Allocation of Essential Commodities

2404. SHRI SYED SHAHABUDDIN : Will the Minister of FOOD be pleased to state :

(a) per capita monthly entitlement of each essential article of mass consumption distributed through Public Distribution system and Revamped Public Distribution System.

(b) per capita monthly allocation, state-wise, for each item during 1995 or during 1995-96.

(c) per capita monthly off-take, state-wise, during this period; and

(d) the reason for the discrepancy between per capita entitlement, allocation and off-take and steps taken to reduce the disparity among the states?

THE MINISTER OF FOOD (SHRI AJIT SINGH) : (a) Per capita monthly entitlement of Public Distribution System commodities are decided by the State Governments and Union Territory Administrations. This would vary from State to State and from District to District even within a State. There would also be seasonal variations in the per capita monthly entitlements for different commodities. Such details are not maintained by the Central Government.

(b) and (c). State-wise monthly allocation and offtake of Public Distribution System commodities during 1995 are given in the statements I, II, III, IV, and V. Allocations of Public Distribution System commodities to States are not made on the basis of population, except in the case of levy sugar, which is allocated on the basis of population as on 1.10.1986. With effect from 1.1.1996., levy sugar allocations will be made on the basis of 1991 census population.

(d) offtake of kerosene and levy sugar are generally 100% of the allocations. Offtake of rice and wheat are lower than the allocations as the offtake of foodgrains are dependent on various factors, such as availability and prices in the open market, seasonality etc. Central Government reviews the offtake of foodgrains with the State Governments from time to time. The Central Issue Price of rice and wheat have not been increased since 1.2.1994 though the Minimum support Prices have been increased for both paddy and wheat.

Statement-I
Allocation (A) and Lifting (L) of Rice from the Central Pool during 1995
