Glove Boxes

2601. SHRI RAMASHRAY PRASAD SINGH: Will the PRIME MINISTER be pleased to state:

- (a) whether the purchase order of five double module glove boxes of stainless steel costing Rs. 5.06 lakhs was placed by Power Reactor Fuel Reprocessing Plant Store, Tarapur;
- (b) whether these boxes were lying unutilised outside the power reactor fuel reprocessing plants store since their purchase;
 - (c) if so, the reasons therefor; and
 - (d) the steps taken to utilise them?

THE MINISTER OF STATE IN THE PRIME MINISTER'S OFFICE AND MINISTER OF STATE IN THE DEPART-MENT OF ATOMIC ENERGY AND DE-PARTMENT OF SPACE AND MINISTER OF STATE IN THE MINISTRY OF SCIENCE AND TECHNOLOGY (SHRI BHUVNESH CHATURVEDI): (a) Yes, Sir. Purchase Order for five double module glove boxes made of stainless steel costing Rs. 5.06 lakhs was placed by Reactor Fuel Reprocessing Power (PREFRE) Plant and delivery effected by January 1991.

(b) to (d). The glove boxes were intended for housing special equipment

as an extension of the existing PREFRE Plant facilities. Installation of such glove boxes as a back-fit measure in an operating radioactive plant requires elaborate preparations and getting necessary clearances from safety agencies. However, the task could be taken only during the period of shut-down of the plant so that the main operations of the plant are not interrupted. Action for all these activities had been initiated simultaneously to gain time but the supply of glove boxes materialised much before the preparations for their installation could be completed. The glove boxes will be put to use shortly.
