Somasila Project

603. SHRI SOBHANA DRES-WARA RAO VADDE: Will the Minister of WATER RESOURCES be pleased to state:

(a) when the proposals for Somasila Project Stage I and Stage II were sent by the Government of Andhra Pradesh for clearance of the Union Government;

(b) the reasons for the delay in according clearance to those proposals; and

(c) the time by which those proposals are likely to be cleared?

OF WATER THE MINISTER **RESOURCES (SHRI VIDYACHA-**RAN SHUKLA): (a) Stage I of the Somasila Project was cleared by the Planning Commission in September. 1973 at an estimated cost of Rs. 17.2 crores. Subsequently, revised comprehensive project report for State 1 and II estimated to cost Rs. 147 crores Central Water was received in the Commission in August, 1985. Again, due to provision for extension of north and South feeder channels and distributaries, the revised estimate of the Somasila Project costing Rs. 199.1 was received in the Central crores Water Commission in December, 1987.

(b) and (c) The Central Water Commission found that the comprehensive project is deficient in respect irrigation of canal design aspects, planning, ground water utilisation, environment clearance and financial as-Since the State Government pects. did not respond to the suggestions for compliance, the project has been recently returned to the State Government. Now the State Government is required to remove deficiencies indicated and update the proposal.

Tungabhadra High Level Canal Project Stage II

604. SHRI SOBHANA DRES-WARA RAO VADDE: Will the Minister of WATER RESOURCES be pleased to state (a) whether the Government of Andhra Pradesh has forwarded the proposal for the Tungabhadra High Level Canal Project Stage II for clearance of the Union Government; and

(b) if so, the details thereof and the time by which it is likely to be cleared?

THE MINISTER OF WATER RESOURCES (SHRI VIDYACHA-RAN SHUKLA): (a) Yes, Sir.

(b) The combined Tungabhadra High Level Canal Stage II (for Karnataka and Andhra Pradesh) has already been approved by the Planning Commission in January, 1967 for a total cost of Rs. 14.56 crores. The share of Andhra Pradesh was Rs. 9.15 crores envisaging irrigation of about 55640 hectares in Andhra Pradesh. Subsequently, in February, 1985. Andhra Pradesh submitted a revised estimate for Rs. 111.7 crores for works in their territory. Its examination revealed that the scope of the project has been considerably changed by adding three reservoirs and a barrage to increase annual irrigation to about The revised project 90270 hectares. did not contain details and studies to establish the availability of waters and the viability of the project. The report was, therefore, found deficient and returned to the State Government in May, 1988 to get the hydrology of the project and working tables finalised in consultation with the Central The State Gov-Water Commission. ernment is now required to prepare a revised detailed project report on the basis of the advice given by the Central Water Commission.

Australian Proposal for Aero-magnetic Survey for Exploring Minerals and Ground Water

605. SHRI BHAGEY GOBAR-DHAN: Will the Minister of WATER RESOURCES be pleased to state:

(a) whether there was any proposal from the Government of Australia for Aero-magnetic survey for exploring minerals and ground water;
