10-02-2023 Regarding need for elevated Corridor Road between Madhavaram and Tada in Chennai. SPECIAL MENTION (ZERO HOUR) Jayakumar, Dr. K. Road Traffic Highways

Title: Regarding need for elevated corridor road between Madhavaram and Tada in Chennai.

DR. K. JAYAKUMAR (TIRUVALLUR): Hon. Chairman, I rise to register a point regarding the most important need of elevated corridor road between Chennai to Tada. This road is on the Kolkata highway. The harbour is there in Chennai. There is an industrial estate in Andhra Pradesh. There is heavy traffic on this road. In the morning hours people are taking a lot of time to travel. Traffic jams take place for one and a half hours to three hours. This is the third time that I have been stressing upon this point in this House to construct an elevated corridor. I have been getting irresponsible answers to the effect that it may be taken up or may not be taken up. This is a very important road. Through you I stress upon the point that this Government should take up this elevated corridor road between Madhavaram and Tada in Chennai. Thank you.
