### LOK SABHA

Wednesday March 1, 1978/Phalguna  
10, 1899 (Saka)

The Lok Sabha met at Eleven of the  
Clock.

[MR. SPEAKER in the Chair]

### ORAL ANSWERS TO QUESTIONS

MR. SPEAKER: Q. No. 122; Shri  
Kalyanasundaram.

SHRI M. KALYANASUNDARAM:  
Sir, before putting the Question, I  
have a point of order.

श्री हुकम चन्द कछवाय : प्रश्नकाल में  
व्यवस्था का प्रश्न नहीं उठता है। सदन का  
समय खराब नहीं होना चाहिये।

SHRI M. KALYANASUNDARAM:  
I want to make a submission. My  
submission is that Questions and Ans-  
wers are not confined only to the Mem-  
ber who puts a Question and the Minis-  
ter who answers it. I want the state-  
ment to be read. In the Answer  
distributed, I saw the reply of the  
Minister saying, "A statement is laid  
on the Table of the House." There  
should be some difference between  
statements and answers. Answers  
themselves cannot become statements.  
The statements are only intended to  
substantiate the facts given in the ans-  
wers. Here the answer may be  
little lengthy. But I would request  
the Minister to read out the state-  
ment so that other Members may  
also benefit.

3740 LS-1

MR. SPEAKER: It is upto you to  
change the procedure. But until the  
procedure is changed, the present prac-  
tice continues.

SHRI M. KALYANASUNDARAM:  
I am only making a submission. This  
is a deviation from the procedure.

MR. SPEAKER: There is no devia-  
tion; you please put the Question.

### Blending of Portland Cement with Pozzolana

\*122. SHRI M. KALYANASUNDA-  
RAM: Will the Minister of INDUS-  
TRY be pleased to state:

(a) whether Government have per-  
mitted the cement manufacturers to  
blend portland cement with Pozzolans  
and to sell it at higher price;

(b) whether Government's atten-  
tion has been drawn to the news item  
which in "New Age" weekly dated  
5th February, 1978 in this regard  
captioned "Rs. 93 crores Bonanza for  
Cement Tycoons"; and

(c) if so, the details and Govern-  
ment's reaction thereto?

THE MINISTER OF INDUSTRY  
(SHRI GEORGE FERNANDES): (a)  
to (c). A statement is laid on the  
Table of the House.

### Statement

(a) to (c) Government have seen the  
report in the New Age weekly dated  
5th February 1978 under the cap-  
tion "Rs. 93 crores Bonanza for  
Cement Tycoons." The report contains  
two allegations viz., that Government  
have permitted the cement manufac-  
turers to blend portland cement with  
pozzolana and have also increased the  
price of cement by Rs 17/- per tonne  
in order to benefit the cement manu-  
facturers. The report is incorrect

and based on mis-conceptions. The correct position in respect of these two matters is set out below:

(i) *Portland Pozzolana Cement:*

Portland Pozzolana cement is an internationally accepted variety of cement and has been manufactured in the country since 1965. This is produced by inter-grinding pozzolanic materials with portland cement and not by intermixing portland cement with pozzolanic materials as alleged. The Indian Standards Institution have laid down specifications for ordinary portland cement and portland pozzolana cement. Portland pozzolana cement is particularly suited for specific areas for its sulphate resistance. The question of a differential price for pozzolana cement had been considered by the Tariff Commission but not recommended.

(ii) *Increase in price of cement:*

Shortages in the supply of cement had developed on account of higher demand for consumption for public works as well as for agriculture, industry and housing. Substantial quantities of cement were also required to repair ravages caused by cyclone in Andhra Pradesh and Tamil Nadu. Government, therefore, decided to permit the import of about 1 million tonnes of cement to meet the additional demand. As the landed cost of the imported cement is higher than the cost of indigenous cement, Government decided to pool the price and increase the f.o.r. destination price of cement by Rs. 17/- per tonne with effect from the 7th January 1978. This increase does not benefit the cement manufacturers as there has been no increase in the exports or retention price of cement.

**SHRI M. KALYANASUNDARAM:** May I request you to direct the Minister to read the statement?

**MR. SPEAKER:** That will take a long time. The statement has been available to you.

**SHRI M. KALYANASUNDARAM:** It is available to me. But what about other members?

**MR. SPEAKER:** It is available to all, whoever wanted it. You put your supplementary.

**SHRI M. KALYANASUNDARAM:** The answer contained in the statement is misleading. The question is whether the cement manufacturers were allowed to change the quality of the cement. You can call it by whatever name you like, it may be called blending or whatever may be the description. They are adding an inferior variety of stuff called 'Pozzolana' to the Portland cement, thus reducing the quality of cement itself. The quality of cement is reduced, but they have given another explanation about the increase in prices. The quality of cement is reduced by adding Pozzolana cement to the Portland cement during the process of manufacture itself. Why should this concession be given to the manufacturers? The cost of construction is one point. My second point in the first question is: did the manufacturers approach the Government for changing this quality? Did the Government study the implications before giving permission for this blending? Adulteration is there on a very big scale. Cement is not actually short, but there is a huge black-market; even in a city like Delhi, people complain that they cannot get a quality cement. Adulterated cement is there and that too is sold at a black-market Price. In such a situation, what is the justification for the Government of India to allow this so-called blending?

**SHRI GEORGE FERNANDES:** The question was actually whether the Government's attention has been drawn to the news item in *New Age*. The *New Age* is a weekly journal of the Communist Party of India of which Mr. Kalyanasundaram, the hon. Member, is also a member. I had to make a statement, a long statement and lay it on the table of the House because that report is a long one.... The questions that he has now raised are also based on the report that has

appeared in *New Age*. The report itself is based on the total mis-conception and perhaps ignorance of what is exactly the whole industry about and what Pozzolana cement is about and also about the prices because price is one of the questions. In fact, the headlines of the report is: "Rs. 93 crores Bonanza for Cement Tycoons" and it is all about the socialist Mr. George Fernandes going out to please tycoons in the cement industry. As far as point one is concerned, there has been no ex-factory increase in prices in cement. The cement manufacturer in this country has got one paisa more. There has been an increase of Rs. 17 at the retail point per ton which has been rounded to a rupee per bag on an average per ton. This was because we are importing just now about a million tonnes of cement and the cost of imported cement is exactly twice the price of cement that is produced indigenously and that is available at the retail outlets. Either we have to take that money to the ex-chequer or we have to take care of that increase by bringing about a slight increase in the overall price of cement. We chose just the latter course and there has been one rupee increase in the price of cement at the retail points. But this money goes into the cement regulation fund from where necessary adjustments are made to cover the increased cost of import and freight. This is one aspect. So, there is no bonanza to anybody.

Now, in so far as Pozzolana cement is concerned, again there seems to be a total ignorance on the part of those who have prepared this report. Pozzolana cement is not a new formula that we have evolved in this country; Pozzolana cement along with grey Portland cement and slag cement are the three major qualities of cement that are available. In this country, last year the amount of Pozzolana cement that was produced would be of about a million tonnes out of roughly 20 million tonnes of cement that we produced. In 1976, it was 751,000 tonnes. So, this is not something new that has been suddenly introduced by the new

Industry Minister. In 1976, it was 751,000 tonnes; in 1975, it was 8,57,000 tonnes. Now, over a number of years, Pozzolana cement is being manufactured in this country; Pozzolana cement is where we use fly ash mix it grind it with the grey Portland cement in a certain proportion. And the cement is marketed with ISI specifications just as there is the slag cement marketed under ISI specifications, there is the grey portland cement marketed under ISI specifications. No cement manufacturer has approached us for any special consideration to be given to them, because, it is open to any cement manufacturer to produce pozzolana cement or slag cement. In fact, a lot of slag has been wasted in this country over the years, particularly in the steel mills. We are not going in for additional cement plants. We are trying to attach cement plants to the steel mills so that the slag that is now wasted can be converted into cement and slag cement is made.

So far as the quality is concerned, the ISI takes care of the quality aspect, and I do not see any problem in so far as the pozzolana cement concerned. There is only one other point, and that is that cement is being black-marketed in Delhi and elsewhere. It is true that there has been inadequate availability just now, that is essentially because adequate forward planning was not done in the past. We are at the moment short on cement by about one and a half to two million tonnes. We are importing cement and are making good that deficit. If there is black-marketing, at the level of the Government we are doing whatever we can. Some months ago when black-marketing was at a fairly high rate, I wrote letters to all the political parties in this country. There are 24,000 retail dealers in cement. I appealed to the political parties to form some kind of Vigilance Committees and attach themselves to these retail dealers. I appealed to the State Governments: I appealed down to the District Magistrate level, to see that black-marketing in cement was ended. We are doing all that we can in this respect.

MR. SPEAKER: Please ask your second question.

SHRI M. KALYANASUNDARAM: On the answer to my first question itself, I want some clarifications....

MR. SPEAKER: No. Ask your second question.

SHRI M. KALYANASUNDARAM: My second question is this. The pozzolana cement as admitted in the statement and also by the hon. Minister on the floor of the House, is inferior to the portland cement. May be, it is required for some other jobs, but when they produce an inferior quality of cement, the price is remaining the same! Leave alone the increase now sanctioned for meeting the imported cost. Did Government not think it necessary to reduce the price also to match with the quality of the cement. Why did they permit the price to remain the same?

Secondly the biggest consumer of cement is the Central Government, the State Governments and the local administration. When that is so, will the Government consider whether the cement industry as such could be nationalised in order to avoid all these difficulties?

SHRI GEORGE FERNANDES: I never said that the pozzolana cement was inferior in quality. Each cement has its own quality. There is the pozzolanaz cement, there is the grey portland cement, there is the slag cement. These are the three major different varieties of cement. Each quality has its own virtues its own general quality of it.

Now, so far as the price aspect is concerned, the Tariff Commission went into the price question some years ago, and the factories are receiving a certain retention price. Some of the factories are today not even able to really make good. There are units that are on the sick list in the cement industry for a variety of reasons. In the new factories that we are setting up, the costs are going up much more. In fact, the whole price question calls for reconsideration at certain future

point of time. Therefore, to say that manufacture of pozzolana cement by any particular unit in a certain percentage where fly ash or slag is available, is given to that unit as a special favour is not true. The price has been worked out by the Tariff Commission and there is a certain retention price that is available to all the cement units in this country.

So far as Government using the cement in large quantities is concerned—the State Governments and the Central Government in various public works—this has been going on over a period of time. There is nothing new or special about it today.

We have just now no plans to consider the proposal made by the Hon. Member about nationalisation of cement units.

SHRI VINOBHAI B. SHETH: Sir, we exported cement in the previous year but this year we are importing it. What is the average loss to the country due to this export-import policy of cement?

Secondly which is the port of import? I have come to know that the Ministry has selected Bombay as the port for import of cement. Will you please diversify the selection so that it is distributed to all the major ports of the country?

SHRI GEORGE FERNANDES: We did some export of cement last year and the year before but this year we have stopped export of cement because we have discovered that in view of the over-all situation exports should be stopped. We are now importing it because there is a shortage and it is necessary to import cement as long as the shortage continues and until such time as we are not able to increase our own production.

In so far as ports are concerned, we are not importing cement only at Bombay; it is now being imported at Cochin, Madras and Visakhapatnam also and

we have issued instructions that ships should be diverted to all the ports in the country so that imported cement is available uniformly all over the country.

**SHRI K. LAKKAPPA:** My hon. friend Shri George Fernandes has conceded that there has been an increase so far as black-marketing of cement is concerned. It has also been brought out that there is mixing of Pozzolana cement with other cement and thus, a sub-standard cement is being sold, which is not useful for building purposes.

It has also been stated by the Minister that thousands of dealers of cement are spread throughout the country and that they have no control over the dealers.

I would like to know whether, in order to see that black-marketing is stopped, the Government would be able to take over at least the distribution system from the manufacturers of cement. There should be not only fair distribution throughout the country but also distribution of good quality cement.

**SHRI GEORGE FERNANDES:** In so far as the quality of cement is concerned, there seems to be total confusion. I would like to reiterate that Pozzolana is not an inferior cement; it is as good as any other cement and it is used in certain areas in particular situations. It is particular variety of cement. I would therefore like the Hon. Member to clear his mind about the quality of cement.

In so far as the distribution aspect is concerned it is not possible for the Government to look after the distribution of 24000 retail outlets. As of now, there is a uniform distribution that we have in operation. So, there is no problem about distribution, but there is a shortage and that shortage is being taken advantage of by certain unscrupulous traders....

**SHRI K. LAKKAPPA:** I would like to clarify my question.

**MR. SPEAKER:** No, You have put your question and he has clearly understood it.

**SHRI K. LAKKAPPA:** I would request you to hear with me—.

**MR. SPEAKER:** No, I am not allowing it; he has understood your question.

**SHRI K. LAKKAPPA:** He was in the process of answering my question. Will you at least let him continue his answer about taking over the distribution system?

**MR. SPEAKER:** If he has anything more to say about the distribution system, he may continue.

**SHRI GEORGE FERNANDES:** I was saying that there is an adequately fair distribution system; there is equitable distribution in so far as geographic areas are concerned. But unscrupulous traders are taking advantage of the shortages and we are trying to take care of that.

श्री राममूर्ति : मैं माननीय मंत्री जी से जानना चाहता हूँ कि क्या उन की नोटिस में यह आया है कि सीमेंट में पिडोल बहुत बढ़ी मात्रा में पूरे देश के अन्दर मिलाया जाता है और चूँकि पिडोल का रंग और सीमेंट का रंग एक सा होता है इसलिए उसके मिलाने से भेद मालूम नहीं पड़ता है ? पिडोल काले रंग की एक मिट्टी होती है। उसके मिलाने से सीमेंट की शक्ति बहुत घट जाती है जिससे जो इमारतें बनती हैं उनके लिटर्स और दीवारों वगैरह को बहुत क्षति पहुँचती है और वे गिर जाया करते हैं। इसको रोकने का कोई इतजाम सरकार को निगाह में है ?

श्री जार्ज फर्नान्डिज : हमारे पास अभी तक कोई शिकायत तो नहीं आई है लेकिन जैसा मैंने कहा सीमेंट का इस्तेमाल समूचे देश में होता है और हर स्तर पर सभी अगर सचेत और जागरूक रहें तो इसका जवाब देने का काम आसानी से हो सकता है।

**SHRI R. VENKATARAMAN:** Sir, we have been using the expression pozzolanic material, but the pozzolanic material is really volcanic ash containing silica, alumina, lime etc. which is found in the lava of volcanoes. The material which is used in India for the manufacture of pozzolana cement has none of these things; neither alumina is there, nor silica is there; but it has only fly ash coming from our power stations, Ennore and other power stations. It is just ash, which is being used.

My point is that pozzolana cement takes longer time to set. The hon. Minister said that there is no difference. It is an expert opinion that pozzolana cement takes longer time to set than the other cements, and to that extent, therefore, there is some inferiority in quality. In view of the lower cost, would the hon. Minister consider reducing the retail price of the pozzolana cement to the consumers?

**SHRI GEORGE FERNANDES:** The price of cement today is based on various factors. The end price of grey portland cement is fixed by taking into account the cost of inputs for pozzolana cement and slag cement. The tariff Commission worked out a certain price structure; I do not see any need now to disturb that price structure, because if there is a certain reduction in the cost of producing a certain variety, there is certain extra cost in producing certain other varieties of cement. All these factors have been taken into account and I do not see any need to change the price structure now.

### **C.B.I. Investigation into corrupt Practices by B.H.E.L.**

\*123. **DR. SUBRAMANIAM SWAMY:** Will the Minister of INDUSTRY be pleased to state:

(a) whether the CBI has been or is currently investigating reports of irregular or corrupt practices of the Bharat Heavy Electricals Ltd. (BHEL); and

(b) if so, the details and nature of such investigation?

**THE MINISTER OF INDUSTRY (SHRI GEORGE FERNANDES):** (a) and (b). Yes, Sir. A statement is laid on the Table of the House.

#### **Statement**

On receipt of information, in July, 1977 that certain officials of Bharat Heavy Electricals Ltd. (BHEL) had abused their official position in connection with the export orders secured by them from Libya and Malaysia by sharing the commissions paid to the local agents and deriving pecuniary benefits, preliminary enquiries were made by the CBI. However, after receiving clarifications and information they decided not to make any further enquiry in regard to these allegations.

2. In regard to another allegation of award of various contracts and orders placed by BHEL on a firm of one Shri R. K. Swamy, Advertising Agents involving alleged irregularities and malpractices the CBI are currently enquiring into the matter.

3. It is also reported by BHEL that there are ten other cases where CBI is

understood to have taken up enquiries against certain officers of BHEL. The details of these cases are given as under.

S. No.	Case No.	Gist
(1)	R.C.No. 16/76-JBR}	Acceptance of bribe for allotment of open plot in BHEL Township by Shri G.P. Varma, Estate Inspector.

(3)	PE No. 31/77-DLI	Favours shown by S/Shri P.K. Biswas, Purchase Officer and V.M. Panikkar Asstt. Gr. II to M/s A. K. Sharma for awarding a contract of internal structural changes in the warehouse at Okhla.
(4)	PE No. 35/77-DLI	Purchase of stationery items at the higher rates from M/s. V.K. Enterprises and Vandana Enterprises by S/Shri P.K. Biswas, Purchase Officer and V.M. Panikkar, Asstt. Gr. II.

(9)	PE No. 1/78-JBR	Against Shri R.K. Garg, Planning Engineering in regard of L.I.C. agency being run by his wife.
(10)	RC No. 24/75-JBR	Against Shri B. D. Gehani, Sr. Asstt. Cashier and four others for making payments to wrong persons on the basis of L.T.C. advance application of fictitious persons.

4. The above cases pertain to alleged irregularities or favouritism shown by the officers of BHEL in their individual capacity.

DR. SUBRAMANIAM SWAMY: Sir, I had set this question really for the Home Ministry and it has been transferred to the Industries Ministry. I have no objection to this transfer, but

at least the Lok Sabha Secretariat should have informed me of such a transfer.

The reason why I had set it for the Home Ministry is that Shri Fernandes has already gone on record to say that there was no probe of the CBI against official of the Bharat Heavy Electricals Ltd. I would quote a statement of his made both in Rajya Sabha and

here, as it appeared in the Times of India on 5th September, in which he said:

"In so far as he knew, no investigations had been initiated against any officials regarding alleged payment of slush money by the Bharat Heavy Electricals Ltd. When his attention was drawn to a statement by Dr. Subramaniam Swamy...." That is myself.

".....that the Central Bureau of Investigations had started a probe against some officials of the BHEL, Mr. Fernandes remarked: 'Dr. Swamy seems to know more than what I do what is happening in the Ministry'".

I think, the Minister is quite right, at that time certainly I knew about the Ministry than he did and I think him for correcting himself.

I would not press further on the question of slush money in view of the national interest involved but I would like to ask the Minister.....

**SHRI SHYAMNANDAN MISHRA:** What is the national interest involved in the slush money? The country does not believe in slush money.

**DR. SUBRAMANIAM SWAMY:** That you can ask on your turn. I would like to ask the Minister whether he has seen a statement in the Hindustan Times on Friday the 13th January, 1978, which said:

"Mr. V. C. Tandon Deputy General Manager, BHEL has denied that the CBI is enquiring into alleged corruption in various units of the BHEL as reported in the newspapers Yesterday."

He says that the allegations made in the report are factually not correct.

Now, the Minister says that in fact, there has since quite some time been a CBI probe. In view of this, whether the Minister would gear up BHEL and also take action against the officials who misinformed the public in this manner. That is my first question.

**SHRI K. LAKKAPPA:** I rise on a point order.

**MR. SPEAKER:** During Question-Hour there is no point of order.

**SHRI K. LAKKAPPA:** At least please permit me a submission because this question pertains to a CBI inquiry and how can the Industries Minister reply to it? The competent Minister is the Home Minister.

**MR. SPEAKER:** Any Minister can answer the question.

**SHRI K. LAKKAPPA:** What is your ruling?

**MR. SPEAKER:** He can answer.

**SHRI K. LAKKAPPA:** How? And under what Rule? You are giving such wrong decisions.

**SHRI GEORGE FERNANDES:** In the last few months there has been a lot of discussion about the BHEL and the various aspects of the so-called CBI inquiry. There was a press statement which Mr. Subamaniam Swamy had made in Lucknow on the basis of which I was asked whether there was any CBI inquiry going on against anybody in BHEL. I did say that as far as I know there was no CBI inquiry going on against any BHEL official which statement was true. When I made that statement, that was true.

Since then, this question came up in the Rajya Sabha in December where I gave a factual reply in so far as the inquiries into certain aspects of the BHEL were concerned.

Now, in the statement I have pointed out that there are inquiries going on against certain individual officials of the BHEL. There are 10 officials against whom there are CBI inquiries going on. This pertains to some acts of misconduct or misdemeanour or petty corruption on the part of the officials, something that goes on in a normal course in a routine way in every undertaking and there is nothing particular about the BHEL.

There was also an inquiry about BHEL's official drawing any pecuniary benefits as a result of contracts. The CBI made what is known as a preliminary inquiry and came to the conclusion that there was no reason for it to proceed further in regard to these allegations that had been made. If the CBI was making an inquiry, the CBI said that there was nothing. So, for any one now to suggest that there was slush money and what about that, which is all based on the CBI inquiry, then the CBI's statement that there was no such thing should be taken on record and one should not go on going making these allegations.

There is one other inquiry that is being made. That involves an advertising agency. The CBI is currently seized with that inquiry and as and when the report is made available, either to the Home Ministry or the Industries Ministry we could discuss this matter further.

DR. SUBRAMANIAM SWAMY: I wish he did not raise the question of slush money. I wish to say for record that Mr. Fernandes went to the Prime Minister and had the CBI inquiry withdrawn in the case of slush money and the CBI inquiry came to no such conclusion...

(Interruptions)

THE PRIME MINISTER (SHRI MORARJI DESAI): May I say that it is a wrong statement.

DR. SUBRAMANIAM SWAMY: If the inquiry was withdrawn, I do not want to proceed further on the subject.

I would like to draw the attention of the Minister to report in the *Blitz* by a former General Secretary of the Janata Party, Mr. Rajendra Puri in which he has made a large number of allegations against BHEL and the Minister. Also there is a magazine called *Surya* which has made some serious allegations. I would like to know whether the Minister has seen these and whether the government would take action against both these scurrilous pieces of news reporting against the government.

SHRI GEORGE FERNANDES: I have not seen *Surya* though I know that it is a magazine ...

THE MINISTER OF RAILWAYS (PROF. MADHU DANDAVATE): It is not worth seeing also.

SHRI GEORGE FERNANDES:.... edited by a daughter-in-law of the erstwhile dictator. I do not read it and I do not see it also.

So far as *Blitz* is concerned, I did read a story about the purchase of gas turbines. Certain statements have been made. The Ministry is looking into these things and as far as I am concerned, I can say that there is no substance in the various allegations that have been made in the *Blitz* report.

MR. SPEAKER: Mr. Gopal.

SHRI M. KALYANASUNDARAM: On a point of submission...

MR. SPEAKER: No submissions please. Mr. Gopal.

SHRI K. GOPAL: Bharat Heavy Electricals is the pride of the country....

SHRI K. LAKKAPPA: If you shut us out this way, how can we function in this House. Certain statements were made and the Prime Minister has said that it is a wrong statement. But you do not seem to be concerned with it and do not allow us to get it clarified. How can we function in this way?

MR. SPEAKER: During Question Hour there is no Point of Order.

SHRI M. KALYANASUNDARAM: \*

MR. SPEAKER: Don't record it.

Mr. Kalyanasundaram, you cannot threaten me in this way. I am asking you to sit down please. I am not going to allow you. That is certain. Now, Mr. Gopal.

There are rules governing every matter. The Prime Minister has said, that statement is wrong and Mr. Subramaniam Swamy has accepted it and he has sat down.

We have allowed sufficient questions. Half-an-hour is over.

**SHRI M. KALYANASUNDARAM:\***

**MR. SPEAKER:** You raise it; that will be better. Not now. You must give written notice about it.

**SHRI M. KALYANASUNDARAM:\***

**MR. SPEAKER:** Don't record it. Now, Mr. Gopal.

**SHRI K. GOPAL:** BHEL is the pride of our nation. Especially in the foreign countries now, in the Middle-East, Malaysia and so on, BHEL has won contracts against global tenders. I am told that a consortium of foreign firms are after the blood of Bharat Heavy Electricals. Out of jealousy, they are lobbying in this country and spreading all sorts of canards. I would like to know whether it is a fact and if so the details thereof....

**SHRI GEORGE FERNANDES:** I am not aware of any consortium of firms campaigning against BHEL. It is true that there is lot of jealousy inside the country and outside about BHEL. I have been personally feeling the pressure and the brunt of it.

Sir, I can only say that BHEL is capable of withstanding it and this Government will support it.

**SHRI SHYAMNANDAN MISHRA:** Now, Sir, this does create some problems that the question is not handled by the Minister concerned. Now you will kindly observe (*Interruptions*). I am coming to the question.

**MR. SPEAKER:** I am not allowing. Mr. Mishra, you will kindly put your question.

**SHRI K. LAKKAPPA:** We are not going to hear like this. You are discriminating as between Member and Member.

**MR. SPEAKER:** Please put your question.

**SHRI SHYAMNANDAN MISHRA:** Dr. Subramaniam Swamy made a statement in August about the investigation being conducted by the CBI. The Minister also made a statement thereafter and also in the month of September.

The Minister did not have any knowledge about the investigation being conducted by the C. B. I. Now it is that very Minister who comes and answers the question. So, the question that arises is that the Minister did not know anything about it at all although it happened to be under him. Now, when he came to know about the investigation, the Minister seizes the question, comes before the House and answers it. Does it not create a peculiar situation for us as to how the Minister did not know about the investigation being conducted in his own Department? At that time he indignantly denied any such investigation being conducted. Later on, when the question is put to the Minister of Home Affairs, the Minister seizes that question and he comes before the House to answer that question. This does create a suspicion that the Minister got concerned later on but he did not know anything about that earlier. My question is: why did the Minister not know this although the investigation was being done by the C. B. I. at the time the allegation was made by Dr. Subramaniam Swamy?

**SHRI GEORGE FERNANDES:** Sir, I am surprised that such a senior and experienced Member should be making a suggestion that the Ministers grab questions. The Lok Sabha Secretariat must have sent the question to the ministry. The question has been answered in the normal course. That is why I am answering. I did not seize it, I did not grab it. It is for the Lok Sabha Secretariat to answer and not for the Minister to answer.

Now, about my question there was a statement which Dr. Swamy made in Lucknow in one of his many press

\*Not recorded

conferences in September; it appeared in the news-papers somewhere on the 4th September. I was asked a question by the newspaper man as to whether my attention had been drawn to certain. Statements made by Dr. Swamy. I had to say that as far as I know there was no investigation going on against officials. Now, if the C.B.I. is conducting investigations against various officials in various ministries, I do not know whether the Ministers are expected to know all about the enquiries which the C.B.I. is conducting. The C.B.I. is the Home Ministry's Department. The Home Ministry has its own ways of operating and if the Home Ministry institutes the enquiry at a certain point of time without the concerned ministry or the concerned individuals knowing any thing about it, I am not expected to have an idea about the functioning of the Home Ministry or the C.B.I.

So, the statement that I made on the 4th September that I had no knowledge at that point of time is correct. Since then I have acquainted myself with what is happening. I have now come forward with an answer.

### राज्यों में विद्युत संकट

\*124. डा० लक्ष्मीनारायण पांडेय :

क्या ऊर्जा मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या इस समय देश में अनेक राज्य गम्भीर विद्युत संकट का सामना कर रहे हैं ;

(ख) क्या मध्य प्रदेश और उत्तर प्रदेश में इन दिनों विद्युत की स्थिति बहुत खराब है ; और

(ग) यदि हां, तो विद्युत संकट दूर करने के लिए केन्द्रीय सरकार तथा विभिन्न राज्य सरकारों ने क्या कार्यवाही की है ?

THE MINISTER OF ENERGY (SHRI P. RAMACHANDRAN): (a) to (c). A statement is laid on the Table of the House.

### Statement

(a) States of Uttar Pradesh, Rajasthan, J&K, Maharashtra, Madhya Pradesh, Karnataka, West Bengal, Assam and the Union Territories of Goa and Delhi are having notified power cuts/restrictions of varying degrees. However, the States of Uttar Pradesh and Karnataka are having acute energy shortage while West Bengal has peaking capacity shortage. Temporary restrictions are imposed in some other States whenever generation gets reduced due to forced outage of thermal units.

(b) Madhya Pradesh is experiencing shortage of about 10.9 per cent in energy requirements and 229 per cent in peak demand requirements in February, 1978, while Uttar Pradesh is experiencing shortage of about 31.4 per cent in energy requirements and about 38.4 per cent in peak demand.

(c) Various steps have been taken by the Central Government as well as the concerned State Governments to overcome the situation of power shortage. The short-term measures include integrated operation of regional grids, diagnosis of the problems in the power stations where generation is poor and implementation of time bound rectification and renovation programme, timely delivery of spares and components; tonning up the standards of operation and maintenance; introduction of preventive maintenance procedure; steps to reduce duration of planned and forced outages. Multi-disciplinary teams

consisting of B. H. E. L., IL Kota, State Electricity Boards and professional consultants have been set up to improve the performance of the newly commissioned units.

A task force is also being set up to bring about improvement in the performance of imported plants commissioned prior to 1974. Projects under construction are monitored very closely to expedite their commissioning. Steps are also being taken to encourage professionalisation and specialisation in the management cadres of the State Electricity Boards. Efforts are being made to improve the quality of coal available for power stations.

In the long run it is recognised that only the augmentation to the installed generating capacity that would bring about the desired change in the power situation and with this in view a number of super-thermal stations have been sanctioned in the Central Sector in addition to the capacities sanctioned to be installed in the State Sectors.

डा० लक्ष्मी नारायण पांडेय : अपने दक्षतव्य में माननीय मंत्री जी ने कहा है कि दीर्घकाल में विद्युत की स्थिति में अपेक्षित परिवर्तन केवल प्रतिष्ठापित उत्पादन क्षमता में वृद्धि करके ही लाया जा सकता है। मैं जानना चाहता हूँ कि उत्पादन वृद्धि किस प्रकार से लाने की योजना है ? आप किन-किन क्षेत्रों में और कहाँ-कहाँ इस प्रकार से ऊर्जा उत्पादन करने के लिए नए संयंत्र लगाने जा रहे हैं और उनकी क्षमता क्या होगी तथा कब तक वे पूरे होंगे ?

SHRI P. RAMACHANDRAN: Sir, I have already explained in the earlier occasions in Parliament that we are augmenting the installed capacity in the country. And already we have sanctioned a number of schemes in various States adding up to 17,000 M. W. which are under various stages of construction. More scheme are undergoing scrutiny with CEA. They

will be coming in the next few months. We are also augmenting the generation by streamlining the working of both hydel and thermal power stations. For this purpose we have sent multi-disciplinary groups to various power stations to find out deficiencies in the power stations as we want to rectify them in the coming few months.

डा० लक्ष्मी नारायण पांडेय : अध्यक्ष जी, मेरे प्रश्न का उत्तर नहीं आया है। मैंने पूछा है कि किन-किन क्षेत्रों में आप कौन-कौन से संयंत्र लगाने जा रहे हैं। मध्य प्रदेश में कौन से, उत्तर प्रदेश में कौन से और तमिलनाडु में कौन से तथा उनकी क्षमता क्या होगी, लगाने जा रहे हैं। इसलिये पहले मेरे प्रश्न का उत्तर मिल जायें फिर मैं दूसरा प्रश्न करूँ।

SHRI P. RAMACHANDRAN: Sir, I can give a list of all the schemes which are under various stages of construction in various States. With regard to Madhya Pradesh we have got Amarkantak extension which was commissioned in September, 1977 and has been now. Another unit under Amarkantak stage II is expected to be commissioned in March 1978. In Uttar Pradesh we have got Obra extension II with 200 mw capacity. Harduaganj 'C' unit II with capacity of 60 mw commissioned in August 1977. I can read the list of projects to be commissioned and also which have been sanctioned in all the States. It is a long list.

MR. SPEAKER: You may lay it on the Table of the House.

डा० लक्ष्मी नारायण पांडेय : क्या यह सही है कि आपके दीर्घकालीन उपाय जहाँ चल रहे हैं वहाँ पर राजस्थान में इस समय 30 प्रतिशत, मध्य प्रदेश में 30 से 35 प्रतिशत, उत्तर प्रदेश में 40 प्रतिशत तक कर्नाटक में 10 से 20 प्रतिशत तक बिजली की कमी अनुभव की जा रही है और आपके पास कोई ऐसे उपाय इस समय नहीं हैं जिनसे

इस कमी को दूर कर सकें, और इसके कारण कृषि उत्पादन पर बुरा असर पड़ रहा है। किसानों को रात में बिजली दी जा रही है और वह भी ऊँचे दर पर बिजली दी जा रही है जब कि औद्योगिक संस्थानों को आप सस्ती दर पर बिजली देते हैं। इन सब को देखते हुए कोई आपके तात्कालिक उपाय ऐसे हैं जिनके कारण यह कमियाँ दूर हो सकें और किसानों को सुविधा से बिजली उपलब्ध हो सके और सस्ते दरों पर उपलब्ध हो, मेरे ज्ञान में अगले पांच सालों में 22,000 मेगावाट बिजली की आपकी आवश्यकता होगी। इन सब बातों को देखते हुए जो आपने दीर्घकालीन उपाय बताये हैं उनसे भी आप केवल 1000 से 1200 मेगावाट बिजली दे सकेंगे। फिर भी बिजली की कमी रहेगी। उसके लिए आप क्या उपाय कर रहे हैं? जिससे आवश्यकता के अनुरूप बिजली पैदा कर सकें व किसानों व उद्योगों को वांछित रूप में बिजली मिल सके।

SHRI P. RAMACHANDRAN: Sir, I have already explained that in the case of power stations there is a long gestation period. Lack of pre-planning in the past has resulted in the present shortage of power in the country and, as such, howsoever fast we may proceed in the sanctioning of the schemes it will take time to complete them. We are in a hurry and in this month itself we expect to commission another 1,000 m.w. In 1978-79 our programme is for 3,400 m.w. Sir, we have made greater allocation for power in this budget. In addition to that whatever deficiencies were felt in the past we want to overcome them. We have got two or three methods to do it. One is to add to the installed capacity in a rapid manner; and second is having the maintenance of these power stations in a better manner. For that also, we have appointed a few groups to go round the stations and about the power rates for agricultural purposes, which is being charged, it is for the State Government to consider that as-

pect and see that they can give the power at cheaper rate to the agricultural people. That is the policy of the Government. Now we are going to appoint a small committee in the coming few weeks and they will go into the tariff aspect and we will come to the House with a final picture.

श्री मृत्युंजय प्रसाद वर्मा : : अध्यक्ष महोदय, बिहार के बारे में कुछ नहीं बताया गया है, मैं केवल एक ही बात जानना चाहता हूँ कि क्या बिहार में बिजली की पूरी उपलब्धि हो रही है, वहाँ इसकी कोई कमी नहीं है हीं क्या पिछले महीने इसकी पूरी टूट-फूट नछा हो गई थी, पटना में पूरा अन्धकार नहीं आ गया था? कृपा कर मंत्री महोदय विहारे के बारे में भी बताएं, ऐसे जवाब से लगता न कि जैसे बिहार के बारे में उनको कुछ सूचा हीं नहीं है, वह अनदेखा हो रहा है।

SHRI P. RAMACHANDRAN: Sir, Bihar is not neglected and there is notified cut in Bihar State Electricity Board. There is an installed capacity of 740 megawatts in Bihar and also Bihar is partly supplied by the D.V.C. The notified cut, if it is there, has not come to the notice. But there is shortage of power in Bihar and I agree with the hon. Member. That is why we are trying to augment the installed capacity in Bihar by sanctioning new schemes in Bihar. In fact, we have already sanctioned one scheme which is awaiting investment decision. Other schemes are also being scrutinised and Bihar will take its due share in the power development in the coming few years.

SHRI SHAMBHU NATH CHATURVEDI: May I know if this perennial shortage is due to faulty planning or faulty execution or to non-utilisation of the existing capacity?

SHRI P. RAMACHANDRAN: For all the three parts of the question put by the hon. Member, I may say 'Yes'. Pre-Planning was not done. In the

past, people did not take care to see that more installed capacity is created in the country. That is why we are facing this shortage today. The installed capacity is there but because of improper maintenance and also some of the mechanical troubles we faced in the various power stations, we are not having the full utilisation of installed capacity. That is the reason for these difficulties and we propose to take up the work in both augmenting the installed capacity and also rectify installed capacity and also rectify-machines.

**DR. B. N. SINGH:** Is it a fact that the generation of electricity in Bihar is only 30 per cent? What is the Government trying to do to improve the generation of electricity so that continuous shortage of power and power cuts are avoided?

**SHRI P. RAMACHANDRAN:** It is true that even with the 740 magawat installed capacity in Bihar, the generation is not up to the expected mark. But Central Electricity Authority is trying to help the State and also BHEL people are going there and they will help the Bihar Electricity Board in rectifying these defects and see that they get better utilisation there.

### आयुध कारखानों में उत्पादन

\* 125. श्री सुखदेव प्रसाद वर्मा : क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या यह सच है कि वर्ष 1976 की तुलना में वर्ष 1977 में आयुध कारखानों में उत्पादन में काफी वृद्धि हुई है ;

(ख) यदि हां, तो 1976 की तुलना में 1977 में उत्पादन की लागत और मूल्य में कितनी वृद्धि हुई ;

(ग) क्या आयुध संगठन गैर-सरकारी क्षेत्र के लिये कुछ वस्तुओं को छोड़ने का विचार कर रहा है ; और

(घ) यदि हां, तो उन वस्तुओं के नाम क्या हैं और उसके क्या कारण हैं ?

**THE MINISTER OF STATE IN THE MINISTRY OF DEFENCE (PROF. SHER SINGH):** (a) Yes, Sir.

(b) Cost Value.

75-76 .. Rs. 381.23 crores (Gross)

76-77 .. Rs. 475.30 crores (Gross)

The cost and value in the products of Ordnance Factories are the same as these products are issued from Ordnance Factories to Services at cost value.

(c) No, Sir.

(d) Does not arise.

श्री सुखदेव प्रसाद वर्मा : क्या यह सही है कि सुरक्षा कारखानों के मजदूरों, अधिकारियों और कर्मचारियों के कठिन परिश्रम के कारण उनके उत्पादन में वृद्धि हुई है ?

प्रो० शेर सिंह : उनमें 24.66 परसेंट की वृद्धि हुई है। मैं अलग-अलग बता देता हूँ कि किस कारण कितनी वृद्धि हुई है। इसमें से फिजिकल इनकीज आक. प्रोडक्शन 15.39 परसेंट हुई है, और रां मॅटीरियल की प्राइस, वेजिज और कैपिटल इनवेस्टमेंट के बढ़ने की वजह से 9.30 परसेंट वृद्धि हुई है।

श्री सुखदेव प्रसाद वर्मा : मैंने यह पूछा है कि क्या इन कारखानों के उत्पादन में वृद्धि का यह भी एक कारण है या नहीं कि वहाँ के अधिकारियों, कर्मचारियों और श्रमिकों ने कठिन परिश्रम किया है।

प्रो० शेर सिंह : इसमें काम करने वालों का भी योगदान है, इनवेस्टमेंट भी ज्यादा हुआ है, कुछ और कारणों से भी प्रोडक्शन बढ़ा है।

श्री रीतलाल प्रसाद बर्मा : इस बात का क्या कारण है कि आग्नेयास्त्र आदि जो आर्डिनेस सामग्री हम विदेशों से मंगते हैं, वह बहुत कम कीमत में मिलती है, जब कि हमारे यहां उसके दाम चार पांच गुना अधिक हैं ?

श्री० शेर सिंह : जो चीजें हम बनाते हैं, उनकी कीमत दूसरे देशों की निस्वतः ज्यादा नहीं है। कुछ चीजों में हमारी कीमत कम भी है।

#### Difficulties in storing Spent-Fuel Rods in Atomic Power Plants

\*126. SHRI K. RAMAMURTHY: Will the Minister of ATOMIC ENERGY be pleased to state:

(a) whether the output in Tarapur Atomic Plant was reduced to 70 per cent of the designed capacity during the first six months of 1977-78 because of difficulties in storing more spent-fuel rods in the existing pool;

(b) whether the second unit of the Rajasthan Plant could not be commissioned for want of storing space for spent-fuel rods; and

(c) if so, steps Government propose to take to solve this problem of storing spent-fuel rods as they are highly radio-active?

THE PRIME MINISTER (SHRI MORARJI DESAI): (a) Yes Sir; reduction in output became necessary on this account in the second half of 1977-78.

(b) No, Sir.

(c) Does not arise.

SHRI K. RAMAMURTHY: I have raised this question in three parts:

(a) whether the output in Tarapur Atomic Plant was reduced to 70 per cent of the designed capacity during the first six months of 1977-78 because

of difficulties in storing more spent-fuel rods in the existing pool. To this, the hon. Prime Minister, I am glad, has said yes; he has in other words accepted that due to lack of storing facilities production has gone down to 70 per cent.

Part (b) is: whether the second unit of the Rajasthan plant could not be commissioned for want of storing space for spent-fuel rods; to this he has replied: no.

Part (c) asks the steps the Government propose to take to solve this problem of storing spent-fuel rods as they are highly radio active and for this he says it does not arise.

The Prime Minister in the first part has accepted that reduction in output to 70 per cent was necessary because of lack of storage facilities for spent-fuel rods. But I do not know how this bureaucratic as well as stereotype answer "does not arise" has been given. I have asked very categorically as to what are the steps the Government is going to take to overcome this difficulty. I would like to know from the hon. Prime Minister as to what are the steps that have already been taken or are proposed to be taken.

SHRI MORARJI DESAI: I am sorry that the reply to part 'C' is somewhat misleading. I accent that. But what I may say is this. This spent fuel storage is becoming short and therefore, this has happened. We have to see that production is tuned accordingly. The question of finding out how to utilise it is a question which can be solved only by an agreement with USA and we are negotiating it. But in view of their attitude, we have to be careful. We have to see how best we can do it. We are trying to find out what method we can use so that we get out of this impasse. But at present we are getting some-

thing more and perhaps we may hope to solve it that way. If not, we have to find out another way.

**SHRI K. RAMAMURTHY:** In view of the acute power shortage in the country, these atomic energy stations are expected to work to their fullest capacity. I can understand from the hon. Prime Minister's answer that due to negotiations with the United States, this sort of thing was happening. I would like to know as to how long it will take and whether any time limit has been fixed to finalise this issue with the United States of America and get out of this power shortage.

**SHRI MORARJI DESAI:** It depends on the response of the other party and I cannot force it. I cannot give any time limit about it.

**SHRI CHITTA BASU:** I would like to know from the hon. Prime Minister whether the question of storing the spent fuel rods was a part of the contract which was agreed upon between the Government of India and the Government of United States of America and if so, whether the storage problem has been created because of the violation of the agreement by the United States of America. I would also like to know what alternative strategy the Government of India propose to adopt to save the plant from this kind of violation of the contract by the United States of America. I am saying this because our Prime Minister is credited to have said that we are thinking in terms of closing down the plant. Some newspaper reports are also there and some high officials have said that we are biding our time, say about two years or so, and after that, Tarapur plant would be closed down for good. I want the hon. Prime Minister to clarify all these points.

**SHRI MORARJI DESAI:** I can understand the anxiety of my hon. friend about the violation of the agreement by the United States of America. It is violation, I do agree.

But what can we do about it? Can we go to court? Can any court decide it? It is not possible and we do not want to take any such steps. We have, therefore, to find out alternative methods of working it and if it does not happen, I cannot give up my self-respect and continue it.

**डा० बलदेव प्रकाश :** प्रधान मंत्री महोदय ने अभी बताया है कि स्टोरेज की कठिनाई होने के कारण तारापुर एटॉमिक प्लांट के उत्पादन में कमी हुई है। क्या इसके अतिरिक्त उत्पादन में कमी होने के और भी कुछ कारण हैं और क्या यू एस ए की तरफ से जो यूरेनियम की सप्लाई नहीं की जा रही है वह भी बिजली के उत्पादन में कमी होने का एक कारण है ?

**श्री मोरारजी देसाई :** इसी लिये तो यह हो रहा है कि वहाँ फ्यूअल है, फिर भी प्रॉडक्शन थोड़ा कम करना पड़ता है, इसलिये कि स्टोरेज कॅपैसिटी एक्सीड हो जाय, तो फिर हम क्या करेंगे। इसीलिये इस को थोड़ा एडजस्ट करना पड़ता है

**SHRI SAMAR GUHA:** I am sorry after the answer given by the Prime Minister, I am completely confused. The question is about want of storing space for the spent fuel. It is not a question of supply of enriched uranium from USA. All the questions have been answered as if the question that has been asked is for the supply of enriched uranium or fuel from USA. The question is whether our atomic energy commission have been successful in preparing certain kind of storage for keeping those spent uranium rods that have been used and have become radioactive. After using, it cannot be thrown away anywhere and everywhere. It has to be preserved somewhere. How does that depend upon USA? It is absolutely our business. Our atomic energy commission will have to do it. They should have anticipated that after a

certain period of time enriched uranium rods will become radioactive and they should have prepared for sufficient storage in lead chamber. storage under water or storage under sea. The question is answered in a completely different way. Why have our atomic energy commission failed to prepare some kind of storage, either lead chamber or underground storage or under-sea storage for keeping these spent radioactive rods that are used in our atomic plant?

SHRI MORARJI DESAI: My hon. friend is confused on account of my answer not on account of his own...

SHRI SAMAR GUHA: This is my subject.

SHRI MORARJI DESAI: If it is his subject he ought to know that the spent fuel cannot be thrown anywhere as it will create other problems. He does not realise....

SHRI SAMAR GUHA: I realised and that is why I asked the question. On this question, please don't say that I do not realise.

MR. SPEAKER: The Prime Minister is on his legs

SHRI MORARJI DESAI: The Atomic Energy Commission has not been able to find ways and means by itself to use up the spent fuel or dispose it of. That we have to do with the Americans' aid. They had agreed to give it, but now they are not doing it.

(Interruptions).

MR. SPEAKER: Papers to be laid.

MR. SPEAKER: Mr. Guha, this is question time.

SHRI MORARJI DESAI: I am prepared to grant that my hon. friend knows more than I do. I must admit that I am not a professor, but he is.

## WRITTEN ANSWERS TO QUESTIONS

### Nuclear Power Project at Kalpakkam

\*127. SHRI RAGAVALU MOHANARANGAM:

SHRI S. D. SOMASUNDARAM:

Will the Minister of ATOMIC ENERGY be pleased to state:

(a) whether the project at Kalpakkam is not proceeding according to schedule;

(b) if so, the extent of slippages and the reasons therefor; and

(c) the concrete plans for completing the remaining phases of the project and the time-bound programme in this regard?

THE PRIME MINISTER (SHRI MORARJI DESAI): (a) The Madras Atomic Power Project at Kalpakkam is behind schedule.

(b) The main reasons for the delay are (i) delayed deliveries of indigenously manufactured nuclear and conventional equipment, (ii) delay in the delivery of some equipment affected by the ban imposed by certain countries on the export of equipment/materials intended for nuclear power projects, and (iii) other causes like strikes, shortages of construction materials, etc.

(c) Most of the equipments have now been delivered including those affected by the embargo. The erection work has been speeded up wherever feasible. Precommissioning activities have also been taken up in parallel to reduce the time required after erection for commissioning and full power operation. The first unit of the Project is likely to attain critically by December 1979 and the second unit in mid-1981. Full commissioning can be expected a few months thereafter.

राज्यों में रोजगार के लिए विकास योजनाओं की क्रियान्विति

\*128. श्री यमुना प्रसाद शास्त्री : क्या योजना मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या योजना आयोग ने देश में कुछ जिलों और विकास खंडों का चयन किया है जहां इस वर्ष वहां के निवासियों को पूर्ण रोजगार उपलब्ध कराने के लिए विकास योजनाएँ क्रियान्वित की जायेंगी ;

(ख) यदि हां, तो उक्त जिलों और विकास खण्डों के राज्यवार नाम क्या हैं और उनके चयन की कसौटी क्या है ; और

(ग) क्या क्षेत्र विकास योजनाओं के अन्तर्गत केवल उन्हीं जिलों और विकास खण्डों का चयन किया गया है जहां प्रति व्यक्ति औसत आय प्रति व्यक्ति राष्ट्रीय आय की तुलना में कम है ?

प्रधान मंत्री (श्री मोरारजी देसाई) :

(क) अभी तक नहीं। खंड स्तर आयोजन के संबंध में मार्गदर्शी सिद्धान्त तैयार करने के लिए एक कार्यकारी दल बनाया गया है

(ख) और (ग). प्रश्न उपस्थित नहीं होते।

#### India's Stand on Nuclear Safeguards

\*129. SHRI MOHD. SHAFI QURESHI: Will the Minister of ATOMIC ENERGY be pleased to state:

(a) whether there is any change in India's stand on nuclear safeguards; and

(b) whether Government are no longer insisting on a ban on tests by all nuclear weapon powers?

THE PRIME MINISTER (SHRI MORARJI DESAI): (a) No, Sir. \*

(b) Government adhere to the view that all nuclear weapon tests should be banned.

#### Reservation for Backward Classes in Recruitment to Services

\*130. SHRI C. K. JAFFER SHARIEF:

SHRI ISHWAR CHAUDHRY:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether some States have decided to reserve quota for the backward classes in direct recruitment in the State Services; and

(b) if so, the details regarding the quota fixed by such States?

THE MINISTER OF HOME AFFAIRS (SHRI CHARAN SINGH): (a) and (b). Reservations in state services is a matter within the competence and jurisdiction of the respective State Governments. The Central Government are aware that in several State Governments reservations have been provided in state services for backward classes. Complete and up-to-date information in this regard is however, not readily available.

#### Suggestions by Centre to benefit Agricultural consumer and small Industrialists in Rajasthan

\*131. SHRI S. S. SOMANI: Will the Minister of ENERGY be pleased to state:

(a) whether any suggestions have been made by the Central Government to the Rajasthan State Electricity Board to take decision to benefit the agricultural consumer and small industrialists in the State; and

(b) if so, the suggestions and the decision of the Rajasthan State Electricity Board in this regard?

**THE MINISTER OF ENERGY (SHRI P. RAMACHANDRAN):** (a) and (b). Apart from the recommendations of the Committee on Rural Electrification which were forwarded to the State Governments and the State Electricity Boards, including Rajasthan, in September, 1974, the Central authorities have, from time to time, been in touch with the various State Electricity Boards regarding the implementation of rural electrification programmes which *inter-alia* would benefit increased agricultural production and promote the setting up of small industrial units. The Committee on Rural Electrification was appointed by the Central Government and had gone into the difficulties faced by rural consumers in the matter of electricity supply. The Central authorities have also been advising the States in respect, *inter alia* of the need for improving the quality of power supply and the service to the consumers to enable the economy as a whole to benefit from the advances made in power generation.

The Rajasthan authorities have intimated that the following steps have been taken by them:—

(i) The cost of HT extension, associated sub-station and main Distribution to be provided, excluding service line, is not to be claimed/charged from the prospective small and medium industrial consumers as well as agricultural consumers.

(ii) The cost of HT line and augmentation of transformer capacity is not required to be charged also from such prospective agricultural consumers who desire to take electric connection under Advance Deposit Scheme.

(iii) The cost of providing additional transformer capacity is not to be charged/claimed from consu-

mers having small and medium industrial services who apply for additional load.

The applicability as prescribed for the small industrial services and medium industrial services as per our tariff for supply of electricity as issued in the year 1976 is as below:—

(a) Small Industrial Services—(Schedule SP/LT-5)—This tariff shall be applicable to small industrial consumers, cottage industries such as incubators, Zarf making silver and gold wire drawing, poultry farming, gem stone polishing etc. and water works for public supply having aggregate connected load not exceeding 25 HP.

(b) Medium Industrial Services Schedule MP LT-6)—This tariff shall be applicable to industrial power consumers, Government lift irrigation projects and Water Works for public supply having aggregate connected load more than 25 HP.

(iv) If an electric connection, as per applicability prescribed for agriculture service—tariff schedule AG/LT-4, is obtained/released between 16th Feb. and 30th September of a calendar year, no minimum charges shall be levied/claimed for the said period in the first year of operation only and that the consumer shall be billed for the energy consumption at the prescribed rate for the billing months corresponding to period 16th February to 30th September. To elucidate, the minimum charges will be claimed only for a period of 6 months, i.e., from 1st October of a year to 31st March, of the next calendar year on prorata basis of the prescribed annual minimum charges.

(v) Any agricultural consumer whose service has been disconnected on default involving payment of certain assessed/accrued dues has been allowed to get his service

reconnected/restored on furnishing an undertaking in the prescribed form assuring payment by 15th May or within 30 days of such intimation which ever is later. This is with a view that his rabi crop is not damaged.

(vi) Previously, there was a restriction to energise only such number of wells as have been specifically stated in the Project Report of an REC scheme but now on the basis of merits of demands from each of the villages covered by the REC schemes, permission is being given to energise additional number of wells even if it involves laying of additional 11 KV line and sub-station.

#### Sick Textile Mills

\*132. SHRI K. MAYATHEVAR:  
Will the Minister of INDUSTRY be pleased to lay a statement showing:

(a) the number of sick mills in textile industry, the average value of their normal production, the number of workers employed and their total capital;

(b) the classification of the mills according to degrees of sickness indicating the extent to which they can be made to contribute to economic activity by better management and more capital; and

(c) the details of the phased programme, if any, for making these mills viable?

THE MINISTER OF INDUSTRY (SHRI GEORGE FERNANDES): (a) to (c). There is no precise definition of a sick mill. Individual assessment can be made depending on the circumstances of each case. A large cross-section of the textile industry has been passing through difficult conditions arising out of various factors like the raw material situation, continued neglect of modernisation in the indus-

try, defective management and in the ultimate analysis sluggishness in demand arising out of recessionary conditions. Various remedial steps have been taken to tackle these factors. Important steps taken are:—

1. Augmentation of raw material supplies.

2. Equitable distribution of the available supplies of cotton and disciplining of its prices.

3. Arrangements for soft loans for rehabilitation and modernisation of textile mills.

#### Working of National Textile Corporation

\*133. SHRI MUKHTIAR SINGH MALIK:

SHRI G. M. BANATWALLA:

Will the Minister of INDUSTRY be pleased to state:

(a) whether Government have since inquired into the working of National Textile Corporation during the last 3 years;

(b) if so, whether any irregularities have been found;

(c) whether it has come to the notice of Government that this Corporation which is the biggest eastern subsidiary has been losing Rs. 80 lakhs per month;

(d) whether the accounts of this Corporation have not been audited; if so, since when; and

(e) the steps Government have taken to improve the working and better functioning of this Corporation?

THE MINISTER OF INDUSTRY (SHRI GEORGE FERNANDES): (a) to (e). The reference presumably is to National Textile Corporation (West Bengal, Assam, Bihar and Orissa)

Subsidiary. This Subsidiary, like many other Subsidiaries of N.T.C., has no doubt been incurring losses. But the Subsidiary also suffers from the general locational disadvantages of the Eastern region.

The monthly losses of this Subsidiary in the current year are as follows:

(Rs in lakhs)	
Month	Net Loss
April, 1977 . . .	50.36
May, 1977 . . .	56.22
June, 1977 . . .	69.41
July, 1977 . . .	58.81
August, 1977 . . .	59.28
September, 1977 . . .	69.11
October, 1977 . . .	84.21
November 1977 . . .	89.65
December, 1977 . . .	78.86
January, 1978 . . .	71.68

Some complaints regarding the functioning of this Subsidiary have been received and the same are currently being looked into in consultation with the N.T.C. (Holding Company). Accounts for the year 1974-75 have been audited and also adopted. The Accounts for 1975-76 have been finalised and are currently under audit.

Certain steps like modernisation of machinery involving Rs. 9.22 crores have been initiated to improve the working and functioning of this Corporation. The strengthening of the management of this Subsidiary is also in the process.

### Import of Cement

\*134. SHRI YASHWANT BOROLE: Will the Minister of INDUSTRY be pleased to lay a statement showing:

(a) whether cement has to be imported in the country due to higher demand and shortfall in production;

(b) if so, whether new letters of intent are being issued to put up more factories to increase production of indigenous cement; and

(c) if so, the parties to whom these letters are being issued and the location of the proposed factories?

THE MINISTER OF INDUSTRY (SHRI GEORGE FERNANDES): (a) Production of cement during 1977 at 19.10 million tonnes was the highest ever achieved. However, shortages in the supply of cement had developed on account of inadequate capacity due to poor forward planning in the past, higher demand for the execution of public works as well as from Agriculture, Industry and Housing. Substantial quantities of cement were also required to repair the damages caused by the cyclones in Andhra Pradesh and Tamil Nadu. Government have, therefore, decided to import about 1 million tonnes of cement to meet these additional demands.

(b) Yes Sir.

(c) Three Statements are placed on the Table of the House. [Placed in Library. See No. LT-1653/78].

पिछड़े तथा ग्रामीण क्षेत्रों में लघु उद्योग

\*135. श्री लक्ष्मी नारायण नायक : क्या उद्योग मंत्री सभा पटल पर एक विवरण रखने की कृपा करेंगे जिसमें यह दर्शाया गया हो कि :

(क) ग्रामीण क्षेत्रों में लघु उद्योग स्थापित करने हेतु कार्य कब तक प्रारम्भ

कर दिया जायेगा जैसी कि उन्होंने 23 दिसम्बर, 1977 को लोक सभा में घोषणा की थी ;  
और

(ख) केन्द्रीय सरकार ने ऐसे कितने और कौन-कौन से जिलों को पिछड़े जिले घोषित किया है जहां केन्द्रीय सरकार तथा राज्य सरकारें तत्काल उद्योग लगाना प्रारम्भ करेंगी और क्या मध्य प्रदेश में टीकमगढ़ तथा छतरपुर पिछड़े जिले घोषित किये गये हैं ?

उद्योग मंत्री (श्री जाजं फर्नानडिस) :

(क) ग्रामीण क्षेत्रों में लघु उद्योगों की स्थापना करने का कार्य पहले से ही हो रहा है।

माननीय सदस्य, सम्भवतः जिला उद्योग केन्द्रों की स्थापना करने की योजना का उल्लेख कर रहे हैं जिसकी घोषणा 23 दिसम्बर, 1977 को की गयी थी। जिला उद्योग केन्द्रों की स्थापना करने का कार्य प्रावस्थावद्ध रूप में हाथ में किया जायेगा और 1978-79 की अवधि में 260 जिलों को इसमें शामिल करने का प्रस्ताव है।

(ख) 247 पिछड़े जिले घोषित किये गये हैं और इन जिलों को दर्शाने वाला विवरण सभा पटल पर रखा जाता है। मध्य प्रदेश के टीकमगढ़ तथा छतरपुर जिले पिछड़े जिले घोषित किये गये हैं। जिला उद्योग केन्द्र योजना के अंतर्गत छतरपुर को 1978-79 में और आगामी चरण में टीकमगढ़ को शामिल करने का विचार है।

### Power Shortage in the South

\*136. SHRI R. V. SWAMI-NATHAN:

SHRI PRASANNBHAI MEHTA:

Will the Minister of ENERGY be pleased to state:

(a) whether the States in the South are still in the grip of power shortage as compared to the States in the North;

(b) whether there is no more power shortage in North from February, 1978 onwards;

(c) if so, the main reasons for the same; and

(d) what steps have been taken to improve the position in the States in the South?

THE MINISTER OF ENERGY (SHRI P. RAMACHANDRAN): (a) Energy shortage in the Northern Region during the month of January, 1978 was more than the energy shortage in the Southern Region in January 1978 was 7.05 MU a day equivalent to 9.75 per cent of the requirement, the energy shortage in the Northern Region was of the order of 16.89 MU a day, equivalent to 20.10 per cent. The anticipated shortage during the month of February in the Southern Region is expected to be 11.03 per cent and in the Northern Region 13.97 per cent of the requirements. However, from April—June, 1978, anticipated shortage in the Southern Region is expected to be more than the shortage in the Northern Region. In April the energy shortage in the Northern Region is expected to be about 2 MU a day equivalent to about 2 per cent of the requirement while in the Southern Region it is expected to be about 10 MU a day equivalent to about 14.3 per cent.

(b) Power shortages are continuing in the States of Uttar Pradesh, Rajasthan, Jammu & Kashmir in the Northern Region and these shortages are likely to continue for some more time.

(c) The main reasons for lower energy shortage in the Northern Region from April onwards are additional energy generation from newly commissioned/to be commissioned units at Dehar and Pong and higher generation from Bhakra system due to increased water releases for irrigation and higher river inflows with snow melting etc.

(d) A number of additional generating units are under installation in the Southern Region and it is expected that 445 MW of additional generating capacity would be added during the period January—June, 1978. Out of this, 110 MW will be in Thermal generating capacity and 335 MW in hydro system. Integrated operation of the entire Southern Regional Grid System has been achieved to ensure sharing of surplus energy and assistance from neighbouring systems during emergencies. In addition, Project Renovation Groups have already been launched for improving generation from the existing thermal power stations at Kothagudem in Andhra Pradesh and Ennore in Tamil Nadu. Steps have also been taken to arrange better quality of coal, adequate quantity of spare parts and improved training for operation and maintenance engineers. Steps have also been taken to improve management of maintenance. With the progressive commissioning of generating units in Kalinadi in Karnataka by 1979-80, the situation is expected to improve appreciably in Karnataka.

Projects under construction are being monitored very closely with a view to expedite their commissioning. New power schemes have been sanctioned to augment installed generating capacity, which includes a large thermal station at Ramagundem in

Andhra Pradesh and construction of a new 630 MW thermal station at Neyveli, in addition to the capacities sanctioned to be installed in the state sectors in Andhra Pradesh, Tamil Nadu, Kerala and Karnataka.

**Power Station in Saurashtra**

\*138. SHRI DHARMASINHBHAI PATEL: Will the Minister of ENERGY be pleased to state:

(a) whether any final decision has been taken about 1000 M. W. power station, to be located in Saurashtra Coast; and

(b) Does not arise.

(c) whether the crew of the plane, who died in their effort to save the life of the Prime Minister have been given any posthumous award or/and reward and compensation to their families; and

(d) if so, the facts thereabout?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) Yes. Sir.

(b) The findings of the Court of Inquiry are under examination in the Ministry.

(c) and (d) No posthumous award has been given to the crew who were killed in the crash of the aircraft carrying the Prime Minister at Jorhat. However, as a special case, the *ex-gratia* compensation has been enhanced. Apart from the normal pensionary benefits, as a special case an amount of Rs. 1 lakh was given to each member of the crew who died in this air-crash, in place of the usual *ex-gratia* compensation of Rs. 42,000/- each.

(ख) क्या सरकार ने इन उपकरणों की कोई प्रत्यक्ष जांच कभी कराई है ; और

(ग) यदि नहीं, तो उसके क्या कारण हैं ?

(b) if not, the reasons thereof; and

(c) the steps taken by Government to fulfil the assurance of the Prime Minister given on the floor of the Lok Sabha in its last Session (November-December)?

THE PRIME MINISTER (SHRI MORARJI DESAI): (a) In the West Bengal Annual plan for 1978-79, an outlay of Rs. 150/- lakhs has been provided specially for the development of the Sunderbans area. (b) Does not arise.

(c) The special provision for the Sunderbans areas has been raised from Rs. 70 lakhs in 1977-78 to Rs. 150 lakhs in 1978-79.

**Strike in Rajasthan Atomic Power Project, Kota**

\*141. SHRI DINEN BHATTACHARYA: Will the Minister of ATOMIC ENERGY be pleased to state:

(a) whether the strike in Rajasthan Atomic Power Project, Rawat-Bhata, Kota was prolonged due to the refusal of the management to implement the recommendations of the Union Labour Minister;

(b) whether the recommendations of the Union Labour Minister were conveyed to the local management in time;

(c) whether Government have made any investigation to find out the causes for prolongation of strike for over 3 months in such an important project; and

(d) if so, the findings thereof?

THE PRIME MINISTER (SHRI MORARJI DESAI): (a) No, Sir.

(b) Yes, Sir.

(c) and (d). All the developments in the strike situation were within the cognisance of Government and consequently there is no need for any investigation.

(c) whether the Chief Secretary of a State is now placed above an Army Commander;

(d) what is the basis of these changes in the order of precedence and whether the Armed Services were represented on and consulted by the Committee which made these recommendations;

(e) whether this lowering of status of the armed forces has affected the quality of new entrants; and

(f) whether Government would consider the setting up of a Committee consisting of both Armed and Civil Services to reconsider and revise this order of Precedence?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI DHANIK LAL MANDAL): (a) to (f). Information is being collected and will be laid on the Table of the House.

1130. SHRI R. K. MHALGI: Will the Minister of INDUSTRY be pleased to state:

(a) whether it is a fact that the State of Maharashtra is getting sufficient quota of cement for the last six months and more;

(b) what is the requisite quota of cement for Maharashtra; and

October—December, 1977 : 5,14,250 tonnes

January—March, 1978 : 5,75,000 tonnes

Allocations on different factories have been issued for the quantity released for the quarter January-March, 1978.

#### राज्य लाटरियां

1131. डा० रामजी सिंह :

श्री दयाराम शास्त्र्य :

क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या लाटरी प्रथा को एक प्रकार का जुआ और नैतिक तथा सिविल अपराध नहीं माना जाना चाहिए ; और

(ख) यदि हां, तो क्या सरकार नैतिक उत्थान के लिए लाटरी प्रथा को समाप्त करने पर विचार कर रही है ; और

(ग) यदि हां, तो कैसे तथा इस संबंध में ठोस कार्यवाही कब तक की जाएगी ?

गृह मंत्रालय में राज्य मंत्री (श्री धनिक लाल मण्डल) : (क) सरकार जानती है कि जुए के अनेक तरीकों की भांति लाटरियों कुशलता पर न होकर अवसर पर आधारित हैं ।

(ख) लाटरियों पर प्रतिबंध लगाने के प्रश्न पर विचार किया गया है । सरकार महसूस करती है कि कानूनी तथा संवैधानिक कठिनाइयां होने के कारण ऐसे कदम से कोई खास लाभ नहीं होगा । उनके विचार में, राज्यों द्वारा लाटरियों के संचालन को नियमित करने के लिए कोई उपयुक्त कानून बनाना इसका एक बेहतर विकल्प होगा ।

(ग) सरकार एक ऐसा कानून बनाने पर पहले ही कार्यवाही कर रही है ।

महीन और मोटे कपड़े के मूल्यों में वृद्धि

1132. श्रीमती चन्द्रावती : क्या उद्योग मंत्री यह बताने की कृपा करेंगे कि :

(क) वर्ष 1971 से अब तक महीन और मोटे कपड़े के मूल्यों में कितनी वृद्धि हुई है और सूती कपड़े और सिन्थेटिक कपड़े के लिए मूल्यों में ऐसी वृद्धि का अनुमान क्या रहा है ;

(ख) सिन्थेटिक फाइबर का कितनी मात्रा में आयात किया गया और इसका बड़ी मात्रा में आयात करने वाली कंपनी का नाम क्या है ;

(ग) क्या कपड़े के मूल्यों में वृद्धि कपास के मूल्यों में हुई वृद्धि के अनुपात में है और वर्ष 1971 से अब तक उत्पादकों से कपास की बसूली के समय के मूल्यों और व्यापारियों के पास पहुंचने के तीन महीने बाद के मूल्यों का अनुमान क्या रहा है ;

(घ) क्या वर्ष 1971-72 के चुनावों के दौरान अथवा इनके पौरन बाद कपड़े के मूल्यों में वृद्धि हुई है ; और

(ङ) यदि हां, तो इसके क्या कारण हैं ?

उद्योग मंत्रालय में राज्य मंत्री (कुमारी आभा माईति) : (क) विशिष्ट किस्मों के "महीन और मोटे कपड़ों" के मूल्यों सम्बन्धी घटा बड़ी की सूचना उपलब्ध नहीं है। किन्तु सूती मिल के बने कपड़ों का थोक मूल्य सूचकांक जो 1971 में 110.5 था जनवरी 1978 में बढ़कर 180.1 हो गया जब कि इस की तुलना में सिन्थेटिक बस्त्रों का सूचकांक क्रमशः 100.6 और 114.7 रहा।

(ख) सिन्थेटिक फाइबर का वास्तविक उपभोक्ता आधार पर आयात किए जाने के लिए मुक्त लाइसेंसिंग के फलस्वरूप नवम्बर, 1976 से 20-2-78 तक की अवधि में 109.621 मी० टन सिन्थेटिक

फाइबर का आयात किया गया है। चूंकि आयात की अनुमति वास्तविक उपभोक्ता आधार पर दी जाती है अतः बड़ी मात्रा में आयात करने का प्रश्न ही नहीं उठता।

(ग) 1971-78 की अवधि में यद्यपि कपास के थोक मूल्य सूचकांक में 67.7% की वृद्धि हुई है फिर भी सूती बस्त्रों में 62.9% तक वृद्धि हुई है। चूंकि कपास किसान से व्यापारी तक और बाद में अन्तर्गत निजी व्यापार के माध्यम से मिल तक पहुंचती है। अतः कपास खरीदने के स्तर के मूल्यों और व्यापारिक स्तर के मूल्यों तथा मिल स्तर के मूल्यों के बीच के अन्तर के बारे में जानकारी सुनिश्चित नहीं की जा सकती।

(घ) मिल के सूती कपड़े का थोक मूल्य सूचकांक अप्रैल 1971 में 108.0 और अप्रैल 1972 में 108.9 था। इस प्रकार इसमें मामूली सी वृद्धि का पता चलता है।

(ङ) प्रश्न ही नहीं उठता।

Washeries under Coal India Ltd.

1133. SHRI UGRASEN: Will the Minister of ENERGY be pleased to state:

(a) whether the washeries under Coal India Ltd. are working below rated capacity and suffering from management problems; and

(b) if so, the details thereof?

THE MINISTER OF ENERGY (SHRI P. RAMACHANDRAN): (a) The capacity utilisation of washeries under the management of Coal India Ltd. has been progressively improving. The present capacity utilisation is over 73.3 per cent against 51.3 per cent during 1973-74. There are no management problems.

(b) Does not arise.

### सीमेंट का उत्पादन और मांग

1134. श्री राघवजी :

श्री रामगोपाल रेड्डी :

क्या उद्योग मंत्री यह बताने की कृपा करेंगे कि :

(क) गत तीन वर्षों के दौरान, प्रत्येक वर्ष में कितने कितने टन सीमेंट का उत्पादन हुआ और उसकी मांग कितनी-कितनी थी ;

(ख) क्या हाल के पिछले कुछ समय से सीमेंट की सप्लाई में कमी अनुभव की जा रही थी और यदि हाँ, तो उसके क्या कारण थे ; और

(ग) सीमेंट का उत्पादन बढ़ाने के लिए क्या कार्यवाही की गई है और उसके लिए भावी योजनाएँ क्या हैं ?

वर्ष	उत्पादन (दस लाख मी० टनों में)	लगभग अनुमानित मांग (दस लाख मी० टनों में)
1975	16.27	18.00
1976	18.61	20.00
1977	19.10	22.00

(ख) सरकारी निर्माण कार्यों, कृषि उद्योग एवं मकान निर्माण के लिए सीमेंट की मांग बढ़ जाने के कारण सीमेंट की सप्लाई में कमी हो गई थी। आन्ध्र प्रदेश और तमिलनाडु में समुद्री तूफान के कारण हुए विध्वंसों की मरम्मत के लिए भी सीमेंट की अधिक मात्रा में आवश्यकता पड़ी थी।

(ग) सरकार विद्यमान एककों के उत्पादन में वृद्धि करने, अतिरिक्त क्षमता स्थापित करने तथा सीमेंट में बचत करने एवं उसका बेहतर उपयोग करने के लिए अनेक उपाय अमल में ला रही है। अधिक महत्वपूर्ण उपायों में ही प्रकल्पीनेटों की स्थापना करना और स्लैग प्लाई ऐश और अन्य पोजालेनिक सामग्री का अधिक मात्रा में उपयोग करना, स्थानीय स्लैग और चूने के पत्थर का उपयोग करने के लिए इस्पात संयंत्रों की स्थापना स्थलों पर नये सीमेंट संयंत्र स्थापित करना, चूने के पत्थरों के छोटे भंडारों का उपयोग करने के लिए छोटे (मिनि) सीमेंट संयंत्रों की स्थापना करना तथा नये और विस्तार किए जाने वाले संयंत्रों के निर्माण कार्य को शीघ्र ही पूरा करना शामिल है। देश के बाजारों में सीमेंट की उपलब्धता बढ़ाने के लिए सरकार ने करीब 10 लाख मी० टन सीमेंट का आयात करने की भी व्यवस्था कर ली है।

सूचना और प्रसारण मंत्री (श्री लाल कृष्ण अडवाणी) : (क) जी, हां ।

(ख) विवरण संलग्न है ।

#### विवरण

राज्य व्यापार निगम के अलावा अन्य साधनों से अखबारी कागज प्राप्त करने के लिए समाचारपत्रों को मंजूरी की सम्भाव्यता की, 1977-78 के लिए अखबारी कागज सम्बन्धी नीति को अन्तिम रूप देते समय ध्यान में रखा गया था । यह देखा गया कि राज्य व्यापार निगम के द्वारा आयातित अखबारी कागज को सारणीबद्ध करना लाभदायक है और इसे जारी रखा जाए । अखबारी कागज को राज्य व्यापार निगम के द्वारा सारणीबद्ध करने के निम्नलिखित फायदे हैं :—

1. बहुत बड़े संसाधनों वाला एक केन्द्रीय संगठन ही प्रतियोगी और सस्ते मूल्यों पर विभिन्न विदेशी सम्भारकों से लम्बे अरसे के अनुबन्ध में शामिल हो सकेगा ।

2. बड़े समाचार पत्रों को छोड़ कर यह छोटे माचारपत्रों के साधनों और क्षमता से परे होगा कि विदेशी सम्भारकों के साथ अनुबन्ध में शामिल हो सकें और बहू भी कम मात्रा में ।

3. राज्य व्यापार निगम के द्वारा प्राप्ति और वितरण करने से छोटे और मझोले समाचारपत्रों, प्रक्रियात्मक तथा वित्तीय असुविधाओं से बच गये हैं जिनका उन्हें अन्यथा अनुभव करना पड़ता ।

(ग) इस करार की मुख्य शर्तें क्या हैं ?

उद्योग मंत्रालय में राज्य मंत्री (कुमारी आभा माईति) : (क) से (ग) । हैवी इंजीनियरिंग कारपोरेशन, रांची की क्षमताओं का उपयोग बढ़ाने के लिए चैकोस्लोवाकिया के धातुकर्म और भारी इंजीनियरिंग मंत्री के साथ दिल्ली में हाल ही में हुए विचार-विमर्श के दौरान इस बात पर सहमति हो गई है कि चैकोस्लोवाकिया रोलिंग मिल और कोक ओवन इक्विपमेंट का हैवी इंजीनियरिंग कारपोरेशन से आयात करेगा और अधिक क्षमता के सीमेंट संयंत्रों का निर्माण करने के लिए एच०ई०सी० को सहायता देगा । सीमेंट का उत्पादन बढ़ाने के लिए बड़ी क्षमता के इन सीमेंट संयंत्रों की आवश्यकता है । एच०ई०सी० द्वारा दी गई मशीनों से उत्पादन में वृद्धि करती होगी, यह सीमेंट उद्योग द्वारा एच०ई०सी० को दिए गए आर्डरों पर निर्भर करेगा ।

(घ) यदि हां, तो क्या सरकार का विचार देश में बिजली के वर्तमान संकट को दूर करने के लिए ठोस कार्यवाही करने का है और यदि हां, तो कब ?

(ख) सरकार की नीति यह है कि जहाँ कहीं प्रौद्योगिक तथा आर्थिक दृष्टियों से व्यवहार्य हो वहाँ तेल के स्थान पर ऊर्जा के दूसरे रूपों का प्रयोग किया जाना चाहिए ।

(ग) अन्य विकासशील देशों द्वारा विद्युत का अधिक उत्पादन करके ऊर्जा संबंधी अपनी समस्याओं का समाधान करने की जानकारी सरकार को नहीं है ।

A list of such breakdowns/trippings giving the dates and time of tripping, time of restoration of the various units and the reasons for such breakdowns during the last three years is laid on the Table of the House. [Placed in Library. See No. LT-1656/78]. The supply of power to part of the capital was affected on four occasions only for short periods as it was possible to restore supply to the capital by getting assistance from the neighbouring power systems.

In most of these cases, trippings were caused by either outside system disturbances, or faults in the outdoor switchyard of Indraprastha Power Station.

Remedial measures to improve the outdoor switchyard have already been taken. Necessary steps to stabilise the Northern Region Grid system are also being taken up by the Northern Regional Electricity Board, in consultation with the constituent States. In view of the above, no Committee is considered necessary to look into this matter.

संयुक्त रक्षा सेवाओं हेतु परीक्षा में प्रश्न-पत्रों के उत्तर अंग्रेजी में दिया जाना

1177. श्री सुखेन्द्र सिंह: क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का ध्यान 17 जनवरी, 1978 के नवभारत टाइम्स में प्रकाशित इस आग्रह के समाचार की ओर दिलाया गया है कि संघ लोक सेवा आयोग द्वारा इस वर्ष मई में आयोजित होने वाली संयुक्त रक्षा-सेवा परीक्षा में सामान्य ज्ञान तथा प्रारंभिक गणित के प्रश्न-पत्रों के उत्तर अंग्रेजी में देना अनिवार्य होगा;

(ख) यदि हां, तो क्या जिन छात्रों का शिक्षा का माध्यम हिन्दी रहा है, वे उच्च पदों के लिए परीक्षाओं में नहीं बैठ सकेंगे; और

(ग) क्या कोठारी आयोग ने सरकार को इसी तरह की सिफारिश की थी ?

गृह मंत्रालय में राज्य मंत्री (श्री एस० डी० पाटिल) : (क) और (ख). जहाँ तक प्रश्न-पत्रों के उत्तर का संबंध है, संघ लोक सेवा आयोग ने पहले ही यह निर्णय कर दिया है कि मई, 1978 में ली जाने वाली संयुक्त रक्षा सेवा परीक्षा की योजना में शामिल किये गये सभी विषयों के प्रश्न-पत्रों में केवल वस्तुनिष्ठ प्रकार के ही प्रश्न रखे जाएंगे। इस प्रकार, प्रश्न-पत्र तो यद्यपि अंग्रेजी में ही होंगे, किन्तु वस्तुनिष्ठ प्रकार के प्रश्नों तथा उत्तरों से अंग्रेजी के ज्ञान पर बल दिया जाना, काफी हद तक कम हो जाएगा और इस तरह से अंग्रेजी में पूर्णतः दक्ष न होने वाले उम्मीदवारों की बाधा कम से कम रह जाएगी।

(ग) भर्ती नीति तथा चयन पद्धति संबंधित समिति कोठारी समिति ने अन्य बातों के साथ-साथ अखिल भारतीय तथा केन्द्रीय सेवाओं में भर्ती के लिए प्रस्तावित सिविल सेवा परीक्षा में संविधान की आठवीं अनुसूची में दी गई सभी भाषाओं और अंग्रेजी का वैकल्पिक माध्यम के रूप में प्रयोग करने की सिफारिश की थी। भारत सरकार ने सिफारिश को स्वीकार कर लिया है और संघ लोक सेवा आयोग से इसे लागू किए जाने से उचित कदम उठाये जाने का अनुरोध किया है। कोठारी समिति की सिफारिशों के अन्तर्गत संयुक्त रक्षा सेवा परीक्षा नहीं आती।

(c) if so, the details thereof?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) Government have seen reports appearing in the Press from time to time in this regard.

(b) and (c). Progressive indigenisation of sophisticated armaments is part of the national policy of self-reliance and not as a result of reported sale of armaments by big nations to non-aligned countries. The programme of indigenisation of defence production covers the entire range of requirements for our Armed Forces—including modern combat aircraft; warships; tanks and other vehicles; sophisticated radar and communications and gun control equipment; field, mountain, anti-aircraft, anti-tank and other guns; missiles; rockets and propellants; chemicals and explosives; small arms; and practically the whole range of ammunition for the three Services.

#### Price of Cement

1179. SHRI M. RAM GOPAL REDDY: Will the Minister of INDUSTRY be pleased to state:

(a) whether Government have decided to raise the price of cement in the country; and

(b) if so, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (KUMARI ABHA MAITI): (a) and (b). Shortages in the supply of cement had developed on account of higher demand for consumption for Public Works as well as for Agriculture, Industry and Housing. Substantial quantities of cement were also required to repair ravages caused by the cyclones in Andhra Pradesh and Tamil Nadu. Government, therefore, decided to permit the import of about one million

tonnes of cement to meet the additional demand. As the landed cost of the imported cement is higher than the cost of indigenous cement, Government decided to pool the prices and increase the F.O.R. destination price of cement by Rs. 17 per tonne w.e.f. 7th January, 1978 so that together with local levies the retail price did not increase by more than Rs. 20 per tonne or Re. 1 per bag. It is clarified that there has however been no increase in ex-works or retention prices of cement payable to the manufacturers.

#### **Increase in Prices of Paper**

1181. SHRI S. G. MURGAIYAN:  
SHRI K. PRADHANI:

Will the Minister of INDUSTRY be pleased to state:

(a) whether Government are aware that the Paper Mill owners increased

the price of paper three times i.e. in January, 1977 by 35 paise per K.G., in September, 1977 by 35 paise per K.G. and again in December, 1977 by 30 paise per K.G.;

(b) if so, whether this has been done against the declared policy of holding price line by Government;

(c) if so, the steps being taken in the matter;

(d) whether Government have received any Memorandum in the matter from the Uttar Pradesh Publishers Association; and

(e) if so, the main points?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (KUMARI ABHA MAITI): (a) During the year 1977 there was no significant increase in the prices of basic qualities of paper but only a marginal increase in the prices of some superior varieties of paper. After 31st December, 1977, a few mills have issued revised price lists in which prices of certain varieties of paper have been put up steeply.

(b) and (c). Although there is no statutory control on prices of paper, Government have been discouraging the industry from resorting to unilateral increases in prices without adequate justification. Government's unhappiness at the price increases effected by some mills without consulting Government has been conveyed to the paper industry. The reaction of the industry is awaited before Government takes suitable regulatory measures to control the price situation.

(d) and (e). Yes, Sir. The Association has represented that the prices of certain writing and printing papers have been increased considerably by the paper mills and that there is a general shortage of such papers which might affect the student community adversely. These matters are already receiving Government's attention.

(ग) सरकार ने देश में कितनी कोयला खानों को बन्द कर दिया है ?

ऊर्जा मंत्रालय में राज्य मंत्री (श्री फजलुर्रहमान) : (क) और (ख). कोयला खान (राष्ट्रीयकरण) संशोधन अधिनियम, 1976 में यह व्यवस्था है कि केन्द्रीय सरकार, या सरकारी कम्पनी, या केन्द्र सरकार का, उसके प्रबंध में या नियंत्रण में कोई निगम, या कोई कम्पनी जो लोहा अथवा इस्पात का उत्पादन करती हो, या ऐसा कोई व्यक्ति जिसे सरकारी कम्पनी अथवा निगम द्वारा उप पट्टा दिया गया हो, को छोड़कर अन्य कोई व्यक्ति भारत में किसी भी रूप में कोयले का खनन कार्य नहीं करेगा। उप पट्टे की व्यवस्था इस शर्त के साथ है कि क्षेत्र में कोयले के भण्डार बिल्कुल अलग पड़े स्थानों में नहीं हैं, या वे भंडार वैज्ञानिक तथा आर्थिक विकास के लिए पर्याप्त नहीं हैं और उत्पादित कोयला गैल से ढोने की जरूरत नहीं पड़ेगी। उक्त अधिनियम की शक्तियों को उच्चतम न्यायालय में चुनौती दी गई है और मामला अभी न्यायालय के विचाराधीन है, इस तथ्य को ध्यान में रखते हुए अभी तक किसी व्यक्ति को उप पट्टा मंजूर नहीं किया गया है।

(ग) सूचना एकत्र की जा रही है और सभा पटल पर रख दी जायेगी।

(c) the extent to which foreign assistance was necessary;

(d) whether Arayabhata, which is still in the orbit, is still functioning and giving useful informations; and if so, details thereof; and

(e) the extent to which the U.S.S.R. Government is assisting India in launching the second Indian satellite?

PRIME MINISTER (SHRI MORARJI DESAI): (a) The Second Satellite is in an advanced stage of manufacture and is expected to be ready by the end of 1978.

(b) This Satellite which is essentially a modification of Aryabhata, has a more complex payload, data handling and control system. It is designed to carry out earth resources survey experiments over India and will carry two television cameras and three microwave radiometers. This would enable collection of information related to forestry, snow cover, snow melting, large land and water bodies, meteorology and sea surface temperature. The Satellite is being entirely built by Indian Scientists and Engineers. The T. V. tubes the space qualified electronic components which are not manufactured in the country have been imported.

(c) and (e). Foreign assistance consists of provision of launching facilities, the solar panels, and a few other components by the Soviet Union.

(d) Yes, Sir. The data received from Aryabhata relates to structure dynamics, control dynamics, thermal control system and power conditioners. These have provided valuable inputs

for the design and fabrication of the Second Satellite and will also be useful for future spacecraft.

#### Letters received from M.P.s by Delhi Administration

1185. SHRI KANWAR LAL GUPTA: Will the Minister of HOME AFFAIRS be pleased to state:

(a) the total number of letters received by the Delhi Administration from Members of Parliament of Delhi in the last 9 months;

(b) in how many cases the follow up action was taken and the concerned M.P. was informed about it;

(c) whether it is a fact that no action is taken even on the letters written by Members of Parliament; and

(d) if so, the steps taken by Government to take necessary action on each and every letter of Member of Parliament?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI DHANIK LAL MANDAL): (a) to (d). Necessary information is being collected from the Delhi Administration and will be laid on the table of the House in due course.

#### Implementation of Development Projects in J & K

1186. SHRIMATI PARVATI DEVI: Will the Minister of PLANNING be pleased to state what steps are being taken or proposed to be taken for stepping up the economic development and removing impediments in the speedy implementation of the development projects of the Jammu and Kashmir State with special reference to Ladakh having lowest level of development as compared to other regions of the State?

THE PRIME MINISTER (SHRI MORARJI DESAI): The primary res-

possibility for speeding up economic development and removing impediments to implementation of the development projects is that of the Government of Jammu and Kashmir.

So far as Planning Commission is concerned the Plan outlay has been stepped up from Rs. 47.79 crores in 1974-75 to Rs. 108 crores for 1978-79. Also, the saving accruing from the reduction in food subsidies are being directly utilised by the State for development works.

In the case of Ladakh, the pattern of Central assistance is 90 per cent grant and 10 per cent loan against the normal pattern of 30 per cent grant and 70 per cent loan. The Plan outlay for Ladakh is earmarked to ensure that the outlays provided for its development are spent in that area only. For the Annual Plan 1978-79 an outlay of Rs. 6.44 crores has been earmarked as against an expenditure of Rs. 2.10 crores in 1974-75.

#### Reasons for Winding up of Coca Cola and IBM Concerns

1187. SHRI P. V. PERIASAMY: Will the Minister of INDUSTRY be pleased to state:

(a) the reasons for the winding up of Coca Cola and IBM concerns;

(b) whether it is a fact that many other concerns with considerable foreign participation are enjoying a virtual lease of life because of administrative tardiness in enforcing the relevant regulations; and

(c) if so, the reasons therefor and the steps proposed to be taken in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (KUMARI ABHA MAITI): (a) Coca Cola and IBM concerns were permitted to operate in India with non-resident interest not exceeding 40 per cent in accor-

dance with the provisions of the Foreign Exchange Regulation Act, 1973. However, these two companies decided to wind up their activities in the country in keeping with their corporate policies.

(b) No, Sir.

(c) Does not arise.

#### ऊनी कालीनों का मशीनों द्वारा उत्पादन

1183. श्री माधव प्रसाद त्रिपाठी : क्या उद्योग मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या उनके मंत्रालय ने निर्यात के नाम पर तीन बड़े औद्योगिक गृहों को ऊनी कालीनों का उत्पादन मशीनों द्वारा करने की अनुमति दे दी है;

(ख) क्या इस उत्पादन से वे लाखों लोग बेरोजगार नहीं हो जायेंगे जो हाथ से कालीन बनाने का काम करते हैं; और

(ग) यदि हां, तो सरकार की निर्धारित नीतियों के विरुद्ध ऐसी अनुमति देने के क्या कारण हैं ?

उद्योग मंत्रालय में राज्य मंत्री (कुमारी आभा माईति) (क) से (ग). वर्तमान सरकार के कार्यकाल में उद्योग मंत्रालय ने मशीनों से ऊनी गलीचों का उत्पादन करने हेतु कोई लाइसेंस जारी नहीं किया है। भूतपूर्व सरकार के कार्यकाल में कुछ लाइसेंस जारी किये गये थे। यहां संदर्भ शायद (1) भारत कार्पेट्स; (2) मोदी कार्पेट्स और (3) टफेटड कार्पेट्स एण्ड वूलन इन्डस्ट्री लिमिटेड को जारी किये गये लाइसेंसों का है।

सही तो यह है कि मशीन से बने गलीचों तथा हाथ से बनाये गये गलीचों की मांग परस्पर स्थानापन्न नहीं होती है क्योंकि नाप आदि जैसी विभिन्न बातों में दोनों में बहुत

अंतर है। मशीन से बने गलीचों की मांग मुख्यतः पर्यटन व्यवसाय के संवर्धन में लगे संस्थानों से होती है।

अधिक लोगों को रोजगार मिलने की तर्क क्षमता को ध्यान में रखते हुए, हाथ से बने गलीचों का अधिक उत्पादन करने के लिए भविष्य में मशीनों से बनाये जाने वाले गलीचों के विकास को प्रोत्साहित नहीं किया जायेगा।

ber, 1977 at Delhi. This was followed  
with a meeting with the Industry  
Ministers of North Eastern region on  
2nd October at Shillong. Besides the  
State Ministers of Industry, the Chief  
Ministers of Tamil Nadu, Pondicherry  
and Goa attended the respective re-  
gional meetings. These regional  
meetings were arranged primarily to  
discuss the specific and immediate  
problems faced by different States in  
their industrial development program-  
me so as to evolve a more meaningful  
programme of action. The Industry  
Ministers of different States, while  
focussing their problems relating to  
their own States, made certain com-

mon suggestions, which were also discussed. Among the important suggestions made were greater stress on ancillary development by Public Sector Undertakings as well as large and medium industries in the private sector, evolving a suitable system of payment for the purchases made from the small scale and cottage sector, greater involvement of banks and financial institutions in the development of small scale and cottage industries, strengthening of small scale industry development organisations in the States, institution of necessary arrangement for the timely and uninterrupted supply of raw material and inputs required by the small scale and cottage industries, institution of suitable arrangements including better linking up between NSIC and STC for the marketing of small industry products, special stress on the development of tiny sector, i.e., industries having investment on plant and machinery less than Rs. 1 lakh etc. During the discussions, general reference was also made by some States to the need for exemption of cottage and small industries from sales tax and other local taxes.

In the context of the discussion and suggestions made in these regional meetings, the State Government were requested to draw up their Annual Plans suitably, with specific reference to the development of small scale and village industries specially leather, pottery, carpentry and blacksmithy, ghani oil, non-edible oils, soap, handloom, handicrafts and sericulture industries. The States' Annual Plans for 1978-79 were discussed with the representatives of the State Governments and finalised in the Planning Commission.

Necessary administrative arrangements have been made in the Ministry of Industry for the purpose of coordinating the actions required on the proposals received from the various States. A meeting was also organised with the Chairman of the Nationalised

Banks for their greater involvement in the development of small scale and cottage industries.

#### Revival of Sick and Closed units in West Bengal

1192. SHRI SAUGATA ROY: Will the Minister of INDUSTRY be pleased to state:

(a) whether Government are seriously thinking about the revival of sick or closed units in West Bengal which do not satisfy the norms laid by Government of India for investigation or take over which includes Plywood industries, cotton mills, jute mills etc.;

(b) whether Indian Reconstruction Corporation of India is drawing some plans in this regard to save a large number of workers who lost jobs due to the closure; and

(c) whether West Bengal Government is negotiating with the Government of India in this regard and if so, the reaction of the Government of India thereto?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (KUMARI ABHA MAITI): (a) and (c). Action under the Industries (Development and Regulation Act for investigation/taking over the management of a sick or closed industrial undertaking is taken on the basis of the relevant provisions of the Act. The proposals sent by the State Governments including those sent by the Government of West Bengal are considered on merits in the light of the provisions of the Act, with reference *inter-alia*, to the viability of the industrial undertaking, the number of labourers employed in it as well as its size. Government are guided mainly by considerations of public interest while considering such matters which are decided on a case to case basis on merits. During the year 1977-78, the management of M/s. Union Jute Co. Ltd., M/s. Khardha

Co. Ltd., M/s. Alexandra Jute Mills, Calcutta, Messrs. Bengal Chemical and Pharmaceutical Works Ltd., and M/s. During the same period, investigations were ordered into the working of M/s. Paul Lohmann (I) Ltd., and M/s. Indian Health Institute and Laboratories Calcutta and M/s. Incheck Tyres Ltd., Calcutta.

(b) It is presumed that the Honourable Member is referring to the Industrial Reconstruction Corporation of India Ltd. The Industrial Reconstruction Corporation of India Ltd., have sanctioned reconstruction assistance to 72 closed and sick industrial units located in West Bengal, aggregating Rs. 40.80 crores. As a result of this reconstruction assistance, restoration/stabilisation of employment of about seventyseven thousand persons is estimated. Of these 72 industrial units, 37 units were closed prior to the Corporation's assistance. Thirty three of these thirty seven units could revive their operations with the Corporation's assistance.

### Growth of Industrial Production

1193. SHRI S. R. DAMANI: Will the Minister of INDUSTRY be pleased to state:

(a) the rate of growth of industrial production in the current year upto 31st December, 1977 and how it stands comparison with that achieved in the previous two years;

(b) the items in which there is a fall of 5 per cent or more than the previous year; and

(c) the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (KUMARI ABHA MAITI): (a) The official index of industrial production compiled by the Central Statistical Organisation is available upto November, 1977. According to this index, the rate of growth of industrial production during the period April—November, 1977 was 4.2 per cent as compared to 11.4 per cent and 4.0 per cent during the corresponding periods of 1976 and 1975 respectively.

(b) and (c). A statement showing major items in the index which recorded a fall of 5 per cent or more during April—December, 1977, over the corresponding period of the previous year, together with reasons therefor, is attached.

**Supply of Defective Generators by BHEL to Chandrapura Plant (DVC)**

1194. SHRI K. A. RAJAN: Will the Minister of INDUSTRY be pleased to state:

(a) whether it is a fact that two generators supplied by the Bharat Heavy Electricals Limited to the Chandrapura Plant of the Damodar Valley Corporation were found to be defective;

(b) if so, the details thereof;

(c) whether any inquiry has been instituted into the causes of the deficiencies; and

(d) if so, the findings thereof and the remedial measures taken or proposed to be taken in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (KUMARI

ABHA MAITI): (a) and (b). BHEL has supplied 2 number of 120 MV Turbogenerations i.e., 4th and 5th Units of Chandrapura Thermal Power Station of DVC. They were commissioned in February, 1974, and March, 1975 respectively. Trouble free operation of such sophisticated equipment is linked up both with the quality of equipment as well as that of operation and maintenance. Occurrence of troubles in actual performance is equally a feature of imported turbines and generators. Both these units functioned satisfactorily to their rated capacity upto September, 1976.

In July, 1976, the unit-IV was shut down for attending to a trouble in the main oil Pump; immediately after this unit was synchronised, it got tripped due to the actuation of the earth of fault relay and it was found that the generator rotor and windings of Stator had got damaged. Likely cause of

the damage was closing of the field breaker with full excitation without having fully dried the generator as per prescribed practice. Necessary repairs have been carried out and the unit is ready for synchronisation. With regard to the 5th Unit, in September, 1976, a leakage in re-heat pipe line joint near right hand steam valve was noticed. During the repair it was observed that there was a crack in the Steam Chest of steam valve. The precise cause of the damage is not known but it is assessed that the damage was due to having admitted steam into cylinder at a lower temperature than permitted. When checks were being carried out, it was observed that some Blades were broken which caused damage to rotor as well. The unit was re-erected and re-commissioned in June, 1977 and was run at an average load of 80 to 90 MV. Subsequently in November, 1977 hunting in the Governor system was observed and it was found that the High Pressure Governor Valve spindle was broken. This was attended to and the unit was synchronised in January, 1978 but high vibrations were observed in it. The machine has been re-balanced, re-rolled and is now ready for synchronization.

(c) An enquiry is being conducted at Chandrapura Thermal Power Station by a Committee set up by the Ministry of Energy, under the Chairmanship of Central Electricity Authority to find out the causes of damages.

(d) The findings of the Enquiry Committee are yet to be known. The remedial measures will be taken after the report of the Enquiry Committee is finalized.

lore met the Defence Minister in the month of December;

(b) the nature of the grievances placed by the employees; and

(c) the reaction of Government to the representation?

THE MINISTER OF STATE IN THE MINISTRY OF DEFENCE (PROF. SHER SINGH): (a) No, Sir.

(b) and (c). Do not arise.

फिल्म एण्ड टेलीविजन इंस्टीट्यूट, पुणे में अनुभवी कर्मचारियों तथा कलाकारों को प्रशिक्षण

1196. श्री रीतलाल प्रसाद वर्मा : क्या सूचना और प्रसारण मंत्री यह बनाने की कृपा करेंगे कि :

(क) ऐसे कर्मचारियों तथा कलाकारों को प्रारम्भिक ज्ञान प्राप्त करने के लिए फिल्म एण्ड टेलीविजन इंस्टीट्यूट, पुणे में भेजने के क्या कारण हैं जिन्होंने वहां से पहले ही प्रशिक्षण प्राप्त किया हुआ है तथा जिन्हें पांच से दस वर्ष का अनुभव है;

(ख) ऐसे अनुभवी तथा वुशल कलाकारों का प्रति व्यक्ति 44,000 रुपये नष्ट करने के क्या कारण हैं; और

(ग) क्या नये भर्ती किये गये व्यक्तियों को प्रशिक्षण के लिए विदेशों में भेजा जाता है जबकि अनुभवी कर्मचारियों से देश में ही पुणे स्थित इंस्टीट्यूट में बार-बार अनावश्यक प्रारम्भिक ज्ञान प्राप्त करने के लिए कहा जाता है ?

सूचना और प्रसारण मंत्री (श्री लाल कृष्ण आडवाणी) : (क) और (ख). केवल उन्हीं सदस्यों को भारतीय फिल्म और टेलीविजन संस्थान, पुणे में भेजा जाता है

जिन्होंने टेलीविजन माध्यम में कोई औपचारिक या कोई बेसिक कौशल का प्रशिक्षण नहीं लिया होता। टेलीविजन जैसे ऊटिल माध्यम के लिए केवल अनुभव ही पर्याप्त नहीं है। प्रशिक्षण के लिए प्रति व्यक्ति लागत लगभग 23,500 रुपये है और 4,4,000 रु० नहीं है।

(ग) जी, नहीं। दूरदर्शन के कर्मचारियों का केवल विशिष्ट प्रशिक्षण के लिए विदेश भेजा जाता है न कि औपचारिक या बेसिक प्रशिक्षण के लिए। जब कभी विदेश में विशिष्ट प्रशिक्षणों के लिए सुविधाएँ उपलब्ध होती हैं, इस आशय से व्यक्तियों का चयन उपलब्ध सुविधाओं की प्रकृति और विषय के अनुसार किया जाता है।

### Closure of Jute Mills in West Bengal

1197. SHRI SIVAJI PATNAIK: Will the Minister of INDUSTRY be pleased to state:

(a) whether a large number of jute mills are still closed down in West Bengal causing hardship to several thousands of workers;

(b) if so, the total number of mills closed and number of workers rendered jobless; and

(c) the steps Government propose to take to reopen all the partially and fully closed mills?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (KUMARI ABHA MAITI): (a) to (c). The following five mills are lying closed in West Bengal involving the lay-off of 14,650 workers:

Name of Mills	Approx. Nos. workers	Closed from
1. Bharat Jute Mills (West Bengal)	1,600	9-4-76
2. Prem Chand Jute Mill (West Bengal)	3,250	6-4-77
3. Naihati Jute Mills (West Bengal)	3,000	21-7-77
4. Kinnison Jute Mill (West Bengal)	4,500	5-9-77
5. Naskarpara Jute Mill (West Bengal)	2,300	25-9-77
TOTAL	14,650	

So far as Bharat Jute Mill is concerned, the considered view of the Bose Mullick Committee which was set up in 1976 to go into all aspects of Jute Industry, was that its machinery was thoroughly unmodernised. The Kaul Committee which was set up specifically for reviewing the cases of sick jute mills, came to the conclusion that this particular mill was not capable of being reopened.

As regards Prem Chand Jute Mill, the Bose Mullick Committee had grouped this unit also along with the

Bharat Jute Mill as a mill in which either the machinery was thoroughly unmodernised or the product-mix was basically unbalanced. Its lessees Sonajuli Tea & Industries Limited, are reported to be no longer interested in running the mill on account of its outmoded machinery and the consequently high cost of production.

As regards Naihati Jute Mills, its management is negotiating with the bankers for a term loan to enable them to reopen it.

In so far as Kinnison Jute Mill is concerned, they have approached Industrial Finance Corporation of India for grant of a loan on soft terms for renovation and modernisation which would enable them to reopen the mill. A meeting has been called by the Ministry of Industry to facilitate an early decision on the company's request.

As regards Naskarapara Jute Mill, it is understood that the Mill management has taken up their labour and financial problems with the Government of West Bengal and it is learnt that negotiations between them are still going on.

The Government is not aware of any "PARTIALLY CLOSED" Jute Mills.

#### Setting up Thermal Power Stations

1198. SHRI PRADYUMNA BAL:

SHRI SHANKERSINHJI  
VAGHELA:

Will the Minister of ENERGY be pleased to state:

(a) whether Government have since taken a final decision regarding setting up giant 500MW thermal power stations at several new locations in the country to build up generating capacity; and

(b) if so, the particulars thereof?

THE MINISTER OF ENERGY (SHRI P. RAMACHANDRAN): (a) and (b). Government's approval has so far been accorded for setting up of Thermal Power Stations envisaging installation of 500 MW generating units at the following locations:

- (i) Trombay Extension in Maharashtra where installation of one unit of 500 MW is proposed.
- (ii) Korba in Bilaspur District of Madhya Pradesh where the

first stage installation of 1100 MW which has been approved, will include three units of 200 MW and one Unit of 500 MW.

- (iii) Ramagundam in Karimnagar District of Andhra Pradesh with the first stage installation of 1100 MW which includes three units of 200 MW and one unit of 500 MW.

#### Transfer of Information Officers

1199. SHRI L. L. KAPOOR: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether Government have transferred a large number of Information Officers who acted excessively during the emergency;

(b) if so, their number; and

(c) what work has been assigned to them?

THE MINISTER OF INFORMATION & BROADCASTING (SHRI L. K. ADVANI): (a) No, Sir.

(b) and (c). Do not arise.

#### Involvement of Indian Universities for Solution of Specific Defence Requirements

1200. DR. MURLI MANOHAR JOSHI: Will the Minister of DEFENCE be pleased to state the steps taken by Government to involve Indian Universities for finding a solution for specific defence requirements and projects?

THE MINISTER OF STATE IN THE MINISTRY OF DEFENCE (PROF. SHER SINGH): The steps taken are:

(a) Under various Grants-in-aid schemes, research and development projects are framed out to Universities, IITs and other Research Institutes. The financial support provided under these schemes is utilised by Universities, IITs etc. for appointing research staff and for equipments and contingencies. The Ministry of Defence has supported projects to the extent of about Rs. 5 crores under the Defence Research and Development Organisation and the Aeronautics R&D Board grants-in-aid schemes over the last five years and of about Rs. 4 crores under the Research & Training scheme (under the Air Defence Ground Environment System Plan) since 1971. The National Radar Council of the Department of Electronics with which Ministry of Defence is closely associated has supported projects to the extent of Rs. 1.45 crores so far. The research projects farmed out are of relevance to and are monitored by the corresponding Defence R&D Laboratories Establishments.

(b) Financial support is provided by the Ministry of Defence to some of the IITs, Universities and other Institutes for conducting courses at post graduate level for the training of Defence personnel—both civilian and Service Officers. In addition, officers, both service and civilian, are deputed for training in some of the specialised courses being conducted by the Universities, IITs etc.

(c) Financial support is also provided to the Universities and Research Institutes for holding Seminars/Symposia in different technical areas of interest to defence. It is expected that such seminars/symposia will bring about a closer involvement of the Indian Universities and other Research Institutes with defence problem.

(d) Scientists/Engineers from Universities/IITs etc. are appointed as Consultants/Experts on project monitoring/steering groups and for finding specific solutions.

### Manufacturing Spares in Spaces in Private Sector

1201. SHRI P. K. KODIYAN: Will the Minister of DEFENCE be pleased to state:

(a) whether Government have decided to call a Conference of industrialists to discuss about proposal for manufacturing spares for defence production in private sector; and

(b) if so, the details thereof?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) and (b). A Conference was arranged by the Department of Defence Supplies at Vigyan Bhawan, New Delhi, on the 14th and 15th February, 1978. The Conference was attended by representatives of Defence Departmental Factories, Defence Public Sector Undertakings, Government organisations concerned and representatives from the Civil sector industries, both Public and Private. The purpose of the Conference was to discuss ways and means of availing, in greater degree, of the growing capacity in the civil sector—both Public and Private for the manufacture of items, such as spares, accessories, components and parts, which are either not manufactured in the Public Sector Factories or whose production needs to be supplemented, so as to minimise the country's dependence on imports and accelerate the pace of indigenisation and self reliance in Defence. This will be, as at present, subject to dominant role of departmental and public sector Industries of the Defence Ministry.

### Strike by the Workers of Rajasthan Atomic Power Plant, Kota

1202. SHRI SHANKERSINHJI VAGHELA: Will the Minister of ATOMIC ENERGY be pleased to state:

(a) whether it is a fact that the workers of Rajasthan atomic power plant and heavy water project at Rawatbhat, near Kota were on strike

for quite a long period during 1977;

(b) the period for which they remained on strike and what were their demands;

(c) the extent of loss suffered due to the strike of workers there; and

(d) the extent to which the demands of workers have been met?

THE PRIME MINISTER (SHRI MORARJI DESAI): (a) Yes, Sir.

(b) The workers were on strike from September 8, 1977 to January 6, 1978. The demands submitted by a Sangharsh Samiti (Action Committee) consisting of representatives of the recognised union and an unrecognised union were (i) restoration of project allowance, (ii) declaration of permanency of the employees, (iii) night duty allowance, radiation allowance, production allowance and bonus, (iv) stoppage of retrenchment, (v) provision of entitled accommodation, (vi) introduction of new grades on the basis of those existing in ONGC and RSEB, (vii) stoppage of giving work to contractors, (viii) provision of stone wall and pukka roofings instead of asbestos sheet roofing and (ix) provision of uniform service conditions for all the employees.

(c) The loss in terms of revenue was around Rs. 5 lakhs per day and the loss in terms of power generation was 2.85 million units per day.

(d) The Sangharsh Samiti is not a recognised body. Discussions had been held earlier with the recognised union—the Rajasthan Anushakti Pariyojana Karmachari Sangh—on the charter of demands submitted by that union which included the nine demands put forth by the Sangharsh Samiti. The Assistant Labour Commissioner (Central) Kota held conciliation proceedings on the demands of the Sangharsh Samiti which, however, resulted in failure as most of the demands put forth by the strikers are unreasonable and beyond what is per-

missible under Government policy. However, additional quarters have been taken up for construction and a programme for modification of certain temporary quarters into permanent/semi-permanent ones has been drawn up. 50 per cent of the posts existing in the operation and maintenance group for more than three years are being converted into permanent ones for confirming eligible employees whose services are required on a long term basis.

#### Increase in the price of Cotton

1203. SHRI BALASAHEB VIKHE PATIL: Will the Minister of INDUSTRY be pleased to state:

(a) whether it is a fact that the stock of cotton has exceeded the estimate; and

(b) if so, the reasons for the increase in the retail price of cotton in the market?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (KUMARI ABHA MAITI): (a) No, Sir.

(b) Does not arise.

‘टेलको’ में ट्रक चैसिस की उत्पादन क्षमता

1204. श्री एम० ए० हनान अलहाज : क्या उद्योग मंत्री यह बताने की कृपा करेंगे कि :

(क) टी०ई०एल०सी०ओ० (टेलको) में 1210-ई ट्रक चैसिस की वार्षिक उत्पादन क्षमता क्या है;

(ख) क्या यह सच है कि बाजार में ट्रक चैसिस की कमी प्रबंधकों द्वारा अपने आप की गई कमी है; और

(ग) इस कमी को दूर करने के लिए सरकार क्या प्रयास कर रही है?

(d) whether the State Government have made a demand that entire Rajasthan should be declared as an industrially backward State and if so, whether Government have taken any final decision in this regard and if so, the details thereof and if not, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (KUMARI ABHA MAITI): (a) In pursuance of the decisions of the National Development Council Committee of the State Chief Ministers, the following set of criteria was circulated to the State Governments and Administrations of

Union Territories to be adopted as 'guidelines' for identification of industrially backward districts to qualify for concessional finance facilities:

- (i) Per capita foodgrains/commercial crops production depending on whether the district is predominantly a producer of foodgrains/cash crops. (for inter-district comparisons conversion rates between foodgrains and commercial crops may be determined by the State Government on a pre-determined basis where necessary).
- (ii) Ratio of population to agricultural workers.
- (iii) Per capita industrial output (gross).
- (iv) Number of factory employees per lakh of population or alternatively number of persons engaged in secondary and tertiary activities per lakh of population.

The statistical data furnished by the State Governments in respect of the criteria adopted by them for the purpose of identification of industrially backward districts, were considered by the Planning Commission in consultation with the concerned Ministries. On the basis of the data furnished mostly the districts with their indices below the concerned State average, have been selected as industrially backward to qualify for concessional finance. Accordingly, the following 16 districts of the Rajasthan State have been selected as industrially backward:

Alwar, Banswara, Barmer, Bhilwara, Churu, Dungarpur, Jaisalmer, Jalore, Jhunjhunu, Jhalawar, Jodhpur, Nagaur, Sikar, Sirohi. Tonk and Udaipur.

(d) Yes, Sir.

In connection with the formulation of the next five Year Plan, the Planning Commission is reviewing all the schemes of concessions and subsidies being offered by the Centre for the development of industrially backward districts/areas.

1213. SHRI PARMANAND GO-VINDJIWALA: Will the Minister of INDUSTRY be pleased to state:

(a) whether the employees of Burhampur-Tapti Mills are being paid only 90 per cent dearness while all other workers in textile mills are paid 100 per cent dearness;

This Award decided that the dearness allowance at Burhampur should be linked with Indore and 90 per cent of the dearness allowance being paid at Indore should be paid to the employees of Burhanpur. The differential was suggested keeping in view the location, population and cost of living at Burhanpur.

**बड़े औद्योगिक घरानों के बारे  
जांच आयोग**

1214. डा० रामजी सिंह : क्या उद्योग मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या पिछली सरकार ने बिरला जैसे बड़े औद्योगिक घरानों के बारे में एक जांच आयोग की नियुक्ति की थी और यदि हां, तो कब और उस पर अब तक कितना व्यय हुआ है;

(ग) क्या यह सच है कि सरकार पर बिरला घराने के घोटालों की जांच को समाप्त करने के लिये भारी दबाव डाला जा रहा है ?

उद्योग मंत्रालय में राज्य मंत्री (कुमारी आभा माईति) : (क) सम्भवतः यहां तात्पर्य सरकार द्वारा नियुक्त किये गये बड़े औद्योगिक गृहों के जांच आयोग से है जो अन्य बातों के साथ-साथ बिरला समूह की कुछ कम्पनियों के कार्य संचालन के कुछ पहलुओं की जांच कर रहा है। इस आयोग पर 31-3-1977 तक सरकार द्वारा 1,26,90,107 रुपये खर्च किये गये थे। अनुमान है कि 1977-78 में इस पर 20,05,000 रु० खर्च होंगे।

(ख) आयोग का कार्य चल रहा है। आयोग द्वारा जांच पूरी करने में हुए धिलम्ब के कारणों में से एक प्रमुख कारण बिरला समूह की अनेक कम्पनियों द्वारा दायर की गई याचिकाएँ और उन पर कलकत्ता उच्च न्यायालय द्वारा आयोग की जांच स्थगित करने के लिए प्राप्त अन्तरिम आदेश रहा है। उच्च न्यायालय से अन्तरिम निषेधाज्ञा हटा

लेने का अनुरोध किया गया है। उच्च न्यायालय द्वारा इस मामले पर 4 मार्च, 1978 को सुनवाई की जाने की आशा है।

(ग) जी, नहीं।

(ग) क्या सरकार का ध्यान इस तथ्य की ओर दिलाया गया है कि दिल्ली में पुलिस ने ईरान के शाह के बिरुद्ध प्रदर्शन करने वाले ईरानी विद्यार्थियों की पीटा था;

(घ) इन विदेशी विद्यार्थियों के प्रति सरकार द्वारा ऐसी नीति अपनाये जाने के क्या कारण हैं; और

(ङ) क्या सरकार की यह नीति है कि वह विदेशी विद्यार्थियों के जब तक वे हमारे देश में हैं अपने वैध प्रजातांत्रिक अधिकारों

श्रीर देश भक्ति हेतु संघर्ष करने का प्रजा-  
तांत्रिक अधिकार नहीं देगी ?

गृह मंत्रालय में राज्य मंत्री (श्री धनिक लाल मण्डल) : (क) और (ख). विदेशीय क्षेत्रीय पंजीकरण अधिकारी, नई दिल्ली, ने विदेशीय अधिनियम, 1946 के अन्तर्गत नागरिक प्राधिकारी के रूप में अपने सांविधिक अधिकारों का प्रयोग करते हुए केवल उन फिलिस्तीनी तथा ईरानी विद्यार्थियों के आन्दोलनों को प्रतिबंधित करने के लिए उपयुक्त आदेश जारी किये थे जिनके बारे में समझा जाता था कि अमरीकी राष्ट्रपति तथा शाह ईरान के भारत के उनके हाल के दौरों के दौरान वे उनके विरुद्ध अशोभनीय प्रदर्शन करेंगे। विद्यार्थियों को अपने निवास स्थानों/छात्रवासों में ठहरने तथा किसी प्रदर्शन आदि के लिए तैयारी करने अथवा उसमें भाग न लेने के निदेश दिए गए थे। उन्हें सूचित किया गया था कि आदेशों का उल्लंघन करने पर उन्हें देश से बाहर निकाला जा सकता है।

(ग) पुलिस ने ईरानी विद्यार्थियों को जिन्होंने शाह के विरुद्ध प्रदर्शन किया था नहीं पीटा था।

(घ) और (ङ). यह कार्यवाही देश में मित्र राष्ट्रों से अतिथि के रूप में आये प्रधानों के सामने हिंसा तथा अशोभनीय प्रदर्शन करने की संभावना को खत्म करने के लिये कुछेक ऐसे विद्यार्थियों के विरुद्ध की गई थी। जहां तक वे इस देश के नियमों का पालन करते हैं उन पर कोई अन्य प्रतिबंध नहीं लगाये जाते हैं।

(c) how were the large industries able to expand their output in areas reserved for small sector in respect of 182 items reserved between 1967 and 1977 and what measures do Government propose to prevent such a position in respect of the enlarged list of 504 items for the future growth of the reserved small sector?

A statement showing (i) the year of reservation, (ii) production before/at the time of reservation and after reservation in the small scale sector and organised sector vis-a-vis their present production in so far as it is available, (iii) the number of small scale

units set up after reservation; and (iv) the number of large companies/houses/foreign companies in respect of toothpaste, laundry soap, matches, leather footwear and domestic electrical appliances is attached. While there is a general system obtaining for reporting production of DGTD units, no such system obtains in respect of small scale industries which are registered with the State Directors of Industries. Similarly, there is no provision for collection of information about capital employed in respect of individual item of production; in many cases companies are multi-product units.

The production in the large scale sector of items reserved for small scale sector is regulated in the following manner:—

A. (i) Units already licensed are not allowed to expand their capacity.

(ii) In case an item is exempted from industrial licensing procedure and is reserved for the small scale sector, a Carry-on-Business licence is issued in case an entrepreneur had taken effective steps/commenced production before the date of reservation.

B. (i) Industrial undertakings holding Registration Certificate have all been advised now to submit their Certificates for endorsing the productive capacity thereon.

(ii) New Industrial Licences for manufacture of items reserved for small scale sector are not now issued unless the proposal is for 100 per cent export on a continuing basis.

The statement on Industrial Policy made on December 23, 1977 emphasises that where large scale units, whether belonging to large houses or not, are already engaged in the manufacture of items since reserved for small scale sector, there would be no expansion in their capacity.

### Official language status for Urdu in States

1250. SHRI JYOTIRMOY BOSU: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Government propose to give official language status for Urdu in those States where there is a sizable number of Urdu speaking population; and

(b) the steps taken by Government of India for the promotion of Urdu language, Islamic cultural institution, Madras and Maqtabas?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI DHANIK LAL MANDAL): (a) and (b). A statement is attached.

### Statement

Urdu is already an official language in J&K. It can be given the status of official language elsewhere according to the criteria evolved in the Conference of Chief Ministers and Central Ministers held in August 1961 for recognition of minority languages for official purposes. In accordance with these recommendations, a State is considered unilingual if about 70 per cent or more of its population speak one

language and if there is a substantial minority, constituting 30 per cent or more of the population of the State, such a State is considered bilingual. At the district level where 60 per cent of the population speaks or uses a language other than the official language of the State, that language of the minority group is to be recognised as an official language.

2. As regards steps taken to promote and develop the Urdu Language, the Ministry of Education have already set up a Bureau for promotion of Urdu at New Delhi.

3. The Government set up some time ago the Tarraqui-e-Urdu Board for the production of educational literature in Urdu. The activities of the Board include production of academic literature, scientific books, children's literature, reference works, encyclopaedias, basic texts, etc.

4. To facilitate the availability of books in Urdu in Delhi schools the Board has been undertaking (in collaboration with National Council of Educational Research and Training the translation and publication of books for middle and higher secondary classes. Thirty books (textbooks and supplementary readers) have been brought out so far. Currently, the Board has undertaken a project relating to the translation of approximately 50 books in Urdu that are being prepared by National Council of Educational Research and Training and Central Board of Secondary Education for the new pattern of education. In addition to the above the Board has also undertaken a number of reference books which include Urdu Encyclopaedia in 12 volumes, Urdu-Urdu Dictionary in 5 volumes, English-Urdu Dictionary in 5 volumes, and an Urdu-Urdu Student's Dictionary.

5. Since calligraphy is an integral part of Urdu Books Production, the Board has set up three Calligraphy centres at Delhi, Bombay and Hyderabad for the training of calligraphists,

while assistance is provided to the extent of 50 per cent to the Academy of Arts and Languages, Srinagar and the Bihar Urdu Academy for their calligraphy centres.

6. Having regard to the general complaint about the non-availability of Urdu teachers at the primary and secondary levels, the Central Institute of Indian Languages, Mysore has established a Regional Language Centre at Patiala for training of secondary teachers in Urdu for period of 10 months. Under this scheme, a teacher of any subject could be trained in Urdu so as to make him bilingual. At the request of Himachal Pradesh Government, the Institute set up in May, 1973 a Centre at Solan for training 500 Urdu teachers over a period of three years for facilitating the study of Urdu in the State at the school stage. The Institute can, if necessary further intensify its activities of training school level Urdu teachers.

7. Under the scheme of assistance to voluntary organisations for promotion of Indian languages, the Government provides grant to voluntary organisations and/or individuals for the publication of books of reference, popular books on cultural, literary, indological, linguistic, and scientific subjects in various Indian languages and for teaching of Indian languages which cover Urdu as well.

8. Furthermore, financial assistance is being given to various Islamic Cultural institutions such as Abul Kalam Azad Oriental Research Institute (Hyderabad), Indian Institute of Islamic Studies, Tughalqabad (New Delhi), Urdu Library of Orissa (Cuttack), Fazle-Alam Library (Allahabad) and Muslim Youth Majlis Library, Kadayanallur (Tamil Nadu). Recurring assistance is also being given to Dairatul Maarif-il-Osmania (Hyderabad) which edits and publishes old Arabic manuscripts.

9. The Government have also instituted a scheme for award of research scholarships to the scholars from traditional institutions engaged in the study of Arabic and Persian.

10. The National Book Trust also publishes and will continue to publish books in Urdu on various topics including Indian History, Religion, Culture and children's literature. The Trust has so far published 155 books in Urdu upto January, 1978.

11. The policy of the Government is to accord Urdu due importance and encouragement.

गृह मंत्रालय में राज्य मंत्री (श्री एस० डी० पाटिल): संघ लोक सेवा आयोग, जो भारतीय प्रशासन सेवा आदि परीक्षा का आयोजन करता है, ने बताया है कि पिछले पांच वर्षों के दौरान ली गई परीक्षाओं के लिए आवेदन पत्र में ऐसी कोई व्यवस्था नहीं थी जिसमें आवेदक द्वारा यह निर्दिष्ट करना अपेक्षित हो कि उसने किसी पब्लिक स्कूल में अध्ययन किया है या नहीं। फिर भी, गत 5 वर्षों के दौरान आयोग एक प्रश्नावली के द्वारा व्यक्तित्व परीक्षा के लिए उपस्थित होने वाले उम्मीदवारों के बारे में उनकी पृष्ठभूमि संबंधी जानकारी का पता लगा रहा है जिससे उन उम्मीदवारों का सामाजिक-आर्थिक सर्वेक्षण किया जा सके जो अन्तिम रूप से नियुक्ति के लिए चुने जाते हैं। आयोग द्वारा किए गए उन उम्मीदवारों के सामाजिक

आर्थिक सर्वेक्षण के परिणाम आयोग की वर्ष 1975-76 की 26वीं वार्षिक रिपोर्ट के पैराग्राफ 8 में दिए गए हैं, जिन्होंने 1973, 1974 तथा 1975 में भारतीय प्रशासन सेवा तथा भारतीय विदेश सेवा में नियुक्ति के लिए प्रतियोगिता में सफलता प्राप्त की थी। इस रिपोर्ट की प्रतियां 21 जून, 1977 को सदन के मटल पर रख दी गई थीं।

While it is true that the British Government did express anxiety about under-utilisation of British aid extended to India in the last 2-3 years, our overall decision was based on our established requirements and suitability of these ships. However, it is a fact that the prices quoted for the British ships are higher than those prevailing in some Far Eastern shipyards. But it is proposed to ensure that for the Shipping Corporation, the financial burden is the same as in respect of a purchase from a competitive supplier. Their maintenance cost will not be higher than that of any other similar vessel from any other yard.

(c) whether steps have been or will be taken to resolve power crisis in the State; and

(d) if so, the facts thereabout?

THE MINISTER OF ENERGY (SHRI P. RAMACHANDRAN): (a) to (d). Yes, Sir. Government is aware of the power situation both in West Bengal and Bihar. West Bengal has been experiencing power shortages due to reduced assistance from D.V.C., poor performance of generating units at Santaldih, low utilisation of installed capacity at Durgapur Projects Ltd., reduced generation from plants of Calcutta Electric Supply Corporation because of ageing, delay in commissioning of new projects and lack of integrated operation between West Bengal State Electricity Board system

and the Eastern Region. Steps have already been initiated by West Bengal State Electricity Board to improve the performance of the existing thermal power stations and also to expedite completion of the on-going projects at Santaldih and Bandel. Suitable linkages have been made to ensure supply of better quality of coal. Arrangements have been made for stocking sufficient quantity of spare parts of the right quality, and for meeting all requirements of fuel and consumables. A project renovation group consisting of multidisciplinary teams which includes representatives of B.H.E.L., I.L. Kota, CEA and concerned consulting engineers, have been set up to improve the performance of newly commissioned units at Santaldih and also the newly commissioned units at Chandrapura of D.V.C. The West Bengal Electricity Board has been advised to bring about improvement in the maintenance of the power plants. In the short run with improved management of maintenance and better co-ordination between different agencies generating power in West Bengal, power situation is expected to improve in the coming months. In the long run, steps are being taken to ensure adequate flow of funds to the power projects under construction and to new projects when sanctioned to augment the installed generating capacity.

There are some shortages in Bihar which get accentuated when forced outages of thermal units are frequent and of long duration. Necessary steps like renovation of the newly commissioned unit at Patratu, improvement in the performance of existing units by arranging spare parts and coal of the right quality have been taken.

(घ) क्या सरकार ने इस मामले की कोई जांच की है ; और

(ङ) यदि नहीं, तो उसके क्या कारण हैं ?

सूचना और प्रसारण मंत्री (श्री लालकृष्ण झाडवाणी) : (क) फोटो प्रभाग के अनुपयोगी उपकरण अभी तक औपचारिक दृष्टि से अनुपयोगी नहीं समझे गए हैं, किन्तु ऐसे उपकरणों की जांच की गई है। तथापि, उनका मूल्यांकन नहीं किया गया है।

(ख) प्रश्न नहीं उठता।

(क) राजभाषा विभाग में मंचिव, उपसचिव तथा अन्य उच्च पदों पर नियुक्ति के लिए आवश्यक अर्हताओं के बारे में सरकार द्वारा क्या नियम निर्धारित किये गये हैं ;

(ख) क्या यह सच है कि इनमें से किसी भी पद पर किसी शिक्षाशास्त्री की नियुक्ति नहीं की गई है ; यदि हां, तो उसके क्या कारण हैं ; और

(ग) क्या यह भी सच है कि कुछ अधिकारियों ने नियमों का उल्लंघन करके एक कनिष्ठ उप-निदेशक को संयुक्त निदेशक के रूप में नियुक्त करने के विरोधस्वरूप अपने त्यागपत्र दे दिये थे और इन अधिकारियों की भविष्यनिधि, आदि की अदायगी अभी तक नहीं की गई है और क्या सरकार ने इस बारे में कोई जांच की है और यदि हां, तो उसके क्या परिणाम निकले हैं ?

गृह मंत्रालय राज्य मंत्री (श्री धनिक लाल मण्डल) : (क) मंत्रालयों और विभागों में, जिनमें राजभाषा विभाग भी शामिल है, उपसचिव और उसके ऊपर के प्रशासनिक पद पर एक स्कीम के अनुसार भरे जाते हैं और इन पर अखिल भारतीय सेवाओं, प्रथम श्रेणी की केन्द्रीय सेवाओं, राज्यों की प्रथम श्रेणी की

सेवाओं, आदि के योग्य अधिकारी प्रतिनियुक्ति के आधार पर निर्धारित अवधि के लिए नियुक्त किए जाते हैं। इनकी नियुक्ति करते समय पदों के कामकाज के स्वरूप और उनके लिए वांछित योग्यता, अनुभव आदि को ध्यान में रखा जाता है।

(ख) हां। राजभाषा विभाग के उच्च पदों पर अधिकतर प्रशासनिक अनुभव की जरूरत होती है, इसलिए व्यक्तियों का चयन उपयुक्त आधार पर किया जाता है। हां, यह जरूर ध्यान में रखा जाता है कि चुने हुए व्यक्ति हिन्दी अच्छी तरह जानते हों और हिन्दी में कामकाज करने की क्षमता रखते हों।

(ग) नहीं। संयुक्त निदेशक के पद पर नियुक्ति नियमों के अनुसार विभागीय पदान्तरि समिति द्वारा की गई, जिसके अध्यक्ष संघ लोक सेवा आयोग के एक सदस्य थे। संयुक्त निदेशक के पद पर की गई नियुक्ति के विरोध में हिन्दी शिक्षण योजना के किर्सा भी राजपत्रित अधिकारी से कोई त्यागपत्र नहीं मिला है। इसलिए न तो भविष्यनिधि आदि के भुगतान का रुखल उठता है और न ही कोई जांच-पड़ताल का मामला बनता है।

These representations were required to be examined with special case with a view to ensuring that premature retirements had not been ordered on account of a mistaken sense of over-zealousness, or resorted to as a means of political or personal victimisation. These instructions were also forwarded to all the State Governments including the Government of Karnataka suggesting that the State Governments may consider issuing similar instructions in respect of their employees.

2. It has been ascertained from the Government of Karnataka that the State Government have decided to review *suo moto* all the cases of retirements irrespective of whether any person has represented or not excluding those cases where persons have already passed their age of superannuation. As a result of such reviews four officials have been reinstated. The review in other cases is continuing.

(ग) इन राज्यों में पानी और बिजली की सप्लाई बढ़ाने के लिये क्या कदम उठाये जा रहे हैं और इस स्थिति में कब तक सुधार हो जाने की आशा है?

उद्योग मंत्रालय में राज्य मंत्री (कुमारी आभा माईति): (क) से (ग). पानी की अत्यधिक कमी के बारे में कोई रिपोर्ट प्राप्त नहीं हुई है। किन्तु हरियाणा, राजस्थान, जम्मू और काश्मीर, उत्तर प्रदेश, महाराष्ट्र, मध्यप्रदेश, गोवा, कर्नाटक, पश्चिम बंगाल और आसाम जैसे कुछ राज्यों में बिजली में समय-समय पर की गई कटौती / लगाये गए प्रतिबन्ध सम्बन्धी प्राप्त रिपोर्टों से पता चलता है कि वहां बिजली की कमी है। बिजली, महत्वपूर्ण अवस्थापना संबंधी सुविधाओं में से एक है तथा इसकी उपलब्धता की मात्रा ही स्थापित किए जाने वाले नए एककों का निर्माण करती है। क्योंकि नए एककों के लिए यह एक मुख्य निवेश होती है। बिजली की कमी की मात्रा भिन्न-भिन्न राज्यों तथा कि एक ही राज्य के अलग-अलग क्षेत्रों में भिन्न-भिन्न है। इस वर्ष मार्च, 1978 तक लगभग 2000 मेगा बिजली का उत्पादन होने की आशा है। वर्ष 1978-79 के लिए थर्मल द्वारा 2655 मेगा० तथा हाइड्रो क्षमता द्वारा 1007 मेगा० बिजली सहित 3662 मेगा० की क्षमता प्राप्त करने का लक्ष्य रखा गया है। हरियाणा, राजस्थान में मई, 1978 तक तथा पश्चिम बंगाल व मध्य प्रदेश में जून, 1978 तक और उत्तर प्रदेश व महाराष्ट्र में दिसम्बर 1978 तक बिजली के संभरण की स्थिति ठीक हो जाने की आशा है। इसके आलावा विद्यमान थर्मल पावर स्टेशनों के कार्य निष्पादन को सुधारने के लिए भी कदम उठाए जा रहे हैं।

1313. DR. VASANT KUMAR PANDIT: Will the Minister of INDUSTRY be pleased to state:

(a) whether it is a fact that Government are considering new steps to encourage setting up of export oriented industries and institutions;

(b) whether Government are considering simplification in the methods for licence procedure for the above type of industries; and

(c) what is the approach of Government in establishing protecting and encouraging export oriented industries and institutions?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (KUMARI ABHA MAITI): (a) to (c). The policy of the Government towards export proposals for export oriented manufacturing capacity is contained in paragraphs 29 and 30 of the Statement on Industrial Policy laid on the Table of the House on 23rd December, 1977. These paragraphs are reproduced below:

"29 Exports of manufactures are an important and growing segment of our export trade. Government will

consider favourably proposals for export oriented manufacturing capacity in fields where such investment is likely to be internationally competitive after making allowance for the structure of indirect taxation in the form of customs and excise duties and other similar levies. In the case of wholly export based activities, Government will also be willing to consider exemption from customs/excise duties on inputs, provided there is a substantial net value added in the export product and also such production is likely to generate additional direct and indirect employment.

30. In many cases, compulsory export obligations have been imposed while approving new industrial capacity because of the need to ensure that import of raw materials and capital goods required by the project are paid for through future exports. Compulsory export obligations, merely for ensuring the foreign exchange balance of project, would no longer be insisted upon. At the same time, in future, an export commitment for a limited period of five years will not be given the same weightage as before for relaxation of industrial licensing policy. However, in case where relaxation from industrial policy has been accorded specially on considerations of export, compulsory export obligations would continue to be imposed and for sufficiently long periods. In the past, while export obligations were imposed, equal attention was not paid to ensuring that these commitments are actually fulfilled. It is intended to strengthen the supervision and surveillance machinery of the Government for ensuring that compulsory export obligations are adhered to in actual practice."

The Industrial Licensing procedure in regard to export oriented industries has already been simplified. Under-

taking holding industrial licences with specific capacities mentioned therein could come forward for recognition of enhanced capacities on their industrial licences on the basis that such additional production has been utilised for exports subject to certain conditions. Industrial undertakings exporting more than 20 per cent of their total production during the past three years and giving an undertaking to continue to export more than 20 per cent of their total enhanced production for the next five years are exempted from procedures of indigenous scrutiny including clearance from the Capital Goods Committee in the matter of importing machinery subject to certain conditions.

**CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE**

**SEVERE FAMINE CONDITIONS IN MIZORAM**

**SHRI JYOTIRMOY BOSU** (Diamond Harbour): I call the attention of the Minister of Agriculture and Irrigation to the following matter of urgent public importance and request that he may make a statement thereon:—

“The severe famine conditions in Mizoram due to extensive damage caused to the summer crops by hordes of rats in spite of sufficient and continuous advance warnings, the stark famine condition in interior areas forcing hundreds of emaciated villagers to flock to towns and the widespread hunger and malnutrition leading to starvation deaths.”

**THE MINISTER OF AGRICULTURE AND IRRIGATION (SHRI SURJIT SINGH BARNALA):** Sir, it was known that due to cyclic bamboo flowering and resultant increase in rodent population and loss in paddy crop, scarcity conditions might occur in 1977 and in fact it did happen. Export teams have been visiting Mizoram since 1975 and rodent control measures were taken with Central assistance. By the end of 1977, about 26 lakh rats were reported to have been killed. Constant watch on bamboo flowering is being kept.

As against the expected harvest of 6.81 lakh quintals of paddy during 1977, only 3.66 lakh quintals could be harvested. Mizoram which is already deficit in foodgrain and had to be supplied 28,840 MTs of foodgrains during 1976-77 would need about 48,000 MTs during 1977-78. The Department of Food has ensured uninterrupted supply of foodgrains by the F.C.I. to Mizoram for current consumption as well as pre-monsoon stocking. As against the normal monthly allocation of 2,200 MTs of rice, 3750 MTs, 6030 MTs and 6,600 MTs of rice were allotted to Mizoram for January, February and March, 1978 respectively.

The Mizoram Administration and the Central Government are fully seized of the situation. In order to assess the situation on the spot, the Minister of State in the Ministry of Home Affairs, Shri Dhanik Lal Mandal went to Mizoram accompanied by the Joint Secretary (North-East) and other senior officers in the first week of February 1978. No instance of starvation or widespread hunger and malnutrition came to their notice. Simultaneously, a Central Team consisting of the Additional Secretary, Ministry of Agriculture and Irrigation and senior officers from the Ministry of Home Affairs, Planning Commission and ICAR undertook a 3-day extensive tour of the interior areas in the territory and not even a single case of starvation or hunger or malnutrition was reported to them. It made a number of recommendations action on the important ones of which has already been taken and on the other action is being processed. The NAFED is purchasing ginger at Rs. 90 per quintal from the Mizoram Apex Cooperative Marketing Society.

All assistance is being given to the farmers to grow the next Kharif crop by giving them agricultural loan for seeds, etc. Purchasing power is being injected in this area by taking up extensive employment generation sche-

[Shri Surjit Singh Barnala]

mes for which provision was enhanced from Rs. 62 lakhs to Rs. 128 lakhs during the current year. The provision for gratuitous relief was also enhanced from Rs. 7 lakhs to Rs. 13.18 lakhs. An amount of Rs. 30.20 lakhs has been provided for agricultural loan and further loan of Rs. 25 lakhs is under consideration for seeds.

The Government has not come across or been informed of any epidemic, malnutrition or starvation conditions in any part of Mizoram. Employment to the able-bodied and gratuitous relief to others in distress is being provided in the villages themselves and there is no question of any migration whatsoever from the villages to the towns.

I can assure this House that under no circumstances will Government of India allow any starvation condition to build up in Mizoram or in any other part of the country. My Ministry, the Ministry of Home Affairs and the Mizoram Administration are fully seized of the situation and all action to prevent scarcity conditions is being taken. The situation is fully under control.

SHRI JYOTIRMOY BOSU: What the hon. Minister Mr. Barnala has chosen to say, sitting in Delhi, befits him; but sitting in Delhi, he can know nothing, unless he goes himself to Mizoram and goes into the interior. I have got copies of communications from more or less official documents. Here is one. It is a note to the Lt. Governor; it is a Memo.—No PCL. 7/78-1 dated 16th February 1978 from the General Secretary, P. C. Sub-Headquarters, Lunglei. It says:

"This is to inform you that reports have been received by this Sub-Headquarters office from villages that numbers of families in every village are having insufficient purchasing power; as such they are living partly on roots, fruits etc...."

There is no rice available there. He has given a long list of families who are undergoing starvation. There is another communication, which says:

"This is to inform you that reports have been received by this Sub-Headquarters office regarding deterioration of health due to malnutrition from various villages Statement showing...."

Then another communication is there. It says:

"This is to inform you that reports have been received by this Sub-Headquarters office from various villages that there are members of families unable to start forest felling for their Jhums due to non-availability of food for their family...."

A starving man cannot work.

MR. SPEAKER: Pass on these papers to Mr. Barnala.

SHRI JYOTIRMOY BOSU: I will, Sir. Thank you. Now, Sir, the "*Indian Express*" journalist—whoever he is—had gone there. He has done a good service to the people of this country, and also to the people of Mizoram. His report clearly says:

"According to official estimates, 35 per cent of the crops have been damaged by the rodents making the already difficult food situation critical...."

The acute scarcity conditions in the interior areas has compelled hungry and emaciated villagers to flock towards the town of Aizawal and Lunglei in search of food.

To the majority of villagers who have not joined the long march to the town, it is a grim battle for survival. Harrowing tales of hunger and malnutrition are pouring in from the worst hit western sector of the Union Territory...."

In this context, what value can we attach to this sort of statements, which come through 6, 7, 8 or 10 bureaucrats i.e. coming from the sub-division to Aizawal, from Aizawal to the Home Ministry, from the Home Ministry to Agriculture Ministry, and from the Agriculture Ministry to the Minister of Agriculture? That is why we are making people hostile. We are so far away. We have no link. We never make them feel that they belong to India. That is why this uprising. The Mizo uprising took its birth when a similar condition was created in 1959. This Government should understand that this sort of statement, drafted by bureaucrats takes them nowhere. Mr. Dhanik Lal Mandal had gone there. I am sure he must have gone to Aizawal he has lived in the circuit house, or Raj Bhavan, or gone to 1 or 2 places where motorable roads are there. He can not see anything beyond that.

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI DHANIK LAL MANDAL): I saw each and every village.

SHRI JYOTIRMOY BOSU: Mr. Mandal I know Mizoram. You cannot visit it in a short time. It will take about ten days to see Mizoram, because most of the places are inaccessible. I would say that in the late 20th century, when this country is having a population of 600 million people and we are even exporting food to outside countries, we are having a famine in Mizoram, a part of the country where only 3.4 lakh people live. Don't you think it is a matter of shame? It is because of neglect, the outcome of neglect, sheer neglect and lack of real concern for the people.

There was a question on this subject in the last session and it was stated:

"I will give the information.... sanction famine relief grants for these really poor people who cannot afford to buy rice.... scientific and research work to find out the real causes of bamboo flowering?"

Bamboo flowering is occurring once every 50 years."

Now what did the Minister say? He said:

"After every 18 years here is a small variety of this problem called 'Mautam'; and the major variety is called 'Thingtam'. We are looking into this problem."

This is what he has said. He has promised everything on the floor of the House on the 23rd of December 1977.

In spite of the fact that this was well-anticipated, the Government has not moved. I have been writing to him and he has written certain letters to me. If he would kindly refer to the letter of 6th September, he has stated:

"The Central Government is fully seized of the matter... A Central team led by (1) an Additional Secretary, (2) officials of the Ministry of Finance, (3) an official of the Ministry of Home Affairs (4) one from the Planning Commission and a rodent specialist."

they will go there. Then what happened? In the *Indian Express* there is a double column feature news item, and the letters that I have quoted will show that between the administration and the people there is a big gap.

In another letter dated 23rd February addressed to me the hon. Minister says:

"We have been invariably meeting the requirements of food of the Mizoram Administration for public distribution in full. There will be no difficulty in supplying additional quantities of foodgrains required, if any, by the Mizoram Administration from the Central pool."

All these assurances are in beautiful letter heads of good stationery, good typing immaculate drafting, but

[Shri Jyotirmoy Basu]

it has nothing to do with the starvation.

MR. SPEAKER: Please come to the question.

SHRI JYOTIRMOY BOSU: It is a question of starvation.

MR. SPEAKER: You have mentioned it graphically. Now please come to the question.

SHRI JYOTIRMOY BOSU: This question of obesity is for you and me, not to the famine-stricken people.

MR. SPEAKER: You have made your point.

SHRI JYOTIRMOY BOSU: Sir, I want a specific assurance, firstly, that a Parliamentary Team should go. You should send a team to go and see the place, study the situation, come back and report to you and to the Government as to what is the actual position, because the collection of information so far has not been up to satisfaction.

The Central assistance for Mizoram for famine relief and employment generation scheme is only Rs. 62 lakhs. It is a very meagre sum. What is Rs. 62 lakhs for a population of 3.5 lakhs? How much it works out per head? It is nothing at all. It is totally inadequate. Then for road construction it is Rs. 5 per... (interruptions) For a whole day's work it is less than Rs. 3 per head. The present rice quota for an adult is inadequate.

MR. SPEAKER: You will have an opportunity again during the general discussion on the budget. Please come to the question.

SHRI JYOTIRMOY BOSU: There is famine and starvation. I want an assurance that the hon. Minister will send a Parliamentary Committee. In fact, he should go himself. If people die in India because of starvation, the image of India will be sullied beyond repair. We have all these years neglected Mizoram so much so that the people of that area do not think that

they belong to this country. We have got to be very careful, and we must do everything on a war footing. And immediately I want an assurance from him and from you.

SHRI SURJIT SINGH BARNALA: I thought that the hon. Member had been himself there, and that is why he was so emphatically saying all this, but ultimately what came out was that he was basing his argument only on certain letters which he has received. He has not shown them to me. His complaint is that a bureaucrat has gone there, accompanied by some other bureaucrat. Actually, our Minister of State has gone. He has visited this place. He has met the press people, he has met everybody there who was available.

SHRI JYOTIRMOY BOSU: See yesterday's *Indian Express* double column.

SHRI SURJIT SINGH BARNALA: You are painting this scene as if it is a scene of devastation. It is not so. I have given each and every figure. There has been a loss. We have admitted that there has been a loss, and a greater loss in some areas which probably the hon. Member does not know. I have figures with me.

SHRI JYOTIRMOY BOSU: Let the hon. Minister give me a little more time.

SHRI SURJIT SINGH BARNALA: He had enough time. Before the session he could have gone to that area because it is very near his constituency. I think it was his duty to have visited that place.

MR. SPEAKER: The table is turned against you.

SHRI SURJIT SINGH BARNALA: As I have already stated in place of 28,000 metric tonnes of foodgrains which we were supplying, this year we are supplying 48,000 metric tonnes, i.e., their total demand. We are providing for the rainy season also.

For that an additional amount of Rs. 82 lakhs is being proposed for stocking foodgrains in the Union Territory before the onset of the monsoon. For that also we have taken certain steps. A loan of Rs. 30 lakhs to the Apex Marketing Co-operative Society, Mizoram, has been given to enable them to purchase ginger—that is their main produce—at Rs. 90 per quintal. Sanction of Rs. 5 lakhs as transport subsidy to the Apex Marketing Society for ginger procurement has also been given, because transport is a problem in that area. Purchase of ginger by NAFED at Rs. 90 per quintal, which was not otherwise possible, has been provided for. A short-term loan of Rs. 25 lakhs for purchase of seeds, release of medicines etc.—all these things are looked into. Measures have been taken and the reports now are that the rodent menace is now totally under control.

MR. SPEAKER: You are going to continuously look into the matter. What about a Parliamentary Committee?

SHRI SURJIT SINGH BARNALA: A Parliamentary delegation will do no good going there.

SHRI JYOTIRMOY BOSU: Why?

SHRI SURJIT SINGH BARNALA: Because of these conditions. We have to supply food, we have already supplied food.

SHRI JYOTIRMOY BOSU: Why are you so scared of a Parliamentary Committee?

SHRI SURJIT SINGH BARNALA: That is what I was saying, you should have gone there.

श्री मनोराम बागड़ी (मथुरा): अध्यक्ष जी, मेरा व्यवस्था का प्रश्न है। यह अकाल के बारे में बात चलने के बाद साफ नहीं हुआ है मंत्री जी ने यह बात साफ नहीं की है कि आया वहाँ अकाल है या कमी है। और अकाल या

कमी है तो उसको घोषित किया गया है कि नहीं? अगर परिस्थिति वहाँ पर फ़ैमीन की है तो सरकार की तरफ से फ़ैमीन डिक्लेयर किया गया कि नहीं?

MR. SPEAKER: This is a Calling Attention. Only those who have given notice can ask questions.

श्री मनोराम बागड़ी: यह हल्स का सवाल नहीं है। आपके बयान के ऊपर अगर कुछ आपत्ति हो या गलतफहमी हो तो उस गलतफहमी को मिटाने का मेम्बर का हर बक्त अधिकार है। तो मैं जानना चाहता हूँ कि यह राष्ट्रीय स्तर का सवाल है इन्सान की जिन्दगी का सवाल है जनता पार्टी का शासन है। और अकाल है तो घोषित किया गया कि नहीं भुखमरी में कोई मौत हुई कि नहीं? अगर नहीं हुई तो दिलेरी से घोषित दिया जाय।

SHRI SURJIT SINGH BARNALA: rose—

MR. SPEAKER: No, you cannot. It will create a bad precedent. Once I allow one Member, I will have to allow others. You can raise it during the President's Address.

प्रधान मंत्री (श्री मोरारजी देसाई): मैं अपने साथी को कहना चाहता हूँ कि कालिग अटेंशन नोटिस के कुछ नियम हैं और अगर उन नियमों के अनुसार हम नहीं चले तो काम कैसे होगा? कालिग अटेंशन नोटिस पर सिर्फ उन लोगों को प्रश्न पूछने और रखने का अधिकार है जिनका नाम उसमें है। जिनका नाम नहीं है उनको बोलने का कोई अधिकार नहीं है, और अगर बोलें तो हम जवाब नहीं देंगे।

SHRI MOHD. SHAFI QURESHI (Anantnag): The Prime Minister says that if you allow a question, he would not reply. But if you permit a Member to ask a question, then he has to reply.

MR. SPEAKER: No, I do not.

SHRI JYOTIRMOY BOSU: You can suspend the rules if you want.

MR. SPEAKER: No, I cannot.

श्री श्रीम प्रकाश त्यागी : (बहराइच) : अध्यक्ष महोदय, कल जब मैं बोल रहा था, उस समय ध्यान आकर्षण का जो हल आप पढ़ रहे थे, वह बहुत प्रैक्टिकल नहीं है। मेरे क्वाल में उसे रिवाइव करें तो ज्यादा अच्छा रहेगा।

श्री अनौराम बागड़ी : रुन तो सारे रिवाइव करने पड़ेंगे।

श्री श्रीम प्रकाश त्यागी : मैं डिप्टेल में नहीं जाना चाहता, मैं मंत्री जी से सीधा प्रश्न पूछना चाहूंगा कि चूहों की समस्या अचानक तो पैदा नहीं हुई, मिजोराम में चूहों ने वहां की फसल खाई और वहां फौमिन पैदा कर दिया तो चूहों की समस्या अचानक पैदा हुई या लगातार पिछले कई वर्षों में चली आ रही है? क्या चूहों की पापूलेशन का अनुमान सरकार ने लगाया है? कितने चूहों को किस ढंग से समाप्त किया गया है और अब चूहों की वहां कितनी पापूलेशन रह गई है?

जो पेपर में आया है, वह तो इतना ही है कि वहां की सरकार ने 20 पैसे फी भूहा दिया है, जो चूहा मारेगा, वह 20 पैसे ले जायेगा। यह भी हो सकता है कि मरे हुए चूहों को बारबार लाकर 20 पैसे फी चूहे के हिसाब से दोबारा ले जाता रहा हो, इससे मरे हुए चूहों की संख्या तो बढ़ जायेगी लेकिन पापूलेशन पर कोई फर्क नहीं पड़ता।

प्रश्न यह है कि दूसरी फसल आने को है, एक फसल तो खत्म हो गई, अगर अब भी चूहे बाकायदा वहां रहते हैं तो वही हालत फिर होगी और आप लगातार फौमिन का मुकाबला करते रहेंगे। इसलिये मेरा प्रश्न यही है कि

क्या चूहों का आन्दाजा लगाया गया है कि कितने हैं, उसमें से कितनों को खत्म किया गया और बाकी को खत्म करने के लिये क्या कोई सांइटिफिक तरीका मालूम किया है या नहीं?

दूसरा प्रश्न यह जानना चाहूंगा कि आपने काफी सहायता दी है, मैं आपको धन्यवाद देता हूँ कि आपने मिजोराम की सहायता के लिये रुपया दिया है।

MR. SPEAKER: धन्यवाद is not part of question. They are doing their duty, nothing more.

श्री श्रीम प्रकाश त्यागी : जो उन्होंने पैसा दिया, अनाज दिया, उसका वहां के एडमिनिस्ट्रेशन ने सदुपयोग किया या नहीं? हमारे पास शिकायतें हैं कि वह जनता के पास नहीं पहुंच रहा है। पेपर में रिपोर्ट आई है कि लोग भूखे मर रहे हैं, गहरों की तरफ भाग रहे हैं।

वहां के एडमिनिस्ट्रेशन ने एक मील की सड़क के कंस्ट्रक्शन के लिये 5 हजार रुपये एलाट किये हैं, वहां पर फी आदमी तनख्वाह 3 रुपये में भी कम पड़ती है। जो मिनिमम वेज यहां 5 रुपये फिक्स किया है वह भी लोगों को नहीं मिल रहा है, लोगों को रोटी खाने के लिये भी पैसा नहीं मिल रहा है। इसके अलावा जिनको रिलीफ दे रहे हैं, सहायता दे रहे हैं, उनको 3 किलोग्राम चावल मिल रहा है एक बिक के लिये। मिजोराम में एक आदमी एक बिक में 3 किलो चावल से कैसे अपना काम चला सकता है, वहां कम से कम 4 किलोग्राम प्रति सप्ताह यह किया जाये। और सड़क के कंस्ट्रक्शन में जो 5 हजार रुपया दिया गया है, उसमें 5 रुपये तनख्वाह लोगों को मिले इस प्रकार की व्यवस्था आप कराएँ। तीसरी बात मैं यह पूछना चाहता हूँ कि . . .

MR. SPEAKER: You have already put two questions. You cannot go on. You cannot put half-a-dozen questions.

श्री श्रीम प्रकाश त्यागी : अध्यक्ष महोदय, कहां का नियम है कि दो ही क्वश्चन किये जा सकते हैं ? ऐसा कोई नियम नहीं है ।

अध्यक्ष महोदय : नियम है ।

श्री श्रीम प्रकाश त्यागी : अध्यक्ष महोदय, यह नियम नहीं है ।

अध्यक्ष महोदय : यह नियम है ।

Please see the rule; you have already put two questions.

श्री श्रीम प्रकाश त्यागी : आपके सेक्रेटरी वहां गये हैं । गृह मंत्री भी गये हैं । मैं निवेदन करना चाहना हूँ कि मिजोरम वर्षों से खतरनाक हालत में चल रहा है । इस बात की नितांत आवश्यकता है कि पालियामेंट के मेम्बरों की एक टीम वहां जाये, वहां 5, 7, 10 दिन रह कर वहां के लोगों से सम्पर्क स्थापित करे और वहां की स्थिति से सरकार को परिचित कराये । सरकार को इस पर क्या आपत्ति है ? मंत्री महोदय इस बात पर पुनर्विचार करें कि एक पालियामेंटरी डेलीगेशन वहां भेजा जाये ।

श्री सुरजीत सिंह बरनाला : माननीय सदस्य ने शायद मेरा जवाब ठीक तरह से पढ़ा नहीं है । माननीय सदस्य कहते हैं कि चूहों की पापुलेशन का हिसाब लगाया जाये । वह मुमकिन नहीं हो सकेगा । उन को मारने की व्यवस्था की गई है । एक चूहे को मारने के लिए 20 पैसे दिये जाते हैं । 26 लाख चूहे मारे गये हैं । उन की गिनती हो सकती थी, क्योंकि पैसे देने पड़ते थे । (व्यवधान) उस इलाक़े में चूहे खाये भी जाते हैं । वे लोग चूहे नहीं देते हैं, दुम देते हैं और दुम रख ली जाती है ।

वैम्बू फलार्वरिंग की वजह से चूहे बढ़ते हैं । जुम कल्टीवेशन की वजह से भी यह नुकसान होता है ।

It is a cycle, as I have already said, of 48—50 years and, after 16—18 years, this is going on like this. That is why the expert teams were going to that place since 1975.

There is no question of famine there. I will not agree that there is a famine there; I will not agree that there is any starvation death there. They only need more food which has been provided. We have provided all the facilities to them to take the food into the interior. That is why we have provided them extra transport charges also. We have made all the facilities of storage also. Even so far as storage is concerned, a lot of storage capacity is being provided. So far we have about 116 godowns with a capacity of 18,332 tonnes and more are coming us. Eleven pucca godowns with a capacity of 4,100 tonnes are coming up. We are trying to keep grain there so that it can be made available in the interior. We have also provided food by taking in head-loads. In some places, it is being taken in head-loads. Some provision has also been made there. We are trying all possible methods to control the rat menace. Even experts of international repute have gone there. Dr. Ishwar Prakash of the Jodhpur Central Arid Zone Research Institute has visited that place. He is a person of international repute. So far as the rat menace is concerned they are all looking into the matter how to end this menace.

SHRI JYOTIRMOY BOSU: Next submission.

MR. SPEAKER: You cannot put a supplementary.

SHRI JYOTIRMOY BOSU: One submission.

MR. SPEAKER: No. no. Shri Chandradeo Prasad Verma.

[Mr. Speaker]

(*Interruptions*). He has answered both your questions.

**SHRI DINEN BHATTACHARYA:** (Serampore): You should send a parliamentary delegation there when the situation is so much serious.

**MR. SPEAKER:** You have put your questions. He has given his answer. Have you got right to put another question?

**SHRI JYOTIRMOY BOSU:** I am not asking a question.

**MR. SPEAKER:** No, please; I am not allowing it.

**SHRI JYOTIRMOY BOSU:** I am not asking a question; I am only wanting to know why did not allow the Parliamentary Delegation to visit there.

**SHRI B. P. MANDAL** (Madhepura): I am on a point of order. Two Members have submitted that the situation in Mizoram is very serious and the hon. Minister has said otherwise.

**MR. SPEAKER:** That is not a point of order.

**SHRI B. P. MANDAL:** Let me say. No Member has a right to give any wrong information. So, it is for you to verify whether the Minister is correct or the hon. Members.

**MR. SPEAKER:** I cannot.

**SHRI B. P. MANDAL:** He should send a parliamentary delegation there.

**MR. SPEAKER:** I must take the Government's statement as correct. The Report of Committee on Private Members' Bills and Resolutions—Mr. Chandradeo Prasad Verma. (*Interruptions*).

**श्री फूल चंद वर्मा (शाजापुर) :**  
 अध्यक्ष महोदय, कल मैंने एक नोटिस दिया था 377 का । . . .

**MR. SPEAKER:** I am allowing some Members today. Others will be considered later as and when they come. You cannot make your request on the point of order.

**श्री उग्रसेन (देवरिया) :** अध्यक्ष महोदय, आप ने मुझे मीका देने को कहा था। मंत्रिमंडल ने गन्ना, चीनी और गुड़ तथा खांडसारी के बारे में कुछ फैसला किया है। मैं कृषि मंत्री से जानना चाहता हूँ क्या वे उस की साधिकारिक घोषणा सदन में करेंगे? . . . (व्यवधान) . . .

**श्री फूल चंद वर्मा :** अध्यक्ष महोदय, आप मेरी बात सुनते नहीं हैं . . . (व्यवधान) . . .

**MR. SPEAKER:** It is not a point of order. You have given notice under 377. (*Interruptions*). It is under my consideration. You cannot force it on me. Mr. Ugrasen is a senior Member.

**श्री उग्रसेन :** मैं जानना चाहता हूँ मंत्रिमंडल ने जो फैसला किया है चीनी, गन्ना, गुड़ और खांडसारी के संबंध में क्या उस की घोषणा कृषि मंत्री जी सदन में करेंगे ताकि जनता, किसान और चीनी मिलों के मालिक सब उस को जान जायें? . . . (व्यवधान) . . .

**SHRI A. BALA PAJANOR** (Pondicherry): You please visit. This is my humble submission.

**श्री हुकम चंद बख्शबाय (उज्जैन) :**  
 अध्यक्ष महोदय हम ने जो नोटिस दिया है उस का क्या हुआ ?

**MR. SPEAKER:** It is under my consideration. That relates to something in the Central Hall. I have to look into this matter. It is a matter for me to decide. It is yet under consideration.

MR. SPEAKER: The question is:

"That in pursuance of sub-section (2)(a) of Section 4 of the Merchant Shipping Act, 1958, the members of this House do proceed to elect, in such manner as the Speaker may direct, four members from among themselves, to serve as members of the National Shipping Board subject to the other provisions of the said Act."

RE. ADMISSIBILITY OF QUESTIONS

SHRI MOHD. SHAFI QURESHI (Anantnag): You have, in your discretion, allowed certain points to be raised under rule 377. It is a very disturbing information which has

been given to me by the Parliament Secretariat that you have issued instructions to the effect that any question seeking information with regard to minorities, their service conditions in the Central Government Departments should not be allowed. This is very disturbing and this has come to my knowledge for the first time. I have been in this House for the last 11 years. Never before has this thing happened that even information about the service conditions of the minorities should not be given. I had tabled an Unstarred Q. No. 608 seeking information about the total staff of the Income Tax Department in the State of Jammu and Kashmir. I had asked: how many are locals and how many are Muslims? The Secretariat says that it has been directed that it is not found possible to admit my question as above. Rule 41 clearly lays down how a question can be admitted: it is about admissibility of questions. Nowhere do I find that any Member of this House cannot ask a question pertaining to the service conditions of minorities in the country. I can understand, in your secular decision, you cannot give information about murder of Muslims, murder of Scheduled Castes or Scheduled Tribes. But this information is very vital for us because I come from a State which, unfortunately, according to you, has a Muslim majority. I am sorry to make out this point. I have raised this point because invariably I have seen that, whenever I gave any question in regard to demolition of mosque, you did not allow me to raise the question.....

MR. SPEAKER: I do not think so.

SHRI MOHD. SHAFI QURESHI: There was a communal trouble and some persons were killed. I have given another notice under rule 377 about a Muslim Sanskrit scholar dying in the Boat Club because he is on a hunger strike. You have not allowed that. This has confirmed my belief—and there is also this confirmation by your staff—that you will not allow questions with regard

[Shri Mohd. Shafi Qureshi]

minorities to be raised in this House. It is deplorable. I seek your guidance on this.

SHRI JYOTIRMOY BOSU: (Diamond Harbour): I express my concern if the information that he has given is correct. (*Interruptions*).

MR. SPEAKER: Please hear me first.

SHRI MOHD. SHAFI QURESHI: What is the harm if I know this. This is a very innocuous information. If this is your direction to the secretariat, I am sorry, we cannot function in this House.

SHRI A. BALA PAJANOR: (Pondicherry): I am in full agreement with him. As far as this reply is concerned, we must have a quick answer, so that we can ventilate our grievances. If two weeks are to be taken, it will be a problem. (*Interruptions*). On minorities, you cannot allow us to put questions! We were shocked to read that reply. Under what rule has it been done?

SHRI MOHD. SHAFI QURESHI: You are going against the secular concept. I am sorry to say this.

MR. SPEAKER: You have made your submission.

SHRI MOHD. SHAFI QURESHI: I have seen your conduct for the last three months. I am sorry, it is absolutely communal.

MR. SPEAKER: Don't be irresponsible.

SHRI MOHD. SHAFI QURESHI: I am not irresponsible. I have seen the reality. (*Interruptions*).

THE PRIME MINISTER (SHRI MORARJI DESAI): May I say that there should not be an impression that we would not like any question relating to minorities or of an injustice to them to be brought here. We want it to be brought here. I would, therefore, make a humble suggestion that you may reconsider about it. (*Interruptions*).

SHRI SAMAR GUHA (Contai): On a point of order.

SHRI MORARJI DESAI: In his excitement, he should not have used those words; it is wrong.

MR. SPEAKER: Mr. Qureshi has been persistently saying that I am partial, I am communal and, therefore, I have been ignoring him. I think, he is projecting his own mind to others. (*Interruptions*).

SHRI SAMAR GUHA: There is a certain procedure, there is a certain convention, there is a certain precedent. No aspersions should be cast on the Chair. Casting aspersions on the Chair means casting aspersions on the whole House. Therefore, Sir, I would request Mr. Qureshi to withdraw what he has said or it should be expunged.

PROF. P. G. MAVALANKAR (Gandhinagar): On a point of order.

AN HON. MEMBER: Please sit down.

PROF. P. G. MAVALANKAR: Let the Speaker call any Member. Then I will sit down. Until he calls the name of any individual Member.. (*Interruptions*).

SHRI MOHD. SHAFI QURESHI: Sir, I am very sorry for some words which I have used. I am going to withdraw them.

MR. SPEAKER: May I explain the position? Under the Constitution, certain reservations have been made for Scheduled Castes and Scheduled Tribes. Mr. Qureshi's question comprised of two parts. One was relating to the Scheduled Castes and Scheduled Tribes. I have allowed that portion. Under the Constitution there is no reservation for any particular community within the reservation. The question was about the percentage of a particular community. That question is not within either the Rules or the Constitution: there is no reservation for any particular area. He is asking 'How many Muslims are there in the Kashmir area in the Income-tax

Department'. The Income-tax Department applies to the whole of India and not to one particular area: in one particular area there may be more people of his community and in another particular area there may be less. Under the Constitution, what has been provided is reservation for Scheduled Castes and Scheduled Tribes and therefore that part of the question has been allowed. But so far as the other part is concerned, so long as there is no reservation for a particular community, the allowing of a question as to how many members of a particular Community there are will raise unnecessary communal tangles and that is why I have disallowed it. So, that exactly is the provision: if you want, you can make a rule permitting reservation of.... (*Interruptions*).

SHRI C. SUBRAMANIAM (Palani): It is not the reservation issue he is referring to but justice. It is from that point of view that some information was asked. It is not a question of reservation: even without reservation it is expected that some justice will be done to the minorities in their representation in the various services and it is with reference to that that a question was asked. There need not be reservation as such, but still the Member is entitled to know how far these minorities are represented in the various services and unless there is positive prohibition....

MR. SPEAKER: If it were for the whole Department, I would have agreed with you, Mr. Subramaniam, but the question related to the number of members in Kashmir. If the question related to the whole of India I can understand.

SHRI C. SUBRAMANIAM: If it can be asked for the whole, why not for a part of it? I would respectfully submit that the Speaker may reconsider it.

श्री विनायक प्रसाद यादव (सहरसा):  
सदस्य अगर कोई जानकारी चाहे तो उसे  
सपरेस कैसे कर सकते हैं।

SHRI JYOTIRMOY BOSU: It is regrettable that the Governments does not maintain figures of minorities in employment and I have said that many times. I am equally anxious that no recruitments have been made in the Army from these minorities in the Poonch area. In the public sector undertakings it is next to nothing and their representation in Government Departments is next to nothing. There is no rule also. It is regrettable that in the 30 years of Congress rule they have not made any provision for minorities—at least for giving the figures as to how many are employed. Mr. Subramaniam, you were in the Government for 30 years and this is the position today.

SHRI C. SUBRAMANIAM: Not giving figures is different from not coming out with the figures when asked. If we have done anything wrong we are prepared to admit that we have committed a mistake; but to say that you won't give the information would give rise to a suspicion that something wrong has been done.

MR. SPEAKER: My attention was drawn by the Office to the fact that in the past also such questions were not allowed. It is on that basis....

SHRI MOHD. SHAFI QURESHI: I come from Kashmir. We have defended India three times against aggression. We can never be communal....

MR. SPEAKER: I know that you have also to defend yourself here.

SHRI MOHD. SHAFI QURESHI: I am not ashamed to this. I will talk for the Muslims, and with courage Don't think.... (*Interruptions*).

SHRI JYOTIRMOY BOSU: Please don't go by communities.

MR. SPEAKER: My attention was drawn to the fact that in the past no such questions were allowed and therefore I stuck to the precedents. If

[Mr. Speaker]

you want the question to be allowed, I have no objection but because I was told that past precedents do not permit such questions to be put....

SHRI VASANT SATHE (Agola): Sir, I want a clarification on your ruling....

SHRI G. M. BANATWALLA (Ponnani): Mr. Speaker, the question of past precedents does not arise. You know very well there was the 42nd Amendment Bill and the position is that even the Preamble of the Constitution has been specifically amended. The State now is a secular State.... (Interruptions) If a question is asked in order to know the situation correctly, even if there was any past precedent, you ought not to have followed it in view of the particular amendment carried to the Preamble of the Constitution. When a question is asked to know whether the secular nature is there in every part of the country and every department, that must be allowed. In view of that, Sir, this question must be allowed.... (Interruptions). I would....

MR. SPEAKER: I have followed your point.

SHRI G. M. BANATWALLA: I am very grateful and thankful to you for having followed the point, but now I would request you to act upon it also by giving necessary direction here and now.... (Interruptions)\*\*\*

MR. SPEAKER: Do not record.

Mr. Sathe.

SHRI VASANT SATHE: Sir, the question does not relate to reservations. It is not only a question of Muslims today, tomorrow, it may relate to Christians, Parsis and other minorities. The point is, if information it sought about a particular minority or minorities, unless there is a bar in our Constitution or rules, it

should be given, and such questions allowed. You would be right, Sir, to disallowed, if you were to say that the Constitution or the rules prevents information being given about this. If it does not prevent, then asking information and seeking information cannot be considered out of order or contrary to rules or Constitution and, therefore, it cannot be ruled out or disallowed. We cannot take recourse to any precedent on this because that does not come in the way unless there is a bar in the Constitution or rules. I would therefore, submit that if the House or the Members desire to have this information and the Government is not reluctant to give it, why should you come in the way?

MR. SPEAKER: Because of the precedent.

SHRI VASANT SATHE: I am requesting you not to take recourse to precedents when there is no bar in the rules or the Constitution. My suggestion is that you may kindly reconsider this and tell this House that you would allow these questions and have the information given. That will satisfy the House.

SHRI C. M. STEPHEN (Idukki): Sir, I rise on a point of clarification....

SHRI A BALA PAJANOR: On a point of order. Let not you be misled on this question. The relevant rules in the Rules of Procedure are quite categorical and there is no prohibition that we should not put a question on minorities. If it is a question on a trivial matter, you have the discretion to say that this question need not be answered. But to get an answer from the office stating that it touches something else and confusing it with a constitution prohibition, is something which I cannot understand; as far as my knowledge of the Constitution goes, I do not find

\*\*\*Not recorded

any such thing. You take Rule 41. There we shall not put a question if it relates to past history. If I am seeking information regarding how many Muslims were employed during the time of Congress rule, you may disallow it because the question relates to past history. But if I ask of the present and ask how many Muslims are there in the Income-tax Department in Jammu and Kashmir, you cannot prohibit it simply stating that it is against the Constitution. If you are going to lay it down as a rule, a precedent and I do not think there is any precedent also, it is not correct. If they have committed some mistake in the past, it is not that we should follow it. It is there very clear in Rule 41. But if you rule it out like that, we will be put into trouble and in future we will not be able to put questions on these matters.

**SHRI C. M. STEPHEN:** Any question with respect to a matter on which the Government of India is answerable is permissible. I understand you as giving a ruling that a question concerning the Backward Classes is not a matter on which the Government of India need answer under the Constitution. I would only submit....

**MR. SPEAKER:** No such ruling has been given.

**SHRI C. M. STEPHEN:** That is how I understood you....

**MR. SPEAKER:** No, no. Not at all. I have not given any ruling whatsoever.

**SHRI VASANT SATHE:** He has only expressed and not ruled.

**SHRI C. M. STEPHEN:** What exactly is the position? That is how I understood. If that is so, questions of reservation for Backward Classes can be a Government of India matter under Article 18(4) as also Article 340. Under both these Articles there can be a reservation for Backward Classes. The State can make a

reservation for Backward Classes and under Art. 340 a report can be prepared and presented in the House. To that extent, reservation for Backward Classes is a matter on which the Government of India can be answerable and a question with respect to it can be put and they have to answer it?

**PROF. P. G. MAVALANKAR:** We have heard a number of points of view, and in response to a number of points of view expressed here, the hon. Prime Minister has gone on record a little while ago that the Government will have no difficulty whatsoever in providing such information as is available with them on these matters. Therefore, I see your point that past precedents are so far keeping you away from allowing these questions, specifically with regard to reservation. My point is....

**AN HON. MEMBER:** A lame excuse.

**PROF. P. G. MAVALANKAR:** and my submission is: would it not be possible for you to reconsider the matter in the context of experience gained so far and so broad-base the Speaker's directive and the Lok Sabha Secretariat rules in the matter that instead of your saying 'No' at this stage, let the question be passed on to the government and wherever the government have information, they pass on that information to the House, and where they have no information, they will say that they have no information....

**SHRI O. V. ALAGESAN** rose—

**MR. SPEAKER:** I am on my legs. Mr. Tyagi you also please sit down.

I have now understood all the points. Various representations have been made. Very important representations have been made. Until the views of the House are expressed, I must go by the precedent. Now that the views have been expressed. I will reconsider the matter because

[Mr. Speaker]

views have been expressed in the matter. Attribution of any motive is wholly improper because I have been guided by the precedents. The precedents have been brought to my notice and the precedents have been created at a time when my friend here was a member of the Council of Ministers... (Interruptions) During the time when he was a Member of the Council of Ministers this precedent was laid down saying that such questions should not be allowed. That is the precedent. I am guided by the precedents and normally they are binding.

SHRI C. M. STEPHEN: Precedents are laid down by the Speaker and not by the Council of Ministers.

MR. SPEAKER: That is why I said 'at that time'. Now that you have expressed your opinions, I, for one, have absolutely no objection. For that matter, for your information, I may tell you that I myself belong to a backward class. Therefore do not be under that impression. Mr. Qureshi thinks he is having the monopoly of belonging to backward class; he is not; I am not going to allow him that monopoly. I also belong to the backward class.

13 hrs.

SHRI SOMNATH CHATTERJEE (Jadavpur): You are good enough to observe that you will re-consider it. I will just take only one minute. You said that if the question was put with regard to the minorities of the entire service you will allow it, but if the question is with regard to a part of the country, then you would not allow it. It is a very sensitive subject and I would request you to reconsider it and you should not be bound by precedents.

#### MATTERS UNDER RULE 377

##### (i) IMPENDING CLOSURE OF PATNA-CHUNAR COMMERCIAL STEAMER SERVICE.

डा० रामजी सिंह (भागलपुर) : उपाध्यक्ष महोदय, मैं नियम 377 के अन्तर्गत एक विशेष लोक महत्व के प्रश्न पर आप का ध्यान आकर्षित करना चाहता हूँ कि पटना चुनार व्यापारिक स्टीमर सेवा के बंद हो जाने की आशंका है और उस से वहाँ मजदूर तो बेकार होंगे ही, साथ साथ जो जनता को उस से लाभ हो रहा है उस से भी जनता वंचित हो जायगी। भगवती कमेटी की रिपोर्ट में चुनार से लेकर पटना तक जो व्यापारिक स्टीमर सेवा है उस का सर्वेक्षण किया गया है और बताया गया है कि इस से कितना लाभ है। पटना से बलिया तक रेलवे से 379 किलोमीटर है, सड़क से 407 और पानी से केवल 130 है। उसी तरह से पटना से छपरा के बीच में रेल से 314 किलोमीटर, सड़क से 268 लेकिन जल से केवल 80 किलोमीटर है। भामलपुर से काढ़ागोला तक रेलवे से जायं तो 130 किलोमीटर, सड़क से जायं तो 265 किलोमीटर और जल से जायं तो केवल 70 किलोमीटर है।

तो हम सरकार से यह आग्रह करना चाहेंगे कि इस इनलैंड वाटर ट्रांसपोर्ट को बंद नहीं किया जाना चाहिए। भगवती कमेटी की रिपोर्ट जो 1970 में दी गई थी उस में जो कुछ संस्तुतियाँ की गई थीं उन की ओर से भी सरकार ने अपना ध्यान मोड़ लिया है और इस के कारण सरकार ने यह भी ध्यान नहीं दिया है कि व्यापारिक संघों ने क्या सुझाव दिया है। बिहार चैम्बर आफ कामर्स ने भी सरकार से निवेदन किया है कि यह

सेवा बंद न की जाय क्यों कि इससे लोगों को सामान लाने ले जाने में बहुत सुविधा होती है। यही नहीं, बिहार के मुख्य मंत्री ने भी 9 जनवरी को यहां की शिपिंग और ट्रांसपोर्ट मिनिस्ट्री को लिखा है कि यह जल परिवहन बंद नहीं होना चाहिए। लेकिन फिर भी वह हो रहा है। इससे तत्काल 150 मजदूर बेकार हो जाएंगे और जनता को बहुत तकलीफ होंगी।

इस सेवा को बन्द करने के पीछे एक गहरी साजिश है जिस का उल्लेख भगवती कमेटी ने भी किया है और वह यह है कि प्राइवेट स्टीमर सेवा प्राइवेट रूप से चालू है और वह चाहती है कि सरकारी जल सेवा बन्द हो जाय ताकि वे जनता को अच्छी तरह से लूट सकें। इसीलिए एक सवांग कल्याणकारी दृष्टिकोण से और समाजवादी दृष्टिकोण से यह आवश्यक है कि इस इनलैंड वाटर ट्रांसपोर्ट की जारी रखा जाय। इस संबंध में मैं इतना ही कहूंगा कि वहां के इनलैंड वाटर ट्रांसपोर्ट एम्पलायीज यूनियन की तरफ से भी सरकार को ज्ञापन दिया गया है। बिहार के मुख्य मंत्री ने भी लिख कर दिया है, बिहार के चैम्बर आफ कामर्स ने दिया और 14 मांगों की ओर ध्यान आकर्षित किया गया है जिसमें यह है कि इसको जारी रखा जाय, स्टाफ की छंटनी न की जाय और यही नहीं, जिस तरह से भगवती कमेटी ने अपनी रिपोर्ट में दिया है, यह जो रेगुलराइजेशन आफ पटना चुनार वामपिनियल सर्विस है इसको किसी भी स्थिति में बंद न करे। प्राइवेट स्टीमर और प्राइवेट एल सी टी सर्विस जो है उसको भी बंद किया जाय ताकि सरकारी जल सेवाओं को ज्यादा से ज्यादा लाभ हो सके। और भी बहुत सारी बातें हैं जैसे गंगा को नेशनल 'वाटरवेज' घोषित करने की भी उसमें सिफारिश को गई है। यही नहीं आइ डब्लू टी कमेटी की जो

रिपोर्ट 1970 की है उसमें यह भी बताया गया है कि सेंट्रल टेकनिकल आर्गेनाइजेशन इस प्रकार से बने ताकि जल के द्वारा परिवहन का काम चलता रहे। उसकी मितव्ययता को देखते हुए, उसके द्वारा जनता को जो लाभ होता है, उस लाभ को देखते हुए, उसको जारी रखा जाय।

उपाध्यक्ष महोदय, इसी लिये मैं इसके द्वारा सरकार का ध्यान आकर्षित करना चाहता हूँ कि पटना-चुनार व्यापारिक स्टीमर सेवा हरगिज बंद नहीं होनी चाहिये।

(ii) REPORTED ACCIDENT WITHIN THE COMPLEX OF BHARAT HEAVY ELECTRICALS LTD. TIRUCHIRAPALLI.

SHRI M. KALYANASUNDARAM (Tiruchirapalli): Sir, I want to draw the attention of the House to a very serious accident that had taken place within the complex of the Bharat Heavy Electricals Ltd., Tiruchirapalli on the night of 18th February. Sir, on the spot 2 workers died and 84 workers are still in the hospital. The third worker died two days ago in the hospital. Thus the total number of deaths has come to 3 and 81 workers are very seriously injured. Some of them, I fear, will be permanently disabled; they are still in hospital. The accident is due to a bus carrying the BHEL workers dashing against the BHEL loco—it is not a railway loco—running within the complex of the BHEL complex. It is a road meant for road traffic. There is a level crossing. There are gates on both sides. The gates were open, the loco was on the road, that is, on the railway line on the level-crossing. That is how the bus dashed. The bus had simply collapsed, even the loco was derailed. It shows the speed with which the bus was also running. It is a very serious accident. The workers in that factory are very much perturbed as a result of this accident. They tried to persuade the management to run their own bus between the factory and the city for safe travel from

[Shri M. Kalyanasundaram]

the workspot to their residences. Only a small percentage of the workers are provided with quarters there. A large number of workers have to come from neighbouring areas. It is very unfortunate that such an accident had taken place and the management refused to consider their demands in spite of this accident. Because of that, the workers had gone on strike from 21st and the strike is still going on. The State Government intervened and tried to bring about a settlement. Talks were going on till late in the night and afterwards I left Madras and I do not know what has happened subsequently. I had talked to the hon. Minister of Industries. The demand is very simple. They want the BHEL themselves to run their own bus. Already there are a few buses which are plying for a very short distance. They want the buses to ply up to Tirachi City so that they can travel in their own bus safely. Another demand is that an enquiry must be conducted into the causes of the accident so that proper lesson may be drawn for the future safety of the people. This is the second of its kind in the recent past. An year or so ago, at the same place, similar accident took place in which two had died and about a few dozens of workers got injured. Because of very frequent accidents and all that the workers are very much agitated and they are on strike. The management is too unwilling to grant the simple demand to run the buses themselves. The management tried to explain that there was a ban from the Government that the public sector undertaking should not have their own transport. This is a very serious situation. I want to draw the attention of the Government also through this House to examine the demands of the workers very sympathetically and consider their demand so that the strike can be called off.

The second point is this. Enquiry is very important. The loco belongs to BHEL. The track was laid by the

Railways. That track connects the main railway system also and so all have to pass through that track. Because of the accident which has taken place a few yards further, the railways are not coming into the picture. There is a safety inspector and he can conduct an enquiry according to the Indian Railways Act. Because it has happened within the compound of the BHEL the railways do not come into the picture. I therefore urge on the government to order an enquiry with the railway safety officer and the road transport officer of the state government and a judicial officer in that locality so that a proper enquiry can be conducted into the cause of the accident, not with a view to punish anybody. There are several level crossings within that complex and to ensure safety it is necessary to examine the causes. Workers are keen on this enquiry. They want transport to be provided for journey between workshop and place of residence. The argument of the government is: public sector undertaking cannot become a transport service; that argument is not tenable. They are not asking for transport to go to cinemas; they want transport to come to the workshop from their residence. I had a talk with the hon. Minister. He promised to make a statement on this because it is a serious accident; I request you to ask him to make the statement tomorrow on the latest position with regard to the strike situation.

SHRI A. K. ROY (Dhanbad): On a point of order.

MR. DEPUTY-SPEAKER: There can be no point of order now

SHRI A. K. ROY: Please listen. Under rule 377 very important issues are being raised. It is true that we cannot demand replies from Ministers but we expect that the Treasury Benches should not remain empty. Senior Ministers may be asked to be present and take note of points made.

श्रम तथा संसदीय कार्य मंत्रालय में राज्य मंत्री (श्री सारंग साय) : हम बड़े ध्यान से सदस्यों की बात सुन रहे हैं और नोट्स ले रहे हैं।

MR. DEPUTY-SPEAKER: The Minister of Parliamentary Affairs is there.

SHRI A. K. ROY: Some Cabinet Minister should be present; otherwise there is no meaning in 377; we should withdraw 377.

(iii) UNREMUNERATIVE PRICE OF ONION PAID TO CULTIVATORS.

श्री हरीशंकर महाले (मालेगांव) : उपाध्यक्ष महोदय, राष्ट्रपति जी का अभिभाषण मैंने पढ़ा है और उस में किसानों के बारे में बहुत कुछ सोचा गया है लेकिन सोचना अलग है और कार्यवाही होना अलग है। जब तक यह देश का किसान कष्ट में है, दुखी है तब तक देश आगे बढ़ेगा नहीं।

देश में राज्य-राज्यों में किसान धान की अलग अलग पैदावार करते हैं। महाराष्ट्र में उस में ही नासिक जिले में किमान प्याज की पैदावार ज्यादा से ज्यादा करते हैं। एक-एक क्षेत्र में प्याज पैदा करने के लिये किसान की तीन हजार रुपये खर्च आता है।

एक एकड़ क्षेत्र में उन्हाल प्याज 90 से 100 क्विंटल, रांगडा प्याज 70 से 80 क्विंटल और पोल प्याज 50 से 60 क्विंटल तक होता है। प्याज तीन मौसम में पैदा होता है।

पोल प्याज और रांगडा प्याज पैदा करने वाले किसान सिचाई व्यवस्था में नहीं आते। ऊपर की बारिस पर प्याज पैदा करते हैं। बारिस अच्छी तरह से होगी तो प्याज का मौसम आता है नहीं तो नहीं आता है। लेकिन रोगराई का धोका ज्यादा से ज्यादा होता है। यह मौसम राम-भरोसे पर ही होता

है। बाजार में प्याज की खरीद-बिक्री करने का अधिकार केन्द्र सरकार ने नाफेड सहकारी सोमायटी को दे दिया है। पहला नम्बर प्याज 60 रुपये क्विंटल, दूसरा नं० प्याज 50 रुपये क्विंटल और तीसरा नं० प्याज 45 रुपये क्विंटल का दाम निश्चित किया है लेकिन नाफेड सोमायटी बाजार से आने वाला किसान का सारा प्याज नहीं खरीदता है। दो गाड़ियां या दो ट्रेक्टर्स प्याज ही खरीदती है बाकि सारा प्याज सड़ता है। जो माल सोमायटी खरीदती भी है वह केन्द्रीय सरकार द्वारा निश्चित दर पर नहीं खरीदती है उससे कम दर पर खरीदती है। इस तरह से बाजार में प्याज की दर 8-9 रुपये में ले कर ज्यादा से ज्यादा 15-20 रुपये क्विंटल की हो जाती है। खेत से बाजार तक प्याज लाने में जो किराया पड़ता है वह भी प्याज बेचने में पूरा नहीं मिलता है। प्याज पैदा कर के किसान आज बहुत दुःखी है। वह कष्ट में जी रहा है।

मेरी आपके माध्यम से प्रार्थना है कि नं० एक प्याज को 70 रुपये क्विंटल, नम्बर दो प्याज को 60 रुपये क्विंटल और नम्बर तीन प्याज को 50 रुपये क्विंटल दाम मिलना चाहिए। अगर देश में ज्यादा प्याज हो तो उसे बाहर के देशों को भी भेजा जाना चाहिए। नवम्बर माह में आखरी प्याज तो बाहर भेजना ही चाहिए।

इस बारे में एक समिति भी गठित की जानी चाहिए जिसमें तीन प्रतिनिधि किसान के, दो प्रतिनिधि एम०पीज० के, दो प्रतिनिधि व्यापारियों के और दो प्रतिनिधि संबंधित विभाग के और संबंधित मंत्री महोदय होने चाहिए।

अध्यक्ष महोदय किसान की इस बारे में बुरी हालत है। इसको तुरंत ठीक करना

[श्री हरीशंकर महाले]

चाहिए। इसके साथ साथ राष्ट्र का हित भी देखना चाहिए।

(iv) REPORTED RETRENCHMENT OF CASUAL WORKERS IN SOUTH EASTERN RAILWAY.

SHRI SOMNATH CHATTERJEE (Jadavpur): I would like to raise a matter of great importance under rule 377.

On February 14, 1978, 111 casual workers of unskilled, semi-skilled and skilled categories, who were working under the District Engineer (construction) Kharagpur, South-Eastern Railway have been arbitrarily retrenched. These employees were recruited between may, 1968 and April 1973 and therefore, have been working for nearly ten years and the shortest period has been five years and they have been in continuous service till their retrenchment. It is strange that on the one hand senior employees are being retrenched while on the other, fresh recruitments of about 99 casual workers were made between October 1976 and May 3, 1977 by the same District Engineer. And moreover in 1978 itself, fifty more casual workers of similar categories were recruited by him. There are various schemes of new works which are to be undertaken by the District Engineer (Construction) Kharagpur requiring a large number of employees of similar categories to that of those retrenched personnel. It is also contrary to law to retrench senior employees and continue in employment the juniors. I would request the Government to immediately look into the matter and see that 111 casual retrenched personnel who have acquired considerable experience in their work are immediately taken back in employment so that their experiences and services can be utilised properly. There are sufficient opportunities for fresh employment which can be given to the persons who have been recruited sub-

sequent to the retrenched personnel and they can be continued in service.

The government has taken a vindictive attitude because some of them have gone to court under jurisdiction of article 226. They have not even received their wages for the period they worked, from 16th January to 14th February. Their salary has been withheld although the court granted them liberty to receive the money. This is being deliberately withheld just because they have gone to court. I request the Ministry of Railways to act promptly in the matter and take back the retrenched employees. People who have been working for more than 10 years have been retrenched because they are casual employees and in the meantime new people are taken in the same division. More experienced people are being put out of job. There are numerous vacancies for taking in new people. Apart from the question of law, the question of propriety and morality is there. This is a very important matter because 111 persons for no fault of theirs have been dismissed. I request the government and the Railway Minister to look into it. I have also written to him. I hope the Minister of Parliamentary Affairs will kindly bring it to his notice so that some immediate steps may be taken.

MOTION OF THANKS ON THE PRESIDENT'S ADDRESS—Contd.

MR. DEPUTY-SPEAKER: The House will now resume further consideration of the following motion moved by Shri Gauri Shankar Rai and seconded by Dr. Sushila Nayar on the 24th February, 1978, namely:—

"That an Address be presented to the President in the following terms:—

"That the Members of Lok Sabha assembled in this Session are deeply grateful to the Presi-

dent for the Address which he has been pleased to deliver to both Houses of Parliament assembled together on the 20th February, 1978'

along with the amendments moved:

Shri Nathuram Mirdha.

श्री नाथू राम मिर्धा (नागौर) :  
उपाध्यक्ष महोदय, सदन में राष्ट्रपति जी के अभिभाषण पर जो धन्यवाद का प्रस्ताव रखा गया है उस पर चर्चा चल रही है। जनता सरकार को बने हुए करीब एक साल होने जा रहा है। पिछले एक साल में इसने क्या क्या किया है और इस साल में यह क्या करना चाहती है इसका करीब करीब सारा ब्यौरा सदन के सामने आ चुका है। राष्ट्रपति का अभिभाषण हो गया है, रेलवे बजट पेश हो चुका है, जनरल बजट भी कल पेश हो गया है और इस सरकार के क्या इगदे हैं क्या यह करना चाहती है वह सब चीज लोगों के सामने आ गई है। मैं सारे मामलों पर एक साथ राय नहीं दे सकता हूँ। कुछ मुद्दों पर ही अपने विचार आपके सामने रखना चाहता हूँ।

राष्ट्रपति जी ने अपने अभिभाषण में पैरा नम्बर 5 में यह अपेक्षा की है कि देश में कुशल और स्वच्छ प्रशासन की आवश्यकता है। सच्चाई यह है कि इस बात से कोई इन्कार नहीं कर सकता है और इसके बारे में कोई दो रायें नहीं हो सकती हैं। पिछले एक साल में जिस प्रकार से केन्द्र और राज्यों में जहां पर जनता पार्टी की सरकारें हैं कार्य किया है उसको देखते हुए क्या यह कहा जा सकता है कि ईमानदारी की भावना बढ़ी है? जहां तक मेरी राय है प्रशासन में, प्लाज के एक्सीक्यूशन में, चाहे केन्द्र हो या राज्य सरकारें हों जहां जनता की सरकारें हैं शासन में कोई परिवर्तन नहीं हुआ है। वही ज्यादा से ज्यादा ढीलापन शासन में नजर आता है। चारों तरफ एक अनिश्चितता का वातावरण नजर

आता है। अधिकारीगण फंसले तेजी से और हिम्मत से कर सकें ऐसा वातावरण कहीं नजर नहीं आता है। मंत्रियों का आपस में तालमेल नहीं है। उनके आपसी झगड़ों की खबरें रोज़ अखबारों में आती हैं। छोटी छोटी बातों की ले कर उनमें आपस में मतभेद होते हैं। कौन सी नीति पर आप देश को चलाना चाहते हैं और क्या करना चाहते हैं उसके कोई आसार पिछले एक साल में मुझे तो नजर आए नहीं।

यह कहें कि लोकपाल बिल आया और वह पास हो जाएगा तो सारी राजनीति शुद्ध हो जाएगी, शासन अच्छा चलने लग जाएगा तो मैं कहना चाहता हूँ कि आप बहुत ज्यादा आकांक्षा उस कानून से कर रहे हैं उसने पार्लियामेंट के मेम्बरों को भी जोड़ा जा रहा है ताकि वह भी भ्रष्ट न हों, जब कि उनके हाथ में कुछ करने का अधिकार नहीं है। केन्द्रीय मंत्रियों को और राज्य के मुख्य मंत्री को उस दायरे में लाना चाहते हैं। पर उस दायरे में लाने बिना भी शुद्धता लायी जा सकती है, और जिस तरह की मैं आशा करता था वह आज देखने को नहीं मिलती है। कुशल प्रशासन होना चाहिये, इसमें दो रायें नहीं हैं, पर एक साल में उसके कोई आसार नजर नहीं आ रहे हैं, और देश आगे किस तरह बढ़ेगा कुछ समझ में नहीं आता।

राष्ट्रपति जी ने इस देश के अन्दर विकास के बारे में कुछ बातें कहीं। उन्होंने कहा कि ग्रोथ 5 परसेंट हुई। पर उसके साथ साथ उन्होंने चिन्ता जाहिर की है कि देश के अन्दर आज भी कुछ ऐसे तत्व हैं, चारों तरफ शरारत और गुंडई का वातावरण बना हुआ है, ला एंड आर्डर की समस्या आज भी देश के सामने है, और मैं समझता हूँ कि उनकी चिन्ता वाजिब है। किसी भी देश को अगर आगे बढ़ना है और गरीबी

## [श्री नाथू राम मिर्धा]

को मिटाना है जैसा कि यह कहते हैं कि 10 साल में इस काम को कर देंगे, मैं सोचता था कि जो भी नीतियां इनकी हैं उसमें कहीं भी एक बटे 10 के आम पाम एक साल में बढ़ें हों। लेकिन कहीं नजर नहीं आता। कहीं भी दिखाई नहीं देता कि तिल मात्र भी पहले की स्थिति से आगे बढ़ें हों। सिर्फ यह कहना कि कांग्रेस ने 30 साल में खराब काम किये इससे काम चलने वाला नहीं है। जनता प्रमाण चाहती है। उन्होंने अमरीका के राष्ट्रपति अर इंग्लैंड के प्रधान मंत्री के कोटेशन दिये हैं जिनको मैं दोहराना नहीं चाहता। लेकिन इतना जरूर कहूंगा कि देश की प्रगति बढ़ाने के लिये शांति का वातावरण सब से जरूरी चीज है, जो आम नहीं नहीं है। मजदूरों के क्षेत्र में देखिये, आपने इकॉनामिक सर्वे में कहा है कि पिछले साल में लेबर डेज लीस्ट 11 मिलियन, उसके पहले साल में 6 मिलियन। लेबर स्ट्राइक ज्यादा बढ़ी, लोक आउटस बढ़े हैं। आज भी चिन्तित हैं कि इन्वेस्टमेंट नहीं हो रहा है। वित्त मंत्री जी ने कल बजट में कन्सेशन भी दिये हैं। लेकिन जब तक ला एंड आर्डर में सुधार नहीं होता, मजदूरों के बारे में आपकी नीतियां साफ नहीं होंगी तब तक हालात बिगड़ते जायेंगे। विद्यार्थियों में जगह जगह पर अनुशासनहीनता बढ़ती जा रही है, 24 विश्वविद्यालय बन्द हैं, आज स्कूलों और कालेजों में पढ़ने का वातावरण नहीं है। जो इमरजेंसी के दौरान अनुशासन का वातावरण बना था वह बिगड़ता जा रहा है। सरकारी कर्मचारियों में आज ढीलापन चालू है, अनिश्चितता की स्थिति है। इसी तरह से जरायम बढ़ रहे हैं। दिल्ली में ही अखबारों में पढ़ने को मिल कि पीछे पीछे पुलिस पार्टी चल रही है और आगे आगे चोर घरों को लुटते जा रहे हैं। इस प्रकार जो विद्यार्थियों में, सरकारी कर्मचारियों में अनुशासनहीनता बढ़ रही है, नागरिकों में सुरक्षा का वातावरण

नहीं है और जिसके बारे में राष्ट्रपति जी ने चिन्ता प्रकट की है, समझ में नहीं आता कि किस तरह से आप उसमें सुधार करने जा रहे हैं।

जिस प्रकार से आपकी शासन व्यवस्था राज्यों और केन्द्र में चल रही है और जिस तरह के तौर तरीके आपके मंत्रियों द्वारा काम में लाये जा रहे हैं, हम रोज देखते हैं कि प्रधान मंत्री जी को बीच में खड़े हो कर कहना पड़ता है कि शांति रखी जाय, इस वातावरण को किस प्रकार सुधारेगे, कोई चीज स्पष्ट दिखाई नहीं देती है। वातावरण में सुधार की आवश्यकता है, वरना आप प्रगति नहीं बढ़ा सकते। आपने कबूल किया है कि इमरजेंसी की वजह से लोगों में जो कमजोरी आयी थी वह दूर हो गई है और लोगों में उछाल आ रहा है। जिस प्रकार गंदे को जितने ज्यादा जोर से नीचे मारोगे उतने ही जोर से ऊपर उछलेगी। अगर आप इसमें सुधार नहीं करते तो देश आगे नहीं बढ़ सकता। इसलिये मैं आपका ध्यात राष्ट्रपति जी की चिन्ता की तरफ, जिस चिन्ता में मैं अपनी चिन्ता को भी शरीक करता हूँ, दिलाता हूँ कि देश के हालात को अगर इन बातों में नहीं सुधारा गया, तो निश्चित तौर पर हमारे आगे की प्रगति के कोई मायने नहीं है।

आर्थिक प्रगति के बारे में आपने खुशी जाहिर की और कहा कि पिछले साल के मुकाबले में, जहां कि 1.6 प्रगति थी, अब हमने 5 परसेंट प्रगति कर दी। परन्तु इसके साथ ही आर्थिक समीक्षा में यह भी लिखा है कि 75 और 76 की प्रगति, जो कि 8. कुछ है, वह पहले से ज्यादा है। उसका मतलब यह हुआ कि तीन साल की बात आपने कही। राष्ट्रपति जी ने 5 साल की प्रगति पर खुशी जाहिर की और कहा कि आगे भी प्रगति करने जा रहे हैं। यह भी कहते हैं कि एग्रीकल्चर पर हमने ज्यादा धन लगाया है, 400, 450 करोड़ रुपया इस साल में एग्रीकल्चर, इरिगेशन

फर्टिलाइजर वगैरह पर खर्च करेंगे और बीज ज्यादा देंगे । लेकिन आर्थिक समीक्षा के लास्ट पैरा में लिखा है कि यह केवल तभी संभव होगा जब कि शासन में कुशलता हो । इन्फ्रा-स्ट्रक्चर इन चीजों को चलाने के लिए सक्षम हो । उसमें आपने यह अपेक्षा की है कि गांव लेबल पर हमारे एडमिनिस्ट्रेशन और लोगों का आपस में तालमेल होकर नये तरीके से हम इस टेक्नोलॉजी को काम में ला सकेंगे । मैं जानना चाहता हूँ कि आप ग्रासरूट लेबल पर क्या करना चाहते हैं, क्या परिवर्तन आप एडमिनिस्ट्रेशन में करना चाहते हैं ?

कृषि आयोग की रिपोर्ट में लिखा है कि एग्रीकल्चर प्रोडक्शन बढ़ाने के बारे में आप एडमिनिस्ट्रेटिव सेट-अप में तबदीली करें । जिन चीजों की बेश को जरूरत है, जब तक आप एडमिनिस्ट्रेटिव सिस्टम की ओवरहाल नहीं करेंगे, न आपकी योजना बन सकती है और न चल सकती है और न ही उसका बेसिक इन्फ्रा-स्ट्रक्चर बन सकता है ।

अब एक साल होने आया, कृषि आयोग की 38 वाल्यूम लिखी हुई हैं । आप रात-दिन ग्रामीणों की वकालत करते हैं, उनको ऊंचा लाने की बात सोचते हैं, तो उन सिफारिशों का क्या हुआ जो कृषि आयोग ने बेश की थी ? पूरे का पूरा ढांचा उसका आपके सामने है । काटेज इंडस्ट्रीज और एग्रो-इंडस्ट्रीज की गांवों में किस प्रकार बढ़ाया जाये, लोगों के इकनामिक स्टैंडर्ड को कैसे सुधारा जाये, खेती की प्रोडक्शन कैसे बढ़ायी जाये, आदि पर उसकी सिफारिशों पर कौन ध्यान दे रहा है ?

आपने डैजर्ट डेवलपमेंट के लिये 6 करोड़ रुपया रखा । उसमें से कितना खर्च हुआ है ? अब कहते हैं कि 20 करोड़ रुपया रख देंगे, तो एग्रीकल्चर सैक्टर में रुपया बढ़ाते जायें, लेकिन इससे ही सारा काम नहीं

हो जाता । जब तक बेसिक इन्फ्रा-स्ट्रक्चर और ग्राम लोगों के सहयोग को इसमें जोड़ कर हम साथ नहीं चल सकते, एग्रीकल्चर की चीजों की कमी को हम पूरा नहीं कर सकते हैं ।

आपने इस बात पर गर्व जाहिर किया कि इस साल अनाज का उत्पादन 121 मिलियन टन हो जायेगा । पिछले दफे 118 मिलियन टन तक पहुंच चुका है । आप कहेंगे कि 2 हजार मिलियन हैक्टर में सिंचाई बढ़ायेंगे, फर्टिलाइजर बढ़ायेंगे । यह सब चीजें तो नार्मल फसलों में चल रही हैं परन्तु उसका उपयोग जो पावर्टी लाइन के नीचे लोग हैं, उनमें कितनी क्षमता बढ़ती है, उनकी इकनामिक ग्रोथ क्या होती है, यह देखना जरूरी है ।

राजस्थान के मुख्य मंत्री की बहुत तारीफ करते हैं । उन्होंने एक योजना बनाई है कि एक-एक गांव में 5-5 परिवारों को सहायता देंगे, रुपया देंगे । मैं जानना चाहता हूँ कि क्या बेसिक इन्फ्रा-स्ट्रक्चर है, उन 5, 5 परिवारों को गांवों में संभालने के लिए कि लोन देने के बाद पैसा उसी परपज में लगे जिससे उत्पादन बढ़े, पैसा पे करने की कैपेसिटी बढ़े ? इस तरह से रुपया देने और योजना रख देने से देश का काम चलने वाला नहीं है । देश का काम उससे चल सकता है कि हम इन चीजों का उपयोग कैसे कर सकेंगे हैं, और उसका उपयोग करने शासन की शक्ति है या नहीं ? लोगों का सहयोग उसके साथ जोड़ा जा सकता है या नहीं ? यह बात बहुत मंटीरियल है ।

आज एग्रीकल्चर में कितने उतार-चढ़ाव देखने में आ रहे हैं । एक माननीय सदस्य ने कहा कि काटन, तेल की कमी हैं और चीनी इतनी पैदा हो गई है कि किसान भी परेशान है, आपकी भी समझ में नहीं आता कि क्या करें ? रुई ज्यादा पैदा हो जाये, तो आरको

[श्री नाथु राम मिर्जा]

चिन्ता हीं जाती है कि क्या करें। आपकी पार्टी में बैठने वाले लोग इस तरह के मुद्दों से हमेशा चिन्तित रहते हैं। अगर पैदावार बढ़ जाये, तो उस चीज का भाव गिर जाता है, उसकी मार्केटिंग की उचित व्यवस्था नहीं है।

इस तरह से और भी चीजें हैं, बड़े-बड़े नारे लगाये जाते हैं। धारिया जी कहते हैं कि 15, 20 एसैशियल कमोडिटीज की वितरण की व्यवस्था सुधारेंगे, प्राइस एस्टैब्लिश करेंगे, सब चीजें वाजिब तौर से लोगों को मिलेंगी। कहना आसान है, परन्तु करेंगे कैसे? आपकी रिपोर्ट में है कि एग्रीकल्चर प्रोडक्शन को बढ़ाना चाहिये। लेकिन उसकी मार्केटिंग की क्या व्यवस्था हो, किस प्रकार से रुई को डील किया जाये, किस प्रकार आयल-सीड को डील किया जाय किस तरह से और एग्रीकल्चरल कमोडिटीज को मार्केटिंग की समस्या को हल किया जाये, सारी बातें बहुत डिटेल में समझा कर उसकी सिफारिशें लिखी हुई हैं।

कृषि आयोग ने अपने प्रतिवेदन में 2,333 सिफारिशें की हैं। लेकिन किसने पढ़ा है उस रिपोर्ट को? संसद्-सदस्यों में उसकी समरी बांटी गई है, लेकिन सरकार के कितने लोगों ने उसका अध्ययन किया है?

सरकार की तरफ से रोज़ ग्रामों को ऊंचा उठाने की बात कही जाती है। सरकार की भावना बड़ी शुद्ध है, लेकिन जब तक उस भावना की मूर्त रूप देने के लिए कोई इन्फ्रा-स्ट्रक्चर न हो, एडमिनिस्ट्रेटिव व्यवस्था न हो और पैसे का ठीक उपयोग करने का इन्तज़ाम न हो, तब तक केवल शुद्ध भावनाओं को व्यक्त करने से काम नहीं चलेगा। मार्केटिंग के उन्नत-चढ़ाव एग्रीकल्चर को कभी पनपने नहीं देंगे।

इस बात पर बहुत जोर दया गया है कि हमारी बहुत अच्छी साउंड इकानामी है, हमारे पास 20 मिलियन टन अनाज है, जो और बढ़ता जायेगा, और हमारे पास 4,000 करोड़ रुपये की फ़ारेन एक्सचेंज है। सरकार इस बात पर बहुत खुश हो रही है। लेकिन इस स्थिति पर पहुंचने के लिए उसने क्या किया है? उसने जोन्ज को खत्म कर दिया है और फी मूवमेंट की इजाज़त दे दी है। अगर लेकिन अगर अगले साल अकाल पड़ गया, तो ब कैसे चावल या गेहूं इकट्ठा करेगी और कैसे उन्हें बांटेगी?

मेरा नवेदन यह है कि लोगों को खुश करने के लिए डे-टु-डे नीतियां निर्धारित करने का तरीका त तो देश के लिए और न सरकार के लिए हितकर है। जब तक सरकार लांग-रेंज पालिसीज बना कर कोई व्यवस्था नहीं करेगी, तब तक न तो प्रोड्यूसर को ठीक दाम मिलेगा और न ही कनज्यूमर्स को कोई लाभ होगा। आज प्रोड्यूसर रो रहे हैं, क्योंकि उन्हें वाजिब दाम नहीं मिलता है। कनज्यूमर के लिए प्राइस की कोई गारंटी नहीं है। आज कोई प्राइस स्टैबिलिटी नहीं है। सरकार की तरफ से आर्थिक समीक्षा में कहा गया है कि ट्रोलसेल इंडेक्स पहले से हाई है, लेकिन कनज्यूमर प्राइम इंडेक्स पर इसका कोई फ़र्क नहीं पड़ा है। मैं भी यही कहता हूँ कि जो गरीब लोग रोज़ खरीद कर खाते हैं, उनकी स्थिति में कोई फ़र्क नहीं पड़ा है।

आज सारी व्यवस्था व्यापारियों, मिडलमैन, के हाथ में है, जो किसानों को ठीक दाम नहीं देते हैं और कनज्यूमर को भी लूट खिसोट रहे हैं। अगर जनता पार्टी कुछ कपीयर थिंकिंग करके सही नीति नहीं अपनाती है, तो एग्रीकल्चरल प्रोडक्शन नहीं बढ़ने वाला है। प्राडक्शन बढ़ता है, तो किसान भरता है, क्योंकि कोई खरीदने वाला नहीं है। अगर प्रोडक्शन घटता है, और

अनाज के भाव ऊंचे होते हैं, तो सब किसानों की गाली देते हैं। सरकार इस स्थिति से कैसे निपटना चाहती है, इसका कोई क्लीयर इंडीकेशन सरकार के किसी भी डाकुमेंट में देखने को नहीं मिला है। हां, अगर मंत्री महोदय अपने भाषण में कोई स्पष्टीकरण दें, तो मैं समझने के लिए तैयार हूँ।

मैं आपकी दो बातों की तारीफ करना हूँ। आपने इसमें जो नेशनल सैटेलाइट प्रोजेक्ट को स्वीकार किया है इस की रेकमेंडेशन राष्ट्रीय कृषि आयोग ने की थी और यह बहुत जरूरी प्रोजेक्ट है। देश की धरती के नीचे कितना पानी है, कितनी धानु हैं उसका सर्वेक्षण आप इससे कर सकते हैं। खेती में बीमारी कितनी हैं, कितनी एकरेज में कितनी फसल है और क्या फसल की हालत है यह सब सैटेलाइट बता सकता है। इस की मैं तारीफ करता हूँ।

इसी तरह आप ने चार सालों में शराब-बन्दी करने की घोषणा की है, इस का भी मैं हामी हूँ। मैं जानता हूँ इससे फायदा होगा। मेरे जिले के अन्दर भी पहले लोग लड़ते थे कि नहीं होनी चाहिए लेकिन पिछले तीन चार सालों से जब से शराबबन्दी हुई है उसका फायदा लोगों ने खुद महसूस किया है, यह मैंने देखा है। इसलिए चार सालों में अगर आप शराबबन्दी कर दें तो यह देश के हित में होगा। बहुत से जो पीने वाले हैं वे यह कहते हैं कि इस से बूट-नेगिंग होगी। कहने वाले कहते ही रहेंगे, लेकिन शराब अगर इस देश में बन्द हो जाये तो लोगों का नेशनल चरित्र भी ऊंचा होगा, वाजिब तौर पर बचत होगी, परिवार अच्छी तरह से चलने लगेंगे और आर्थिक उन्नति होगी। आपकी इन दो बातों की जो राष्ट्रपति महोदय के भाषण में कही गई हैं मैं तारीफ करता हूँ।  
(व्यवधान) . . . . . आप मुझे दो तीन मिन्ट का समय और दें तो मैं अपनी बात कह लूंगा। . . . .

SHRI A. BALA PAJANOR (Pondicherry): I want to know whether any relaxation has been made in admission to the Central Hall, because there are a number of people there.

MR. DEPUTY-SPEAKER: Please do not raise the question of the Central Hall here Yesterday itself I had made it clear. As far as the Central Hall is concerned, it is the look-out of the Watch and Ward. You can go and complain to them.

SHRI A. BALA PAJANOR: They say it is under the rules.

MR. DEPUTY-SPEAKER: Please do not raise the matter.

SHRI A. BALA PAJANOR: You can give a ruling.

MR. DEPUTY-SPEAKER: Please do not consume the time of the House.

श्री नाथू राम मिर्धा : अभी शाह आफ ईरान आए थे तो उनको आपने राजस्थान कैनल का दौरा कराया था। राजस्थान कैनल का दौरा करते वक्त मैंने यह भी सुना कि वह भारत सरकार को राजस्थान कैनल का सैकेंड फेज पूरा करने के लिए कुछ रुपया देना चाहते हैं। राष्ट्रीय कृषि आयोग ने राजस्थान कैनल और डैजर्ट डेवलपमेंट के बारे में एक बहुत स्पेशल रिपोर्ट लिखी है और उसमें यह कहा गया है कि पानी ज्यादातर जो जा रहा है बहाव के जरिए से पाकिस्तान बार्डर की तरफ उसको लिफ्ट के जरिए उठाया जाए। उस सारे प्रोजेक्ट को रिवाइज करने की जरूरत है। कम से कम जिस लिफ्ट की बात को प्लानिंग कमीशन मानता है, भारत सरकार मानती है और राजस्थान सरकार भी पहले मानती थी, अब पोलिटिकल ग्राउन्ड्स पर उसको रिवर्स करना चाहते हैं, यह ठीक नहीं है। जहां लोग बैठे हैं वहां पानी नहीं लाना और जहां कोई नहीं है वहां पानी

[श्री नाथू राम मिर्वा]

को घर घर ले जाना यह देश के लिए बरबादी का दिन होगा। केवल इशारे मात्र में मैं इतना ही कहना चाहता हूँ :

रेलवे बजट में भी मैंने देखा राजस्थान के लिए कुछ भी नहीं है। बेकारी और बेरोजगारी दस साल में दूर करने के प्रोग्राम को भी मैंने समझने की बहुत कोशिश की लेकिन मुझे कहीं पर उस का इसमें ट्रेस भी नहीं मिला कि बेकारी और गरीबी मिटाने के लिए रत्ती भर भी कहीं कुछ किया हो। जो प्रोग्राम बनाया है उसमें मुझे कोई तथ्य नजर नहीं आता।

अन्त में मैं एक बात यह निवेदन करना चाहता हूँ कि देश में मुझे बहुत विघटन की प्रवृत्तियाँ नजर आ रही हैं। आपने फारेन रिलेशंस के बारे में बहुत देशों की अच्छी अच्छी बातें कही हैं। नान एलाइनमेंट पालिसी पर आप चल रहे हैं। कभी कभी जेनुइन शब्द लगा देते हैं चाहे वह किसी की समझ में आए या न आए। लेकिन मुझ उसकी कोई चिन्ता नहीं है। आप लोग नये नये आए हैं, आप मिलें उन से बातें करें, अच्छे सम्बन्ध बनाएं, देश के हित में बनाएं, यह सब ठीक है। पर देश में जो खराबी हो रही है, एक तो भाषा के नाम पर ही रही है। फिर देश के ईस्ट में और तरह के तत्व पनप रहे हैं। उधर पंजाब में कुछ और हालत बनती चली जा रही है। मैंने किताबें पढ़ी हैं जिनमें लिखा है कि यह तो हन्दू राज है, उधर वाला मुसलमान राज है। बीच में सिख राज बनाओ। ऐसे भी भाषण चल रहे हैं। ऐसी किताबें मैंने पढ़ी हैं। इसलिए देश में आज विघटन की प्रवृत्ति बढ़ रही है।  
..... (व्यवधान) ..... आप इन बातों के ऊपर सोचिए। देश के अन्दर अगर ये सवाल उठ कर खड़े होंगे और बिखराव की तरफ जाएंगे तो ये आपकी तरक्की के

लिए परेशानी के कारण बनेंगे। मैं जानूँगा कि जो कुछ मैंने कहा है उसके ऊपर आप गहराई से विचार कीजिए।

श्री नाथू सिंह (दोसा) : उपाध्यक्ष महोदय, मैं राष्ट्रपति जी के अभिभाषण पर धन्यवाद के प्रस्ताव के समर्थन में बोलने के लिए खड़ा हुआ हूँ। विरोध पक्ष के जो हमारे मित्र इस प्रस्ताव के विरोध में बोल रहे हैं, लगता है उन्होंने हर चीज को स्वीकार करने से मुंह मोड़ लिया है। उन्होंने जो इस को आलोचनाएं की हैं उस से लगता है कि उनको आलोचना करना भी ठीक ढंग से नहीं आता है। पहले वह कह रहे थे कि जनता पार्टी नहीं चलेगी, जनता पार्टी टूट जायगी। लेकिन जनता पार्टी ठीक प्रकार से चल रही है, उस की सरकार भी बन गई, लेकिन जो कह रहे थे कि जनता पार्टी टूट जायगी, जो जनता पार्टी पर प्रहार कर रहे थे, उन की अपनी पार्टी टूट गई और आज हम देख रहे हैं कि एक तरफ रेड्डी कांग्रेस है और दूसरी तरफ लेडी-कांग्रेस है। हमारी पार्टी के लिये एक वर्ष कोई अधिक समय नहीं है, हमारी पार्टी की स्थापना हुए ही अभी एक वर्ष हुआ है, सरकार की स्थापना हुए भी एक वर्ष ही हुआ है। अभी तो हम को चुनावों से भी फुरसत नहीं मिली है, लेकिन उसके बावजूद भी हम लोग पहले से ज्यादा मजबूत हुए हैं।

दूसरी बात ये लोप कह रहे हैं कि जनता पार्टी विभिन्न स्वरों में बोलती है। मैं उनको बतलाना चाहता हूँ—एक स्वर तो केवल तानाशाही में निकलता है, लोकतन्त्र में तो हमेशा विभिन्न स्वर निकलते हैं। आप नें बांसुरी की आवाज सुनी होगी, जनता पार्टी कृष्ण की बांसुरी है, जिस में विभिन्न स्वरों के द्वारा जो स्वर निकलता है, वह मीठा ही सुनाई देता है। इस लिये एक स्वर में बोलना तानाशाही की निशानी है। पहले श्रीमती इन्दिरा गांधी एक स्वर में बोलती थीं, मिनिस्टर लोग उन्हीं की बात को दोहराते थे, मुख्य-

मंत्री लोग उसी बात को दोहराते थे, तथा-कथित युवक-कांग्रेस के नेता लोग उसी बात को दोहराते थे। पूरे हिन्दुस्तान में एक ही स्वर सुनाई देता था—चाहे रेडियों हो या समाचार पत्र हों, सभी के माध्यम केवल इन्दिरा जी का स्वर और दूसरा स्वर संजय गांधी का सुनाई देता था, तीसरा कोई स्वर उस जमाने में सुनाई नहीं देता था।

कल स्टीफन साहब ने कहा कि यह तो आयोगों की पार्टी है। हम झण्डे के लिये खून वहा देंगे। मैं स्टीफन साहब से पूछना चाहता हूँ—आपातकाल के दिनों में आप की बहादुरी कहां चली गई थी? किस बिल में घुस गई थी, जो आज बहादुरी दिखा रहे हैं? हम जानते हैं आप कितने बहादुर हैं, झंडे के लिये कितना खून बहायेंगे। आपातकाल के दिनों में जब अत्याचार हुए, जिस जनता ने आप को वोट दिया था, जब उस पर अत्याचार हो रहे थे, तो आप की जुबान क्यों बन्द थी? आप ने खून बहाना तो दूर रहा, पसीना तक नहीं बहाया। इस लिये हम जानते हैं कि आप कितने बहादुर हैं और झण्डे के लिये कितनी बहादुरी दिखायेंगे।

आपने कहा कि यह आयोगों की पार्टी है। किसी भी लोकतान्त्रिक देश में जनतन्त्र को कुचलने वालों के ऊपर आयोग बैठाना तो बहुत छोटी सी बात है। आप इंग्लैंड का उदाहरण लीजिये—वहां ऐसी व्यवस्था है कि जो जनतन्त्र के ऊपर प्रहार करे, उस को नष्ट करें, उस पर आयोग ही नहीं, महा-अभियोग लगना चाहिये। हम ने बहुत ही साधारण कार्यवाही की है, सहानुभूतिपूर्वक विचार कर रहे हैं, आप लोगों पर दया कर रहे हैं, लेकिन उस के बावजूद भी आप कहते हैं कि हम आयोग बैठा रहे रहे हैं। जब आयोग की रिपोर्ट आयेंगी और उस के बाद आप के ऊपर जो कार्यवाही की जायगी, तब पता नहीं आप क्या कहेंगे।

आप कह रहे हैं कि जनता पार्टी लोकतन्त्र को खोखला कर रही है। स्टीफन साहब ने देव राज अर्स का उदाहरण दिया, उन की सरकार की भंग कर दिया गया था और वहां पर राष्ट्रपति शासन लागू कर दिया गया था। आपात काल के दिनों में जब हम जेलों में बन्द थे, तमिलनाडु का उदाहरण आप के सामने है। आप ने तमिलनाडु सरकार को क्यों भंग किया था? क्या इस लिये कि श्री करुणानिधि महादेवी के चरणों में सिर नहीं झुकाते थे। जब आप ने उस समय तमिलनाडु की सरकार को भंग कर दिया, तो अब हम ने यदि देवराज अर्स की सरकार को भंग कर दिया—हस मैं आप की क्यों आपत्ति हैं? आप को केन्द्र में 6 साल तक बने रहने का अधिकार किस ने दिया था? आप तो पांच सालों के लिये चुन कर आये थे। उस के बावजूद भी यदि हम चाहते तो कर्णाटक की सरकार को अपने हाथ में रख सकते थे, लेकिन हम ने तुरन्त वहां पर चुनाव करा दिया और उसके बाद जनता ने जो फंसला दिया, उस को हम ने सहर्ष स्वीकार किया। तो यह कहना कि हम लोकतन्त्र की जड़ें खोखली कर रहे हैं सर्वथा गलत है। आप ने उस से पहले क्या किया। विभिन्न राज्यों के मुख्य मंत्रियों को एक झटके में बदल देते थे और इस तरह से आप ने कई मुख्य मंत्री बदल दिये। श्री मोहन लाल सुखाडिया आप के प्रजातंत्र का एक उदाहरण हैं। वे राजस्थान के मुख्य मंत्री थे। उनको आप ने मुख्य मंत्री पद से हटा दिया। क्या उन्होंने वहां की विधान सभा का विश्वास खो दिया था। ऐसी कोई बात नहीं थी लेकिन उन को मुख्य मंत्री के पद से हटा कर गवर्नर इसलिए बना दिया गया था कि वे राष्ट्रपति जी या इन्दिरा जी के इशारे पर नहीं चलते थे। उनके स्थान पर आप ने श्री बरकतुल्ला खान को वहां पर थोप दिया। विधान सभा के सदस्यों से नहीं पूछा गया और

[श्री नाथ सिंह]

न ही अपनी पार्टी के लोगों से आपने पूछा। ऊपर से उन को वहां पर थोप दिया गया। यह था आप का लोकतंत्र, यह था आप का प्रजातंत्र? इस तरह के एक नहीं बल्कि कई उदाहरण मैं आप के सामने रख सकता हूँ जिन से पता चलेगा कि आप लोगों ने कितना तानाशाही रवैया अपनाया था। प्रेस का गला आप ने घोट दिया था। हम प्रेस आयोग बना रहे हैं। इसके अलावा हम प्रेस को पूरी स्वतन्त्रता दे रहे हैं। आप की तरह हमने न्यायपालिका को बिल्कुल अपनी मुट्ठी में नहीं किया। हमने कार्यपालिका, न्यायपालिका और विधायिका, तीनों को पूर्ण स्वतन्त्रता दी है और वे अपने अपने क्षेत्र में स्वतन्त्र रूप से काम कर सकती हैं। लोकतंत्र के जो ये पहिये हैं, धुरी हैं, इनको हमने मजबूत किया है। आप यह देखें कि सुप्रीम कोर्ट के मुख्य न्यायाधीश को, चाहे उन्होंने जैसा फ़सला दिया, हमने नियमों का पालन करते हुए सुप्रीम कोर्ट में नियुक्त किया है। क्या यह लोकतंत्र का सही नमूना नहीं है?

एक चीज मैं यह जरूर कहना चाहुंगा कि प्रेम के बारे में जो सरकार कर रही है, वह ठीक ही कर रही है लेकिन वेज बोर्ड की जो शर्तें हैं उन को बड़े-बड़े अखबारों के मालिक नहीं मान रहे हैं। हो सकता है कि उन के और कांग्रेस के सम्बन्ध कुछ अच्छे रहे हों, इन्दिरा जी के और उन के सम्बन्ध कुछ अच्छे रहे हों, लेकिन कर्मचारियों की जो वाजिब मांगें हैं और वेज बोर्ड में जो शर्तें रखी गई हैं उन को वे लोग नहीं मान रहे हैं। सरकार बड़े पत्रों के मालिकों को इस बात के लिए मजबूर करे कि वेज बोर्ड की जो शर्तें हैं, उन को वे मानें और इसके लिए उन पर दबाव डालना चाहिए।

एक बात यह बहुत कहते हैं कि हरिजनों पर बहुत अत्याचार हो रहे हैं। ऐसा कह कर यह छुआछूत की भावना फैला रहे हैं।

बारात तो यंत्र करे दुप्रा जय बाबू जाजोवन राम जो वहां पर गये थे? कौन थे वे लोग? वे तो इन्दिरा का प्रेम के समर्थक थे। इन्दिरा समर्थक विद्यार्थी थे जिन्होंने वहां के विश्व-विद्यालय पर अपना कब्जा किया हुआ है। वे एन० एम० एफ० आई० के विद्यार्थी हैं जो इन्दिरा जी के समर्थक हैं और वे वहां पर लोगों में छुआछूत की भावना फैला रहे हैं। वहां पर 19 विद्यार्थियों को 30 जनवरी को गिरफ्तार किया गया जिन में वहां की यूनिवर्सिटी का अध्यक्ष भी था और जो इन्दिरा जी का पक्का समर्थक है। क्या यह जनता पार्टी वालों ने किया है। आर० एस० एस० वालों ने किया या किपी पोशनलिस्ट पार्टी के कार्यकर्ता ने किया है? यह केवल इन्दिरा जी के समर्थकों ने किया है और आज यह दिखाना चाहते हैं कि हरिजनों पर बड़े अत्याचार हो रहे हैं। जहां तक हरिजनों पर अत्याचार की बात है, 20 प्रतिशत अत्याचार इन के जमाने में हरिजनों पर हुआ करते थे लेकिन अब ये 5 प्रतिशत पर आ गये हैं। हमारी सरकार को बने हुए अभी एक ही साल हुआ है और 5 प्रतिशत पर हम इन को ले आए हैं। दो साल के बाद 5 प्रतिशत अत्याचार भी हरिजनों पर नहीं होंगे। इन लोगों ने बहुत सारे काम हरिजनों और ग्रामीण लोगों के विरुद्ध किये हैं लेकिन हमारी सरकार उनकी भलाई के लिए बहुत से काम कर रही है विशेष रूप से गांवों में। गांवों में अपराध उनके खिलाफ होते थे या शहरों में उन के खिलाफ होते थे उन को दूर करने के लिए हम सतर्क हैं। अभी राजस्थान के श्री गांधी राम मिश्रा बोल रहे थे कि चारों तरफ कानून की व्यवस्था ठीक नहीं है। मैं पूछना चाहता हूँ कि इस के लिए जिम्मेदार कौन है। अन्तिम पुलिस आयोग 1902 में बैठाया गया था और उस के बाद अभी तक पुलिस आयोग नहीं बैठाया गया था। क्यों नहीं बैठाया गया था? आज आप यह देखें कि पुलिस स्टेशनों पर

पूरी पुलिस नहीं है, उन की कोई सुविधाएं नहीं दी गई हैं। न उन को कोई गाड़ी दी गई है और न उन के पास दूसरे कोई साधन हैं जिन से अपराधों का पता लग सके। इसके लिए भूतपूर्व सरकार जिम्मेदार है। हमने इसीलिए पुलिस आयोग की स्थापना की है जिससे अपराधों को हम रोक सकें और यह देख सकें कि एक पुलिस स्टेशन पर कितने सिपाहियों की जरूरत है, कितने और साधनों की जरूरत है। ये जितने अपराध आज दिखायी दे रहे हैं इसके लिए भूतपूर्व सरकार ही पूरी तरह से जिम्मेदार है। अब धीरे-धीरे अपराधों की संख्या में कमी आ रही है। अब पुलिस स्टेशनों पर रिपोर्ट दर्ज हो रही है, पहले यह नहीं होता था। इसकी वजह से भी कानून और व्यवस्था में बाधा पड़ती थी। मैं अपनी सरकार से यह अनुरोध जरूर करूंगा कि वह थोड़ा और सख्ती से काम ले क्योंकि कांग्रेस के बन्धु देश में अव्यवस्था की स्थिति पैदा करना चाहते हैं अगर उन्हें कंट्रोल करना है तो सरकार को थोड़ा और सख्ती से काम लेना पड़ेगा।

15.00 hrs.

सरकार ने अल्पसंख्यकों, अनुपूचित जातियों और अनुसूचित जनजातियों की दशा सुधारने के लिए आयोगों की स्थापना की है। इस कदम से इन लोगों की दशा में सुधार होगा। सरकार चुनाव प्रणाली में सुधार करने के लिए भी कदम उठा रही है। आज तक चुनाव प्रणाली में कोई सुधार नहीं किया गया। अनुरोध करता हूं कि इसमें तुरन्त सुधार किया जाना चाहिए। जनता पार्टी ने अपने घोषणा पत्र में कहा है कि वह 18 साल के व्यक्तियों को मतदान का अधिकार देगी। मैं चाहता हूं कि इस घोषणा को जल्दी से जल्दी पूरा करना चाहिए। जब 18 साल की एक युवती अपना पति चुन सकती है, 16 वर्ष का अफसर राष्ट्र का काम संभाल सकता है तो 18 वर्ष का व्यक्ति लोकतंत्र में मतदान

क्यों नहीं कर सकता है। इसलिए मेरी मांग है कि 18 साल के व्यक्ति को वोट देने का अधिकार तुरन्त दिया जाए।

स्टीफन साहब और नाथूराम जी कह रहे थे कि आर्थिक दृष्टि से हमने कुछ नहीं किया। कल का बजट आपके सामने है। इससे पता लग गया होगा कि हम गांवों के लिये क्या करने का रहे हैं। हमारे बारे में कहा जाता है कि हम पूंजीपतियों के लिये कर रहे हैं। मैं कहता हूं कि इंदिरा जी के जमाने में जितनी विदेशी पूंजी इस देश में आयी, उतनी अब नहीं आ रही है। उस जमाने में कुछ पूंजीपतियों को बहुत महत्व मिलता था लेकिन आज ऐसा नहीं है। हम गांधी जी की नीति पर, गांधी जी के रास्ते पर चल रहे हैं इसलिए हमें भ्रष्ट अफसरों, दिवालिया राजनीतिज्ञों और बड़े-बड़े पूंजीपतियों का प्रहार सहना पड़ रहा है। फिर भी आप कहते हैं कि हम पूंजीपतियों का साथ दे रहे हैं। हमने अपने बजट का 40 प्रतिशत सिंचाई व्यवस्था में सुधार के लिए रखा है। गांवों को और अधिक बिजली दे रहे हैं, गांवों में सड़कें बना रहे हैं छोटे-छोटे स्कूल और छोटे-छोटे उद्योग धंधे खोल रहे हैं। क्या यह गांवों का या देश का विकास नहीं है? हम देश में विकेन्द्रित अर्थव्यवस्था लाना चाहते हैं। हमने बड़े नोटों का बिमूद्रीकरण किया। क्या यह बहुत बड़ा काम नहीं है? एक-एक हजार के नोट बड़े-बड़े पूंजीपतियों ने जमा किये हुए थे, वे सब बेकार हो गये हैं। क्या यह बड़ा काम नहीं है?

इसके साथ-साथ हमने मजदूरों को बोनस दिया। आपातकाल में जिनको नौकरियों से निकाल दिया गया था उन्हें वापस लिया। हमने ट्रेड यूनियन के अधिकार बहाल किये। मजदूरों की जो भी समस्याएं हैं उनको हम दूर कर रहे हैं। क्या ये सब थोड़े काम हैं?

[श्री नाथू सिंह]

मैं राजस्थान के मुख्य मंत्री की बधाई देना चाहता हूँ कि उन्होंने राजस्थान में अन्त्योदय चलाया। जहाँ पहले कहते थे कि हम गरीबी दूर करेंगे वो गरीबी तो दूर कर नहीं पाए लेकिन खुद दूर हो गए। लेकिन हम जैसे ही सत्ता में आए हमने गरीबी दूर करने का काम शुरू कर दिया है। अन्त्योदय योजना है। श्री नाथू राम मिर्धा ने कह दिया है कि कोई विकल्प नहीं है। इस योजना में हर गांव में पांच परिवारों को लिया जाएगा। सबसे जो गरीब हैं उनको चुना जाएगा। उनको लिए मकान बना रहे हैं उनको जमीन अगर उनके पास नहीं है तो जमीन दे रहे हैं छोटी छोटी डेरी की उनके लिए व्यवस्था कर रहे हैं मुफ्त में उनके बच्चों की शिक्षा देने की व्यवस्था कर रहे हैं। एक साल में पांच परिवारों की गरीबी इस तरह से दूर होगी और पांच साल में एक गांव में पच्चीस परिवारों की दूर हो जाएगी। इनने तो एक गांव में गरीब परिवार भी नहीं होंगे।

पिछली सरकार ने राजस्थान की ओर ध्यान नहीं दिया। राजस्थान सबसे पिछड़ा हुआ राज्य है। वहाँ जब श्री मोहन लाल मुखर्जाइया मुख्य मंत्री थे तब श्रीमती इंदिरा गांधी उनसे खुश नहीं थीं। इस वास्ते उन्होंने उस प्रदेश को आज तक पिछड़ा हुआ रखा है और वहाँ पर विकास कार्यों की ओर ध्यान नहीं दिया। जयपुर उसकी राजधानी है। उसने अन्दर तक आज तक कोई भी बड़ी इंडस्ट्री नहीं लगाई गई। अहमदाबाद में बड़ी बड़ी कपड़ा मिलें हैं। दिल्ली से बड़ी लाइन अहमदाबाद को जयपुर होते हुए ले जानी चाहिए थी लेकिन नहीं ले जाई गई। मैं आशा करता हूँ कि जयपुर में बड़ी इंडस्ट्री भी लगाई जाएगी और दिल्ली से अहमदाबाद के लिए जयपुर होते हुए एक बड़ी लाइन देने की व्यवस्था भी की जाएगी।

चूँकि राजस्थान एक पिछड़ा हुआ राज्य है इस वास्ते उसको पिछड़ा राज्य घोषित करके

वहाँ पर छोट छोटे उद्योग धंधे चालू किए जायेंगे ऐसा भी मैं विश्वास करता हूँ।

सरकार ने चीनी और खण्डसारी में जो गड़बड़ी हुई थी उसको ठीक कर दिया है। लेकिन यह कदम कुछ देर में उठाया गया है। मैं चाहता हूँ कि किसानों की समस्याओं के प्रति जागरूक रहा जाए और समय पर जो भी कदम उठाना हो उठाया जाए।

फसल बीमा की आज तक व्यवस्था नहीं की गई है। ओला वृष्टि से फसलें बरबाद हो जाती हैं और किसान तबाह हो जाता है। इस साल बेमौसम ओले पड़े हैं। जिन स्थानों पर ओले पड़े हैं सरकार को चाहिए कि छोटे छोटे राहत कार्य वहाँ चालू करे उन लोगों को जो ओला वृष्टि से प्रभावित हुए हैं सहायता दे। किसानों की फसलों का बीमा हो सके इस प्रकार की व्यवस्था भी सरकार करे ताकि किसान को नुकसान में बचाया जा सके।

शिक्षा में हमने जो परिवर्तन किया है। हमने तय किया है कि निरक्षरता को पांच साल में दूर कर दिया जाए गा। पहले वाली सरकार जो उससे पिछड़े हुआ करते थे उनको उपकुलपति बना दिया करती थी। हम लोग इसमें परिवर्तन कर रहे हैं और अच्छे शिक्षा शास्त्रियों को विश्वविद्यालयों के उपकुलपति बना कर भेज रहे हैं ताकि शिक्षा जगत में कोई अव्यवस्था का वातावरण न रहे।

बेरोजगारी भत्ते की जिसकी हमने घोषणा की थी उसको हम अभी तक शुरू नहीं कर सके हैं। मेरा निवेदन है कि लो लोग बेरोजगार हैं उनके लिए तुरन्त रोजगार उपलब्ध कराया जाए और यदि ऐसा नहीं किया जाता है तो उनको बेरोजगारी भत्ता दिया जाए चाहे प्रारम्भ में उसकी राशि कम ही क्यों न हो।

अब मैं विदेश नीति के बारे में थोड़ा सा कहना चाहता हूँ। मैं कहना चाहता हूँ कि वास्तव

में तटस्थता की नीति पर आज यही सरकार है जो चल रही है। पहली सरकार की विदेश नीति रूस की तरफ झुकी हुई थी। 1956 में जब हंगरी पर रूस ने हमला किया वहां टैंक भेजे तो कांग्रेस सरकार चुप रही कुछ नहीं बोली, वहां पर लोगों की स्वतन्त्रता को जब कुचला जा रहा था तब उसके मुंह से एक शब्द भी नहीं निकला। 1968 में चेकोस्लोवाकिया की जनता ने स्वतन्त्रता की मांग की थी। तब रूस के टैंक वहां गए और लोगों की स्वतन्त्रता की आवाज को उन्होंने कुचल कर रख दिया। श्रीमती इंदिरा गांधी चुप रहीं, उनकी सरकार चुप रही। वही आज इस सरकार पर आरोप लगा रहे हैं कि यह सरकार की नीति अमरीका के अनुकूल है। लेकिन आप देखें कि वारनविक स्थिति क्या है। सबसे पहला कदम हमने कौन सा उठाया है। सर्वप्रथम हम रूस गए और बाद में अमरीका के राष्ट्रपति कार्टर यहां पर आए। पहले हम रूस की यात्रा पर गए और बाद में कार्टर यहां आए। मैं पूछना चाहता हूँ कि आप बतायें कि हमारी विदेश नीति में क्या खोट है? वास्तव में यह सही विदेश नीति है। हमारे पड़ोसी देशों के साथ सम्बन्ध बहुत अच्छे हो रहे हैं।

चीन के साथ सम्बन्ध अच्छे तो हो रहे हैं लेकिन किस तरह से सम्बन्ध आगे और ज्यादा सुधर सकेंगे यह मुझे मालूम नहीं। बीस अक्टूबर, 1962 को जब कांग्रेस सरकार थी तब इसी सदन में सब लोगों ने खड़े होकर कसम खाई थी कि चीन जब तक हमारी भूमि जो उसने छीनी है वापिस नहीं कर देता है या उस जमीन को हम वापिस नहीं ले लेंगे तब तक हम दम नहीं लेंगे। पिछली कांग्रेस सरकार ने तब से लेकर 1977 तक उस जमीन में से एक इंच जमीन भी वापिस नहीं ली। यह आपकी कूटनीति थी और विदेश नीति थी। आज भी चीन उस जमीन को दबाए बैठा है। लेकिन मुझे विश्वास है कि जनता सरकार इस बारे में कूटनीतिक तरीके से काम लेगी और उस जमीन को चीन से वापसी करके, सम्बन्ध

सुधार के, मित्रता कर के वह जमीन को वापस लेगी।

सेन्टर स्टेट रिलेगन्स के बारे में कल कुछ माननीय सदस्य कह रहे थे। कम्युनिस्ट भाई हमारे कहते हैं कि इस बारे में बातचीत होनी चाहिये। स्टेट्स को ज्यादा अधिकार देने चाहिये। मेरी समझ में नहीं आता कि वह अधिकार लेकर क्या करेंगे। पहले ही उनके पास काफी अधिकार हैं। जो अधिकार स्टेट्स के पास हैं उनको वह किसी को देना नहीं चाहते। हम कहने हैं कि जिला परिषदों को, पंचायतों को ज्यादा अधिकार दो, जो कि वह नहीं दे रहे हैं। उल्टे स्टेट के किये और ज्यादा अधिकार मांग रहे हैं। वेस्ट बंगाल के श्री ज्योति बसु द्वारा, कश्मीर के शेख अब्दुल्ला द्वारा और तमिलनाडु में यह मांग की जा रही है। यह वही श्री ज्योति बसु हैं जब 1962 में चीन से लड़ाई हुई थी तो उस समय इन्होंने कहा था कि हिन्दुस्तान ने चीन पर हमला किया है। वह आज ज्यादा अधिकार मांग रहे हैं। शेख अब्दुल्ला जेल से छूटते ही चाउ-एन-लाई से बात करने मये थे, वह ज्यादा अधिकार मांग रहे हैं। तमिलनाडु की सरकार भी कहती है कि स्टेट को ज्यादा अधिकार मिलने चाहिये। मेरा कहना है कि हमारा देश नाजुक दौर से गुजर रहा है, आप रोज उत्तर दक्षिण की लड़ाई करवाते हो, रोज अंग्रेजी और हिन्दी की लड़ाई करवाते हो, जो किसी भी तरह से सही और उचित नहीं हैं। मुझे विश्वास है कि इस नाजुक दौर में अगर हमने केन्द्र को कमजोर किया तो इसके परिणाम गलत भोगने पड़ेंगे, हो सकता है कि देश की बहुत बड़ा नुकसान हो जाये। इसलिए इस समय स्टेट और सेन्टर रिलेगन्स जो हैं वही ठीक हैं। अगर दोनों में आपस में किसी विषय पर झगड़ा हो तो उसके समझौते की व्यवस्था संविधान में है।

पुनः जनता सरकार ने एक साल में जो काम किये है उसके लिये मैं सरकार को

[श्री तापू सिंह]

घन्यवाद देता हूँ और आशा है कि इसी तरह से आगे भी जनता सरकार काम करेगी और ज्यादा जनता की सहानुभूति प्राप्त करने के लिये उसे सतर्क होकर काम करना चाहिये।

श्री पद्माचरण सामन्तसिंहेरा (पुरी) : उपाध्यक्ष जी, राष्ट्रपति जी ने जो भाषण दिया है उसका मैं स्वागत करता हूँ। लेकिन पहले मुझे यह कहना है कि उड़ीसा के 8 एम० पी० ने उड़िया में भाषण देने के लिये कहा था और उनके बारे में एक्स-स्पीकर, श्री रेड्डी साहब से बातचीत हुई थी तो उन्होंने कहा था कि इस बजट सेशन से इसका इन्तजाम कर देंगे। लेकिन बजट सेशन शुरू हो गया है पर अभी तक इंटरप्रीटेशन का कोई इन्तजाम नहीं हुआ है। उड़िया भाषा का इंटरप्रीटर अभी तक अप्पॉइंट नहीं हुआ, इसका हमें खेद है। हम जानना चाहते हैं कि उड़िया भाषा हाउस में हम बोल सकते हैं कि नहीं ?

सभाध्यक्ष महोदय : आप बोलिये।

श्री पद्माचरण सामन्तसिंहेरा : इंटरप्रीटर नियुक्त होने के लिये अखबार में नोटिस भी निकला है। वह इंटरप्रीटर है कि नहीं हमको मालूम नहीं है। आप ऐलान करेंगे कि इंटर-प्रीटर है कि नहीं ? उड़ीसा की 2 करोड़ जनसंख्या है उनकी भाषा के इंटरप्रीटेशन का इन्तजाम क्यों नहीं हो सकता है ? कब तक उड़िया इंटरप्रीटर अप्पॉइंट होगा, यह मैं जानना चाहता हूँ।

उपाध्यक्ष महोदय : अभी हम कुछ नहीं बोल पायेंगे।

श्री पद्माचरण सामन्तसिंहेरा : हम उड़िया में कहेंगे।

उपाध्यक्ष महोदय : बोलिये।

श्री पद्माचरण सामन्तसिंहेरा : \*\*

MR. DEPUTY-SPEAKER: You can continue to speak in Oriya, but please give a translation afterwards for record.

श्री पद्माचरण सामन्तसिंहेरा : It is not possible; I will speak in Hindi.

वह बोलते हैं कि डेमोक्रेसी नहीं है, हम 2 सवाल उनसे पूछते हैं जो लोक-सभा में भाई वहाँ पर बैठे हैं और कांग्रेस में इन्दिरा गांधी के नेतृत्व में थे। जिस समय एमर्जेंसी जारी हुई उस समय कोई इंडिपेंडेंट जुडिशियरी नहीं थी। जज को कलैक्टर और एम० पी० गाइड किया करता था। इस तरह की मैं एक दो एक्जैम्पल देना चाहता हूँ।

मैं भी एमर्जेंसी के 19 महीने जेल में था। मेरा वारन्ट निकाले बगैर और बगैर किसी नोटिस के मुझे गिरफ्तार कर लिया गया।

हमको आर्डिनरी कंट्रोल रूम में पुलिस लाइन में एक दिन रखा गया। उसके बाद हमको वारन्ट दिया गया। उस वारन्ट में हमारे बाप का नाम गलत लिख दिया। उनको मालूम था मेरा नाम पी० सी० सामन्तसिंहेरा है और हमारे बाप का नाम मधुसूदन सामन्तसिंहेरा है। मैं एक बार एम० एल० ए० रह चुका हूँ, दो बार एम० पी० के लिये कर्टेस्ट किया है, जिला परिषद् का चेयरमैन 7 साल रहा हूँ, जिला बोर्ड का वाइस चेयरमैन रहा हूँ, 5 साल तक स्टेट की-आपरेटिव बैंक और सेंट्रल बैंक का चेयरमैन रहा हूँ लेकिन उनको मेरे पिता का सही नाम मालूम नहीं, यह देखने की बात है। उन्होंने मेरे पिता का नाम माधव सामन्तसिंहेरा लिखा। पिता का नाम चेंज करना कितनी खराब बात है ? पिता जब ठीक नहीं है तो लड़का क्या कर सकता है ?

मैंने इस बारे में होम डिपार्टमेंट को लिखा है कि हमारी इज्जत बरबाद किया है, हमारे

पिता का नाम बदल गया है, हमको इसके लिये कंसेशन दे। हमने 50 हजार का क्लेम किया है। हमने कहा है कि हम बूढ़े आदमी हैं, हमने प्रैस्टिज लूज किया है इसलिये कंसेशन दिया जाये।

इसी तरह से पुरी जेल में हमारे एक स्टूडेंट और यूथ लीडर को हाइड्रो-सील के आपरेशन के लिये पुरी अस्पताल में भेजा गया। उनके साथ जो व्यवहार किया गया, वह बात आदमी नहीं सोचता है, जानवर सोचना है। उनको चेन से बांधा गया, और हैंडकफ किया गया। उस डेटेन्सु ने इस बारे में कलेक्टर और एम० पी० को कहा, लेकिन वे बोले कि हम क्या कर सकते हैं। हम लोगों ने कहा कि यह इनडोर पेशेंट है, इसका आपरेशन होगा, वह कहां भाग जायेगा, यहां पर पुलिस के सात आदमी मौजूद हैं। लेकिन फिर भी उसे आपरेशन बंड पर जंजीर से बांध कर और हैंडकफ लगा कर रखा गया। क्या यह मानवीय सभ्यता है या पशुओं की सभ्यता है? श्रीमती इन्दिरा गांधी के दल के लोगों ने इन बातों का समर्थन किया था। लेकिन आज वे लोग कहते हैं कि राष्ट्रपति के अभिभाषण में डेमोक्रेसी, गणतन्त्र के बारे में कुछ नहीं कहा गया है।

मेरा एक नौ साल का लड़का है और एक लड़की है। मैं एकसरे के लिए हास्पिटल के जेनेरल वार्ड में गया था। पुलिस ने मेरे नौ साल के लड़के की वहां मेरे साथ बातचीत करने देने से इंकार कर दिया, हालांकि ग्राम जनता जेनेरल वार्ड में जाती है।

ज़िन लोगों ने ऐसे काम किये, आज वही लोग कहते हैं कि जनता सरकार ने गणतन्त्र के बारे में कुछ नहीं कहा है। वास्तव में श्रीमती इन्दिरा गांधी की सरकार ने गणतन्त्र को खत्म कर दिया था—उसे नाम-मात्र के लिए भी नहीं रहने दिया था। न सरकार में, न पार्लियामेंट और विधान सभाओं में और न जूडिशरी में कोई स्वतन्त्रता या गणतन्त्र रहने

दिया गया। इस सदन में या विधान सभाओं में माननीय सदस्य जो भाषण देते थे, उन्हें अखबारों में प्रकाशित नहीं किया जा सकता था।

ब्रिटिश गवर्नमेंट ने 1942 की मूवमेंट के समय मुझे इमपिजन किया था और मुझे थर्ड क्लास प्रिजनर के रूप में रखा गया था। मैं यह कह सकता हूँ कि इस वक्त हमारे साथ जो बिहेवियर किया गया, और जो इंडिपेंडेंस तथा फंसिलिटीज़ हमें दी गई थीं, श्रीमती इन्दिरा गांधी के शासन-काल में उन में बहुत गिरावट और कमी हो गई थी। उन दिनों ब्रिटिश सरकार ने भी ज्यादा नीच काम किये गये थे।

मेरे दोस्त कहते हैं कि आज गणतंत्र नहीं है। वास्तव में देश में अब गणतंत्र की प्रतिष्ठा हुई है। 1946-47 में हमें जो आजादी मिली थी, श्रीमती इन्दिरा गांधी और कांग्रेस सरकार ने उस आजादी की छीन लिया था। लोगों ने स्ट्रगल कर के अपनी आजादी को फिर प्राप्त किया है। इस लिए यह आजादी की दूसरी लड़ाई थी।

पिछले साल प्रेजिडेंट के एड्रेस में कहा गया था कि जनता सरकार न्यूजपेपर्स और जूडिशरी को इंडिपेंडेंस देगी, आईन सब पर समान रूप से लागू होगा और आईन में एमेंडमेंट कर के लोगों को नागरिक स्वतंत्रता दी जायेगी। पिछले दिनों हमारे देश में दो आईन रहे—एक आईन श्रीमती इन्दिरा गांधी के लिए और दूसरा आईन ग्राम जनता के लिए। ग्राम जनता के लिए आईन ० पी० सी० है और कोर्ट किसी भी मामले पर विचार कर सकती है। रामचन्द्र जी के युग में, सत्ययुग और कलियुग में, हर एक युग में आईन, न्याय और नीति सब के लिए समान होती थी। लेकिन पिछले उन्नीस महीने के दौरान यह व्यवस्था की गई कि

[श्री पदमाचरण सामन्तसिंहेरा]

प्रधान मंत्री, श्रीमती इन्दिरा गांधी, पर आईन लागू नहीं होगा वह चाहे कुछ भी करे, किसी कोर्ट में उस पर विचार नहीं हो सकेगा। अमरीका में वाटरगेट के मामले में एक थर्ड क्लास मैजिस्ट्रेट ने प्रैजिडेंट के मुकदमे पर विचार किया। लेकिन यहां प्राइम मिनिस्टर के बारे में हाई कोर्ट या सुप्रीम कोर्ट विचार नहीं कर सकते हैं। यह कहा गया कि पार्लियामेंट में उन के आईन का एक बोर्ड उन के मामले पर विचार करेगा। उन के लिए यह बात है कि आईन ऐसा हो गया कि जूडिशियरी इंडिपेंडेंट हो गई। सब के लिए समान हो गया। राष्ट्र-पति हों, प्रधान मंत्री हो, एम०पी० हों, एम एल०ए० हों सब के लिए एक जैसी व्यवस्था हो गई।

दूसरी बात जो गणतंत्र की है, मैं कहता हूं इस के पहले तक भारतवर्ष की कौन कंट्रोल करता था। जवाहर लाल नेहरू प्रधान मंत्री थे, उन की लड़की प्रधान मंत्री हुई तीस साल हो गए, कौन यहां इंडिया का शासन कर रहा था? यह गणतंत्र था? कौन रूल कर रहा था इंडिया को? बीच में बहुत थोड़े दिनों के लिए माननीय लाल बहादुर शास्त्री जी प्रधान मंत्री रहे लेकिन वह बहुत कम समय तक थे। उस में उन्होंने कुछ काम किए थे। लेकिन उस थोड़े से समय के अलावा बाकी के तीस सालों में कांग्रेस पार्टी किस के अन्डर में थी देश पर कौन शासन कर रहा था? गणतंत्र का यह रूप था कि एक फेमिली ट्रेडिशन के माफिक बाप होगा, फिर लड़की होगी और उस के बाद संजय गांधी हो सकता था। एमजेंसी के अन्दर लोकनायक जयप्रकाश नारायण ने रेवोल्यूशन नहीं किया होता तो इंदिरा गांधी के बाद संजय गांधी को ही प्रधान मंत्री बनाने का उनका इरादा था, उन की चिन्ता थी, उन का कार्यक्रम था, उन की योजना थी कि उन के बाद उन का लड़का इंडिया का प्रधान मंत्री बने। लेकिन अब जो गणतंत्र स्थापित

हुआ है उस में जनता ने उन को बाध्य कर दिया। कमता ने वह काम कर दिया कि अब वह आ नहीं सकेंगे। गणतंत्र की इस प्रकार प्रतिष्ठा हो गई कि आज ही नहीं फ्यूचर के लिए भी ऐसा हो गया कि कोई गणतंत्र को खत्म नहीं कर सकता है। हमारे आईन मंत्री ने हाउस में बयान दिया है कि कांस्टीट्यूशन में अमेंडमेंट करेंगे ताकि जो कोई भी सरकार कभी आए वह कोशिश भी करे, चाहे भी तब भी एमजेंसी जारी न कर सकेंगी क्योंकि संविधान में इस प्रकार के संशोधन कर दिए जाएंगे। हमारे विरोधी पार्टी के लोगों को भी संविधान में इस प्रकार का संशोधन करने में शामिल होना चाहिए और संविधान के अन्दर यह संशोधन करना चाहिए।

गरीबों के लिए स्लोगन लगाया गया कि गरीबी हटाओ और यह कहा गया कि गरीबों के लिए, हरिजनों के लिए सब कुछ करेंगे। लेकिन हुआ क्या? 1947 में बिरला हाउस की प्राफिट 30 करोड़ था। जब जवाहर लाल नेहरू के रिजिम में और इंदिरा गांधी के रिजिम में 900 करोड़ या 1000 करोड़ हो गया। कौन बढ़ रहा है। गरीब बढ़ रहा है या पूंजीपति बढ़ रहे हैं? टाटा का क्या था? 1947 में 20 करोड़ या 18 करोड़ रुपया था, अब वह बढ़ कर 700-800 करोड़ हो गया या 1000-1100 करोड़ ही गया। बड़ा बड़ा होता है, छोटा छोटा होता जाता है। लेकिन कहा क्या जाता है कि गरीबी हटाओ। चीनी कीनी बोलने से पेट में मीठा नहीं जायेंगा। गरीबी हटाओ, गरीबी हटाओ स्लोगन देने से गरीबी मिट नहीं जायगी। काम करने से मिटेगी। या केवल बात से नहीं मिटेगी, कलम से नहीं मिटेगी, भाषणों से नहीं मिटेगी, रेडियो से यह काम नहीं होगा। उस के लिए काम करने से गरीबी मिटेगी।

वह कहते हैं कि पोलिटिकल पार्टीज को कोई स्वतंत्रता नहीं है, लेकिन यह बात वहीं है। अब तो ऐसी व्यवस्था हो गई कि चुनाव के अन्दर भी जो विरोधी पार्टी के लीडर हैं उन को भी रेडियो पर भाषण देने के लिए, अपना प्रोग्राम करने के लिए इजाजत होगी। उस के लिए उन को इजाजत मिलती रही है और उन के प्रोग्राम होते रहे हैं। इसलिए आज जो जनता सरकार कर रही है वह सब के लिए काम कर रही है।

अब दामों के बारे में कहते हैं कि कुछ नहीं हुआ। लेकिन अभी जो बुलेटिन निकला है उस में आप देखें, रेलवे बजट हमारा जो पेश हुआ है उस में एमजॉसी के मुकाबिले में हमारी इनकम ज्यादा हो गई है, पैसेंजर ज्यादा हुए हैं, गुडस ट्रैफिक बहुत हो गया है। एमजॉसी में जितना हुआ था उससे ज्यादा हो गया है। 1977-78 में एमजॉसी लागू कर के भी जितना काम नहीं हुआ था बगैर एमजॉसी के उतना काम हो गया।

तीसरी बात ला-एण्ड-आर्डर की है। हमारे यहां ला-एण्ड-आर्डर सिन्चुएशन इननी खराब नहीं है, जितनी विरोधी दलों के लोगों ने जाहिर करने की कोशिश की है। जब कोई देश आजाद होता है, तो आजादी का यही मतलब है कि उस की जनता को बोलने की आजादी होनी चाहिये, उस की लेबर को आजादी होनी चाहिये, किसानों को आजादी होनी चाहिये कि वे अपनी तकलीफें सरकार के सामने जाहिर कर सकें, अपने क्लेम सरकार के सामने रख सकें और सरकार के द्वारा उन की तकलीफें दूर हों। एमजॉन्सी के दौरान ला-एण्ड-आर्डर के बारे में जो रिपोर्ट हमारे सामने आई है, उन से मालूम होता है कि कैपिटल में उस जमाने में जितनी डकैतियां पड़ीं, जितनी चोरियां हुईं, उन के मुकाबले पिछले साल जितनी

डकैतियां और चोरियां हुईं, वे कम हैं। वास्तविकता तो यह है कि उस जमाने में ऐसी बातों की खबरें अखबारों में आती ही नहीं थीं, क्योंकि अखबारों पर रेस्ट्रिक्शन लगा हुआ था। आज वह स्थिति नहीं है, आज तो हमारे मिनिस्टर, राट्रपति, या एम० पीज यदि कोई बात कहते हैं, तो सब बातें अखबारों में आती हैं, उन पर किसी प्रकार का कोई रेस्ट्रिक्शन नहीं है। अभी पिछले दिनों हमारे गृह मंत्री वे इस सदन में फिगर्स देते हुए बतलाया था कि पिछले साल के मुकाबले ऐसी घटनाओं की संख्या बहुत कम हुई है।

हमारे विरोधी सदस्यों ने कहा कि चीजों के भावों में कोई कमी नहीं हुई है। मैं उन्हें बतलाना चाहता हूँ कि पब्लिक डिस्ट्रिब्यूशन सिस्टम का काम अभी हाल में चालू हुआ है। हमारे यहां जो प्राइमरी कोऑपरेटिव सोसायटीज हैं, सर्विस-कोऑपरेटिव-सोसायटीज हैं—उनके जरिये कन्ट्रोल्ड कमाडिटीज एसेन्शियल कमाडिटीज के बिक्री करने का इन्तजाम किया गया है, जिस की वजह से चीजों के दाम गिरने शुरू हो गये हैं। मैं आप को एक उदाहरण देता हूँ—जीरा पिछले साल बहुत मंहगे दामों पर बिका, लेकिन अब उस का दाम काफी कम हो गया है। मैं इस बात को मानता हूँ कि जितना कम होने की हम उम्मीद करते थे, उनता अभी कम नहीं हुआ है, लेकिन उस का दाम कम होना शुरू हो गया है।

आप जनता पार्टी की इकानामिक पालिसीज की देखिये, मल्टी-नेशनलज के बारे में रेजोल्यूशन पास हुआ है, काटेज इण्डस्ट्रीज के बारे में रेजोल्यूशन पास हुआ है, बड़ी इण्डस्ट्रीज के बारे में रेजोल्यूशन पास हुआ है। सरकार की नई पालिसी के अनुसार यदि 300 करोड़ रुपया बड़ी इन्डस्ट्रीज में इन्वेस्ट होगा, तो उससे 20 से 30 हजार आदमियों को काम मिलेगा। लेकिन यदि 300 करोड़ रुपया काटेज

[श्री परमाचरण सामन्तसिंहेरा  
इण्डस्ट्रीज पर खर्च होगी तो हमारे देश के  
30 लाख आदमियों को काम मिलेगा ।  
इसी लिये सरकार की नीति है कि काटेज  
और स्माल स्केल इण्डस्ट्रीज को ज्यादा से  
ज्यादा प्रोत्साहन दिया जाये, ताकि देश के  
अधिक से अधिक लोगों को रोजगार मिले ।

कुछ शब्द में फौरन कन्ट्रीज के बारे में  
कहना चाहता हूँ । अभी जनता सरकार को  
पावर में आये एक साल हुआ है, लेकिन इस  
साल में फौरन-कन्ट्रीज के साथ हमारे जो  
सम्बन्ध बने हैं, उनको आप सब जानते हैं ।  
हमारे प्रधान मंत्री और विदेश मंत्री विदेशों  
में गये । उन्होंने एटॉमिक एनर्जी के बारे में  
उन देशों को हमारी पालिसी जाहिर की,  
उन्होंने स्पष्ट किया कि भारत की नीति  
एटॉमिक एनर्जी के द्वारा लोगों को खतम  
करने की या देश को खतम करने की नहीं  
है, हम इसका प्रयोग आदमियों की बचाने  
के लिये, उनकी वेलफेअर के लिये करना  
चाहते हैं । हमारी इस नीति को  
ममी देशों ने पसन्द किया है । पिछले  
दिनों अमरीका के प्रेजिडेंट यहां आये,  
ब्रिटेन के प्रधान मंत्री यहां आये, वियतनाम  
के प्रधान मंत्री यहां आये, उन से हमारी  
वातचीत हुई और सभी ने हमारी उस नीति  
का समर्थन किया ।

श्री पी० के० देव : (कालाहांडी):  
उपाध्यक्ष महोदय, मेरा व्यवस्था का प्रश्न  
है । उड़िया भाषा के इन्टरप्रेटर की यहां पर  
कोई व्यवस्था नहीं है . . . . .

उपाध्यक्ष महोदय : वह हो गई है ।

श्री पी० के० देव : कहां हुई है । सब  
भाषाओं के लिये इन्तजाम हो गया है, अगर  
उड़िया के लिये भी इन्तजाम हो जाय तो हम  
लोगों को भी अपनी मातृ-भाषा में बोलने का  
अवसर मिलेगा ।

MR. DEPUTY-SPEAKER: It has  
been raised and it is being considered.

श्री परमाचरण सामन्तसिंहेरा  
का होगा ?

MR. DEPUTY-SPEAKER: I can't  
give you a dead-line. The Secretariat  
will do its best to provide in as many  
languages as possible. I understand  
that that is being done.

श्री परमाचरण सामन्तसिंहेरा :  
उड़िया के लिये एडवर्टाईजमेन्ट दिया गया था,  
इन्टरव्यू भी हुआ था, उस का क्या हुआ ?

\*SHRI K. RAMAMURTHY (Dhar-  
mapuri): Hon. Mr. Deputy Speaker,  
Sir, I am thankful to you for giving  
me an opportunity to say a few words  
on the President's Address to the Par-  
liament. At the very outset, I regret  
to say that the President's address is  
insipid and uninspiring. You must be  
knowing, Sir, that the Village Munsif  
in his Report to the Gram Panchayat  
enumerates the statistics of produc-  
tion etc., in the year of report and  
also gives a comparison of past year's  
performance. I am sorry to say that  
the President's Address is no different  
from that—giving the performance of  
his Government in statistics and com-  
paring it with last year's performance.  
I would have been happier if at least  
these figures had been true to the  
achievement of his Government.  
While during 1977-78, his Govern-  
ment could not achieve anything con-  
crete to its credit, the President has  
merely read the statistics supplied to  
him by his Government. Even these  
statistics are, I regret to say, false.

You will find in the President's  
address a reference to the decline in  
wholesale prices. If that is true, I  
would like to ask: why his Govern-

ment has sanctioned additional Dearness Allowances to its employees only yesterday? Does this not show that the prices of consumer goods have gone up which compelled his Government to sanction additional Dearness Allowance? This alone illustrates beyond doubt that even the President of India is fed with false information. The hon. Members of this House must realise how this Janata Government is misleading the entire nation. To this day 342 days have passed after the assumption of Office by the Janata Party at the Centre. I would like to know what is the achievement of the Government in terms of industrial growth or social upliftment. Even the ruling party Members cannot deny that day in and day out during these 342 days this Government has been harping on the happenings during the Emergency and the fall-out of Emergency excesses. Has the industrial production picked up during the 342 days of Janata regime? During the last session of Parliament, a fresh Industrial Policy statement was made. It was claimed in public that the list of small industries has been expanded. Let me tell you how it has been expanded. The fact of the matter is that the old list has been multiplied by incorporating steel chairs, steel tables, steel stools etc., under the term Steel Furniture contained in the old list. There is otherwise no difference between the old list and the new list. Is this the way to encourage the small industries? Even under the new list, has the Government contributed something to the growth of small industries after the proclamation of the new Industrial Policy? That is also not there. So far as the new industrial policy is concerned, I am sure it cannot achieve anything because it lacks in basic tenets of an industrial policy, it is just clothed in superficial sub-stuff.

Now I will come to the labour policy of the Janata Government. Fortunately for me, the hon. Labour Minister is here and I will request him to be present till I finish my

speech. During the last session, it was repeatedly announced that Industrial Relations Bill is coming and coming, as if a tiger is going to pounce. I expected that the President would refer to it in the legislative programme of his Government for the coming year. Unfortunately there is no reference to it in his address. That means the Industrial Relations Bill may not see the light of the day in the near future. It is being bruited that the pent-up feelings of the labour are being let out in the shape of frequent agitations and demonstrations I would like to know whether the feelings of labour would be overflowing during all the 342 days and there will be no gap at all. I am afraid that the Janata Government is taking shelter under this plea for its lack of coherent labour policy. There is no effective labour conciliation machinery to settle these disputes. This has inevitably led to 50 per cent fall in industrial production. I am not saying this from the Opposition Bench this has been mentioned in the Economic Survey of the Government of India circulated to us.

The Janata Government boasts that it has restored freedom to the people of India. Can the people feed themselves with these basic freedoms? Can they quench their thirst or appease their hunger with these basic freedoms? The basic freedoms have helped in prices of essential commodities soaring sky-high. The Owl is blind by the day and has bright vision by night. MISA has been repealed by the Janata Government, yet all the provisions of MISA are incorporated permanently, in the Criminal Procedure Code. In Madhya Pradesh, mini-Misa is introduced to suppress genuine labour movement. Whatever is useful and beneficial to the Government in running the administration is being utilised in one form or the other by the Janata Government and whatever is not needed, it becomes part of Emergency excesses. The Emergency has come and gone and it is not going to serve any purpose if you go on repeating it. It will be good for the country if the Janata

[Shri K. Ramamurthy]

Government realises this as early as possible.

This Government is run by a Party, which is a conglomeration of different political parties and groups. These political parties of varying hues are pulling the country in different directions. So many cooks spoil the broth is the common saying in English. Similarly, these various political groups called the Janata Party are pulling the nation in different directions. Nothing worthwhile has been done so far. The English daily from the Capital, the STATESMAN, which is the staunch supporter of this Government and which also takes pride that it has brought the Janata Party to power has editorially commented in headline that last year was a WASTED YEAR.

If you want to do something, there must be a well-defined basic economic policy, labour policy, industrial policy and social policy having a perspective bearing and not churned out day by day. The Government must decide the direction in which it wants to take the country. Let us see how far the Janata Ministers are responsible and responsive to needs of 62 crores of people. Immediately after coming to power, on one single day there were 8 Ministers in London, the capital of England as if their coming to power was just to go abroad. This cannot be refuted. It has come in the newspapers. Questions had been asked and answered on the floor of this House. You can imagine how they would have administered the nation in those days. Here also, it had become a habit with Shri Raj Narain to poke his nose in all unwanted things. Sitting in London he raised the language controversy in India. He stated that Tamil is a *Dasi* language. Here in this part of the country *Dasi* may mean slave or servant, but in Tamil *Dasi* means prostitute. From that day I have been excepting Shri Raj Narain to visit Madras so that we could honour him suitably for expounding a new

theory that Tamil is a *Dasi* language. But he has not yet turned up at Madras.

It is frequently stated here that the people of Tamil Nadu should learn the national language Hindi and the people of northern States should learn at least one language of the Southern States. What arrangements have been made in northern States for teaching one of the Southern languages? In Madhya Pradesh, Uttar Pradesh and Bihar, Hindi has been made the sole official language; in other words, unilingual policy is being followed in the northern States and the Southern States are advised to adopt trilingualism. Is this the way that the Central Government implements the trilingual policy? Sir, it is not good to make Geetopadesa sitting on a volcano. The devil of separatism will rear its ugly head and the nation will come to suffer, if this policy continues.

When Shri Bala Pajanor of All India Anna D.M.K. was referring to the inexorable attitude of the Prime Minister in not being unwilling to talk to political parties about Centre-State relations, I felt that our Prime Minister is also showing signs of autocracy. It looks that if the third eye of a dictator opens, everything around is burnt. Only an autocrat will say that he shall not talk to other political parties on this subject. At least it does not denote our Prime Minister's democratic inclinations.

The hon. Members who preceded me referred to so many Commissions appointed by the Janata Government. Here the question arises—what for these Commissions have been appointed and for whom they have been appointed. I am confirmed that they have been constituted to give jobs to retired Judges who are favourites of the Janata Government and to disgruntled unemployed politicians who are not being provided jobs in the

Government so far. If that is not done, then many may hoist the flag of protest like Shri S. K. Patil. Asoke Mehta has been made the Chairman of a Commission. Now Minoo Masani, the great socialist, has been made the Chairman of the Minorities Commission. Sir, you tell me—don't laugh at this question—whether Minoo Masani is a socialist or a rank reactionary of the 20th Century.

I agree that the Prime Minister is getting aged. Let him grow old, but let his wisdom also grow. At the same time his thinking should be young. Otherwise, he will take back the nation to the year of his birth. He should have a perspective of 20 years ahead and then plan for the needs for the nation. I have no hesitation in saying that the President's address is just to detract the attention of the people from the misdeeds and failures of the Janata Government. The President has become the mouth-piece of all incorrect information and figures of the Government. The President does not refer to the burning issues of the day like unemployment, growth of industries, language, Centre-State relation etc. That is because the President has not been permitted to say what he wanted to say, but he was made to read out the speech prepared by his Government. This Address was imposed on him by the Government. It was such a sordid scene the other day that even the President was asked to speak in Hindi. He was not permitted and given his right to deliver his Address in Telugu. Here also he had no freedom to do what he can do under the Constitution. Janata Party did not fail to exhibit its political gimmick here also.

Only a few months back the Prime Minister avowed that his Government would eradicate unemployment within 10 years. Now one year of Janata rule is coming to an end. I wonder whether even a blue-print of a programme for removing unemployment has been prepared within this period.

The Prime Minister said that Prohibition would be implemented throughout the country within 4 years. Is this possible of achievement? He goes on fixing a time-schedule without a time-bound programme. Has he given thought to the question of giving employment to millions and millions of young men born 25 years ago within a period of ten years? It is not enough to make statements. The Government must have a plan of action to implement what the Prime Minister says.

I conclude my speech by repeating that the President's address is nothing but a cover for the incapacity and failure of the Janata Government in delivering goods to the nation. I regret to say that the President's address is nothing but an expression of pious platitudes based on incorrect information supplied by his Government.

SHRI GEORGE MATHEW (Muvattupuzha): Mr. Deputy-Speaker, I am sorry to say that I cannot agree wholly with the Address of the President. It is about a year since this government has come to power. What has this government done so far? It is true that the climate of Emergency had been cleared. The President has promised that the Government will be removing MISA. Unfortunately Cr. PC is going to be amended and all the provisions which are going to be removed from MISA will be included in it. I am afraid that after two or three years this Government will have in mind the use of MISA in an amended form in the CrPC.

I do not want to go more into details about that and I shall speak mainly on Centre-State relations the educational policy prohibition policy, and also employment policy. As regards Centre-State relations we have been clamouring for a strong centre with contented States. It is really a pity that the States have hardly any power and whatever power they have can be exercised only with the consent of the Centre.

[Shri George Mathew]

[SHRI D. N. TIWARY *in the Chair*]

Take for instance what happened the other day. By an amendment made by the Centre regarding sales-tax, sales tax on some of the goods exportable from Kerala had been abolished. Kerala lost about 23 crores. Initially the Centre promised that Kerala would get the full amount. After some time when we asked for it, they said that it was not possible to ascertain what was the amount lost by the State. Not a pie has been paid to us so far. Now they say they have to check up what has been lost by the State.

At the time of Independence, our State was foremost in literacy and in per capita income and other things. Today it has become the 9th in per capita income and 12th in per capita spending by our government. From the foremost position, we have come down to this position. Do not think that this has happened because we are not hardworking people. Our people are very hardworking people of our State who are working outside the country are remitting about Rs. 450 crores in foreign exchange; they are our kith and kin and yet we hardly get any foreign exchange for setting up industries, etc. We get the money in rupees. Where are industries which could be brought over to Kerala by the foreign exchange but we hardly get any industries. All this money is utilised for benefits elsewhere. This is not the way to treat us. We should get the industries that are due to us. Otherwise it is an explosive situation; this will not go on for ever.

Another aspect is the educational policy. Has this Government got a uniform National educational policy? Surely, it does not have a uniform National educational policy. Each State has got its own educational policy. Is it going to do any good? Take for instance my State, Kerala, which has got the highest literacy percentage in our country. Our schools are cramped and there are

sixty to hundred students in each class. We have been asking for more schools and for more teachers. But, through the Planning Commission, the Government has been objecting to opening more schools and appointing more teachers. They say that without the number of students going up, we cannot increase the number of schools and also the number of teachers. Is it a sane policy? Certainly, it is not. If you have about fifty students in a class, only then the teacher can pay greater attention to them and the standard of education can go up. The Central Government has to take full responsibility for this. Kerala as well as other States must be provided with more funds for this purpose. We would like to have a national educational policy and the ratio between the students and the teacher has to be fixed. Otherwise, how can a poor State like Kerala spend more money for education? This is a very important point.

Now I come to Prohibition policy. I am certainly not against prohibition. I would welcome it only if it is a practical policy. I do not think that it is a practical policy. From our own experience and also from the experience of other advanced countries, capitalist as well as socialist, we have seen that prohibition cannot be enforced. I say this from my experience that it can only be implemented voluntarily. Dr. Sushila Nayar was saying that the income that the Government will lose would come back to the Government through some other source. Even if prohibition is going to be enforced strictly, the bootleggers and the smugglers will be bringing in though not very good liquor, the low quality liquor. Sometimes, it will be poisoned liquor also and we read about this in the newspapers. We cannot stop the bootleggers and the smugglers from bringing the liquor. We have seen that even in advanced countries like America, they cannot stop it. Of course it is very good to have prohi-

bition; but since we cannot enforce it, we must be very cautious in this.

The next point is that we will lose income. In my State, we were getting about Rs. 10 crores in 1975 through the sale of liquor and in 1976 it increased to Rs. 20 crores and in 1977, it went upto Rs. 40 crores. How are you going to compensate the State Governments? Otherwise, how can we meet our plan and non-plan expenditure?

Another point is that a number of people will become unemployed. There are thousands of people who are today tappers. How are you going to compensate them? Has the Government any precise plan to see that these people are re-employed in some other way so that they get what they were previously getting as today tappers? It does not have any such plan. It is really a pity that so many people will lose their jobs because of a policy which is not going to work at all. So, the Government—if at all they impose this prohibition policy—will have to give them unemployment benefit. But the Government is not going to give them this. That is definite. Already the number of unemployed is going up year by year and you are not going to provide these people with employment.

16.00 hrs.

I am sorry that the Government has said that it is going to solve the unemployment problem in 10 years. Who knows whether you are going to be in power for 10 years? You should tell us what you propose to do within the next four years and what you have done in the past one year. During the last budget session, I said that the unemployment problem should be tackled at a national level and suggested that employment exchanges should be set up at the national level with branches in every State capital. All the educated unemployed should be asked to register

themselves with these exchanges and should be provided with jobs on first-come-first-served basis in public sector undertakings, in the order of their merit. Only then the people can feel that they belong to one India. Otherwise, the other States will not give them jobs. In Kerala, there are so many educated unemployed and the number is increasing every year. There are hardly any industries coming up in that State. Our people are forced to go out for jobs. If you calculate it on the percentage of the population, the maximum number of passport applications are from Kerala. They opened one office in Cochin recently and again they have been forced to open another office in Calicut because our people are not getting jobs in India and they have to go out. They are remitting money to the tune of Rs. 450 crores into India. Is this government doing anything to start industries in our State? It is a pity they are doing nothing in this regard.

Coming to the language issue, I wonder why the President was apologetic when he said he could not speak in Hindi. He can speak in either English or Hindi. Don't think I am a language fanatic. I had taken Hindi as my second language in college, although I could have taken Malayalam, my mother tongue. But I took Hindi to learn another language. So, if the Hindi-speaking people also adopt such an approach and learnt another language, it will be very good. The problem is, we feel that you people are forcing something on us. Even people like me, who cannot speak fluently in Hindi but who can understand Hindi, feel we have to resist just for our survival, when we see that you are thrusting Hindi on us. In the Question Hour, we have to speak only in Hindi or English, even though we have interpreters; whereas you people can speak in your own mother

[Shri George Mathew]

tongue always in the House. If you do not insist on Hindi so much, from our side also we will not be so vehement. If you send letters to Tamil-Nadu, Kerala and the southern States in Hindi with or without an English translation, we feel you are going to impose Hindi on us.

There are other points I want to mention about railways, price policy, etc., but I will conclude by saying that the government should have a progressive, forward-looking policy, which is beneficial to all the people of India.

DR. BIJOY MONDAL (Bankura): Mr. Chairman, Sir, I rise to participate in the debate on the Motion of Thanks on the Address by the President for a brief period to express my point of view.

Sir, this Government has been installed in power by the people of India for five years. But this Government has been functioning for the last eleven months only, and I think this is a probationary period and during this probationary period its functioning is quite encouraging. The people want that this Government should succeed. People are questioning us as to what will happen if this Government fails. Will those horrible days of Emergency reappear again? Will the dictator rule the country again? They want that this should not be repeated and so they want that this Government should succeed.

I think during this short period the performance of the Government is quite encouraging and the measures taken by this Government are in the right direction. I found that during this short period our Fundamental Rights have been restored, MISA, DIR and other undemocratic laws have been repealed. The powers of the courts have also been restored and the press is now free. Again, during this short time the Government is contemplating to remove dis-

tortions which were made by amending the Constitution and it is going to introduce a comprehensive Bill during the course of this Session.

Sir, I found that during the Emergency electoral laws were changed in such a manner that some people were benefited. It was as if a separate law was made for them. I am glad that this Government is taking steps to remove all those distortions which have been made in the electoral laws.

The institutions of Akashvani and Doordarshan are rather going to be autonomous ones. The Government is taking steps in this direction. I found that facilities to use AIR have been granted to other political parties which were never given during the previous regime. This was unthinkable previously and these institutions were used only for partisan ends.

In the economic field too, this Government shows a good sign of doing things in a better manner. I found that growth rate has been increased and now the gross national production has increased to 5 per cent in the year 1977-78 in comparison to the previous year which was 1.6 per cent (in 1976-77). The food production is 10 million tonnes more than that of the previous year also.

Land under irrigation has been increased this year, to 2.23 million hectares. These things are quite encouraging. Gram Swaraj, which was the dream of the Father of the Nation, was given the go-by by the previous Government, during the last 30 years. The present Government is moving in the right direction and is taking steps to improve the lot of the people in the villages. 70 per cent of our people live in villages. Their conditions have remained wretched during the last 30 years. I am a man from the village. I live in a drought-affected district in West Bengal, where people suffer from famine al-

most every 2 to 3 years. I hope this Government will sanction money for the drought-affected areas. I have found this mentioned in the budget of our Finance Minister yesterday. This Government is moving in the right direction; and I think it will succeed. This Government has inherited a legacy of unemployment and poverty. The previous Government of Mrs. Gandhi had promised to the people that it will banish poverty. And she said this to the people with great fanfare; but it is actually found that poverty has increased to a great extent. The rich became richer and the poor, poorer. This is the performance of the Congress governments during the last 30 years. I really feel that this Government will succeed. The Railway Budget and the General Budget are pointers in this direction. Naturally, people's hopes and aspirations will not be belied by this Government. If this Government fails, there will be dark days ahead for this country and it will be very disastrous.

The trade union is also free now. But this Government should take steps to see that healthy trade unionism grows. Steps should be taken by Government to see that real trade-union and real representatives of labour are consulted; and measures should be taken to see that they at least get recognition. Some trade unions were supporting the dictatorial regime. But I found that there was practically no labour support for them. But the bureaucrats even now are supporting all these unions, and consulting them. Sometimes they are functioning in such a manner that all those trade unions are getting all sorts of facilities from those bureaucrats. Government should at least come forward and take measures to see that all those trade unions which have no labour support, are de-recognized.

This Government has also taken steps which were not taken by the previous governments, during the last

30 years. This Government is going to supply drinking water to areas to which it was never given during the last 30 years. This Government has promised that it will supply drinking water to all those remote villages where there is no such facility.

It has also prepared a scheme by which every village having a population of 1,000 will get at least one community health worker, who would be provided with certain elementary medicines so that he can treat them. He will also take measures to prevent diseases which are communicable. There will also be a lady community health worker to look after the interests of the mother and the child. These are some of the steps taken in the right direction, which is quite in contrast with the performance of the last 30 years when the previous Government did not provide even the minimum treatment facilities to the village people. Though they promised many things, they did not implement them. For example, I was myself associated with many Committees then in my district, where 40 per cent of the people belong to either Scheduled Castes and tribals or other backward classes. Even though many posts are reserved in the services for the Scheduled Castes and Tribes, they are not being implemented. When I asked of the Minister why it is not being done, the answer was "we are trying to do our level best". But it has remained only as a promise, because higher caste people were appointed even in posts reserved for the Scheduled Castes. In the light of that, I would say that the present Government is moving in the right direction.

In the field of foreign policy we are now really non-aligned. In the earlier period we were favouring some countries with the result that some other countries were against us. Now that distortion has been removed and all countries feel that India is really and truly non-aligned.

[Dr. Bijoy Mondal]

So, all the countries are treating India as their friend, because this climate has been created by our External Affairs Ministry.

With these words, I support the Motion of Thanks on the President's Address.

SHRI DHIRENDRANATH BASU (Katwa): Mr. Chairman, Sir, some of the portions of the President's Address are really very disappointing. Firstly, in the President's Address it is mentioned that the Government want to perpetuate and codify as a permanent law the Preventive Detention Act in the Code of Criminal Procedure, which is highly objectionable and regrettable. We strongly object to such legislation being enacted, because it is worse than MISA. In the election manifesto the Janata Party declared that they would revoke the MISA, but this is another kind of MISA, old wine in new bottle. We strongly object to it and share the views of Hon'ble Member, Dr. Sushila Nayar, on this subject.

Secondly, there is lack of direction on the economic issues facing the nation in the President's Address. There is no effective programme for agriculture oriented rural industries and cottage industries throughout the length and breadth of the country. Some new proposals were expected to be made in the President's Address. These are lacking.

From the Economic Review for 1978-79 just released it is found that industrial production has considerably gone down. In 1975-76 it was 20.5 per cent; in 1976-77 it was 10.4 per cent; in 1977-78 it was 5.2. per cent.

Electricity generation was 13.5 per cent in 1975-76, 11.6 per cent in 1976-77 and 2.5 per cent in 1977-78. The trend for 1978-79 will be quite clear from these figures.

Money supply was 11.3 per cent in 1975-76, 20.3 per cent in 1976-77 and 8.7 per cent in 1977-78. Exports at

current prices in 1975-76 were 21.4 per cent, in 1976-77 they were 27.2 per cent and in 1977-78 they were 9.3 per cent.

It will be seen that electricity generation is 2.5 per cent, as a result of which most of the industries throughout the length and breadth of India, not only in a particular region, are lying closed. Not more than 50 per cent of their capacity is being utilised. Why? This is due to shortage of power. That is why electricity generation should have been given topmost priority. I should say it should have been given priority on a war footing.

The President has not disclosed how the Government propose to curb inflationary trends and tackle the unemployment problem which is vast. He has said in his Address that he is happy about industrial relations, but there are peaceful strikes in industries, there are agitations of teachers in U.P. and elsewhere, there is violence throughout the country.

How can he be so happy?

You know there have been murders here and elsewhere. There is no mention of this lawlessness in his Address. We expected that he would give us an idea how to curb inflationary trends, but that is not there. There is no indication how to expand industries in the backward areas as also village and cottage industries. He has not mentioned that a Cabinet Minister for Scheduled Castes and Scheduled Tribes would be inducted. There is no such proposal. Everybody feels that the case of the Scheduled Castes and Scheduled Tribes should be considered favourably, sympathetically. The quota reserved for them in the services should be fully implemented, but unless there is a Cabinet Minister to look after them, all this will not be possible. So, we expected that our hon. President would make some statement about it in his Address.

About Centre-State relations, there may be a dialogue going on. But the States have no resources. Their resources should be much higher. So, the States should have enjoyed more economic powers and more autonomy. But in Jammu and Kashmir Section 370 is there Why? That Article should be abrogated. Jammu and Kashmir is a part of India, that is a province of India. Why should the people of other parts of India not be allowed to go and settle there? Why should they be debarred from this? This Article, should not be allowed to continue. As a result of this Article, in other provinces there is serious thinking likewise.

There are constant agitations of teachers and industrial workers. These agitations should have been stopped. The State Governments should have looked into it and the Centre also cannot avoid its responsibility.

In a democratic set up, the question of Union territories should also be looked into. Their case is being ignored. In Andaman and Nicobar Islands, some foreigners are coming and settling there. This should be stopped. There is no such mention in the President's Address.

The Commerce Minister is here. I know, he is a capable person. I want to tell him that the public distribution system is a must. There should be a vast programme of enlarging the public distribution system so that goods can reach the consumer at reasonable rates in villages, in all corners of the country. I am sure the Minister will look into it.

I want to say something about the development of industries in the eastern region. There has been an agreement with Bangladesh on the distribution of Farakka waters. The Government of India has appeased the Government of Bangladesh by giving a lion's share of Farakka waters, keeping with the eastern region only 20,000 cusecs of water and as a result of that, Calcutta

and Haldia ports are getting dry. These ports will not survive as a result of which development in eastern region will not be possible. Industries will not grow and there would not be development. So, all these points should have been touched upon in the President's Address. We consider the President's Address as a very valuable document and we have to be guided by this Address. So, unless the industries are developed, unless electricity generation is improved the unemployment problem will not be solved as a result of which there will be revolution in the country. Lakhs and lakhs of people are unemployed. There is no proposal for unemployment allowance in the President's Address. There should be unemployment allowance. In UK and USA, there is social security allowance. Such allowance should have been provided for in the Address. I would request the Government, the hon. Ministers who are sitting here, to look into it and see that such provisions are made in the Budget. Budget estimates have been presented and we shall discuss the matter there.

The problem of unemployment in India is alarming. In West Bengal alone, there are over 20 lakhs of registered unemployed people. There are also other unemployed people who are not registered. If industries cannot be developed there, if new industries cannot be set up there, there is no possibility of solving the unemployment problem. The electricity generation should be stepped up. Much more money should be provided for this item so that the projects which have been hanging since very long can be implemented. There was a super thermal power project in Farakka. That has been hanging since long and that has not been implemented yet. Adequate provision should be made to see that such projects can be implemented everywhere.

With these words, I conclude.

चौधरी बहा प्रकाश (बाह्य दिल्ली) :  
चेयरमैन साहब, आज जनता सरकार की एक साल की हुकूमत के बाद मैं खड़ा हुआ

## [चाँधरी ब्रह्म प्रकाश]

हूँ बोलने के लिये। पहले जो प्रेसीडेंशियल एंड्रेस था उस पर भी मैं बोला था, लेकिन वह रस्मी तौर पर था। यह मेरा 15वाँ साल पालयामेंट में चल रहा है। आम तौर पर मैंने कभी ज्यादा बोलने की जरूरत महसूस नहीं की, सिर्फ प्रेसीडेंशियल एंड्रेस पर बोला करता था। अभी भी बड़ी रस्म निभा रहा हूँ। मुझे नहीं पता कि आगे क्या करना होगा। एक फीलिंग है जो मैं कह देना चाहता हूँ एक मित्र के नाते। जनता पार्टी और प्रजातन्त्र के मित्र के नाते। जनता पार्टी ही आज के वक्त में ऐसी पार्टी है जिसने और जिसके नेताओं ने प्रजातन्त्र की बचाया, हमें अर्थरिटेरियन रूल से मुक्त किया और आज हम आजादी की सांस से रहे हैं लेकिन मैं अपनी पार्टी के नेताओं से यह कह देना चाहता हूँ कि जनता ने हमें जनता पार्टी समझ कर नहीं बैठाया है, बल्कि इन्दिरा गांधी की कांग्रेस बन गई था उससे नफरत पा कर जनता ने हमारा सहारा लिया। हमारे से मोहब्बत नहीं पैदा हुई। हमको वह मोहब्बत पैदा करनी है। हम अभी तक कहते हैं कि गाड़ी के चार पहिये होते हैं, (फोर व्हील इन दी कोच)। यहां हैं 5 पहिये, और पांचवाँ व्हील आम तौर पर सुपरफ्लुअस समझा जाता है। मैं तो छठा व्हील हूँ बल्कि उसका एक स्पोक हूँ जिसकी कोई गुंजाइश नहीं है और इस वास्ते मैं कितना यूजलैस हूँ यह भी मैं जानता हूँ। और इसी कारण मुझे परेशानी हुई आज कि मैं यहां बोलूँ कि नहीं। मगर मैंने फैसला किया कि मैं बोलूंगा जरूर, क्योंकि मैं कभी गैलरी के लिये नहीं बोलना हूँ, न बोला हूँ जिन्दगी में। न मैं कांस्टीट्यूएंट्स के लिये बोलता हूँ और न कभी बोला हूँ। मैं अपनी कोशिश के लिये बोलता हूँ और उसी के प्रति जिम्मेदार हूँ। क्योंकि हर पार्टी से ऊपर, हर उमूल से ऊपर आदमी की अपनी कांशेंस है। यह मैं नहीं कहूंगा कि मेरी सही कांशेंस है। हो सकता है कि

गलत हो। लेकिन मैं अपने प्रति ईमानदार रहना चाहता हूँ और बोलता हूँ। इसलिये मैंने बोलने का फैसला किया।

चेयरमैन साहब, आपको मालूम होगा मैं उन लोगों में से हूँ और वही कहता हूँ जो मुझे कहना होता है। उससे मैं डरता नहीं हूँ। मैं इन्दिरा गांधी से मई 1968 में मिला था, उसके बाद आज तक नहीं मिला। मैं वहां मे किसी के द्वारा निकाला नहीं गया हूँ, बल्कि खुशामद के बावजूद वहां से छोड़कर गया हूँ। क्योंकि जब देखा कि तानाशाही इस देश में बढ़ रही है, कर्प्शन बढ़ रही है, प्राइस बढ़ रही हैं, तो मैंने मोचा कि एक आदमी जो पटना में बैठा हुआ है, आज क सेंट है, वही क्रांति ला सकता है, उसी क्रांति में शामिल होने के लिये मैं चला गया। आज मैं यहां पर अपनी मर्जी से मौजूद नहीं हूँ, एक तरह से दोस्तों के मजबूर करने से हूँ।

मैं यह कह देना चाहता हूँ कि जो कुछ मैं कह रहा हूँ, यह कल के बाद मेरी राय नहीं बनी है। मैं बहुत घुमकड़ आदमी हूँ। गरीबों की झोंपड़ी से लेकर बहुत बड़े आदमियों के ड्राइंग रूम तक, जिसे टाइकून कहते हैं, घूमता रहा हूँ। मारी मिट्टी की खुशबू-या बदबू, जो लोग कहते हैं, उससे वाकिफ हूँ।

मैं बड़े दुःख के साथ कहना चाहता हूँ कि जनता पार्टी की जो हमारी हुकूमत है, उसकी इज्जत लोगों में दिन-ब-दिन गिरती जा रही है। मैं उसके आंकड़ों में या बहस में नहीं जाता, हालांकि वे सकता हूँ, लेकिन हमें सोचना है कि वह इज्जत क्यों कम हुई है।

हमने तानाशाही को खत्म किया, प्रजातन्त्र की बुनियाद मजबूत की, बजट की हमारा अच्छा है, कई काम काफी शानदार हुए हैं, फिर क्यों हमारी जतता पर उसका असर नहीं है? बल्कि वह असर गिर रहा

है। आप शायद आंकड़े दे दें कि वहां जीते, बिहार में कल जीते, तो वह भी कल की बात थी। आज गदल गया है, यह समझ लेना चाहिये। इस सम्बन्ध में मैं कहना चाहता हूं कि यह कमी क्यों हुई है ?

एक दफे मैं गांव में जब अपनी पंचायत का सैक्रेटरी था, तो एक बूढ़ा आदमी था, उससे मैं जरा पेंच की बात करने लगा क्योंकि मैं पढ़ा लिखा था और मैं उसको बड़ा सीधा आदमी समझता था। वह कहने लगा कि बाबू जी अक्ल की बात मत करो, हुकूमत करना सीखो। हुकूमत सिर्फ अक्ल से नहीं होती है। उस बूढ़े की बात मुझे अभी तक याद है, उस समय मैं 17 बरस का था।

मैं यह कहना चाहता हूं कि जनता पार्टी हमारी हुकूमत नहीं कर रही है, किसी तरह से चल रही है। इसका इम्पैक्ट नहीं है। जो टोन और टैनर है, उसका अक्स भी जनता पर दिनों-दिन घट रहा है बावजूद इसके कि आप अच्छा करें। क्यों यह है ? इस वास्ते कि आपके जो मिनिस्टर हैं, मैं समझता हूं कि काफी से ज्यादा मिनिस्टर जो इस गवर्नमेंट के हैं, उनको पावर्स ही नहीं हैं। हरेक मिनिस्टर ऐसे नहीं हैं, कुछ को पावर्स दी हैं, वह काम कर रहे हैं, लेकिन ज्यादातर के पास पावर्स नहीं हैं। रोज यह बात सुनते हैं कि अब उसको ड्रॉप किया जायेगा, उसको निकाला जाएगा। एक भी कैबिनेट मिनिस्टर आपने उधर से उधर किया तो जनता पार्टी टूट जायेगी ऐसी अफवाहें बहुत चलती हैं। मैंने कहा कि मैं फिफथ व्हील हूं, सुपरफ्लुअस हूं, सिक्सथ कोच का स्पोक हूं, मगर मैं समझता हूं कि इस तरह गाड़ी का चलना मुश्किल है।

मैं प्रधान मन्त्री से कहूंगा कि वह टोन और टैनर को ठीक करें और जोगों को मालूम हो कि हुकूमत हो रही है, ईमानदारी से हो रही है। लोग भावों की परवाह इतनी नहीं करेंगे, लेकिन जो हुकूमत का टोन और टैनर

है, जो हमारे कैबिनेट मिनिस्टरों का टोन और टैनर है, वह ठीक नहीं है, उसको ठीक करना होगा। जब एम०पी० को सैक्रेटरी जवाब देता है कि कुछ मिनिस्टरों के पास मिलने का वक्त नहीं है, तो जनता का और दूसरे लोगों का क्या होगा ?

एक माननीय सदस्य : ठीक बात कही है ।

चौधरी ब्रह्म प्रकाश : मैं यह कह देना चाहता हूं जब मैं आपके साथ था, तो आपसे भी यह कहता रहा। लेकिन उस समय खुशी है कि पं० जवाहर लाल नेहरू थे। लोग गालियां भी देते थे लेकिन खुशी है कि उसी को दुनिया याद करेगी, और सब को भूल जायेगी। और भी बातें हैं। मसलन, जो चाहे, सो उर्दू के बारे में कह दे। आप को पता नहीं कि आप इस तरह हिन्दुस्तान के करोड़ों जोगों को ठेस पहुंचाते हैं। इस बात को छोड़ दीजिए कि एक मजहब के अलावा दूसरे मजहब के लोग उर्दू जानते हैं। एक मामूली बात पर आप कितनी ठेस पहुंचाते हैं। आज वे लोग सोच रहे हैं कि हम किधर जायें। याद रखना कि अगर आप से इस तरह की भाषा बोलनी जारी रखी, तो वे चले जायेंगे। माइनारिटीज का इस गवर्नमेंट पर भरोसा उठता जा रहा है।

जहां तक नान-हिन्दी लोगों का सवाल है, हिन्दी का जोश तो बहुत है। हमारे साथी आये हैं और कहते हैं कि तीस साल में कुछ नहीं हुआ। मैं कहना चाहता हूं कि एक बात जरूर हुई कि दूसरी लैंग्वेजिज की पूरी पूरी इज्जत रखी गई। पंडित जवाहरलाल नेहरू के बाद इसी हाउस से यह चाहा गया कि उस पालिसी को बदला जाये।

लेकिन श्री लाल बहादुर शास्त्री ने उसे कायम रखा। श्रीमती इन्दिरा गांधी के

[चौधरी मह्य प्रकाश]

साथ मेरे सौ इख्तलाफ़ात हों, लेकिन उन के मुताल्लिक मैं यह जरूर कह सकता हूँ कि कम से कम वह सकुलर जरूर हैं, कुछ और हों या नहीं। यह हिन्दुस्तान बगैर सकुलरिज्म के नहीं चल सकता है। सकुलरिज्म का मतलब यह है कि हम खाली धर्म और माइनारिटी के झगड़े से न पड़े रहें। माइनारिटीज़ का ख्याल करना हमारा धर्म है।

आज अजीब अजीब बातें एक सवाल के जवाब में कही गईं। कुरेशी साहब ने सवाल किया था। जब पांच सौ आदमी चुने जाते हैं और उनमें एक भी माइनारिटी के आदमी को नौकरी न मिले, इस पर मुझे शर्म आती है।

नान-हिन्दी बेल्ट आपसे नाराज़ है सिर्फ़ इस बात पर कि हिन्दी के बारे में जिम्मेदार लोग, कैबिनेट मिनिस्टर, मि० राज नारायण कुछ बातें कहते हैं। राज नारायण साहब ने आपोजीशन की है। लेकिन इस वक्त वह कैबिनेट मिनिस्टर है और इस वक्त के चार पांच इम्पार्टेंट आदमियों में से हैं। वह जो बात कहेंगे, वह कैबिनेट की बात समझी जायेगी। या तो आप उन्हें दुरुस्त करें, या आप उस से कहें कि मेहरबानी कर के आप पब्लिक में काम करें, आप मिनिस्ट्री नहीं कर सकते। यह बात मैं सफ़ाई के साथ कह देना चाहता हूँ। वह मेरे दोस्त हैं, मेरे मित्र हैं, मैं उन की कद्र करता हूँ। लेकिन जितना नुक़सान जनता पार्टी को श्री राज नारायण ने पहुंचाया है, मेरे ख्याल में उतना नुक़सान किसी और आदमी ने नहीं पहुंचाया है।

फ्लैग का सवाल उठाया गया है। मेरी समझ में नहीं आता कि फ्लैग का सवाल क्यों उठाया जाता है। हमने बहुत गलतियाँ की हैं। मेरी राय में इतने ज्यादा कमीशन बना कर भी गलती की है। खैर,

ठीक है, बन गये। मेरी राय में हम ने श्रीमती इन्दिरा गांधी को गिरफ़्तार कर के उन्हें हीरोइन बना कर भी गलती की है। अब झंडे का सवाल उठाया जा रहा है। याद रखिये कि मां बहुत प्यारी होती है, लेकिन लोगों को मां से झंडा ज्यादा प्यारा होता है, चाहे वह कितना ही कमजोर झंडा हो। इस साइकालोजी को भूल न जाइये। इस लिए मेहरबानी कर के इस सवाल को ड्राप कर दीजिए। खुदा के लिए यह झंडे का सवाल न उठाइये। मैं मान सकता हूँ कि विरोधी जो कुछ कहते हैं, उस में से हर एक बात गलत है, लेकिन मैं अपनी बात कहने का उनका हक़ जरूर रखना चाहता हूँ। अगर मैं अपने झंडे के लिए जान दे सकता हूँ, तो मैं उन्हें भी हक़ देना चाहता हूँ कि वह अपने झंडे के लिए जान दें। उस का मज़ाक उड़ाने की जरूरत नहीं है।

आज डिफेक्शन के बारे में आप का टोन और टेंसर क्या है? आप ने डिफेक्शन को लिया है। जो आये हैं, वे मेरे मित्र हैं। लेकिन नहीं लेना चाहिए था। आप बिल बनाने जा रहे हैं। लेकिन आज आप पावर में हैं। हम कांग्रेस के बारे में भी यही बात कहने थे। मैं उन लोगों में से था, जो जब वे इस तरह का काम करते थे, तो आपोजीशन करता था। लेकिन आप डिफेक्शन को बहुत जगह दे रहे हैं। क्या बगैर पावर के आप किसी स्टेट में नहीं रह सकते हैं? हम पावर में नहीं रहेंगे, तो क्या बात है? अगर दूसरे पावर में होंगे, तो क्या हो जायेगा? इस से भी हम ने अपनी इज्जत का काम किया है।

प्राइमिज़ के बारे में मैं ज्यादा नहीं कहूंगा। श्री जय प्रकाश नारायण के जरिये रेवोल्यूशन प्राइसिज़ और अनएम्पलायमेंट के सवाल पर शुरू हुआ था। मैं अनएम्पलायमेंट के बारे में ज्यादा नहीं कहना चाहता हूँ—लम्बा सवाल है। लेकिन प्राइसेज़ के बारे में मैं यह कह देना चाहता हूँ, ठीक है प्राइसेज़

कम हुई हैं कुछ चीजों में, लेकिन जनता से जा कर पूछिए, जो मन्थली पाकेट आता है उस में क्या पड़ता है । मेरी बीबी मुझ से क्या कहती है ? आप मिनिस्टर साहबान घर में जा कर अपनी बीबी से पूछें, आप की बीबी क्या कहती है, जो तनख्वाह ला कर घरों में देते हैं उस का क्या हाल होता है और हम तो खर, अच्छे खासे खातेपीते लोग हैं लेकिन जो जनता है उस का क्या हाल होता होगा । मैं उस चीज में ज्यादा नहीं जाना चाहता । ठीक हैं, एक वक्त पर वह चीज आएगी लेकिन जैसे एकदम, शुगर केन का मामला खराबी में गया उस में आप ने अभी तक जो स्टेप उठाने चाहिए थे वह नहीं उठाए, ऐसा मेरा ख्याल है । उस विभाग के मंत्री बैठे हैं, मैं उन से कूंगा अगले साल शुगर का कहत पड़ेगा अगर प्राइसेज ऐसे ही जायेंगी । आप की बहुत मांच समझ कर काम करना चाहिए किसानों की मदद में एकदम उमी समय आना चाहिए जब कि उन के दाम एक हद से नीचे गिर रहे हैं ।

तीन चार बातें मैं और कूंगा । अभी तक गुडविल की कमी नहीं है लेकिन पानी तेजी से बह रहा है । यह सन् 77 नहीं है, सन् 78 की शुरूआत है और दिन ब दिन, महीने व महीने इस में यह चीज हो रही है । एक बात यहां मैं यह कहना चाहता हूं, जैसे पहले मैंने कहा कि आप सबक लीजिए कर्नाट से । कर्नाटक का जो चुनाव था जिस में असं साहब जीते हैं, कहते हैं कांग्रेस जीती है, ठीक हैं कांग्रेस (आई) जिसे कहते हैं वह जीती है, लेकिन उस में जो कुछ हुआ है उस से आप सबक लीजिए । मैं वहां 48 घंटे रहा हूं, मुझे मालूम है । मेरे मित्र जो मुझसे कहते थे कि हम वहां जीतेंगे उन से मैंने कहा था कि आप नहीं जीतेंगे, आप सेकंड पार्टी वहां पर होंगे । हां, यह जरूर उम्मीद नहीं थी कि असं साहब इतनी मेजरिटी ले जाएंगे । लेकिन इस का कारण क्या है वही एक स्टेट है जहां उन्होंने सब से ज्यादा बैंकवर्ड क्लासेज, छोटे लोग और माइनारिटीज

के लिए काम किया गया है । यहां माइनारिटीज और बैंकवर्ड क्लासेज का नाम लिया जाता है, मैं कूंगा कि कल सवाल उठेंगे, कि आप ने फलां बैंकवर्ड क्लास को कितनी सर्विस दी है । आज बाहर उठने हैं, कल यहां उठेंगे, इसी सदन के अन्दर उठेंगे । लोग उस परम्परा में नहीं रहने वाले हैं । इस वक्त बैंकवर्ड क्लासेज गरीब, माइनारिटीज, आदिवासी, हरिजन ये सब रो रहे हैं, मर रहे हैं । वे तीस साल इंतजार नहीं करेंगे, दस साल इंतजार नहीं करेंगे । वे मुश्किल से चार साल इंतजार करेंगे और चार साल के बाद उखाड़ कर फेंक देंगे अगर आप वह पालिसी अख्तयार नहीं करेंगे जो अर्म साहब ने अख्तयार की । मैं यह आपको एक सलाह देना चाहता हूं । यह बैंकवर्ड क्लासेज, माइनारिटीज और गरीब लोगों का समय है । ताकत रखेंगे तो वे अपने हाथ में रखेंगे, नहीं तो क्रान्ति होगी और बड़ी क्रान्ति होगी । आप यह न समझें कि मैं खुद बैंकवर्ड क्लासेज का हूं इसलिये उनकी वकालत कर रहा हूं लेकिन मैं आप को बता दूँ । काका कालेलकर की जो उन के बारे में रिपोर्ट है, उस में मुझ से पूछा गया था, जब मैं यहां का चीफ मिनिस्टर था, कि क्या फ्राइटीरियन होना चाहिए तो उस उक्त मैंने अपने दोस्तों की मर्जी के खिलाफ यह फ्राइटीरिया दिया था, वह रिपोर्ट आप पढ़ सकते हैं, मैंने कहा था कि जो गरीब हैं, कमजोर हैं, नीचे हैं, वही बैंकवर्ड हैं और मैं ने अपने राज म तमाम गरीब तबके जो मिल सकते थे किसी न किसी नाम से उन को सहूलियत दी थी, इस में कोई शक नहीं है ।

मैं एक बात और कहना चाहता हूं, मेरे कांशस की बात है । हम फ्राइसिस से गुजर रहे हैं । यह न समझें कि बहां चुनाव हो गया और खत्म हो गया । ये अगले चार-मांच या नौ साल बहुत ही खतरनाक है । एक एक कदम हमें ठोक ठोक कर चलना है ।

[श्री चौधरी बहा प्रकाश]

अब इस देश में कोई एक नेता नहीं है। और एक बात और से यह कहूंगा, मेहरबानी कर के खुदा के वास्ते, जवाहर लाल जी को अब आराम से बिन करने दें, उन को कुछ कहना छोड़ दें। जवाहर लाल जी ने इस देश की बहुत खिदमत की है। उन्होंने इस देश को बहुत ऊंचा उठाया है। इस देश की जो आज दसवीं हैसियत है दुनिया में वह उन्हीं को बजह से है। आज जो हम सेक्युलर हैं, डेमोक्रेटिक हैं और हम डेमोक्रेटिक राइट्स के लिए फाइट कर सकते हैं वह उन्हीं की बजह से कर सकते हैं। यह भी मैं बतला दूँ, मैं बहुत करीब था उन के। उस वक्त के करीब लोगों में था। जो उस वक्त के लोग हैं वे जानते हैं। कई कई चीजों में मेरे उन से झगड़े भी हुए हैं, लेकिन हाँ, जिस बात के लिए हम लोग जाते थे वह उन में मनवा लेते थे, अगर पब्लिक प्वाइंट ग्राफ़र को लेकर जाते थे। जवाहर लाल जी के लिये यह कहना कि वह इन्दिरा जी को बना कर गये हैं—यह गलत बात है। उनके एक बहुत करीबी दोस्त ने उन से कहा था—मैं उन का नाम नहीं बतलाऊंगा, अगर आप प्राइवेटली पूछेंगे तो बतला दूंगा—उन्होंने कहा था कि आप इन्दिरा जी को काम में क्यों नहीं लगाने हैं, ये खाली हैं, आखिर आप के बाद कौन आयेगा? वह कहने लगे—“आप नहीं जानते हैं, जिस को अपने ऊपर काबू नहीं है, वह इतने बड़े देश को कैसे काबू कर सकेगी।” ये शब्द जवाहर लाल जी के थे, जो कभी बाद में लिखे जायेंगे, ऐसी बात नहीं है कि लिखे नहीं जायेंगे। जवाहर लाल इस देश का बेटा था और यह उस का कमूर था कि इन्दिरा गांधी उस की बेटो थी। मैं आप को यह भी कह देना चाहता हूँ—महात्मा गांधी और जवाहर लाल की हैसियत इस देश में बही होगी, 100 साल बाद न सही, 500 साल बाद बही होगी, जो हैसियत आज महात्मा बुद्ध को, ईसा को, प्राफेट मुहम्मद साहब को, भगवान महावीर

को हासिल है। आप इस बात को समझ लें कि आज भी हर गरीब के दिल में, हर औरत और मर्द के दिल में, हर बच्चे तथा इंटेलिक्चुअल के दिल में जवाहर लाल बैठा हुआ है, वे उस को कभी भूल नहीं सकते।

आज हम एक क्राइसेस में से गुजर रहे हैं, कोई लीडर नहीं है, अलग-अलग पार्टियाँ हैं, अलग-अलग स्टेट के नेता हैं, अलग-अलग फिरकों के नेता हैं, कास्ट्स के नेता हैं, गांव के नेता हैं—यह देश कैसे चलेगा? उस समय भी हमें यह डर था कि इस देश का डिबीजन हो रहा है, हम इन्दिरा गांधी को इल्जाम दे रहे थे और आज भी देने हैं, उन्होंने इस कन्ट्री को डिवाइड कर दिया। जय प्रकाश जी सब को मिलाना चाहते थे, सबको साथ ले कर चलना चाहते थे, लेकिन आज हालत उस में भी ज्यादा खराब है। सिर्फ मोराजी भाई ही इस टीम में एक ऐसे आदमी हैं—

He is first among the equals not only in the party but among all the parties in this House and outside.

इस वास्ते उन्हें सोचना चाहिये कि हम कैसे इस क्राइसेस को पार करें, किस तरह से जो हमारे अपोजीशन के लोग हैं या जैसे वेस्ट बंगाल है, कर्नाटक है, आन्ध्र प्रदेश है या काश्मीर है, इन सब को कैसे साथ लेकर चलें।

अपने कमीशनर की हैसियत आप ने देख ली है, मेहरबानी कर के इन कमीशनर को वाइण्ड-अप कीजिये, इस से देश का भला होगा। इन कमीशनर की कोई वैल्यू आज नहीं रह गई है, इस वास्ते इन कमीशनर के लिये सोचना पड़ेगा कि इन का क्या किया जाय। कोणिस यह करनी चाहिये कि किस तरह से हम यहां के सब एलीमेण्ट्स को जोड़ कर ऐसी शकल पैदा करें, एक ऐसा फेस बना कर (। : १)

को चलायें, जिस से देश आगे बढ़ सके, एक-दो नेताओं से देश आगे नहीं चल सकता है। अगर जबरदस्ती चलाने की कोशिश करेंगे तो एक ऐसा क्राइसेज आयेगा—जो इमर्जेंसी नहीं होगी, भीसा नहीं होगा, कुछ और होगा—यह बात आप अपने पास लिख कर रख लें।

इन शब्दों के साथ, जाहिर बात है कि एंड्रेस में कुछ दिशाएँ दिखाई गई हैं, हमारे राष्ट्रपति जी ने कुछ बहुत अच्छी बातें कहीं हैं, उस के बाद जो बजट आया है, उस से भी कुछ तसल्ली हुई है, उम्मीद है उस पर अमल होगा, इस के लिये मैं उन को बधाई भी देता हूँ, और मुझे उम्मीद है कि जो प्वाइन्ट्स मैंने आज उठाये हैं, उन को आप जरूर ध्यान में रखेंगे।

श्री रीतलाल प्रसाद बर्मा (कोडरमा) : सभापति जी, राष्ट्रपति जी के अभिभाषण के धन्यवाद ज्ञापन प्रस्ताव के समर्थन में मैं खड़ा हुआ हूँ। यह खुशी की बात है कि जनता सरकार के आने के बाद जनता पार्टी की घोषणाओं के अनुसार यह पहली सरकार है जिस ने ऐसा कार्यक्रम रखा है जो जनता के हित के लिए है और जिसको बिल्कुल क्रांतिकारी कहा जा सकता है। आज से पिछले 30 वर्षों में जो सरकारी निर्णय या कार्यक्रम होते थे, वे बराबर जनता के लिए अहितकर सिद्ध हुए हैं और जो भी बजट राष्ट्रपति जी के अभिभाषण के बाद लाए जाते रहे थे वे एन्टी-पिपिल बजट कहलाते थे, जनता विरोधी बजट कहलाते थे लेकिन इस बार जो बजट लाया गया है वह 75 प्रतिशत लोग, जो गांवों में

रहते हैं, उन के लिए लाया गया है, जिन ग्रामीण लोगों के द्वारा राष्ट्रीय आय का बहुत बड़ा भाग यानी 51 प्रतिशत देश को प्राप्त होता है लेकिन उस जनता के लिए केवल 15 प्रतिशत ही राष्ट्रीय आय का खर्च किया जाता था। यह पहली सरकार है जिसने 40 प्रतिशत का प्रावधान बजट में उन लोगों के लिए किया है और यह एक बहुत बड़ी क्रांतिकारी कदम है। इसके द्वारा गांवों में 75 प्रतिशत रहने वाले लोगों का सर्वांगीण विकास होगा जोकि अभी तक बड़े उभे उभे रहे हैं और परिपीड़ित रहे हैं। यह पहला बजट है जिस में उन के लिए काम प्रारम्भ होने वाले हैं।

विरोधी पक्ष के कई बन्धुओं ने, माननीय सदस्यों ने इस प्रकार के कई मिथ्या और राजनीतिक आरोप लगाए हैं कि जनता सरकार ने कोई ऐसा कदम नहीं उठाया है जो जनता के लिए हितकर हो। इन के इस तरह के आरोप गलत हैं और जो आंकड़े इन्होंने दिये हैं वे सही नहीं हैं। इन के जो नेता हैं, जो वयोवृद्ध नेता हैं, उन्होंने अपने जमाने में जनता के लिए कोई अच्छे कार्य कर्म नहीं रखे लेकिन आज ये इस तरह की बातें कह रहे हैं। (व्यवधान) . . . . आज जनता सरकार एक नई परम्परा कायम करने जा रही है और प्रतिपक्ष के लोगों को इतना भी बर्दाश्त नहीं हो रहा है जैसा कि जन के भाषणों से पता चलता है। अभी जनता सरकार को बने एक वर्ष भी नहीं हुआ है और वे इस तरह की बातें कह रहे हैं। पिछले 30 वर्षों में

[श्री रीतलाल प्रसाद वर्मा]

जो भी बजट आए हैं वे जन-हितकारी नहीं रहे हैं और उन्हें आप चुपचाप मानते रहे हैं और व्यक्तिगत रूप के आधार पर आप यह कहते रहे हैं कि इन्दिरा ही भारत है और भारत ही इन्दिरा है जैसा नेपोलियन कहता था "आई एम बि स्टेट"। उस परम्परा को आप मानते रहे हैं।

आज जो जनता सरकार बनी है, उस के कारण आप को विचारों की अभिव्यक्ति का अधिकार मिल गया है जबकि पिछली आपात-कालीन स्थिति में जनता के सभी अधिकार समाप्त हो गये थे और केवल 12 कर्तव्य जोड़ लिये गये थे। आज भी अगर वही स्थिति रहती तो आप बोल न पाते। आज फ्रीडम आफ प्रेस मिल गई है। आज रेडियो, टेलीवीजन और जितने भी प्रचार के तंत्र हैं, सब में विरोधी दलों की न्यूज, उन के समाचार जनता सरकार के मुकाबले में कहीं ज्यादा आते हैं। विचारों के अभिव्यक्ति को आज प्रधानता दी गई है और वे स्वतन्त्र रूप से आते हैं। यह परम्परा हमारी सरकार ने डाली है। आज न्याय-पालिका स्वच्छन्द है और उस को स्वतन्त्र रखने का जो फ़ैसला जनता सरकार ने किया है वह श्लाघनीय है। पहले अगर किसी के अधिकार पर कुठाराघाट होता था, तो वह कहीं नहीं जा सकता था मीसा जैसे काले कानून के शिकंजे में बिना कारण बताए जेल के अन्दर लोगों को बन्द कर दिया जाता था। 185 व्यक्तियों को हमारे जिले के अन्दर इस कानून के तहत बन्द कर दिया गया था और उनकी कोई सुनवाई नहीं होती थी। इसका कोई उत्तर आप के पास है।

श्री हुकम चन्द कछवाय (उज्जैन) : शोर ज्यादा होने के कारण वह जो चर्चा हो रही है, वह सुनाई नहीं पड़ रही है।

सभापति महोदय : वर्मा जी, आप जरा थोड़ा आगे आ कर बोलिये।

श्री रीतलाल प्रसाद वर्मा : प्रतिपक्ष के माननीय सदस्यों ने भाषा नीति के बारे में आरोप लगाये। वे कहते हैं कि हिन्दी भाषा हम लोगों पर लादी जा रही है। मुझे तो पार्लियामेंट में ऐसा लगता है कि हम इंग्लैण्ड की पार्लियामेंट में बैठे हैं। यहां इस तरह का वातावरण मालूम होती है कि यहां अपनी कोई राष्ट्रियता नहीं है, अपनी कोई राष्ट्रभाषा नहीं है। उन लोगों को मालूम होना चाहिए कि श्री रवीन्द्रनाथ टैगोर ने अपनी भाषा में गीतांजलि लिख कर नोबल प्राइज प्राप्त किया। इसी तरह से सी० वी० रमन ने रसायन विज्ञान पर अपनी पुस्तक बंगला में लिख कर नोबल प्राइज प्राप्त किया था।

17.00 hrs.

सभापति महोदय : अपनी पुस्तक क्या उन्होंने बंगला में लिखी थी।

श्री रीतलाल प्रसाद वर्मा : जी हां, उसका अंग्रेजी में अनुवाद हुआ था।

इसलिए मैं कह रहा था कि अपनी मातृभाषा में जो हम अभिव्यक्ति कर सकते हैं वह किसी दूसरी भाषा में नहीं कर सकते। इसलिए यह जरूरी है कि हम सभी अपनी अपनी भाषाओं का प्रयोग करें तभी हम उच्च कोटि की अभिव्यक्ति कर सकते हैं। इसके साथ यह भी जरूरी है कि राष्ट्रीय एकता

के लिए एक भाषा ऐसी होनी चाहिए जो हम सब को एक सूत्र में बांध सके। मैं समझता हूँ कि भाषा के आधार पर जो प्रान्तों का निर्माण हुआ, यही एक मौलिक रूप से गलती हुई है। मैं यह मानता हूँ कि हम अपनी भाषा में अच्छा काम कर सकते हैं लेकिन इसके साथ मैं यह भी मानता हूँ कि हमारी एक लिङ्ग लैंग्वेज या सम्पर्क भाषा भी होनी चाहिए। सम्पर्क भाषा वह हो सकती है जिसको सभी लोग आसानी से सीख सकें और उसका प्रयोग कर सकें। मेरे विचार में हिन्दी बड़ी सरल और बोधगम्य भाषा है। इसे आसानी से सीखा और पढ़ा जा सकता है। भाषा के सम्बन्ध में जो लड़ाई यहां होती है, वह व्यर्थ है। मैं अभी तमिलनाडु और आंध्र प्रदेश घूम कर आया हूँ। वहां पर 80 प्रतिशत लोग अंग्रेजी नहीं जानते, केवल 20 प्रतिशत लोग ही जानते होंगे। लेकिन यहां हम अंग्रेजी का ही प्रयोग करते हैं। यह व्हाइट कालर मन्टेलिटि, मेकाले के जमाने की स्लेवरी चली आ रही है। इस देश के लिए एक अच्छी परम्परा नहीं कहा जा सकता है। इस स्थिति में तुरन्त परिवर्तन आना चाहिए। इसके लिए हमें अपने विचारों में परिवर्तन करना होगा और यह सोचना होगा कि राष्ट्रीय एकता अपनी भाषा के आधार पर ही हो सकती है।

एक बात नौकरशाही के बारे में मैं कहना चाहूंगा। चाहे कोई भी सरकार आये, यह नौकरशाही प्रशासनतन्त्र पर हावी रहती है। इसकी यह भावना रहती है कि सरकार तो पांच वर्ष के बाद बदल जाएगी, हम तो यहीं रहेंगे। यह आज भी अपना सम्बन्ध पुरानी सरकार से कायम किए हुए है। इस नौकरशाही के कुछ लोग जिन्होंने पदोन्नति पायी हुई है वे अभी पुरानी भावना से मुक्त नहीं हो पाए हैं। इस नौकरशाही को

यह सोचना चाहिए कि यह प्रशासनतन्त्र भी भारत का है और हम जो चुन कर आते हैं वे भी भारत के ही प्रतिनिधि हैं। उनमें यह राष्ट्रीय भावना होनी चाहिए। जो योजनाएं हमारे देश में राष्ट्र निर्माण के लिए बनती हैं, वे योजनाएं सही तरीके से पूरी होनी चाहिए और उनका सही तरीके से उपयोग होता चाहिए तभी राष्ट्र का कल्याण हो सकता है। लेकिन इस नौकरशाही की लायल्टी राजनीतिक दलों में विभाजित रहती है। इसके कुछ लोग अभी भी पिछली सरकार के लोगों से हमदर्दी रखते हैं। उनके श्रव भी बहुत से काय हो जाते हैं लेकिन जनता पार्टी के कार्यकर्ता अगर कुछ करने को कहते हैं तो वह नहीं होता है। इसलिए मैं कहना चाहता हूँ कि इस विभाजित लायल्टी से भी गड़बड़ी होती है। इसको ठीक किया जाना चाहिये। यह नौकरशाही अपनी रंगीन टिप्पणियों से पत्रावलियों को अनावश्यक रूप से इधर-उधर करती रहती है और लोगों को दौड़ाती रहती है। एक वरिष्ठ अधिकारी से दूसरे वरिष्ठ अधिकारी की मेज पर चीजें जाती आती रहती हैं और उसी में समय गुजर जाता है और कोई भी निर्णय समय पर नहीं हो पाता है। इसका नतीजा यह होता है कि अनिश्चितता की स्थिति बनी रहती है और राजनीति से प्रेरित आरोप प्रतिपक्ष को लगाने का मौका मिल जाता है और यह कहने का मौका मिल जाता है कि यह सरकार दिशाहीन है, यह सरकार राम भरोसे चल रही है। इसलिए जरूरी है कि इस चीज के बारे में सोचा जाए और कुछ किया जाए। पिछली सरकार द्वारा रखे गए लोगों से ही सरकारी कार्यालय आज भी भरे पड़े हैं। वे लोग हमारी सरकार के मंत्रियों को मिसलीड करते रहते हैं। इसके कई उदाहरण हमारे सामने हैं। इस तरह की जो चीजें हैं वे बिखराव पैदा करती हैं और गलत निर्णय हो जाते हैं। ऐसी व्यवस्था आप करें ताकि ब्यूरोक्रैसी जो है वह आप पर हावी न होने पाए, उस पर नियंत्रण

[श्री रीतलाल प्रसाद वर्मा]

रहे। जो कार्य हो वह तत्परता से हो और जो निर्णय लिए जाएं वे युद्धस्तर पर जिस प्रकार निर्णय लिये जाते हैं उस तरह से लिए जाएं।

मैं समझता हूँ कि यह भी जरूरी है कि आपातकाल में जिन लोगों को प्रमोशन दे दिए गए थे, जिनकी पदोन्नतियां कर दी गई थी उनको भी देखा जाए। मैं समझता हूँ कि अधिकतर उनमें इन्दिरा गांधी के परिवार के लोग हैं। उन लोगों को अनिवार्य रूप से या तो स्थानान्तरित कर दिया जाना चाहिये या सेवामुक्त कर दिया जाना चाहिये। अगर इन दोनों में से कोई नहीं हो सकता है तो नान सैसेटिव पोस्ट्स पर उनको लगाया जाना चाहिये ताकि काम में बाधा पैदा न हो और राष्ट्र का काम अव्युत्थ न हो।

बहुत से विभाग हैं जो केवल श्रीमती इंदिरा गांधी के आदमियों से ही भरे हुए हैं जैसे इलैक्ट्रॉनिक्स का है, एटॉमिक एनर्जी कमिशन है, स्पेस का है। इन में एक भी दूसरा नहीं है। इससे काम में बहुत बाधा पैदा होती रहती है। इसके बहुत से समाचार अखबारों में भी आते रहें हैं। इस तरह के जो विभाग हैं उनकी तरफ आपका खास तौर पर ध्यान जाना चाहिये।

तीस बरस की आजादी के बाद भी, पिछली सरकार के कारनामों के बावजूद भी अभी भी हम सिचाई के मामले में मानसून पर ही निर्भर करते हैं। आपने सिचाई सुविधाएं बढ़ाने की बात कही है जिसका मैं स्वागत करता हूँ। मैं आपको एक और कार्यक्रम का मुझाव देना चाहता हूँ। जितने भी अनएम्प्लायड इंजीनियर्स हैं उन लोगों को एक निश्चित काम करने के लिए आप दें। आप योजना बनाएं और तीन चार गांव एक या दो इंजीनियरों की दें और योजना के अनुसार वे उस गांव के कार्यों को करें, बैंकों से ऋण दिलाने की व्यवस्था की जाए

और सरकार की ओर से एक निश्चित प्रति एकड़ के हिसाब से शुल्क निर्धारित कर दिया जाए तो मैं निश्चयपूर्वक कह सकता हूँ कि चार पांच साल में उन गांवों में पूरे तौर पर सिचाई की व्यवस्था हो सकती है। जिस तरह से सिचाई की बात मैंने कही अगर उसी तरह से और भी काम करवाए जाएं तो देश का बहुत कल्याण हो सकता है और हर खेत में पानी पहुंच सकता है, देश का उत्पादन बढ़ सकता है और साथ ही साथ लोगों को काम भी मिल सकता है।

मैं यह भी कहना चाहता हूँ कि अगर हर ब्लाक पर छोटे छोटे उद्योग लगा दिए जाएं, एक सरकार की ओर से और एक जनता की ओर से लगा दिया जाए और उन दोनों में आपस में कम्पीटीशन हो और क्वालिटी और प्राइस को सरकार कंट्रोल करे तो इससे भी बहुत ज्यादा फायदा हो सकता है। आपको पता चल सकता है कि कौन सा कामयाबी के साथ चल रहा है और कौन सा है जो गिर रहा है कौन सा ज्यादा सफलता प्राप्त करता है और कौन सा कम। अगर सरकारी उद्योग घंघा गिरता है तो उसमें लगे हुए अधिकारियों को दोषी ठहराया जाना चाहिये। उन में भी लोगों को पढ़े लिखे और बेपढ़े लिखे या कम पढ़े लिखे लोगों को काम मिल सकता है।

जो कल कारखाने जिस स्थान पर बनें वहां पर स्थानीय लोगों के लिए नीचे की नोकरियां 75 प्रतिशत रिजर्व करदी जानें, चाहिये और 25 प्रतिशत टेक्नीकल पोस्ट्स उनके लिए रिजर्व कर दी जानी चाहिए। ऐसा किया जाए तो जो कम पढ़े लिखे, बेपढ़े लिखे लोग और टेक्नीकल लोग वहां हैं उन को काम मिल सकेगा। आजकल होता यह है कि कारखाना खोला जाता है तो सारे देश से लोगों को जातपात भाई भतीजावाद आदि के आधार पर भरती कर लिया जाता है। अगर पास पास के लोगों को काम दिया

जाएगा तो वहाँ की गरीब जनता को काम मिल सकेगा और काम भी अच्छा होगा ।

मैं यह भी कहना चाहता हूँ कि पावर्टी लाइन, गरीबी की रेखा से नीचे जितने लोग हैं, हर परिवार में से अगर एक को भी काम की गारंटी दे दी जाएगी तो वे उन्नति कर सकते हैं और गरीबी मिट सकती है । इस संदर्भ में मैंने प्रधान मंत्री जी को पत्र भी लिखा है । मैं आशा करता हूँ कि इस और आप ध्यान देंगे ।

एक और बात कहना चाहता हूँ कि छोटा नागपुर में कोयला, लोहा, सोना, चांदी, अब्रक आदि खनिज पदार्थों का खजाना भरा पड़ा हुआ है जो सारे देश को फायदा पहुंचाता है और विदेशों में भी यहां से माल जाता है । लेकिन इसके बावजूद भी इस क्षेत्र के 82 प्रतिशत लोग गरीबी और बेकारी के शिकार हैं । छोटा नागपुर को अलग करने की बात चल रही है । अगर सरकार ने वहाँ के लोगों को वहाँ के नियोजन में, मंत्रिमंडल में उपेक्षा की, सिंचाई कार्यों में, सड़कों के निर्माण में, विद्युतीकरण में उपेक्षा की गई तो निश्चित रूप से विभाजन की मांग जोर पकड़ेगी । सरकार को सोचना चाहिये आज जो व्यवस्था है विकेन्द्रीकरण को उस दशा में छोटा नागपुर को अलग कर देने में कोई हानि नहीं होगी और इससे उस क्षेत्र की जनता का सर्वांगीण विकास होगा और देश का भी विकास होगा । लेकिन जिस प्रकार से बिहार सरकार की तोड़फोड़ की नीति है और यह आवाज़ आने लगी तो संघाल परगना का विकास प्राधिकरण बनाया जा रहा है ताकि आवाज़ उठाने वाले लोगों को वहाँ बैठा दिया जाय । अगर इस तरह की नीति चली तो ठीक नहीं होगा । जो क्षेत्र खनिज पदार्थों से भरा हुआ है वहाँ के 80, 82 प्रतिशत लोग गरीबी की रेखा के

नीचे रहें यह उचित नहीं है, और इस क्षेत्र की अधिक दिनों तक उपेक्षा नहीं होनी चाहिए ।

श्री हुकम चन्द्र कछुबाय : सभापति जी, आप किसी को बुलायें, मैं उसमें पहले आपकी व्यवस्था चाहता हूँ । सदन में गणपूर्ति नहीं है ।

MR. CHAIRMAN: There is no quorum. Let the bell be rung

17.14 hrs.

[SHRI N. K. SHEJWALKAR in the Chair.]

MR. CHAIRMAN: Now there is quorum.

SHRI R. VENKATARAMAN (Madras South): May I begin?

MR. CHAIRMAN: Yes, you may please begin.

SHRI R. VENKATARAMAN: Mr. Chairman, Sir, I did not intend to speak on the language issue in this debate but, in view of what the previous speaker said, it would look awkward if one who followed the debate after him does not meet some of the points which were raised by the hon. Member. The hon'ble Member used some words which are derogatory to the section which sits on this side of the House. If I heard the translation right he said that there are still people who are Lord Macaulay's slaves.

Sir, abuse is not the privilege of one side. Others can indulge in it and the Opposition can indulge in it in a much greater strength than the Government. Therefore, I do not propose to indulge in recrimination. I do not want to repeat the language used by the other side.

[Shri R. Venkataraman]

Sir, many of us on this side are very keen that the national integrity should be preserved and that the language issue should not be an instrument which threatens such integrity. In fact, right from the days of Pandit Jawahar Lal Nehru it has been repeated by successive Prime Ministers that English will continue to be used in Parliament and in Government until the non-Hindi speaking people agree to its substitution. If some of the Members of the Janata party want to change this, they are going behind the solemn assurance given by successive Prime Ministers and I am afraid, they are sowing the seed of disruption.

Sir, you are aware that it is not possible for all the fourteen languages to be used in Parliament. Only this afternoon one gentleman from Oriya spoke and when he spoke in Oriya none of us could understand anything and people requested him to speak either in English or Hindi. Therefore, the hon'ble Members sitting on the other side—particularly those who run the government have to exercise a little restraint on themselves in the matter of language fanaticism and accommodate the feelings of those whose mother tongue is not Hindi. Sir, it is because of this attitude that a number of amendments are being moved through private Bills to the Constitution so that Panditji's assurances be included as a part of the Constitution itself.

Sir, I will not waste more time on this subject except to say that such thoughtless speeches only irritate even those who want to see that national integrity is preserved and national unity strengthened. I would like to this occasion to say that the Prime Minister may call a meeting of all the leaders of the parties in Parliament as well as meet the Chief Ministers of the States and try to arrive at a consensus on this language issue. It seems to be necessary at this stage of our political life because there is an apprehension that the new party which

has come to power some how wants to force Hindi language on the people of India.

SOME HON. MEMBERS: No no.

SHRI R. VENKATARAMAN: I know it is not. I agree with you it is not but you cannot wipe out the suspicion so long as some of the words that are used in Parliament so long as the attitudes that are taken in Parliament give rise to such a suspicion.

That is why I am making this very humble suggestion that the Prime Minister himself must evolve a national consensus on the language issue and try to see that there is no further bickering about language, no constant irritation develops about language and that we get on together.

श्री हुकम चन्द कछवाय : सभापति  
महोदय, मैं आपकी व्यवस्था चाहता हूँ।

MR. CHAIRMAN: Let the quorum bell be rung—Now, the quorum is there. The hon. Member may continue.

SHRI R. VENKATARAMAN: Mr. Chairman, Sir, there is one other matter in which I would like the national consensus to be evolved and that is in respect of our external relations. It is not proper for a country to speak with different voices in respect of external relations. It does not enhance the prestige and it does not carry any weight abroad. I am very happy, Sir, that in the President's address, it has been mentioned and the hon. Minister for External Affairs has often repeated that the previous Government's policy of non-alignment is being continued without any change. It is therefore necessary for us to see that we present our point of view in the international forum that we retain the continuity of policy, particularly in respect of non-alignment. Sir, non-alignment was a gift which the great Pandit Jawahar

lal Nehru gave to the world. Before that, the concept in international relations was only one of neutrality of not interfering with anything that happens irrespective of the right and wrong. It was Pandit Nehru who gave a new concept in international relations wherein countries would not join blocs of either side and judge issues on merits and give support to the right cause. India's prestige ever since 1950s had been increasing in international world mainly because of this policy of non-alignment and discriminating support to the right causes. It is a very happy thought that we are also strengthening our relationship with neighbours. Ceremonial visits between countries do help to bring about better understanding and create better impression in each other's country. But my humble suggestion is that ceremonial visits should be followed up by a certain amount of economic aid and assistance to the developing countries around us. India is no longer a mere developing country it is in the state of intermediate development. It is now in a position to offer technological assistance to many of the developing countries of west Asia and Africa. It is able to give scientific and technological help and it is only by giving that kind of help that we can strengthen our relationship with other countries.

Years ago it had been suggested that India should offer in the Economic and Social Council and in the ECAFE, now ESCAP India will undertake hydro-electric potential survey of Indonesia and offer technological assistance in the matter of power distribution in West Asia and technical assistance in the establishment of many industries like paper, sugar, cement and so on in the neighbouring countries and Malaysia. The international pattern of such assistance is that India bears the cost of the experts who are sent to those countries and the local costs are met by the host country to whom the experts are sent. A larger mea-

sure of this kind of aid should be undertaken in the year ahead so that we may not merely strengthen friendly relation but also strengthen economic ties. It is only by strengthening economic ties that we will be able to cement the bond of friendship in a stronger measure. The Reserve Bank of India has bemoaned the continued deficits that are run by the States. Our Finance Minister has also been complaining bitterly about the states running in the red. I have some figures that show that three years ago nine states were in deficit, in the red; today 14 states are in the red. The present overall deficit of all the States is Rs 325 crores. It is fashionable to criticise the states that they are unable to contain their non plan expenditure and that they are running into deficit. But it does require careful examination to see what is the reason for the deficits that the states incur. If we do not go deep into the causes we will never be able to solve the problem.

The more abuse of the States will only bring in return abuse of the Centre from the States. In this connection I would plead for greater devolution of financial authority and financial powers to the States. If you look at the distribution of powers and functions under the Constitution, you will find that all those heads of expenditure which are expanding and which are of social service have been invested in the States—Agriculture, Education, Health, Police, Irrigation, Water Supply, Transport, etc. If you look at the heads of revenue that have been allotted to them, you will see that they are all receding revenues, shrinking sources of revenue—land revenue, which is going down, and then agricultural income tax which with the introduction of agricultural land ceilings is at least evaded excise duties which are sought to be given up. The only thing which is an elastic source of revenue to the States is the Sales Tax, and that also is sought to be taken away by the Centre from the States. The Constitution

[Shri R. Venkataraman]

fully realised that there is an imbalance in the distribution of functions and revenues and therefore, they provided that certain taxes should be divisible—such as income tax and excise. Now clever Finance Ministers have really subverted the Constitution....

श्री हुकम चन्द्र कछवाय : समापति जी में आपकी व्यवस्था चाहना ; सदन में गण-वर्ति नहीं है ।

MR. CHAIRMAN: Let the quorum bell be rung—Now there is quorum. The hon Member may continue.

SHRI R. VENKATARAMAN: I was saying that the Central Government—I am not saying which Government, there is no point in saying that your Government did it or this Government did it—whoever was in power at that time, really distorted the Constitution by transferring some of the powers which are really vesting in the States to the Centre in a surreptitious manner.

Until 1959, income from companies was included in income-tax and it was divisible with the States. In 1959, by a change in terminology—they called it corporation tax—and appropriated the entire money to the Centre. I was Minister in a State for 10 years and I wanted to cry out. Now I have got a chance to cry out. The idea of surcharge on income-tax is one which is intended as a short-term measure for two or three years. For 20 years they have levied surcharge in income-tax which is really a higher income-tax and deprived the States of their share because if it were levied as larger income-tax without being levied as a surcharge, the total amount will be divisible. But they introduced this concept of surcharge on income-tax and thereby deprived the States of their share. Therefore, in these things the Central Government has really acted contrary to the spirit of the Constitution.

The States were then asked at one stage to surrender some of the items of sales-tax to the Centre, promising

they will levy an additional excise duty and divide it among the States. On that basis, the sales-tax on cloth, textiles, sugar and tobacco were surrendered by the States to the Centre and additional excise duty was levied, which was divided among the States. But clever Finance Ministers thereafter increased the basic excise duty all the time appropriated the money to the Centre, giving nothing to the States. They have raised it times without number and in the National Development Council a stage came when they refused to even give these three items for central taxation. My submission is, the Centre has deprived the States of the legitimate share of taxes which even under this Constitution they are entitled to and thereby made them impecunious mendicants before the Centre.

Then we came to the planning era. Large sums of money were distributed by the Planning Commission. There is no provision in the Constitution for distribution of this kind of assistance except under article 282, which is a miscellaneous provision intended as miscellaneous distribution of grants. Not having the power, the Centre distributed money through the Planning Commission under article 282. The result was, until the Gadgil formula was accepted, i.e. dividing the central pool of assistance among the States on certain basic principles—60 per cent on population, 10 per cent on backwardness, 10 per cent on continuing schemes, etc.—it was entirely within the discretion of the Centre to allot whatever plan funds they thought fit to the States. Is it any surprise to you that the States have become mendicant, have become just importuning beggars, have run into debts and they are all in the red?

SHRI CHITTA BASU (Barasat): As the Department of the Home Ministry in Delhi.

SHRI R. VENKATARAMAN: Often times I have heard it said in this House that the Planning Commission is a super Cabinet.

**SHRI CHITTA BASU:** Very much.

**SHRI R. VENKATARAMAN:** I will explain it now. I was also a Member of the Planning Commission. The Planning Commission is only a whipping boy of the Central Government. The central Government acts; it determines what is the assistance it will render in respect of Plan every year. The Planning Commission does not raise resources. It has power to ask for more, but not to decide that so much should be given. Actually whatever money is given by the Central Government is distributed between the State Plans and the Central Plan and the Planning Commission cannot add one pie to it. And whenever various Ministries came and asked for money, the Central Ministries were very clever and they pointed the finger to the Planning Commission saying that the Planning Commission allotted only so much. Could the Planning Commission manufacture money? Has it got the control of the Nasik printing press as the Central Government has? Has the Planning Commission the authority to say how much should be increased for these various heads? It has only the power to distribute what has been given. Unless there is gruel in the pot the ladle cannot deal it out to a large number of people. Therefore, the real position is, right again even in the matter of planning it is the Central Government which has this authority.

Sir, there is one other matter which I want to refer on this occasion. In respect of taxes in which the States are interested, under Article 274 the Central Government before bringing any Bill should obtain the sanction of the President. It need not consult the States. They can change or modify those heads of taxes in which the States are interested and all that the Constitution requires is that they should get the sanction of the President for introducing that Bill. The President as you know, is nothing but the Central Government. The President has to act according to the advice of the Cabinet and therefore, it was the Cabinet

which decided that the taxes which affect the States should be changed or modified and then gave itself the authority to the President. Therefore, this state of affairs cannot continue. In fact, if this state of affairs continues I am sorry, there will be a great upheaval in the country. It is all right when only one Party ruled the Centre and the States. For whatever differences we had at that time, we had to go and talk to those people and manage. Today the same Party is not ruling all over the country. The States will raise objection at every stage and then you will create bitterness. As a first measure, I would suggest to the Government that they immediately take up and appoint an Inter-State Council and deal with all matters which under Article 263 they should deal in relation to the States. I do not want to read, but I just want to mention that the Inter-State Council should investigate and discuss subjects in which some or all of the States or the Union and one or more of the States have common interest. Today we are not discussing anything with the States. The National Development Council in which I had participated several times, is nothing but gala-making. We meet there for one or two days, we just hear some big shots and each one displays his eloquence. We eat our lunch and go away. We have never been able to make any impact on the inter-State relationships. Therefore, I want to mention that at least as a first step, even if you say that it will take time to consider the question of re-aligning and re-arranging the heads of expenditure as well as heads of revenue, at least as an interim measure you should take up this question of establishing immediately the inter-State Council.

**SHRI CHITTA BASU:** Are you in favour of re-structuring of the relations itself?

**SHRI R. VENKATARAMAN:** I am all in favour. I am in favour of the reconsideration of the whole thing.

To some of those who have not been familiar with the political history of

[Shri R. Venkataraman]

India, it may look as if it is a strange demand. On the other hand, the Motilal Nehru Committee which drafted a Constitution for India in 1925-26—it drafted a Dominion Constitution—said that the powers must be vested in the States—the Provinces at that time—and the residuary power must rest with the Provinces. In 1935 when the Government of India Act was passed, the entire nation, the Congress and the Muslim League opposed it. They rejected it; and that was the reason why Congress did not accept office in 1936 and 1937. The 1935 Act has been adopted taken into the present Constitution.

I will now give one more instance. In 1942, when the August resolution was passed—I want people to read it—one of the paragraphs of the resolution said that the Federation should be formed of linguistic units, and also that residuary power should rest with the States. Therefore, this idea that there should be a re-arrangement in the matter of relationship between the Centre and the States, is nothing new; and nothing which is adumbrated by Mr. Jyoti Bosa to-day. It has been with the Congress and with nation right from the beginning. Therefore, I say that the financial relationship is so wrong and bad, that unless we betimes take care to set it right, there will be an explosion. To us, not merely financial relations, but also political relations between the Centre and the States are very important.

There is one more subject of equal importance; and that is the question of inter-State river disputes. These disputes are pending with the Government of India for a very long time. This is governed by Article 262 of the Constitution which says that Parliament may enact a legislation for the purpose of settling inter-State water disputes and exclude the jurisdiction of the Supreme Court thereon. Under Article 131 of the Constitution all disputes between the States can be taken to the Supreme Court. Therefore, a law passed under Article 262

excludes the jurisdiction of the Supreme Court in respect of an inter-State water dispute. In 1956, Parliament passed a law called the "Inter-State Water Disputes Act", and according to Section 4 of that Act, where a request under Section 3—i.e. request for reference of a dispute to a tribunal is received from the State Government in respect of any water dispute and (mark the words) the Central Government is of the opinion that the water dispute cannot be settled by negotiations, it can refer the matter to a tribunal. For years and years there were a number of dispute—I have put a question, I will get an answer some time and they have been pending for a number of years. Government of India have not been able to find time to say that they cannot be settled. Decades have passed. They have not said it. They have said that negotiation will go on. You can make the Supreme Court the competent authority and give it jurisdiction to hear disputes in respect of inter-State waters. Alternatively, we can go back to the 1935 Act. Under the Government of India Act, 1935, whenever a dispute was raised, the Governor-General was obliged—it was obligatory for him—to refer the dispute to a commission. When the Commission reports, the Government of India, that is to say, the Governor-General can decide to accept or not to accept it; but it was obligatory on his part to refer it to the commission. Now under the present dispensation of the Inter-State Water Disputes Act, the Government of India is under no obligation to refer these inter-State water disputes to any tribunal. Therefore, many disputes are still pending. They have never found a solution. Either they must invest the jurisdiction with the Supreme Court, or go to the other alternative of the 1935 Act under which they have to refer the matter to a Commission, vesting with them the right to accept or not to accept its findings.

In this connection, I will mention one episode which occurred before in-

dependance. There was a dispute between the then Madras Presidency and the State of Travancore-Cochin in respect of the sharing of the Periyar waters. There was an agreement for 999 years for the use of the Periyar waters by the Madras State for irrigation purposes. Later on, the Madras Government wanted to use this water for the purpose of generating electricity also. The Travancore-Cochin Government objected to it on the ground that it is an additional use for which some payment has to be made. The matter went in for arbitration. The arbitrator decided that since the original agreement envisaged use of water only for agricultural purposes, if it is being used for some other purpose, some compensation has to be paid. So, that dispute was settled and there was harmonious relationship between those two States. If it had not been settled, there would have been bitter quarrel not only then but for generations to come. Therefore, it is necessary that we must settle the inter-State water disputes as quickly as possible. Either you should give jurisdiction to the Supreme Court or decide it yourself, as was done under the 1935 Act.

DR. B. N. SINGH (Hazaribagh): Mr. Chairman Sir, I rise to support the Motion of Thanks to the President for his address to both Houses of Parliament.

It must be admitted by even the worst critics of the Government that the Janata Party lost no time after being voted to power to restore the cherished privileges and rights of the people, which were taken away from them on the pretext of enforcing discipline by the India Government. The people have got back their fundamental rights. The sacred right to life, which has been guaranteed in the Constitution, has been restored to them. Parliament has also removed the severe limitations and impediments placed in the functioning of the judiciary. The press, which is supposed to function as the watchdog of the liberty of the individual and the well-being of the community, had lost its purpose during the Indira regime, as many shackles

were placed on its functioning. It was functioning as if it was the echo of the Indira Government, trying to voice to the people all the false claims of the then Government. It goes to the credit of the Janata Party that it lost no time in making the press free, and also in taking the initiative in removing all obstacles in the way of the free functioning of the news agencies. Everyone is rightly proud that democracy, civil rights, freedom of speech, freedom of the press and the functioning of the judiciary have been restored. Dictatorship has been buried and democracy reborn. It must be admitted that all this was achieved by the Janata Government in record time and in fulfilment of the great promise made to the people of India in the Janata Party election manifesto.

So, far so good, but there is one disturbing factor which I would like to bring to the notice of the Government. To my dismay I find that there has been a shift in the original thinking. Originally we were very clear that there should be no MISA, that preventive detention should not be there and that the Forty-second Amendment of the Constitution should be rescinded. The party election manifesto has unequivocally condemned all these Act. I quote from the manifesto:—

“It is a betrayal of the testament of faith that the founding fathers bequeathed to the people and it subverts the basic structure of the 1950 Constitution... It is the culmination of a conspiracy to devalue democracy.”

It is becoming evident that the Government is having a fresh look in the matter, and according to the Law Minister there now seems to be a preference to a selective approach to changes. Thus giving qualified respectability to the unmitigated evils of the Indira Government. There is a proposal to maintain the MISA in its diluted form. In my opinion, preventive detention under any name is an evil in all situations and at all times

[Dr. B. N. Singh].

and must be removed. Under no circumstances would I like that the electorate should have the feeling that this is a case of power changing perspective or of a delayed expression or acceptance of a known situation. Therefore, in consonance with the political charter given to us. MISA and all preventive detention measures should be repeated and the Forty-second Amendment must be rescinded.

If, however, it is now realised that the country cannot do without preventive detention, then it must be admitted to the people that our election manifesto was a mistake, and we must give convincing arguments to the people before we try to bring any such legislation before this House. As it is, emotions are running high on account of the mini MISA introduced in Madhya Pradesh and the maxi MISA in Jammu and Kashmir.
