**ANSWER**

**THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND  
FAMILY WELFARE  
(PROF. S. P. SINGH BAGHEL)**

(a) to (g): State/UT-wise details of total number of public and private hospitals empanelled under Ayushman Bharat – Pradhan Mantri Jan Arogya Yojana (AB-PMJAY) are at **Annexure-I**. District-wise details of total number of public and private hospitals empanelled under the scheme in the State of Jharkhand are at **Annexure-II**.

State Health Agencies (SHAs) are mandated with the responsibility of empaneling hospitals under Ayushman Bharat - Pradhan Mantri Jan Arogya Yojana (AB-PMJAY). Intending private hospitals get empanelled after fulfilling the laid down criteria and are subject to the requirement of SHA within a given State/UT. States/UTs are also given flexibility to change hospital empanelment criteria based on the local requirement.

Hospitals are empanelled under two types of empanelment criteria which are as follows:

- General criteria - for hospitals that provide non-specialised general medical and surgical care with or without ICU and emergency services.
- Special criteria (for clinical specialties) - for each specialty, a specific set of criteria is identified. In order to offer a specialized clinical service, the hospital must have necessary specific infrastructure and HR in place as laid down in the special criteria developed under the scheme.

Funds are released to States/UTs only after utilization certificate is submitted by them. The details of budget allocated and funds utilized under the scheme are as under:

(in crore of Rupees)

Financial Year	Budget Estimate	Revised Estimate	Funds Utilized
2018-19	2400.00	2160.00	1849.50
2019-20	6400.00	3200.00	2992.90
2020-21	6400.00	3100.00	2544.10
2021-22	6400.00	3199.00	2940.60
2022-23	6412.00	6412.00	6048.00
2023-24	7200.00	7200.00	1855.00

AB-PMJAY aims to provide health cover of Rs. 5 lakh per family per year for secondary and tertiary care hospitalization to 55 crore individuals corresponding to 12 crore families constituting the bottom 40% population of the country. Many States/UTs implementing AB-PMJAY have expanded the beneficiary base to approximately 15.5 crore families at their own cost.

Any hospital empanelled under the scheme cannot deny treatment to eligible beneficiaries for the specialities it is empanelled for. It may result in penal action, which may include de-empanelment. In case of denial of treatment by the empanelled hospital, beneficiaries can lodge grievances on the designated portal of Central Grievance Redressal Management System (CGRMS). Alternatively, beneficiaries can reach out to National Call Centre through 24x7 helpline 14555 or through mail, letter, fax and register their grievances. Such grievances are resolved in an efficient and transparent manner through a three-tier grievance redressal structure.

AB-PMJAY provides treatment corresponding to a total of 1,949 procedures under 27 different specialties including diseases such as Cancer, Diabetes, Heart Disease, and other diseases. 26 procedures related to skin diseases and 549 procedures related to cancer are covered under the scheme. Further, there is a provision of one unspecified package to ensure that eligible beneficiaries can avail treatment for such procedures that do not feature in Health Benefit Packages (HBPs). Details of HBPs are available at the following link:
