

**Title: Need to introduce Vande Bharat trains between Amravati and Visakhapatnam, Hyderabad, Chennai and Tirupati.-laid**

**SHRI JAYADEV GALLA (GUNTUR):** Indian Railways deserve compliments for introducing indigenously developed fastest train Vande Bharat. I thank the Hon?ble Minister of Railways for introducing Vande Bharat between Secunderabad and Visakhapatnam recently. The Hon?ble Minister of Finance, while presenting Budget in 2022, announced that Government would manufacture 400 Vande Bharat Trains to be introduced in three years. I welcome this announcement, since Vande Bharat is a symbol of India?s capability. It proved that we can be Atmanirbhar in developing indigenously high-speed trains. Para 11 of Schedule 13 to Andhra Pradesh Reorganisation Act mandates GOI to establish rapid rail connectivity from new capital of AP to Hyderabad and other important cities. I don?t know the status of metro rail promised for Vijayawada and Visakhapatnam. But, I request Hon?ble Minister of Railways to introduce Vande Bharat trains between Amaravati and Visakhapatnam, Hyderabad, Chennai and Tirupati as soon as possible. This will help people to reach their destination early and enjoy India?s highspeed rail.
