

Need to allocate special funds for improving the Infrastructure and developing adventure tourism in Dharmapuri Parliamentary Constituency ? laid

DR. DNV SENTHILKUMAR S. (DHARMAPURI): I wish to state that in my Parliamentary constituency there is huge potential for tourism. Specifically, 1. Nagamarai, Pennagaram Taluk 2. Sittlingi, Harur Taluk. The former has potential for recreational tourism and later has potential for adventure tourism. The scenic location of Nagamarai and Sittlingi has huge advantage for developing as a potential tourism centre whereas Nagamarai is located in Mettur backwaters which is navigable. Nevertheless it lacks infrastructure facility. Hence, I urge upon the Union Government to allocate special funds for improving the infrastructure and developing it as a potential tourist spot.
