Outlay for 1986-87 is a taken amount of Rs. 1000 only.

**Demand and Availability of Hospitals
Beds in Delhi**

5145. SHRI K.S. RAO : Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state :

(a) what are the comparative figures for the demand and availability of hospital beds in Delhi during 1986 as anticipated in 1990; and

(b) the details of the hospitals in Delhi including their names, bed strength and average number of out-door patients attended to by them daily ?

THE DEPUTY MINISTER IN THE DEPARTMENT OF FAMILY WELFARE (SHRI S. KRISHNA KUMAR): (a) There are no accurate estimations made about the demand of Hospital beds in Delhi. The total availability of beds in Delhi at present is 14,656 against a population of 76.28 lakhs. This works out to roughly 2 beds per thousand population. Taking the same projections in 1990, the ratio between the population and bed would be around 1.83 beds per thousand. The actual requirement of beds would be still more in view of the fact that a large number of patients come from outside Delhi also.

(b) Details of major Government hospitals in Delhi are given in the statement given below.

**Statement
Details of Major Hospitals in Delhi**

S. No.	Name of the Hospital	Bed strength	Average number of patients treated per day
