिकारों के लिये सडने का अधिकार है। इतिहास म कभी कभी ऐसा समय आता है जब राजशाही, उपनिवेशवाद यह असंगत हो जात है। तो इस मामले मे विदेश मन्त्रालय को पहल करनी चाहिए।

इसके साथ साथ एक सवाल और है कि अभी अमरीका के राष्ट्रपति श्री कार्टर हिन्दुस्तान मे आये थे, तो उन्होने एक बात कही थी कि हम भारत को उतना ही महान देश मानते हैं, जितना कनाडा और जर्मनी को। उनके इस कचन मे यह बात निहित थी कि अमरीका के जो सम्बन्ध कनाडा से हैं या जर्मनी से हैं, उन पर जो दबाव है, जैसे वह लोग स्वीकार करते हैं अमरीका का दबाव, वैसे ही भारत भी अमरीका का दबाव स्वीकार करे। अगर हमारे प्रधान मंत्री

मे उस दबाव को स्वीकार करने से इन्कार कर दिया। और हालांकि उन्होंने स्पष्ट कर दिया कि अमरीकी सहायता की हमें जरूरत है, बड़ी आवश्यकता है, फिर भी हम उनके राजनीतिक दबाव और उनकी तकनीकी बरीयता को स्वीकार करने में असमर्थ हैं। यह हमारा और अमरीका का बुनियादी मतभेद है, और इस चीज का जिक्र करने से हमारे प्रधान मंत्री का व्यक्तित्व और कृत्रित्व बढ़ा है। उससे उनकी प्रतिष्ठा बढ़ी। इसी दृढ़ता का प्रभाव यह हुआ, श्री कार्टर पर इतना पड़ा, कि उन्होंने जो खत लिखा, भारत को 7.6 बिलियन यूरेनियम देने की स्वीकारता के बाद भी हिन्दुस्तान के प्रधान मंत्री श्री देसाई पर उनका कोई प्रभाव नहीं पड़ा है। वापस जा कर उनको एक सख्त और ठंडा लैटर लिखेंगे और बता देंगे कि हम अपनी जगह से चल-बिचल होने वाले नहीं हैं। अमरीका की सहायता जिस शर्त-नामे के मुताबिक थी, उसी में यह बात थी कि भारत उसकी शर्तों को स्वीकार करे, लेकिन हमारे प्रधान मंत्री ने उसको अस्वीकार कर के हिन्दुस्तान का सम्मान बढ़ाया और भीमत हिन्दुस्तानी नागरिक की काफी इज्जत बढ़ाई।

दूसरे महायुद्ध के बाद उपनिवेशवाद चला गया, इम्पीरियलिज्म की चर्चा बराबर चली। अब इम्पीरियलिज्म समाप्त हो गया, मगर एक नये ढंग का 'इम्पीरियलिज्म, एक तकनीकी उपनिवेशवाद चल पड़ा है। पश्चिमी देश, चाहे रूस ही या अमरीका हों, सब चाहते हैं कि पूरे अफ्रीकाई देशों पर अपनी ताकत और तकनीकी दबाव डालकर उसको अपने अण्डर में लायें, उन देशों की प्रभुता को काफी प्रभावित करें। पश्चिम एशियाई देशों में तेल का प्राकृतिक बरदान है, तेल के कुएँ हैं, लेकिन आप देखते हैं कि वहाँ उद्योग बन

नहीं पाते हैं। वहाँ पश्चिमी देशों का दबाव है जोकि उन्हें बनाने नहीं देना चाहते।

हमारे भारत की जो प्राणविक नीति रही है, जब पहला एटमिक रिएक्टर बनाया था, उसी वक्त यह बात साफ कर दी थी कि हम प्राकृतिक शक्ति का उपयोग अपनी गरीबी हटाने के लिए करेंगे, देश के प्राथमिक और कृषि-प्रधान कार्यों का विकास करने में लगायेंगे प्राणविक शक्ति को शांति की अपेक्षा हथियार के रूप में इस्तेमाल करने की नीति इन्दिरा गांधी की थी, उन्होंने यह पाखंड रचा था और प्रयोग के स्तर पर छोटे मोटे एक बम का विस्फोट राजस्थान के रेगिस्तान में उन्होंने किया। हम अपनी सरकार को धन्यवाद देंगे कि उन्होंने कहा है कि हम ऐसे पाखण्ड रचने वाले नहीं हैं।

जहाँ तक जनता सरकार का सवाल है, इसके पक्ष में हम नहीं हैं कि हम इस तरह का कोई आडम्बरपूर्ण काम करें, लेकिन इसके पक्ष में भी नहीं हैं कि इसके पालन के सिलसिले में विदेशी दबाव या हस्तक्षेप को हम स्वीकार करें और अपनी सर्व-प्रभुता और स्वाधीनता को अपने राष्ट्रीय तत्व को धक्का लगने दें ... (ब्यवधान) ...

हथियारों की सौदेबाजी को बन्द किया जाये, यह सब मानते हैं। इस शक्ति को तीसरी दुनिया और तीसरी शक्ति के निर्माण में लगाना चाहिए जो दुनिया में समता के आधार पर नये मानव समाज की स्थापना कर सकती है। प्राणविक शक्ति के अनु-संधान और निर्माण में यही दृष्टि होनी चाहिए। प्रधान मंत्री जी ने श्री कार्टर के साथ जो दृष्टिकोण अपनाया, इससे दिशाबोध और दिशा शक्ति का अनुभव सब नागरिकों और हिन्दुस्तान को होने लगा है।

अन्त में मैं एक बात और कहना चाहता हूँ नान-एलाइमेंट की चर्चा चलती है।

[श्री श्री कृष्ण सिंह

इसके नाम पर पिछले 30 वर्षों में कभी हमने अमरीका को एक कंधे पर बिठाया और कभी रूस को। एक मंत्री को कहा कि तुम रूस की स्तुति करो और दूसरे को कहा कि अमरीका की स्तुति करो और पी० एल० 480 का गैर-तुम्हारे धूलू आयेगा, कभी कहा कि बेसिक इंडस्ट्री के लिए तुम्हें रूस से सौदा करना होगा। एक अदिमी और एक सरकार, जिसके भिन्न भिन्न मुंह रहे। हम बराबर बोलते हैं परन्तु यह नान-एलाइनमेंट क्या है? हमने भिन्न शक्ति गुटों की चाकरी की है, रशिया की गुलामी नहीं की, अमरीका की गुलामी नहीं की है। चाकरी जरूर की है। क्या यही नान-एलाइनमेंट है? हम विदेश मंत्री को धन्यवाद देंगे कि उन्होंने जैनुइन नान एलाइनमेंट की बात की है। अब हम चाकर नहीं हैं। जिस दृढ़ता के साथ हम चल रहे हैं, उससे बड़ी से बड़ी शक्ति को विश्वास हो गया है कि आस्तवर्ष में परिवर्तन है, बदलाव है। इसी प्रकार से हम यह भी कह देना चाहते हैं कि दूसरे देशों को दबाने की भी हमारी नीयत नहीं है। भारत की शान और इज्जत बढ़ाने के लिए जो भी तरीका होगा, बिना किसी के आगे झुके और दबे हम उसे अपनायेंगे। अपने पड़ोसियों को आगे करने के सवाल पर भी जो संभव होगा हम उन्हें भी आगे बढ़ायेंगे।

हम बराबर कण्ट्रोवर्सी में जाते हैं कि यह जैनुइन नान-एलाइनमेंट क्या है? हमेशा कहा जाता है कि नान-एलाइनमेंट। अगर हमारे श्री सुब्रह्मण्यम स्वामी ने कहा कि जिन लोगों ने पीछे नान-एलाइनमेंट की नीति को चलाया, वह गद्दार थे। हम वह भाषा नहीं बोलेंगे, लेकिन क्या वह देशभक्ति थी जो चाकरी का काम किया गया? हम सुब्रह्मण्यम स्वामी का समर्थन करते हैं कि उन्होंने स्पष्ट बोला। हम गद्दार तो नहीं कहेंगे, लेकिन इतना जरूर कहेंगे कि पिछले वर्षों में जो चलता रहा नान-एलाइनमेंट, उसको हम

राष्ट्रीयता की नीति, देशभक्ति की नीति नहीं कहेंगे। हम अपनी शक्ति को आगे बढ़ाने के लिए, अन्तर्राष्ट्रीय शक्तियों के संतुलन के लिए प्रयास करेंगे।

MR. CHAIRMAN: I think Prof. Mavalankar and Shri Chitta Basu want to speak. I have every sympathy for you. My difficulty is that I will have to call the Minister.

PROF. P. G. MAVALANKAR (Gandhinagar): Because so much time has already been extended, I request that we may be given some time.

MR. CHAIRMAN: How much time will you take?

PROF. P. G. MAVALANKAR: I shall take from five to seven minutes.

MR. CHAIRMAN: You will please stick to the time schedule of five minutes. Yourself and Shri Chitta Basu will take five minutes each. And then I shall call the Minister. Prof. Mavalankar.

PROF. P. G. MAVALANKAR: Mr. Chairman, Sir, I am very grateful to you for giving me a chance to speak in this debate. I will speak for five minutes. If I go beyond that and if you stop me, I shall sit down.

17.07 hrs.

[SHRI N. K. SHEJWALKAR in the Chair]

I shall begin with a suggestion. It is this: like the Annual Economic Survey which is presented to Parliament every year in our country for many years, I should be happy and grateful if an annual survey of "India and the World" is presented to us so that the House can get an opportunity of discussing it. An account of India's role in world affairs should

be presented on annual basis for discussion for at least a day or two as we have in the case of the Economic Survey. Going abroad I find that in several foreign countries, such opportunities are increasingly available to Members of Parliament to take legitimate interest in the foreign affairs, and if such an annual survey comes to our House also, I think it will give us a chance to discuss foreign policy issues, and if the House extends the facility of discussing the annual report on foreign affairs in such a manner, it would be helpful to us. I have gone through the 96-page annual report of the External Affairs Ministry for 1977-78 and as far as reports of any department or any association go, they are good, but they do not tell us in succinct manner what the Government's emphasis is going to be on various important aspects of foreign policy. Therefore, it is of utmost importance that an annual survey is presented to the House as it would be very useful to us.

Foreign policy as a matter of fact is largely and broadly the result of a national consensus. I agree with Mr. Vajpayee when he said that. But this debate has clearly shown that even within the ruling party and other sections here and elsewhere outside this House, there are bound to be differences in emphasis or shifts on priorities. Therefore, we may not harp too much on national consensus. At the same time I wish to say that foreign policy of a country, especially, our country has been going on for many years on the basis of a consensus, and there have been basic and fundamental agreements. So, on our side, I do not think we should do anything which will disturb that particular situation.

Now, Sir, our foreign policy is also dependent on our home policy. It is unfortunate that our domestic policy in the last one year is not as happy as it should have been. But, fortunately, for us, the foreign policy has had many gains and advantages.

In fact, Sir, there has been some kind of a fortunate imbalance; I want to suggest in all humility that the country's foreign policy, however good it may be, cannot remain good unless the country's domestic policy is taken care of. If the domestic policy of the country goes to dogs, if there is no law and order, if there is no sense of justice and if there is no fair play, if there is no discipline and a commitment to Rule of Law by all, then no matter how good our foreign policy may be, it is only going to upset the entire balance and it is bound to have its disturbing effect. The Janata Government, in the last one year, has made a good start in the field of foreign affairs. In fact, it has taken many welcome initiatives. I am happy to say that it has taken positive steps on its own in various fields. But, what is more important is this. Since 1977 we seem to have grown in maturity in the conduct of our foreign policy. After all, if you believe in an open society, then let us remember that other countries also believe in an open society. We must be prepared to take the risks involved in the open society. After all, foreign policy does not depend on our own wisdom only. It depends also on factors which are unforeseen, factors which are of a contingent nature, factors which are unstable, factors which are not permanent, and, moreover, it is also something like this that you may drive very carefully and cautiously but if you get involved in an accident because other vehicles may make mistakes, then obviously you get into difficulty. So the foreign policy of our country should be viewed from a larger point of view. Now, I will say three things.

One is of course about the external publicity. Although Shri Vajpayee has been telling us again and again in terms of assurances, it is far from satisfactory. I want him to go into this matter since our image abroad is not commensurate with the image

[Prof. P. G. Mavalankar]

that is actually in the minds of the peoples of the various countries. Secondly, we have about 127 Embassies and Missions abroad, but many of them are not functioning satisfactorily and they are not serving the Indians who go abroad. That is the complaint in which you will have to go in detail.

Finally, I find that IFS(A) and IFS(B) is inconsistent with the general objectives of administration of the Government. Why are these two separate categories still continuing? This was done on the basis of the British pattern, but the British have done away with it. There is utmost need to decide the merger of these two cadres. I do not understand why these two separate cadres should continue in our country. These two must be merged so that the service conditions and benefits are uniformly applied to all. In conclusion I would only say that the foreign policy of our country has to be viewed in the context of India's political system, parliamentary set up, its democratic functioning and also in view of the fact that we are a sub-continent causing awe and causing suspicion and therefore in our relationship with our neighbours, we should not let them feel that we are adopting a big brotherly attitude towards them. We should be cautious.

Finally, I would say that the significance of India's size and shape, its population, its richness as well as poverty, its past heritage—both as a burden and an asset—and its vastness and variety may also be taken into consideration. And, whatever we do, we must be active and dynamic, we must embrace all, we must be concerned with everything that causes assaults on Freedom and justice; but at the same time we must be cautious and wise and we must not overdo in anything or overplay our role and overplay our attitudes in implementing our foreign policy.

SHRI CHITTA BASU (Barasat):  
Sir, I want just to make certain points. I think the foreign policy of the country must depend on certain fundamental premises and to me, fundamental premises must be formulated. They are

- (1) Projection of the enlightened interests of the nation at the given time,
- (2) The assessment of the changing variables in the International relations,
- (3) Steadfast pursuit for a common aim of establishing a near social order of peace and friendship, free from dangers of war and conflict

Let me say that tested on these touch stones, the foreign policy pursued by Shri Vajpayee is commendable. It is practicable, it is in tune with the national aspirations which we have been thinking all these years. But while saying so, I have to mention in this connection that the policy pursued is termed as genuine non-alignment. But in practice it has been the policy of equi-friendship for all. But so far as non-alignment is concerned, I am not in agreement with the Foreign Minister. But I am sorry to say that the policy of this genuine non-alignment should not be equated to it. I am afraid that the genuine equi-friendship, is not, according to me, the genuine non-alignment. The genuine non-alignment should be equated with equi-friendship. I am sorry to mention that more and more the trend of equi-friendship is becoming predominant in the whole policy of formulation of international affairs. Because we should also know that India which has fought against imperialism and against foreign domination has still to remember that imperialism is not dead. The imperialist offensive against peace, security and independence of the nations is still there and in some cases is also mounting.

The four major aspects of India's foreign policy are:

1. Indo-Soviet relations;
2. India-China relations;
3. Indo-Pak relations; and
4. Indo-U.S. relations.

I am afraid that the practice of equi-friendship is being pursued in all these cases but equi-friendship is not to be the criterion as we have got certain values and aims to be achieved. Imperialism is not there for peace, stability, social progress and new social order. I will only say that it will be wrong on our part to equate non-alignment with equi-friendship. I am afraid and I must say that under the garb of non-alignment the practice of equi-friendship is being practised. I think the Foreign Affairs Minister should take note of it and exercise genuine non-alignment for the purpose of international peace and bringing about a new social order and that must have a thrust against imperialism. The more and more the thrust against imperialism is blunted, the more and more our foreign policy might be mis-directed. I only warn against that possibility of mis-direction of the foreign policy. It must be for peace and against the forces of imperialism.

**विदेश मंत्री (श्री अटल बिहारी वाजपेयी).**  
सभापति जी, मैं पहले हिन्दी में बोलूंगा और बाद में अंग्रेजी में। हमारा देश एक बहु-भाषी देश है और यह सब है कि यूनाइटेड नेशंस में मैं हिन्दी में बोलता लेकिन कभी कभी इस सदन में मुझे अंग्रेजी का उपयोग करना पड़ता है क्योंकि मैं समझता हूँ भाषा महत्वपूर्ण है लेकिन भाषा एक साधन है, साध्य नहीं है। अगर हम अपनी भाषा में गली दें तो क्या किसी को अच्छा लगेगा ?

**श्री एम० राजगोपाल रेड्डी (निजामाबाद):**  
क्या दूसरे की भाषा में गली देनी चाहिए ?

**श्री अटल बिहारी वाजपेयी :** गली देना जरूरी नहीं है।

सभापति जी, जिन माननीय सदस्यों ने इस बहस में भाग लिया है मैं उन सभी को बधाई देना चाहता हूँ। कल तो बहुत बड़ी बेजान हो रही थी लेकिन आज उसमें जरूरत से ज्यादा जान घा गई। जिन्होंने गल एक वर्ष की विदेश नीति के संचालन और उसके संचालन की प्रक्रिया की सराहना की है उन्हें मैं धन्यवाद देना चाहता हूँ लेकिन उससे भी अधिक मैं उन्हें धन्यवाद देना चाहता हूँ जिन्होंने आलोचना की है। भराठी में कहा गया है—निदकाचे घर भसावें सेवारी—निन्दा करने वालों का घर पडोम में रहना चाहिए। मगर लोकतंत्र में पडोम में रहने की जरूरत नहीं है—घर ले लिया है हमने तेरे घर के सामने। लेकिन यह आवश्यक है कि प्रशंसा अनुराग से रहित और आलोचना ट्रेष से मुक्त होनी चाहिए। आज जो चर्चा हुई है, मानलकरजी मुझे माफ करोगे—मेरी राय उनसे भिन्न है। इस चर्चा से यह बात स्पष्ट हो गई है कि मोटे तौर पर देश में विदेश नीति के सवाल पर एक आम सहमति है। विदेश नीति के कुछ पहलुओं की आलोचना मेरे दल के सदस्यों ने भी की है और कुछ पहलुओं की प्रशंसा विरोधी सदस्यों ने भी की है। लेकिन विदेश नीति का निर्धारण और संचालन दल-बन्दी के आधार पर नहीं किया जाता। मुझे खेद है कि गुट निरपेक्षता की बात को लेकर थोड़ी कटुता पैदा हो गई है।

सभापति जी, 1957 में जब मैं पहली बार लोक सभा का सदस्य निर्वाचित हो कर आया था, पं० जवाहर लाल नेहरू उस समय जीवित थे, हमारे प्रधान मंत्री थे और विदेश मंत्री भी थे। तब उनकी उपस्थिति में मैंने कहा था—स्वतन्त्रता के बाद अगर कांग्रेस की जगह कोई और पार्टी शासन में आती और पंडित जी की जगह कोई और प्रधान मंत्री होता, तो भी

[श्री अटल बिहारी वाजपेयी]

गुट-निरपेक्षता की नीति पर चलने के अलावा हमारे सामने और कोई चारा नहीं था। क्या स्वतन्त्र होने के बाद भारत किसी गुट में शामिल हो जाता? क्या हम अपनी राष्ट्रीय स्वतन्त्रता को गिरवी रख देते? गुट-निरपेक्षता हमारी राष्ट्रीय स्वतन्त्रता का अन्तर्राष्ट्रीय क्षेत्र में विस्तार है। यह ठीक है कि संसार आज दो गुटों में बटा हुआ नहीं है। अनेक गुट हैं, शक्ति के अनेक केन्द्र उभर रहे हैं, लेकिन अब से गुट-निरपेक्षता की नीति निरर्थक नहीं होती है।

हमारे मित्र स्वामी जी चाहते हैं कि हम गुट-निरपेक्षता न कहें उसे आत्म-निर्भरता की नीति कहे। वह मुझे क्षमा करें—गुट-निरपेक्षता की नीति का आधार है—आत्म निर्भरता। अगर हम किसी गुट में शामिल हो गये, किसी बड़ी शक्ति पर निर्भर हो गये तो फिर आत्म-निर्भर कैसे हो सकते हैं। गुटनिरपेक्षता की नीति का यह भी निचोड़ है कि हम हर एक अन्तर्राष्ट्रीय प्रश्न का निर्णय उम के गुण-ब-दोष के आधार पर करेंगे, स्वतन्त्र बुद्धि से करेंगे, निर्भीकता से करेंगे और राष्ट्रीय हितों और अन्तर्राष्ट्रीयता के व्यापक तत्वांचों का मेल बैठायेंगे।

सभापति महोदय, भारत की विदेश नीति की चर्चा हो और पब्लिक नेहरू का नाम न लिया जाय और वह भी प्रशंसा में न लिया जाय—ऐसा कभी हो नहीं सकता, होना ही नहीं चाहिए। मैं जानता हूँ—मेरे मित्र स्वामी जी को इस से मतभेद है। लोकतन्त्र से मतभेद स्वाभाविक है, कुछ मात्रा में आवश्यक है। उस की सामंजसिक कहां तक ठीक है—यह विचारणीय प्रश्न है, लेकिन अब मैंने विदेश मन्त्रालय का भार

सम्भाला और इस सदन में विदेश मंत्री के नाते पहला भाषण दिया, तो मैंने प० जवाहर लाल नेहरू से लेकर श्री अशोकनारायण चव्वाण तक को बघरई बी बी, उन के प्रति साजुबाद अर्पित किया था। तीस सालों की हमारी परम्परा का यह अंग है, यह हमारे इतिहास का हिस्सा है। प० नेहरू से मेरे भी मतभेद थे और मैंने मतभेदों को कभी छिपाना नहीं, लेकिन जब कभी प्रशंसा का वक्त आया, तो मैंने उस में कृपणता से काम नहीं लिया। स्वाधीनता के बाद दोनो शक्ति गुटों से अलग रह कर अपनी स्वतन्त्र विदेश नीति पर चलना भारत की स्वाधीनता के लिए आवश्यक था, भारत के आर्थिक विकास के लिए आवश्यक था, विश्वशान्ति के लिए भी आवश्यक था।

अब यह प्रश्न उठाया जाता है कि गत एक वर्ष में क्या उपलब्धियां हुई हैं। सभापति महोदय, अपने मुह मियां-मिट्टू बनना ठीक नहीं है, लेकिन लोकतन्त्र में थोड़ा सा आत्म-विश्वास क्षम्य होता है। गत एक वर्ष के बटना-चक्र पर जब मैं वृष्टिपात करता हूँ तो मेरा हृदय एक स्वल्प सन्तोष की भावना से भर जाता है। विश्व में आज भारत की जो प्रतिष्ठा है, उसनी 1962 के बाद कभी नहीं थी। सभी पड़ोसी देशों के साथ आज हमारे सम्बन्ध जितने अच्छे हैं, उतने आजोदी के बाद पहले कभी नहीं थे। अन्तर्राष्ट्रीय क्षेत्र में भारत की विश्वसनीयता जितनी आज है, उतनी गत 11 वर्षों में कभी नहीं थी। विश्व की सभी राजघरानियों में आज यह आरोसा है कि भारत जो कहता है वही करेगा और जो कुछ उसके मन में है वही करेगा और जो कुछ करेगा बड़ी समझदारी के साथ करेगा। मन, बचन और कर्म में जो अन्तर पिछले कुछ वर्षों में पैदा हो गया था, जो न केवल गृह नीति को विग्रह में बदल रहा था, बल्कि विदेश नीति की पब्लिक धारा को भी दूषित कर रहा था, आज यह दूर हो गया है आज हमारे पड़ोसी अस्मित हैं। विश्व

देशों के साथ हमारे सम्बन्ध शक्ति बल बढ़े हुए हैं और जो देश विदेश-विदेश रहते थे उन्हें भी निकट लाने में हमें सफलता मिली है।

सभापति जी, यह बात बेमानी है कि विदेश नीति कबली है या नहीं बदली है। मैं पूछना चाहता हूँ कि अगर परिस्थितियाँ बदले तो क्या विदेश नीति को जड़ रखना चाहिए? विदेश नीति के बुनियादी सिद्धान्तों पर वृद्धता के साथ कायम रहने हुए, परिस्थितियों में परिवर्तन के अनुसार, जहाँ परिवर्तन आवश्यक है, सशोधन आवश्यक है, परिवर्द्धन आवश्यक है, वहाँ हमने ऐसा किया है और जहाँ कठिनायुटी, निरन्तरता की आवश्यकता है, वहाँ हमने निरन्तरता को वह भी ताजगी के साथ जारी रखने में सफलता पायी है।

श्री स्टीफन इस समय सदन में नहीं है। वे मुझे मेरे पूछ रहे थे कि "कन्टेन्ट" और "स्टाइल" में क्या परिवर्तन हुआ है? क्या परिवर्तन हुआ है, सभापति महोदय, मैं इसके दो उदाहरण देना चाहता हूँ। नेपाल हमारा पड़ोसी देश है। नेपाल के साथ हमारे असाधारण सम्बन्ध हैं। नेपाल के साथ हमारी सीमा खुली हुई है। नेपाल एक ऐसा देश है जो चारों ओर से घेरती से घिरा हुआ है। नेपाल हमसे माग करता था कि व्यापार के लिए अलग संधि होनी चाहिए, मामान बाहर के जाने के लिए अलग संधि होनी चाहिए। पुरानी सरकार ने इस माग को स्वीकार नहीं किया। क्यों नहीं किया, यह मैं नहीं समझ सका। अगर व्यापार के कारण तस्करी होती है तो उसको रोकने के लिए दोनों देशों को प्रयत्न करना होगा। व्यापार की बातें बदल सकती हैं, लेकिन नेपाल को ट्रांजिट की सुविधा मिलनी चाहिए क्योंकि यह एक "लेण्ड लॉक कंट्री" है। यदि हम भी लेण्ड लॉक कंट्री होते तो क्या करते। हमने दो संधियाँ मान लीं और तस्करी को रोकने के लिए भी समझौता

कर लिया। यह कन्टेन्ट में कोई सा फर्क है, मगर महत्वपूर्ण फर्क है। इससे हमने नेपाल का विश्वास अर्जित करने में सफलता पायी है। इस में हमारे किरोधी मित्रों को आपत्ति नहीं होगी चाहिए।

SHRI VAYALAR RAVI: Are you accepting the suggestion for a corridor?

श्री अटल बिहारी वाजपेयी: No corridor, my dear friend, Mr. Vayalar Ravi. That is why I said I would like to say something in English.

सभापति जी, इस बात से कौन इंकार कर सकता है कि पुरानी सरकार ने भी पाकिस्तान के साथ सम्बन्धों को मामान्य बनाने की कोशिश की, मगर पिछले 12 वर्षों में भारत का कोई मंत्री पाकिस्तान नहीं गया और जनता सरकार के पहले मंत्री के रूप में मैं पहली बार पाकिस्तान गया। यह स्टाइल का अन्तर है। (व्यवधान) स्वर्णसिंह गये थे लेकिन मैं पिछले 12 सालों की बात कह रहा हूँ।

SHRI VAYALAR RAVI: Simla is the beginning.

श्री अटल बिहारी वाजपेयी: I admit that you make the beginning but that was also the end.

लाभदायक द्विपक्ष के आधार पर हमने सभी देशों के साथ अपने सम्बन्धों को सार्थकता तथा शृंगारिता प्रदान करने की कोशिश की है। विदेश नीति को हमने नए आयाम दिए हैं और हमारे सामने नए रास्ते खुले हैं। हमने शक्ति सम्बन्ध विकसित करने में सफलता पाई है और बिना सामाजिक तथा वैचारिक भेदभाव के हम तकनीकी सहयोग बढ़ाने में कामयाब हुए हैं। कुछ पड़ोसी देशों के साथ छोटी छोटी बातें हमारे सम्बन्धों में तनाव पैदा कर रही थीं। उन्हें हमने हटाने में सफलता पाई है और हमारे आपसी सम्बन्ध सुधरे हैं।

[श्री अटल बिहारी वाजपेयी]

भारत की विदेश नीति का लक्ष्य विश्व-शान्ति, स्थायित्व तथा अन्तर्राष्ट्रीय सहयोग को बढ़ावा देना है। हमारे राष्ट्रीय हितों के संरक्षण तथा सर्वधर्मों के लिए, यह आवश्यक है कि न केवल हमारे पड़ोस में शान्ति हो किन्तु विश्व में भी शान्ति का वातावरण रहे। शान्तिपूर्ण वातावरण में ही निर्माण सम्भव है। नव निर्माण के बिना राजनीतिक भ्राजादी अंधारी है। हम चाहते हैं कि तनाव शैथिल्य की जो प्रक्रिया यूरोप में शुरू हुई है वह दुनिया के सभी भागों में फैले। हम यह भी चाहते हैं कि निःशस्त्रीकरण के बारे में होने वाली वार्ता में तेजी से प्रगति हो जिससे विश्व के सीमित साधन बिनाशक हथियारों में व्यय होने के बजाय भूख, बीमारी और अज्ञान पर विजय प्राप्त करने के काम में आए।

इस चर्चा में इस बात पर भी एतराज किया गया है कि नान-एलाइनमेंट तो हम समझते हैं लेकिन यह जैन्ट्रिन नान-एलाइनमेंट क्या बला है। सदन के बाहर तो यह भी कहा जा रहा है कि यह तो नान-एलाइनमेंट ही नहीं है। मैं कहना चाहता हूँ कि मामला इतना सरल नहीं है। हम लोकतन्त्रवादी हैं। लेकिन पिछले उन्नीस महीने में भारत में जो कुछ हुआ उसमें यह कहना जरूरी हो गया है कि जनता पार्टी सच्चे लोकतन्त्र में विश्वास करती है। उन्नीस महीने में जो कुछ हुआ वह भी तो लोकतन्त्र के नाम पर हुआ था। आज कोई कहे कि आप सच्चे लोकतन्त्र की बात क्यों कर रहे हैं लोकतन्त्र तो लोकतन्त्र ही है, मज्जा और झूठा क्या है तो मैं कहना चाहता हूँ कि हमने अपनी आंखों से देख लिया है कि सच्चा लोकतन्त्र क्या और झूठा लोकतन्त्र क्या होता है। लोकतन्त्र के नाम पर अगर अधिनायकवाद जगाया जा सकता है तो गुट निरपेक्षता के नाम पर गुटों में मिलने का भी खोरी छिपे पालन किया जा सकता है। केवल गुट

निरपेक्ष होना ही काफी नहीं है। दुनिया को यह दिखाई भी देना चाहिए कि हम गुट निरपेक्ष हैं।

आज दुनिया में ऐसे देश हैं जिन की भूमि पर विदेशी सेना मौजूद है और जो गुट निरपेक्ष आन्दोलन के नए सदस्य बनना चाहते हैं। क्या हम उन्हें आने दें? दुनिया में ऐसे देश हैं जो किसी सैनिक गठबंधन में नहीं है। लेकिन विभागी तौर पर किसी गुट के साथ जुड़े हुए हैं। उनके सर्वधर्म में भी हमें कहना पड़ता है कि हमें गुट निरपेक्ष आन्दोलन की एकता को, दृढ़ता को और सिद्धान्तों के प्रति उसकी प्रतिबद्धता को कायम करना है।

जब भारत ने गुट निरपेक्ष होते का फैसला किया तब गुट निरपेक्षता को अर्न्तिक माना जाता था। मेरे मित्र स्वामी को इस बात का ध्यान रखना चाहिए कि उस वक़्त गुट निरपेक्ष कहने के लिए साहस की जरूरत थी और स्वतन्त्रता संग्राम में जो सेनानी बलिदान और त्याग की अग्नि में कुन्दन बन कर चमके थे वही गुट निरपेक्षता की बात कर सकते थे। हमने उन्हीं को गुट निरपेक्षता की नीति को अपनाया है। मैं फिर कहना चाहता हूँ कि यह नीति किसी व्यक्ति की नीति नहीं है, किसी दल की नहीं है, सारे राष्ट्र की नीति है। जब दुनिया के नए नए भ्राजाद होने वाले देश गुट निरपेक्ष आन्दोलन का सदस्य बनने के लिए आग्रह कर रहे हैं और गुट निरपेक्ष देशों की सच्चा लगभग नब्बे हो गई है तब हमारे देश में अगर गुट निरपेक्षता के खिलाफ कोई आवाज उठे तो समझना चाहिए कि हमारे लिए विदेश नीति के मामले पर बोझ और गहराई से विचार करना जरूरी है।

मैं कहना चाहता हूँ कि गुट निरपेक्षता की नीति कोई नकारात्मक नीति नहीं है, यह आवात्मक, सकारात्मक और रचनात्मक नीति

है और न केवल अन्तर्राष्ट्रीय क्षेत्र में हमारी सर्व-प्रभुता का विस्तार है बल्कि यह एक नए विश्व की रचना का आजाग भी है, ऐसे विश्व की रचना का जिस में राजनीतिक गुलामी नहीं होगी, आर्थिक शोषण नहीं होगा और चमड़ी के रंग या जन्म के आधार पर मनुष्य को छोटा या बड़ा नहीं समझा जाएगा।

गुट निरपेक्षता क्या नहीं है, शायद यह बताना हम सदस्यों में लाभदायक होगा। हमें समझ लेना चाहिए कि गुट-निरपेक्षता तटस्थता नहीं है।

Non-alignment is not neutrality स्वतन्त्रता और गुलामी के बीच में, न्याय और अत्याय के बीच, रंग भेद और वर्ण भेद ममता के बीच में अन्तर्राष्ट्रीय सहयोग और अन्तर्राष्ट्रीय स्तर के बीच में, आर्थिक शोषण पर आधुनिक विश्व व्यवस्था और शोषण रहित नई अर्थ रचना के बीच में भाग्य तटस्थ नहीं रह सकती। हम स्वतन्त्रता के पक्ष में हैं, हम शांति चाहते हैं हम जातीय समता के संचरण में हिस्सेदार हैं और हम नई विश्व अर्थ रचना के लिए प्रयत्नशील हैं।

सभापति महोदय, विदेश नीति की प्रणाली के बीच में एक ऐसी आवाज सुनायी देनी है, आज बल तो रोज मनाई देती है जो बड़ी जानी पहचानी है। लेकिन उस आवाज में इन दिनों जो खीझ भर गई है वह सर्वथा अनजानी है। कालाहल के बीच यह आवाज कभी कभी एक चीख जैसी सुनाई देती है, एक ऐसी चीख जो सब कुछ लट जाने पर अभिव्यक्ति पाती है।

सभापति जी, हम विरोध का स्वागत करते हैं, आलोचना के लिए आभारी हैं। किन्तु मैं विरोध की जिस आवाज का हवाला दे रहा हूँ उसमें आलोचना कम और आक्रोश ज्यादा है, आघात कम और असंयम अधिक है, रोशनी कम, धुआँ और जलन ज्यादा है।

अगर यह कहा जाय कि विदेश नीति के सवाल पर जिस आवाज के बारे में मैं जिक्र कर रहा हूँ वह देश के भीतर और बाहर जानबूझ कर एक भ्रम पैदा करने की कोशिश कर रही है तो गलत नहीं होगा।

ताज्जुब की बात यह है कि यह जानी पहचानी आवाज एक साल में ही कितनी बदल गई? जो धीमी आवाज में बोलना पसन्द करते थे, ऐसा करना कुलीनता की निशानी मानते थे और इस मदन में बड़े जोर से बात कहने वालों को हेय या हल्की नजर से देखने थे आज वह किम कदर चीख और पुकार मचा रहे हैं। उठने, बैठने आने, जाने, सोने, जागने, खाने, पीने एक ही बात कही जा रही है कि जनता सरकार भारत को विदेशों में बेचने पर तैयारी हुई है। क्या इससे बड़ा झूठ कोई हो सकता है? क्या इससे अधिक अन्वित बात कोई हो सकती है? भारत इतना मस्ता नहीं है कि उसे कोई खरीद ले। हम उसे कपूत नहीं है कि राष्ट्रीय सम्मान का सौदा कर ले। देशभक्ति हमारा बाना है, राष्ट्रीय सम्मान हमारे लिए एक अनमोल धरोहर है। देश का सौदा करने में पहले हम अपने प्राण देना ज्यादा पसन्द करेंगे।

सभापति महोदय, हम क्या कहा जा रहा है :

The Janata Government dependent on the West India leaving the non aligned path. The present government is moving away from non-alignment in a way that would please western countries. Janata policy may trigger war in the Indian Ocean. Non-alignment diluted to suit USA. India's stock ebbing among non-aligned. Some powers plotted to oust me."

SHRI VAYALAR RAVI: Whose quotation it is?

17.40 hrs.

[MR. SPEAKER in the Chair]

**श्री अटल बिहारी वाजपेयी :** अब आप समझ गये होंगे ।

मेरा निवेदन है कि विरोधी दल में रहते हुए हमने भी कभी आलोचना में कसर नहीं की, लेकिन जहाँ प्रशंसा की बात आई, हमने प्रशंसा भी की, श्री एसी की, कि जो वाद में चुनाव में हमारे ही गले पड़ गई ।

मैं प्रतिपक्ष से यह आशा नहीं करता कि वह मेरी तरह से उदारता का परिचय देंगे, मगर मेरा निवेदन है कि विदेश नीति के सवाल पर देश को बांटने की कोशिश नहीं होनी चाहिए । विवाद के लिए, झगड़े के लिए, जनता तक पहुँचने के लिए अनेक मसले हैं, मगर एक क्षेत्र तो ऐसा होना चाहिए कि जिसमें अगर हमने बुनियादी परिवर्तन नहीं किया है तो उस क्षेत्र में हम मिल कर काम कर सकें, ऐसा वातावरण बनाये रखना जरूरी है ।

**श्री बसन्त साठे :** आप कम-से-कम गुप्त दान का तो परिचय दीजिए ।

**श्री अटल बिहारी वाजपेयी :** अभी आता हूँ ।

**श्री बसन्त साठे :** आजकल आप गुप्त रोग से पीड़ित हैं ।

**SHRI ATAL BIHARI VAJPAYEE:** Now, I would like to say a few words in English. The price of our democratic freedom will always be eternal vigilance. We can, however, claim that without any sacrifice or short-sightedness, India today has less reason than ever before to apprehend threats which would distract us from bending our best efforts towards constructive endeavours. The sub-continent, as a whole, pulsates with a new desire and confidence in peace and cooperation. We have moved a long way, indeed faster than anyone thought was possible, to arrest the corrosion of suspicion and rediscover the in-

controvertible logic of the geographical compulsions of good neighbourly cooperation and the vision of regional stability. Having visited or met the leaders of all our neighbouring countries, I can assert that the confidence of a new era in relationships with India is shared by their leaders. These new perspectives are, of course, as much due to their leadership as our own. We can all feel more confident that if we can sustain these efforts towards mutual understanding, the sub-continent will remain free from the play of malevolent politics as it affects many other parts of the world.

The House is aware that the year under review has been an unusually exacting and intense period for our diplomacy; and concrete improvement has been made in the wide circles of external relations. The House is familiar with the number of high level visitors from different continents representing different social systems who have either visited our capital or have invited our leaders to their own countries. These visits have been mostly at the suggestion of high dignitaries and are proof enough of the regard in which India is held. I cannot think of any other country,—in fact, even our own in the past—which in such a short time has been honoured by so many important Heads of States and Governments.

The interest which these leaders have shown in our country is a tribute to this land and its people. Whatever their own social systems, our demonstration of a mature commitment to democracy has earned their respect for the political wisdom of our people. Our partner nations have also been impressed that however poor we may be, in statistical terms, our potential in the field of agriculture, industry, technology and science is significant.

These visits and contacts have not been for purely ceremonial or protocol purposes. Each visit had a character of its own and all of them deepened

understanding and identified new potential of bilateral economic complementarity with our own developmental dynamism. Such occasional criticisms that the Government's policies were tilting in one direction or tilting away in other directions, are often based on an antiquated understanding of the world situation.

Consistent with non-alignment, our purpose has been chartered within a conceptual framework of promoting and enriching relationships based on beneficial bilateralism. We have, with full confidence, carried Indo-Soviet friendship and economic cooperation to levels well beyond what existed before. At the same time, we have restored mutual confidence in our relations with the United States. Problems, no doubt, exist or may arise, but Indo-US relations are no longer clouded with unwarranted and acrimonious mistrust. Without pretending to overlook the existence of difficult problems and the ups and downs of our past relations, we have created the basis for improved bilateral exchanges in the economic, commercial and cultural fields with China.

We have truly broken new grounds in responding with sincerity and alacrity to co-operate with Vietnam in the immense task which that brave country faces in its national reconstruction. We feel proud that India may be the first country outside the socialist bloc with which such links are being forged with the Democratic Republic of Vietnam. We are poised for improved relations bilaterally and regionally in our sub-continent. We have prepared the ground for closer rapport and greater economic and collaborative relations with Japan.

There is a new warmth of understanding in our relations with Australia on the one hand and, at the other end, with the United Kingdom. We have concluded far-reaching agreements for new fields of economic co-operation with Iran. Our public sector undertakings have, during the year under review, forged new eco-

nomic links in Libya, Iraq and the Gulf States. We are hopeful of higher technological and scientific and trade co-operation with the Federal Republic of Germany and France, as with Western and Northern Europe. Our strong ties of technical co-operation with many countries, notably Afghanistan, Mauritius and East Africa, continue to grow in diversity and scope. The thrust of our foreign policy has moved on a broad front, and everywhere our diplomatic effort has gone hand in hand with an integrated effort to strengthen our economic links.

May I, at this point, say a word on the national problem of international co-operation in the field of peaceful use of nuclear energy? Our policy on this has been made clear by the Prime Minister. Our entire foreign policy is one which has always recognised the need for discipline on all matters which may be a threat to international peace. As such, we strongly believe that the world should not make use of nuclear energy for destructive purposes and should aim not only at non-proliferation but the elimination of existing weapons.

Our problem arises out of a contractual obligation by which the Tarapur reactor was planned on the presumption of a pledged supply of enriched fuel for its functioning. We have adhered to our side of the contract. We have noted the recent American domestic legislation on non-proliferation, which seems to imply that even past contracts may be sought to be re-negotiated with new conditions. While willing to adhere to our side of the obligations and while continuing the dialogue with the US Government, we certainly hope that such long-standing co-operation will not come to an end. But we will have to face the contingency, if this should arise.

MR. SPEAKER: Just one minute, I will ask the House to extend the time of the House till the Demands are voted. Because, under the

[Mr Speaker]

rules, I have to do it 15 minutes before the scheduled time of adjournment Is it the pleasure of the House to extend the time?

SEVERAL HON MEMBERS Yes

SHRI ATAL BIHARI VAJPAYEE, Thank you

SHRI K GOPAL (Karur) You should thank us

MR SPEAKER All of us not excluding me

SHRI ATAL BIHARI VAJPAYEE May I say that we do not believe in the use of the option of nuclear weapons? We cannot but maintain that it is unrealistic that these chances of nuclear war can be averted and sensitive technology can be exclusively preserved for peaceful uses unless there is a universalised discipline against nuclear weapons

Some of the hon Members referred to our poor performance in the field of external publicity I have been all too aware of the need to re-orient and give a more purposive content to the efforts made by our Missions abroad and the organisational structure in India to project the correct image of contemporary India the policies, and programmes of the Governments and the hopes and aspirations and traditions of our people

The Report of the Ministry of External Affairs alludes to some of the efforts which have been made in the past year to give meaningful content to our publicity efforts abroad I must say that whereas I am gratified at some of the progress which has been made I fully recognise that there is scope for improvement A committee headed by Shri Chanchal Sarkar was recently set up to go into the various aspects of our publicity efforts The Chanchal Sarkar Committee has made far-ranging recommendations on not only strengthening and reorganising the institutional framework of the external publicity organisation but has made recom-

mendations on equipment, formulation of publicity literature, training, liaison with Indian organisations and a number of other related matters I would like to assure the House that we are carefully evaluating the recommendations made by the Committee and Government will take expeditious decisions to streamline and improve our publicity effort abroad

It has long been recognised that evokes considerable interest and fascinating among the scholars and intellectuals and indeed the public at large abroad who see in our cultural heritage the panacea for many of the ills which affect present-day civilisation It is recognised that our national ethos which stems from this cultural heritage has an abiding rationale in a world which is beset with increasing materialism and neglect of the values of yore It is for this reason that we have long recognised the importance of our cultural diplomacy as a vital aim of our foreign diplomacy

Apart from the bilateral relations we have continued and indeed intensified our participation in the United Nations and other international organisations and in the gamut of multilateral diplomacy It would be pertinent to recall the success of the meeting of the Non aligned Bureau which took place in Delhi soon after we assumed office We are at present engaged in consultation with friendly Afghanistan for the preparation of the Kabul Bureau meeting This will be followed by a meeting of the Foreign Ministers and the entire movement which will take place in Belgrade where it will be recalled the first major meeting of the movement took place in 1961 These meetings are coming at a time when the non-aligned movement faces many challenges They will demand sober judgment and careful adherence to the spirit of the movement

It was I believe, well recognised that our Prime Minister's contribution played a significant role in the

success of the Commonwealth Heads of Government meeting in London last year and the first ever Regional Commonwealth Conference in Sydney two months ago. In all these and other international meetings, our approach is one not of trying to seek leadership—and here I would like to draw the attention of my dear friend, Shri Subramaniam Swamy—but responding with whatever expertise and capability we possess to fulfil the ideals of constructive interdependence and beneficial solutions to international problems. We have consistently sought to play an active and responsible role to help fashion a new economic order and joined the developing countries in their quest for development and correcting economic imbalances through international co-operative effort and the promotion of economic collaboration within our fraternity.

Notwithstanding the consensus in favour of peaceful solutions, the international scene today is beset with grave problems. We still have to see the vacation of aggression and the fulfilment of the rights of the Palestinian people, so that the serious efforts and hopes to see peace and stability established among the States of Asia are fulfilled.

We have been active directly and in international forums, striving to underline the urgency of bringing about majority rule and democratically granted independence for Zimbabwe and Namibia. We are alarmed at the diverse conflicts between fellow non-aligned countries such as in the Horn of Africa where we have counselled the end of conflict and respect for established frontiers.

Though the U.S. and the U.S.S.R. have made a beginning, we have yet to see a genuine breakthrough towards making the Indian Ocean a zone of peace. Here I would like to correct the impression—I do not know from where he got that impression—of my friend, Shri Unnikrishnan. India is opposed to all foreign bases in the

Indian Ocean. All foreign bases including Diego Garcia must be eliminated from the Indian Ocean. There is no change in our stand. But we are living in a strange world. The problem of Indian Ocean is being discussed by two big powers without the participation of any of the littoral countries. But we have been exerting our influence in the United Nations and outside that the pace of the talks should be accelerated and there should be an agreement between all big powers to make Indian Ocean a zone of peace. We do not believe that if the big power rivalry is eliminated, there will be a vacuum. The littoral and hinterland countries are in a position to guarantee freedom of navigation. The Indian Ocean will be free for all countries provided they do not indulge in military rivalry and we propose to accelerate the efforts in this direction in the United Nations at the forthcoming session.

While I do not pretend to catalogue all the world's problems, I can assure you that on the basis of our well-established policies of independent judgment, non-alignment and international cooperation, we shall strive vigorously and play a constructive role wherever possible as a responsible member of the international community.

Now I come to the question, a delicate question whether there was some secret understanding between Mrs. Gandhi and Mr. Bhutto in Simla or not. When I was in the opposition, I had made an open charge. But now when I speak, I speak as the Foreign Minister of India and I am in possession of all the records.

**SHRI K. P. UNNIKRISHNAN:** You must lay it on the Table.

**SHRI ATAL BIHARI VAJPAYEE:** Not necessarily. All the records cannot be placed on the Table of the House. I would like to take the House into confidence.

**SHRI K. P. UNNIKRISHNAN:** This is an important issue.

**SHRI ATAL BIHARI VAJPAYEE:** I do not speak on unimportant issues. Let us have the discussion in a cool and calm atmosphere.

Ever since I took charge of the Ministry of External Affairs, I have been trying to know the circumstances in which the talks between Shrimati Gandhi and Mr. Bhutto in Simla in 1972, which had run into serious difficulties, suddenly culminated in the Simla Agreement.

I myself was present in Simla when the talks were going on between the two sides and it was common knowledge there that the negotiations had run into rough weather. Therefore, it puzzled me and I am sure it must have puzzled many other observers of Indo-Pak relations at that time, how all of a sudden an agreement had emerged. Several journalists, some of whom had interviewed Mr. Bhutto, have given stories of a sudden change in the course of events after a post-dinner meeting between the two leaders. In fact, the country at large was surprised that a reference to "final settlement of Jammu and Kashmir" had been included in the Simla Agreement.

Since assuming the charge of the Ministry of External Affairs, I have made an effort to acquaint myself with not only various documents relating to the discussions but also have held personal discussions with a number of knowledgeable individuals. Piecing together all the evidence from different sources, I cannot but reaffirm that some sort of secret understanding was reached by Shrimati Gandhi in her confidential conversation with Mr. Bhutto...

18.00 hrs.

**SHRI K. P. UNNIKRISHNAN:** Is he telling us from the minutes? Were any minutes kept, I would like to know. He is saying this on the basis of.... (Interruptions)

**SHRI ATAL BIHARI VAJPAYEE:** I have not yet completed.

Let me add straightaway that, in drawing attention to this, I am looking at it as an internal matter....

**SHRI VASANT SATHE:** That does not make any difference.

**SHRI ATAL BIHARI VAJPAYEE:** So far as external policies are concerned, contrary to what has been suggested by certain interested quarters, we have maintained continuity and adherence to the broad parameters of our non-aligned foreign policy. Perhaps, it was being hoped that India's image will have a setback after the Janata Party came into office. This may be the reason for annoyance and disappointment in some quarter.

As far as Pakistan is concerned, whatever may have been my differences with our Government in power at the time of the Simla Agreement, we have accepted in letter and spirit the obligations undertaken by India in that accord. We have indeed managed and improved the climate of relations with Pakistan. We have assured Pakistan that we would continue to follow a policy of strict non-interference in Pakistan's internal affairs. In fact, the House knows, even with regard to the legal processes affecting Mr. Bhutto, we have observed scrupulous detachment.

Keeping in view the fact that our foreign policy which is strictly and transparently in tune with our national interests and has been based on a broad national consensus, I would urge that any discussion we may have on this subject should not weaken our efforts for peace in this sub-continent.

Mr. Speaker, our foreign policy, I believe, has a conceptual coherence and transparent logic from the point of view of both national interest and international stability. Indeed I would hope that India, along with its neighbour, can continue to be both an example of stability and a force which

stands for a cooperative world order. I would beg of the House not only to approve the modest demands put forward on behalf of my Ministry but also give its blessings and support so that the standing of India continues to rise and commands respect amongst the comity of nations.

**SHRI VAYALAR RAVI:** On a point of order. Rule 370 reads as follows:

"If, in answer to a question or during debate, a Minister discloses the advice or opinion given to him by any officer of the Government or by any other person or authority, he shall ordinarily lay the relevant document or parts of document containing that opinion or advice, or a summary thereof on the Table."

Here, the hon. Minister made some observations. He has referred to a certain document which, he says, is in his possession and on the basis of that he comes to the conclusion that there was a secret agreement between the former Prime Minister of India and the former Prime Minister of Pakistan, Mr. Bhutto. Naturally this House is competent enough to demand, under this rule itself, that we must know what is that document, and we have every right to demand that it should be placed on the Table of the House, because rule 370 clearly prescribes that it must be laid on the Table. It is a very serious matter, and this House must know what happened and what conspired between the two Prime Ministers, whether it was in the interest of the nation or not.

**SHRI ATAL BIHARI VAJPAYEE:** Mr. Speaker, Sir, before you give your ruling, please hear me.

**MR. SPEAKER:** I will certainly hear you.

**SHRI K. P. UNNIKRISHNAN:** A few days ago, the Minister for External Affairs made a charge outside the House which has been contradicted by the former Prime Minister.

The charge in substance was that Mrs. Gandhi, acting as the Prime Minister of India entered into a secret deal over Kashmir....

**SHRI ATAL BIHARI VAJPAYEE:** Understanding.

**SHRI K. P. UNNIKRISHNAN:** 'Deal' or 'understanding', whatever it was—if you want to put it that way. Now you know that we have been trying to raise this issue also through various Motions but, since you felt that the Demand of the Ministry was coming up you probably did not allow us. Now he has repeated this, but left it very vague—delightfully vague—so that anybody can say anything and get away with it. He said he was present in Simla—of course not in the capacity of Minister but as a Member of Parliament,—and he heard certain things. And, again, he has said that Mrs. Gandhi had a meeting with Mr. Bhutto because there was a deadlock. And now, he says, after he became Minister he has gone through the relevant records and also had discussions with what he calls 'knowledgeable people'. Now, I would like to know whether any minutes of these discussions have been kept and whether he has gone through those minutes. Or is he basing it on mere assumptions? Is he basing it on the advice given to him by the Ministry? Or are these just deductions? This is very important for the House and the country to know. If Mrs. Gandhi is guilty, she shall be punished. If Mr. Vajpayee is bluffing, he shall be exposed, but the House is entitled to know.

**SHRI VASANT SATHE:** We are really surprised that the Hon. External Affairs Minister, having made an innuendo or an indirect hint or suggestion that there was some secret agreement or understanding on the question of Kashmir, has not, even to day placed before us what was that understanding, what was the nature of that understanding, what was the purport of that understanding relating to Kashmir. The Simla Agreement is a recorded document. Therefore, we

[Shri Vasant Sathe]

do not find any such understanding, covertly or overtly. Now, if the Hon. External Affairs Minister has come to know, whether from documents or from knowledgeable sources whom he has contacted or from his personal knowledge, having been present there—I do not know whether he met Mr. Bhutto himself or Mr. Bhutto conveyed something to him the other day when he went there; I do not know whether Mr. Zia had some document which he showed to him, but the Adviser to the Pakistan Government on External Affairs. Mr. Aga Shahi who was here the other day, denied having any knowledge of any such understanding and the previous Prime Minister also, has categorically denied it. Therefore, the country must not be left in the lurch or with any sense of suspicion, particularly by a responsible Minister like Mr. Vajpayee. Therefore, he owes it to the House—whatever the consequences, it does not matter, but he owes it to the House—if the consequences are of a personal nature and if the consequences are going to fall on the previous Prime Minister, let her face the consequences; but I do not understand why he is trying to keep the House—today if he does not, having said so much, take the House and the country into connected about the nature of the understanding.

The two concerned persons are the ex-Prime Minister of India and on the other side is Mr. Bhutta and both are fortunately alive. Unless the Minister corroborates it or contradicts it; we cannot allow it—to go as one man's word against another man's word. This would be very unfair to the country if this is not made clear in the garb of the matter being in national interest. How is it an internal matter any longer? When it is an understanding between two Prime Ministers of two different countries, it is no longer an internal matter. I do not think, Shri Vajpayee can get away by saying that. Al-

though he asserts and reaffirms that there has been such a secret understanding, yet he is not willing to disclose what that secret understanding is. In the interest of the country, Shri Vajpayee owes it to this House to disclose what that understanding is and what evidence he has to justify that.

MR. SPEAKER: Before I call upon other Members, I would say that if you have anything new to mention, kindly add, otherwise leave it.

Shri Desai.

SHRI D. D. DESAI (Kariar): Mr. Speaker, Sir, under the garb of secrecy, the Minister should not deprive . . . (Interruptions).

SHRI RAM JETHMALANI: Sir, on a point of order. The House just resolved to continue these proceedings only until Shri Vajpayee finishes . . .

MR. SPEAKER: Until the demand is voted.

SHRI RAM JETHMALANI: Until Vajpayee finishes, this is what you said.

MR. SPEAKER: No, until this demand is voted.

SHRI RAM JETHMALANI: We can have it tomorrow, this is a matter of importance. . . . (Interruptions).

MR. SPEAKER: No; Mr. Desai.

SHRI D. D. DESAI: The principle is whether the Government or the Cabinet operates under the supervision of Parliament or whether they are entitled to have some secret negotiations and treat the country or a part thereof as a private property of individuals. This is the principle. Therefore, we must decide once for all that whether the Parliament should be taken into confidence and within the parameters laid down by Parliament, the Government would operate and not that they would have some

private negotiations and private settlement for the country, which would be binding on the country.

**PROF. P. G. MAVALANKAR:** Mr. Speaker, Sir. I do not want to repeat what has been said, but I must say that my esteemed friend, the hon. Minister has been treading on a very serious and delicate ground. He did say, if you recall his words that not only did he believe that this kind of a pact existed when he was not a Minister but he said and I am quoting his words,

"I take full responsibility as Foreign Minister to repeat what I said." Therefore, this is no longer a matter which can be taken lightly. Here is a Minister of the Cabinet and that too, a senior Minister like Shri Vajpayee, coming out with a statement on the floor of the House and not substantiating that statement with any convincing details. All I would suggest is that you may kindly consider this aspect of the matter. If the Minister stands on the point that there are certain documents or understanding or discussions, with knowledgeable persons that he had and these are of such nature that it would not be in the public interest to disclose any of those things, I can understand that posture that he may take.  
.... (Interruptions).

**SHRI VASANT SATHE:** That stage has gone.

**PROF. P. G. MAVALANKAR:** My contention is that a Minister in any Government has a right to even come to the conclusions without telling this House as to how he came to the conclusions if he thinks that the process of coming to the conclusion is something which is a matter of secrecy and which is not to be disclosed in public interest. Then, my submission is, let him say so that there are certain documents and papers in his possession,

which he thinks are not to be disclosed in public interest. (Interruptions). That is one aspect of the matter. I am not discussing merely the question of any secret agreement between Mrs. Gandhi and Mr. Bhutto. This may again happen on some other matters. I am discussing a fundamental question. Therefore, if any Minister takes the view that there are certain things which he will talk publicly, but will not give all details because it should not be disclosed in public interest, let him say so, let him go on record saying that there are certain things which should not be disclosed in public interest. That is right. Certainly the practice has been that if the Minister thinks that there are certain things. (Interruptions). As a matter of fact we pass so many things and we give so many powers to the Government and if the Government says that it would not be in public interest to disclose certain things, we accept it in bonafide. That I have said.

My second and last point is, if the Minister has certain documents and he said, "I would like to take the House into confidence"—that is the phrase which he used—if he feels that he has certain things in his possession which he would like to share with us all, his hon. colleagues in this House, without detriment to national interest at publicity, etc., there is the other possibility of converting this House into a secret session, let the press and the strangers be called off and let the Minister tell this House in full confidence what he has got to say in this. That is also the second course left to him. But if he does not take either of the two courses, then we are left in the lurch and darkness and in a situation which we cannot accept as Members of Parliament.

**SEVERAL MEMBERS.** rose—

**MR. SPEAKER:** I am calling different party members.

This is not going to be another debate. Mr. Chandrapan.

SHRI SAUGATA ROY. I am on a point of order

MR SPEAKER I have called Mr Chandrappan

SHRI HARI VISHNU KAMATH rose—

MR SPEAKER Are you on a point of order?

SHRI HARI VISHNU KAMATH Yes Sir I am afraid, the rules regarding laying of the documents on the Table of the House have not been fully and in their totality, brought to your notice viz Rules 368 369 and 370

Now Rule 368 says

"That if a Minister quotes in the House a despatch or other State paper

The Minister has not done so at all

which has not been presented to the House, he shall lay the relevant paper on the Table'

The Minister has not done anything of that sort. He has not quoted any despatch nor any other State paper. The provisos do not apply because he has not quoted any despatch nor any other State paper. The provisos of public interest does not arise at all. So, they are misleading the House, the other side is completely, totally and deliberately misleading the House (Interruptions).

MR SPEAKER Let there be orderly debate

SHRI HARI VISHNU KAMATH Now please see Rule 370 also

It reads:

"If in answer to a question or during a debate, a Minister discloses the advice or opinion given to him by any officer of the Government or by any other person or authority "

As far as I am aware, I listened to his speech very closely with all respect

and attention, I do not think he disclosed the opinion of any officer or authority on the subject at all. He said he had access to all papers in the Ministry but he did not name any officer, by name or designation. This rule, therefore, says

SHRI VASANT SATHE Any other person

SHRI HARI VISHNU KAMATH No he has not disclosed any name. I listened to him with all my heart and with all my mind. This rule says

If in answer to a question or during debate a Minister discloses the advice or opinion "

He has neither disclosed the advice nor the opinion given to him by any officer or any other person

SHRI VASANT SATHE Knowledgeable person

SHRI HARI VISHNU KAMATH No he has not disclosed

(Interruptions)

SHRI K P UNNIKRISHNAN Knowledgeable persons. Hundred times, he has said

SHRI VASANT SATHE He is not on the Point of Order. He is defending the Minister

SHRI HARI VISHNU KAMATH The Rule says— he shall ordinarily

SHRI VASANT SATHE Give the reasons now

MR SPEAKER Rule 377 orderly debate

SHRI HARI VISHNU KAMATH Neither of the Rules 368, 370 has been broken. He has not quoted any despatch, nor he has given the opinion by any officer or any other person, or authority, nor he has quoted any advice in the House. So he is not bound under rules to lay any document or any paper.

**MR. SPEAKER:** I have understood the point.

**SHRI C. K. CHANDRAPPAN (Cannanore):** My point is there are no two opinions in the House that the charge made by the hon. Minister is so serious. The Minister himself said that he took the entire responsibility for levelling that charge. The only question is that the Minister said that in the public interest he cannot place those documents on the table. But afterwards whatever explanation he had given was not convincing to the House though he tried to take the House into confidence.

There are certain practices in this House. Perhaps, Mr. Vajpayee, when he was sitting on this side as one of the leaders of the Opposition, would remember that this House discussed the Pondicherry Scandal case and at that time the argument advanced from the treasury benches was that the files were confidential and in the public interest it could not be revealed. Then the House found out the solution because the whole country wanted an answer and the House also wanted an answer and then the House took the Speaker into confidence and a Committee of the House was constituted. The whole files were placed at the disposal of the Speaker and the Speaker constituted the Committee representing various members from various parties. I think including Shri Morarji Desai. I do not know whether Shri Vajpayee himself was a member seeing those files. If he was not, then somebody from Jan Sangh was there. My Point is....

**SHRI ATAL BIHARI VAJPAYEE:** This is not a scandal.

**SHRI C. K. CHANDRAPPAN:** This is the biggest scandal. If the Prime Minister of that time had entered into an agreement over the head of the Parliament, over the head of the country, it is a crime. Shri Vajpayee by making it public, he wanted the country to know that such a crime had been committed. There is no reason

to keep that a secret. My suggestion, therefore, is that the Speaker as the custodian of the House should be taken into confidence and the Speaker should constitute a Committee as was the tradition of the House and the document should be gone through because you owe an answer to the country. No doubt, there is no escape.

Some time back another thing was also said, I think Mr. Vajpayee may be you and your friends said that there is a secret provision in the Indo-Soviet friendship treaty.

**SHRI ATAL BIHARI VAJPAYEE:** I did not say that.

**SHRI C. K. CHANDRAPPAN:** Somebody at that time had said including people from the party. But then after coming into power the Prime Minister came and said there is no secret provision. Here again comes another secret deal. The House has a right to know and the country too. My concrete suggestion is that the Speaker should take the consensus of the House and you may constitute a Committee and the records should be placed before you and the Committee to see that.

That is the tradition and so I am pointing it out.

**DR. SUBRAMANIAM SWAMY:** One point was missed,—a short point..

**MR. SPEAKER:** Mr. Somnath Chatterjee. I have called Mr. Somnath Chatterjee.

**SHRI SOMNATH CHATTERJEE (Jadavpur):** Mr. Speaker, Sir, reference has been made to Rule 368 by my friend here.

**SHRI HARI VISHNU KAMATH:** I cited it.

**SHRI SOMNATH CHATTERJEE:** It has been pointed out that on the basis of that rule it is incumbent on the Minister to lay the paper on the Table.

MR SPEAKER Rule 370

SHRI SOMNATH CHATTERJEE Rule 368 is obviously not applicable because there has been no quotation from any document. So far as Rule 370 is concerned, what is stated here is this —

If in answer to a question or during debate a Minister discloses the advice or opinion given to him by any officer of the Government or by any other person or authority he shall ordinarily lay the relevant document or parts of document containing that opinion or advice or a summary thereof on the Table.

As such I am not holding any brief for him. But it is obvious that he was not referring to any advice or opinion given by somebody which is contained in a document. He has not referred to it. Therefore there is no question of applicability of Rule 370 in a matter like this. There is no applicability of Rule 370. Therefore he cannot be compelled to do it. Further Sir in a matter like this we have to rely on the judgment of the Foreign Minister that in the public interest it is not to be disclosed. Sir we are not surprised that there was such a secret understanding because the person who was a party to it was quite capable of doing it. She played with the lives of millions of people of this country. The people of this country had been denied their freedom. They lost their civil liberties. They lost everything. Therefore she is quite capable of it. (Interruptions)

SHRI SAUGATA ROY I rise on a point of order.

श्री हुकम चन्द कल्याण अध्यक्ष महोदय, आप एक दल के कितने लोगों को बुलायेंगे।

MR SPEAKER I am going to give you adequate hearing.

श्री हुकम चन्द कल्याण आप एक दल से कितने लोगों को बुलायेंगे।

MR SPEAKER I have not called you Mr Kachwai. Mr Shankaranand, you may say, if you have to add anything.

SHRI B SHANKARANAND (Chikodi) I am not repeating anything. Sir, an attempt is being made by a few members to defend the Foreign Minister under the technicalities of some rules. I do not think he can be defended in this way. By making reference to a secret understanding he has really damaged the prospects of smoothening the relations with our neighbouring countries.

THE MINISTER OF EXTERNAL AFFAIRS (SHRI ATAL BIHARI VAJPAYEE) I have not.

SHRI B SHANKARANAND Now the main point for us to consider is, whether the Foreign Minister is recognising respecting and following the Simla Agreement. He is not.

MR SPEAKER Mr Shankaranand we are not on that issue. We are on another point. Let us have a limited debate. (Interruptions) We are not on that point. We are on the scope of Rule 370.

SHRI B SHANKARANAND Having referred to the secret agreement or understanding.

MR SPEAKER The debate is not whether it is right or not. What shall I do? What is my power under Rule 370?

SHRI B SHANKARANAND I am coming to that, Sir. He has referred to certain knowledgeable persons. The House is entitled to know the names of those persons as to who they are. (Interruptions) If he refers to certain documents, we are entitled to look into those documents. He cannot get away by saying that there was secret understanding because he wanted to justify himself or defend himself by saying all this outside. What has the Foreign Affairs Minister got to say?

**SHRI SAUGATA ROY:** Let me be heard.

**MR. SPEAKER:** I shall hear you also.

**SHRI B. SHANKARANAND:** Sir, he has referred to the persons saying that they are knowledgeable persons. Who are those persons—whether they are in his ministry or outside. How did he come to know? All the relevant materials we should have.

**MR. SPEAKER:** Mr. Ram Jethamalani.

**SHRI RAM JETHAMALANI:** Mr. Speaker, Sir, the question of legal obligation of the minister to comply with Rule 370 must be distinguished from the question of propriety of taking this House into confidence.

Purely on the construction of rule 370, it appears that on the face of it, that Rule 370 comes into play only when the Minister has voluntarily disclosed to the House the advice or opinion given to him either by an officer or by somebody else.

What the Minister has actually done is to give his own opinion, conclusion, judgement, formed. (*Interruptions*) The hon. Member will not understand the law unless he hears something from me. He has purported to give his own opinion which is based upon circumstantial evidence which he has ascertained from others but not upon the opinion of others. You know as a judge, that when you record an evidence of an expert, then you are acting on opinion evidence. Based on the circumstantial evidence, he draws upon his own conclusion from that circumstantial evidence. He is not relying upon the opinion of somebody else. Let us not take what the Minister said. I am not going into it. (*Interruptions*).

**SHRI C. K. CHANDRAPAN:** Is it a criminal evidence?

**SHRI RAM JETHAMALANI:** For example, the Minister said that there were lots of difficulties. The difficulties appeared to be insoluble. Then there was a dinner. Then, after the dinner, there was a meeting. After that meeting, the difficulties disappeared.

Now it is possible for somebody from the circumstantial evidence to form an opinion that there was some secret agreement; he is giving an opinion on it but he is not relying upon the opinion of others. Therefore, some other witnesses, some other gentlemen have come and given some materials and on the basis of those materials, he has formed his own opinion which he has given to the House.

May I say one word? I want to appeal to my learned friends not to embarrass the Minister by insisting on disclosure of a thing so delicate.

**MR. SPEAKER:** That aspect is for the Minister to say. Dr. Subramaniam Swamy.

**DR. SUBRAMANIAM SWAMY:** I support the points made by Shri Kamath and Shri Jethamalani. Listening to the Minister it was quite clear that he was summarising in his own words and he had put that in his own words.

I now come to the second provision namely:

“provided further that where a Minister gives in his own words a summary or gist of such despatch or State paper it shall not be necessary to lay the relevant papers on the Table.”

Sir, even assuming that he had used the words ‘state paper’, where it is done by his own words or where he is using a gist, it is not necessary for him to lay it on the table. Therefore, they have no case on either ground.

**SHRI SAUGATA ROY:** Mr. Speaker, Sir, while rising on a point of order under Rules 368 and 370 I shall point

[Shri Saugata Roy]

out two precedents from Sixth Lok Sabha One was about the Farrakka agreement which was signed There was lot of turmoil in Lengal Yo. allowed a debate I made a charge that the Prime Minister of India Shri Morarji Desai made a secret deal with General Zia Rehman The Foreign Minister denied it Since the Foreign Minister denied it we did not press the charge because it was on a delicate matter of foreign relations

There was another precedent in which the Home Minister Shri Charan Singh had made the charge that the former Prime Minister had thought of shooting off of people in the jails We asked him to substantiate the point He could not We brought a censure motion against him He could not prove the point at the time of the censure motion

Now Sir this case is still a more serious case The Minister has made the statement in the House If he makes it on some platform outside in a public meeting to whomsoever he had spoken could go to the court and sue him for libel But here in the House when the Minister speaks he speaks with all responsibility The Minister could have entirely avoided making a reference to it Here he says that now I am the Foreign Minister of the country and I have in my possession full documents and I have talked to knowledgeable people who have told me about it

SHRI H L PATWARY What is the new point? What is the new point that you want to make?

SHRI SAUGATA ROY Now Sir, there are two alternatives open to the Minister As Dr Subramaniam Swamy has correctly pointed out if the Minister cannot prove the point then the Opposition will have to bring a censure motion against him If the Minister wants to take protection under Rule 368 then the Minister has to make a statement on the Floor of the House that I have got in my pos-

session all these documents but it is inconsistent with public interest and, therefore, I take protection under Rule 368 Or the Minister can say what I have said is from my personal inference I take protection under Clause 3, viz,

Provided further that where a Minister gives in his own words a summary or gist of such despatch or State paper it shall not be necessary to lay the relevant papers on the Table'

He can say from the gist of summary of State papers I have come to this conclusion and I do not want to lay it on the Table of the House Let him state that clearly What I want to stress is that you instruct the Ministers to be very responsible in their utterances on the Floor of the House in future If they are not they can take protection under Rule 368

SHRI NIRMAL CHANDRA JAIN

Sir there are two most important points in this matter In Rule 370 first it is said discloses the advice or opinion given Kindly see the latter portion where it is said ordinarily lay the relevant document or parts of document containing that opinion or advice or summary thereof on the Table The first thing is that opinion or advice must have been taken from somewhere This forms part of a document If there is some evidence somewhere then it would stand in contravention of advice or opinion for which there is relevant document Secondly you will kindly see that there is one important word ordinarily' Here the responsibility has been given to the Minister to use his own discretion Here it says like this

'370 If in answer to a question or during debate a Minister discloses the advice or opinion given to him by any officer of the Government or by any other person or authority, he shall ordinarily lay the relevant document or parts of document containing that opinion or advice, or a summary thereof on the Table'

So, he can take shelter under this and say "ordinarily I would not lay it" and he has got certain reasons for that. The discretion would be his and not of the House.

**SHRI D. N. TIWARY:** Mr. Speaker, Sir, the Minister has made certain statement which has been doubted by the Opposition Members. They think that he has not made the correct statement. Whether it is a bluff or a stunt whether it is true or not, Mr. Mavalankar has suggested formation of a Committee under you.....  
(Interruptions).

**SEVERAL HON. MEMBERS:** No, No.

**SHRI D. N. TIWARY:** My submission is when the Minister says that it is not in the public interest.....  
(Interruptions).

**MR. SPEAKER:** He has not said that. I will hear the Minister.

**SHRI D. N. TIWARY:** My suggestion is that he should show the papers or the statements to you.....  
(Interruptions)

**SOME HON. MEMBERS:** No, No.  
(Interruptions)

**SHRI D. N. TIWARY:** And you may, after you are satisfied tell the House and the matter will rest there.

**MR. SPEAKER:** Now, the External Affairs Minister.

**SHRI VASANT SATHE:** Sir, on a point of order under Rule 353.

**MR. SPEAKER:** I have heard your point of order.

**SHRI VASANT SATHE:** That you have heard under Rule 370. This is under Rule 353.

**MR. SPEAKER:** A Member cannot raise point of order on the same subject, one time under 374, another time

under 358 and so on. No further point of order.

**SHRI VASANT SATHE:** But you will refer it Sir.

**MR. SPEAKER:** I will refer it.

**SHRI ATAL BIHARI VAJPAYEE:** Sir, I did not quote a despatch or any other State paper. So, the question of laying the relevant paper on the Table does not arise. Nor did I disclose the advice or the opinion given to me by any officer of the Government or by any other person or authority.....  
(Interruptions) If I am not allowed to complete how can I make my point? Please hear me.

**SHRI SAUGATA ROY:** What about the Simla Agreement?

**SHRI ATAL BIHARI VAJPAYEE:** Whatever I have said on the subject is the conclusion which has been derived from circumstantial evidence after talking to so many people, after examining so many documents. As the question relates to national interest, let it not be compared with the Pondicherry scandal.

(Interruptions)\*\*
